Odd Fellows Take First Twilight Final

The Odd Fellows won the first game in
their Twilight League play-off
series against the Legion for the Chel-
sea Standard silver trophy Tuesday
evening. The score was 7 to 1. Van
Gieson pitching for the Odd Fellows
and C. Rowe for the Legion. The lat-
ter was given ragged support through-
out most of the game, this factor ac-
counting for the lop-sided score.

Previous to this game, the Odd Fel-
lows had lost the third series to the
Legion when they were defeated by
the Methodists 7 to 8 last Friday
night.

The second game of the final series
will be played Tuesday night at
Holmes field. If a third game is nec-
essary to decide the championship, the
date will be announced in the Stand-
ard for August 14.

That interest has been brought to
a high pitch in the Twilight League
was evidenced Tuesday by the attend-
ance, which probably set a record for
the season so far, autos being lined up
behind the base lines for the length
of the diamond on both sides.

Ann Arbor Post Offers Aid to Obtain Pensions

On July 3, 1930, an amendment was
made to the World War Veterans
Act providing that any honorably
discharged soldier who entered the
service prior to November 11, 1918,
and served ninety days or more dur-
ing the World War, and who is or may
hereafter be suffering from a twenty-
five per cent or more permanent dis-
ability shall be entitled to receive a
disability allowance.

Graf-O'Hara post, Ann Arbor, Vet-
erans of Foreign Wars, is assisting
ex-service men in making applications
for pension.

Eligible veterans, whether or not
they are members of the Veterans of
Foreign Wars post, are urged to ap-
ply immediately to William Pommer-
ening, 601 Ann Arbor Trust Building,
who has been appointed chairman by
Harold Zulz, commander of the Vet-
erans of Foreign Wars post in Ann
Arbor.

Lightning Bolt Starts Fire On Savage Farm

About 5 o'clock Monday morning
the community fire truck was called
to the farm of Harry Savage in Syl-
van. During the early morning a bolt
of lightning struck in the hay field
and a blaze was started which burned
over several acres of stubble and de-
stroyed about forty fence posts on the
line fence between Mr. Savage's and
the Geo. T. English farm.

Mr. English had recently plowed his
orchard, where the fire was stopped.
If the orchard had been covered with
grass, it probably would have been
destroyed.

The entire neighborhood in the vi-
cinity of the two farms responded to
the alarm and assisted in stopping the
spread of the flames.

Auto Stolen From Chris Schlee Garage

A Buick automobile was stolen
from the garage of Chris Schlee on
his farm in Lima, Friday night. The
driveway from the garage to the high-
way passes near the window in the
sleeping room of Mr. Schlee and
neither he nor any member of the fam-
ily heard any noise when the car was
taken away. It is thought that the
thieves pushed the car from the gar-
age to US-12. An old Hudson car
was left at the roadside in front of
the Schlee residence.

Chelsea Lodges Plan Joint Basket Picnic

MRS. KATE RHEINFRANK

ly Monday morning, August 4, at her
home, 580 Thompson street, Ann Ar-
bor.

9, 1855, in Freedom township, the
daughter of Philip and Mary Schenk.
She was a resident of Chelsea for 40
years, moving to Ann Arbor in 1925.
She was a member of Bethlehem
church, the Pythian Sisters and the
Ladies Aid Society. She is survived
by two sisters, Mrs. Pauline Jedele
of Toledo and Mrs. James Geddes of
Adrian; a half sister, Miss Ella
Slimmer of Chelsea, and a half brother,
Adolph Slimmer of Laona, Wis.
Funeral services will be held at 2 p. m.
Wednesday at the residence, Rev.
Theo. Schmalt officiating. Inter-
ment will be in Oak Grove cemetery,

DRIVE FOR BOY SCOUT FUND WILL BE STAGED IN CHELSEA TUESDAY

Committee of Business Men to Seek
\$250 to Carry on Work Among
Boys During Year.

A group of eight business men will
head a drive here next Tuesday to
raise a \$250 budget for Boy Scout ac-
tivities for the coming year.

The Scout movement, admittedly
one of the most beneficial enterprises
dedicated to growing youth, has gone
ahead under difficulties in Chelsea due
to spasmodic financing, with its re-
sultant lack of a regular meeting
place and inability to obtain equip-
ment.

There are at present about thirty
members of the local troop, which is
conducted under the jurisdiction of the
Washtenaw County council with head-
quarters at Ann Arbor. Al Richards
is the local Scout Master.

Of the thirty members, three have
the rank of Eagle. Eight boys from
here attended the encampment at
Camp Newkirk, near Dexter, this
summer. Among the activities taken
up locally are life saving, cooking over
a camp fire, first aid and woodcraft.
These are paramount requirements of
a good Scout and there are many oth-
ers that could be taught under proper
circumstances. Books relating to any
subject in the curriculum are kept on
hand by the county council, and are
available to the boys on payment of a
nominal fee.

One of the first requirements of the
Scouts in Chelsea is to have such fi-
nancing as will assure them of a reg-
ular meeting place for the winter
months when the outdoor activities
are, of necessity, largely curtailed.
Business men behind the drive hope
to raise the entire \$250 in the days
drive, which will take care of all needs
for a year.

The local committee is composed of
D. H. Wurster, J. V. Burg, Paul Ma-
ronney, Geo. W. Walworth, O. D.
Schneider, Geo. Staffan, M. H. Mc-
Guffigan and J. H. Boyd.

These men ask that the community
back this campaign to its modest
limit. The Scout movement is re-
garded by educators and social work-
ers the country over as one of major
importance in driving away radical
and criminal influences from ado-
lescent boys.

100 Outlaw Horses Coming to Ann Arbor

Word from the Adams Rodeo Com-
pany, which will furnish many of the
thrills for the Washtenaw County
Fair at Ann Arbor, is to the effect
that there are so many expert cowboys
and cowgirls and so many real outlaw
bucking horses that they are loath to
discard any of them and therefore the
company will be much larger than the
contract calls for.

More than a hundred head of outlaw
bucking horses, wild long horn Mexi-
can and Brahma steers, trained cow-
ponies, beautiful snow white Arabian
high school horses, fine saddle horses
and race horses will be a part of this
mammoth organization that has been
engaged to present the thrilling stunts
of western ranch life in front of the
grandstand at the fair.

Many noted cowboys and cowgirls
who have won a name and fame at
such big western contests as the Great
Cheyenne Frontier Days, The Pendle-
ton, Oregon Round-Up, the Chicago
World's Championship Rodeo and the
Madison Square Garden, New York
World's Series Rodeo will take part
in the performance and contests here
which will program more than thirty
events with large fields of expert rid-
ers and ropers in each event.

Indians too, direct from the reser-
vation in their war paint and feather-
ed bonnets will present their native
dances and ceremonies along with the
stunts of the cowboys and cowgirls,
the Indians giving vent to all their
emotions in songs, dances and cere-
monies. These reservation Indians
still cling to the old tribal customs
and even in the dead hours of the
night around their teepees may gather
and beat the tom-tom and dance
through some ceremony. They do not
seem to realize that they are present-
ing something for the entertainment
of their white brother, but simply live
the life of the reservation while at the
Fair. Many of them are excellent
riders. Not many of them ride with
saddle but stick to the old time custom
of riding their steed bareback.

MRS. WILLIAM PECK

Mrs. William Peck passed away at
her home in Toledo, Ohio, on Tuesday,
August 5. Surviving are the husband,
three brothers, Michael Kelly of Dex-
ter, Robert Kelly of Pinckney and
John Kelly of Chelsea, and several
nephews and nieces. Funeral services
will be held in Toledo Friday morning,
with burial in Pinckney, her former
home.

Brucker Will Speak In Chelsea August 14

Attorney General W. M. Brucker
will invade Washtenaw county next
week in the three-cornered guberna-
torial primary race, according to a
telephone announcement to the Stand-
ard from the county committee last
night.

He will be in Chelsea Thursday,
August 14, at 10 o'clock a. m., and ar-
rangements are being made for a
meeting at the corner of Main and
Middle streets. Band music will be
provided and several speakers in ad-
dition to Mr. Brucker who are ac-
companying the caravan will be heard.

The first rally on the Washtenaw
county itinerary will be held in Ypsi-
lanti Wednesday evening. Following
the Chelsea meeting the candidate and
his entourage will go to Manchester
and other towns throughout the coun-
ty and to Ann Arbor where a large
gathering is planned for the evening.
The primary campaign for the gov-
ernorship was put into full swing at
the beginning of the present week,
former Governor Groesbeck and Judge
Jeffries of Detroit, as well as Mr.
Brucker, having made their first ap-
peals to the electorate.

Independents Defeat Economy Balers, 12-9

The Chelsea Independents won their
game with the Economy Balers of Ann
Arbor, Sunday, by a score of 12 to 9.
Goff and Coe officiated as the local

teresting schedule lined up for the
next four Sundays which will be at-
tended August 31 when they meet the
Bloomer Girls of Jackson.

Next Sunday they will go to Ann
Arbor for a return engagement with
the Balers, the announced game with
Gregory having been indefinitely post-
poned. On August 17 they will play
hosts to the Jackson Collegians and
on August 23 they go to Dexter. The
Bloomer Girls will take the last Sun-
day of the month.

his left forearm. He was believed in
Falls City to have a wife, child and

THE NATIONAL LONG RUN HIT**GOOD PEOPLE DO GET INTO
TROUBLE**

In the last few days it has been most forcibly brought to our attention that good people do get into trouble. Good people are sometimes subject to the faults of thoughtlessness and carelessness. Good people may be misled and deceived. Good people may be misunderstood and wronged. And at times justice seems not only blind but stupid as well.

In our judgment, certain recent events which have occurred in our community clearly demonstrates that the foregoing statements are everyday facts of life. However, it is exceedingly comforting to discover that none of these things are sufficient to outweigh and dissipate the confidence which upright living establishes in the mind and heart of a community.

It has been our great privilege to see an entire community turn in sympathy to a man who has gotten into difficulties. Despite any appearance of evil, the community continues to believe the best of him. It is, we think, a pretty sure indication that the man's goodness is the genuine article. It is also proof that in the last analysis the judgment of the general public is sound.

INKSTER—One of the many projects planned by Harry I. Dingeman, county drain commissioner, which is of especial interest to residents of this vicinity is that of the Bayhan Drain, a three-quarter of a million dollar undertaking. This proposed drain would furnish water and sewage disposal to over 800 home-owners located in 1,044 acres in the village of Inkster in the district bounded by the M. C. R. R., Dearborn city limits, Ann Arbor avenue and Irene avenue.

Will the darkness subside in the light of a fire-fly? Hindoo proverb.

OUR NEIGHBORS

NORTHVILLE—An informal committee meeting of the village commission was held Monday night for the purpose of discussing the reorganization of the police force, but it is understood that the efforts of Mayor Harry German to induce the commission to cut down the number of policemen on the village payroll were a failure and the police question stands right where it did.—Record.

MASON—Wednesday of last week officials of the Ingham county tuberculosis sanatorium with members of the board of supervisors constituting the special building committee held open house at the new hospital. Formal dedication and opening of Ingham's new \$400,000 institution took place at 2:30 followed by tours of inspection made by hundreds who accepted the invitation to be present for the ceremonies.—News.

DUNDEE—Butterfat this week has gone up another cent. The price is now 36 cents. The large surplus of butter reported last January is nearly exhausted and if the poor pasture continues, we may see the price of butterfat at 50 cents.—Reporter.

SALINE—Releasees are to be secured immediately to allow for the construction of two drains in the village as a result of the action of the board of determination in a recent meeting. The drains will affect two-thirds of the population of the village. They are the West Branch of the Saline village drain and the Saline village drain extension.—Observer.

TECUMSEH—Paving of M-52 between Tecumseh and Clinton, a distance of about five miles, will be started this fall, according to Grover C. Dillman, state highway commissioner. The state's original plan was to complete the survey this year and

do the paving as a part of the 1931 program. Herald.

HAMBURG—Rev. Herbert DeLong, who has been pastor of the Free Methodist church at Hamburg village and the parish at Silver Lake the past three years, expects to be assigned to another parish for next year and will hold farewell services Sunday, August 10, at Silver Lake at 10:30 a. m. and at Hamburg at 8:00 p. m.

BRIGHTON—The Consumers' Power Company is now supplying Brighton homes and business places with their gas service. The gas was turned into the mains last week Wednesday and is in actual use in many places in the city and will be in many others as fast as the necessary connections can be made. We are informed by the local representative of the company 224 gas meters have been installed in Brighton and vicinity, a beginning which speaks well.—Argus.

BROOKLYN—Donald Marshall, a graduate of the Western State Normal College at Kalamazoo, has been engaged to teach normal arts and coach athletics at Brooklyn high school the coming year. Mr. Marshall last year taught in the East Jackson school and coached athletics.—Exponent.

HOWELL—The local chapter of the Order of the Eastern Star has invited the Sir Knights of Howell Commandery and their families to join with them for an annual picnic. The event is to be held at Robb's pavilion at Lake Chemung Thursday, August 14. Games and sports are planned, a pot-luck supper will be served and a "bowery" dance will be given in the evening.—Republican-Press.

WAYNE—Faced by an acute water

shortage, the Wayne water department hastens to put into use the reservoir which was erected to provide relief in just such an emergency. Without the reservoir, which utilizes water from Dearborn, the shortage of water would have assumed perilous proportions.—Review.

Question And Answer Dept.

Ques.—Will you please tell me in your question department if any of our presidents were millionaires? If so, who were they?

Ans.—None of our presidents were reputed to be millionaires. Washington, Roosevelt and Harding were, it is claimed, our wealthiest presidents, but none of them left fortunes worth more than a half million dollars.

Ques.—I am told that it is easier to swim in salt water than it is in fresh water. Can you tell me why this is?

Ans.—A person can swim more easily in salt water than he can in fresh because the former is naturally heavier and consequently has greater buoyancy. For instance, the specific gravity of the water in Great Salt Lake is 1.02, which means that a person cannot sink or completely sink or submerge himself in it. This is owing to the fact that it contains great quantities of salt in solution. Because of this buoyancy the lake is an ideal bathing resort. Contrary to popular opinion, an inexperienced swimmer can easily drown in such water. If a person who cannot swim goes beyond his depth, he is likely to lose his balance and be suffocated in the briny water, although his body would float on the surface. The water is invigorating, but bathing in it is usually followed by a fresh-water bath to remove from the body the sticky, unpleasant incrustations of brine.

Ques.—Why is it that in nine times out of ten when you ask a man what kind of a hat a lady whom he was looking at had on he cannot tell you, or even tell you the color of the hat? Why is it that men are so unobservant?

Ans.—Men are observing, all right. Since fashions decreed short skirts, they don't look at the head.

Ques.—I would like to know how bananas got started when it is known that they do not have seeds. Can you answer this?

Ans.—Originally, all varieties of the banana plants produced seeds. Owing to centuries of cultivation, however, the seeds have almost completely disappeared from those varieties grown especially for the fruit. Occasionally edible bananas produce a few rudimentary seeds, but they will not grow. Banana plants are propagated by means of sprouts, suckers and bits of the old root stalks containing buds and eyes.

Ques.—I have always been curious to know why "lb." stands for "pound." When there is no "lb." or "p." in "pound." Will you be kind enough to tell me?

Ans.—"Lb." is an abbreviation of "libra," the Latin word for pound.

Ques.—Can you explain how such perfect likenesses of dead persons are made in plaster paris and other materials?

Ans.—A mold is made by applying plaster paris or other material to the face of a dead person after the skin has been covered with an oil to prevent the plaster from adhering too closely. After the plaster has hardened it is removed and into the mold thus formed, fresh plaster is poured. The resulting cast is a perfect duplicate of the dead person's face. This process can be used on a live person, too.

Ques.—To settle a dispute, will you please tell me what is the state flower of Pennsylvania?

Ans.—Pennsylvania has no official state flower.

Ques.—Will you kindly tell me if "SS" on legal documents means state seal? If not, what does it mean?

Ans.—"SS" does not mean state seal. "SS" are the abbreviation of the Latin word, "scilicet," which means "to-wit" or "namely." It is derived from the Latin "scire," to know, and "licet," meaning it is permitted.

Ques.—Why is it said in presidential elections "as New York goes, so goes the nation?"

Ans.—This expression is the outgrowth of a review of previous presidential elections. Since the Civil War the candidate that carried New York also carried the nation. Tilden, the Democratic candidate, carried New York in 1876 and also carried the nation, but as Florida was thrown out in the count, his opponent, Rutherford B. Hayes, was elected president. Cleveland carried New York in 1884 and again in 1892. Wilson carried the state in 1912 and 1916. These were all Democrats. In other presidential elections the Republicans carried New York and also the nation.

Ques.—Is there such a stream as the "Suwanee River" as sung in "The Old Folks At Home"?

Ans.—Yes, but you have spelled it wrong. The Suwanee is a small stream that rises in Georgia, flows south across Florida and empties into the Gulf of Mexico.

ILL NINE YEARS; KONJOLA BRINGS PROMPT RELIEF

New Medicine Makes Real Record For Detroit Man; Stomach Ailment Soon Banished.

MR. JOHN M. CAVANAUGH

"I suffered considerable anguish for about nine years with stomach trouble," said Mr. John M. Cavanaugh, 1233 Fifteenth street, Detroit. "During this entire period of time, I was subject to frequent vomiting spells. I remained hungry, even after meals, and particularly so around midnight. These attacks of indigestion caused me much misery because of the swollen condition of my stomach. My liver was bad, too, and I felt so miserable that I feared I would have to stop working."

"I had great success with Konjola. I have taken four bottles and all my health troubles have been corrected. I am no longer subject to attacks of indigestion nor do I have vomiting spells after meals. I eat what I wish without fear of discomfort and I feel much better in every way."

Konjola should be taken over a period of from six to eight weeks and is recommended for ailments of the stomach, liver, kidneys and bowels, and rheumatism, neuritis and nervousness.

Konjola is sold in Chelsea, Michigan at Burg's drug store, and by all the best druggists in all towns throughout this entire section.

SLAT'S DIARY

Friday—Pa got in terribly bad with his tonite at the supper table. Ma was reading in the noose paper which Pa works at and she called him a son of a bitch. I don't know what she said to Pa. What does this mean? Worried or married and Pa replied and answered: I don't no, it don't make no difference with it. I guess I guess and ma was sore the balance of the evening.

Saturday—I am afraid this week-end is not a going to be so very happy in my little home. But ma is taking Pa's absent mindedness to seriously I think. Great Scotsmen Linked

Travelers in Edinburgh can now see the house where Walter Scott met Robert Burns in 1787. Scott was a boy of fifteen, and he little realized that his name would be linked with Burns as a great native genius of Scotland. Burns' house was at 477 Buxton's close.

Michigan
Happenings

Michigan stands eighth among states in airport facilities, the department of commerce announced at Detroit. There are 50 sites, commercial and military, virtually all of which have been approved either by the department or by the state aviation commission. California leads the country with 164 airports and Texas is second with 115. Ohio and North Dakota are tied for third place, with 85 each. Illinois is fourth, having 81 approved fields, and New York fifth with 73. Oklahoma is in sixth place with 53, and Kansas next with 51.

Five-year-old Harrison Procter of Grand Rapids was electrocuted when he fell upon the home-made battery with which he powered a miniature electric automobile. He died en route to a hospital. The boy was tinkering with a charger used to restore the battery, which had been devised by his father, Norman J. Procter, motion picture machine operator. The child, according to the father, suffered a shock that caused him to fall upon the battery. He apparently had lain on the battery between 15 and 20 minutes.

Dependent for several weeks over the death of a child, Mrs. Susie Vigella of Port Huron, 26 years old, ended her life by drowning in Black River. Joseph Vigella, a farmer, and husband of the dead woman, stated that Mrs. Vigella had threatened to end her life several times and that she was under a doctor's care. When Vigella returned home from his milk route, Mrs. Vigella was missing. He immediately started to search the river bank. He found the body lying face downward in less than two feet of water.

Rudolph E. Pospisil, plant superintendent of the Mt. Clemens Sugar Co., has announced the inauguration of a six or seven months' manufacturing schedule instead of the former schedule of three or four months. This schedule, according to Pospisil, will increase the output of the company to 40,000,000 pounds of sugar a season instead of 15,000,000 as in the past. A new process of refining, developed and patented by Pospisil, has made the new schedule possible.

It is nothing in the life of 10-year-old Clifton, son of Waldron, to break an arm or two. With his parents, Mr. and Mrs. George Sott, he went to Manchester to visit relatives, and fell out of a cherry tree and fractured his left wrist. The family returned to Hillsdale. He had been home only a few moments when Clifton fell down the front steps and broke his right wrist. Two years ago he incurred a fracture of the right shoulder in an auto accident.

When a fire alarm was sounded at Nashville the firemen were unable to find their fire truck. It was missing from its usual garage. The department responded to the alarm anyway, and found the truck waiting them at the fire—a burning box car filled with lumber. Identity of the person who beat the firemen to it has not been determined. An arrest is a possibility, according to Gail Lykins, fire chief.

Robert Hudson, Jr., 11 years old, tried to rescue a young pigeon which had strayed from its nest in his father's barn, near Owosso, and fell 20 feet, breaking one arm so badly that it may have to be amputated. The boy had crawled out on a beam and fell as he reached for the bird. Assured in the hospital that the bird had been rescued by his father, and Ted, the youngest appeared happy.

Claude Sporre, an employee of the Michigan Fruit Growers' Co-operative Association, was fatally injured at Traverse City, when several barrels of cherries fell on him as a channel bar broke and let one side of an elevator drop suddenly. Sporre was dead on arrival at Munson hospital.

A \$30,000 fire at Blanchard destroyed the meat market operated by William Mallory, a general store owned by A. Kersey, and the residence of J. L. Smith. The blaze was believed to have started in the market. Firemen from Edmore and Mt. Pleasant aided the local department.

William White, 19, Detroit, was burned to death near Amasa, a small village near Iron Mountain, when the car which he was driving ran on the road and hit a culvert and exploded. J. Taylor, 19, was burned. His condition is critical.

Lester Bruff, 30-year-old Marlon Township farmer, living near Howell, killed himself with a shotgun. He had worried over financial difficulties. He leaves his wife and two children.

Nearly 250 Saginaw County farmers, preparing to begin the harvest of 6,000 acres of beans, have signed agreements in the last few weeks to sell their 1930 bean crop to the Michigan Elevator Exchange, the co-operative marketing organization sponsored by the Federal Farm Board. The agreements were signed at eight meetings conducted throughout the county under auspices of the county agricultural extension service, the Michigan Elevator Exchange and Michigan State College.
