United States Ranger To Lecture Here Dec. 3

Philip Martindale, rangers from the U. S. National Park ranger service, Department of the Interior, "the horseback lecturer of the Yellowstone," will speak at the public school auditorium, Tuesday evening, December 3. The lecture will be held under the auspices of the high school.

Ranger Martindale, for many years the Chief Ranger in charge of the great upper geyser basin, or Old Faithful District, Yellowstone National Park, is now U. S. ranger naturalist and during the winter months is released from the service and makes an authorized lecture tour of the United States. He uses for his subject "Wild Animal Life" from an intimate study of details, also how the rangers live and protect the greatest of game preserves in the world during six months of winter, showed in from the outer world.

In four summer seasons and two winter tours Ranger Martindale has talked to more than 750,000 people, including schools. The program is an entertainment with both humor and tragic things interwoven, and will be followed by beautifully-colored pictures of wonderful scenes and of wild animals at large.

The people of Chelsea are very fortunate in having the opportunity to hear this great lecture as Mr. Martindale is in such great demand in large cities of the United States that he very seldom lectures in the smaller communities.

Wyandotte Kiwanians Entertain Local Club

Seven members of the Wyandotte Kiwanis club were present at the Monday evening meeting of the local club, and the entertainment for the evening was furnished by members of the visiting club.

The program was in charge of Harry Netcher, president of the Wyandotte club. Two vocal solos were very well rendered by Charles Gallagher, with Mrs. Paul Nicholas as accompanist. The program was then turned over to James E. Ostrum, secretary of the club, who conducted a written test among members of the Chelsea club. The test was prepared by Mr. Ostrum especially for this occasion, and served to better acquaint members of the club with their fellow members.

Those present from Wyandotte were Charles Gallagher, James E. Ostrum, Harry Netcher, Frank Adams, Charles Royer, Wilbert Maus, and Don Ball. The latter is president of the Exchange club at Wyandotte.

P. G. Schaible Elected President Of Kiwanis

At the Monday evening meeting of the local Kiwanis club officers for the coming year were elected. The newly elected officers, who will assume their duties January 1st, are as follows:

President—P. G. Schaible.
Vice President—H. D. Witherell.
Treasurer—J. L. Fletcher.
Trustee—M. W. McClure.
Directors—M. J. Dunkel, L. G. Palmer, B. B. Turnbull.

Other members of the directorate, whose time has not expired, are W. R. Daniels, M. H. McGuffigan, Jas. Park and A. G. Hindelang.

The board of directors will appoint a secretary for the coming year at a meeting in the near future.

Churches Hold Union Thanksgiving Service

In keeping with a custom which has been observed by the Protestant churches of Chelsea for the past several years, union Thanksgiving services will be held next Sunday evening at 7:30 o'clock at St. Paul's church.

Rev. A. E. Potts, pastor of the Congregational church, will preach the sermon, taking for his subject, "Be Ye Thankful." Special music, appropriate for the occasion, will be rendered by the St. Paul's choir.

DEER HUNTERS REPORTING

Some of the deer hunters from Chelsea have been successful in securing their quota of deer according to reports received here. Of the Chelsea party who are at Lewistown in the lower peninsula, H. B. Murphy, J. R. Parker, Al. Richards and Harold Eisonman each have a deer. In the party in the upper peninsula consisting of J. V. Burg, A. Forner, Alfred Eisonman and Verne Buehler, the latter has secured a deer.

DANCE

The I. O. O. F. will hold a dance in their hall Friday evening, November 29. Odd Fellows, Rebekahs, their families and friends are invited. Adv.

DEATH SUMMONS JOHN STRAHLE, LAST MEMBER CHELSEA C. A. R. POST

Was Actively Engaged in Civil War For Three Years; Spent Most Of Life in Sylvan.

John Strahle, Civil war veteran and the last member of R. P. Carpenter Post, Grand Army of the Republic, Chelsea, died Friday morning, November 15, at his home on South Main street.

Mr. Strahle was a pioneer resident of Washtenaw county. Born in Wurttemberg, Germany, November 17, 1842, when eight years of age he came to America with his parents, settling in the township of Westphalia, Clinton county, Michigan. After the death of his mother he came to Washtenaw county where he worked as a farm hand.

After the Civil war broke out, Mr. Strahle enlisted in Manchester, August 2, 1862, in company B, 20th Michigan Infantry, remaining in camp at Jackson one month before leaving for Washington, D. C. From there he went to Maryland, marched to Fredericksburg, Va., staying through the winter until March, when his company was sent to Newport News where they were thoroughly drilled before going into Kentucky in 1863.

From there they went down the Mississippi to Vicksburg and after its surrender they came back to East Tennessee. Here they fought the battle of Campbell Station and the battle of Knoxville, passing the coldest winter known in 1863-64 at Clinch Mountain. In the spring of '64 they marched back into Kentucky and Virginia, engaging in the battles of the Wilderness, Spotsylvania and Cold Harbor. March 25, 1865, the last battle was fought before Petersburg.

In May the regiment came back to Washington where they marched in the Grand Review after which they received their discharge. Coming back to Michigan they went into camp at Jackson and from there were disbanded.

Mr. Strahle again took up farming and in June, 1872, was united in marriage to Miss Sophia Buss of Freedom, living in Lodi about seven years. He then purchased a farm in Sylvan township on the Manchester road where he spent the greater part of his life.

After the death of his wife, Mr. Strahle and daughter, Carrie, remained on the farm until 1915, when they moved to Chelsea. Miss Strahle died in 1927. Mr. Strahle was a member of St. Paul's church.

He is survived by one brother, Fred Strahle, of Delhi, and two sisters, Mrs. Kate Frieske and Mrs. Eva Goetven, both of Owosso. Funeral services were held at two o'clock Sunday afternoon at his late residence, Rev. P. H. Grabowski officiating, and burial was in Oak Grove cemetery.

Time Is Extended For Red Cross Donations

Announcement is made by the committee in charge of the local Red Cross drive that memberships will be accepted at any time before Thanksgiving. Donations to this very worthy cause may be left at either of the Chelsea banks. The amount which has been received by the committee so far does not equal the amount raised last year, and it is hoped that many who have neglected to give will do so within the next week.

GEORGE WISEMAN

George Wiseman died Wednesday morning, November 20, at his home in Lima township, following an illness of several months.

Mr. Wiseman was born in Spicerville, Eaton County, Michigan, March 25, 1888, and had been a resident of this community since his marriage to Miss Mina Cooper, November 20, 1912. He was a member of the I. O. O. F., the Rebekahs and Lafayette Grange.

He is survived by the widow, two sons, Glenn and Wayne, at home; two brothers, Charles and William, of Eaton Rapids, and three sisters, Mrs. Harley Cox of Jackson, Mrs. Floyd Schweinfurth of Eaton Rapids and Mrs. Hattie Smith of Carlton, Mo. Funeral services will be held Saturday at 2:30 p. m., at the residence, Rev. P. T. Walker officiating. Burial in Vermont cemetery.

NOTICE

In order that the Standard force may enjoy Thanksgiving holiday, The Standard will be published on Wednesday of next week. Therefore it will be necessary that advertising and news copy be in our hands not later than Tuesday. The cooperation of everyone will be appreciated.

Jackson Girl Dies As Result Of Accident

One person is dead and two are in a serious condition as the result of an automobile accident which happened at the curve one-half mile west of Lima Center about 9 o'clock last Friday evening.

According to reports, an automobile driven by Seth Hall, of Jackson, who was traveling west and rounding the curve on the left side of the road, struck a car driven by Roy Murrier of Kalamazoo, who was traveling eastward. A car driven by Thomas Lozier of Michigan Center, which was following the Murrier car, also crashed into the Hall car.

All three cars were badly wrecked, but occupants of the Hall and Murrier cars were not injured. Occupants of the Lozier car, including Mrs. Lozier, and Miss Vorenius Murphy of Jackson, suffered serious injuries and were rushed to University hospital, Ann Arbor by ambulances which were called from Chelsea and Ann Arbor.

Miss Murphy, 18, died about 10 o'clock Sunday morning from injuries received in the accident. Mrs. Lozier is reported to be recovering, and the condition of Mr. Lozier is said to remain unchanged. Both sustained fractured skulls in the crash.

It is expected that Mr. Hall will be prosecuted on a charge of driving on the wrong side of the highway.

Local Man Weds Ann Arbor Girl Thursday

The marriage of Miss Ella Herman, of Ann Arbor, daughter of Mrs. Sundemayer, of Milan, and Emerson Breitenwischer, son of Mr. and Mrs. Herman C. Breitenwischer, of Chelsea, took place Thursday afternoon, November 14, at two o'clock, at the home of the officiating clergyman, Rev. E. C. Stelthorn, pastor of the Zion Lutheran church, Ann Arbor.

The attendants were Mr. and Mrs. Arthur M. Wallen, of Ann Arbor, the latter a sister of the bride. Following the ceremony, the bride party motored to Detroit, where a wedding supper was served at the Hotel Stadler.

Mr. and Mrs. Breitenwischer will make their home in Lakewood Subdivision, Ann Arbor.

Friday evening, Mr. and Mrs. A. M. Wallen entertained at a miscellaneous shower for Mr. and Mrs. Breitenwischer at Legion hall, Milan, about 75 being present. Dancing and cards furnished the diversion for the evening, after which a delicious lunch was served. Many beautiful gifts were presented the honor guests.

Those attending from Chelsea were Mr. and Mrs. H. C. Breitenwischer, Mr. and Mrs. Wilbur Breitenwischer, Mr. and Mrs. Clarence Breitenwischer and Mr. and Mrs. Leo Woods.

Two Couples Honored At Anniversary Party

Mr. and Mrs. Simon Weber and Mr. and Mrs. Herman Weber were honored with a delightful surprise anniversary party Saturday evening at the home of Mr. and Mrs. Sylvester Weber, marking the 47th wedding anniversary of Mr. and Mrs. Simon Weber and the tenth anniversary of Mr. and Mrs. Herman Weber.

Cards furnished the diversion of the evening, high honors being awarded J. P. Cook and Mrs. Howard Gilbert, while Arthur Weber and Mrs. Herman Weber received the consolation prizes. Lunch was served and the honored guests were presented with beautiful anniversary gifts.

GIVE FAREWELL PARTY

A farewell party was given Tuesday evening at the home of Mr. and Mrs. Jesse A. Brown by the neighbors and members of the Parent-Teacher Association of School District No. 4, Lima. About 30 were in attendance and an enjoyable evening was spent with games. Refreshments were served. Mr. and Mrs. Brown are making arrangements to move to Ann Arbor.

ENTERTAINS FOR PARENTS

Miss Ruth Grau pleasantly surprised her parents, Mr. and Mrs. John Grau, Sunday with a dinner in honor of their 35th wedding anniversary. The guests were Mr. and Mrs. Arthur Grau and daughter of Sylvan, Mr. and Mrs. Alton Grau of Freedom and Mr. and Mrs. Henry Grau of Ann Arbor. Mr. and Mrs. Grau were presented with a gift.

USED CARS

EVERY Ford dealer has a reputation to maintain. Our name for fair-dealing in selling new cars, and in servicing those cars, means far more than "quick profit regardless of consequences."

Likewise, our good name must also be upheld when we sell used cars, accepted in trade for the Model A. We could hardly afford to have it otherwise, for we realize that the person who buys a used car from us is a prospect for a new car later on—or at least another used car.

You will find here many bargains in unused transportation, sold for what they are actually worth. There is no inflation of used-car prices to care for excessive trade-in allowances—for the low price and high value of the Model A allows no margin for unreasonable trade-in concessions.

When we sell a used Model T Ford, it has been thoroughly reconditioned, and we guarantee it. Other makes of cars are priced according to the service you may expect from them. Stop in today.

Kelly-Springfield Tires!

Kelly-Springfield Tires lower operating costs by giving unusually long, trouble-free mileage. This long mileage is the natural result of correct design, high quality materials and skilled workmanship.

The tread is so designed that as the tire wears the non-skid qualities are increased. The heavy center running strip increases the tire's mileage and affords additional protection against cuts and bruises.

The side walls are protected and reinforced by heavy curb rings and the bead is of the strongest possible construction.

If you want exceptional tire service whether it be for trucks, busses or passenger cars, you will find it in Kelly-Springfield tires.

Christmas Seal Sale To Open Thanksgiving

Thanksgiving Day will mark the official opening of the Christmas seal sale in Washtenaw county when 2,500,000 of the health stickers will be mailed to residents of the county, according to announcement of the Michigan Tuberculosis Association.

Heartened by the returns from the 1928 sale, which for the first time saw the \$250,000.00 mark reached in Michigan, officials of the state and local groups in charge of the campaign have set as their 1929 goal the sum of \$260,000.00, or an amount larger by 4 per cent than was subscribed last year.

Explaining the reason for the increased quota, F. E. Mills, president of the Michigan Tuberculosis Association, states that "further reductions in the tuberculosis death rate will be brought about only through greatly increased effort and expense. The time of large decreases at comparatively small cost has passed. To combat tuberculosis successfully in the future, it will be necessary not only to continue our past activities but to add to them new types of preventive work."

Last year \$5,815.04 worth of the seals were sold in Washtenaw county, the sale averaging 10.65 seals per person. The state average in 1928 was 5.59 seals per capita.

JURORS ARE DRAWN FOR DECEMBER TERM OF COURT

MRS. CLARA FAULKNER

Mrs. Clara Faulkner, aged 76, died early Monday morning, November 18, at her home on Taylor street.

Mrs. Faulkner was the daughter of Elissa and Grace (Smith) Congdon, and was born in Ann Arbor, May 17, 1854.

Her grandfather, Eliah Congdon, was one of the founders of Chelsea village and also its first president.

On June 16, 1872 she was united in marriage to John Faulkner and for many years she made her home in Sylvan township before coming to Chelsea to reside.

Mrs. Faulkner is survived by one son, Alfred Faulkner, at home, three daughters, Mrs. George Webb of North Lake, Mrs. Rudolph Beck of Jackson, and Mrs. Joseph Morris of Marshall; four sisters, Mrs. Mary Faulkner of Sylvan, Mrs. Fannie Sawyer of Leslie, Mrs. Eugene West of Webberville, and Mrs. Bernard Kuhl of Clinton; nine grandchildren and eight great-grandchildren.

The funeral was held at two o'clock Wednesday afternoon at the home of her niece, Mrs. Frank Thacker, Rev. A. B. Lotts officiated and burial was in Vermont cemetery, Sylvan.

FOSTER ROWE

Foster Rowe, 98, passed away Tuesday morning, November 19, at his home near Stockbridge, following a stroke of apoplexy.

Mr. Rowe was born in June, 1831, in Lyndon township, the son of George and Adeline Rowe. He was married in March, 1853, to Miss Hattie Finch, who survives him.

He is also survived by two daughters, Mrs. Ethel Smith of Stockbridge, and Mrs. Pearl Hochstein of Mason, two brothers, Ernest Rowe of Chelsea, and Dillon Rowe of Grass Lake, two sisters, Mrs. Luella Pickell of Unadilla and Mrs. Stella Bott of Lyndon, and four grandchildren.

The funeral will be held at the residence Friday afternoon at 2 o'clock, with burial in Stockbridge.

Method Lowers Cost Of Using Limestone

Recent experiments made by the Soils Department at Michigan State College indicate that it may be possible to get all the benefits derived from the use of limestone at a greatly reduced cost.

The old method of broadcasting limestone required the use of from one and one-half tons to four tons per acre to correct the soil acidity and permit the production of legumes.

The new method of application places the limestone in the plant rows and seed not only reduces the amount of from 550 to 600 pounds of limestone limestone needed but also lowers the labor cost of applying the material.

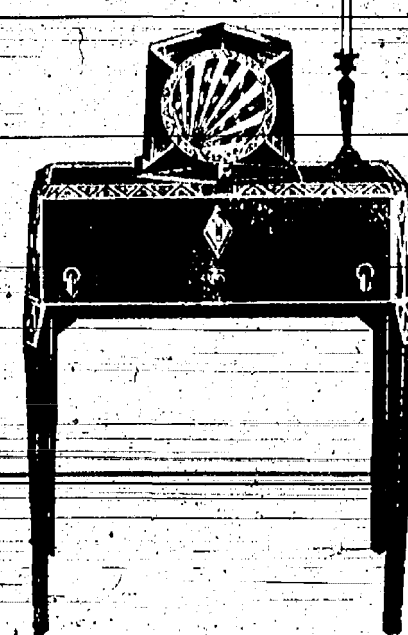

growing alfalfa or clover on some soil types.

In the experiments, the lime was applied by hand or with a hand or grain drill. The limestone was sown with the seed to insure its being close to the sprouting plant.

The rate at which limestone particles break down and disappear in the soil varies greatly in the different soil types. Limestone breaks down slowly in some types of sandy soils. The amount of organic matter in a soil appears to have a marked influence on the rate at which the limestone disappears.

The use of smaller quantities of limestone in direct contact with the limestone in the plant rows and seed not only reduces the amount of from 550 to 600 pounds of limestone limestone needed but also lowers the labor cost of applying the material.

Faker Gets Letters

In Care Of Sheriff

One volunteer "member" of the staff of poultry specialists at Michigan State College is now spending a vacation without pay in the Cheboygan county jail.

This man has called on poultrymen throughout Michigan and after examining a flock of birds would prescribe remedies which were supposed to cure everything from frost-bitten combs to bumblefoot. He stated that he was on the staff at Michigan State College.

State police had been warned by the college and the State Department of Agriculture to bring the man in for questioning if he could be located. The suspicious of a Cheboygan county farmer when the faker killed a fat hen, pronounced it diseased, and offered to sell medicine brought the salesman into the hands of the police.

The examination before a justice of the peace disclosed that there are two of the medicine men in the State. While it is probable that the one at

large will go into some other business for a time, farmers are warned that anyone representing themselves to be members of the College staff and trying to sell any remedies should be regarded with suspicion.

A telephone call to the county agricultural agent will enable any farmer to check up on the claims of salesmen who say they are from the College.

Hazen A. Horton, 70 years old, Marshall business man, was found dead in the garage at his Lyon Lake cottage near there from monoxide gas.

John Thompson and Dorothy Gono, both 8, both of Coldwater, were awarded first prizes as the healthiest children in Branch County. Loretta Corey, Union City, Richard Buchanan, Matavia, John Sommer and Hattie Bourne, Bronson, were runners-up.

Victor Donato, 16 years old, of Ishpeming, was killed when a shotgun was fired accidentally. The charge struck his chest. Donato and three other boys had gone into the woods to practice with a shotgun.

More than 1,600,000 of Michigan's men, women and children attended the 24 fairs and exhibitions at which the department of conservation displayed exhibits through the state in August, September and October. Exhibits representing every activity of the department were represented. These included fish, wild life, fur, and guns confiscated by the law enforcement division, predatory animal control, parks, geology, land economic survey, game, forest fire control, forestry, pollution control and education exhibits.

Michigan's corn, bean, potato, sugar, beet and buckwheat crops this year will be far below normal, reflecting the disastrous effect of the summer drought, the November crop report of the United States Department of Agriculture reveals. The total corn crop amounts to 85,425,000 bushels, compared with 118,500,000 last year and 56,841,000 for the 10-year average. The November estimate of the Michigan potato crop is 18,904,000 bushels. This is only slightly more than one-half the quantity raised in 1929.

Menominee High's football team swamped Marinette, Wis., 49 to 9, before a crowd of 10,000 in the thirty-fifth game between the two teams. It was the most decisive defeat administered by either team during their long rivalry. The previous high score was the 34 to 9 victory by Marinette in 1923. In defeating its ancient foe, Menominee sustained its record of scoring a point a minute for the season. Their 49 points in 48 minutes of play brought the total for the season to 405 points in 384 minutes.

P. A. Sherman, an Orionville man, was the hero of a railway wreck near Oakdale, Tenn. He hobbled about on a broken ankle and flagged two trains that might have plunged into the wreckage of the Ponce de Leon, in which scores, including Sherman's wife and son, killed, were injured. Sherman flagged a northbound train and then hobbled some distance down the track to flag a southbound train. The Shermans were returning home from Chattanooga, Tenn.

SYLVAN SCHOOL CLOSED

The Sylvan Center school was closed Monday for this week owing to outbreak of scarlet fever among the pupils who attended the school. If no new cases in the district are reported to the health officers, the school will be re-opened on Monday of next week.

Mrs. F. W. Merkel and Miss Agnes Young entertained the Tachez club at the home of the former, Monday evening. Four tables of 500 were in play. Honors were awarded to Mrs. Loretta Doll and Mrs. Margaret Fahrner. To the health officers, the school will be re-opened on Monday of next week.

Changing, changing,
ever-changing STYLEin eyewear as in
everything else we wear.

The only certain thing about styles is that they change—and this applies to eyewear (glasses) as to everything else we wear.

The old plain, severe styles in glasses—the ugly, conspicuous, heavy shell glasses—have gone. Taking their place are modern bridge shapes and ornate engravings.

Shown to the left are four bridge styles from the 1929 Fall Style Selections by Shur-on. We will be glad to show them to you and aid you in selecting just the types best suited to you and your needs.

NEW CLUB ORGANIZED

Wednesday afternoon a first-year 4-H club was organized at the Spiegelberg school. The boys are taking up handicraft work and the girls sewing. It is to be called the "Busy Two-In-One Club." The leaders are Mrs. Lindemann and Mr. Ruhlig.

A social is being planned for the near future for the purpose of raising money to buy tools for the boys.

Income from trout fishermen, collected through the rod license, increased 25 per cent this year to a total of \$70,470. George R. Hogarth, director of conservation, announced from Lansing, Wayne County, which usually lends the state in the number of licenses of all kinds taken by its citizens, is low in the trout fishing list, only 2,647 licenses have been issued within the county. Kent County leads with 5,592 and Marquette County is second with 4,240.

Hunters in Lenawee County are cautioned to be on the lookout for signs of tularemia in cotton-tailed rabbits. It is reported that some of the carcasses of rabbits shot in that county showed signs of this fatal rabbit disease which is easily transmitted to man if care isn't taken in dressing them. Cooking destroys the germ and renders the flesh fit for table consumption, but the danger lies in the handling with bare hands of the carcass.

Chelsea Grid Squad
Makes Good Showing

By Bob Wallace

Victorious teams have been a common thing at Chelsea High School for the last four years. Chelsea's football teams have lost but five games in that period, one of them being to a class B team.

The Chelsea boys lost the first game of the season at Howell. Then for the next seven weeks Chelsea scored victories over the following teams: Manchester, 68-0; Manchester, 19-0; Dundee, 21-0; Sallier, 31-0. Then in a hard fought game at St. Johns, Jackson, the Chelsea boys scored a 7-0 victory in the last quarter. The next week Chelsea went to Wayne, who had their class championship in Detroit, and had not been scored on by a class C team. Chelsea made 18 first-downs against Wayne four, Chelsea out-played Wayne from every angle of football. The breaks were all against Chelsea and an intercepted pass on an open field gave Wayne her touchdown. Wayne was not able to even threaten Chelsea's goal at any other time during the game. In the last half Chelsea was within 6 yards of the goal three times and two costly fumbles held Chelsea to only one touchdown. The kicker failed at the extra point and it gave Wayne a 7-0 victory over Chelsea.

The Chelsea boys have scored 212 points against their opponents 47, and they still have two games to go. This week they play Ann Arbor R. at Ann Arbor. They wind up the season Thanksgiving morning at 10:00 with Milan.

Chelsea loses four men this year. These four men have helped in building one of the best class C teams in the state. McLaughlin is a fast and heavy man, his running and defensive game makes him, along with Staffan, the mainstays in the backfield. Staffan is very fast and has a wonderfully stiff arm. Irwin is a heavy lineman and is the mainstay in the line. Giffin is a good backfield man.

MRS. MARY E. TYNDALL

Mrs. Mary E. Tyndall, aged 90, a former well known resident of this vicinity, died Friday, November 15, at the home of her daughter, Mrs. Carrie Salisbury, of Parma. Mrs. Tyndall was the daughter of John and Ruth A. Young, and was born in Sylvan township, May 3, 1839. She was united in marriage in 1860 to George W. Loree and they made their home in Chelsea until his death in 1867. Four children were born to this union, three of whom preceded her in death.

In 1872 she was married to Seymour Tyndall who died in 1918. Mrs. Tyndall made her home on the old Tyndall homestead in Sylvan township until 1921 when she went to Parma to reside. She is survived by one son, Fred C. Loree, and one daughter, Mrs. Carrie Salisbury of Parma, three grand children, Mrs. H. B. Brail and George Burgess of Parma, and Mrs. George Hufley of Sylvan, and ten great-grandchildren.

Funeral services were held at the home of Mr. and Mrs. Hufley at three o'clock Sunday afternoon and burial was in Maple Grove cemetery, Sylvan. Relatives were in attendance from Howell, Oak Grove, Albion, Jackson, Gregory and Stockbridge.

MRS. WILLIAM YAGER

Miss Mary Ann Stockford was born in Lima township, September 19, 1842 and died Sunday, November 17, 1929, at the home of her son, Lewis Yager, after a brief illness.

She was united in marriage with William Yager, who died in 1887. Her entire life had been spent in this vicinity.

Besides her son, she is survived by a brother, William Stockford of Howell, a granddaughter, Mrs. Mabel Buss of Lima township, and five nieces.

Funeral services were held at 2:00 o'clock Tuesday afternoon at the residence of the son, Rev. A. E. Kurth of Ann Arbor officiated. Interment in Forset Lawn cemetery, Dexter.

SCHOOL NOTES

Chelsea High was highly entertained both Monday and Tuesday of this week. On Monday Princess Watassu, known in her native tribe as Bearer of Happiness came to entertain us with Indian Legends and connected with this her representative work of the Tuberculosis Society of America. She was dressed in Indian costume and brought with her Indian dolls and a tom-tom.

Quite a few of the students traveled this summer which calls for accounts of the trip. Kenneth Beach told of his visit in Westport, the Thousand Islands and the route to and from those places. After his talk we saw some motion pictures taken by Mr. Clark on the Washington trip of 1929, and then Muhlan Dunkel showed us some pictures that he had taken of the football team in action during the victorious game with Dundee.

THE PRAYER PERFECT

Dear Lord! Kind Lord!

Gracious Lord! I pray

Thou wilt look on all I love,

Tenderly today!

Weed their hearts of weariness;

Scatter every care.

Down a wake of angel-wings

Winnowing the air.

Bring unto the sorrowing

All release from pain;

Let the lips of laughter

Ove-flow again!

And with all the needy

O divide, I pray

This vast treasure of content

That is mine today!

UNADILLA

Mrs. Wirt Barnum has been ill the past week with la grippe.

Frank Hopkins and family, Emory Pickell and family spent Sunday afternoon at Arson Clark's.

Several ladies of this vicinity were entertained last Wednesday at the home of Mrs. Allie Holmes of Platteville.

Mrs. George Marshall entertained the "Ho Yourself Club," Thursday.

The Consumers Power company are getting poles for the new line from Gregory to Unadilla.

A number from this vicinity are deer hunting in Northern Michigan.

William Secor is moving his family to Plainfield.

Mr. and Mrs. Emmet Hadley were Saturday evening callers on Mr. and Mrs. L. K. Harty.

Don't forget the chicken supper and bazaar at the M. C. Church, November 22.

Mr. and Mrs. William McRobbie entertained a number of relatives from Detroit, Sunday.

Mr. and Mrs. Cecil Teachout called on Mr. and Mrs. W. Reams of Munith, Tuesday evening.

Mr. and Mrs. Roy Palmer of Eaton Rapids were in town, Thursday.

Miss Nellie Pickett of Jackson is spending some time with her brother Emory Pickett and family.

Mr. and Mrs. Olin Marshall and family attended the funeral of a relative in Chelsea, Sunday.

Tecumseh.—The Lenawee County Light & Power Company this last week began work remodeling the "white way" lights in the business district of Tecumseh.

The cross arms on the old light posts are being removed and instead of a standard with five lights, the new post has only one light, equipped with a 500 candle power bulb. The new lamp throws considerable more light than the old ones did, and the change is a noticeable improvement.

Ylim.—The members of the local lodge of Rebekahs are making extensive preparations for the annual bazaar and supper to be held Saturday, December 7th.—Leader.

HOW TO MAKE CROSS BABIES HAPPY AGAIN

Baby Marilyn Burrow, 2500 Chicago Ave., Detroit never had a natural bowel movement from the time she was born until after she had taken Sul-Sol-Tax. She always had to use suppositories and other inefficient means of causing the bowels to act.

After taking Sul-Sol-Tax for a short time she now has a easy natural movement every day. She is no longer cross or irritable, and she has gained weight and is certainly doing fine.

She likes the taste of Sul-Sol-Tax and we are glad to recommend it. Every baby should take an occasional dose of this harmless pleasant laxative. It is not habit forming.

Automobiles and The Telephone

Thirty years ago the automobile was a novel plaything which only the well-to-do could afford.

Today the automobile is a necessity. Motor trucks and buses play a large part in the transportation of freight and passengers. Commercial motor vehicles are indispensable.

Motor cars take us out-of-doors, enable thousands to enjoy the advantages of travel and make accessible many beauty spots in every state. Commercially and socially, the automobile has broken down the barrier of distance and made neighbors of all communities.

Michigan leads the world in the development of the automobile. Great corporations, producing a majority of the nation's motor-driven vehicles, have made Michigan the center of automobile manufacture.

Closely associated with and contributing to the growth of Michigan's major manufacturing industry are the telephone wireways. More than 3,000,000 miles of telephone circuits in Michigan serve in the purchase of raw materials, the directing of manufacture and transportation, the contacting of dealers and the buying and selling of the finished product. Telephone wireways carry the voice of motordom throughout the country, and even overseas.

Thus, are wireways serving Michigan's great industry and aiding in the prosperity and growth of our state.

Our policy—"To continue to furnish the best possible telephone service at the lowest cost consistent with financial safety."

Question And Answer Dept.

Ques.—A plane going 60 miles per hour encounters a 60 mile head wind. Would the plane progress, the power of the engine remaining constant?

Ans.—No. The velocity of the wind is strongest at the surface of the earth and to obviate this difficulty planes fly high if there is much wind resistance. The higher the altitude the more the wind diminishes.

Ques.—Forty or fifty years ago there was a lot printed in the papers and magazines condemning pie and cake and calling it unwholesome food. One writer called cake an indigestible compound. Lately we don't see or hear much about it. Have they changed their minds or is it still considered poor food, that we had better let the other fellow eat? What do you think about it?

Ans.—The editor believes that ever since the time Adam and Eve (when the whole thing started) there has been a certain code of "don'ts" provided by fanatics of each generation. Of course we all eat things which we shouldn't, we always have and we always will, but pie and cake have been included in our daily diet since the delicacies have been known, and we perhaps always will indulge in such as we see fit. There is no doubt but that we should use a certain amount of judgment in our diet, but it is human nature to eat as we please until a time when it is necessary for us to obey doctor's orders in the matter of diet. A reasonable amount of cake and pie taken into the system is not likely to be so harmful as many other things we eat, or maybe drink. While we often read of testimonials by centenarians who claim that they owe their longevity to their pipes, cigars, wine, beer, etc., we cannot recall that anyone has given credit for long lifetime to pie or cake, but such testimonials will perhaps be forthcoming shortly.

Ques.—Will you be kind enough to answer in your good paper what was the given name of Marquette, the missionary and explorer? Also when did he die and where is he now buried?

Ans.—Marquette's first name was Jacques, (pronounced Jack-way). He died on May 18, 1675, on the banks of a small stream in Michigan. At that time he was buried near the spot where he died, but his remains were afterward removed to Mackinaw, Mich. where they still repose.

Ques.—Can you tell me if there are any Jews now in the British House of Commons? If so, who was the first, since they expelled them from England several centuries ago?

Ans.—Yes. Jews now sit in the House of Commons. During the reign of King Edward I, in 1290 Jews were barred from all political disabilities when the House of Commons passed a resolution enabling Jews to sit in parliament. In that same year Baron Rothschild was the first Jew to take a seat in that august body.

Ques.—I see by the papers, that some airplanes are now being equipped with card tables. Why this luxury

when one is making such a perilous trip?

Ans.—Human nature seems to know no bounds. Probably they are getting ready for a grand slam.

Ques.—Will you kindly answer in your question and answer department how old is Constance Talmadge, the movie star, and whether or not she is married?

Ans.—Constance Talmadge is 28 years old. She recently announced to become the wife of Townsend Netcher, a prominent Chicago merchant.

Ques.—Does the United States own any islands outside the boundaries of the forty-eight states?

Ans.—Yes. The United States owns about 9,000 islands, most of which are in the Philippine group.

Ques.—Will you please answer who was the first Prince of Wales and why is he so called?

Ans.—The title was first conferred on Prince Edward (afterward King Edward II) in 1301. The title was borrowed from the Welsh chieftans to soothe their national pride, who were fretting under the domination of the English.

Ques.—I see by your good paper that you answer questions. Now I am rather curious to know how many people live on farms in Canada and the United States. Can you answer in your paper this week?

Ans.—According to the latest estimate, the farm population of Canada and the United States combined is 37,511,000 persons. In 1906 the estimate was 49,000,000 people—a falling off of nearly 12,000,000.

Ques.—When I wash white clothes they do not seem to have that whiteness like they have when they are new. Can you give me the cause and the remedy for this?

Ans.—"Dullness" will be manifest with continued washing, and nothing much can be done, other than the usual way of bleaching to retain its newness. However, a tablespoon of turpentine boiled with your white clothes will greatly aid the whitening process.

Ques.—Can you tell me through your query and answer column what the world's record is for the 100-yard dash, and who holds it?

Ans.—The world's record for the 100-yard dash was established in 1895 by E. Donovan, making the sprint in 9.25 seconds. This record was threatened early in 1929 by George Simpson of Ohio University, who made the dash in 9.1-2 seconds. These are official records.

Ques.—I would like to ask in your question and answer department if Canada and the United States are represented at the Vatican?

Ans.—Most countries, including Canada maintain relations with the Vatican. The United States was represented there from 1848 to 1870, when the territory was lost to the Italian government. The Vatican now maintains a "legation" in Washington although it is not officially recognized.

The papal delegate to the United States is simply a representative of the Pope in spiritual affairs of the church. There is now a strong probability that official relations will be resumed.

Ques.—Can you tell me what I can do to keep the ear wax out of my ears, as I believe that it interferes with my hearing?

Ans.—Don't let that trouble you. The ear wax serves a purpose. It catches and stops dirt, dust, bugs, etc., that might otherwise find their way into the ear drum. Nature has provided for its elimination.

Ques.—To settle an argument will you please state in the question department of your good paper whether England or Egypt owns the Suez canal?

Ans.—The Suez canal is not owned by either England or Egypt. It is owned by a stock company, which has 22 administrators. However, the British government obtained a controlling interest over the canal when it purchased the shares of the khedive of Egypt for \$20,000,000 in 1875. The ships of all nations, even including England, must pay toll to pass through the canal.

Ques.—If Adam and Eve were to come back to earth now what do you suppose they would say?

Ans.—Probably they would tell us a Scotch joke.

Ques.—May I prevail upon your kindness to answer what is meant by "Henry Ford's peace ship"? Explain fully.

Ans.—A ship was chartered in 1915 by Henry Ford at his expense, and he with several others interested in peace sailed for Europe to use their influence in ending the war. The expedition turned out to be a dismal failure. The boat was known as "Ford's peace ship."

Brooklyn—A new and modern stop light on the south end of the public square is being installed to replace the small one recently wrecked by a reckless motorist. The new one has a heavy cement filled iron base that will resist almost anything less than an eight-ton truck. A new blinker light is also being installed on the north end of the park strip. The two working together are calculated for the safety of all motorists, both local and through traffic.—Exponent.

PONTIAC LADY FINDS HEALTH THRU KONJOLA

Lady Surprised And Delighted At Quick Results Obtained From Master Medicine.

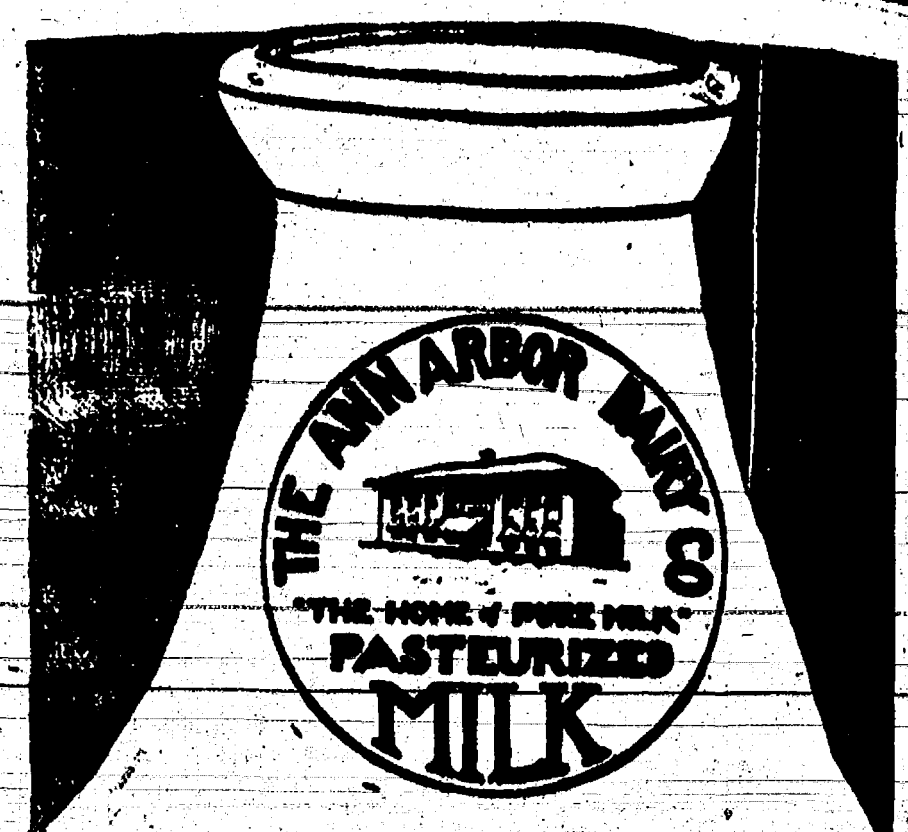

MRS. FANNIE E. GLENNY

It's a serious matter to be sick—not to be able to meet each day's duties happily. All should profit by the experience of others as did Mrs. Fannie E. Glenny, 108 South Roselawn Drive, Pontiac, Mich., who praises Konjola in this fashion:

"At my age of 72 I felt that my nervousness would never come to an end. My sister, who knew of the merits of Konjola, insisted that I give this new medicine a trial. It was somewhat doubtful at first, but I noticed an improvement with the first bottle. My appetite increased and I was able to sleep better at night. This was a surprise to me. Six bottles of Konjola have given me the relief I have tried so long to find. Now I am able to do my own housework again. Konjola certainly is a wonderful medicine."

Konjola is sold in Chelsea at Burg's drug store and by all the best druggists in all towns throughout this entire section.

Cheaper Money Bank Stocks Women's Colleges Starved 3,000 Automobile Deaths

Money was cheaper for all purposes. Bank stocks were up. Women's colleges were starved. 3,000 automobiles were killed.

Wise bankers will pass on to industry and business the benefit of the federal reserve discount cut.

In October this country sold to other countries merchandise amounting to five hundred and thirty million dollars, a record for the year, and for eight years, excepting two months in 1928.

In October we bought from foreign

ers three hundred and ninety-two million worth of goods. Business is good, money is cheap. Then, what is the matter with us? Two things—a period of reckless gambling and a wave of hysteria.

Strangest among developments of the late Wall Street cyclone was the drop in prices of bank stocks. Banks always make money. The people have no intention of getting along without credit, or without money. When times are good they use a great deal of it. When times are bad they need a great deal of it.

Yet the most brilliant and successful banks in New York saw their stocks threaten in value in the recent panic of fear to an extent that exceeded the drop in any other line of stocks on the list.

Statistics show that since September the price of bonds in New York has advanced a total of 52 per cent in

quoted prices of their stocks. This applies to the greatest banks in the world—banks whose stock will have an ultimate value difficult to exaggerate.

And this drop in the price of stocks came in the face of a banking condition not merely absolutely sound, but extraordinarily prosperous, and "solid."

Other countries are puzzled by extraordinary accumulations of gold in the hands of France. The French have more gold than any country in the world, except this country, and are rapidly approaching us in gold resources.

There is nothing puzzling about it. The French are marvelously thrifty. Their government is intelligent and determined. What they want they mean to have, and they usually get it.

Charles E. Hughes made a good speech recently, demanding more generous endowment of women's education.

Seven leading women's colleges have not one cent of the endowment of the seven leading men's colleges. That is extremely foolish, for at least ten times as important as the colleges.

What women learn they remember and tell to their children. What men learn they forget in business and forget to teach.

In September, according to the Travelers Insurance Company, 3,000 were killed in automobile accidents—a new record.

Had whisky accounts for some killings, and "jaywalking," carelessness of pedestrians, accounts for many more.

Adults should know, children should be taught, that every highway is more dangerous than a railroad. What men learn they forget in business and forget to teach.

The old-fashioned war, Switzerland, had rolled off her mountains, her men, all trained soldiers, able to use a rifle, and on the fact that it would cost more than it would be worth to conquer her.

But now, with mountains, rivers, water no longer a protecting barrier, Switzerland is invaded and five hundred, "the Swiss army," the Swiss army is now on the shore, the air being the real ocean, and she means to have an air fleet.

For the first time in twenty years savings bank depositors have dropped. During the past year savings have diminished by \$105,000,000, and the number of depositors by 524,221.

Those that drew their money to buy automobiles, radio sets, vacuum cleaners, electric washing machines, are wise. They got something better than their dollars.

Those that drew out money, safely placed, to speculate in stocks, know now that it is unwise to gamble.

John D. Rockefeller in 1928 spent more than twenty-one million dollars fighting disease all over the world. Diseases that kill millions of people every year spread everywhere. Yellow fever must be fought in Brazil, Africa, Central America.

Africa is the home of the most deadly trypanosomes, for which wild game provides an insupportable reservoir. Sportsmen that kill wild beasts help the human race without knowing or intending it.

Sunday school, 11:15. Mrs. Helen Lindemann, Supt.

Union Thanksgiving service at St. Paul's Evangelical church, 7:30.
On account of the union service there will be no meeting of the Christian Endeavor.

Dear Friends:
Next Sunday morning at ten o'clock is our annual "get together" service. It is the day when all our people (friends and members), make a special effort to attend morning worship. We have all come to look forward to this day with great pleasure. Such a service is an encouragement, both to ourselves and to the community at large. There are comparatively few people in any community who are not encouraged when they are made aware of a strong and active church. We are counting on a one hundred per cent cooperation. Don't fail to do your part!

Faithfully, your pastor,
Albert E. Potts.

PEACE AND PLENTY

In winter, plans we make, with tender set. Recalling fertile earth beneath the snow. And springtime thrills, anew the human heart. With promises fall as the flowers that blow. In summer, we enjoy the sun's bright rays. Or watch the rain, from shades, of the woods.

And learn that patience sanctifies our days. That all things work together for our good. But now the fields have yielded up their store. Like Indian wigwams, shocks of sorghum stand.

The grain-filled barns no longer cry for more. Peace and contentment lie upon the land. So, after labor, comes the day of rest. We feel and know Thanksgiving time is here.

—Kallus Kurtz Gussling.
