Lima Child Burned To Death Sunday

Alfred Quigley, two year old son of Mr. and Mrs. Theodore Quigley, of Lima township, was fatally burned about 4 o'clock Sunday afternoon while playing with his brothers, four and five years of age, in a shed formerly used as a chicken house. It is believed that one of the children had been playing with matches, setting fire to the structure which contained hay and straw.

The other children escaped and gave their parents the alarm but Alfred is believed to have been overcome by smoke while asleep, and was unable to leave the building. He was dead when taken from the fire.

Justice Howard Brooks was notified and the tragedy was investigated by Supervisor Leigh Beach. No inquest was held.

Alfred was born November 1, 1928, in Lima township, and is survived by his parents, three sisters, Margaret, Alice and Noelle, and six brothers, William, Theodore, Thomas, Charles, Leonard and Robert.

Funeral services were held at 2 o'clock Tuesday afternoon from the Stufan General home, Rev. Albert E. Potts officiating. Burial was in Lima Center cemetery.

Former Resident Of Sylvan Killed Friday

Mrs. Lawrence Owens, 25, of Gregory, was instantly killed Friday morning, while returning to her home from Plainfield, when the automobile which she was driving skidded and overturned into the ditch. Her little daughter, who accompanied her, was unhurt.

Mrs. Owens was formerly Miss Alice Heesche, daughter of Mr. and Mrs. Michael Heesche, of Gregory. She was born in Sylvan township, and since her marriage had made her home in Gregory.

She is survived by the husband, two children, her parents and her grandmothers, all of Gregory, and several brothers and sisters. Funeral services were held at two o'clock Monday afternoon at the residence, with burial in Gregory.

Washtenaw Gas Co. To Hold Cooking School

The Washtenaw Gas Company announces a Free Cooking School demonstration for three days, Tuesday, Wednesday and Thursday, April 14, 15 and 16 in the basement of the Chelsea Methodist church. The classes will be held from 2:30 to 3:30 p. m.

Miss Charlotte Adams, Home Economics graduate from Cornell, N. Y., and Madison, Wis., will be in charge of the demonstration. Miss Adams has been employed in Home Service work in Ann Arbor for four years, with the record of 383 enrolled that year in all classes. She operated a tea room for 6 years, taught cooking in the Chicago public schools for 5 years, and was hospital dietitian for 5 years, so she is thoroughly experienced in all lines of demonstration work.

Cookies and Hot Bread will be demonstrated the first day, Cakes on the second day, and Desserts the third day. Cook books will be given away at the demonstrations. Every one is invited to attend.

Miss Rowena Brooks Honored At College

Miss Rowena Brooks of Chelsea has been identified as influential in organizing the Spartan Women's League, a new group on Michigan State College campus that promises to set a precedent in co-ordinating all phases of co-ed activity, by virtue of her keen interest in promoting the projects undertaken by that body during the past month.

Miss Brooks is one of the 250 co-ed to become affiliated with the League since its existence this term. Outstanding among the activities of the group has been an active participation in co-ed athletics, where many prizes were won, and a formal dance which was a decided success. Other undertakings of the League have been a membership drive and several tests.

The primary purpose of the organization as set down by the leaders of the movement is to create leadership among unorganized girls, to enter teams in competitive athletic sports, to develop a strong bond of friendship among college women, and to provide a common meeting place for sorority and non-sorority co-eds.

KIWANIS CLUB SPEAKER

Rev. Father J. J. Sheridan of Ann Arbor addressed the Kiwanians at their meeting Monday evening. Father Sheridan is chaplain at St. Joseph's and University hospitals, and he gave a very interesting account of his work in the two institutions. George P. Stefan was in charge of the program.

The road repair fund is reduced from \$2,000 to \$1,500, and the poor fund increased from \$500 to \$2,000. Other funds remain the same.

Common Council To Reduce Light Rates

At the regular meeting of the Chelsea common council Monday evening, action was taken to reduce the electric light rates in Chelsea.

According to the new schedule of rates to be adopted, the small user of electric current will not benefit at all, as the rate for the first 20 kilowatts remains at 10c, reductions taking effect where larger quantities of current are used.

The complete new schedule of rates is as follows:

First 20 kilowatts, 10c.
Next 30 kilowatts, 5c.
Next 50 kilowatts, 4c.
Balance at 2-1-2c per kilowatt.
The old rates were 10c for the first 20 kilowatts, 6c for the next 20 kilowatts, 4c for the next 30 kilowatts, and the balance at 8c per kilowatt.

School Board Meets In Special Session

(Offical)

Parent Education Institute To Be Held

The Michigan Congress of Parents and Teachers, the Extension Division of the University of Michigan and the School of Education are sponsoring a Parent Education Institute which is to be held on the campus on April 29 and 30, just previous to the Schoolmasters Club.

The institute opens at nine o'clock on Wednesday morning, April 29 with an address in the auditorium of the University high school by Mrs. J. K. Pottogill, President of the Michigan Congress of Parents and Teachers. Other numbers on the program include addresses by Professors Willard Olson, Howard McClusky, Marguerite Wilker, Katharine Greene, Arthur B. Monahan, T. Luther Parson, George E. Carothers, and Mrs. H. S. Mallory, all of the University of Michigan. Outside speakers are Dr. H. L. Turner of Michigan State Normal College and Dr. W. E. Blatz of the University of Toronto.

Some of the subjects to be considered are: Same Organization in the Parent Teacher Association, The Functions, Some Effects of Early Education, Stimulation, Home and School Relationship, The Nursery School, and the Behavior of Young Children.

The institute will close with a luncheon at the Michigan League at 12:15, April 30, at which time the three-day parent education program which has this year been carried on by the Michigan Congress of Parents and Teachers and the University of Michigan will be discussed and plans made for next year. Reservations for this luncheon must be in by April 20 and may be made by writing the Extension Division of the University of Michigan, Ann Arbor.

BALL MEETING TONIGHT

When Nature Strikes

100,000,000 Lbs. of Cotton

Rockne's Power

Why Babies Eat Pins

Nature strikes with horrible force. In six seconds Managua, capital of Nicaragua, was destroyed, every building in the business district leveled to the ground, more than 1,000 killed, 2,000 injured.
No attack in war equals that.

William Wrigley, an able business man in a dozen different directions, will buy up to 100,000,000 pounds of cotton in the next eight months if the price does not rise above 12 cents a pound.

At that price Mr. Wrigley will accept cotton in payment for all of his shipments to the South.

Mr. Wrigley says cotton is a good investment at 12 cents and is willing to lock up \$12,000,000 worth of his company's resources in it and hold it indefinitely. Cotton keeps.

President Hoover telegraphed the widow of Knute Rockne, "I know that every American grieves with you." A great teacher was Rockne. He convinced himself that his boys could win, convinced them that they could win, and they did win.

Success depends on transferring ideas from your own head into the heads of others.

Many, old, with creaking joints, will ask, "How many teachers of Latin and Greek, Sanskrit and higher mathematics, how many preachers of the gospel, would have to die to attract half as much attention as Knute Rockne now attracts, because he was the best teacher of football?"

Mothers, nurses, read and remember.

Doctor Jackson, whose specialty is removing foreign bodies from human air and food passages, says babies swallow pins because their mothers set the example.

When changing the baby, a mother holds safety pins in her mouth. The baby, learning by imitation, as all young animals must, puts safety pins in its mouth.

Don't hold pins in your mouth in the presence of babies or young children.

John D. Rockefeller, Jr., probably without knowing it, has diminished temporarily the income that grafters get from speakeries.

Having bought several blocks in the heart of New York, he is tearing down old, abandoned residences, evicting speakeries, as the former evicts rats when he tears down an old barn.

Many blocks in the heart of New York offer a refuge to bootleggers.

Thirsty customers go through the basement doors under old-fashioned stone steps.

On rainy days little boys with umbrellas stand waiting to escort customers from their automobiles to the entrance, collecting tips.

Mr. Hoover says the wage scale must be maintained, and it must, unless we want to shoot prosperity to pieces entirely. It should be remembered, however, that the value of wages depends on the cost of living.

Prof. Carl Stetskal of Vienna discovers a good paste that can be rubbed into the skin, keeping a man alive indefinitely without swallowing food.

Of the new food, called "dinutron," six ounces, rubbed into the skin is enough for one day. And you can take a bath thirty minutes after the rubbing without losing its nourishing effects.

This will discourage hunger strikes in prisons, make possible the feeding of insane patients who refuse to eat, and will be of great value in certain surgical operations, when food cannot be administered.

It is believed that dinutron will also be highly valuable in treatment of diabetic cases.

Earl Musselman, twenty-two, student at the Pennsylvania Institute for the Blind, and blind from birth, can now see, thanks to surgery, and has taken his first look at the world.

Bright flowers delight him and he finds intense pleasure in studying faces of companions whom he knew only by their voices.

The young man says: "I won't have to guess at things any more." "Perhaps we shall all say that when we awake on the other side of the grave and our eyes are opened."

Let us hope so. This period of worry would hardly be worth while if it were all.

Two convicts confess that they started a fire that killed 320 prisoners in the Ohio penitentiary a year ago. They wanted to keep the warden from building a new cell block for fellow prisoners, because they didn't want to work on it.

They may be convicted of murder in the first degree, and, in the language of the criminals, they may "burn" in the electric chair. In prison or out, the safety of many often depends on the moral character of one or two.

Good news from Florida tells of the final and complete disappearance of the Florida fruit fly, which for awhile threatened the state's citrus crops.

The national quarantine has been off since a year ago last November. No signs of the fly since July, 1930. (© 1931, by King Features Syndicate, Inc.)

FRANCISCO

Mrs. Cora Foot has returned from Marshall to remain for some time with her aunt, Mrs. Martha Keeler, after a few days' stay in Marshall to attend to some business affairs.

Several Francisco people visited at the Charles Klemenscheider home the other evening.

Mrs. Leora Collins of Chelsea spent Monday with her aunt, Mrs. Martha Keeler.

DeForrest and Duane Dorr of Grass Lake spent part of last week with their grandparents, Mr. and Mrs. James Richards of North Francisco.

Miss Louise Braun pleasantly entertained a company of young people Friday evening at her home on US-12. The Wm. E. Sanderson family were recent visitors at the George Brenner home west of town.

Mr. and Mrs. Earl Walz are planning to build a new house. It will be of the bungalow type.

The high school pupils from this neighborhood have returned to their work following the spring vacation.

The ladies of Salem M. E. church met with Mrs. Bertha Notten, and Mrs. Fred Schittenhelm was hostess to the ladies of St. Johns Society, last week.

Charles Wakeman was home from South Albion over the week-end. His brother and wife of Ohio were week-end guests.

Several from here were in Grass Lake on Monday to cast their votes.

Reuben Keeler, who is a surgical patient at the U. of M. hospital, is not gaining as fast as we would like to report.

Herbert Harvey, Morris Hammond, and Lewis Lambert went to Pontiac to see Dell Hammond who is an invalid, caused by arthritis and muscular rheumatism. Mr. Hammond was a former Francisco resident.

Miss Irene Young was home from Fordson for the Easter vacation. Easter dinner guests at the Peter Young home were Mr. and Mrs. Charles Bidwell of Liberty and the Pastor Shaverly family of Monroe.

Mrs. Inez Rank has resumed teaching after an absence of two weeks, caused by mumps.

Donald Rank, who remained in Chelsea the past two weeks, has returned to the home of his parents.

The Sheldon H. Frey family of Detroit visited at the James Cadwell home on Sunday.

Milton G. Bohne and wife of Jackson spent the week-end at the Henry Bohne home.

A son, Duane Walter, was born to Mr. and Mrs. Walter Bohne, March 31st.

North Lake Church News

Sunday, April 12—

10:45—Sunday school. Lesson for adults, "The Forgiving Father," Luke 15:11-24.

11:45—Morning worship. Sermon by the pastor. The choir will sing "I Know That My Redeemer Liveth."

MANCHESTER—We are informed that all of the present teachers of our public school were invited to remain another year and have accepted excepting Miss Raser, who will attend the Normal college at Ypsilanti. We think that the school board did the right thing in inviting the teachers to remain as the work seems to have been very satisfactory and they ought to do better work than a new corps would.—Enterprise.

SALINE—Members of the executive committee of the Lenawee county fair decided at a recent meeting to abandon the usual 4-H club and Smith-Hughes exhibits at the fair and substitute a boys' and girls' department instead, which will place exhibits at the fair with the aid of the county agricultural teachers.—Observer.

YOU, TOO, CAN BE HAPPY AGAIN!

See What Konjola Did For These Former Sufferers—Read Their Words.

An example of Konjola's power is seen in the experience of Mr. E. M. Van Pelt, 438 N. E. First avenue, Miami, Fla., who says: "I was badly run down from loss of appetite and constipation. I could not work for weeks at a time. Harsh laxatives gave but temporary relief. I took five bottles of Konjola and my appetite returned to normal. Constipation was corrected and I rapidly gained in weight and vitality."

No less significant is the experience of Mrs. Albert Freed, Brooks and Chestnut streets, Louisville, Ky., who says: "I was extremely nervous and lost weight and strength steadily. Rheumatism and neuritis bothered me and my stomach became weak. Konjola restored my stomach to normal and relieved the pain of rheumatism and neuritis. I gained 23 pounds and am in excellent physical condition today."

14 FEEDS—

IN EVERY THIMBLEFUL!

14 FEEDS... all in one tiny thimbleful. 14 good feeds which are there in just the right proportion. There's the story of a real chick starting feed... Purina Startena Chow. A real story because one thimbleful of feed is all one chick can put into its little crop in one day.

Out of this tiny thimbleful a chick must get so much. That's why the 14 different feeds are there. Cod-liver oil... dried buttermilk... alfalfa flour... granulated meat... wheat germ meal... linseed meal... these and eight other feeds are in every thimbleful of Purina Startena Chow... each one with a real job to do. Mixed over and over... 960 times... every thimbleful alike.

The 1930 national feed survey of 1,834,513 chicks tells you the kind of a job these thimblefuls do. At six weeks of age, 92 out of every 100 Purina-fed chicks are alive and growing. And they weigh an average of one-fourth of a pound more than other chicks. There's the story for you! The proof that the 14 feeds in Purina Startena Chow (mash or all-mash) actually give a chick the many, many things it must get from a thimbleful of feed. Purina Startena Chow is here... ready for you to feed. Call or drop in on us in your first spare moment.

ANOTHER EXAMPLE OF FORD VALUE

Bright, enduring RUSTLESS STEEL is used for many exposed bright metal parts of the Ford

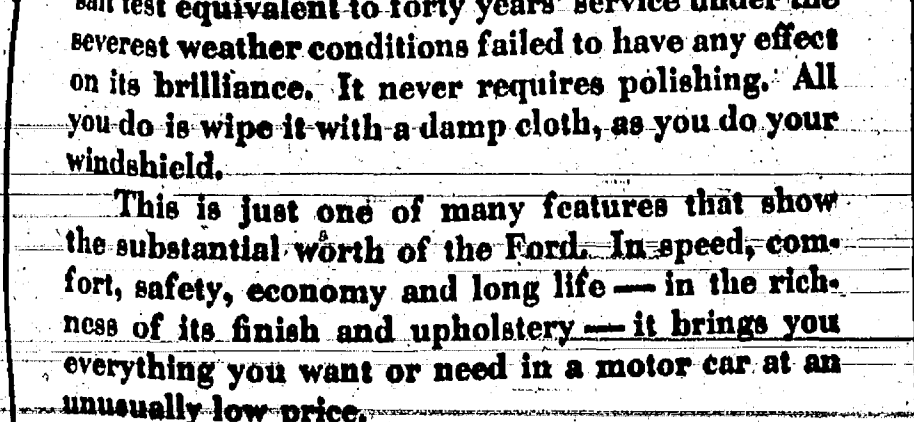

WHEN YOU BUY a Ford you buy enduring beauty. The body finish is made to last for the life of the car and practically all exposed bright metal parts except the bumpers are made of enduring Rustless Steel.

This Rustless Steel has great tensile strength. It is the same bright metal all the way through. A salt test equivalent to forty years' service under the severest weather conditions failed to have any effect on its brilliance. It never requires polishing. All you do is wipe it with a damp cloth, as you do your windshield.

This is just one of many features that show the substantial worth of the Ford. In speed, comfort, safety, economy and long life — in the richness of its finish and upholstery — it brings you everything you want or need in a motor car at an unusually low price.

Call or phone for demonstration.

NASH

Quality Bodies for Quality Cars

NASH employs the most advanced principle of steel, wood and composite construction—the same kind of construction used in bodies for the highest priced cars. Interiors are tailored in quality mohairs, whipcords, broadcloths or genuine leather. Seat springs are exceptionally deep and restful, while arm rests are so built as to afford unusual comfort. Interior and exterior hardware is executed in chaste design, complementing the body design as a whole. Insulation against heat in summer and cold in winter is of course provided. Come in—drive a Nash; but don't permit its remarkable performance to overshadow the equally notable excellence of its body.

Question And Answer Dept.

Ques.—Will you please tell me in your question and answer department what "D. C." means in music?

Ans.—"D. C." is the abbreviation of the Italian words "da capo," meaning "the beginning."

Ques.—I want to ask in your question column what is the real name of Dorothy Dix?

Ans.—Dorothy Dix's real name is Elizabeth M. Gilmer. We believe we answered this not long ago.

Ques.—What is the story of Colman's dramatization of "The Iron Chest"?

Ans.—To be brief, "The Iron Chest" is a novel by Godwin which is entitled "Caleb Williams." Falkland, a derelict, commits murder, keeps a narrative of the transaction in an iron chest. Caleb Williams, a lad in his employ, opens the chest, and is caught in the act by Falkland. The lad runs away, but is hunted down.

Ques.—When and who was it that invented the automatic air brake?

Ans.—The automatic air brake was invented in 1872 by George Westinghouse.

Ques.—Why are bullfrogs so named?

Ans.—The bullfrog is the largest species of frog found in North America. They attain a length of six to eight inches. They are of a greenish-brown color and live in stagnant water. They utter a hoarse croaking sound resembling the bellowing of cattle, and thus they get the name of "bullfrog."

Ques.—I wish to ask in your good paper if Henry Clay ever ran for president of the United States? What was his politics?

Ans.—Yes, Henry Clay ran three times, and was unsuccessful each time. He was first defeated by Andrew Jackson in 1824, and defeated by Jackson again in 1832, and the third time he was defeated by James K. Polk in 1844. Henry Clay was first a Republican, then a Nationalist Republican, running as a Whig in 1844.

Ques.—May I ask in your question column if Richard Mansfield, the actor, is still living?

Ans.—No, Richard Mansfield died in 1907.

Ques.—I have always been curious to know why Old Point Comfort, Va., has the word "old" to it. I will appreciate an answer, if you can.

Ans.—Old Point Comfort, Va., was so named by Christopher Newport because he found it a safe haven during a severe storm. It was called "Old" to distinguish it from "New" Point Comfort just a few miles away.

Ques.—How many yards of wall paper is there in a roll? And is all wall paper in the same width?

Ans.—There are eight yards of wall paper in a single roll, and sixteen yards in a double roll. All wall paper is eighteen inches wide.

Ques.—I want to ask in your question department why is it colder in winter than it is in the summer, when we are told the sun is nearest the earth in the winter time?

Ans.—Because of the position of the earth during the four seasons it receives the sun's rays at different angles. When the sun rises highest at noon, its rays fall most nearly in the direction of the perpendicular and consequently a greater number is received on a given spot—their action at the same time continues the longest. These circumstances make the difference between summer and winter.

Ques.—Can you tell me in your question department when Negroes were first brought to the United States as slaves? Also what part of Africa did they come from?

Ans.—The importations of Negroes into America dates back to the sixteenth century, when it was begun by the Spaniards. Both Queen Elizabeth and James I. issued patents to English slave-trading companies operating between the coast of Guinea and the Americas. Britain, by the treaty of Utrecht in 1713, engaged to carry out the contract of the old French Guinea Company to import into the New World 130,000 slaves in the course of thirty years, which they carried out, getting most of their cargoes along the coast of Guinea, which was known as the Slave Coast.

Ques.—Will you kindly answer why the United States dollar is called "dollar"?

Ans.—It is not known for sure just how the word "dollar" was adopted. It is supposed, however, that they were so named in the commemoration of a small town named "Dale," pronounced "doll," where dollars were first coined.

Ques.—Can a Chinaman be a citizen of the United States and have the privilege of voting?

Ans.—Any Chinaman born in the United States is an American citizen and has the privilege of voting.

Ques.—I would like to know if there are any Eskimos in Europe? If so, how many?

Ans.—There are no Eskimos in the world excepting those in North Amer-

ica and Greenland, which number about 30,000.

Ques.—I was born of English-Canadian parents in Canada. What is my nationality and do I belong to Canada or the United States?

Ans.—In blood you are English-Canadian, but it depends upon where you were born to determine your nationality. If you were born in Canada you are a British subject and must be naturalized to become a citizen of the United States, providing your parents were not naturalized citizens of the United States. This proceeding is not necessary if you were born in the United States.

Ques.—Will you please tell me what "alma ata" means and what it is derived from?

Ans.—"Alma ata" literally means "fostering remote ancestors." It is taken from the Greek.

N. Y. Woman Lost 14 Pounds of Fat

One 85 Cent Bottle of Kruschen Salts Did It

"I am starting on my second bottle of Kruschen Salts and am real pleased with results. I take it for reducing and so far have lost 14 pounds and I think it is doing wonders for me. I do not feel so tired—evenings when I get home from work."

A generous bottle of Kruschen Salts that lasts 4 weeks costs but 85 cents at Fenn's Drug Store or any drug store in America—take one half teaspoon in a glass of hot water every morning before breakfast—cut out pastry and fatty meals—go light on potatoes, butter, cream and sugar—that will help Kruschen take off your fat.

Before the bottle is empty surplus fat is leaving you—indolence changes to activity—you'll feel younger—eyes will brighten—step grows spry. Millions know this—you ought to know it. Kruschen Salts is the ideal treatment for constipation, indigestion, headaches, nervousness and acidity. Take Kruschen every morning—it's the little daily dose that does it—first not joyfully satisfied after the first bottle—money back.

JACKSON—The demonstration cars of Michigan State College for "Emergency Pasture and Hay" will be on the Liberty street siding of the New York Central at Jackson on Friday, April 10, from 10 until 3 o'clock. The soils and crops department of the State College have the cooperation of

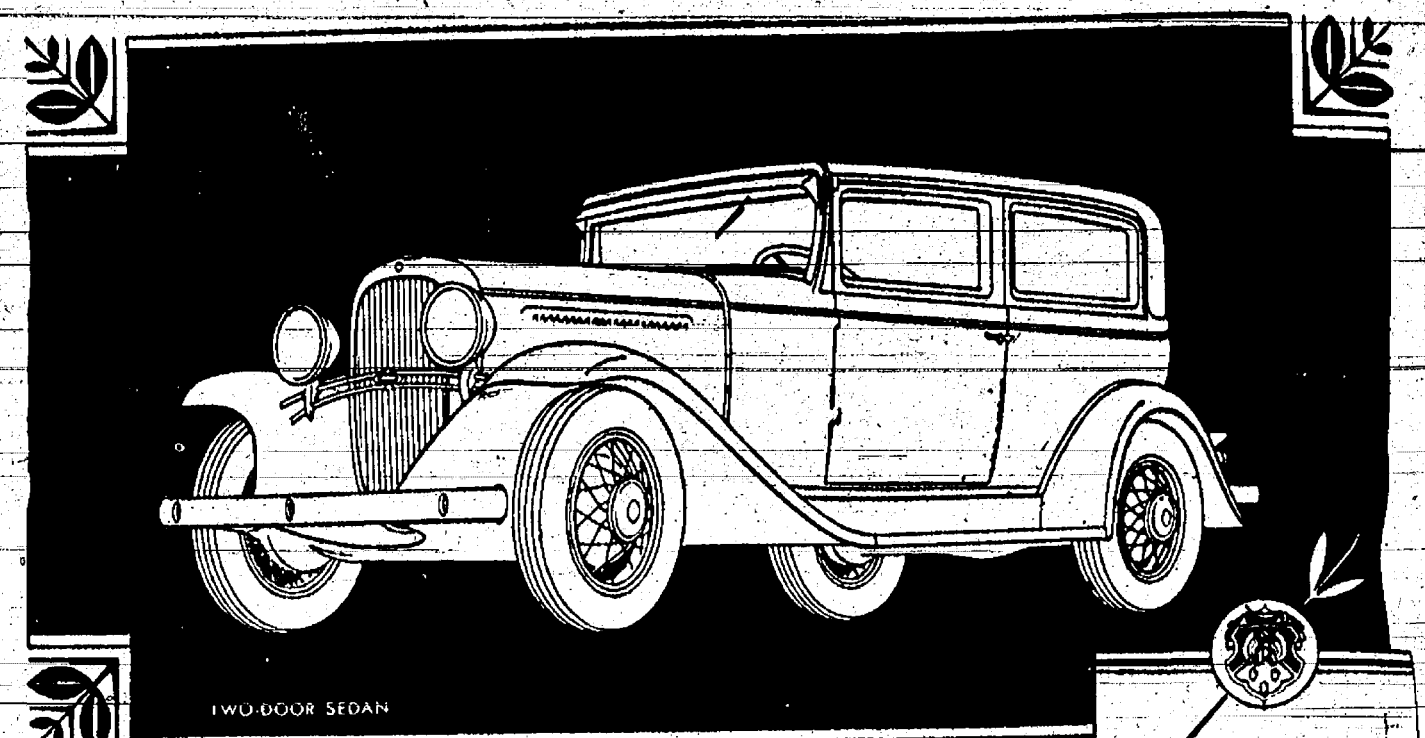

the railroads in this event for the consultation and benefit of farmers who suffered loss of seeding through severe drought.

GREGORY—Mrs. Ethel Nichols is in Owosso hospital where she underwent an operation for goitre on Monday of last week. Her sister, Mrs. Mabel Barber and her mother, Mrs. Emory Hoard had a serious accident while on their way to be with her during the operation Monday. The car skidded because of the slippery roads, Mrs. Barber who was driving became confused and put her foot on the accelerator instead of the brake. The car shot out of the road and into a bank with such force that it bounded back into the road, turning completely

over. The car was badly wrecked but neither of the ladies were seriously hurt.

Five Telephone Employees Awarded 1930 Vail Medal

Four Michigan men honored for action in emergencies that resulted in saving lives. Operator receives medal for aiding in the capture of armed bandits.

1—Clarence J. Tietz, Grand Rapids; 2—Mrs. Minnie Haas, operator at Romeo; 3—Glenn Bettens, Inman; 4—Laurence Earl Harvey, splice's helper; Flint; 5—William L. Rabe, repairman, Detroit.

THEODORE N. VAIL MEDAL IN BRONZE AWARDED TO FIVE

FOUR MEN AND ONE WOMAN EMPLOYED BY MICHIGAN BELL CITED FOR UNUSUAL SERVICE

INITIATIVE AND PROMPT ACTION OF TELEPHONE WORKERS SAVE LIVES; OPERATOR AIDS IN CAPTURE OF BANDITS

Burch Foraker, president of the Michigan Bell telephone company, announces the award of the Theodore N. Vail medal in bronze for 1930 to five employees of the company—four men and one woman—for outstanding acts of service in moments of extreme emergency. They are Clarence J. Tietz, Grand Rapids cable splice; Glenn Bettens, Inman; Laurence Earl Harvey, Flint splice's helper; William L. Rabe, Detroit repairman; and Mrs. Minnie Haas, Romeo operator.

The four men will receive the Vail Medal for the exercise of unusual initiative, quick action, and the application of methods learned in telephone company first aid classes, which resulted in the saving of human lives, three from drowning and one from asphyxiation. Mrs. Haas is cited for rendering material aid in the capture of armed bandits.

Awards of the medals in bronze, silver and gold are made under the Theodore N. Vail Memorial Fund, created eleven years ago in memory of a man whose life-work was devoted to the development of universal telephone service and who motivated into the Bell System many of its high ideals of service. The silver and gold medals are national awards. Since the establishment of the fund, 43 bronze medals have been awarded to Michigan people, 44 of them employees of the Michigan Bell company and four employees by connecting telephone companies. Two silver medals have been awarded Michigan people.

Clarence J. Tietz, Grand Rapids, is cited for prompt action and courage, and the application of first aid in saving the life of a young woman. While on a raft in Big White Fish lake, near Plover, Michigan, last August 4, he heard the girl call for help and saw her sink, approximately 100 feet distant. Mrs. Tietz swam to the spot, dived and brought her to the surface, and started with her toward the shore. He was met by a row boat, into which the girl was placed. He applied artificial respiration and, unaided, restored breathing. Prompt action and persistent application of first aid by Glenn Bettens, Grand Rapids.

The four telephone men are holders of certificates awarded jointly by the American Red Cross and the Michigan Bell Telephone company upon completion of first aid training conducted by the company. Letters of commendation for noteworthy acts also were recommended by the Michigan Bell Telephone company.

Laurence Earl Harvey, Flint, splice's helper, and William L. Rabe, Detroit repairman, were cited for initiative, quick action and the exercise of prompt action and courage in the capture of armed bandits. While on duty at a gas station, they received a call from a gasoline station owner, asking that the village marshal be summoned. She switched on the police call light and, after repeated effort, located the officer by telephone. As a result, the marshal and members of the Michigan State Police surprised four men in an attempt to gain entrance to the gas station. Shots were exchanged, one man was wounded, two were captured and two escaped. Mrs. Haas called rural line subscribers and a small connecting telephone company in the direction she believed the escaped bandits likely had taken, and both men were captured because of the alarm she spread.

Michigan Happenings

Twenty-one Michigan cities are included in the plan of C. R. Cummins, who has asked the federal radio commission at Washington, for authority to build 207 stations in the United States. He proposes to give every town of 10,000 inhabitants its own broadcasting facilities. The Michigan towns named by Cummins are Adrian, Ann Arbor, Battle Creek, Benton Harbor, Dearborn, Farmington, Grand Rapids, Holland, Kalamazoo, Lincoln Park, Monroe, Mt. Clemens, Muskegon, Niles, Owasco, Pontiac, Port Huron, River Rouge, Saginaw, Wyandotte and Ypsilanti.

Income tax legislation designed to reduce more than \$10,000,000 a year in about all expenses of the state government was introduced in the House of Representatives by Rep. William J. Thomas, of Canton, Mich. The plan involves the elimination of the general property tax for state purposes. The proposed legislation is included in two voluminous bills, one imposing a personal income tax and the other a corporate income tax based on net income. The present corporate franchise tax, which raises more than \$7,000,000 a year, is repealed.

Road building in Genesee County this year will cost much less than the average of former years, it was announced at Flint by the road commission after tabulation of bids received recently. Estimates on 13 1/2 miles of concrete showed a low bid of \$1,350. The previous cost has been approximately \$3,000 a mile. Costs of inspection extra are eliminated in both figures. The bids received on 13 1/2 miles of gravel roads show a cost of less than \$4,000 a mile, against \$9,000 previous average and \$17,000 during war times.

An aftermath of the dynamiting of the Radke dam in Belle River, at Port Huron, March 26, 1929, a suit for \$5,000 was instituted by Frank Witkowski, owner of the Radke mill, against four men. The four, William Raymond, Frank Wagner, Norman Van Antwerp, and Sylvester Clark, two years ago, pleaded guilty to the destruction of the dam, saying that the dam prevented the seasonal migration of fish in the river. The man was released on probation.

Battle Creek's newly finished federal building recently was opened for business. The temporary postoffice at Monroe and State streets, in use since March 7, 1930, has been abandoned. The new federal building provides an increase of floor space exceeding 300 per cent. In addition to postoffice purposes, provision is made for other federal offices, including postal inspector and deputy collector of internal revenue.

Michigan was third in the nation in the total gross of receipts from auto license fees during 1930. It was announced by the American Association of State Highway Officials in Washington. Exceeded only by New York and Pennsylvania, the state collected \$23,452,412. However, the decrease in the registration of motor vehicles, 4.3

per cent, was the greatest in the country.

Ellsworth Hemp, 45-year-old farmer who resided three miles northeast of Okemos, and his 15-year-old son, Ralph, were killed at the Williams Lake crossing of the Grand Trunk Railway in Waterford Township, when they drove their truck in front of an eastbound passenger train. The Hempas had just delivered a load of wood and were on their way home.

Joseph Bairley, sheriff of Monroe County, has ordered his deputies to arrest Monroe County motorists driving with Ohio license plates. The sheriff has learned that many motorists living near the Ohio line are driving with plates purchased in Toledo. The Ohio plates cost \$10 to \$15 less than Michigan licenses, the sheriff said.

"How 'Luc' Amy Kisses Worth In Washnetaw County?"
No, there is nothing silly or sentimental about the above question. It is a query deserving the most careful and prayerful examination because behind it there are countless other questions that constitute the biggest problem for countless people—youth and old alike. It may therefore be worth the while of all, who can in justice to themselves, and who have no other church affiliation, to be at the Methodist church in Chelsea at ten o'clock next Sunday morning.

In the background of the text are two women and a love story unusual as it is significant. These two women are as different as any two in Chelsea. For one the future is a goal to be attained, and for the other it is a pitcher to be filled. And she fills it.

That a like default has occurred in the payment of the taxes assessed against said premises for the year 1929 and the said assignee of said mortgage has paid the same. That a like default occurred in the payment of the taxes assessed against said premises for the year 1930, and the assignee of said mortgage has paid the same. That the total amount of taxes, interest and penalties on said property so paid by the assignee of said mortgage has paid the same. That the total amount of taxes, interest and penalties on said property so paid by the assignee of said mortgage has paid the same. That the total amount of taxes, interest and penalties on said property so paid by the assignee of said mortgage has paid the same.

And the sequence constitutes a moral, and a lesson, for young and old alike, more thrilling than any novel, and more inspiring than all the silly sentimentalism featured by so much of the present day type of journalism masquerading as literature. The topic of the sermon will be "Two Kisses but Only One Good-bye." Fine music by the choir.

Sunday school follows the service. Wednesday at 7:30, praise service and exposition of the next Sunday school lesson.

MORTGAGE SALE

By a certain Indenture of Mortgage dated the 31st day of March, in the year of our Lord, one thousand nine hundred and twenty-two, and recorded in the office of the Register of Deeds of Washtenaw County, Michigan, on the 1st day of April, A. D. 1922, in Liber 157 of Mortgages, on page 8, Leon L. Curry and Nellie B. Curry, his wife, duly mortgaged unto H. O. Woodbury and Frances C. Woodbury, his wife, or the survivor, all that certain piece or parcel of land, situated and being in the city of Ypsilanti, county of Washtenaw, state of Michigan, and described as follows, to-wit:

Commencing on the North line of Congress Street one hundred and seven and three-fourths feet West of the Southwest corner of lot number seventy-three in Cross and Bagley's Addition to the city of Ypsilanti; thence running West on said North line of Congress Street forty-nine and one-fourth feet to the Southeast corner of lot formerly owned by O. W. Seymour; thence North along the East line of said Seymour lot eight rods, thence East along line of land owned by A. A. Kinley forty-nine and one-fourth feet; thence South on line of land owned by A. A. Kinley eight rods to the place of beginning.

Said mortgage was afterwards duly assigned by the said H. O. Woodbury and Frances C. Woodbury, his wife, to John E. Gerrick of Detroit, Michigan, by instrument of assignment dated the 24th day of October, A. D. 1922, and recorded in the office of the Register of Deeds of Washtenaw County, Michigan, on the 25th day of October, A. D. 1922, in Liber 21 of Assignments of Mortgages, on page 150.

The amount claimed to be due at the date of this notice for principal, interest, attorney fees and taxes paid by the mortgagee and interest thereon, as provided in said mortgage, is the sum of \$8725.87.

Default has occurred in the performance of the condition of said mortgage on the part of the mortgagors, such default consisting in the non-payment of the taxes for the year 1928 assessed against said premises within the time provided by said mortgage and the assignee of said mortgage, pursuant to the terms of said mortgage, has paid the same.

That a like default has occurred in the payment of the taxes assessed against said premises for the year 1929 and the said assignee of said mortgage has paid the same. That a like default occurred in the payment of the taxes assessed against said premises for the year 1930, and the assignee of said mortgage has paid the same. That the total amount of taxes, interest and penalties on said property so paid by the assignee of said mortgage has paid the same. That the total amount of taxes, interest and penalties on said property so paid by the assignee of said mortgage has paid the same. That the total amount of taxes, interest and penalties on said property so paid by the assignee of said mortgage has paid the same.

No proceedings at law having been commenced to collect the amount remaining secured by said mortgage or any part thereof, notice is therefore hereby given that said mortgage will be foreclosed by a sale of the mortgaged premises to satisfy the amount due, principal, interest, taxes, penalties, attorney fees, and the costs and expenses of such sale and sale.

Said sale will be held at the South outer door of the Court House in the city of Ann Arbor, Michigan, on Saturday, the 11th day of July, A. D. 1931, at 10:00 o'clock in the forenoon, Eastern Standard Time. Said Court House being the place of holding the Circuit Court within said county of Washtenaw.

Dated this 7th day of April, A. D. 1931
