## Lumber Company Will Build New Warehouse

Construction of a large up-to-date  
warehouse will be started by the  
Chelsea Lumber, Grain & Coal Co.  
within a few days, according to com-  
pany officials.

Erection of the new warehouse is  
necessitated by the destruction of one  
of the firm's warehouses by fire a few  
weeks ago. In addition to covering  
the space occupied by this building,  
the old warehouse standing just east  
of the one destroyed is being wrecked,  
and the new building will occupy  
practically all of the space covered by  
the two warehouses.

The new building will be 36x100  
feet, of frame construction with con-  
crete foundation and composition roof.  
Provision will be made for two inside  
loading docks and truck storage, as  
well as outside loading docks.

A large force of men will be em-  
ployed so that construction of the  
building will be completed in a few  
weeks.

## Program Announced For Band Concert

An especially attractive program  
has been arranged by Director Claude  
Isam for the concert which will be  
presented next Wednesday evening by  
Isam's band, a special feature of  
which will be two vocal solos by  
George Atkinson. The program is as  
follows:

1. The Commander (March)—Kin-  
for
2. National Fencibles (March)—  
Souls.
3. Carmen (Selection)—Bizet.
4. The Show Boy (March)—Huff.
5. On the Beach With You (Fox-  
Trot)—Seymour & Greer.
6. Golden Rod (Waltz)—Huff.
7. High Tide (March)—Head.

—Ray-Coke. (b) When Irish Eyes  
Are Smiling—Ball-Graff. Vocal Solos  
by George Atkinson, Baritone.
10. Salute to Washington (March)—  
Kiefer.
11. Semper Fidelis (March)—Sou-  
sa.
12. The Enchantress (Overture)—  
Dolbey.
13. The Royal Pageant (March)—  
Huff.
14. Star Spangled Banner.

## CAR STALLS ON TRACKS

Ten minutes is a lot of time some-  
times, but when an automobile is  
stalled on a railroad track and the  
garage man you call is in bed, and  
a fast train is due in ten minutes, ten  
short minutes slip past pretty fast.  
This was the experience of a man  
from Dexter, who failed to make the  
turn at the Methodist Old People's  
Home when he was approaching Chel-  
sea on the Cavanaugh Lake road Mon-  
day night. The result was that he  
drove down the tracks about 50 feet  
before he could stop his car. David  
Muhlock was called, and within five  
minutes the car with all four tires  
flat, was pulled out of the path of  
the fast train which passed by soon  
afterward.

## ROBERT LEACH INJURED

Robert Leach sustained injuries on  
Sunday evening when the automobile  
which he was driving, accompanied by  
Mr. and Mrs. N. Johns of Chelsea,  
collided with a car driven by Edward  
Barrett of Detroit, at the intersection  
of Detroit and Beakes streets, Ann  
Arbor. Mr. Leach suffered a broken  
sternum and a broken rib. He was  
taken to St. Joseph's hospital. Mrs.  
Johns received several cuts on her  
arms.

## LYNDON DEFEATS LODI

The Lyndon Sod Busters ball team  
defeated Lodi on Sunday, on their  
home field near Waterloo, 3 to 2. Bat-  
tery for Lyndon, Albert Cooper and  
Spencer Baxton; for Lodi, H. Holt and  
Steln. The Lyndon team will play  
Mt. Pleasant next Sunday at the same  
place. The public is invited to all of  
these games.

## BIRTHDAY SURPRISE

Mrs. F. C. Ferguson was pleasantly  
surprised on Sunday when several  
relatives and friends from Flint gath-  
ered at her home, on the occasion of  
her birthday anniversary. A boun-  
tiful dinner was served at noon, and  
many lovely gifts were presented  
Mrs. Ferguson.

## ENTERTAINS AT LAKE

Miss Viola Seyfried entertained a  
number of Detroit friends at a bridge  
luncheon in the home cottage at Sil-  
ver Lake on Thursday afternoon.  
Three tables were in play. Garden  
flowers formed the decorations.

## LOCAL MEN INJURED

Gale Aldrich and Eugene Shinn-  
berry were painfully injured Sunday  
when the car they were driving col-  
lided with a truck near Defiance,  
Ohio. Both men were severely cut  
about the face and head.

## High School Band To Give Five Concerts

Of interest to everyone in Chelsea  
and vicinity is the announcement that  
the Chelsea High School Band will  
give a series of open air concerts in  
Chelsea, starting Saturday night of  
this week. The concerts will start at  
8 o'clock and last one hour, and will  
be given every two weeks until a to-  
tal of five have been presented.

The High School Band was organ-  
ized last November and has advanced  
very satisfactorily under the able di-  
rection of Wesley Smith, local band  
leader of many years' experience. Mr.  
Smith has also cooperated by giving  
private instruction to those playing  
wind instruments, and Watson Hart  
has tutored the ones learning reed in-  
struments. The band is composed of  
forty-three girls and boys.

A petition has been circulated dur-  
ing the past week and a total of  
about \$300 has been subscribed for  
this series of concerts. The proceeds  
will be used to purchase much-needed  
uniforms for the band.

There are perhaps many who have  
not had the opportunity of signing  
the petition who would like to assist  
the band in their efforts to secure uni-  
forms. The paper is at the Kempf  
Commercial & Savings Bank, and ad-  
ditions to the list of signatures will  
be greatly appreciated by members of  
the band and their director.

## Will Employ Engineer For Disposal Plant

At the Monday evening meeting of  
the common council, the committee in  
charge of sewage disposal was grant-  
ed authority to employ an engineer  
to draft plans and present estimates  
of the cost of a sewage disposal plant  
for Chelsea. These plans, when com-  
pleted, must be submitted to the  
State Department of Health for their  
approval before any action can be  
taken by the village.

The village has been requested by  
state authorities at various times to  
provide a plant for sewage disposa-  
l, and recently many complaints have  
been received from property owners  
in the vicinity of Mill Creek asking  
village authorities to take some ac-  
tion in the matter.

Another matter of importance  
which was acted upon at Monday's  
meeting was the matter of sewer  
hook-ups in the village. A resolution  
was passed which makes it manda-  
tory for all property owners to have  
their sewers connected to the new  
system on or before October 1st. Use  
of outside toilets is strictly prohib-  
ited by state law, so all homes must have  
sewer connections.

This action was necessitated by the  
fact that final settlement date with  
the contractors who installed the sys-  
tem is set for November 3, and the  
assurance of a perfect functioning  
system cannot be ascertained until all  
sewage in the village is flowing into  
the system.

## TWILIGHT BALL NEWS

St. Paul's were defeated, 2 to 0, by  
the Masons last Thursday night. The  
Masons were defeated by the Legion,  
7 to 1, on Tuesday night. The Le-  
gion now leads the League, having  
won 9 games and lost 4; I. O. O. F.  
have won 8 and lost 4; Masons have  
won 6 and lost 7; and St. Paul's are  
at the bottom with 2 victories and 10  
defeats.

St. Paul's and I. O. O. F. will clash  
tonight; the Legion will oppose St.  
Paul's next Tuesday, and Masons and  
I. O. O. F. will play next Thursday.  
The ten leading batters in the  
league are as follows: R. Munro,  
400; C. Rowe, 333; Richards, 333;  
J. Munro, 308; E. Miller, 308; C.

## MACCABEE PICNIC

The Maccabees of southeastern  
Michigan will hold a picnic and pot  
luck lunch at Eagle Point, Clarks  
Lake, on Sunday, July 26. A pro-  
gram, consisting of swimming, base-  
ball and other sports of various kinds  
has been arranged by the committee  
in charge. The Adrian, Manchester  
and Jackson Tents and Hives have  
charge of the event and it is expected  
that five hundred members of the or-  
ganization and their friends will be  
in attendance.

## YAGER-SPALDING WEDDING

Miss Julia Yager of Louisville, Ky.  
and Chas. J. Spalding of Lima town-  
ship were united in marriage Friday  
afternoon, July 17, by Justice Ernest  
E. Adam, at his home on Madison St.  
Mrs. Adam and Thomas Fox wit-  
nessed the ceremony. The couple will  
make their home on the Schneider  
farm in Lima.

## ENTERTAIN FOR GUESTS

**Member 1931****Michigan Department of State WEEKLY NEWS BULLETIN**

Evidence that the economic depression was not as severe as commonly imagined and that the "turn of the corner" has been reached, is seen in Department of State records.

Several weeks ago, it was estimated that the annual corporation tax for the fiscal year beginning July 1 would fall nearly \$1,500,000 below that raised by the same tax last year. In the first 12 days of the new tax year, 354 corporations paid their tax and the average was \$125 for corporation. For the first 12 days of the previous tax year, 467 corporations had paid an average tax of \$136. These statistics show that the corporation tax is \$11 per company less than a year ago and that the state's business concerns are slower in paying than a year ago. The surprising figure, however, is that the corporation tax at this rate will be only about \$300,000 under that of last year.

A brighter outlook for the future is seen from the fact that the Central Products Terminal of Detroit took out incorporation papers with a declared value of \$901,000. This company is given the right to build a warehouse for all sorts of farm produce and also the right to merchandise its wares. Here is one company that has nearly a million dollars' worth of faith in the future of Michigan.

The Department of State is making

plans a year in advance for the general re-registration of all voters before the presidential election in 1932. Under the changes in the election laws adopted by the 1931 legislature, the Department of State has greatly added powers in regard to elections. Already the department, in conjunction with the election commission, have approved forms for the next re-registration, which is mandatory on all counties of over 5,000, and these forms will be available for local election officials within a short time.

**Tell Time To Apply Codling Moth Spray**

Reports of the emergence of the second brood of the codling moth at the 30 observing stations maintained in the State by the entomology department of Michigan State College furnish the data upon which are based the warnings now being sent to apply sprays to protect apples from this insect.

Michigan's stretch of territory from north to south and the influence of the Great Lakes combine to make life miserable for the scientists who have to compute the proper times to apply protective sprays. Some of these sprays must be applied at exactly the right time or they are of little value. The second brood codling moth spray must be used at the time the larvae are trying to pierce the skin of the apple to gain entrance to the fruit. After the worm has worked through the skin of the fruit, any attempts to avoid injury are worthless. The entomologists know how long a period of time intervenes between day of the laying of eggs by the moth and the hatching of the larvae which immediately seek the protection and food afforded by the interior of apples.

When the moths emerge in the observing cages, the College entomologists calculate the latest date it will be possible to apply a protective spray and then sends the warning to orchard owners. Sometimes, the date applies to several counties and, occasionally, to only one. The counties affected are named in each warning. County agricultural agents have the complete directions for mixing the spray and orchard owners who are not familiar with the mixture can obtain this information from the agents who also know the spray dates for their counties.

**Just a Little Better An Old Man Goes Alone A Time to Hold On Harvard's Teaching Plan**

Everybody just a little bit happier. Stocks a little better here. German bonds were stronger. You could borrow money for speculating in Wall Street at 1 1/4 per cent a year.

In a jail at Santa Fe, N. M., a cell is prepared for Albert B. Fall, once senator from New Mexico, later in President Harding's cabinet. The courts accepted as proved that oil reserves of the United States were bought and sold criminally, so an old man, broken in health, not far from the grave, convicted of selling, must go to prison. He goes alone.

What of those that did the buying?

The man who has made a wise investment is foolish if he lets it go at this time, if he has the power to hold it.

The wise will remember that everything comes back. What goes up comes down, and vice versa. This country hasn't lost anything except a few billions of dollars, nothing like half as much as one year's United States payroll. And what we have lost is nothing compared with what we made in the war.

It is a good time to remember Goethe's "Money lost, something lost . . . honor lost, much lost . . . courage lost, everything lost."

Dean Hanford of Harvard university says students are "not spoon fed." They are expected to be responsible for their own education and, to a great degree, educate themselves. Truly Dean Hanford says: "The most important type of education is self-education. The student grasps, retains and masters what he works out for himself."

To educate means "to lead out," from e-out, and duo-to-lead. All that you can do for a boy is to bring out of him "to lead out" that which is in him. Stuffing him with ready-made information does little good.

In Buckingham palace good Queen Mary had a grand ball, first in that palace since 1924. Two thousand young men, "that have not had much amusement lately," went to the party.

The music, chosen by Queen Mary, according to custom, with some advice from her son, the prince of Wales, had a United States flavor. Titles of the dance music included: "I'm Alone Because I Love You," "Girl of a Million Dreams," "Hawaiian Stars Are Gleaming," and "Peanut Vendor," all a long way from the "Blue Danube."

President Hoover said America must go to the rescue of Germany and Austria, and stocks went bounding upward. That happened in spite of the fact that the President's message meant that many of our European customers were close to bankruptcy, and many of our billions, sent abroad, might never come back.

A huge whale plows the northern seas, swallowing millions of tiny marine creatures, on which he lives, knowing nothing of his past. Little does he dream that his ancestor was a little creature, the "tree shrew," that you could carry in your vest pocket.

Still less can he imagine his future, or know that his body will be boiled down, and the oil sprayed on park trees to kill an epidemic of plant lice.

From tree shrew to whale ninety feet long, and from giant whale to plant lice destroyer, is a considerable change.

We human beings know about our past and future as little as the whale knows about his.

Professor Frost, director of the Yerkes observatory, finds indications that there exists a "mind" in the universe. He is not like the French scientist who replied to Napoleon's question concerning God: "I have no need of that hypothesis."

If a cockroach in a skyscraper could talk and say: "I believe there is somebody running this skyscraper," you would be amused.

Somebody, somewhere in creation, is amused when one of the little germs on this earth grain of dust discovers indications of a guiding intelligence in the universe.

What are vitamins? We know that we can't live without them, that they cure rickets in children, what food-stuffs contain the various vitamins, and scientists have just discovered that two of them, vitamins A and B, give off some kind of strange radiation.

Rats deprived of certain necessary vitamins have no children. Deprived of other vitamins, they starve to death, although supplied with abundance of food.

Three important things we possess without knowing what they are, electricity, vitamins and the soul of man.

Somebody stole twenty-eight canary birds as they sat in their cages singing sweetly. And, having stolen them, turned them loose in the park.

It was a mistaken kindness. You might as well take twenty-eight sons of very rich men from their yachts, automobiles or polo ponies, and turn them loose in the struggle for existence.

They wouldn't thank you.

## FIRE-PROOF?

No building is fire-proof—entirely proof against fire. True, there are fire-resistant buildings. But repeated proofs show the necessity of insuring even that type—the safest type—of building.

Don't resist the prudent thought of carrying adequate insurance on fire-resistant buildings and their contents. It's better to have insurance and not need it, than to need it and not have it, isn't it?

## Question And Answer Dept.

Ques.—Would you care to answer in your question department when the doctrine of papal infallibility was proclaimed? I understand you do not care to answer religious questions, but I don't think this is one that admits of argument.

Ans.—So far as we can learn, the doctrine of papal infallibility was officially proclaimed at the assembly of the Vatican Council (1869-1870) during the reign of Pope Pius IX.

Ques.—Where is Port Said, its population, and how did it get its name? Ans.—Port Said is a seaport of Egypt, on the Mediterranean Sea, immediately west of the Suez Canal. The site is on a narrow strip of land that is separated from the Mediterranean by Lake Menzaleh. The population of the city is 104,342. The place got its name from the patron of the Suez Canal enterprise, Said Pasha, in 1859, when the city was founded.

Ques.—Was Christopher Columbus an Italian or a Spaniard? If he was an Italian why were all the South American countries settled by Spaniards? And if he was a Spaniard why do the Italians celebrate on Columbus Day, the 12th of October?

Ans.—Christopher Columbus was an Italian. His father sent him to Spain to be educated, and in 1470 he settled in Lisbon. Early in 1485 Columbus tried to interest John II of Portugal to finance his voyage of discovery to the west. Failing in this he went to Italy, and again failed. He went back to Spain, where he received assistance after entreating for seven years at the court of Ferdinand and Isabella. On August 3, 1492, he set sail with 120 Spanish sailors in three small vessels, and landed in the Bahama group on October 12. As no Italians accompanied him, and being financed by the Spaniards, accounts for Spanish colonies instead of Italian. But being a full-blooded Italian, accounts for the people of that country celebrating the day he arrived on this continent, October 12.

Ques.—Will you please explain what is meant by "contraband"? Ans.—"Contraband" is a term applied in commerce to all goods and commodities exported from or imported into any country contrary to law.

Ques.—To settle an argument will you kindly answer how the State of Delaware got its name? Ans.—The State of Delaware was so named in honor of Lord De la Ware as the man who explored Delaware Bay in 1611. Little is known beyond this fact.

Ques.—Wasn't it romantic when in the olden days lovers serenaded their "sweeties" with a guitar? Ans.—Yes. But the modernist finds he gets quicker results with an auto horn.

Ques.—I am curious to know what a "delta" is. Will you please tell me in your question department? Ans.—"Delta" is the name of the Greek letter which corresponds to the letter "D." The term is also applied to alluvial tracts deposited by many rivers, the waters of which flow into the sea or into larger streams. It is called a delta because it resembles the letter "D."

Ques.—I wish to ask in your question column what causes dew? Ans.—Dew is a condensation of moisture from the atmosphere in the form of globules upon the surface of certain objects. The earth absorbs more heat during the day than it emits, and at night, when the supply of warmth is cut off, it continues to radiate heat, and thus forms what we call "dew."

Ques.—When and where was Chas. Dickens born? And when did he die? Ans.—Charles Dickens was born at Landport, England, Feb. 7, 1812, and died June 9, 1870.

Ques.—Why can a camel go so long without water? Ans.—Camels need water as much as most animals, but owing to the peculiar structure of their stomach they can store water by means of little pouches or water cells which will last them for five or six days while traveling over the desert. By this means they are supplied with water when they become thirsty.

Ques.—Can you tell me if there is any coal under the sea? Ans.—We are informed by geologists there are no coal deposits under any large bodies of salt water. In some cases coal has been found under fresh water lakes and rivers where deep mines have been extended.

Ques.—Are rainbows a sign that the world will not again be destroyed by water, as I have been told? Ans.—This version of the rainbow is not accepted by the scientists. Rainbows are caused by the refraction, reflection and dispersion of light in drops of water falling through the air, and are seen only when the sun is 40 degrees or less above the horizon. This is one reason they are seen only in early morning or in the evening.

## Believe That Mind Is Boss Of Matter

The committee in charge of the choir singing contest which is to be held at Michigan State College, Farmers Day, July 31, apparently had faith in the power of suggestion as the required number to be rendered by each choir is "A Joyous Christmas Song", by Gaveart.

Whether the choice was made to suggest that better times are coming or that cooler breezes will sometimes soothe fevered brows, the selection should prove popular with the audience which will hear the winning choir during the afternoon program. The choir will obtain cheer from the 100 dollar check which will be given by the R. K. Olds Community Fund as first prize in the contest.

Any choir from a country church or from a village having a population of

2,000 or less is eligible to enter the contest. Two selections must be given by each choir. One of these is optional and the other must be the song by Gaveart. Four prizes will be given.

The leading choirs in last year's contest were Farmington, Walled Lake, Martin, Milford, and Howard City. Representatives of the College music department will act as judges this year.

Entries for the contest can be sent to the director of short courses at Michigan State College.

GRASS LAKE—Under the direction of Miss Anna Curtis an orchestra has been organized in the Federated Sunday school and made its first public appearance on Sunday. The personnel is Wallace Walker, Gerald Memmer and Mrs. Verne Wolfe, violinists; Miss Eva Dorr, saxophone, and Miss Curtis, trumpet. News.

## "Fine Record in Chevrolet made by New Iso-Vis"

## Reports A.A.A.

NO WONDER the American Automobile Assn. wrote this in the report on the Indianapolis Speedway Tests. Read these certified facts.

1 New Iso-Vis did not thin out from dilution.

2 During entire 9,000 mile tests, all parts of engine and chassis were lubricated effectively.

3 Only 1 quart of oil—Iso-Vis 50 (Heavy)—was used in 1,000 miles at 30 m. p. h.

4 Carbon formed was only 4.4 grams per cylinder at 30 m. p. h. using Iso-Vis 50 (Heavy).

5 The cylinder wear was too little to measure.

No other motor oil has a record like this to show. If you are looking for a motor oil that rates high on each and every one of these important points, New Iso-Vis stands alone. New Iso-Vis is the only motor oil that will not thin out from dilution.

Don't cheat your car on lubrication. Give it

**BIGGERS' STORY IS**  
**NOW PICTURIZED**  
An elderly millionaire strangled in  
his bed in London—a theatrical pro-  
ducer killed in a garden in Nice—an  
actress shot in an elevator in San  
Remo—the killer was one of a  
party of twelve round-the-world tour-  
ists. But which one?  
This is the problem that takes a  
Scotland Yard inspector, halfway  
around the globe, that later makes  
him a victim of the mysterious mur-  
derer, and that finally brings the  
smiling, brilliant 'Chinese' detective,  
Charlie Chan, into the case with ex-  
citing results in "Charlie Chan Car-  
ries On," Fox offering which comes  
to the Princess Theatre next Friday  
and Saturday.  
This vivid screen version of Earl  
Derr Biggers' well known story is said  
to be one of the most intriguing and  
unusual films of recent months, with  
its mystery always convincing and a  
charming romance running through  
the plot. Warner Oland, whose por-  
trayals heretofore have always been  
of villains, reforms in this offering  
and plays the title role, while John  
Garrick and Marguerite Churchill  
have the romantic leads. Warren  
Hymer and Marjorie White supply  
most of the laughs as the Chicago  
gangster and his wife. Hamilton  
MacFadden directed.

## "How Old Is Anne?"

Under date of October 12, 1903, John Mahon of Brooklyn wrote a letter to a columnist of the New York Press which started the commotion over a problem which he stated as follows: "Mary is twenty-four years old. She is twice as old as Anne was when she was as old as Anne is now. How old is Anne now? A says the answer is sixteen; B says twelve. Which is correct?"

## TWENTY-FOUR YEARS AGO

Thursday, July 25, 1907

D. S. Sutherland of Detroit, division superintendent of the Michigan Central Railway, was in Chelsea on Monday and granted the request of the Chelsea common council to have gates installed at the Main street crossing of the railroad and the work will be started as soon as possible.

Four persons were injured in a head-on collision between a passenger car and a construction outfit on the D. U. R. Sunday morning. The accident occurred two and one-half miles west of Ann Arbor. Rev. Jos. Ryerson, pastor of the Chelsea M. E. church, had both of his ankles sprained and one hand and his back badly bruised.

Born, on Thursday, July 18, 1907 to Mr. and Mrs. Geo. W. Gage of Sylvan, a daughter.

John Schaeffe has taken the contract for the erection of the store building that Merkel Brothers will have built on their South Main street property.

One of the Chelsea hardware merchants reports that so far this season he has sold 11,000 pounds of binder twine.

Ed. Savage of Sylvan brought to the Chelsea market the first new home grown potatoes of this season.

Born, on Tuesday, July 23, 1907 to Mr. and Mrs. John Liebeck of Taylor street, a son.

Mrs. Lewis P. Klein was called to Manchester on Monday by the serious illness of her mother.

The wind and rain storm Wednesday did considerable damage to the growing crops in Lima and Freedom townships.

Died, on Friday, July 19, 1907 at his home in Francisco, George Plowe, aged 77 years. He had resided in Francisco for 30 years. The funeral was held from the family home Sunday morning. Rev. H. W. Lenz conducting the services. Burial in Maple Grove cemetery, Sylvan Center.

The market: Wheat, 82c; rye, 75c; oats, 42c; beans, \$1.25; chickens, 15c; butter, 20c; eggs, 14c; potatoes, 75c.

## THIRTY-FOUR YEARS AGO

Thursday, July 22, 1897

The bicyclists in Chelsea held a meeting Wednesday evening in the office of F. Staffan & Son, at which time they raised a fund of \$47.00 for the construction of a cycle path between Chelsea and Cavanaugh Lake.

Born, on Sunday, July 18, 1897 to Mr. and Mrs. Arthur May of Lyndon, a son.

Mrs. J. Leach is having a new residence built on her Railroad street property.

Peas are so cheap that it is difficult for the grocers to get enough to supply the demand, the growers refusing to gather them at the low prices paid.

A novel shirt stud is being worn by one of our youths, which consists of a live pinch-bug, fastened with a bit of black thread to his shirt-front.

Mrs. Jacob Staffan is spending this week in Cleveland, where she is purchasing a stock of millinery goods.

The market: New wheat, 65c; old wheat, 70c; oats, 19c; early potatoes, 80c; huckleberries, 4c quart; raspberries, 5c quart; cherries, \$1.00 bushel; butter, 9c; eggs, 7c.

## OUR NEIGHBORS

DEXTER—The Washtenaw Three Quarter Century Club will hold their annual picnic at Newport Beach, Portage Lake on August 28. The grove and picnic tables will be reserved on that day for the club.—Leader.

MANCHESTER—Work was begun last week grading state trunk line M-52, between Billington's Corners on M-50, and Adrian. The road is to be constructed by Federal aid and will be straightened in many places where it needs to be for safety.—Enterprise.

DEXTER—Agnes Hoey, a student at the Michigan State Normal College, having passed the requirements necessary to earn a Red Cross Life Saving Service Badge, recently received this badge. Agnes had the distinction of being the youngest member of the Life Saving class.—Leader.

MILAN—For the third time in as many years, the tax rate for the Milan school district consisting of fractional district No. 1, Milan, York and Augusta, has been lowered. At the

annual meeting last Monday night, one and one-half mills was taken from the rate, making the rate for next year sixteen dollars on a thousand valuation.—Leader.

TECUMSEH—A reduction of \$1.50 per \$1,000 assessed valuation in Tecumseh's school tax rate, a direct saving to taxpayers in this district of nearly \$6,000, was voted last Monday evening at the annual school meeting, held in the auditorium of the high school building. The meeting was attended by about 40 taxpayers.—Herald.

PINCKNEY—The annual picnic of St. Mary's parish of Pinckney will be held on Saturday, August 1, this year. This is the big day of the year in Pinckney and is the day we celebrate. It is known as "Old Timer's Day" as many former residents of this section select this auspicious occasion on which to visit the old home town and renew old acquaintances.—Dispatch.

MILAN—Camp Miller, the Milan-Saline Scout and Cub Camp, will open August 9th, and continue for ten

days. The first six days will be devoted to a scout camp and the last four days to a cub camp. Floyd Wanty, Abe Alber, and Roy V. Chaplin, who were in charge of last year's camp, have again volunteered their services to make the inter-town project possible.—Leader.

SALEM—Governor Wilbur M. Bruce will be the speaker at the mid-summer church night event of the Federated church of Salem, to be held on the night of July 28. The governor's visit to Salem on that date is due to the lasting friendship that sprang up between the pastor of the church and the governor while they

were in the service overseas. Rev. Halliday was chaplain of the regiment in which Governor Brucker was an officer.

MASON—Somewhere in Ingham county there lives an attractive young lady who will be chosen as Miss Ingham to take the leading role in the pageant to be produced in connection with the county fair during the last week in September. Ten young lady attendants are to be selected also to form a suitable court for the queen of the autumn festival. In all there will be 321 participants selected from every section of the county to take part in one of the largest spectacles

ever attempted in the county.

STOCKBRIDGE—Boys and girls of Stockbridge and surrounding community will soon have another opportunity of attending a Daily Bible School. The Presbyterian, Baptist and Methodist Sunday schools are sponsoring such a school which will open Monday, July 27, and will begin at nine o'clock and at twelve o'clock every day Monday to Friday inclusive for three weeks. This year the school will be held in the Methodist church.—Brief-Sun.

## "THE OLD ORDER CHANGETH, YIELDING PLACE TO NEW"

Noise is now PASSÉ

in automatic refrigeration

The absolute silence of Electrolux has made money refrigerators as quiet as horse cars.

Electrolux is silent throughout its life—it has no "works" to make noise—ever

WHO wants to ride in a horse car today? And who wants to buy a noisy automatic refrigerator, when for the same price you can get a modern Electrolux, entirely free from noise and moving parts?

And this refrigerator costs less to use than any other kind—automatic or ice. 5 to 10 cents a day covers the entire operating cost.

A tiny gas flame and a small flow of water make Electrolux go. They act on a liquid refrigerant, which is hermetically sealed in rigid steel. This refrigerant is ordinary ammonia. The tiny gas flame is protected by an automatic shut-off.

The chilling action is continuous. Therefore, the cold in Electrolux is exceptionally constant and steady.

Men who know have put their O.K. on Electrolux. It has been installed in fine homes, big apartments, all over the country. More than 130,000 are now in use.

In fairness to yourself, you should see Electrolux at our display room before buying any automatic refrigerator. Made in 10 household models, ranging from 3 cu. ft. to 20 cu. ft. capacity. Despite the many advantages of Electrolux, its prices are no higher. For complete information by mail, telephone or write us.

### Many Reunions Held During Past Week

Mr. and Mrs. Ezra Lesser entertained at the 14th reunion of the Bauer family, held Sunday at their home near Four Mile Lake. About 65 guests partook of the picnic dinner which was served on the lawn, after which a ball game furnished recreation for the men. A guessing contest was won by Orson Clark and Mrs. Helen Clark.

Officers elected were: President, Christ Bauer; vice president, Adam Bauer; secretary-treasurer, Mrs. Orson Clark. The next meeting will be held at Long Lake.

Members from Detroit, Ann Arbor, Lansing, Albion and Chelsea attended the reunion. Adam Bauer, of Ann Arbor, was the oldest member present, and Geraldine Bauer, also of Ann Arbor, the youngest.

The Koenigter reunion, held Sunday at Sod's grove, Pleasant Lake, was attended by 70 members from Lansing, Ann Arbor, Chelsea and vicinity. At the business session following the luncheon, officers were elected as follows: President, Edward Buss; secretary and treasurer, Arthur Koenigter; refreshment committee, Mrs. Jacob Koenigter, Mrs. Emanuel Roller; entertainment committee, Mrs. Max Ziegler.

Seventy-five members of the Seitz family attended the annual reunion Sunday at Burke's grove, Whitmore Lake. Following the dinner, games and contests furnished amusement for the occasion. Officers chosen were: President, Adolph Seitz; secretary, Mrs. Norman Guenther; treasurer, Floyd Werth; entertainment committee, Mrs. Lillie Seitz, Mrs. Louise Werth, Mrs. Ida Seitz.

Mrs. Rosina Seitz, 79, the oldest member present, was presented with a bouquet. The youngest member was Dolores Hertler, eight months old daughter of Mr. and Mrs. Harold Hertler of Saline.

The 1932 reunion will be held the third Sunday in July at the home of Mrs. Mary Guenther of Lodi Plains.

Ella Sharp Park, Jackson, was the scene of the fourth Wackenhut-Gall reunion on Sunday, with 105 members attending from Toledo, O., Rochester, N. Y., Indiana, Battle Creek, Owosso, Jackson, Williamston, Fowler, Webberville, Perry, Mason, Dansville, Manchester, Ann Arbor, Grass Lake and Chelsea.

A picnic dinner was served at one o'clock, after which a program was rendered, consisting of recitations by Jane and Wayne Dalton, a reading by Helen Putnam and a duet by Marjorie and Jacqueline Hughes.

The oldest member present was Mrs. Elizabeth Wackenhut of Chelsea, and the youngest, Jack Podewill, son of Mr. and Mrs. Herman Podewill of Ann Arbor.

Officers chosen to arrange for next year's meeting, which will be held at the same place, were: President, J. A. Horning, Jackson; secretary, Mrs. August Hilsinger, Chelsea; treasurer, Mrs. Flo Hilsinger, Jackson; sports committee, Miss Gladys Oesterle, Jackson; William Durand, Ann Arbor; Mrs. Carrie Hudson, Jackson; refreshment committee, Irving Hilsinger, Jackson; Mrs. Mary Uphaus, Manchester; Mrs. Carrie Hudson, Jackson.

Mr. and Mrs. George Satterthwaite and family, Mr. and Mrs. George Chapman, Mr. and Mrs. Leon Chapman and daughter Donna Lee, Miss Elsie Pfitzenmaier and Miss Edna Orbring attended the Satterthwaite-Sevier reunion held Sunday at the summer home of Mr. and Mrs. Chas. Conaway at Pleasant Lake, Jackson.

### Farmers Permitted To Sell Milk At Farm

With the proposed milk strike in force, farmers may be interested in knowing how they can dispose of their milk. This product can be sold at the farm, providing their barns, milk house and utensils are approved by the State Commissioner of Health. For the benefit of milk producers, we print herewith some of the requirements in this matter, submitted to us by the local milk producers' association:

No person, firm, association or corporation shall sell to the retail trade, expose for sale, deliver or have in his or its possession with intent to sell, for direct consumption, any milk or cream that is not placed in bottles unless sold and delivered in covered cans of not less than one gallon capacity; milk or cream produced in any stable not provided with impervious floors, a reasonable amount of light and ventilation, reasonably tight walls and ceilings or in which there is an accumulation of animal feces or is otherwise in an insanitary condition; milk or cream from milk, not properly strained through a cotton pad strainer; bottled milk or cream that has not been sealed with caps furnished in sealed tubes and applied with mechanical capper.

Any person, firm, association, or corporation who shall sell milk, cream, goat's milk or other milk from a wagon or other conveyance, depot or store or who shall sell or deliver milk, cream, goat's milk or other milk to a hotel, restaurant, boarding house or the public, shall first obtain a license from the Commissioner of Agriculture to sell such milk or cream. A license shall be required for each wagon or other conveyance, depot or

store or other place of business except that a license shall not be required under this section for any depot or store receiving milk or cream entirely from another depot or store or wagon which is properly licensed by the Commissioner of Agriculture. Each such person, firm, association or corporation shall pay to the Commissioner of Agriculture a license fee of one dollar for each license so granted, which license shall be obtained on or before the first day of July of each year. No license issued under this section shall be sold, assigned or transferred.
