Body Of Man Found On US-12 Highway

The body of a man, believed to be A. Dupont, who was connected with a carnival company which recently closed its season at Elmira, New York, was found beside the US-12 pavement just east of Harry Prudden's home Tuesday morning.

Discovery of the body was made by a Jackson motorist who notified officers. A notebook bearing the above name and information as to his past employment record was found by investigating officers.

The man's head was badly crushed and it is believed that he was struck by an automobile or truck which continued on its way. The accident happened only a few minutes before the body was found, according to Harry Prudden, who saw the man walking along the highway and within a very short time saw people gathering around the scene of the death.

The body was removed to a local undertaking establishment and later to Ann Arbor, awaiting efforts of officers for further identification.

New York Times Notes Graf's Visit To Chelsea

The fact that the famous Graf Zep, publicist Chelsea, visited on the evening of August 29 was noted in the New York Times of August 29, according to a clipping which was sent to Dr. Andrew Gude by N. H. Bowen of the Detroit Saturday Night.

The following Associated Press dispatch, which appeared in the Times: "The Graf Zep visited Chelsea on August 29, 1929. He spent the night at the Standard Hotel, building for Detroit. Chelsea is about 40 miles from Detroit."

And Mr. Bowen adds: "As an old resident can you say when the town last 'hosted' into the New York Times before this?"

L. P. Vogel Narrowly Escapes Serious Injury

L. P. Vogel narrowly escaped serious injury on Monday when the small truck he was driving crashed down an embankment near a bridge about two miles northwest of Chelsea on M-92.

Mr. Vogel had gone to a gravel pit for a load of hold stone and was returning with the load when the accident happened. As he approached the bridge he turned out to meet a truck and in so doing got too near the edge of the road, the weight of his load pulling the car down the embankment.

The car turned over and threw Mr. Vogel clear of the wreck, which was the only thing that saved him from at least severe injuries. As it happened, he escaped without a scratch.

Rev. Lenz Appointed To Salem Pastorate

At the sixty-sixth session of Central German Conference of the Methodist Episcopal church which was held at Evansville, Indiana last week, Rev. Henry Lenz was appointed to the pastorate at Salem M. E. church, near Franken.

This is the third appointment of Rev. Lenz to the Salem charge, and members of the church will be pleased to learn of his return. He comes here from Detroit at this time.

It has not been learned where Rev. Fred Ross, who has been pastor at Salem, will be located.

Prominent Attorney Is Victim Of Crash

John F. Honigan, prominent Jackson attorney, died at St. Joseph's hospital, Ann Arbor, at 4:30 o'clock Sunday afternoon as a result of injuries received in an automobile accident in the University city Friday.

The accident occurred at the University of Michigan football stadium where M-17 crosses Main street, Ann Arbor, where Honigan's automobile and that driven by E. J. Schlep, of Ypsilanti, collided.

Mr. Honigan was well known in Chelsea, having made frequent visits here in the interest of the Lewis estate.

ATTEND FUNERAL

Mr. and Mrs. Paul F. Niehaus were in Grand Lodge last Friday where they attended funeral services for Mrs. Niehaus' grandmother, Mrs. Caroline Miller, 80 years of age, who passed away Wednesday, September 4, at her home there.

ANNUAL MEETING

The annual meeting of the Oak Grove Cemetery Association will be held in the Sylvan town hall at 2 o'clock Saturday afternoon, September 14, 1929. All lot owners of the association are requested to be present.

NUMEROUS ACTIVITIES AT CHELSEA HIGH AS SCHOOL YEAR BEGINS

Total Enrollment Of Four Hundred Ten Reported; Football Workout Starts.

Once again a group of students, numbering one hundred, sixty-five, have settled down to routine in Chelsea High, with a goodly number of freshmen from the rural schools, and a total enrollment in grades and High school of four hundred ten.

Thus far much time has been spent in getting acquainted with the almost wholly new staff of teachers. It is, too, a pleasure to have such a well known principal as Miss Corman. Under the capable supervision of Mr. Clark and these teachers school is running very smoothly. Besides the new teachers, two new courses have been added to the curriculum, namely, Public Speaking and General Science.

During vacation there has been some very appreciable improvements made. Class rooms have been brightened by new coats of paint and varnish. The art room has been supplied with a spacious new cupboard, tables and a lavatory.

It is very evident that school means buckling down to work; for Monday night immediately after school about twenty-two huskies assembled for a short football practice, under the coaching of Spaulding and assistant coach Dingwell. Such earnestness in observing of loyal support from the townspeople at the first game of the season, which will be played against Howell, September 20. Incidentally quite a bit of new football equipment has been purchased.

Tuesday afternoon, class meetings were held, with the following returns: Senior Advisor, Miss Evelyn Corman; president, G. L. Stefan; vice president, Gerald Griffin; secretary, treasurer, Ed Freeman.

Junior Advisor, Miss Leah Hazard; president, Howard Holmes; vice president, Donald Irwin; secretary-treasurer, Margaret Henschelwerth.

Sophomore Advisor, Miss Gertrude Holton; president, Robert Harris; vice president, Carl Schneider; secretary-treasurer, Lucille Plakholner.

Freshman Advisor, Miss Ella Spolker; president, Edward Steiner; vice president, Paul Reicheit; secretary-treasurer, Irma Dettling.

Eighth Grade Advisor, Miss Ruth Phillips; president, Blanche Danay; secretary-treasurer, Milo Taber.

—High School Scriber.

M. E. Conference Will Convene In Ann Arbor

The annual meetings of the Detroit conference of the Methodist Episcopal church will be held in Ann Arbor from September 17 to September 23. It will be a gathering that will be addressed by some of the notable ministers of the denomination and a few of the laymen.

The sessions will be presided over by Bishop Charles W. Burns, now of St. Paul. Rev. Arthur W. Stalker, pastor of the Ann Arbor Methodist church, has general supervision of the program and Herbert M. Blauson, former alderman of that city, is chairman of the general committee.

One of the features of the annual conference is the assignment of ministers for the coming year. Michigan is divided into two districts and Ann Arbor and Washtenaw county is included in the Detroit district.

Several local Methodists are planning to attend some of the sessions which will be open to the public.

HONORED ON 89TH BIRTHDAY

A party was given Sunday at the home of Mr. and Mrs. James Richards of Waterloo township, in honor of Mrs. Carlolina Weber, who celebrated her 89th birthday Tuesday, September 10th. A delicious dinner was served to thirty-three members of the family. A feature of the dinner was a beautifully decorated birthday cake.

ON TUESDAY THE Ladies Aid Society of the Salem German M. E. church

supplied Mrs. Weber. The following program was given: Singing; Scripture reading, Mrs. Geo. Hoyt; prayer, Mrs. Fred Kalmbach; reading, "Caves", Mrs. Fred Nottet; reading, "Waves", Mrs. T. G. Riemenschneider; reading, "Mother", Mrs. Charles Riemenschneider; remarks, Mrs. Henry Glesko; singing.

A delicious pat luck lunch was served. Mrs. Weber was presented with candy, flowers and cards.

"PEAT" BOBS UP AGAIN

Articles of incorporation have been filed with the Secretary of State at Lansing by the Chelsea Peat and Land company, 8820 Harium Tower, Detroit, capital stock \$25,000, and 200,000 shares no par value.

Two Convicts Escape From Jackson Prison

Alfred Kett, escaped convict from Michigan state prison at Jackson, was well received in Chelsea last Thursday afternoon after he had wrecked a stolen car and suffered injuries as the result of the wreck.

Kett escaped in a stolen car from the prison road camp at Cambridge Junction and was progressing very well with his get-away until the roadster he was driving skidded and went into the ditch near the Weinberg farm west of Chelsea on US-12. He was taken from the wreckage and brought to the office of Dr. H. W. Schmidt, where his wounds were dressed. He asked to be taken to the home of relatives in Ann Arbor and S. A. Mapes was called to make the trip.

When they reached Ann Arbor, Kett asked to be taken to Ypsilanti, where he said he also had relatives. After reaching Ypsilanti, he complained of being cold, and asked Mr. Mapes to stop while he went to a store to purchase a sweater. Instead of returning he went to a taxi stand and engaged a taxi to take him to Detroit. Upon reaching Detroit he asked to be returned to Ypsilanti, where he registered at a hotel. He was taken in custody by officers a few minutes later.

When Kett was brought to Chelsea he claimed to be an employe of a road construction company, and told the Ypsilanti taxi driver that he was employed by a telephone company and had suffered his injuries while on duty.

Church Board Invites Rev. Walker To Return

At a meeting of the official board of the Methodist church which was held Tuesday evening, a unanimous invitation was extended to Rev. F. L. Walker to return to the local pastorate for another year.

Rev. Walker has held the pastorate here for the past two years and the church membership has shown a steady increase during this time. The financial condition of the church has been bettered considerably and the report submitted at the board meeting Tuesday evening was very satisfactory.

Chelsea friends of Rev. Walker, among other denominations as well as in his own church, will be pleased if he is returned to the local charge when appointments are made at the annual conference which will be held in Ann Arbor next week.

Leg Is Broken When Motorcycles Collide

Lenz Butler, who has been attending college at Albion, was severely injured in a motorcycle collision at that place last Friday. Butler had mounted his motorcycle and started to make a left turn when another motorcycle, traveling at a fast rate of speed, crashed into his machine. He suffered a compound fracture of his left leg below the knee and was taken to an Albion hospital where he is a patient.

Lima Farmers Win Prizes At State Fair

Geo. E. Halst and Son, of Lima, were awarded the Premier Banner at the Michigan State Fair for having the best display of Black Top sheep of their own breeding in the state.

They also were awarded the following premiums in wool show: first on ram fleece, first and second on ewe fleece, first and second in marketable class.

MARRIED IN OHIO

Miss Geraldine Howell, daughter of Rier Howell, of Birmingham, a former Chelsea resident, and Harlan Shelly of Grass Lake, were married at Bowling Green, Ohio, Wednesday morning, September 4. Mrs. Shelly is a granddaughter of the late Mr. and Mrs. Frank P. Glazier. Mr. Shelly is the son of Mr. and Mrs. W. A. Shelly and is associated with his father in the W. A. Shelly Lumber Co. The young couple will make their home in Grass Lake.

Another Arab War Senate and Sugar Would End Strikes

Mystery of Finance

A NOTHER war has broken out, following wholesale murders in Palestine. Jews and Arabs are boycotting each other in business. The Anglo-Palestine bank refuses bills of credit to Arabs. The latter boycott the Rutenberg Electricity company and the Jewish bank.

British airplanes start real work with Arabs killed and wounded, their friends convinced that Mohammed is not as powerful as was supposed.

Christians are as much interested as Jews in the outbreak. Once a religious war starts, the Mohammedan fanatic enjoys equally the murder of a Christian or a Jew. If anything, the Arabs might favor the Jews, to whom they are racially related. From the Jewish religion Mohammed borrowed much for his Koran.

It has been said that the Koran was written by an educated Jew for Mohammed, who probably could not write, although he certainly could fight.

The senate is discussing tariff. One hundred and twenty million Americans who eat sugar, beet sugar men, Louisiana sugar men, sugar growers of the whole world, are interested in sugar.

A high sugar tariff really means protection, a national subsidy of many millions, for employers of Asiatic labor in Hawaii and the Philippines.

Sugar comes duty free from those places, belonging to Uncle Sam; Asiatics do the work. Their employers get the profit. Not much of it will go to sugar growers on this continent.

Our friend Cuba, good customer and neighbor, would be ruined by a high tariff, if anything could ruin so pluckily a people.

Britain's Labor government seeks a way to end strikes and lockouts.

In a recent cotton strike workers lost \$6,000,000 a week in wages. Mills lost \$7,000,000 a week in export trade, and must fight to get it back.

Arbitration is the only way. If the Labor government can find arbitrators that both sides will trust, persuade employers to play fair and union men to keep bargains when they find they don't like them, it will render inestimable service to Great Britain and teach this country something it needs to learn.

From the material point of view, Russia will gain by her "continuous industrial year."

There will be no stoppage of machinery, on Sunday or other days, during 360 days each year. Five other days, six in leap years, will be devoted to patriotic, bolshevik holidays.

Each man will have his rest time, longer than under our six-day and Sunday plan, but machinery will never stop except for repairs.

To make machines work all the time and give men reasonable leisure would be the ideal program. But, of course, Sunday should not be neglected—especially on a basis openly hostile to religion.

The International Congress of Psychology learns that married life brings the male mind closer to the feminine mind.

Investigation of "sex differences primarily non-intellectual," said Doctor Erman, shows that married life weakens "mental masculinity."

Naturally and fortunately, men were once all cannibals, all murderers, all thieves. To meet a stranger was to kill him or run so that he would not kill you. Women had to change that gradually, in their husbands and in their little boys also. They have done it, partly. Much work remains for the feminine mind.

Finance is a mystery, understood least by the man who thinks he understands it.

Britain lent millions to France, and France now is drawing gold from London, worrying the Bank of England.

The French lend money on call at 2 1/2 per cent, while complaining of poverty caused by the war. This richest country in the world lends call money at from 9 to 20 per cent. A French business man can borrow money on time loans for 8 1/2 per cent. American business men pay 6 to 8 per cent.

Today the stock gamblers and in-

vestors probably will start again cheerfully. August was a great month. Two hundred and forty representative stocks increased in value by four thousand, four hundred and sixty-five million dollars.

Colonel Lindbergh says a flyer must have some imagination to get him out of trouble—not too much imagination, which might distract him from his flying. And the first-class flyer must not know what fear is.

Lieutenant Doolittle possesses the necessary requirements. While showing what an airplane could do, above the Cleveland airport, he stripped the wings from his plane and jumped at 2,000 feet with his parachute. He immediately asked for a new plane and went up to compete in "upside-down" stunts.

Fowlerville—The local Orson A. Rose Post, 215, of the American Legion are giving free of charge to all schools located in the townships of Conway, Losco and Handy, a copy of the flag code, which shows the proper

ways of displaying the flag, also the history of the flag, etc. It is very interesting information for everyone to know, they can also be seen at the local banks and council rooms. The local post is also going to erect safety signs on the highways within the village limits, these signs not only request the co-operation of the motorists to help protect our children, but also lets everyone know we have an American Legion Post in our village.—Review.

Remember... these are tires cured by the famous Goodrich water-cure process. Tires that

have amazed millions by the way they stand up under the hardest driving conditions the country can produce.

You know as well as we do that Silvertowns have been for years the standard of tire values all over the country. At these prices they are bargains that come once in a lifetime. So act quickly.

Will we see you tomorrow?

CHELSEA, MICH.

Where can you duplicate the style, comfort and convenience of America's finest medium-priced automobile?

Oakland combines a long wheelbase with a short turning radius—giving greater handling ease. Its bodies by Fisher provide such convenience and comfort features as drivers' seats adjustable as you drive, clear-vision easily-regulated VV windshields and side cowl ventilators.

Foot-controlled headlights—automatic spark control assuring correct spark occurrence at any speed—spring covers which add to riding ease by keeping springs permanently lubricated and free from mud, rain and dust... all these are comfort and convenience features which only the All-American in its field combines. Come in and let us show you how, on every basis of comparison, today's Oakland is America's finest medium-priced automobile.

Facts Which Prove Oakland Supremacy

The following facts were obtained from a comparison of the Oakland All-American Six with 20 other medium-priced automobiles. All told, 878 individual comparisons were made. Of these Oakland proved to be distinctly superior in 451 or 51.37 per cent. The 20 cars combined were at best equal to Oakland on 382 or 43.50 per cent. 15 of the 20 were higher priced than Oakland.

FISHER BODY Only Oakland and two other cars in the field offer bodies by Fisher. And one of the two is nearly \$100 higher in price than Oakland. Of the 19 cars which have less-known bodies 11 are priced above the All-American Six.

WHEELBASE Only one car as low priced as Oakland has a wheelbase as long as Oakland's, which is 117 inches. That car requires a turning circle to the left of 42 feet as compared with Oakland's 36 feet. Six higher-priced cars have shorter wheelbases.

Consider the delivered price as well as the list (f. o. b.) price when comparing automobile values... Oakland-Pontiac delivered price includes only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.

Mason—When arraigned in Justice Campbell's court at Leslie last week Friday morning, Martin Root, 47, Bunkerhill farmer, waived examination and was bound over to the September term of circuit court on a charge of assault with intent to do great bodily harm less than the crime of murder. He had been arrested following charges brought by Anna Deneka that Root had assaulted her while she was walking along the business street of Leslie the Tuesday night preceding.—News.

Grass Lake—Announcement has been made of the marriage of Miss Josephine LaDay, daughter of Mr. and Mrs. LaDay of Traverse City, to Hubert Foster of Grass Lake, which occurred in New York City, August 20. Their wedding trip included two weeks in the east and several days at the Foster cottage at Cavanaugh Lake. Mr. and Mrs. Foster will reside at their new home, 1835 S. E. Cornelius Ave., Grand Rapids, where Mr. Foster is employed as district engineer for the Consumers Power Company.

Question And Answer Dept.

NOTICE—If your question does not appear below, it is because it is awaiting its turn, and will be published eventually.

Ques.—What relation is Franklin D. Roosevelt, the governor of New York, to ex-President Theodore Roosevelt. Did he support Smith in the presidential election last fall?

Ans.—Franklin D. Roosevelt, the governor of New York, is a fifth cousin to the late Theodore Roosevelt. He ardently supported Smith in the campaign. It was Roosevelt who placed Smith's name in nomination for president in both 1924 and 1928.

Ques.—Can you tell me what star on the United States flag represents Michigan?

Ans.—The stars on the flag of the United States do not represent the states individually. They represent the states collectively.

Ques.—Was the United States Liberty bell, which was rung in 1776 proclaiming the independence of its people cracked during the vigorous ringing by the bell man or was it later? Where is the bell now if in existence?

Ans.—The Liberty Bell which was rung in 1776 proclaiming independence for the United States was not cracked by the "vigorous ringing by the bell man." Originally the bell was brought from England in 1752. It was recast in April of that year, and again recast in June following, when it was found to give satisfaction. It was then in constant use until 1835, when it cracked. The bell is now in Philadelphia.

Ques.—To settle an argument, will you kindly state what is the length of a day at the equator, and how much do the nights and days vary?

Ans.—The length of the day at the equator is about 12 hours and 7 minutes between sunrise and sunset. The length of the nights and days at the equator varies only a few minutes throughout the year.

Ques.—I would like to know the correct way to pronounce "suite." A friend of mine criticised me and said it was pronounced the same as in a "suit of clothes."

Ans.—Your friend was wrong. The word "suite" as used in a "suit of rooms" is correctly pronounced like "sweet."

Ques.—Is the vice-President of the United States part Indian? If so, how could he be elected vice-president?

Ans.—Vice-President Curtis of the United States is one-eighth Indian blood. Any native-born citizen of the United States is eligible to be elected president or vice-president of the United States.

Ques.—I wish to ask in your interesting question column what is meant by the term "to lobby"?

Ans.—The verb "to lobby" means to solicit the vote of a member of a legislative body or to seek to influence him in the exercise of his legislative duties. They usually work in the halls and vestibules of parliament and congress and not actually on the floor of the law-making bodies.

Ques.—I wish to ask in your question department if a woman loses her citizenship in case she marries a foreigner?

Ans.—No. She still retains the citizenship of this country, no matter what the status of her husband is.

Ques.—Can you please answer how many city blocks there are in a mile? Ans.—A "city block" is not standardized. They vary in the different cities. They range between 10 and 16 blocks to a mile.

Ques.—I am curious to know if the derby hat is going to be popular again.

I see quite a few being worn in the cities. Can you answer?

Ans.—That attempt to revive the derby for men is not meeting with much success, and the soft hat seems to remain popular. The soft hat has been with us 75 years, and today more men wear this type of headgear than ever before.

Ques.—How is it that we don't have much wind these days? I know we used to have a plenty.

Ans.—Probably the most of it is at the capital.

METHODIST HOME

Recent callers on Mrs. L. C. Brabb were Mrs. Robert Brabb of Albany, N. Y., and Mrs. Atwood McAndrew of Ypsilanti, on Saturday; Mr. Ernest Brabb of Romeo on Sunday and Miss Nellie Snook of Rochester on Monday. Mrs. Phoebe French who has been visiting her son in Pontiac returned home Sunday. John Hubbard is spending the week in Jackson with his niece. Mr. and Mrs. H. V. McIntosh and children visited friends in the Home on Sunday.

Mrs. Frances Suter and Jack Lowe have returned from an extended visit in the east. Mr. and Mrs. L. B. Gillam called on their parents, Dr. and Mrs. Bulmer, Saturday afternoon.

Mrs. Margaret Riddle came home Sunday from a visit with her daughter in Detroit.

Miss Ella MacEnany and Mr. James M. Kelly of South Lyon called on friends in the Home last week.

Mr. and Mrs. William M. Robertson of Saginaw, Mrs. Ed. Ackerman of Detroit and Wm. Ackerman of San Jose, Cal., called on Mrs. Sarah Ackerman last Friday.

Mrs. A. L. DuBoise of Ridgewood, N. J., who has been spending a week with her mother, Mrs. Robbins, left for Detroit, Monday morning.

Mrs. Sarah McGregor returned home on Sunday after a three weeks visit in Romeo. She was accompanied by her brother, J. J. Gilmore and his daughter, Miss Eleanor Gilmore. Mr. and Mrs. M. A. Barbour and little daughters, Catherine and Marjorie spent Sunday with their grandmother, Mrs. Lindhout.

Professor C. H. Stocking of Ann Arbor called on his mother, Mrs. Mary Stocking, Sunday afternoon.

Thirty-five members of the Hershey Bible class of the Nardin Park church, Detroit, took dinner at the Home on Saturday. In the afternoon members of the company presented a very fine program which was thoroughly enjoyed by all.

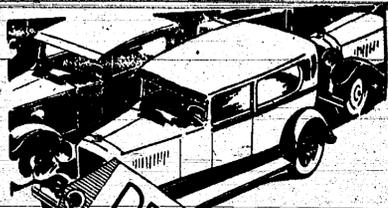

Mrs. Allie Elmes and Miss Nina Towns spent the week-end in Saginaw with Mrs. Elmes' daughter, Mrs. Alfred Altenbernt.

Mr. and Mrs. Junius Beal and H. M. Stawson of Ann Arbor called at the Home last week.

Manchester—Westman Blosser, who is scouting for coyote bayers near Louisville, Ky., took advantage of the half day off Saturday and Labor Day following, to come home. The government scouts have thus far found coyote bayers in only one section up the Ohio river from Louisville, but Indiana, across the river is peppered with them and they are expected to determine whether they are crossing the river in considerable numbers.—Enterprise.

Northville—All arrangements have been completed for the 18th annual Northville Wayne County Fair, which will start on Tuesday, September 17th, and continue through until Saturday night at 12:00 o'clock, September 21st. Never before has Northville worked so hard to make its fair a success as this year. For weeks past men have been working at the fair grounds, building new buildings, moving horse sheds, grading down the center field, painting the fair buildings and erecting new exhibition rooms for the 1920 fair.

Munith—A home coming and pavement dedication celebration was held here Saturday. A program of various sports were carried out and a band from Toledo furnished the music for the event.

DEPENDABLE USED CARS

A dependable used car has all of the advantages of the new car without the grief of "breaking it in." The "first thousand miles" are already on the road, and the car has been checked, tightened, and adjusted to give the service of the new car, well broken in.

The Power to PULL

No matter how heavy a load you "hitch" it to, DIXIE Gas will give you every ounce of "pull" your motor will stand. That is why the majority of truck owners use it.

It is not only better-pulling truck gas but it's cheaper in the short or long pulls.

"Hitch" your truck to DIXIE and you'll have a "pull" with heavy loads.

Use DIXIE Quality and DIXIE Service and your car will Run Better, Go Farther, Last Longer and Cost Less to Operate.

Weaned, by Gosh and Never Knew It!

Purina Calf Chow will raise fine, thrifty calves without milk. After the first few days they can be changed over from mother's milk to Calf Chow milk (Purina Calf Chow mixed with warm water). Then, when they are from six to eight weeks old they can be put on dry feed entirely.

Purina Calf Chow costs only about one-third as much as milk. Earlier weaning means money to you.

Let us tell you more about Purina Calf Chow. We have some records which will prove interesting to you.

"KONJOLA ONLY MEDICINE THAT BENEFITED ME"

Ten Terrible Years of Suffering Speedily Ended By This New And Different Medicine.

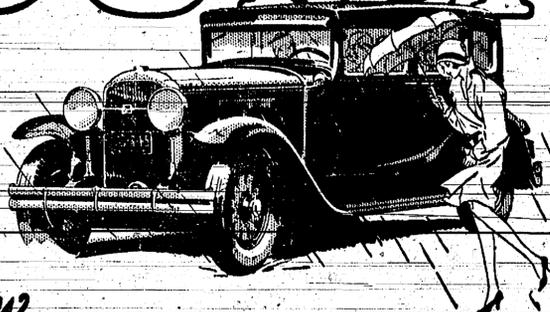

MRS. HURL AIKENS

"I had suffered ten long years with stomach trouble and weak kidneys" said Mrs. Hurl Aikens, 85 Park street, Detroit. "Even the lightest foods caused distress, and whatever I ate laid like a sodden mass in my stomach. There it fermented and caused gas, bloating and heart palpitation. As my kidneys did not function properly my system filled with poisons."

"I heard so many fine endorsements of Konjola that I decided to give it a trial. Just wour and a half bottles and my digestion was restored, and I can eat and enjoy a hearty meal. The kidney trouble is practically gone. To Konjola goes the credit for my new health, and I recommend it to every one who has suffered as I did."

Konjola is sold in Chelsea at Burg's drug store, and by all the best druggists in the towns throughout this entire section.

THE New BUICK

New Controlled Servo Enclosed brakes

unrivalled for smooth, sure, silent operation in any weather

To Buick, pioneer of four-wheel brakes, now falls the distinction of another major achievement in this same vital field: the development and introduction of Buick Controlled Servo Enclosed Brakes—the most effective four-wheel braking system ever devised for any automobile!

Buick's new brakes are of the highly efficient internal-expanding type. They are fully enclosed—fully protected against dust, dirt and water—and thus assure maximum braking effectiveness under all-weather conditions.

They represent the highest development of the self-energizing principle, which makes the car's own motion provide part of the

braking effort. They reveal unmatched responsiveness to the slightest pedal pressure. And they are so perfectly controlled that "grabbing" is entirely unknown! When you apply these brakes, you obtain the most positive, as well as the smoothest and most silent action you have ever experienced in any automobile! Drive the new Buick! Test not only its matchless new brakes but its brilliant all-round performance, riding comfort and driving ease—all of which combine to establish the new Buick as the greatest value ever offered in the fine car field!

College Stock Wins In Detroit Exhibit

Eleven beef cattle shown by Michigan State College at the State Fair won nine first prizes and two championships.

The Shorthorn group won first senior yearlings, first summer yearling, first steer calf and champion Shorthorn steer.

Most of the winning animals in the Shorthorn and Hereford classes will be sent to the International show at Chicago, but the best steer was sold in the auction for 20 cents a pound live weight.

The College horses continued the winnings begun at Columbus. At Detroit, all four grand championships for Percherons and Belgians went to animals owned by Michigan State.

At the Ohio State Fair, the money winnings made by the horses totaled \$1,300.

Try Standard Liners—only 25c.

Valuable Cow Saved From Slaughter Pen

Records of butterfat production for a grade cow which was offered for sale for 50 dollars seven years ago in Eaton County show that the animal has returned \$1,005.84 above cost of her feed since that time, and she has one daughter which paid \$160.81 more than the cost of her feed into the herd profits last year.

The records of these two animals were made available through the accounts kept on the production and feed costs for each animal in the herds entered in herd improvement association work. Such records make it possible for dairymen to select their most profitable animals for breeding stock and to cull out the unprofitable cows.

Testers in the association also aid herd owners in making up ration for the cattle. One Ingham county dairymen was saved \$17 a ton on the grain mixture which he was feeding by suggestions which enabled him to use cheaper grains. The production records on his herd proved that the cheaper grain ration did not lessen the amount of butterfat produced.

The improvement of the cattle in the herd through the use of good herd sires can be accurately checked by the tester's records over a period of years. The sires of high producing heifers can be saved for continued use in the herd or the animals can be exchanged for others with known records.

Morning worship at 10:00 o'clock. Sermon subject: "Your Right to Happiness."

Sunday school at 11:15—Mrs. Helen Linderman, superintendent. Christian Endeavor at 8:00.

Dear Friends:—When once each week we spend a few moments of careful serious thinking we make the best possible preparation to meet the moral ordeals of life. There is no better insurance against moral catastrophe.

The church as a necessary prophylactic to avert moral and spiritual ills. Fellowship with God in prayer in the quiet hour; attention to the messages revealed to us in his word; the ministry of His sanctuary; the counsels of wise Christian friends; these are the instruments provided to equip adequately the soul in its darkness. Neglect of these means of Grace leaves us vulnerable, impotent, the sure prey of the tempter. Carelessness of the soul is the root of all sin we commit.

Very truly yours, Albert E. Potts, Pastor.

Correcting an impression about our USED CARS

WE HAVE sometimes found the impression prevailing that we will not accept anything but a used Ford car in trade for a new Model A. That is not a fact. Many cars—in both high and low price classes—are being constantly traded in for the new Ford.

If you're in the market for a used car, come to our showroom. Thousands of miles of unused transportation are represented there in cars awaiting second owners. Any such car is priced at less than its worth. There is no "price padding" or inflation to permit us to recoup excessive trade-in allowances. The price of the Model A is so low that excessive allowances for used cars are impossible.

You can take advantage of this situation. Act now! Come and see these bargains in used mileage.
