### Joseph Policht Given Long Prison Sentence

Joseph Policht, who participated in the theft of a quantity of clover seed from the warehouse of the Chelsea, Lumber, Grain & Coal Co. Tuesday night of last week, was sentenced to a term of 7 1/2 to 15 years in the Michigan Reformatory at Ionia by Judge George W. Sample Monday afternoon.

As a result of this sentence, Policht faces a minimum sentence of 18 1/2 years as he will also have to serve 9 years of the sentence on which he was paroled from the reformatory where he was serving a sentence for theft of an automobile.

Peter Koneski of Chelsea, Frank Kalmbach and Clarence Mayer of Freedom, who were also implicated in the theft, were to appear before Judge Sample this morning for sentence.

The four young men were arrested in Jackson last Wednesday when they attempted to dispose of the stolen clover seed at the S. M. Isbell Co.

Alexander Treasbury of Ann Arbor was taken into custody by Deputy Sheriff Wm. Atkinson Sunday afternoon, charged with reckless driving. Treasbury was driving recklessly on US-12, endangering lives of other motorists, when the complaint was made to the local deputy. He was taken to county jail where he is awaiting arraignment, and his car is being held at a local garage.

### Marion Crafts Weds A. A. Man Saturday

Announcement is made of the marriage of Miss Marion Flora Crafts, daughter of Mr. and Mrs. George Crafts of Sylvan township, and Mr. Albert E. Thadsey, son of Mr. and Mrs. F. H. Thadsey of Ann Arbor, which took place Saturday, October 4, 1930, in Toledo.

The bride is a graduate of Chelsea high school and Cleary Business College and for several months has been secretary at the University of Michigan. The groom is associated with the Buhr Machine Tool Co., Ann Arbor.

After October 10, Mr. and Mrs. Thadsey will be at home to their friends at 1243 Washtenaw Ave., Ann Arbor.

### Cav. Lake Grange Elects New Officers

At the annual meeting of Cavanaugh Lake Grange, held Tuesday evening at the home of Mr. and Mrs. T. G. Riemenschneider, officers were chosen as follows:

Flora—Mrs. Chas. Riemenschneider.  
Chaplain—Mrs. T. G. Riemenschneider.

Secretary—Mrs. P. H. Riemenschneider.  
Treasurer—Mrs. Ruby Heydlauff.

### "Our Blushing Brides" Coming To Princess

Joan Crawford took the first dancing lessons of her life when she made "Our Blushing Brides," her new starring vehicle which will show at the Princess Theatre, Tuesday and Wednesday, October 14 and 15.

America's "dancing daughter" studied under Mme. Albertina Rasch for her part in the spectacular ballet scenes, devoting six weeks to the strenuous terpsichorean calisthenics for the dance number. Although Joan has been noted as a dancer ever since she came into pictures, she never had a day's training in steps.

Harry Beaumont directed the new Crawford film with Robert Montgomery in the leading masculine role and Anita Page and Dorothy Sebastian sharing feminine honors. Included in supporting roles are Raymond Hackett, John Miljan, Hedda Hopper, Gwen Lee and Mary Doran.

### INSTALL NEW TRANSFORMERS

Electric current was turned off locally Sunday morning during which time Consumers Power Company switched current from the interior water-cooled transformers to outside air-cooled transformers at their sub-station on South Main street. It is expected that a new high tension line which is being constructed by Consumers Power Company via Manchester, will be connected with the local sub-station soon, which will assure Chelsea of better electric service, with two high tension lines at the disposal of the local distributing plant operated by the village.

### COMMON COUNCIL TO MANAGE ELECTRIC AND WATER DEPARTMENT

Vote At Monday Meeting To Repeal  
Commission; Pass New Building  
Code Ordinance.

The village of Chelsea is without an Electric and Water Department commission as the result of action taken by the common council at their regular meeting Monday evening, at which time it was voted to repeal the village ordinance, providing for a commission of three to manage and control the business activities of the municipally owned plant.

This action changes the form of control for the plant which has been in existence since February, 1914, when an ordinance was approved by the council during the administration of D. C. McLaren. The first commission, appointed by Mr. McLaren at that time, was composed of Geo. A. DeGole, O. C. Burkhardt and D. H. Wurster.

The first ordinance ever passed, dealing with the commission form of control, was approved by the council in February, 1901. This ordinance called for a commission of five members and was passed during the administration of Wm. Bacon. About six weeks later, shortly after P. P. Glazier was elected president, this ordinance was repealed and another substituted which gave the control to a committee of three, composed of the village president and two members of the council. This method of control continued until 1914.

With the repeal of the ordinance at this time, control will revert to the council. The retired commission was composed of Geo. W. Beckwith, L. P. Vogel and H. S. Holmes.

At the Monday evening meeting, a Building Code, Ordinance No. 60, was passed by the official body. This document deals with fire limits, and regulations covering location of buildings on lot or premises, alterations, equipment, occupation, repairs and removal of buildings and other structures. Full text of the Code will be found on another page of this issue.

### Dogs Raid Sheep On Nearby Farms

A dog attacked the flock of sheep on the Wm. Haefner farm Saturday, injuring two sheep, one of them being injured so severely that it was necessary to kill it. The dog was killed by Mr. Haefner. Justice O. J. Walworth was called to adjust the loss.

Justice Chas. D. Johnson of Dexter township adjusted losses of sheep that were killed by dogs during the past week on the farms of William Clark, R. J. Gouss and Frank McGuinness, Dexter township.

As a whole, during the past few weeks a large number of sheep have been killed by dogs and the killing of all stray dogs might help to reduce the number of sheep losses.

### M. L. Knickerbocker Honored At Party

Mrs. M. L. Knickerbocker entertained sixteen guests at a party Friday evening as a surprise for her husband in celebration of his 32nd birthday anniversary.

Progressive euchre furnished the diversion for the evening, after which the guests were invited to the dining room where a delicious lunch was served, a lighted birthday cake centering the table.

As a remembrance of the occasion, Mr. Knickerbocker was presented with a cigarette lighter.

### Hart Garage Moved To US-12 Location

Hart's Garage, which has been located on North Main street for several years, has been moved to the location formerly occupied by the Evergreen Garage, on US-12. Mr. and Mrs. Hart will operate a service garage and gasoline service station in the new location.

### ENTERTAIN AT INVERNESS

Mr. and Mrs. H. R. Schoenhals and Mr. and Mrs. S. A. Mages delightfully entertained a company of friends Tuesday evening at a luncheon at Inverness Country Club. Covers were laid for fourteen. The evening was spent with cards and dancing.

### BURGLARY ATTEMPTED

An attempt was made to break into the basement of the Clark store on Park street, Tuesday night. The would-be burglars failed in their efforts to gain entrance to the building, and very little damage was done.

### Manchester Defeated In Game Here Friday

(By Alvin Schiller)

Chelsea again came out on top by defeating the Manchester eleven 60 to 0 in a game at Holmes field Friday afternoon.

Manchester was on the receiving end of the kick-off, but soon lost it to Chelsea on downs. Chelsea then made their way for a touchdown. This kind of football kept on until the half, with Chelsea leading 40 to 0.

Chelsea then put in nearly a whole team of second team men to start the third quarter. These boys did very well, keeping the ball in Manchester territory most of the time, but failed to do any scoring.

The last quarter again saw the first team back on the field, and again Chelsea was running up more touchdowns. The game finally ended with Chelsea on the top side of this one-sided game.

There were nine touchdowns made: C. Schneider, 4; H. Holmes, 2; K. Beach, 2; W. Eisenbeiser, 1. Beach made the 6 extra points after touchdowns by place kicks.

Chelsea worked all the plays they had in this game, completing many passes and succeeding in the line plays. There were very few penalties in the game. Chelsea received only one, which was fifteen yards. This was the first penalty of the season.

This was Chelsea's first league victory, but they are looking forward to another at Dundee this week Friday.

### L. A. S. Entertained At M. Zeeb Home

The Ladies' Aid Society of St. Paul's church was entertained at its October meeting Friday afternoon at the home of Mrs. Michael Zeeb, with twenty members and five guests in attendance.

The meeting opened with singing, scripture reading by Rev. P. H. Grubowski and prayer by Rev. Henry W. Lenz, after which the following readings were given:

"Work or Worry"—Mrs. Albert Widmayer.

"Let's Be Neighbors"—Mrs. Martha Weinmann.  
"Bewähre Mich Gott" and "What a Pastor Should Know and Do"—Mrs. Louis Eppler.

Roll call—Mrs. Fred Seitz.  
Mrs. A. Widmayer was chosen as delegate to the Regional convention to be held in Jackson, October 14-15. Lunch was served by the hostess.

### Announce Marriage At Dinner Dance

Delighted in all of its appointments was the dinner dance given Thursday evening by Miss Florence Rhodes of 1038 East Huron St., at the Ritz, to announce the marriage of her cousin, Miss Margaret Foster, daughter of Mr. and Mrs. E. J. Foster of Grass Lake, to Harold Surbrook, son of Mr. and Mrs. William Surbrook of Jackson.

The ceremony was performed on September 23 at the rectory of St. Mary's Notre Dame college at Notre Dame, Ind., from which the bride was graduated in 1927. Mr. Surbrook received his degree from University of Michigan in 1927. The couple is now at home in Jackson.

The fourteen guests were seated at a table which was centered with a graceful bowl of pink roses, while slender pink and yellow tapers illuminated the scene. The favors and place cards were also pink and yellow.

Among the out-of-town guests were the Misses Doris Bagge, Jeanne Caldwell, Alice McNamara and Anita Kelly, and Slater Kern, John Shields, Morley Pigot and Milton Surbrook of Detroit, and Mr. and Mrs. Russell Surbrook and Charles McEllis of Jackson. Ann Arbor Daily News.

### INSTALLS NEW MACHINERY

A. C. Fisher has installed in his place of business a new Champion shoe finishing machine, replacing the machine that has been in the shop for several years. The new equipment uses less floor space and contains many improvements over the former machine.

### BREAKS LEG

While engaged in a practice game of football Saturday afternoon, William Werner, 15-year-old son of Mr. and Mrs. Henry Werner of West Middle street, broke his left leg below the knee. He was taken to St. Joseph Mercy hospital, Ann Arbor.

### ENTERTAINS AT BRIDGE

Mrs. T. Kent Walworth entertained at a bridge party Saturday evening, with two tables in play. Mrs. J. S. Cummings received high honors and Mrs. A. L. Stoger second. Lunch was served following the game.

The President's Speech  
\$27 a Day for All  
Better Than Gold  
Germany Does Something

The President's optimistic view of the near future, backed by sound facts and figures, should comfort many doubting Americans who thought the world had come to an end when violent stock gambling produced its usual result.

Particularly important is the fact, usually forgotten, that this nation consumes 80 per cent of all its products. If tomorrow the people of the United States, consumers and distributors, should resume their normal purchasing, instead of holding back in a vague, foolish fear, our prosperity conditions would immediately become 87 per cent of normal.

Americans now hoarding, they know not why, should remember that the 1930 dollar will do almost twice the buying work of a 1929 dollar. Buy now, the dollar's 1930 value will not endure.

If Henry Ford's latest prediction becomes reality, this country will consume all it can produce, and more; having, perhaps, superior food products. And if they can be produced as cheaply in proportion as our automobiles are produced, our farms could undersell the world, as our automobile and moving picture factories do.

Mr. Ford predicts a minimum pay for workers of \$27 a day by 1950, the five-day week to be universal, giving the \$27 a day man leisure to enjoy his earnings, automobile, radio, etc.

To many that seems preposterous—almost criminal. But not long ago there was only one man in the United States that could earn a dollar a day the year round. The increase from one dollar a day for one man, only to six dollars a day, and more, for millions of men, would have seemed as "impossible" as the increase that Mr. Ford suggests from six dollars to twenty-seven.

Discovery of a gold mine containing two or three billions of dollars in gold would be welcome news, financing the world more strongly on a gold basis.

Discovery of a mine containing millions of tons of pure copper would be of great value to industry, although it might upset stock prices.

But no mineral discovery could be as welcome or as important as the discovery, just announced, of huge radium deposits at Whitewater, Ontario.

These deposits are said to be greater than those owned by Belgium in the Congo, hitherto greatest in the world.

Germany proposes to meet the crisis of extreme radicalism on one hand and threat of Fascist leadership on the other by action.

Rigid economy will reduce national expenditures by a billion marks.

It is even suggested that General Von Hindenburg's pay be reduced.

We have no money worries here, with money to loan a drug in the market. We seem to lack the energy that does something, or anything. We are like a poor old lady, dispossessed from her property lodgings, weeping on the sidewalk, not knowing what to do.

The fiery Hitler reminds you of the saying that if a man doesn't go too far he never goes far enough. He has gone far enough.

He not only threatens to impeach Hindenburg but proposes to conquer Russia, "because Germany needs more territory for expansion."

A large Bolshevik bear in Moscow will have something to say about that.

George M. Reynolds, head of the big Continental Illinois Bank and Trust company of Chicago, ended his fiftieth year in banking with this sensible and comforting statement:

"Depression don't kill people. We are recovering from this depression faster than we appreciate. There is nothing fundamentally the trouble with this country. In a few months the volume of business will startle the nation by its size."

One thing write down and remember for future reference. This is the time to buy good stocks, if you have money to buy and will not be frightened away from them.  
But no time is good for gambling.

Simple-minded red men sold Manhattan Island for \$24, not suspecting how that island and land adjoining across the East river would develop. New York city, with more than 7,000,000 population, has real estate assessed at \$10,700,000,000 which means that it is worth at least \$30,000,000,000.

That is impressive and interesting. Impressive and worth remembering is the fact that the Indians had put their \$24 out at 6 per cent with compound interest they would have enough money now to buy Manhattan Island several times over. The difficulty is that you can't make that sort of compound interest investment, whereas you can buy a good piece of real estate, take care of it, and later have it take care of you.

**GEORGE OTTO**  
George Otto, aged 88, died suddenly Wednesday evening, October 1, at his home in Lyndon township. He was born January 26, 1847, in Hanover, Germany, coming to America at the age of 21, spending the first few years in New York before coming to Michigan.

He was united in marriage July 22, 1874 to Miss Caroline Flahn, at New Haven, Mich., and for more than 50 years they made their home in Lyndon township.

Ten children were born to this union, five of whom have preceded their father in death. Surviving are the widow, five sons, William of Lyndon, Herman of Jackson, Lewis of Toledo, Rudolph of Dexter, and Ben of Ann Arbor, and 14 grandchildren.

Funeral services, conducted by Rev. P. H. Grabowski, were held at 2 o'clock Saturday afternoon at the home of Mr. and Mrs. Rudolph Otto, with interment in the Moore cemetery, Lyndon.

**MRS. LUCY DEISENROTH**  
Mrs. Lucy Deisenroth, 71, died Monday at the home of her daughter, Mrs. Margaret Cole, 1109 Chittok avenue, Jackson. There survive, three daughters, Mrs. Cole, Mrs. Ida Manderville and Mrs. Irene Goodaere; one son, Ralph Deisenroth of Dexter, and 12 grandchildren.

Funeral services were held at the Wehrby funeral parlors Wednesday morning. Mrs. Deisenroth was a former resident of North Lake.

**OUR NEIGHBORS**  
**NORTHVILLE**—The Peoples State Bank of Walled Lake has been closed and the First National Bank of Fowlerville appointed receiver. This action follows the suicide of Clarence Chaff last Wednesday night. From a preliminary examination it is not believed there was any shortage in the bank's funds and it is believed the bank is solvent in every way.—Record.

**TECUMSEH**—Unless something unforeseen occurs, residents of Tecumseh will begin drinking water from the new village well about October 10, it was announced Thursday. The work of digging the well and laying the cement block wall around the 25 and 10-foot circles has been completed and workmen are now busily engaged in building the fire pump house, covering the excavated portion. This will undoubtedly be finished this week, it is said.—Herald.

**SOUTH LYON**—In some places a dog catcher is the butt of many jokes; however this is not true in Oakland county, for here the lowly taxpayer has the worst of it. Editor Charles Seed of the Rochester Clarion was stunned when he read the bad news, but he recovered rapidly and penned the following: "With an Oakland county dog catcher drawing \$8,600 a year, what a Godsend to the taxpayers our Board of Supervisors have not to date found use of the services of an elephant hunter."—Herald.

# Looking Back

*I've traveled far on the trail of years,  
And had my measure of bitter tears.  
I've felt the sting of a deep distress  
And won the treasure they call success;  
But somehow back on the old home farm  
The things of life had a deeper charm,  
And memory holds its warm embrace  
The things that time has made commonplace.*

*No stars can seem quite as clear and bright;  
No sunsets glow with as warm a light;  
No tropical fruit of the world can beat  
The hard green apples we used to eat.  
And once again in the early fall  
I'd hear the voice of the cattle bawl;  
To rouse the herd at the break of day  
And warm my feet where the gray bull lay.*

Mr. and Mrs. Allen Tucker and son Everett of River Rouge were Chelsea visitors Wednesday.

F. G. McNutt of Charleston, Ill. is spending a few days with his daughter, Mrs. Louis J. Paul.

## Tells Men Over 50 What They Should Weigh

A famous British Physician—a Specialist in Obesity—gives these as the normal weights for men over 50:

5 Ft. 5 Inches	149 Pounds
5 Ft. 6 Inches	153 Pounds
5 Ft. 7 Inches	157 Pounds
5 Ft. 8 Inches	162 Pounds
5 Ft. 9 Inches	167 Pounds
5 Ft. 10 Inches	172 Pounds
5 Ft. 11 Inches	178 Pounds
6 Ft. 0 Inches	184 Pounds
6 Ft. 1 Inches	191 Pounds
6 Ft. 2 Inches	198 Pounds

Weights include ordinary indoor clothing. Get on the scales and see if you are overweight and how much.

The modern way to take off fat is known as the Kruschen Method—and is well worth a four weeks trial.

Cut out pies, cakes, pastry and ice cream for 4 weeks, go light on potatoes, butter, cheese, cream and sugar—eat moderately of lean meat, chicken, fish, salads, green vegetables and fruit—take one-half teaspoon of Kruschen Salts in a glass of hot water every morning before breakfast—don't miss a morning.

An 85 cent bottle of Kruschen lasts 4 weeks—Get it at H. H. Fenn's or any drug store in the world. Adv.

## No Hope For Them

*While yet the lamp holds out to burn,*

*The vilest sinner may return;*

*But vilest sinners sneak about,*

*Determined still to turn lamps out.*

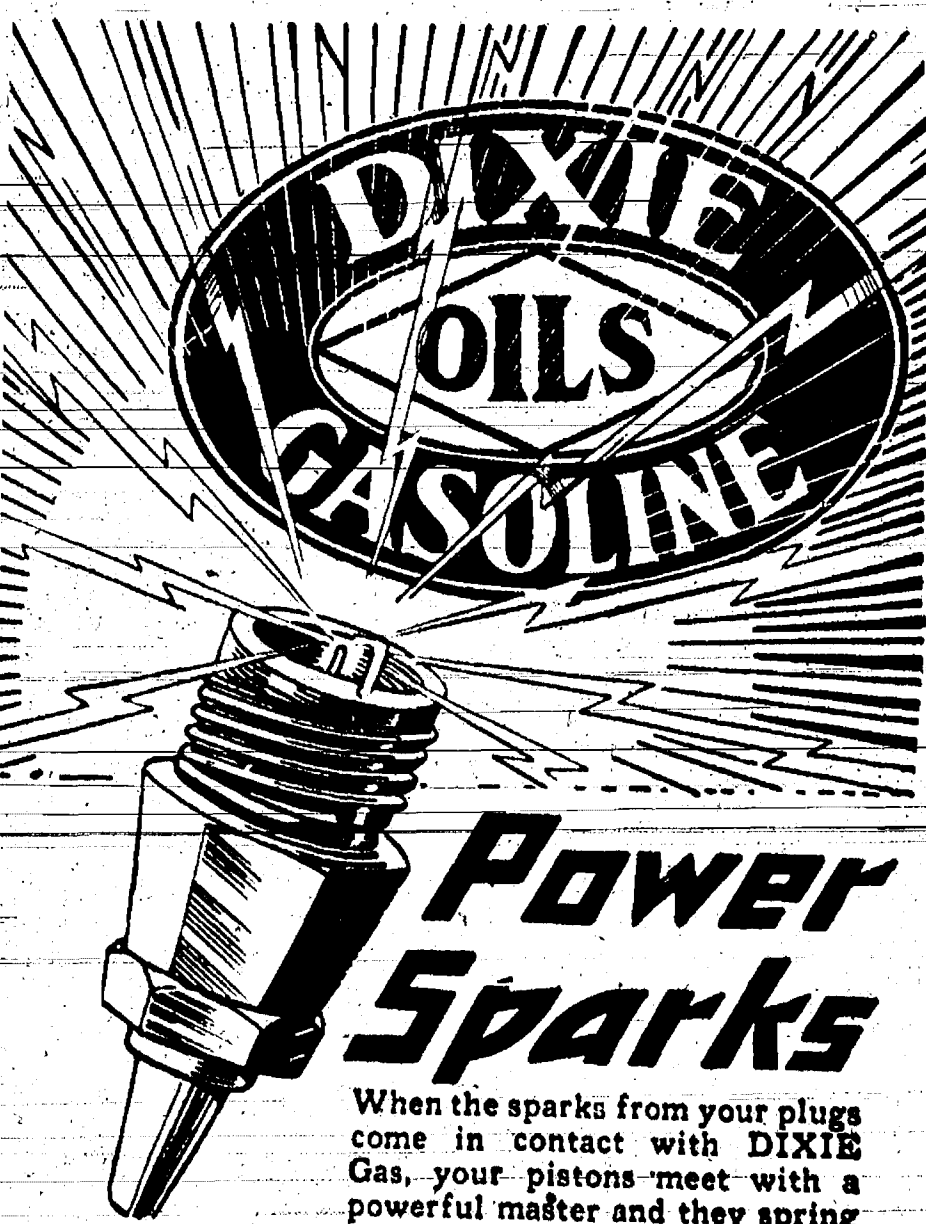

During recent excavations at Jericho some ancient lamps were found. It isn't necessary, however, to go as far as Jericho to find lamps that should have been replaced by new ones long ago.

Do you keep extra lamps in the house? It's a good thing to do—saves having to take a lamp from one socket to put it into another.

By buying a carton of six lamps they cost you one dollar and eight cents—light up.

## Question And Answer Dept.

Ques.—What was the population of Rome at the time Christ was born?

Ans.—The population of Rome 80 years prior to the birth of Christ was 4,100,000. Hence the population was close to those figures at the beginning of the Christian era.

Ques.—Will you please tell the why rurlists are not attracted by the tall buildings in the cities like they used to be?

Ans.—It is said that ladies' styles in dress have brought about this change.

Ques.—I am curious to know what "D. C." and "D. S." mean which I often see at the end of music?

Ans.—Those initials are Latin abbreviations. "D. C." means for player to go back to the beginning of the music and play to the finish, while "D. S." means to go back to the "sign" only and play from there to the finish.

Ques.—Will you please answer in your question and answer column who Izaak Walton is, and where does he live and what papers does he write for?

Ans.—Izaak Walton, the author was born in Stafford, England, in 1593 and died in Winchester, England, in 1683. His greatest fame came in the work of "The Compleat Angler", a treatise on his favorite pastime of fishing.

Ques.—I would like to ask in your question department what is the meaning of "red tape" and why?

Ans.—The term "red tape" is a popular name for official and legal formality and delay. The term had its origin in England in the eighteenth century and arose from tying documents with red tape. Ordinarily clerks would become impatient with this everlasting tying and untying of the documents. They dubbed it "too much red tape." Hence, in this day it is an seemingly formality that causes delay.

Ques.—To settle an argument please state what were the Punic wars?

Ans.—That is a name given in history to a series of wars between Rome and Carthage in the third and second centuries B. C. "Punicus" is the Latin or Roman adjective meaning pertaining to the Carthaginians. It is from "Poeni", meaning the inhabitants of Carthage. From the viewpoint of the Romans the Carthaginians were faithless and treacherous; hence Punic faith is a classical phrase meaning bad faith.

Ques.—I am told that Jesus Christ had brothers and sisters. Is that so?

Ans.—Theologians and Bible scholars are not agreed on this question. The words "brethren" and "sisters" are variously interpreted when they refer to relatives of Jesus. The Roman Catholic Church, which believes in the doctrine of the immaculate conception, denies that Jesus could have had any brothers or sisters. On the other hand some Protestant denominations hold that Virgin Mary had other children after the birth of Jesus. Those who do not accept this interpretation usually explain that "his sisters" and "the brethren of the Lord" refer to cousins or even more distant relatives.

Ques.—Did the ancients have a way of hardening copper?

Ans.—There is a popular belief that the Egyptians and other ancient peoples, including the Mexicans and Peruvians, had a process for hardening copper, and that the process is now unknown. The belief, however, is without foundation. The reputed copper as good as any made in pre-

hardened product is always an alloy. No specimen of pure copper has been found which had a greater degree of hardness than can be produced by hammering or cold rolling. Any expert metallurgist of today knows how to produce an edged tool of hardened copper as good as any made in prehistoric times, but the knowledge does him no good because of the vast superiority of the steel tools now available. Hardening of course, may be produced by the addition of alloying elements, in which case the material cannot truly be called copper.

## Michigan Happenings

George A. Richards and Leo J. Fitzpatrick, owners of Radio Station WJR, at Detroit, have purchased WOSO of Springfield, O., and WJIC of Akron, O., and have been given a permit by the Federal Radio Commission to move the stations to Cleveland. The new broadcasting station, to be known as WGAR, will operate on 1450 kilocycles. During the day time it will be operated on 1000 watts; at night on 500 watts. Cleveland's new broadcasting station will be the outlet for the Blue Network programmes of the National Broadcasting Company.

Acquisition of one of the best known deer yards in the upper peninsula, the "Cusino Swamp," in northwestern Schoolcraft county, assured through a vote of the conservation commission to purchase 12,000 acres for a game refuge and for public hunting grounds, the game division of the conservation department will now take steps to organize the area. The Cusino swamp, with its public hunting area, was purchased for \$140,000, including \$30,000 to be set aside for organization and current administration of the property.

About 90,000 acres, twice the record of 1929, have been burned over by forest fires in Michigan so far this year and unless conditions change radically the figure will be well over the 100,000 mark before the fire hazard lowers in November. The number of forest fires in Michigan for this season has passed the 2,000 mark. The forest fire division of the conservation department reported a total of 2,081 fires. Of the total fires, 1,325 have been reported from the lower peninsula and 756 from the upper peninsula.

Dr. Alexander G. Ruthven, president of the University of Michigan at Ann Arbor, and an expert on snakes, added a new and rare reptile to the collection in the small university zoo when a disturbed resident of an Ann Arbor apartment house telephoned him, requesting that he get one of his snakes which was scaling the wall of the apartment house. Dr. Ruthven sent his 13-year-old son, Bryant, to catch the reptile and discovered later that it was a pilot snake, one of the rarest specimens of the blacksnake family.

For resorting to arson in an effort to get funds to improve his standard of living, James Dibble, of Warren, must serve 10 to 30 years in the Michigan State Prison at Jackson. Sentence was passed on him by Judge Neil E. Reid, of Mt. Clemens, in the Macomb Circuit Court, when Dibble, after three changing his plea, admitted his guilt. He was arrested when oil-soaked rags and excelsior were found in his burning residence. The blaze was extinguished quickly.

Henry Ford, traveling in Europe, attended the Passion Play performance, and was impressed with Anton Lang's presentation of Christ that he gave the actor an automobile as a token of his appreciation. Town officials told Ford that approximately 383,000 persons have seen this year's Passion Play, among them 50,000 Americans. The revenues are sufficient to pay all debts and leave a surplus.

Hurling earthward when his parachute failed to open after he had jumped from a soaring plane, Leo Bloddy, thrill leaper, gave a country fair crowd at Boyne City an overflowing measure of suspense but escaped serious injury when he landed on the taut top of a large midway tent, and then crashed through the canvas to the ground. He missed the large center pole by inches.

The City National Bank, Lansing's oldest banking institution, will raise the building it has occupied for 40 years and erect a new building on the city's busiest corner this fall, according to John W. Haarer, executive vice-president of the bank. The board of directors has not decided on the height of the new structure.

All Kalamazoo College's home football games this season, with possibly one exception, will be played at night. It was announced at the office of President Allen A. Hoban. The decision was prompted by the success of night football as shown by the attendance at the Kalamazoo-Ashland College game at Ashland, O.

Members of the Lenawee County Sportsmen's Association recently transferred 25,000 bass fingerlings from their two fish rearing ponds at Adrian to lakes in the Irish Hills. The bass are between three and four inches long.

Attorney-General Wilbur M. Brucker has been certified by the state board of canvassers as the Republican nominee for governor. The official recount ended with auditors reporting that the attorney-general's lead over Alex J. Groesbeck is 4,181 votes, 585 votes less than the plurality credited to him on the face of original returns. Immediately after the official report was announced, attorneys for Groesbeck formally withdrew further opposition.

Of the 1,623 radio dealers in Michigan, 474 or approximately 30 per cent are located in Wayne County. This is revealed in a survey just completed by the department of commerce at Washington, D. C. It shows that for the state of Michigan, there is one radio dealer for every 2,280 population. New York leads all states with 4,870 dealers and Pennsylvania second with 3,332 dealers. In Mississippi there is but one dealer for each 14,566 persons. New York with a ratio of 2,710 is comparable to Michigan, the difference in total population being considered.

To support her child, Mrs. Emily S. Perry, 42, Detroit, took a man's place in the world, literally. Wearing man's clothes, she took a man's job. For five years, under her husband's name, Edmund Perry, she worked as a railroad section hand. Today, brawny of arms and shoulders, her face leathery and her hands calloused, she is a woman again, keeper of a boarding house. Her story came to light in the court of John J. Riopelle, justice of the peace. A neighbor, Albert E. Elias, helped her into court for beating him, in a quarrel over a dog.

Acquisition by the Pittsburgh Plate Glass company of 325 acres of land in Marysville, on which to build a plant costing \$18,000,000 to \$20,000,000, extending six city blocks and employing 3,000 men and 1,200 women, was announced recently. Entrance at this time of the huge Pennsylvania corporation into the Michigan field to be in more advantageous proximity to the automobile industry, one of its best customers, was hailed by business leaders generally as an unhearted gesture of confidence in the future of business.

Sultanna Anast, 112 years old, Pottsville's oldest citizen, would like to live at least 15 more years. Mrs. Anast claims to be the oldest emigrant ever to come to the United States, having arrived in this country from her native Eketelle in Asia Minor only 10 years ago. A great great grandmother, Mrs. Anast makes her home at Pontiac with a great grandson, Mrs. Anast attributes her long life to an excellent appetite. She uses snuff constantly and confesses a strong love for red wine such as is made in her native land.

What is believed will be the largest killing of open hearth furnaces ever made in this country has been ordered by the U. S. district court, according to W. S. Wheeler, vice-president and general manager of the Pennsylvania Engineering works at Newcastles, Pa. His company has been awarded a contract for a 400-ton open hearth furnace and two 800-ton mixers, Wheeler said. The equipment is to be used in the latter stage of steel plant of the Ford company.

Approximately 2,000 men were employed during the last nine weeks in fighting forest fires in Menominee County, Joseph M. Hornick, conservation warden, said at Menominee, as he began work on his final reports to the State. Many farm families, he said, paid their taxes with money earned on the State's fire fighting forces. Hornick estimated that nearly 1,000 miles of fire trenches were dug in the county in combating the fires.

Richard Lincoln and Maurice Koeppe, members of a club at Muir, near Ionia, have earned or won a trip to the National Congress of 4-H Club Boys and Girls, in Chicago, next December. They are boy radio entertainers and are to have a part in the program of the club congress.

Mr. and Mrs. Albert Cunningham, of Breitung, near Iron Mountain, who have been married 27 years, recently became the parents of their twenty-first child. The child, whose name is Clyde, is the third of the 21 children to be born on Sept. 26. Of the 21 children, 17 are living.

Because he failed to attend drill for four consecutive weeks without a reasonable excuse, Pvt. Lee J. Helsel, of Company G, 126th Infantry, was sentenced to serve 10 days in the Shiawassee County Jail at Owosso. He was sentenced by a summary court order under the Articles of War.

E. M. Shellow, of Elgin, Ill., has been awarded a contract for building a sewage disposal plant for Harbor Springs, to cost \$30,000. A smaller plant for the Westwaukegan Resort also will be built by the same contractor. Both plants are to be completed by June 1, 1937.

For the third time in five years, twins have been born to Mr. and Mrs. Alfred Crook, of Washington, near Romeo. The newcomers are a boy and a girl, Herbert Allen and Daune Lola. They were born in a hospital at Romeo. All of the three sets of twins are living.

A second offense against conservation laws carries a mandatory jail sentence and all conservation officers this fall will be prepared with records of past offenders to enforce this law. The 1929 Legislature adopted a law making jail sentences mandatory for second offenders against small game and deer and bear laws, and against all regulations made by the State Conservation Commission, acting under the discretionary power act when a second offense is specifically charged in the complaint.

## SIX CYLINDER SENTENCES

By DR. JOHN W. HOLLAND

Moral fastidious change, moral facts remain.

Practice forethought, and save yourself sore thought.  
Be sure you're right, and then don't get mad about it.  
A croak is one who is inwardly proud of his croaked boat.  
Keep your mind awake and your ambitions will not get sleeping sickness.  
In the millennium more people will want the things that money cannot buy.

## Velvet, Velvet, Velvet!

for Fall and Winter Hats

Paris sponsors the velvet hat. Both in color and contour the new velvet hats are masterpieces. Their claim to chic is their irregular brims which are almost invariably longer at one side having a debonair tip-tilted look and setting far back so as to "show your curls and look pretty" after the manner of the model pictured at the top. The new velvet brims and eye-like bonnets have a tendency to sit on the back of the head, too. Widest brims, as pictured, are also approved.
