## Twilight Ball League Season To Open 28th

Twilight Ball League fans of Chelsea are assured another season's enjoyment of the sport as the result of a meeting held last Thursday evening at Miller Brothers' barber shop, when the League was reorganized for the coming season, and representatives of four organizations were present to enter their teams.

M. W. McClure was elected president of the League to succeed Clarence McBride, who served in that capacity during the past year, and Paul F. Niehaus was elected secretary-treasurer, succeeding Chester Miller.

As in the past, games will be played at Holmes Field on McKinley street, the first game of the season to be played Tuesday evening, April 28, with the American Legion opposing the Macons. The T. O. O. F. and St. Paul's teams, the other two entries in the League, will play the second game of the season, on Thursday evening, April 30. Games will be played each Tuesday and Thursday, with postponed or tie games on Friday or Monday.

Committees were appointed to the several tasks of preparing the field, backstop, benches, scoreboard, etc., and it is expected that all details will be taken care of within the next week, so that everything will be in readiness for a big opening on the 28th.

The customary free admission will be in effect again this year and unusually large crowds are expected to attend the games in view of the fact that the four participating teams have ranked at the top of the list in previous seasons, and a real contest is anticipated throughout the season to decide the pennant winners.

## Chelsea "S. O. O. W." Again Reorganized

Agreeable to advice of the Director of the Department of Conservation at Lansing, a meeting was called for March 31st and adjourned to April 9th for the purpose of reorganizing the Chelsea "S. O. O. W." (Superadmirable Order Of Whoppers) also known as "The Chelsea Fishing and Fish Propagation Club."

At the meeting held on April 9th, the following officers were elected for the ensuing year: President, Howard Brooks; secretary-treasurer, A. K. Collins, and three members of the executive committee: Jacob Hummel, B. B. Turnbull and H. B. Murphy.

Steps will be taken at once to have the "S. O. O. W." function as of old when they were instrumental in securing and planting many thousands of fish, fry and fingerlings in the lakes of this vicinity.

Anyone who enjoys God's beautiful out-of-doors any and every day of the week, over 14 and under 110 years of age, able to dig his own bait, who has caught or can tell a convincing story of having caught a "whopper" (any story so told is not to be questioned but it is permissible to say "SOOW" with a rising inflection) is eligible to membership and will be enrolled on payment of the current year's dues of 50c.

The fund raised from dues is to be spent entirely in securing and planting fish, fry and fingerlings in the many beautiful lakes of this vicinity and in co-operating with the State Conservation Department to the end: "Better Fishing."

Lakes which will be covered by the club are as follows: Cassidy, Cavanaugh, Crooked, Cunningham, Blind, Bruin, Doyle, Ellsworth, Four Mile, Half Moon, Island, Johnson's (west), Lehman, Long, Mill, North, South, Sugar Loaf, Sullivan's, Twamblay's, Warner.

Twenty-five applications for bass, blue-gills and perch have already been filed and acknowledgement received from the Department of Conservation covering the following lakes: Cavanaugh, Crooked, Blind, Long, Four Mile, Warner and Johnson (west).

## High School Band At Fellowship Meet

Tuesday evening was Ladies' Night at the meeting of the Men's Fellowship club held in the church dining room with about 250 in attendance.

A program of musical selections was rendered by the high school band, under the direction of Wesley C. Smith, and talks were given by Rev. Henry W. Lewis of Francisco, and Supt. E. L. Clark.

**HOLD COOKING SCHOOL**  
A good attendance is reported by the Washtenaw Gas Company at their Free Cooking School demonstration which is being held this week in the basement of the Methodist church, in charge of Miss Claribel Adams.

On Tuesday, Miss Adams demonstrated cakes, on Wednesday, cookies and hot breads, and on Thursday, aids will be demonstrated today, the last day of the demonstration, at 2:30.

## Clean-up Notice!

Notice is hereby given that all rubbish and debris, consisting of ashes, waste paper, boxes, spoiled vegetables and fruit, etc., which has been piled or scattered in alleys and vacant lots in the rear of Chelsea stores, must be cleaned up and hauled away at once.

This order is issued in an effort to make sanitary conditions in Chelsea more satisfactory as the summer months approach.

Health Officer.

## Local Schools Lauded By University Official

April 16th, 1931.

Mr. M. W. McClure,  
Editor Chelsea Standard,  
Chelsea, Mich.

Dear Sir:—  
Because of the increased interest on the part of the public concerning the pending drastic changes in the teaching force and the possible adverse effects resulting therefrom, I desire to have the following letter published for the information of the people.

Yours very truly,  
Howard S. Holmes.

University of Michigan  
Ann Arbor  
(School of Education)

Mr. Howard S. Holmes,  
Chelsea Milling Company,  
Chelsea, Michigan.

Replying to your letter of March 26, I will say that I made a careful inspection of the Chelsea school last year for the Accrediting Department of the University of Michigan. I found that Mr. Clark has built up an outstanding school. The general spirit of the school and the quality of instruction were of such high order that, in my opinion, his high school ranks among the best, irrespective of size, which I have observed in the seven years that I have been doing more or less high school inspection for the University. I was especially impressed with the uniformly high standard of instruction.

I should strongly urge against the proposal to reduce the number of teachers. It is not possible to increase the load of the teaching corps without inevitably lowering the standards of instruction. This would be, I feel sure, an unwise policy. May I urge, also, against the desirability of reducing salaries? No good teacher is ever overpaid. Furthermore, an efficient school cannot be built up and maintained unless the salaries are sufficiently high to attract and to retain the best teachers available. While it is true that there are many teachers available for positions this year, it is equally true that there is not a superabundance of first class teachers available.

May I state again my conviction that Chelsea is fortunate indeed in having in charge of its school so capable and progressive a superintendent as Mr. Clark? It would be, I believe, extremely unfortunate were any policy adopted by the Board which would in any way hamper him in the effective program which he is following.

Sincerely yours,  
Francis D. Curtis.

## Achievement Day Is Set For May 1st

The County Achievement Day for Clothing, Handicraft and Hot Lunch clubs who have terminated their winter activities, will be held at Yost Field House, Ann Arbor, on Friday, May 1 in connection with the Rural School Field Day.

There will be a health contest conducted by Miss Pearl M. Haist, County Health Nurse. Any 4-H club member who was enrolled in club work or is enrolled in summer club work this summer, and who is 12 years of age or over may participate in the contest.

The county health champions will represent the county in a district contest at East Lansing.

All those designated as local champions in the local Achievement meetings held last month, both in the exhibits and in the girls' style show will enter the county contest on May 1.

## STREETS CLEANED

The paved streets of Chelsea have taken on a decidedly cleaner appearance during the past few days. On Monday night they were thoroughly flushed with the aid of the community pumper, which removed gravel and dirt which had accumulated during the winter and spring months. Painting of parking spaces was started on Tuesday night, and it is hoped there will be a somewhat more systematic parking of cars than has been evident for some time.

## Represent Chelsea Hi School In Contests

Matthew McGaffigan represented Chelsea Hi in the Declamatory contest held in the Ypsilanti high school on Friday afternoon, April 10. His declamation was entitled "Liberty of Every Man, Woman and Child," by Robert B. Ingersoll. He was in competition with the schools mentioned in connection with oratory.

Matthew was presented with a fine dictionary which has his name in gold letters on the cover. He has announced that he will enter the contest again next year.

Chelsea High Orator, Howard Holmes, won first place in the Oratorical contest held at Ypsilanti Central high school on Friday evening, April 10.

The Chelsea representative won in competition with Ann Arbor High, Ypsilanti High, Milan, Howell, St. Thomas of Ann Arbor, Roosevelt of Ypsi, Fowlerville and Pinckney. The title of Howard's oration was "A New Day in a True Democracy."

Howard won a distinct honor, since he won out over the Ypsilanti high school orator, who placed first last year in the sub-district and district contests. He will compete in the district contest, which will be held at Charlotte on the first Friday in May.

## St. Paul's Ladies' Aid Meets In Ann Arbor

Members of the Ladies' Aid Society of St. Paul's church were delightfully entertained at their April meeting on Friday afternoon as guests of Mrs. George Wagner, Ann Arbor, a former member of the society. The program opened with devotionals by the pastor, after which the following readings were given:

"Our Young People"—Mrs. Louis Epler.  
"He Chose the Cross of Shame"—Mrs. L. Winans.  
"How to be Happy"—"Enthusiasm in Our Church"—Mrs. Martha Weinmann.  
"A Mother's Gratitude"—Mrs. Fred Seitz.

A business meeting followed, and lunch was served by the hostess.

## Herbert Mohrlock Weds Munith Girl

Of interest to their many friends is the announcement of the marriage of Miss Nina Kast, daughter of Mrs. Laura Kast, of Munith, and Mr. Herbert Mohrlock, son of Mr. and Mrs. Theodore Mohrlock, of Lyndon.

The ceremony, which was witnessed by the immediate families, was performed Thursday evening, April 9, at the parsonage of the First Methodist church, Munith. Rev. Frank Hartley officiating.

Attendants were Miss Doris Kast, sister of the bride, and Raymond De Leeuw. The bride was charming in a model of aqua-marine crepe, with accessories in beige. She carried an arm bouquet of roses, sweet peas and forget-me-nots. The bridesmaid chose a gown of chiffon in a similar shade of blue, and carried a shower bouquet of roses and snapdragons.

Proceeding the ceremony, a dinner was served the wedding party at the home of William Lake, Munith.

After a short motor trip, Mr. and Mrs. Mohrlock will be at home to their friends at their farm home north of Chelsea.

## ENTERTAINS LUCKY NINE

Miss Flora Schleferstein entertained the members of the Lucky Nine Tuesday evening at a "Hard Time" party, with Mrs. Lorenz Wenk and Miss Amanda Wolpert assisting as hostesses. The guests appeared in fancy costume and "500" furnished the diversion for the evening. Mrs. J. Allyn Kaercher and Miss Ruth Loeffler of Ann Arbor were out-of-town guests. High honors were awarded Mrs. Kaercher, while a favor was presented each guest. Ice cream and cake were served.

## DEARBORN KIWANIS HERE

Members of the Dearborn Kiwanis club and their wives, to the number of thirty, were present at the Monday evening meeting of the local club, and presented a very interesting program. Russell Reader presided, and introduced Ralph Taylor, song leader, who led in singing of several songs. Ed. Peterson, president of the club, and Harry Brownless, district governor, were introduced and gave short talks. Harry C. Vicary, architect, was the principal speaker, giving an interesting and instructive talk on "Modern Architecture."

Conducted by Contest Board of A. A. A. on Indianapolis Speedway

This is probably the most thorough and comprehensive lubrication study ever made.

The Contest Board of the American Automobile Association conducted the work and is compiling the results for certification. Car manufacturers sent representatives to the track for observation.

Here are some of the technical questions included in this study:

- 1 Extent to which motor oil thins out in the crankcase?
- 2 Effect of speed on oil consumption?
- 3 Volume of carbon formed with various grades (viscosities) of oil at different speeds?
- 4 Engine wear at known speeds with various grades of motor oil?

Soon these cars will take to

the road on extensive individual tours. These tours will serve a dual purpose. First, to deliver to automobile dealers the certified results of the lubrication study and give them the privilege of inspecting their car. Second, to carry on the lubrication study under the identical conditions that your car faces every day. Watch for these cars. Inspect them if you have the opportunity.

The broad scope and thoroughness of this work explains why Standard Oil Company (Indiana) is able to provide you with motor oil that meets exactly the lubricating requirements of your car.

**New ISO-VIS MOTOR OIL**

New Refining also is refined by our new process—giving it an efficiency which is exceeded only by New Iso-Vis. The price is 25¢ a quart.

the next day*

Another social tragedy took place when the Weems's had dinner guests the other night. Mr. Weems, whose dark suit was at the cleaner's, made a desperate effort to get at the only telephone in the house.

And of course, Rollo, the vigilant poodle, at once

spotted him in the act! Mr. Weems ordered an extension telephone for the bedroom next day. It costs him less than 3 cents a day.

To order an extension telephone, just call the Telephone Business Office.

**OUR NEIGHBORS**

**ADRIAN**—No more Sunday hunting in Lenawee county. The restrictive measure was put up to the voters and carried by nearly a two to one vote. Cambridge township voted to prohibit Sunday hunting 300 to 140. Woodstock township also voted to prohibit 309 to 181.

**ANN ARBOR**—With the bones arranged exactly as they were found under ten feet of marl in Cass county, so that visitors may see how specimens of ancient beasts appear when uncovered in the field, a new skeleton of an elephant which roamed Michigan perhaps ten or fifteen thousand years ago has been placed on view in the University of Michigan Museum.

**GLASS LAKE**—Kampani Rowe was elected as clerk of this township at the recent annual election. Mr. Rowe was a former Chelsea resident.

**MASON**—Nearly a hundred Mason residents packed the council rooms and filled the entrance at the council meeting Tuesday night. They were present to protest the action of the council in adopting the so-called sewer rental ordinance which will tax property owners whose homes are connected with the sanitary system for a yearly total of approximately \$5000.

The ordinance was passed a month ago to raise funds to retire bonds issued for completion of the disposal plant. It follows a statute enacted by the 1929 legislature and is a new departure in municipal financing, but one other municipality in the state, Ohio, now operating under it. News.

**GLASS LAKE**—Supervisor N. M. Davis presided at the annual township meeting Monday in the municipal building. At this time the tax levy was determined for the ensuing year as follows: Road repair, 3-4 mill; highway improvements, 1 mill; fire protection, \$4000; county fair fund, \$500; contingent fund, \$5,000. It was voted to leave the amount for the poor fund, not to exceed \$1,000; for the board to determine. The question of remodeling the municipal building in return for one-half interest in the property, was favored by the electors. The cost of the project is estimated at \$1,400. News.

**Question And Answer Dept.**

**Ques.**—Will you please tell me in your Question and Answer column what day of the week October 22, 1882 came on?

**Ans.**—October 22, 1882 was on Sunday.

**Ques.**—Has one who is not an American citizen the right to vote in caucuses? If he has no right, what is the penalty?

**Ans.**—Anyone can vote at a caucus. A caucus is not an election. It is only for the purpose of placing candidates in nomination. It is up to the committee to see that qualified voters of their party take part.

**Ques.**—I am told that "Amos 'n' Andy" is not a popular radio feature in England. Is that because they are Americans, or what?

**Ans.**—We do not know anything about them being unpopular in England, but if they are, we sincerely think it is because they are Americans. It may be that they consider their humor is forced, stale, pointless and tiresome. Or it may be because of the corrupt influence on the speech of schoolchildren. Forced humor in the employment of poor English will grate on the ears of the cultured, and the people of England are proud of their English. This reason applies to many in America as well as England. It would be humorous to hear the word "regarded" used in an attempt to use a "big word," but the humor is lost when it is known that the usage of this word in place of "disgusted" was pre-arranged.

**Ques.**—Will you please tell me in your question department what is the correct pronunciation of "Arkansas" and settle an argument?

**Ans.**—The correct pronunciation of "Arkansas" is "Ar-kan-saw," with the accent on the last syllable.

**Ques.**—What advantage is there in having a car so small as the baby Austin?

**Ans.**—The advantages are many. With a wheelbase 28 inches shorter than any other American car, the back-seat driver is moved that much nearer to the dummy behind the steering wheel, get forty to fifty miles on a gallon of gas; tires probably good for 10,000 miles after they are worn out; when out of gas, use the contents of a cigar lighter in the emergency; dispense with a garage—just put it under the bed; carry a doughnut for a spare tire; when meeting a truck on the road just run under it instead of going around. There are other advantages, but we haven't room to mention them.

**Ques.**—May I ask in your paper why my neighbors should care because I compose music? My pieces are big hits.

**Ans.**—Probably they wouldn't care if you just composed them; maybe it's your playing them that they object to.

**Ques.**—I wish to ask you what is it that keeps the earth in its orbit?

**Ans.**—Two forces working in opposite directions neutralize each other and determine the orbit of any planet. The earth tends to follow in a straight path, but the gravitational pull of the sun keeps the earth from this tangent path which it tries to follow. Therefore, the earth in its flight through space follows in this orbit because of the sun's continuous pulling.

**Ques.**—When was the song "The Old Folks at Home" written? Also is this song the same as "Swanee River"?

**Ans.**—The song was written by Stephen Foster in 1851. Originally the correct title was "Swanee River," but is widely known as "Old Folks at Home." They are the same.

**Ques.**—What language do the Mexicans speak?

**Ans.**—The Mexicans speak the Spanish language, but they have a dialect of their own that differs from the Spanish spoken in Spain.

**Ques.**—I have written four songs. What should I get for them?

**Ans.**—In some states the fourth offenders of a felony bring life imprisonment.

**Ques.**—I desire to ask why fish is eaten on Friday in preference to any other day of the week. Can you answer?

**Ans.**—Friday corresponds to the day of the week on which Jesus was crucified, and many of the early Christians observed it as a fast day in which they abstained from eating flesh meats. In 863 A. D. Pope Nicholas issued an edict that abstinence on Friday was obligatory on all communicants of the church. Then eating fish on Friday became general from the fact that on that particular day all housewives usually could get better quality of fish at that time of the week.

**Ques.**—Is there such a thing as a hoopsnake? And does it take it, tail and roll like a hoop?

**Ans.**—Yes, there is a small snake that bears that name, but it does not catch its tail in its mouth and roll like a hoop, as many people suppose. There is no snake that does that.

**People Make Use Of Brain Tonics**

Educational medicines in restricted doses have proved popular with Michigan people according to the records of the Short Course office at Michigan State College which show that 776 students have enrolled in the 20 different courses given this year.

The list of courses is constantly growing and short periods of instruction are provided for workers in many lines of activity associated with agriculture. The latest course added was one for keepers of golf greens, in which the knowledge of producing turf gained in pasture and landscape work was made available for those responsible for keeping golf courses in satisfactory condition.

Another popular course in which city residents out-number farmers is the course in ornamental horticulture. Amateur gardeners and those desiring to get instruction in landscape gardening enroll for this instruction.

Although the short courses are limited in duration, they are concentrated mental tonics and are designed to give the fullest possible utilization to the available time. A majority of the students are making a living from the line of work which they are studying and they can not spare extended periods away from their business.

Try Standard 11ners for results—26c.

**FIRE-PROOF?**

No building is fire-proof—entirely proof against fire. True, there are fire-resistant buildings. But repeated proofs show the necessity of insuring even that type—the safest type—of building.

Don't resist the prudent thought of carrying adequate insurance on fire-resistant buildings and their contents. It's better to have insurance and not need it than to need it and not have it.

**IN EVERY THIMBLEFUL!**

14 FEEDS... all in one tiny thimbleful. 14 good feeds which are there in just the right proportion. There's the story of a real chick starting feed... Purina Startena Chow. A real story because one thimbleful of feed is all one chick can put into its little crop in one day.

Out of this tiny thimbleful a chick must get so much. That's why the 14 different feeds are there. Cod-liver oil... dried buttermilk... alfalfa flour... granulated meat... wheat germ meal... linseed meal... these and eight other feeds are in every thimbleful of Purina Startena Chow... each one with a real job to do. Mixed over and over... 960 times... every thimbleful alike.

The 1930 national feed survey of 1,834,513 chicks tells you the kind of a job these thimblefuls do. At six weeks of age, 92 out of every 100 Purina-fed chicks are alive and growing. And they weigh an average of one-fourth of a pound more than other chicks. There's the story for you! The proof that the 14 feeds in Purina Startena Chow (mash or all-mash) actually give a chick the many, many things it must get from a thimbleful of feed. Purina Startena Chow is here... ready for you to feed. Call or drop in on us in your first spare moment.

## ORANGE PORTER NOAH

Orange Porter Noah, Civil war veteran, died Friday, April 10, at the home of his son, Perry E. Noah, at North Lake, in Dexter township.

He was born August 27, 1842, in Richfield township, Summit county, Ohio, the son of Joshua and Ruth Noah, and was the twelfth of a family of sixteen children. At the age of thirteen he came with his parents to Montcalm county, Michigan, and at that time there were only seven white settlers in their township.

In 1861 he enlisted in Co. H, Eighth Michigan volunteer infantry, at Greenville, serving until September 15, 1862, when he enlisted in Co. D of the United States battalion of topographical engineers, with the rank of artificer. He remained in this regiment until September 15, 1864, when he was honorably discharged. Mr. Noah took part in several important battles, among which were the second battle of Bull Run, the battle of the Wilderness, Kelly's Ford, Antietam, South Mountain and other conflicts. He witnessed the sinking of the iron clad Merrimack by the Monitor, March 9, 1862, and was on Gen. Burnside's expedition to Carolina, sailing on the Vanderbilt, then the largest sailing vessel in the world.

On November 8, 1866, he was united in marriage to Lucy Adelaide Stark. In the spring of 1884 they moved to North Lake, where they resided until her death in 1918. Mr. Noah remained at his home until he came to live with his son, six months ago.

Besides the son, Perry E., he is survived by a brother, John D. Noah of Cedar Springs; three grandchildren, Mrs. Floyd Boyce of Jackson, Lawrence and Mildred Noah of North Lake, and five great grandchildren. Funeral services were held at 2:30 Monday afternoon at the North Lake

church, Rev. Edwin Hocking officiating. Interment was in North Lake cemetery.

## WATERLOO

The Unadilla people bring their play, "The Path Across the Hill," to the Gleaner hall this Friday evening, April 17th, under the auspices of the Gleaners. This play comes highly recommended, so let's have a good turn-out.

Clarence Fowler, Orson J. and Norman Beeman, and J. D. and LaMar Hibbs motored to Detroit on Sunday afternoon.

The last community party this spring will be held at the Gleaner hall Friday evening, April 24th. Pot-luck supper. Music by the band. Mr. and Mrs. Fred Dwyer, Mr. and Mrs. Yocum, and Mr. and Mrs. Dan Beeman called on Orson Beeman, Sr., Sunday.

Bernard Beeman, and Richard Ramsayer of Detroit visited at Orson, Earl and Alva Beeman's on Sunday. The Jackson County Confederation of Gleaners will meet at Waterloo hall Friday evening, May 1. Pot-luck supper. Music by the band.

At the spring meeting of Lyndon township 4-H club last week, Orson Beeman, Jr., was elected president; Kenneth Ulrich, vice president; Leone Hibbs, secretary; and Ted Palmer, treasurer. John Young is leader of the crops, potato and garden club; Guy Barton of the poultry, and Rose McIntee of the canning clubs.

The Rainbow Sunday school class will hold their April meeting with Gladys Runciman this Saturday night. Mr. and Mrs. Emory Runciman spent Sunday at L. Smith's of Coon Hill.

## MRS. JOHANNA SCHOENITH

Mrs. L. P. Vogel was called to Detroit Thursday morning by the serious illness of her mother, Mrs. Johanna Schoenith. Mrs. Schoenith passed away Friday morning, April 10th. The funeral was held Monday afternoon from the residence on East Grand Boulevard.

## ENTERTAINS AT BRIDGE

Mrs. J. Edward McKune was hostess at a one-o'clock luncheon Saturday, the guests including Mrs. E. I. Taylor and Mrs. Chas. Martin of Ann Arbor; Mrs. Ford Axtell of Jackson, and Miss Zeta Foster of Grass Lake. Two tables of bridge were in play. Miss Foster receiving high honors and Mrs. Martin second.
