Women's Achievement Program Saturday

Two hundred fifty Washtenaw wo-
men, enrolled in 18 different
groups located in the following town-
ships: Salem, Superior, Pittsfield,
Ann Arbor, Freedom, Bridgewater,
Sharon, Lima, Lyndon and Webster.
Each group selected two members to
act as local leaders. These local lead-
ers met once a month at Ann Arbor
with the nutrition specialist from
Michigan State College who presented
the subject matter to them. This ma-
terial was then relayed to the group
members by the local leaders.

The meeting on May 10 will be a
fitting close for the year's project,
says County Agricultural Agent Os-
ler, and an unusually fine program
has been prepared by the committee
in charge.

Dr. Caroline Hedger, of the Eliza-
beth McCormick Memorial Fund, Chi-
cago, will give two addresses. In the
forenoon, at 11:00 o'clock, she will
speak on the subject of "Adult Edu-
cation," in the Lydia Mendelsohn
Theatre. In the afternoon, she will
speak in the ball room of the League
Building at 2:00 o'clock on "What the
Community Owe the Child." Dr.
Hedger has had many years of experi-
ence as a physician in Chicago, and
was formerly associated with the Chi-
cago Department of Health. She has
devoted much of her time to child
welfare and educational work with
mothers. In the early years of the
World War, Dr. Hedger was sent to
Belgium to assist in the fight against
typhoid epidemic which was ravaging
that country. During recent years
she has devoted a great deal of time
to teaching and training health work-
ers.

Miss Roberta Hershby, nutrition
specialist, Michigan State College, will
give a summary of the work accom-
plished by the women enrolled. The
course consisted of four lessons devo-
ted to discussions on "Standards of
Health and Nutrition," "The Out-
ward Characteristics of Health,"
"Health Score for Adults and Chil-
dren," "Scoring Food Habits for all
Ages," "The Vitamin Food," and dem-
onstrations of vegetable cookery, and
fruit and milk puddings.

Mrs. A. G. Erickson, of Ypsilanti,
will conduct the group singing, with
Miss Hazel Kitchenmaster at the
piano.

Mrs. W. D. Henderson, executive
secretary of the Women's League
Building, will explain the purposes
and facilities of the building, and take
the women on a tour through the
building after the luncheon at noon.

Reservations for the luncheon must be
made through the local leaders, or the
agricultural extension office, Court
House, telephone 21812.

R. J. Baldwin, director of extension
service, Michigan State College, will
also be a speaker on the program.

The committee in charge of the ar-
rangements for this meeting are: Miss
Sylvia Braun, Ann Arbor township;
chairman; Mrs. Nelson Bender, Mrs. C.
W. Lewis, Salem township; Mrs. Em-
mott Farrell, Webster, and Mrs. Mahal
Fishbeck, Superior.

BASEBALL RESULTS

Results of games played by teams
in the Twilight Ball League during
the past week are as follows: Thurs-
day, Methodists 5, St. Paul's 7; Fri-
day, Methodists 1, O. O. F. 4; Legions 5, Mon-
day, I. O. F. 5, K. of P. 3; Tues-
day, Masons 4, St. Paul's 6.

Standings of the teams are as fol-
lows:

Team	Won	Lost	Pct.
Masons	3	0	1.000
I. O. O. F.	3	0	1.000
American Legion	1	1	.500
St. Paul's	1	2	.333
Methodists	0	2	.000
K. of P.	0	3	.000

Schedule for the next week: Thurs-
day, May 9, Legion vs. Methodists;
Friday, May 10, I. O. O. F. vs. Ma-
sons; Tuesday, May 13, K. of P. vs.
Methodists; Thursday, May 15, St.
Paul's vs. Legion.

BETTY CHANDLER HONORED
Miss Betty Chandler of Charlotte,
daughter of Mrs. Lee Chandler, is su-
latorian of the Charlotte high school
and has also been awarded second
place in the headline writing contest
conducted by the Quill and Scroll So-
ciety, international honorary society
for high school journalists, in the
north central district comprising
Michigan, Indiana, Illinois, Iowa, Wis-
consin and Minnesota. Miss Chandler
is a granddaughter of Mr. and Mrs.
Edward Chandler of Chelsea and is
well known here.

Years of Friendly Relations," by
Goodyear Tire & Rubber Co.

CHELSEA SHOWS SMALL POPULATION DECREASE IN 1930 ENUMERATION

Final Census Figures Released This
Morning; Nearby Townships Al-
so Show Some Decrease.

According to a report released this
morning by C. W. Tuomy of Ann Ar-
bor, census supervisor for Washtenaw
county, the village of Chelsea shows
a small loss in population since the
1920 census was taken.

The final figures in the 1930 enu-
meration gives the village a total popu-
lation of 2068 as compared to 2079 in
1920; a loss of eleven, or a little more
than one-half of one per cent loss in
the past ten years.

While the report is supposed to be
a complete census of the village, a
number of residents, especially those
residing above business places, report
that they were not called upon at all
by the enumerator. The Standard
gave Mr. Tuomy this information this
morning, and he requests these people
to write to him at once. With the ad-
dition of these names it is thought
that the 1930 figures will equal and
possibly exceed the 1920 census.

The 1930 tabulation gives Sylvan
township a population of 827, outside
Chelsea village limits. 1920 figures
were not available at the office of the
census enumerator.

Census figures in some of the near-
by townships and villages are as fol-
lows:

Lima township 1930 census is 814,
with no 1920 report available.
The population of Freedom town-
ship, 1930 census figures, is 758; in
1920 the population was 850. The
township shows a loss of 101 in the
past ten years.
Sharon township for 1930 is 630;
1920, 700—loss of 70.
Lyndon township for 1930, 449;
1920 report, 527—loss of 78.
Dexter township for 1930, 514; 1920
report 500—gain of 14.
Dexter village for 1930, 885; 1920
report, 587—gain of 298.
Manchester village for 1930, 1,037;
1920 report, 1,024—gain of 13.

Must Have Permit To Trim Roadside Trees

The State Highway Department,
having assembled within its organi-
zation a staff of technical and thor-
oughly experienced foresters to super-
vise roadside development on state
and federal trunk lines within the es-
tablished right of way in different dis-
tricts, is devoting its energies to pro-
serving all trees which in the judg-
ment of the State's representative is
worthy of being saved.

In order that there shall be no in-
nuous trimming or removal of use-
ful shade or ornamental trees, irrespec-
tively of size, shape or condition, the
State has provided application forms
for requesting permission to trim or
remove any and all trees standing
within the established right of way
which may be judged an obstacle to
business or private developments or
may be regarded detrimental to pub-
lic safety. Such application forms
may be obtained from the Plymouth,
Michigan office of the State Highway
Department by addressing M. G. O'-
Neil, District Forester there. Each
application, when submitted, should
be accompanied by a sketch showing
a diagrammatic view of the situation
which, in the belief of the individual
submitting the application, necessitates
trimming or removal of the tree
or trees. For failure to secure a per-
mit by this procedure the State pro-
vides a penalty of thirty days impris-
onment, or a fine of one hundred dol-
lars, or both in the discretion of the
court.

For such treatment of trees within
Macomb, Oakland, Livingston, Washtenaw
and Monroe Counties on the
state or federal trunk lines all appli-
cations must be forwarded to the dis-
trict forester of the Plymouth office.

Large Crowd Present At P. T. A. Meeting

About fifty were in attendance at
the closing meeting of the Parent-
Teacher Association of School District
No. 16 fr. Sylvan and Lima, which
was held Saturday evening at the
home of Mr. and Mrs. Otto Polons.
-Witticism were given in response
to roll call, and several musical selec-
tions were rendered. Games and
dancing furnished the amusement for
the evening, and a delicious lunch
was served.

CARD OF THANKS
We wish to thank our neighbors and
friends for their many acts of kind-
ness and sympathy shown to us dur-
ing the illness and after the death
of our mother.
The Family of Christina Weber.

Standard Straw Vote Shows "Wet" Tendency

According to figures tabulated from
the ballots so far returned in the Chel-
sea Standard prohibition poll, Chelsea
and vicinity shows a decided tendency
to line up for repeal of the eighteenth
amendment. A moist attitude is not
even apparent in the voting so far re-
corded, as very few are voting for
modification, the favorite choice so
far being for absolute repeal of the
amendment.

Although ballots returned for count
so far in the poll represent less than
half of the number mailed during the
past week, results of the count so far
tabulated are as follows: For en-
forcement, 28; for modification, 15;
for repeal, 63.

The next allotment of ballots will
be mailed this week, and people re-
ceiving them are urged to mark and
return them at once. Do not hesitate
to designate your preference in the
matter. There is no expense involved
on the part of the voter, postage be-
ing provided for, and a complete vote,
no matter what the result, is desired
by this paper.

Many have voiced the opinion that
the national poll being conducted by
the Literary Digest did not reach into
the rural communities of the country,
but that it was centered in large cities.
Now that a rural community has the
opportunity to cast a straw vote in
the matter, what will be the result?
Cast your ballot!

Sheep Killing Dogs Active In Township

During the past week sheep killing
dogs have been active in Sylvan town-
ship. On the farm of Leo Merkel,
several sheep were either killed or so
badly wounded that they will prob-
ably die from the attack made on
them by dogs. Justice of the Peace
O. T. Walworth was called to adjust
the loss and awarded Mr. Merkel
damages amounting to about \$90.

The flock of sheep on the farm of
Weber Brothers was visited by dogs
which were discovered by the owners
of the flock before they attacked the
animals.
The sheep on both the Merkel and
Weber farms were attacked during
the daytime, but in both instances the
owners were unable to get close
enough to kill the dogs.
Early Monday morning the flock
of sheep on the farm of L. Poppe in
Sylvan, best known as the Skinner
place, was visited by sheep killing
dogs. As the sheep were near the
residence, members of the family saw
the two dogs at work in the flock and
shot one of them, but evidently did
not succeed in killing it as it disap-
peared from the farm. Justice Wal-
worth was called and found that
eleven sheep and lambs had been
killed.

Awarded Damages For Death Of Cows

The Michigan Bee Telephone Co.
has settled with Otto J. Ienz for six
cows that died from the effect of poi-
son from a pole that the company had
set on his farm. Authorities at Michi-
gan State College, East Lansing, gave
as cause of the death of the cows, poi-
son that was in ingredients used in
treatment of the pole.
The company paid Mr. Polons \$1,800
for loss of the cows. They replaced
the pole with an untreated one and
have sent the treated one to their
New York laboratories for further
analysis.

MISS VOGHT RETURNS

Miss Viola Voght, a former princi-
pal in the local public schools, arrived
here Wednesday evening and assumed
duties as teacher in the school this
morning, taking the place of Miss
Ruth Phillips, who will leave this af-
ternoon for her home near Rochester,
N. Y., to care for her mother who is
seriously ill. Miss Voght was princi-
pal here for three years, leaving two
years ago.

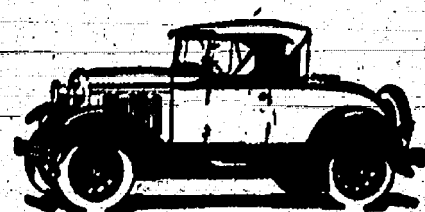

MISS ALICE MORRISON WEDS

Announcements have been received
here of the marriage of Miss Alice
Morrison of West Branch to Captain
Oliver S. Person on April 27. Cap-
tain and Mrs. Person will make their
home in Manila, Philippine Islands.
Mrs. Person is a former kindergarten
teacher of this place.

WILLIAM HARRIS

William Harris, 75 years of age,
father of Roy Harris of this place,
died Sunday at his home near Pinck-
ney, after a lingering illness. Funeral
services were held at the home on
Tuesday and interment was made in
the Pinckney cemetery.

Time for the Cherub's bath ... sure the water is HOT

Babies thrive upon regularity. They grow plump and rosy and good-humored when life becomes a jolly schedule of meal-time, bath-time, bedtime—all in proper succession.

A departure from this habitual procedure brings an astonished wail from the cherub. Should the "hot" faucet run cold at bath-time... anarchy rocks his tiny world! His day is broken up with petty anguishes and delays.

But the "hot" faucet need never run cold—a Self-Action Gas Water Heater, installed in a few hours, will bring a plentiful supply to make his life habitually delightful. Stop in at our showroom. Learn how easily you can have hot-water-without-waiting, for a few pennies a day.

We will allow \$5.00 for your old heater and \$2.50 for your wasteful furnace coil, toward a new automatic gas water heater.

The President Hopes
Russia, Italy, Peace
Workers Live Longer
Cheap at a Billion

President Hoover tells the United States Chamber of Commerce, "While the crash only took place six months ago, I am convinced we have passed the worst, and with continued unity of effort we shall rapidly recover."

That will encourage many. And the banks, reducing interest charges here and abroad, will help. When money is cheap capital looks to new enterprises, which means hiring labor.

Lowering the federal reserve discount rate to 3 per cent in the New York district surprised all that lack advance information.

In accordance with our custom we followed the British, lowering our rate here when theirs was lowered. This gratifies England, which feared that a rate lower than ours would cause British gold shipments to this country.

The late W. J. Bryan would be amazed to hear congress discussing tariff protection for silver. He thought silver, at sixteen to one, could stand forever as gold's younger brother.

He did not foresee Chinese wars, leasing Chinese silver hoards, or India stopping silver purchases that have stabilized silver mining for many generations.

If it were not for moving pictures, with "silver screens" using tens of millions worth of silver yearly, more mines would close.

Certainly American screens should use American silver, and the tariff should see to it.

While it lasts, a dictatorship seems the simplest form of government. Everything is peaceful in Russia, where everybody is radical. Russia has a dictator.

Everything is peaceful in Italy where nobody is allowed to be radical. Italy has a dictator.

In Russia, revering the theories of Karl Marx, and managed by extremely able men, the people are quiet, obedient.

In Italy, where Karl Marx would not be publicly mentioned, a nation, naturally radical, is told that there has been too much talk about liberty, and people are obedient.

The question is, how long? A Frenchman, falling from the twentieth story, is said to have remarked as he passed the tenth floor: "It's all right as long as it lasts."

How long will it last?

A report published by Mr. Frederick H. Ecker, president of the Metropolitan Life Insurance company, concerning 18,000,000 industrial policyholders in the United States and Canada, shows that workers are living longer than they used to.

Thanks to science and prosperity, the death rate among wage-earners has diminished. Mr. Ecker's statistical bureau shows a new low death rate of 0.4 per 1,000 during March.

More adults that live, fewer babies that die, is a good program.

It is said that the new tariff will cost the United States \$1,000,000,000 a year. It will, probably, and undoubtedly that tariff contains many jobs, deals and mistakes.

But if the tariff enables only 5,000,000 American workmen to earn \$1.00 a day more than they would have earned without the tariff, that would repay the billion with a bonus of 50 per cent, to say nothing of added profit that would encourage business men to build up industry and national prosperity.

Many of our emotions, according to Francis Bacon, make us indifferent to death, anger among others.

King Fu Week, sixty-two and King Loy, fifty-one, Chinese, and cousins, fought with heavy meat cleavers. When the police arrived both had fractured skulls and gashes on heads and bodies, yet the police were compelled to separate them by force. One will die surely, the other probably, and it was all about a blanket.

Cost of travel by air and rail between New York and the Southwest is reduced to less than regular railroad and Pullman car travel. Flying from New York to Dallas.

Texas, or Oklahoma City, you save \$8.24 in cash, 18 hours in time. And these cuts are made by the Pennsylvania railroad itself.

Mr. Lamont, our secretary of commerce, called up on the telephone recently by Sir Henry Thornton, had a pleasant talk.

Mr. Lamont was sitting in Washington. Sir Henry was traveling at high speed through Canada on the Canadian National Railway system.

Sir Henry sent his regards to President Hoover and the American cabinet. Seventy-one telephone calls were made from that Canadian train as it rolled along.

Jack Barstow establishes a new record in air gliding, remaining up more than fifteen hours in a plane with no engine. The mark isn't official, but the Germans will start in to beat it. Their record is fourteen hours and forty-five minutes.

(©, 1930, by King Features Syndicate, Inc.)

TWENTY-FOUR YEARS AGO

Thursday, May 3, 1906

A committee of eighteen members appointed by the Detroit Methodist conference, visited Chelsea, Tuesday, to consider the offer of Frank P. Glazier of 18 acres of land, and \$5,000 down and \$500 annually for a number of years, as the setting and nucleus for the establishing of the Methodist Home here. The committee stated that it was the best offer that they had received.

Last Friday the barn and its contents on the farm of Harrison Hadley of Lyndon was burned to the ground. The fire was discovered about 5 o'clock in the afternoon and the cause is unknown. The loss is placed at about \$2,000. Insurance carried on the building and contents amounts to \$1,800.

The apportionment of the primary school fund for this year will be made on the basis of \$1 per capita.

Mrs. Howard Fisk died at her home in Sylvan, Wednesday of this week.

M. J. Howe is building a new residence on Grant street, which he will occupy when it is completed.

Part of the walls completed for a new residence he will build on his property on Madison street.

John Maier took charge of the electric light and water works plant Tuesday. David Alber, Jr., will act as his assistant.

B. B. Turnbull has sold his residence on Garfield street to H. D. Withersell.

Roy Dillon has purchased the interest of Oliver Kitley, located in the Boyd Hotel.

Wm. H. Fahrner has purchased of

M. J. Howe the residence on the corner of South and Grant street.

John L. Fletcher has accepted a position in the Kempt Commercial & Savings Bank.

Finley Hammond is having a residence erected on his property on Madison street.

The marriage of Miss Edith Foster, daughter of Mr. and Mrs. J. P. Foster of Chelsea, and Mr. F. R. Stevens of Cray, N. D., took place on Tuesday evening, May 1, 1906 at St. Mary rectory, Rev. Fr. Considine conducting the service.

THIRTY-FOUR YEARS AGO

Thursday, May 7, 1896

At the last meeting of the Chelsea common council, the village attorney was instructed to draw an ordinance regulating and closing of saloons.

William Hannewald died at his home in Waterloo, May 5, aged 30 years. He is survived by his wife and three children. The funeral was held today from the Lutheran church.

Married, Sunday at the home of E. C. May, Miss Nina Davis of Unadilla, and Frank May, Jr., of Lyndon, Rev. George Stone officiating.

Cards have been issued announcing the marriage of Miss Nettie Wood of North Lake, and Mr. Springfield Leach. The wedding will take place Wednesday, May 13.

The marriage of Miss Mary Ellen Armstrong and Mr. Alton Fletcher is announced, to take place Thursday evening, May 14.

Chelsea will have but five saloons this year.

The bridge at the north end of Main street broke down last Friday just after a heavy load had passed over it. At the annual township election in April it was voted to have it replaced with an iron bridge.

Last Thursday afternoon the 2-year-old son of Mr. and Mrs. Harrison Hadley of Lyndon was drowned in a cistern at the family home. It was three hours after the child was missed until the body was found. The child had lifted a trap door which afterwards had fallen back in place.

The marriage of Miss Katherine Liebeck of Sylvan and Mr. Philip Fleming of Henrietta took place Tuesday, May 5 in St. Mary's church, Rev. Fr. Considine conducting the services.

Extensive improvements are being made at the Chelsea Roller Mills. At the last meeting of the K. O. T. M. Jacob Hummel was elected as a delegate to the Great Camp and Geo. W. Beckwith was chosen as alternate.

HOWELL—All of the county offices in the court house here began closing at noon last Saturday for the summer months.

GRASS LAKE—A large class of candidates will be initiated by the local order of Gleaners Saturday evening, May 10, at the high school auditorium. Mesdames W. J. McCurdy, Henry DeVerna and Frank Abbott have been named as a committee on refreshments. Signs, which are made by the Junior Gleaners, bearing the words "Please do not pick! These flowers are protected by the Junior Gleaners" will be placed in the woods along the roadside.—News.

MASON—Census figures for the city of Mason covering the 1930 count completed May 1 by Edgar Adams, local enumerator, gives Mason a population the largest recorded in its history, 2587 being the total in 1920. The 1920 census showed a total population of 1879 reflecting an increase of 688 during the past ten years. The increase since 1920 has exceeded 83 1-3 per cent. Never before has Mason passed the 2000 mark in population.—News.

MOTHERS' DAY Is Here Again!

"The Dragon's Second Wife," given by pupils of Munith high school will be given here this week Saturday evening, May 10, at Gleaner hall.

Mr. and Mrs. R. J. Moeckel and family and Miss Esther Morehouse of Stockbridge and Mr. and Mrs. Walter

RADIO AMATEURS

By One of 'Em.

Last Sunday a hundred and fifty of the radio gang got together at the National Guard Armory in Ypsilanti, for a big meeting; a hamfest as the fellows call it. There we had a chance to meet the bunch we have been talking to over the air and to shake their fists and chew-the-rag in person. To those hams who have never been to a Hamfest, don't miss the next one! It is a wonderful experience. If there were nothing more to it than a meeting place where we could all see each other it would be entirely worth while. But a hamfest is more than that; a brief outline may be of interest.

Saturday night and Sunday morning I spent at W8AEM's shack chewing the rag with some of the gang over the air. In Ann Arbor little groups of hams were getting together, and it seemed like no matter what local station we talked to there was a group of five or six hams there waiting for time to start to the Hamfest. At one P. M. we locked up the shack and QSY'd to the Armory.

Upon arrival at the Armory we were greeted by Lt. Stephenson W8DIS (who was kind enough to let the gang use the Armory) and by W8GHP A. R. R. L. SCM, and other prominent hams such as W8CAT, W8DYH, and others to numerous to mention.

Presiding over the "Fest" was W8COW, a man past middle age but a real ham. During the session we had talks on timely subjects by various well qualified hams.

A Canadian ham pointed out the best methods of constructing short wave AC receivers and went into detail about filter methods for hum control.

A representative from WWJ gave us some interesting dope on conversion of the ordinary carbon microphone to one of the condenser type.

A University of Michigan Physicist outlined the present methods of television transmission and reception showing us the apparatus as he went along. The University had for our inspection Neon tubes, Photoelectric cells and scanning disks. The University is now receiving pictures from W8XK in Washington DC.

The Navy, NAA, was represented by the ninth naval section Commander, who went into detail on the subject of Naval Communication Reserve. Mr. Glatzel told us a lot of interesting things that would be hard to find out any other way. Among other things we were told that in case of war all broadcasting and commercial radio services would be cut off and would not resume operation until the Navy could man the stations. All radio equipment in the U. S. A. would be taken over directly and within twenty-four hours by the Navy. And by the way, that is where us Hams come in. We who belong to the Naval Reserve are already assigned to our posts and your ol' Uncle Sam knows just who will go where in an emergency, there will be no balk and red tape at the beginning of the next war, like there was in 1917.

The Army Air Corps was represented by WYD of Selfridge Field.

After seeing all the equipment and hearing all the speeches we had worked up quite a capacity for chow. The Army cook on the job "did himself proud" by putting on a "real feed" of roast beef and all the trimmings. It was done in Army style too. The food was cooked in the "chuck wagon" and served up on tin and paper plates but believe me I have eaten worse chow at banquets in the Statler Hotel! Where are all you fellows that say an army cook can't make chow? If you don't believe what I say, attend the next Hamfest and eat for your self!

All announcements were sent in code from a big loudspeaker and I got a great kick out of watching some of the gang trying to copy it when they couldn't even receive it.

After dinner our names were all put into a basket and some lucky Ham drew the lucky number and won a ten dollar transformer. It wasn't W8AIC. All had their names and call pinned on the lapel of their coats. One could hardly turn around without seeing the call of some familiar station. Although I went with W8AEM I didn't see him all afternoon. It was the greatest roundup of Hams I ever attended. And I am sure that there wasn't one Ham out of the hundred and fifty that did not feel well repaid for his

Auto Race Will Be Of Big League Calibre

Assurance that the 100 mile A. A. auto race to be run at Ft. Miami mile track in Toledo Sunday, May 25 would be of a big league calibre came with the entry of the 240 lb. Deacon Litz of Dubois, Pa.

Litz lead the Indianapolis 500 mile International race for 150 miles last year after a near smash-up with Cliff Woodbury, and the Goliath of the speed game is considered by the racing fraternity as one of the greatest drivers ever to race over the Hoosier course and it has been freely predicted that should Litz win the International that he would be the most popular star the game has ever had.

The car with which Louie Meyer won the Indianapolis race in 1928 is the one Litz will use over the Toledo oval on the 25th. The car is a Miller straight eight of 91 cubic inch piston displacement, one half the size of a model A Ford. The motor has four carburetors and uses a Miller supercharger to rush the gas to the cylinders. The car has done 153 miles per hour on a straightaway.

Arrangements are under way to make the opening meet one of the largest ever held in Toledo and the fact that the entries are open to all classes of drivers and cars will make the race more interesting.

WAMPLERS LAKE—George Nishe had a large number of fruit trees on his farm injured the past winter by rabbits gnawing the bark.

SOUTH LYON—As we predicted, it was not a hard job to secure signatures on the fifth class city petitions. Already two hundred and fifty persons have affixed their signatures, and the town has not yet been fully canvassed. It looks as if the proposition were adopted police Friday and the driver fined \$75.—Observer.

Sweeter Than Sweet ---

That is how you would describe your dear old mother. And in trying to find something to give her on MOTHERS' DAY, you'll not find anything so appropriate nor so highly appreciated as GOOD candies.

RIVETS MAKE THE TRUCK TANK GASOLINE-TIGHT

GASOLINE AND OIL

The TORRID ZONE STEEL FURNACE is gas-tight and dust-tight because it is riveted

Walls and ceilings seldom have to be repapered or repainted in a home that's heated with a Torrid Zone.

Furnace of boiler-plate steel. Floors, furniture and woodwork are singularly free from dust. It's all in the way this furnace is built.

For just as the truck tank is made gasoline-tight by hot-riveting and cold-calking... so the Torrid Zone is made gas, smoke and dust-tight.

And the air in a Torrid Zone equipped home is bound to be clean and healthful... for several reasons. First, the air is never tainted with coal-gas. Second, the air is moistfully healthful because a Torrid Zone humidifier has twice the evaporating area of ordinary water pans right inside the casing and, furthermore, is positioned for most-rapid evaporation. Third, proper air circulation is guaranteed when a Lennox Furnace man installs according to the Standard Code. A Lennox Torrid Zone equipped home is a safe and healthy home for every member of the family.

And what's more, the Torrid Zone is economical. It is designed to heat with from 10% to 20% less fuel than ordinary furnaces. Whatever your fuel... hard coal, soft coal, coke, lignite, wood, gas, oil... it is sure to go farther with a Torrid Zone! Without a doubt, this is the finest heating unit that science has devised. Wherever it operates, in homes, churches, schools or stores, all the many advantages of warm air heating are fully realized.

Come in and see the interesting features. We want to show you its sturdy locomotive grates, its "lazy" shaker. We want to give you a booklet describing other features. Plans and estimates will be quickly furnished on request. Free engineering service from the factory for special problems. Made by the LENNOX FURNACE COMPANY, Syracuse, New York — Marshalltown, Iowa — Toronto, Canada.

LENNOX Torrid Zone STEEL FURNACES

The Standard Code for installing a warm air heater, adopted by the National Warm Air Heating Association and written by its research engineers, is our code.

H. B. MURPHY

Phone 66 W. Middle St. Chelsea, Mich.

Even "dyed-in-the-wool" oil engineers get a thrill out of this test...

It is a simple experiment, but the dramatic results excite even oil experts themselves.

A quart of "used" New Iso-Vis, black with the usual crankcase dirt, is drained from a car after many hundreds of miles of driving. Five minutes later we have a quart of oil that might have come straight from the refinery. It has the clear amber color. The same heavy body.

Yet it is exactly the same quart of oil that was just taken from the crankcase!

What has happened is simply that a special clay filter has removed the dust and dirt. This is one of the many tests that prove beyond question that New Iso-Vis will not thin out in the crankcase.

New Iso-Vis has other important advantages. It brings a radical reduction of carbon deposit. And it gives lubrication over a wider range of temperatures. This important combination of qualities means less wear and longer life for your engine.

New Iso-Vis Motor Oil is on sale at all Standard Oil dealers and service stations.

Now ISO-VIS 30's a quart

Motor Oil

STANDARD OIL COMPANY (Indiana)

Now Polarine is also affected by our new refining process—giving it an efficiency which is unequalled only by New Iso-Vis. The price is 25 cents a quart.

210 170 25 0.5

This LONG lubricating range New Iso-Vis covers the whole thermometer. Some oils are defeated by heat—others by cold. New Iso-Vis fights friction at both extremes.

Na₂P₂O₇ → CH₃S CH₃S → Pb + 2NaOH

TACHEZ CLUB MEETS

The Tachez club was entertained Monday evening at a May party by Miss Wilamena Burg and Mrs. J. V. Burg at the home of the former. The favors were May basket parades. Three tables of Five Hundred were in play and honors were awarded Mrs. Anna Werner and Mrs. Agnes Hummel. A dainty two-course supper was served. The annual outing of the Tachez club will be held next Monday evening in Jackson, with a dinner and theatre party.

KILLED IN CRASH

Ellsworth Bryant, 65, of Milford, was killed early Monday morning when the car in which he was riding crashed into a cement abutment about five miles east of Chelsea on US-12. Joseph Detrich of Detroit, driver of the car, in a statement to county authorities at Ann Arbor said that a tire blow-out caused the accident. Detrich was held in county jail and according to reports will be charged with negligent homicide.

MAURICE PAGE KILLED

Word was received here Saturday evening of the death of Maurice Page, son of Mr. and Mrs. Emmett Page of Pontiac. Maurice was a student at Carnegie Tech at Pittsburgh and was struck by a motorist on a highway near Pittsburgh while he and other students were participating in a fraternity initiation. Mr. and Mrs. Page are former Chelsea residents.

RABBIT-BREEDERS' MEETING

The Washtenaw County Rabbit and Cavy Breeders' Association will meet Wednesday night, May 14 at 8 o'clock in the supervisors' room of the court house, Ann Arbor. A report from the delegates to the Michigan State Rabbit and Cavy Breeders' convention will be given at this meeting. All interested persons attend.

FAMILY DINNER

Mr. and Mrs. J. N. Strieter entertained Sunday at a family dinner, when covers were laid for the following guests: Mr. and Mrs. Theophilus Strieter and children, Irene, Nelson and Arvin, of Selo, Mr. and Mrs. Wm. Strieter and Mrs. Dan Strieter, of Ann Arbor, and Mr. and Mrs. Ernest Strieter of Ypsilanti.

MOVE TO NEW HOME

Mr. and Mrs. Hazen Leach moved into their new home which they constructed on Chandler street, Saturday. The new home of nine rooms is modern in every way. The interior is all completed and the exterior, which is of stone construction, will be completed within the next few weeks.

ATTEND CONVENTION

About twenty from Chelsea attended the Sunday School and Young People's convention held Saturday and Sunday at Emanuel church, Manchester. Misses Dorothy Dickelemer and Katharine Bahnmiller were delegates from St. Paul's Sunday school.

ENTERTAINS LUCKY NINE

The Lucky Nine were entertained Tuesday evening at the home of Miss Flora Schieferstein. Three tables of 500 were in play, and honors were awarded Mrs. Lorenz Wenk and Mrs. Carl Lloyd. Refreshments were served.

MRS. LIDA M. ROCKWELL

Mrs. Lida M. Rockwell, who was visiting at the home of her daughter, Mrs. Frank Hanson of Lima township, died Saturday evening. The body was taken to Jackson, where the funeral services were held on Tuesday.

ENTERTAIN NEPHEW

Mr. and Mrs. R. E. Jolly had as guests over the week-end, their nephew and wife, Mr. and Mrs. Frank Jolly, who were on route from a winter's sojourn in San Diego, Calif., to their home in Detroit.

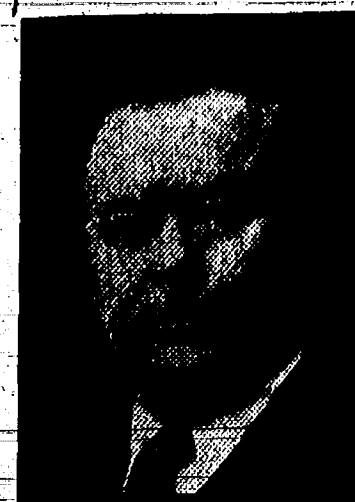

Both Do Well

Some men can't find words for their thoughts and some women can't find thoughts for their words.—Chicago News

Keihl Is Republican Candidate For Sheriff

Frank J. Keihl, 1403 Charlton Ave., Ann Arbor, has announced his candidacy for the Republican nomination for sheriff in the primary election to be held September 9.

If nominated, and elected, Mr. Keihl

FRANK J. KEIHL

promises to bring to that office the experience gained through fourteen years of service in the Ann Arbor police department. During that time he was promoted from patrolman to detective sergeant, and then to lieutenant of detectives, which position he held until it was discontinued three years ago.

Mr. Keihl has been a resident of Washtenaw county nearly all his life, and his experience in both criminal and civil work has given him a broad knowledge of conditions in the county. He stands for an efficient and economical administration.

SYLVAN

Mr. and Mrs. Ed. Fisk and family have moved into the Peter Liebeck house west of Sylvan Center.

Mrs. E. L. Bush and Mrs. A. M. Weber of Ypsilanti called on their parents, Mr. and Mrs. O. T. Fisk, Sunday afternoon.

Mr. and Mrs. F. H. LeMaitre of East Detroit spent Sunday with Mr. and Mrs. Orrin Fisk.

METHODIST HOME

Mrs. Sarah A. Ackerman

Mrs. Sarah A. Ackerman passed away Tuesday morning after an illness of several weeks' duration. She was born in New York State, February 2, 1843. On July 4, 1860 she married Mr. Joseph W. Ackerman, who died in 1925. They lived together for over sixty-five years. She leaves four sons, Ellsworth of Richmond, Edward L. of Detroit, John M. and Wm. Howard, the latter two in California, and six grandchildren. She was an aunt of Orrin Hoover of Chelsea. She entered the Home in March, 1929. Services were held in the auditorium Thursday morning at 10:30, conducted by Revs. Balmer and Walker. Interment in Davis cemetery, Davis, Macomb county. During the year she was here she gained the respect of everyone who became acquainted with her.

Mrs. Louise Soules

Mrs. Louise (Miller) Soules passed away Friday, May 2 after a gradual failing in health for the past two months. She was born in Jackson, Pa. January 20, 1845, coming to Michigan with her parents when she was five years old. In 1882 she married Mr. A. L. Soules, who died in 1913. There were no children to this union but all her life she took great interest in the young. She entered the Home in December, 1922. Possessed of a very generous disposition and an abundance of this world's goods, the Home was often a recipient of her bounty and many improvements will long remain as monuments of her love for the place. She leaves a brother, Eugene B. Miller and two nieces, Mrs. R. E. Brower and Mrs. Edith Denning, all of Jackson. Services were held in the auditorium Tuesday afternoon, conducted by Revs. Balmer and Walker. Interment in Stockbridge cemetery, beside remains of her husband.

Mr. and Mrs. G. A. Ashpole of Port Huron were callers on Miss Coraella Simmons Saturday and Sunday.

Mr. and Mrs. Oliver L. Hollapeter and son Harold of Lincoln Park visited with their mother, Mrs. Hollapeter, Sunday afternoon. They were accompanied by Mrs. A. Palmgren and daughter, Mrs. Florence Keller of Detroit.

Mr. and Mrs. H. R. Earle and daughter of Bloomfield Hills, visited their aunt, Mrs. Emma Rowe, Tuesday.

Parker Robbins of Chicago visited with his mother, Mrs. Rebecca Robbins, Sunday. He is connected with the Graham and Morton steamship lines.

Miss Alice Brown has improved somewhat so that she is able to ride out occasionally. She has been confined to her room since last December.

Mr. and Mrs. E. R. Reed spent several days in Detroit last week, visiting their children.

Dr. J. E. Jacklin of Detroit, the very efficient executive secretary of the Board of Managers of the Home, was a visitor Tuesday. He was accompanied by his daughter, Miss Flora Jacklin and Miss Nellie Archer. Both ladies are active members of the Board and the Home owes much to the interest these three take in it. They all expressed satisfaction with what they found here. They gave much credit to the superintendent, matron, and Titus Yettaw.

Mrs. Margaret Bliss is entertaining her sister, Mrs. Elizabeth Sinclair. On Sunday her nephew and wife, Mr. and Mrs. Lester Sinclair, all of Lorain, O., were also her guests.

Mr. and Mrs. Bruce Hudson of Detroit called on Mrs. Emma Rowe, one day last week.

Dr. Balmer and John Fletcher attended the regular monthly meeting of the Board of Managers in Detroit, Monday.

Monday, Mrs. Mary Wooster fell while in her room and is in bed nursing bruises.

George Bangs was away visiting with some old time friends for a couple of days last week.

Mrs. Guy Noystrum of Chesterfield visited with her grandmother, Mrs. Margaret Bliss, Sunday. She was accompanied by Mrs. George Mann of Ypsilanti.

Mr. and Mrs. D. Brower of Jackson were called here Saturday by the death of their aunt, Mrs. Louise Soules.

The Women's Foreign Missionary Society will hold its regular monthly meeting in the auditorium Tuesday afternoon at 3 o'clock.

Mrs. Emma A. BeDen of Midland arrived Saturday to take her place in the family. Mr. and Mrs. Jay Howard of that city brought her here. He was accompanied by his sister, Mrs. A. W. Larabee of the same place.

Dr. Schafer of the Narden Park church in Detroit was a caller Wednesday.

Rev. and Mrs. Stevens, Mrs. M. J. Pardee and Mrs. Walker, all of Clinton visited several old friends in the Home, Tuesday.

Rev. E. G. Johnston and wife of Brighton renewed old friendships with several members of the Home, Tuesday.

Rev. and Mrs. F. B. Johnston and Mr. and Mrs. E. A. Bilson of Royal Oak conducted services Sunday afternoon in the auditorium. They will both be welcomed again with their messages and singing.

Mr. and Mrs. J. Earl and Mrs. Arthur Ogden of Clinton were visitors, Sunday.

Mrs. Frances Suter and Jack Lowe.

are planning a two weeks' visit to Detroit and River Rouge. They expect to leave Thursday.

Miss Addie Cross of Ypsilanti was a guest of Mrs. Frances Robtoy, Sunday.

Mrs. Ione Gorton entertained the following guests over the week-end: Mrs. J. E. Rowland, Mrs. Dill, Sr., and Mrs. Dill, Jr., and baby, all of Detroit. T. R. Morrison and his daughter of Ann Arbor were guests of their grandmother, Mrs. Jennie Wood, Sunday.

Ernest Ketcham and sister, Miss Ketcham and Albert B. Bachus of Detroit were callers on John Gipe, Sunday.

Mrs. Elvira Green entertained her sister, Mrs. Lois Bigelow and children, Mr. and Mrs. P. D. Parker, all of Fowlerville, Sunday.

Mr. and Mrs. T. Needham of Detroit visited with their aunt, Mrs. Mary Howe, Sunday.

Mrs. Mamie Kingsley and Burt Vincent of Milford called on Mrs. Susan Damsen, Sunday.

Mrs. Bessie Barry and Roy P. Henry of Pinckney were guests of Mrs. Dora Davis, Sunday.

Mr. and Mrs. Cecil Powers and Mrs. Hess and son Howard of Vermontville called on Mrs. C. E. Park, Sunday.

Miss Emma Daniels is spending a few days with her sister in Gregory.

The Ladies Aid Society of the Stockbridge Methodist church is booked for a picnic on our grounds Tuesday, June 13. A picnic on the lawn and program in the auditorium are planned.

Charles E. Park has been under the doctor's care for the past few days but is improving.

The Board of Managers of the Home are planning to hold their annual meeting in June here on the Home grounds. A very enjoyable time has been had at their previous gatherings and the same is looked forward to for the next meet. The date will be announced later.

Mr. and Mrs. Ellsworth Ackerman of Richmond were here Sunday, called by the illness of his mother, Mrs. Sarah Ackerman.

Mr. and Mrs. Ed Ackerman of Detroit are spending several days here.

Green Tubers Will Cut Market Prices

Delayed planting of potatoes by Michigan growers results in the marketing of immature tubers which prejudice the buying public against Michigan stock, according to the farm crops department at Michigan State College.

Unripe potatoes are soggy and dark colored when cooked. Both the appearance and quality of the potatoes

is poor and the housewife who once toes grown in some other section when buys them is apt to purchase potatoes she has to renew the supply for the household.

Immature potatoes are apt to have the skins broken in digging or in handling for shipment so the tubers appear rough and dirty as they are exposed for sale in the markets. This gives them a handicap to overcome before they get into the consumer's home.

Most of the Michigan market crop

is produced from Russett Rural seed stock. This variety needs 120 to 130 days after planting to become fully ripe, and the planting date should be early enough to allow that length of growing season before the danger of frosts.

In average years, a planting date of May 15 to May 31 will be satisfactory for the section north of Muskegon and Saginaw. Potatoes may be planted safely from five to ten days later south of the Muskegon-Saginaw line.

IT'S WISE TO CHOOSE A SIX

A demonstration tells you why it's wise to choose a six

Everywhere, buyers are agreeing "It's wise to choose a Six." And if you want to know why, get a demonstration of the Chevrolet Six.

Learn what an amazing difference two more cylinders make—in smoothness, in silence, in flexibility and in comfort.

And learn what a difference all of Chevrolet's other modern features make—the four long semi-elliptic

springs—the four Lovejoy hydraulic shock absorbers—the weatherproof 4-wheel brakes—and the sturdy hardwood-and-steel construction of the luxurious Fisher bodies.

It will take only a few minutes to confirm all the reasons why it is wise to choose a Chevrolet Six. So come in today. See it. And investigate Chevrolet's easy payment plan—one of the most liberal in the automotive industry.

MAY FESTIVAL AND CHORAL UNION CONCERTS HAVE ENVIABLE RECORD

The Annual Festivals of the University of Michigan have brought renown and distinction to the University, Ann Arbor and its environs, the State of Michigan, and as a matter of fact to the entire Middle West. This year's Festival will be held May 14, 15, 16, 17.

The first May Festival took place thirty-seven years ago and since that time without a break, similar festivals have been held each spring. The first festival developed in a most logical manner and represented an awakening of musical interests in the University and city which had been gradually developing for some time.

A decade and a half earlier, in the year 1879, a group of interested lovers of music and artistic culture in general made up of members of the administrative bodies and of the faculty of the University, and citizens of the community, united their cultural endeavors in the formation of the University Musical Society. At that early period the University had done relatively little in the field of music and such efforts as had been made were represented largely by student performances. Likewise the musical activities of the community had not yet crystallized and only endeavors which centered about some one of the various church choirs attempted anything in the way of public performances. A few private teachers of music were scattered about the city but their efforts were largely personal in character.

As a result, however, of these more or less individual efforts, in various phases of musical activity, a successful attempt to centralize and harmonize many of the existing musical resources and to formulate a general policy for further development in music in various directions, culminated in the organization of the University Musical Society, a duly incorporated body based upon the statutes of the State of Michigan providing for the incorporation of societies not for financial gain.

This Society in its articles of association set forth among its principle purposes, first, the organization and maintenance of a choral society and in connection with the choral body the giving of public concerts, and secondly, the organization and maintenance of a School of Music wherein instruction in all branches of music might be had, comparable in content to that provided by the University in other branches of study. So wisely were its articles drawn that during the intervening more than half century it has served as the basis for the development of the Choral Union and May Festival concert series and the University School of Music. During the past year an arrangement was perfected between the Board of Regents of the University and the Board of Directors of the University Musical Society, whereby the School of Music now operates as a division of the University rather than as an entirely separate institution.

For about the first fifteen years the Society continued its choral and concert activities. Each year great artists were brought to Ann Arbor and from time to time the Choral Union appeared in miscellaneous choral works at intervals during the winter season. Records show that at some of these earlier choral concerts which were rotated among the churches of the city, often times the number of people participating in the chorus — on the stage, exceeded the number in the audience. However, progress continued to be made and with the coming of Dr. Albert A. Stanley to the University as Professor of theoretical and historical music in the College of Literature, Science and the Arts and as Musical Director of the Musical Society, in the latter part of the eighties, added impetus was given to musical activities in all directions. He created greater interest in choral singing and with enthusiasm stimulated a larger and more vigorous appreciation on the part of the public for the concerts given by the chorus and by the artists who were brought in from time to time. In the early nineties a well defined series of concerts were given and as a climax to the season of 1893 and 1894, the Boston Festival Orchestra, under the baton of Emil Mollenhauer was brought to Ann Arbor for a group of three concerts to be given on a Friday night, Saturday afternoon and Saturday evening, about the middle of May. This was the first event ever to take place in Ann Arbor on such proportions and it was referred to as the "May Festival". So much enthusiasm developed in University circles, the community, and over the entire State of Michigan, that long before the event took place its promoters were so optimistic that they began to talk about having an annual May Festival and when the programs were printed it was designated, "First Annual May Festival".

Old University Hall with its wooden benches and many other obsolete appointments was packed to overflowing, not only by members of the University, students and faculty but by townspeople and music lovers from all over Michigan and surrounding states. Special trains brought them to Ann Arbor and hundreds were unable to obtain admission. No such crowd had been anticipated and no arrangements then existed either for housing or for feeding such an unexpected group. The proverbial May Festival down pour of sleet and rain accompanied

the concert performances and crowds of people wandered about on the sidewalks drenched to the skin. To make matters worse, some misunderstanding took place with reference to the schedule of returning trains and large groups of people remained for hours at the railroad stations for their special trains to pick them up.

The following year Mr. Mollenhauer and his Festival orchestra with Dr. Albert A. Stanley again directing the Choral Union, participated in a festival which consisted of four concerts instead of three and at the third Festival, the following year, a fifth concert was added, bringing the Festival days up to three; Wednesday night, Friday afternoon and evening, and Saturday afternoon and evening. The Festival continued on this basis with Dr. Stanley and Mr. Mollenhauer in charge for eleven years, up to and including the Festival of 1903.

Beginning with the Festival of 1904 and continuing since that time, the Chicago Symphony Orchestra with Frederick Stock as conductor, has participated without a break, the coming Festival being the twenty-sixth year that Mr. Stock and his band of players will have visited Ann Arbor. In 1908 one more day and one more concert was added to the Festival schedule, the program since then having included, four evening concerts beginning on a Wednesday, with two afternoon concerts on Friday and Saturday. Up to this time the University Choral Union of three hundred voices, have provided the choral portions of the program but with the addition of one more concert, Dr. Stanley evolved the idea of including a large chorus of children from the Schools of Ann Arbor at one of the matinees. Since that time the children's matinee has become an important and interesting feature of the annual event.

It is very significant that during all the years of the Festival but two musical directors have been in charge. Dr. Albert A. Stanley the founder who continued in charge until his resignation in 1920 at which time he was succeeded by his protégé, Dr. Earl V. Moore, for two years as acting conductor of the Choral Union and since 1923 as Musical Director. A survey of the artists and organizations which have participated and of the programs which have been given in the combined Choral Union and May Festival concerts since the organization of the University Musical Society in 1840, reveals some startling facts.

Concerts have been given by the Boston Festival Orchestra, the Boston Symphony Orchestra, the Chicago Festival, the Chicago Symphony Orchestra, the New York Philharmonic Orchestra, the New York Symphony Orchestra, Philadelphia Orchestra and the Pittsburgh Orchestra for a total of approximately one hundred and fifty performances. The United States Marine Band and Sousa's Band have been heard on various occasions.

The most distinguished chamber music organizations have been heard in approximately fifty concerts while not less than fifty of the most distinguished musical conductors have participated in connection with the various ensemble groups which have been heard.

More than one hundred of the world's greatest sopranos have appeared either in concert or in festival roles while about fifty of the great contraltos have been heard. Seventy-five tenors have appeared in various concerts and approximately one hundred baritones. Seventy-five of the world's greatest pianists and an equal number of violinists have contributed from time to time and many of the leading violoncellists, organists and miscellaneous performers have appeared before Ann Arbor audiences. When it is remembered that in many instances most of the artists in these groups have been heard on several occasions, the total number of performances is greatly increased.

A tabulation of large and smaller choral works with orchestral accompaniments, symphonies, symphonic poems, orchestral selections, overtures, concertos and chamber music reaches outstanding proportions. A detailed repertoire of the works heard covers well-nigh the entire field of this type of music composition.

The activity of the University Musical Society is by no means covered by the above, for in addition to Choral Union and May Festival concerts during these years about eighteen hundred programs of various sorts have been provided in the faculty concert series, the Twilight organ series, student recital series etc., conducted by the school, practically all of which have been given without admission charge and have covered practically the entire field of ensemble and solo music. On many occasions important works have been given their first hearing in this country in these concerts. A reasonable conservative estimate of the number of works performed would place them at approximately twelve thousand. These added to the Choral Union total would tend to reach nearly fifteen thousand works heard during this period.

Egypt's Lore

To many, Egypt is the most fascinating country in the world. The modern mind is astounded by the majesty of Egyptian monuments, by the angles her art takes, by the coloring and flavor of her culture. The hand of the ruler of the ancient Egyptian dynasties was so heavy that it is felt strongly by moderns who wait the banks of the Nile.

Mole Drains Fail In Michigan Test

Mole drainage systems can only be successful on lands which have a heavy clay subsoil, and the benefits, even on such areas, are limited and of short duration, according to experiments conducted by the agricultural engineering department of Michigan State College.

Mole drainage is attractive in theory because such a system can be installed at a cost of two dollars per acre where the lines are spaced two rods apart but the College trials showed that the lines would remain open only a comparatively short time, and that a heavy rain soon after the drains were made might fill them up immediately.

The mole drains are made by attaching a cylindrical piece of steel to the bottom of a plow coupler which is specially constructed to run in the subsoil below the usual plowing depth. The coupler cuts a narrow slit in the soil and the passage of the steel cylinder leaves a tunnel at the bottom of the slit.

This tunnel will not remain open except in clay subsoil, and, as water permeates such soils very slowly, each tunnel drains only a narrow area under ideal conditions. The College agricultural engineers advise the use of such a system only in combination with tile drains where the mole drains can be used as laterals.

Raspberry Does Not Require Fertilizer

The results of fertilizing raspberries in the spring are apt to be disappointing to the owner of the plantation, members of the horticultural department at Michigan State College say after compiling the data from tests made in commercial fields.

The specialists in horticulture advise the application of fertilizers in mid-September if any are to be used, and they state that it is doubtful if a profit can be obtained from the use of fertilizers for raspberries which are growing on heavy, fairly rich soils. Plants yielding at the rate of 150 crates per acre require no additional plant food according to the College experiments.

Nitrate fertilizers applied in September apparently increase the quantity of early berries produced but there is no appreciable gain in total yearly production. The early berries, of course, usually bring a premium in price and this added value may make the use of fertilizer profitable in some cases.

The foliage of the raspberry plants is noticeably benefited by the use of nitrogenous fertilizers and, if the

Ordinary Gales

Property owners realize that windstorm insurance not only indemnifies against cyclones and tornadoes which destroy everything in their paths; but also against ordinary gales which unroof houses, and blow down chimneys. Branches from trees or moveable property break windows and jab holes in roofs and walls, too.

In proportion, the little losses cost just as much as the big ones. Windstorm insurance indemnifies for both kind of losses — for little money.

You Must Consume Less Than You Produce During Your Productive Years

The amount you spend for clothes, or amusement, or anything else is your own personal affair. Each man or woman has a different idea in regard to what should be classified as necessities, comforts, or luxuries.

HOWEVER, there is one thing certain—if you want to continue enjoying the necessities and some of the comforts and luxuries in the future, then you must spend less than you earn now.

Farmers & Merchants Bank

Under State and National Control

Question And Answer Dept.

Ques.—What is the size of an acre, and how was it determined?
Ans.—An acre is 4,840 square yards. Originally an acre was a field of any size. The limits of an acre of land was first established by statute during the reign of Edward I of England in the amount a yoke of oxen could plow in one day. The 4,840 square yards to an acre was fixed in 1878.

Ques.—Can you answer in your question and answer department when the first almanac was issued, and why it was called "almanac"?

Ans.—The word "almanac" is of uncertain derivation, but the word is believed to be taken from the Teutonic "all" meaning "the," and "moon," meaning "moon." The earliest known almanac is dated 1200 B. C. and was written on papyrus in the time of the pharaohs of Egypt. The first printed almanac was issued in 1487 by Purbach, an astronomer of Vienna.

Ques.—Can any harm come to a man for lying to his wife?
Ans.—Absolutely if she catches you at it.

Ques.—To be properly proportioned how long should my arms be as compared to my height?
Ans.—Stand with your back against a wall and stretch your arms out against it, with your hands wide open.

Have somebody mark at each hand where the tips of the longest finger comes. Then measure it in inches. The figures should correspond exactly with that of your height if you are properly proportioned with reference to the length of your arms.

Ques.—I would like to ask you if "Mother's Day" is a legal holiday?

Ans.—In all states except New Mexico "Mother's Day" is the second Sunday in May. In New Mexico May 12 is "Mother's Day," and is a legal holiday in that state.

Ques.—My grandmother was born on June 1, 1861. Can you tell me on what day of the week she was born?
Ans.—If your grandmother was born on June 1, 1861, she was born on Saturday.

Ques.—To settle an argument you are asked to answer in your question column what was the weight of the largest gold nugget ever found?

Ans.—The largest gold nugget of which there is any record was found in California in 1853 by Oliver Martin while digging the grave of his friend. The nugget weighed 151 pounds and 15 ounces and netted the owner \$20,760.

Ques.—Will you answer in your question column how to pronounce "Mesdames"?

Ans.—The correct pronunciation of "Mesdames" is as though it was spelled "May-dam."

Ques.—Will you kindly answer in your paper what is the "Montre doctrine"?

Ans.—The "Montre doctrine" was a part of President James Monroe's message to Congress on Dec. 2, 1823, when Spain and Portugal agreed to recognize much of South America, which would wipe out the newly established republics there. In part, the doctrine reads: "With the governments

(of America) who have declared their independence and maintained it, and whose independence we have, on great consideration and on just principles, acknowledged, we could not view any interposition for the purpose of oppressing them or controlling in any other manner, their destiny, by any European power, in any other light than as the manifestation of an unfriendly disposition toward the United States."

Ques.—Will you please answer in your question and answer column what was the day and date that Washington took command of the Continental Army?

Ans.—Washington took command of the Continental Army on Monday, July 3, 1775.

SLAT'S DIARY

Friday—A cuzzon from the city of m' cum to call on us and when she

seen the rose bushes full of pretty red and white and pink roses she wouldn't hardly believe they was natchal roses. She sed they was so beautiful and sweet looking she that they was Art-fishel roses and she wandered how we was able to get them a way out here in the country. What ignerents!

Saturday—Pa was a going to rite a letter to his sister up north this p.m. but it was raining to hard. He found out that his fountain pen was dry so he diddnt want to get all wet a walking clear over to the post office in the rain.

Sunday—well we had a very very bad skare at are house this a.m. after pa and me had ate are serial breakfast food we diddnt feel so good and both of us got to kinda frothing at the mouth. so we diddnt go to church and even ma and Ant Emmy stayed at home too. It was kinda tuff on me tho because I had planned to practice with the base ball team this p.m. A natchal Sunday waisted.

Monday—Found out this morning that the serial breakfast fd. that we got sick on was Soap chips with ma had got and fed us by mistake. We had chicken this evening on acct. of we had Co. this evening. I got the wash bone. My wish was that I had sed that the Maine was blew up in eighteen 98 insted of teen 92. But mebbly it wont cum true.

Tuesday—little Dorothy Plank she is just a yung girl sed her fokes played a dirty trick on her. she had been praying for a big doll and yesterday they bring her to the hospitale to see her mother and then showed her a little brother they had got for her. she was cilly sore at them about it. me and Jake got a good laff out of the circumstances.

Wednesday—They are putting on a speretta at skool and I have got a speaking part in it. when the wind is supposed to shreak why I do the shreaking for the wind in the fat act. don't no if I'll get it across very thillen.

Thursday—Pa got a balling out for letting a mistake go threw the noose paper which he works at today. It was in a add for a bewty shop and it advertized a speshul on Permanent Wives for six \$.

UNADILLA

Mr. and Mrs. Ed Cranna, Mr. and Mrs. Clarence Cranna, Claude Rose and Emmet Hadley were Jackson visitors on Monday.

Stanley Teachout spent the week-end with his parents, Mr. and Mrs. C. E. Teachout.

Mrs. Sarah Pyper still remains ill at her home.

Mrs. Emmet Hadley, Mrs. Cecil Teachout and Geo. Marshall Sr. were in Howell on business Monday.

Mr. and Mrs. Clair Barnum and daughter were Sunday dinner guests of her parents, Mr. and Mrs. Eli Brooks.

Mrs. Sarah Barnum and Esther and Mrs. Olin Marshall, Maxine and Geo. Jr. were Jackson shoppers on Saturday.

Clyde Jacobs and family were dinner guests of Ralph Teachout and family Sunday.

Mr. and Mrs. Clinton Johnson of Pontiac were weekend guests of Mr. and Mrs. Ed Cranna.

Miss Edith Hathaway and Richard Thompson of Ann Arbor were guests Sunday of Mr. and Mrs. Cecil Teachout.

Mr. and Mrs. Gallup of Plingree were Sunday callers at Olin Marshall's.

Mr. and Mrs. George Glinther and Howard and Miss Vivian Hoffman were in Detroit Sunday.

Maxine Marshall was very pleasantly surprised Monday evening as the pupils and parents of the Plainfield school gathered at her home in honor of her 21st birthday. The evening was spent in games, after which they served a buffet luncheon and presented Miss Marshall with a beautiful gift.

Has Many Rivals

"He who works righteousness" said the sage of "Ching-tung," "must not be surprised if he loses his own purse to those whose quest is similar."—Washington Star.

Day of Days for Mothers

Of course there is no complete chain connecting the early celebrations with the modern festival, which is perhaps the most conscious and deliberate effort ever made to honor motherhood.

Yet the present Mother's day has something in common with the old celebration. The history of the modern observance dates back to the Civil war. In fact, the movement had its inception prior to that struggle in the work of Mrs. Anna M. Jarvis of Philadelphia. Through her community and religious work she aided many war mothers and veterans in various ways. From this work was developed the annual celebration by her daughter, Miss Anna Jarvis, also of Philadelphia. Miss Jarvis is now recognized as the founder of this great movement despite the fact that several others have claimed credit for the idea.

The story of the origin of this much-loved anniversary goes back to the time of the founder's mother's death. While wondering what flower to lay on her mother's grave it occurred to Miss Jarvis that it would be a wonderful tribute to all mothers, living or dead, if everybody would unite in

Miss Anna Jarvis.

the simple wearing of a flower on one day of the year. She decided on the white carnation because it seemed to be the most appropriate symbol. Then she selected a day and asked everybody to wear a white carnation in honor of their mother.

Spread Over Whole World.

The Mother's Day International association was then organized to promote and protect the celebration of the day dedicated to mothers the world over. Through its efforts Mother's day is now observed not only in America, but in England, France, Spain, Italy, Belgium, Australia, Japan, China and Africa. On May 10, 1913, congress commended the idea, and in 1914 Representative Healin (now senator), at the request of the founder and president of the association, whose picture is shown here, introduced a joint resolution whereby the President should designate, by annual proclamation, the second Sunday in May as Mother's day. The bill, as passed that year, also authorized the President to issue a proclamation requesting the government officials to display flags on all government buildings each Mother's day. President Wilson issued the first Mother's day proclamation May 10, 1915.

According to the official program of the Mother's Day association Mother's day is a personal, family and memorial day, a celebration for sons and daughters. On this day you should live your best. You should have your mother and father or other benefactors as guests. And if you have no place to entertain them, go home to them, providing of course your presence will not mean added work for tired hands. In case it is absolutely impossible for you to get home, write a Mother's day letter. No person is too busy to write a letter to his or her mother on this hallowed day.

White Carnation Proper.

The emblem to be worn on Mother's day is the white carnation. It typifies the beauty, truth and fidelity of motherhood. Some people choose to wear a red or pink one for one who is dead, but the Mother's Day association does not recognize any but the white carnation, which may be worn in either case. However, if carnations cannot be had almost any flower of either color will do. In this connection the association warns against peddlers, money-schemers and others who are always trying to commercialize Mother's day. The only authorized badge for the day is a button with a white carnation design on it and the name of the association. Many of these buttons have been given away, but their sale at a few pennies each is now the association's only means of raising money to carry on its work. The association has no paid officials and no one is authorized to sell such things as paper carnations, or red carnations at fabulous prices.

In recent years the celebration of Mother's day has broadened to include observances during the weeks preceding and following it. Many of our schools observe the Friday preceding the second Sunday in May, while many of our colleges celebrate the week-end by having parents visit the students and college officials. Last year thousands of mothers and fathers visited various colleges as guests of their sons and daughters. The heads of the army, navy and marine corps annually enter into the spirit of Mother's day by having the defenders of our country remember mother and home folks.—Fathandor Magazine.

OFFICER TELLS WHAT KONJOLA DID FOR HIM

He Found in New and Different Medicine Just What Was Needed to Restore His Health.

MR. DAVID E. SUMNER

"Konjola made me feel like a man again and when I started taking this medicine I was about as sick and miserable as a man can be and keep going," said Mr. David E. Sumner, 1051 Boston street, Grand Rapids. "My stomach was completely out of order, my kidneys were weak, my back ached so badly I thought I could not stand it another minute. Every night I had to get up numerous times and the loss of sleep put me all out of condition for the day's work. My appetite was poor and I lost in weight and strength."

"To make matters worse, not a medicine I tried did the least bit of good. But what an experience I had when I started taking Konjola! I had not finished the first bottle before I began to feel better—and as the days passed, the improvement became more noticeable. In all, I took five bottles and they restored my health completely. I am eating like a wood-chopper, sleeping fine and that terrible backache is no more. I'll tell the world Konjola is the medicine for me, and I highly recommend it to other sufferers."

Many express amazement at the speed with which Konjola works. It does, but a course of from six to eight bottles is strongly recommended.

Konjola is sold in Chelsea, Michigan, at Burg's drug store, and by all the best druggists in all towns throughout this entire section. —Adv.

Conservation Law Violators Pay Fines

Of 159 conservation law violators apprehended during the month of April, 92 were violators of laws pertaining to the catching of fish, the monthly report of the Law Enforcement Division of the Department of Conservation, issued today indicates.

The report shows that the 159 violators paid a total in fines and costs of \$3,791.13 and served an aggregate of 260 days in jail.

Violators are reported for April in 49 counties of the state. The names of two juvenile offenders are not included in the list published by the Division.

Of the 92 fish law violators, 48 were arrested for the illegal spearing of fish. These included violators who speared pike before the season which opened May 1, trout before the opening of the season; those who speared in closed streams and those who used jacklights illegally.

Thirty-seven convictions were reported for the illegal use of nets, including dip nets, trammel nets and pond nets, and the seining of fish in closed waters.

The heaviest fine imposed on any violator during the month was in Barry county where Archie Tobias was convicted of fraudulent practices in connection with the buying of furs. Tobias paid a fine with costs aggregating \$118.45.

Ives Kauppi, Keweenaw county, was sentenced to serve 30 days in jail for killing and possessing an otter.

In Alger county, Arthur Fraley, convicted of carrying a loaded gun in an automobile was forced to serve 40 days in jail when he was unable to pay a fine of \$25.

The total number of arrests for game law violations for the month was 17, the report shows, while 50 men were convicted of various violations of the fur laws, mostly for trapping muskrats out of season. The average penalty imposed on all violators for the month was \$23.84.

Despite the fact that the spearing law is new there has been general observance throughout the state, according to Hugh E. Green, chief of the Law Enforcement Division.

NORTH LAKE

Miss Mary Parker will teach in the Easton District, Lima township, this coming year. The district is to be congratulated on securing a teacher whose teaching ability rates as does Miss Parker's, and whose musical talent is a contribution to any community.

Misses Doris Corby of Chelsea, Mary Hinchey of Ann Arbor, and Mildred McDaniels of Detroit spent the week-end at their homes here.

Among those who attended the Mothers and Daughters banquet at the Dexter M. E. church Thursday evening, May 8, were: Mrs. Bertha Noah and daughter Mildred, Mrs. Esther Noah, Mrs. Eva Stoffer, Mrs. Emma Hudson, Mrs. John Mester, Mrs. Chas. Johnson, and Mrs. E. W. McDaniels. Rev. and Mrs. H. G. Pearce spent the first of the week at their farm here.

The Sunday school has begun a series of educational subjects on Law Enforcement. Last Sunday the following special program was given: "The Wets Have No Plan," from Senator Capper's article in the May 1 issue of the Michigan Farmer, read by Mrs. Flora Hadley; "We Vote Dry," Mildred Noah; "Safety," Gladys Hinchey. The latter two readings were from "The Young Crusader."

North Lake Church News Sunday, May 11, 10:45—

Each of the classes of the Sunday school will contribute special numbers, following the regular study of the lesson. Among the numbers will be: "Famous Mothers of the Bible," by Mrs. Monna Phillips; "Convent Bells," played by Miss Mary Parker; "I'll Wear a White Rose for You, Mother Dear," sung by Miss Orpha Noble. A special service for Mothers and Daughters will conclude the Sunday school hour.

11:45—Mr. Hocking will sing "Tell Mother I'll Be There."

"Mothers" will be the subject of his morning sermon.

OUR NEIGHBORS

MILAN—Thursday evening, June twelfth, is the date that has been set for the Commencement Exercises at Milan High School. One of the largest classes in the history of the local school will that night receive the diplomas for honest and successful completion of the courses prescribed by the curriculum of the school. According to the announcement made at the school there are at present forty-three candidates for graduation.—Leader.

Powerville—Dan Adams, son of Mr. and Mrs. George Adams, and a graduate of Powerville high school in the class of '26, was a member of the Alma College Men's Glee Club which recently completed its annual season. Dan has been trumpet soloist on the club for the last two years in the skit called "Moments of Humor and Song." He is also President of the band.—Review.

HOWELL—Mayor S. S. Platt of Howell in a formal statement to the Republican Press announces his candidacy for Republican nomination for representative to the state legislature from Livingston county.—Republican Press.

YORK—Plans are under way for a special election of the voters of York Township when they will be asked to sanction an application of the Washington Gas Company for a franchise to come into the township. The company has asked permission to lay high pressure mains in the township and serve the community with commercial gas. For the present, the plans of the company call for an expansion into this territory as far as the site for the new hospital north of Milan.

Mergers of the Michigan State Farm bureau wool pool, active since 1919, and the Michigan Co-operative Wool Marketing association to operate hereafter under the name of the latter association, was announced at Lansing by Secretary C. L. Brody, of the farm bureau, at the close of a meeting of the two boards of directors, held at state farm bureau headquarters.

Fast mail to the Thumb district was promised by Chief Clerk E. C. Jaffar, of district highway maintenance in response to a petition circulated through the Thumb asking for improved delivery. Jaffar said methods of speeding service are being considered.—The petition suggested that mail be carried out of Bay City on buses.

Mrs. Eliza Boardman, 78 years old, was found dead in her home at Port Huron, of gas asphyxiation. Her son, Matthew Boardman, who was found unconscious, was revived with a pulmotor. Gas was escaping from two open burners in the kitchen range, he believed to have been accidentally opened.

Joseph Witt, a Jasper farmer, near Adrian, suffered serious injuries received in a dynamite explosion. He was struck in the face while working toward a stump in which he had placed a charge of the explosive. His face and right arm were badly mangled.

The State Sanatorium near Howell has nearly doubled in population in the last 10 years. Its present census is 478, compared with 261 for 1920, an increase of 81, or 30.8 per cent.

Try Standard Liners for results—25c.

LIMA

Mrs. Ada Waitrous is ill at her home. Mrs. Russell of Saline is helping care for her.

Gottlieb Koch of Quincy spent the week-end at the home of Mr. and Mrs. Albert Schiller.

Mr. and Mrs. Frank Kiehl of Ann Arbor spent Monday evening at the home of Mrs. John Schanz.

John Vogeding is spending a few days at the home of Mr. and Mrs. C. D. Jenks.

Those attending Field Day from school district No. 8 Lima were: Mrs. Fred Bollinger and daughters, Irene, Helen and Dorothy, Mrs. Albert Koch and son, Elmer, Paul Koch, Mrs. John Schanz and Dorothy Schanz.

Mrs. Fern Roth visited the Jerusalem school Tuesday.

Mrs. George Koenigter spent Wednesday at the home of Mr. and Mrs. George Koenigter.

Mr. and Mrs. George Halst entertained friends at dinner, Sunday.

Arriving at Kalkaska from Lima, Ohio, after a trip by horse and buggy which required a month, P. K. Hill, 101 years old, started work on a farm he recently purchased. Hill will use no machinery of any kind in tilling the soil, he said.

Plans are being completed for a new municipal building at Carleton, costing \$40,000. The building would house the fire equipment, the village council chamber, police headquarters and justice court.
