Twilight Ball Season Will Close Thursday

The American Legion still leads the Twilight Ball League, having won 10 games and lost 4. The Odd Fellows have a chance to tie with them for first place as they have played only 13 games, winning 9 and losing 4. The total number of games to be played by each team is 15. The Masons have won 6 and lost 7 games, and St. Paul's have won 2 and lost 12. St. Paul's lost to the Odd Fellows last Thursday night, 12 to 1, and were also defeated by the Legion, 5 to 1, on Tuesday night of this week.

R. Munro retains the lead in batting averages, with .385; C. Rowe, .333; J. Munro, .333; Richards, .333; C. Schneider, .310; E. Miller, .310; Van Gieson, .300; A. Alexander, .281; C. Miller, .274; McBride, .268.

The season will come to a close next Thursday evening when the Masons will oppose St. Paul's in their final game. The Legion will oppose the I. O. O. F. team Tuesday evening. Tonight's game will be between the Masons and I. O. O. F.

J. A. Park Will Open Super Service Station

Announcement is made by J. A. Park, proprietor of the Dixie Service Station, corner of South Main street and US-12, that the formal opening of his new Super Service Station in Stockbridge will be held on Saturday of this week.

According to Mr. Park, opening of this station will afford Stockbridge motorists with the finest and best equipped station in southern Ingham county. The station has spacious concrete drives; the most modern equipment, including tire repair apparatus and air scale which automatically inflates to any desired pressure. Perhaps the most interesting feature of the station is the rotary lift by means of which an automobile may be raised six feet off the ground, permitting complete visibility while the car is being lubricated.

A high pressure car washer has been installed, developing three hundred pound water pressure, making it possible to thoroughly remove all mud and grease from the chassis. Two modern rest rooms have been provided for the public.

The new station was designed by Mr. Park and construction was under his personal supervision. Operation will be in charge of Neil Mills, Stockbridge man who is thoroughly trained for this work.

On the opening day, one-half dozen chip-proof tumblers will be given with each purchase of five gallons or more of Dixie Ethyl or regular gasoline put into a motor car; also, balloons for the kiddies who go to the station in cars.

Mr. Park extends an invitation to his Chelsea friends to visit the new station.

WILLIAM S. SCRIPTER

William S. Scripter was found dead in bed about 5:30 this morning, the discovery being made by Mrs. Scripter. Mr. Scripter was about his work as usual Wednesday at the M. C. track near the cement plant, and was apparently in good health when he retired last evening. He was heard moving about his room about 2 o'clock this morning and it is thought death came shortly after that time.

Mr. Scripter was born in New York state October 13, 1866. He was united in marriage with Miss Lula Eldridge in 1909. The family home has been in Chelsea for the past 17 years. Surviving are the widow, 4 daughters, 2 sons; 1 sister, Mrs. Greenfield of South Glenn Falls, N. Y.; 2 brothers, Frank of Berlin, N. Y., and George, of Chelsea.

Funeral services will be held Saturday at 2 p. m. at the house, Rev. Harry Felton officiating. Interment in Oak Grove cemetery.

CAMPBELL GETS PAINT JOB

At a meeting of the local board of education held Tuesday evening, contract for the exterior paint job at the school buildings was awarded to Wm. M. Campbell, at a price of \$149.00. This price is for labor only, material to be furnished. Fourteen bids were received by the board, some being from out-of-town. The latter bids were not given any consideration. Work will be started by Mr. Campbell at once, and must be completed before opening of the school year.

FAMILY PARTY

Mr. and Mrs. L. M. Schumacher of Ann Arbor entertained at a family party at their summer home at Lakeland on Sunday. A delicious picnic dinner was served. The afternoon was spent in visiting and swimming. The guests were Mr. and Mrs. D. W. Greenleaf and daughters, Marianne, Dorothy and Ruth of Tekamah, Neb.; Mrs. Earl Schumacher and son Earl of Maplewood, N. J.; Mr. and Mrs. F. W. Schumacher of Ann Arbor; Henry Schumacher, Miss Minnie Schumacher and Mrs. Chauncey Freeman and daughters, Ruth and Enid, of Chelsea.

National Farm-Garden Association Meets Here

The Jackson branch of the Michigan division of the Woman's National Farm and Garden Association were the guests at "Los Gatos", the beautiful home of Mr. and Mrs. George Wood Hays at Sylvan Estates, on Monday afternoon and evening.

Guests spent the early afternoon inspecting the gardens surrounding the home, which is situated on the high bluff of the west shore of Crooked Lake. The arrangements of the gardens are unique in design, and the flowers in full bloom made a perfect setting for the occasion.

The hostess had arranged a guessing contest, giving first, second and third prizes for the ones who could name the greatest number of flowers in a mixed bouquet. First honors were given Mrs. Hobart Corwin, second was awarded Mrs. Elizabeth Timberlake, and third to Mrs. C. W. Hill.

At six o'clock, a picnic supper was enjoyed on the grounds and the evening was spent with bridge and other games, the garden being illuminated with gaily colored Japanese lanterns and the light of the moon.

About one hundred guests were present and Mrs. Horace Hardy was the efficient chairman of the day. Invited guests were Dr. and Mrs. Andros Guide and daughter, Eunice Jane, Mr. and Mrs. M. H. McGaffigan, and their guest, Miss Olive McGaffigan, of St. Louis, Mo., and Mr. and Mrs. L. G. Palmer.

Mrs. Henry Ford, of Dearborn, is National President of the club, but at the last moment was unable to attend.

Reunions Continue To Lead Social Events

Eighty-five members from Detroit, Utica, Royal Oak, Mt. Clemens, Ann Arbor, Dixboro and Chelsea were in attendance at the Parker reunion, held Sunday at the home of Edward Parker in Lima township. A picnic dinner was served at one o'clock, after which baseball and other games furnished amusement for the occasion. Russell Parker, 89, was the oldest member present, while Lois Parker, eight years of age, daughter of Mr. and Mrs. Homer Parker, was the youngest.

The following officers were re-elected for the coming year: President, Russell Parker; Ann Arbor; vice president, Edward J. Parker of Lima; secretary, Miss Mildred Parker, Ann Arbor; treasurer, Mrs. Eugene Willets, Dixboro; committee of arrangements, William Rosso, Mt. Clemens, Warren Parker, Lima.

The next reunion will be held at the same place the last Sunday in July, 1932.

The ninth reunion of the Frey families was held Sunday at Eisenbeiser grove, North Lake. About 60 members from Lansing, Jackson, Brooklyn, Dexter, Ann Arbor, Manchester and Chelsea partook of a picnic dinner, after which a short business session was held and the following officers were chosen: President, Leigh Lulek; secretary-treasurer, Clarence Gieske; refreshment committee, Mrs. Herbert Rank, Mrs. Floyd Sheneield, sports committee, Floyd Sheneield, Herbert Rank, Herman Gross.

E. F. Gross, 84, had the distinction of being the oldest member in attendance, and Elsie Sheneield, 18 months, the youngest. The 1932 reunion, to be held the last Sunday in July, will be held at Potter Park, Lansing.

Twenty families were represented and 86 guests were present at the ninth Bollinger reunion held Sunday at Sodd's grove, Pleasant Lake, Freedom. Members from Detroit, Whitaker, Ann Arbor and Chelsea attended, with Mrs. Dora Zahn, of Freedom, 88 years of age, the oldest member and Doris Ann Downer of Chelsea.

Large Crowd Hears High School Band

That the entire community is keenly interested in Chelsea's newest musical organization, the High School Band, was evidenced Saturday night when one of the largest crowds ever to assemble here gathered to hear their initial open air concert.

There was a profusion of expressions of admiration and surprise at the wonderful advancement the band has made during the comparatively short period of nine months since they were organized. Under the capable leadership of Wesley Smith, their director since organization, the more than forty girls and boys put forth their best efforts to make the concert a complete success.

Regular rehearsals are being held and the second of a series of five concerts to be given by the band this summer will be presented on Saturday evening, August 8.

Outstanding Events Feature Camp Closing

Three outstanding events make up the features of the final week at Camp Newkirk, Boy Scout camp for Washenaw and Livingston counties, according to an announcement by scout executive Wallace F. Watt, director of the camp.

On Wednesday, Russel Hoogerhyde, national archery champion, was in camp all day to give a demonstration of target, fancy and trick shooting, and assist in construction of archery supplies. Mr. Hoogerhyde is recognized as the leading exponent of archery in the world and this opportunity for the boys to see him in action is without parallel.

Chief Sunrise, full-blooded Sioux Indian, who is at the Toledo council camp, will be at Newkirk Thursday afternoon and evening, instructing the boys in Indian dances and costumes, and will put on a real Indian council fire in the evening. Thursday evening will be visitors' day.

On Friday a group of scouts will come to Newkirk from Camp Kanestake, the Adrian council camp, in the Irish Hills, for a return scout field meet. The five events on the program will be water-boiling, knot tying, Morse and semaphore signalling and baseball. The last meet was a tie, and it is hoped that Newkirk will come out victorious on Friday.

In addition to these features, the 75 scouts and officers in camp are carrying on a regular program of scouting activities, including classwork in all regular scout tests, as well as a strong water-front program. A number of cubs are in camp, under separate leadership, carrying on their own program.

Chelsea scouts in camp this period include Hubert Ives and John Bruner, both of them making excellent progress in their scout work.

MISS ELIZABETH BARTHEL

Miss Elizabeth Barthel, 74, died Monday, July 27, at her home on Garfield St., after a long illness.

Miss Barthel was born July 11, 1857 in Eschfeld, Germany, the daughter of George and Anna Marie Barthel. She came to this country when five years of age and since 1867 had been a resident of Chelsea. She is survived by a sister, Mrs. Katie B. Woods of Chelsea, and two nephews.

Funeral services were held at 10 o'clock Wednesday forenoon at St. Mary's church, Rev. Henry Van Dyke officiating, and interment was in Mt. Olivet cemetery.

BREAKS LEG

While playing baseball at Holmes field Tuesday evening, Claire Rowe sustained a double fracture of his right leg above the ankle, when his foot caught in the bag as he landed at first base. He was given first aid at Chelsea Private hospital, after which he was taken to University hospital, Ann Arbor.

BRIDGE LUNCHEON

The Misses Doris Bagge and Lucile Broesamle delightfully entertained at a bridge luncheon at Inverness Country Club on Tuesday. Guests included Mesdames Sidney Tiesenga, Lawrence Dyer and Ralph Kinner, of Detroit; Mesdames Arthur Mason and Walker Kern, of Jackson, and Mrs. Kenneth Broesamle of Columbus, O. Prizes were awarded Mrs. Broesamle and Mrs. Dyer.

ENTERTAINS AT LUNCHEON

Mrs. A. L. Steger entertained at a one o'clock luncheon Friday afternoon for the pleasure of her sister, Mrs. Henry Wolfe, of Jackson. Bowls of sweet peas decorated the tables, where covers were laid for twelve guests. Honors in bridge, were awarded Mrs. E. R. Dancer, Mrs. J. E. McKune, and Mrs. L. T. Freeman.

**Inspection For Corn
Borer Is Started**

Early maturity of the sweet corn

crop in parts of the area under state

and federal quarantine for the Euro-

pean corn borer has made it neces-

sary to begin inspection of vehicles

several days sooner than last year,

and the highway stations at which

they are stopped were established on

Monday, July 20.

At these stations, located on roads

leading from the quarantined area, all

vehicles are halted by inspectors in

uniform, who explain the quarantine

and ascertain if prohibited articles

are carried. Corn on the cob may not

be taken from within the infested

area to points outside.

Spread of the pest by artificial

means is prevented through the re-

strictions on the movement of corn

which may be infested, the quarantine

officials state.

The territory in the middle west

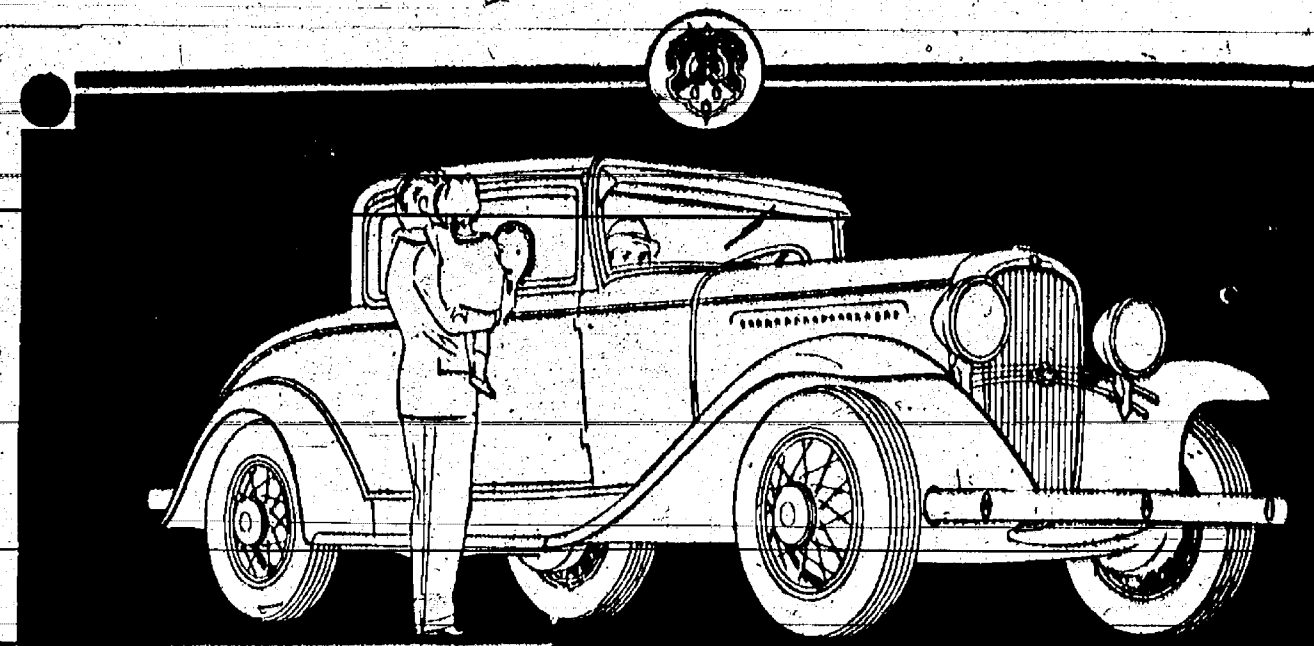

under quarantine on account of the

borer includes most of Ohio, all of

Michigan and part of Indiana.

Vehicle inspection will be continued

for from sixty to ninety days.

PINKNEY—The date for St.
Mary's annual picnic this year is Sat-
urday, August 1. For nearly 50 years,
rain or shine this has been the big
event of the year in Pinkney and has
always drawn large crowds. Consid-
erable of the attendance comes from
former residents of this hamlet who
take this opportunity of revisiting
their old home town and renewing
their acquaintances with old time

BUILDING AND LOAN COMPANIES REPORT

ANN ARBOR FIRMS INCREASE ASSETS BY \$320,453.54 DURING PAST YEAR

Ann Arbor is one of the healthiest building and loan cities in Michigan, the report made by the Huron Valley and Ann Arbor associations, to the Michigan Building and Loan league shows. Despite the general business recession, the organizations made dividend payments and increased their assets by \$320,453.54 during the fiscal year, which closed June 30.

The Huron Valley passed the

\$3,000,000 mark during the year by increasing a gain of \$230,123.00. This increase was the third largest reported in the state and the associations which exceeded it are far larger. The Ann Arbor boasted its total \$34,320.98 during the 12-month period to a new peak of \$385,000.

Figures from 48 of the state's 67 associations show that 30 enjoyed gains and 18 dropped off slightly during the year. Inasmuch as all paid dividends just prior to the time the report was submitted, inclusion of the amount of the dividends would permit nearly every association to show an increase for the year. The total of the dividends paid throughout the state ran in excess of \$4,000,000.

Virtually all the gains made during the year came in the past four months. It was recently pointed out by Paul F. Kroger, state supervisor, indicating a definite renewal of interest in this type of savings.

Michigan Department of State WEEKLY NEWS BULLETIN

Frank D. Fitzgerald
Secretary of State

Lansing, Mich., July 29.—Michigan's 1931 automobile license plates may be made of copper.

The Department of State feels that Michigan's copper mining industry might be benefited if automobile plates could be made of state-mined copper. This matter will be given careful study and consideration in connection with the 1932 plates, which will be ordered early in 1932. The cost of using copper as compared with 24 gauge steel now in use will have a direct bearing on the final decision.

The 1932 plates now being manufactured will carry a color combination of a dark blue background with white block numerals.

One of the least known provisions of the new automobile driver's license law, is that concerning changes of address.

Under the new law, the license contains blank spaces where new addresses can be placed when the holder of the license moves from one residence to another. Failure to follow this provision of the law is a misdemeanor.

The Department of State has answered many queries as to the proper way to comply with the law. When a motorist who has a new license moves, the license with the change of address should be taken or sent to the local examining officer and the change will be made at that office. Motorists should not send their licenses to the Department of State nor should they make the alteration themselves.

Departmental records show that applications for new licenses are being made very slowly. Licenses obtained before Jan. 1, 1925 must be replaced by new ones before Nov. 1, 1931. If the "last minute" rush becomes too great, many drivers may find themselves without a license for a week or 10 days and consequently unable to drive.

SLAT'S DIARY

Friday—Blistered on hot him a goat the other day. I guess the goat isent with very much but as it butted the school teacher off on the sidewalk the other day I guess he is with keeping onny ways. So long as the good wk. goes on.

Saturday—well I guess we are never to old to learn sumthing. We went to the restaurant for supper this evening and I never now before that flies cud swim. But they was 2 of them a swimming in my soap and I had lotsa trouble trying to keep them from getting in my soap.

Sunday—wimmen is deep and hard to understand sum times. This p.m. I was talking to Jane up to the creek bridge and I ast her if she had heard my last good joke and she sed she didnt no but she hoped so. But I got even with her. I diddnt tell it to her after that dirty crack.

Monday—I guess pa stands in pitty well with the boss becuz he makes sum olle mistake and gets by with them. In todays paper they was a item about a fellow got electrocuted by ketching hold of a hot wire and pa set up the Hed line and it red like this. Power Co. employ dyes after grabbing Hot Wire.

Tuesday—Joe Hix has got a job as bounce in a dance hall up to the city and today he was here in town and pa ast him how was busness and he replied and sed. Well my output is just about Normal now days. No depression with Joset.

Wednesday—Ant Emmy sed Ex Bloom is a olle smart farmer becuz he says he nose how to cure Tabacco, she ast pa if he had to go to a medicine college to learn how to cure Tabacco. Pa neerly falled off loud. But he ketches himself in time.

Thursday—Clom Blatt has got a Osten car but he wants to sell it cheap. he says that when he takes girls out a sideing why he gets his face slapped every time he tries to Shift the gears so he wants to sell it.

A NEW PLYMOUTH with Floating Power

—and Free Wheeling, Easy-Shift Transmission, 56 Horsepower, Hydraulic Brakes, Safety-Steel Body, Double-Drop Frame.

The new Plymouth is the lowest, fastest, smoothest and easiest handling car the low-priced field has ever had. Floating Power, a new engineering development, now gives Plymouth a smoothness comparable with that of any car in the world. Floating Power employs an entirely new type of engine mounting, a two-point suspension which supports the engine in perfect balance. The resulting smoothness is phenomenal.

Free Wheeling as developed for this Plymouth gives you a driving luxury heretofore only available in cars of far higher price. It is a perfected unit which can be disconnected from the drive line at will, with a control on the dash.

Easy-Shift transmission gives you a constant mesh design whereby you can shift from second to high or high to second at any speed, without clashing gears! Another fine car feature!

Greater power is provided in the 56-horsepower, high-compression, pressure-lubricated engine as evidenced by stop-clock records of 65 to 70 miles an hour. This engine carries, as distinctive new features, an intake silencer and insulated exhaust.

The finest brakes in the world—Hydraulic Brakes—give you perfect control of the new Plymouth. They are always equalized—safe, sure, quick-acting. Tire wear and brake wear is uniform and brake facings on all four wheels are shielded from weather as a result of the internal expanding design.

In the new Plymouth body, safety is carried to the farthest limits known to science. It is of the Safety-Steel construction without joints, thus eliminating screws or bolts. It is fire-safe and practically crash-proof. Furthermore, it is permanently rigid—will not sag or warp or swell, doors will not sag or get loose to rattle, the body will not get out of line. A quality body for the low-priced car owner!

Full-Pressure Lubrication—Precision-Type Main Bearings—Tapered Roller Bearings—Manual-Type Starter—Bonderized Fenders, Hoods and Wheels

Blame Lazy Beetle For Hopper Plague

The clouds of grasshoppers which ate up the crops of the farmers were supposed to be a sign that the gods were offended, but the swarms which are working in some Michigan counties this year are known to be due to the laziness of the blister beetles which are supposed to keep the grasshoppers in check, according to the entomology department of Michigan State College.

The larvae of some of the blister beetles feed almost exclusively on the eggs of grasshoppers and as long as there is a plentiful supply of these eggs the larvae grow fat and the beetles increase rapidly in numbers. When they have eaten so many eggs that the grasshopper crop is reduced, the larvae starve, and the beetle population is cut down to a point where it ceases to be a check upon the hoppers.

Right now the hoppers have the upper hand and man must use some poison bait to kill them or suffer the damages they will do to his crops. This bait can be prepared at little cost, especially if a large quantity is mixed for all the farmers of a community, and it effectively stops the grasshoppers.

The bait is no good unless it is properly mixed with the correct ingredients and farmers in the infested areas can be sure that their bait is prepared correctly if they will ask the county agricultural agent to give them the detailed directions. Both time and money will be saved if groups of farmers prepare the amount they require at the same time.

Michigan Happenings

Seventeen firemen were overcome in a fire which swept a downtown store, block in Lansing. Twelve were taken to hospitals while others were treated on the scene. A gas meter burst off in a basement, and firemen collapsed from the fumes as they worked in a gas-filled building. All three companies fought the blaze for nearly four hours. The fire, which was of undetermined origin, started in the kitchen of a restaurant located in the basement of the building and had gained considerable headway before being discovered.

Requests of more than \$250,000 to hospitals, colleges and churches in Marquette are made in the will of Miss Margaret Wallace, who died recently. The largest donation was made to the Presbyterian Church, which was given \$150,000 for a new building and an endowment fund of \$20,000. St. Luke's Hospital receives \$60,000 with \$40,000 to be used for the erection of a nurses' home and the remainder for an endowment fund. An endowment fund of \$20,000 for the teachers' college was made.

Three Battle Creek boys rescued five persons from drowning in Goguc lake when an outboard motorboat capsized. Thomas Elliott, 13 years old; Kenneth Elliott, 11, and Gordon Jones, 12, were in a row boat, nearby when the motorboat turned over and sank in 40 feet of water. The boys rescued Mr. and Mrs. Thomas Mott, their two children and a friend, Mrs. William Smith. The two children were pulled into the boat and the adults clung to the sides while the rescuers rowed to shore.

Marshall Sweeney, 103 years old, of Petoskey, one of the oldest white men in Michigan is dead, after being in ill health for some years. He had maintained a clear mind throughout the last weary months and kept posted on affairs of the day, until his death. He was born in Quebec. He worked in Chicago until the civil war opened. After the war he came to Northern Michigan, locating in Northport, then to East Jordan and finally came to Emmet County in 1908.

The Goodyear blimp Puritan was wrecked at its mooring mast in Traverse City during a sudden windstorm. The entire nose of the blimp pulled away and the bag collapsed. S. H. Shepherd and two co-pilots were aboard but were unhurt. Damage to the bag is estimated at \$12,000 and the gas lost was valued at another \$8,000. The blimp had just returned from a cruise and had been moored to a stub mast near the ground when the squall arose.

Two motorists, both of whom admitted responsibility for a collision, was the unusual discovery made at Ionia. J. J. Galloway, of Regina, and Thomas Pickering, of Pittsburgh, collided at a highway intersection. Pickering admitted he saw a slow sign for the intersection but paid no attention to it, and Galloway admitted that he saw the stop sign for a through highway and did not stop. So both shook hands and said they were sorry.

Residents near Merrill are searching their Bibles to see what the other plagues of the Egyptians were, for the river in their neighborhood has been running red. For a two-mile stretch, just south of here, the water of Beaver Creek has turned a deep red, fading out at either end. Alfred Eckert, superintendent of filtration at the Saginaw water plant, claims the color of the water is probably due to algae.

Marvin W. Spencer, 26 years old, of Detroit, died of injuries suffered when a piece of fire works he was setting off at Jefferson beach, exploded. Spencer was a professional fireworks expert and had been working at the park for some time setting off night displays. The night before his death, an aerial bomb failed to rise and exploded on the ground. The charge struck Spencer in the side.

A father and son were drowned in Lake Charlevoix when they stepped off a ledge into 20 feet of water while wading close to shore. They were Roy Hammond, 40 years old, and his son, Jack, residing three miles east of East Jordan. Witnesses were unable to effect a rescue.

Agreeing that lowered costs speed any business, Justices of the Peace Alton M. Noe and Ray Callens of Mt. Clemens have decided to aid Cupid during the dog days. They will perform marriages during the month of August without expectation of fee.

Victoria Wotring, 12 years old, of Blissfield, escaped death when she was subjected to a current of between 500 and 600 volts which passed through her body, burning one arm and both feet. She was playing on a metal-rooted box car when she slipped and threw an arm over a trolley wire to keep from falling.

Missing a jog in the road on Tuttle Hill near Ypsilanti, Wilson Blinzer, 24 years old, drove into a ditch and was killed when his car tipped over.

WATERLOO

Miss Helen Orvis of Winestka, Ill. is visiting Odema Maeckel. Wednesday afternoon several of the girls in the neighborhood hiked to County Park, Clear Lake, for a swimming party and supper in her honor. There will be a Tri-county Gleaner picnic at Bartlett's grove, Pleasant Lake, next Saturday, August 1. Gleaners and their families from Arborgs of Jackson, Ingham and Calhoun counties are invited. Basket dinner at 1:30. Two ball games, tug-of-war and bathing beauty contest are attractions offered. The annual 4-H club picnic was a success. 58 ate dinner together, some coming for the afternoon. The lady defeated the Dads at a ball game, creating a lot of fun. The August Gleaner meeting of Waterloo Arbor will be Thursday evening, August 13, at the hall. Try and come. The following attended a birthday party in honor of Albert Kellogg at Island Park, Ann Arbor, on Sunday: Mr. and Mrs. George Boeman, Orson Boeman, Sr., Mr. and Mrs. Ed. Cooper and mother, and Mr. and Mrs. Emory Runciman and family; also Mr. and Mrs. Garfield and baby of Jackson. Mr. and Mrs. Leigh Boeman and children, and Mr. and Mrs. John Dyke-master are enjoying a motor trip in the northern part of the state.

MANCHESTER—It may be of interest to some of our readers to know that on July 21, 1868 new white wheat brought \$2 a bushel, new red wheat \$1.75; oats, 50c; potatoes, 85c; butter, 25c pound and eggs 20c a dozen as published in the Enterprise market report.—Enterprise.

GRASS LAKE—Arrested by state police officer Ed Freeman, the driver of a Greyhound bus was arraigned in Justice W. K. Crafts court Monday, for exceeding the speed limit by traveling through the village at 50 miles per hour. He paid a fine and costs of \$18.35.—News.

TECUMSEH—The first case of rabies to be reported in Lenawee county this year was discovered last

week in Macon on the farm of Mayne Pennington where a cow died after a three-day illness of the dread disease. The animal was attended by Dr. G. E. Bowler, local veterinarian, and as the result, Dr. Bowler has submitted himself to the Pasteur treatment. The local veterinarian declared that he has been unable to discover how the disease was communicated to the cow. The head of the animal was sent to state chemists at Ann Arbor and a report was received last Thursday to the effect that rabies caused death. Dr. Bowler warned farmers in this vicinity to keep a close watch of livestock during warm weather and report cases that appeared suspicious to local authorities.—Herald.

SOMERSET CENTER—Somerset center has announced its annual homecoming for Wednesday, August 12.

and will be held at the country estate of W. H. L. McCourtie. Fred Green, ex-governor, is to speak, and the blimp, "Goodyear," will carry passengers for pleasure flights. There will also be a bull game, vaudeville acts, and the usual basket dinner. Ample provision is being made for the comfort of guests and for the serving of dinner. There will also be music by the Tecumseh Ladies' Band. The Somerset Center homecoming was the first of its kind organized in Michigan and is usually attended by residents from all parts of southern Michigan.

From the Saxon—The word "idol" is derived from the old Saxon idol, whose relation to the Greek eidolon, likeness or image, is apparent.

Question And Answer Dept.

Ques.—Can you answer in your question and answer column what is the latest screen comedy?

Ans.—The latest one we know of is the man next door putting up his.

Ques.—Is it fear that keeps so many people from taking airplane rides?

Ans.—Not necessarily; it may be "fear," not "fear."

Ques.—What would be the telephone number of a man who died from the effects of eating a cucumber?

Ans.—8-1-2-green.

Ques.—I would like to ask this question in your interesting question department: What is a "caropactor"?

Ans.—Probably you mean "chiropractor." However, we know nothing about a "caropactor" unless it is a man who is continually tinkering with his old flivver.

Ques.—I am interested in knowing what the size of the planet Jupiter is?

Ans.—Jupiter is 86,000 miles in diameter and 255,000 miles in circumference. It is 475 million miles distant from the sun.

Ques.—I am writing in to ask you what is "platonic love," and why it is so called?

Ans.—"Platonic" is derived from Plato, one of the greatest philosophers of all time. Hence, "platonic love" is a love one should have for a father, mother, brother or sister, but not for a wife.

Ques.—I would like to ask you why a certain collection in the Catholic church is called "Peter's pence"?

Ans.—Peter's pence is a voluntary contribution in memory of St. Peter for the benefit of the pope, who gets no stipulated salary. Originally it was a levy of one cent per family, hence the word "pence." Since 1848 the contribution is made voluntarily.

Ques.—Will you please answer in your question department how perfumes are made?

Ans.—Perfumes are made from the plants selected for the desired odor. The plant is distilled by placing the fragrant product in a still of tinned copper, where a quantity of water has been added. A small furnace underneath supplies the heat, and, when the water boils, the odorous parts are carried into the worm with the steam. Afterwards distilling is employed to separate the odorous parts from the steam or water that may have formed.

Ques.—Will you be so kind as to answer what became of Pocahontas, the Indian girl that saved the life of Capt. John Smith?

Ans.—Pocahontas won much fame when in the early part of the seventeenth century, she persuaded her father, an Indian chief, to spare the life of Capt. John Smith, whom he was about to burn at the stake. Smith had been captured while making an exploring expedition in Virginia. A short time later Pocahontas was converted to Christianity and was married to John Rolfe, an Englishman, and two years later she accompanied him to England, where she was received at King James' court. She and her husband remained in England six months before embarking on their voyage back to Virginia. On the returning ship she was taken ill and died a short distance from the Virginia shore. She had one son, who was educated in London, and from him a number of illustrious families of Virginia descended.

Ques.—May I ask you to give a brief sketch of Rip Van Winkle, who slept for twenty years. Was it true?

Ans.—Rip Van Winkle, according to the account given in Washington Irving of the legend, was a Dutch colonist of New York, who was known at home as a good-natured, but idle and hen-pecked husband. It was his custom to spend much of his time in the quiet inn kept by old Nicholas Vedder instead of attending his patch of maize and potatoes, just at the outskirts of the little village on the Hudson river. Soberly tried by his scolding wife, he set out with his gun and dog for a hunt in the forests of the Catskill mountains. In a wild glen among the rocks he met Hendrick Hudson and his crew whom he aided in carrying a keg of liquor. In their orgy Rip drank freely of the sparkling liquid. A stupor came over him and he fell into a sleep from which he awoke only after a lapse of twenty years. On awakening he found his dog gone and the flock on his gun was almost destroyed by rust. His beard had grown to an unusual length. On returning to his native village, he found strange faces on the streets and new names over the doors. His wife was dead and his own house was in decay, and the people who surrounded him looked upon him with distrust. At length he was recognized as Old Rip, who had disappeared mysteriously some twenty years before.

Nomenclature—A very considerable number of names arise from the animal world. Examples are: Bullock, Bull, Lamb, Kid, Owl, Badger, Hox, Bear and Wolf. In several of these the old spelling is still preserved.

TWENTY-FOUR YEARS AGO

Thursday, August 1, 1907

Wednesday morning about 6:45 the crew on an eastbound freight train on the M. C. R. R. discovered the body of a man lying on the north and south tracks just west of the Cavanaugh Lake road. The train was stopped and a brakeman was left in charge of the body. The train then pulled into Chelsea station and the authorities were notified. The body of the man was badly mangled. An investigation revealed the man to be Willis Canfield of Lyndon. Just how the accident happened is unknown. He is survived by a sister, Mrs. Leander Easton of Lima and a brother, James Canfield of Jackson. He was buried Wednesday afternoon beside his parents in the John Moore cemetery, Lyndon.

The D. J. C. electric railway company has purchased the Boland line and its equipment. The line runs from Jackson to Ann Arbor and passes through Chelsea.

Miss Katie Riemenschneider of Sylvan has been engaged to teach the school in the Howe district, Lyndon. Mr. and Mrs. Geo. H. Foster and family have moved into their new home on Madison street.

C. A. Sauer & Co. of Ann Arbor have taken the contract for the brick work of the store building for Merkel Bros.

W. P. Schenk has purchased of John J. Rafferty, five vacant lots at Cavanaugh Lake and is making arrangements to have a cottage built on the property.

F. H. and H. F. Brooks have taken the contract for the new residence for the Sisters of St. Dominic, who have charge of St. Mary's school.

Died, Wednesday afternoon, July 31, 1907, at her home in Lima, Mrs. Emory Cushman. The funeral will be held from the family home Friday afternoon. Interment in Vermont cemetery.

The fine row of maple trees along the front of the E. S. Spaulding farm in Sylvan was planted 36 years ago last spring by Wm. Denman of Chelsea and George Moore, who at that time resided on the farm.

D. C. McLaren and his auto party returned from their trip Saturday, having covered a distance of 500 miles without a single mishap.

The barn at the home of Elmer Weinberg was badly damaged by fire Tuesday afternoon. The cause of the fire is unknown. The loss is covered by insurance.

THIRTY-FOUR YEARS AGO

Thursday, July 29, 1897

The market: Wheat, old, 70c; new wheat, 68c; rye, 30c to 35c; oats, 18c to 20c; potatoes, 75c; huckleberries, 4c quart; cherries, \$1.00 bushel; butter, 95c eggs, 7c.

The M. C. R. R. announces a rate of \$6.15 from Chelsea to Buffalo, N. Y. for the round trip for all who wish to attend the National Encampment of G. A. R. The sale starts on August 21, 22, 23 and good until the 31st for the round trip.

Work on the new schoolhouse at Waterloo is progressing finely and it promises to be an excellent structure.

The Dexter Leader says the black bass fishing in the river has been excellent the past week. Art, Will and Henry Collins captured 18 beauties last Thursday.

The real estate and personal property in Chelsea has been fixed by the board of review at \$599,100.

A telephone line from Chelsea to Cavanaugh Lake will be in operation soon, according to reports of the construction crew the last of this week.

The new telephone line between Waterloo and Stockbridge has been named by the stockholders, the Rural Telephone Line of Waterloo. The officers are: President, Delaney Cooper; secretary, L. L. Gorton; treasurer, Orville Gorton.

..VICTIM..

OF A FAITHLESS WATER SUPPLY

The old proverb: "Into each life a little rain must fall" is a bitter truth in homes not equipped with Self-Action Gas Water Heaters. But, instead of rain, it's a stream of icy water that gushes from the faucet labeled "Hot". COLD WATER when you're ready for a warm bath... don't you shiver at the very thought? COLD WATER when you must shave... a nerve-wracking experience. How often are you a victim of unsteady hot water service?

Your "Hot" faucets will always live up to their promise... once you install a Self-Action Gas Water Heater. There'll always be hot water sufficient for bathing—shaving—dish-washing—or the laundry at the tap's turn. The cost? A few cents a day per person... much less than its actual worth to you. Phone 23186 or stop in for full details.

64 Pounds of Fat

Mrs. H. Price of Woodale, L. I., writes: "A year ago I weighed 190 lbs. I started to take Kruschen and now I weigh 126 and never felt better in my life and what's more, I look more like 20 yrs. old than the mother of 2 children, one 19 and the other 18. Every one of my friends say it's marvelous the way I reduced."
To lose fat with speed take a half teaspoonful of Kruschen in a glass of hot water before breakfast every morning—don't miss a morning—an 85 cent bottle lasts 4 weeks—get it at Fenn's Drug Store or any drug store in America. If not joyfully satisfied after the first bottle—money back.

The Wide, Wide World
Such Is Civilization
Cats Can Be Too Big

The conference of nations in London disbanded, with the Germans expressing gratitude to us, but unhappy, and London's bank rate raised violently, according to British ideas, to save further draining of London's gold by France. Germans go back to Berlin disappointed, taking no remedy with them, with "nothing remotely adequate" done to relieve Germany's situation.

You will not be surprised to learn that the London Times criticizes the United States for "evading the real issues."

We voluntarily allowed Germany, France and Britain to discontinue their payments to us for one year, a new kind of evasion.

What we call "democracy"—namely, the rule and control of the many by a selected prosperous few—seems to be giving way to dictatorship, which means a return to absolutism, not dependent as with kings on the accident of birth.

Germany, according to dispatches from Berlin, may follow the example of Italy, Turkey and Russia, operating under a one-man dictatorship, with Brüning for dictator, backed by the military power of the reichswehr.

However, events may not move so rapidly. The Germans have been educated in politics and government for years by the Social Democratic party. They will not too hastily abandon their republic or Von Hindenburg, the loyal old man who has so ably steadied Germany thus far.

If you come back to earth 10,000 years hence, and find philosophers of that day lumping this 1931 period of what we call "civilization" under the general heading of "universal barbarism," you need not be surprised. Cannibals kill a Belgian official in the Congo. Then the Belgian officials kill 57 natives with machine guns. Nobody invited the whites in, but that doesn't help the natives.

In Seville, Spain, recently, two workmen were killed by police and 30 others shot in strikes called "revolutionary." The strikers were demanding food.

A reliable committee discovers in Brooklyn, biggest of the five boroughs that make up Greater New York, such corruption and vice, thoroughly organized, as seems beyond belief.

And across the East river, in Manhattan, official, political and judicial dishonesty is organized on a scale of profit running to gigantic totals. Shooting, racketeering, bootlegging, hijacking, racketeering, among individuals here, in "the land of the free and the home of the brave," such is our civilization.

The heads of big corporations might visit the lion house in New York's Central park zoo and sympathize with the lions.

The house is plagued with rats, and the gigantic "cats" in the cage are so big the rats are too quick for them.

An ordinary cat as big as a lion's paw could kill the rats quickly. Lions cannot.

Regular cats will not stay in the cages, because they dislike the smell of lions and fear their size.

Some of our biggest corporations are unable to attend to small matters in their business, and suffer heavy loss in consequence. Lions, in spite of the fact that they are big cats, are unable to look after their own rats. It is possible to be too big for efficiency.

Austin J. Roche, police chief of Buffalo, N. Y., says America is "the most lawless country in the world," and adds: "God only knows where we are drifting. Stop this parade to the prisons by boys and girls. Once a boy or girl goes to prison, he is never again the same. He is forever branded, like they used to brand cattle in the West." Perhaps our philanthropists, judges and lawmakers could invent some better prison for young people than one in which they play baseball for exercise, go to moving pictures for amusement, and take lessons in crime from older criminals for their education.

An able American back from Russia says the Stalin plan will succeed, and won't bother us, because there will be no dumping of goods.

Russians will need for themselves all they can produce. They are selling now at any price they can get, because they must have money for machinery.

BROTHER DIES
Geo. T. English has received word that his brother, R. D. English, of Michigan, North Dakota, died Tuesday. His brother, Dr. J. G. English of Detroit left at once for the home of the deceased. The four English brothers held a reunion here two years ago last June.

Little Use for Gold Piece
By act of congress passed April 11, 1930, the \$2.50 gold piece was discontinued. The coin was discontinued because it was not desired for circulation or commercial purposes. It was used mainly as a gift during the Christmas season, and in January these coins were again returned to the vaults of the banks.
