FIRE-PROOF?
No building is fire-proof—entirely proof against fire. True, there are fire-resistive buildings. But repeated proofs show the necessity of insuring even that type—the safest type—of building.
Don't resist the prudent thought of carrying adequate insurance on fire-resistive buildings and their contents. It's better to have insurance and not need it than to need it and not have it.

Slavin, county road engineer, in charge, built a limited number of miles of oil-gravel surfaced or so-called black-top roads. The experiment has been so successful, so far as can be judged at this time, that the road board has decided to build several miles this summer.—Republican Press.

Water for Goldfish
A temperature between 50 and 80 degrees is best for goldfish. Avoid any sudden change in temperature. If water is above 85 degrees in summer watch the fish and if they seem distressed reduce the number of fish in each aquarium and be sure the water is aerated. Do not put ice in the water. Cooled water may be fed in gradually if temperature is dangerously high.

Vic Globe Trotter, On And Off Screen

"Here's your chance, boys, join the Marines and see the World. Go to the Philippines, Porto Rico, Hawaii, South America, Turkey—all parts of the East and West."

And Victor McLaglen, who carries on the adventures of Sergeant Plagg, character in Raoul Walsh's "Women Of All Nations," knows the countries of which he speaks, despite the fact that the only Marine service he has seen has been on the screen.

He has participated in four wars and took part in the Kalogorie, gold rush, Europe, Australia, Asia, Africa, Canada and the United States have been widely traversed by McLaglen and his real life adventures are even more thrilling, romantic and hair-raising than those he has enacted on the screen.

In "Women Of All Nations," the Fox production, which opens its engagement Friday and Saturday, August 7 and 8 at the Princess Theatre, Edmund Lowe again plays the "Sergeant Plagg" half of the fighting, loving, skit chasing team of leathernecks, as he did in "What Price Glory" and "The Cock-Eyed World."

This time their wanderings take them to Nicaragua, Panama, Scandinavia, Brooklyn and bang right in to the front and center of a harum in Turkey.

Greta Nissen, the screen's most perfect blonde, is the chief woman, and Plagg and Quirt fight over her just as fast and furiously as they did over Dolores Del Rio in "What Price Glory" and Lily Damita in "The Cock-Eyed World."

El Brendel again is featured as a Swedish Marine, while some of the other damsels are enacted by Ed Dorsey, Margerie White and Joyce Compton.

Highlights of Chase House

The Chase house at Annapolis, Md., was built in 1770 by Edward Lloyd. A three-story, boxlike exterior in Flemish bond. It contains a monumental state hall lighted by a Palladian window on the first landing. The carved interior detail is lavish and beautifully executed. There is a very lovely marble mantel in the parlor. It is now the Chase home for the aged.

Earth and Moon

The length of the earth's axis is about 7,900 miles, while the diameter of the moon is about 2,160 miles. The earth's surface is about 13 1/2 times as great as the moon's; its volume or bulk is nearly 50 times larger; and, owing to its greater density, the mass or actual amount of matter contained in the earth is about 81 times greater than that of the moon.

Michigan Happenings

"Ticket sale prospects at Michigan are looking up these days, in spite of depression's gloom, according to Harry Tilton of Ann Arbor Athletic Association business manager. Harry reported that letters of inquiry pertaining to football postcards are by far more numerous this year, to date, than they have been any of the immediately preceding years. "This doesn't necessarily mean we are going to sell more tickets," he said, "but it does show that more people are getting anxious about them than they were last year, or the year before."

The Monroe Yacht club won its court battle against the Monroe Piers Land company for a title to the property occupied by the club, for roadway rights and water frontage. The litigation has been in the courts since 1924, when the clubhouse was removed from the Monroe Piers to its present site in Frenchtown. The court granted a judgment to the Monroe Piers Land company for \$2,309.40 as accumulated rental and to cover the cost of moving the clubhouse. The yacht club was ordered to pay \$125 a year maintenance of the roadway.

Two German police dogs saved the lives of their master, his wife and two sons, and a guest, when they destroyed a cottage at Crescent Lake, three miles west of Pontiac. The cottage and its furnishings were valued at \$40,000. C. Howard Lane, the owner, was awakened at 3 a. m. by his two dogs, one of which was barking at his arm, the other tugging at his foot. He found the home in flames and aroused the members of his family and guest, and they fled from the house just before the roof fell.

The festival will be based on the fact that the Macomb-Oakland peach belt will supply not less than 250,000 bushels of the yellow fruit to the Michigan market this year.

Two young men were killed and their young women companions were seriously injured when the automobile in which they were riding left the road on state highway M-50 about 10 miles west of Grand Rapids in Ottawa county. Tony Topolski, 20 years old, and Walter Wojcieszak, 25, both of Grand Rapids, were killed almost instantly. Miss Pauline Kiebas, 21, and Miss Susanna Antonow, 20, both of Grand Rapids, suffered severe head injuries.

A mass attack by members of the family of Mrs. Ray Mikesell of Shiloh near Ionia ended the life of a six-foot blue racer snake, which intruded into the family parlor. The snake, non-poisonous, entered the furnace in the cellar, made its way through a cold air pipe and emerged on a register behind Mrs. Mikesell who was reading a paper. Her daughter entered the room, saw the snake and screamed.

A state investigation of milk prices has been ordered by Governor Bruckner. A commission, embracing the members of a Detroit committee, now inquiring into the spread between prices paid to producers and paid by consumers; members of the legislature, and state officials, was named. The governor announced he will ask the state administrative board to appropriate \$5,000 for the commission.

Mrs. Eunice Craig, 30 years old, was burned to death on M-14, 10 miles south of Ionia, when she was pinned beneath a roadster which burst into flames after it had been overturned by a tire blow-out. Michigan Department of State

WEEKLY NEWS BULLETIN

Frank D. Fitzgerald
Secretary of State

Lansing, Mich., Aug. 5.—Business has confidence in the future. That confidence is reflected in the records of the corporation division of the Department of State.

During July, applications for franchise of new corporations showed a decided increase over the same month last year. The franchise fee for issuing articles of incorporation to new companies is one-half mill on each dollar of authorized capital. For the first 25 days of July revenues from new franchises were \$14,342.75 or a gain of over \$2,500 over the same period in July, 1930, when franchise receipts were \$12,330.83.

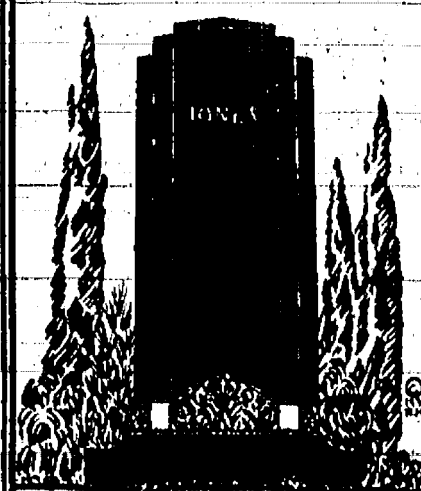

The automobile title division of the Department of State, within a few weeks, is to change the form of automobile titles in order to give greater security to the purchaser and the holder of the mortgage.

The new titles are to be a dark buff in color while the present titles are green. In addition to the title, each application will have a perforated slip attached to the bottom. This slip will contain all facts relative to the mortgage and after the title has been approved by the department, this slip is to be detached and sent to the mortgagee. This will eliminate the possibility of two or more liens being imposed on the same car.

On the back of the title, space is provided to allow a record to be made when a mortgage has been completely paid. Thus the new titles will be able to give the complete financial history of every automobile sold in the future. To protect the state in issuing yearly license plates, the weight of all pleasure cars is to be perforated in the upper left-hand corners of all new titles.

While the number of licensed automobiles in the state is below that of last year, more gasoline is being used. In June, 1931, gasoline tax receipts were \$2,259,491 as compared with \$2,249,551 in June, 1930.

VACATION IN MICHIGAN

Drivers of sixes never want less

because it takes six cylinders to give the smooth, silent power that makes driving really enjoyable.

Drivers of sixes are spoiled for anything less. Drivers of sixes are sold on multiple cylinders. They would no more think of giving up "six" performance than any other real advancement of motoring. For them, the whole cylinder question has been settled.

Slip behind the wheel of a Chevrolet Six, and you'll know why these drivers feel as they do. Step on the starter, let the motor idle—and notice its silence. Throw in the

clutch, shift into "low"—and feel that smoothness. Change into "second," hit a faster and faster clip, slip into "high," sweep along at top speed—then throttle down to barely a crawl. The smoothness and flexibility you always get are six-cylinder smoothness, six-cylinder flexibility. Annoying vibration is gone!

Over two million owners have tested and proved this six-cylinder Chevrolet engine. They have found that it costs less for gas and oil than any other. They have found that it actually reduces upkeep costs, by holding vibration to a minimum. They know a six is hotter in every way—and they would never be satisfied with less!

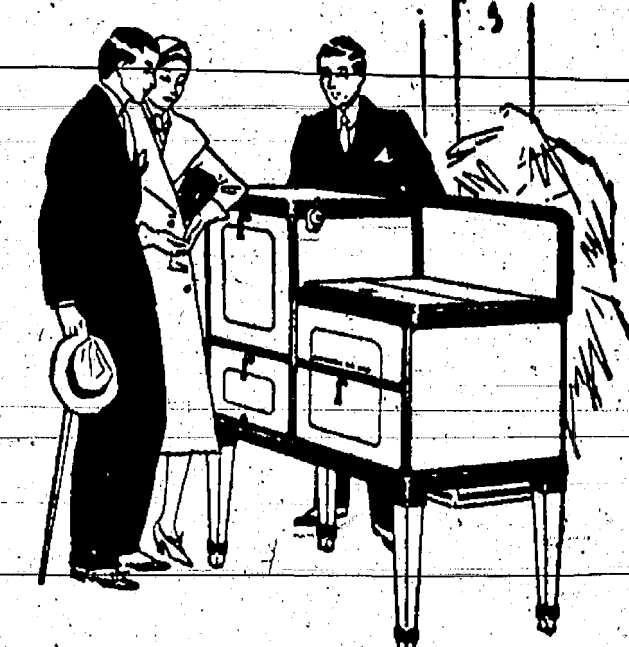

Twenty beautiful models, at prices ranging from \$175 to \$675
All prices f.o.b. Flint, Michigan, special equipment extra. Low delivered prices and easy G. M. A. C. terms.

Announcing the greatest value in gas range history

The new Detroit Jewel

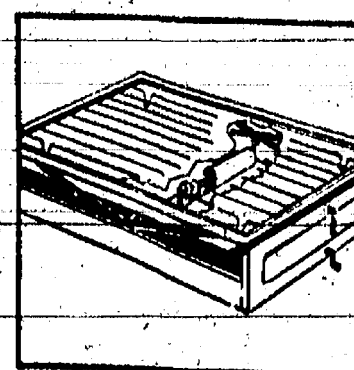

Today, right now, we are showing for the first time the new Detroit Jewel—the greatest value in gas range history.

It's strictly modern.
It has 17 outstanding features never before combined in a gas range.
It is beautiful to look at.
It is automatic in every sense of the word.
It is easy to clean.
It is economical to operate.
In fact, it is everything a gas range should be. Come in today and see this up-to-the-minute gas range. You'll sense the difference as soon as you see it.

Insta-Flame Lighter

The greatest improvement ever made in a gas range. You just turn on the gas and the range lights as if by magic. This feature alone is sufficient reason for buying a new Detroit Jewel. Be sure to see it demonstrated.

Mechanically Operated Drawer Type Broiler

Here is another new feature never before offered in a gas range. By simply turning a small handle (that never gets hot) on the outside of the broiler, you raise or lower the broiler to the exact height you want.

On the purchase of a new Detroit Jewel Gas Range, we will make you an allowance on your old range and the balance can be taken care of by easy monthly payments.

Accident Victims Are Brought To Chelsea

Mrs. Bart Cooper and son, John, were brought to Chelsea Private hospital Tuesday evening, suffering from nervous shock as the result of an automobile accident east of Lima Center on US-12, while en route from Ann Arbor to their home in Kalamazoo. In attempting to put on the brakes when the car ahead of them had slowed down, the brakes locked and they skidded into the ditch. The car was considerably damaged and they remained in Chelsea until the arrival of relatives from Kalamazoo.

Mr. and Mrs. Harry Cash and two children and Miss John Dineen, en route from South Haven to Detroit, met with an accident early Tuesday evening on US-12 about one mile west of Chelsea, when their car skidded and overturned into the ditch. Mr. Cash received a fractured rib and the little finger of his left hand was badly lacerated. His oldest child received a laceration on the right leg. They were brought to Chelsea Private hospital for first aid treatment.

The home of Mr. and Mrs. Theodore G. Riemenschneider in Sylvan township was the scene of the seventh annual Riemenschneider reunion held Saturday with about fifty guests attending from Detroit, Lansing, Ventura, Calif., and Chelsea and vicinity.

The program following the dinner was opened with music, "The Wondrous Story," sung by the main quartet, after which Rev. Henry W. Lenz gave an interesting description of the portion of Germany formerly occupied by the Riemenschneider family, which was within a few miles of Mr. Lenz's birthplace.

A reading, "Haven't Any Gasoline," by T. H. Riemenschneider, and musical selections by Mr. and Mrs. Edward Brosamile, Charles and Lawrence Riemenschneider and the male quartet, completed the program.

Officers elected were: President, William Brosamile; secretary-treasurer, Mrs. Wm. Brosamile; program committee, Mrs. M. W. McClure and Walter Riemenschneider.

The reunion closed by singing "Nearer My God To Thee" to meet in 1932 at the home of Mr. and Mrs. Wm. Brosamile.

The oldest member attending was Philip H. Riemenschneider, of Sylvan, and the youngest, Robert Boyce, of London.

Mr. and Mrs. Edward Koch of Dexter entertained the Kopp-Koch-Pinz families at their annual reunion Sunday, with 33 members in attendance. Following the dinner, the meeting was called to order by Mrs. Gottlieb Bollinger and opened with an harmonica solo by Geo. Weisenbach.

Jacob Koch, 80, of Detroit was the oldest member present, the youngest being Lawrence, son of Mr. and Mrs. Emanuel Bräth, of Lima, aged three months.

A duet, "Whispering Hope," by Mrs. Edward Koch and Mrs. Gottlieb Bollinger, was sung in closing. Mrs. Chas. Cupp of Tiffin, Ohio will be hostess at the 1932 reunion, to be held August 2.

OUR NEIGHBORS

NORTHVILLE—One of the mail carriers of the village says that two families in Detroit that he knows come out to Northville every week to carry back their water supply from our famous Crystal spring near the Pere Marquette station. There's no telling how many more have the same habit. You can never pass this spring, day or night without seeing folks getting water here. One man was seen carrying away 16 jugs full at one time and still there's plenty flowing. This is said to be the purest water possible and cold as ice.—Record.

TECUMSEH—A new barn at the David Lauria & Son farm, north of town, was completely destroyed by fire Wednesday afternoon. Three hours had just finished when they discovered fire in the top of the straw stack. Over 300 bushels of freshly threshed grain were destroyed, also a number of farm tools, which were in the barn. A team of horses and a cow were removed from the barn without injury. A barn on the same site was burned one year ago at threshing time.—Herald.

DEXTER—Mrs. D. E. Hoey received word Wednesday of the death of her brother, Frank Greening, of Chicago, formerly of Chelsea, after a lingering illness, age 74 years. He is survived by his widow who was formerly Miss Josephine Costello of this place, one son, Joseph, and three daughters, Mrs. James Prendeville, Mrs. James Whalen and Miss Alice Greening, all of Chicago, and one sister, Mrs. Daniel Hoey of Dexter.—Leader.

WAYNE—The work of widening and reconstructing six miles of old roadway on Michigan Avenue between Wayne and Dearborn is to start immediately and will be opened to traffic late this fall. It was stated by Edward N. Hines, county road commissioner, Michigan 204 foot superhighway is a trunk line road and the cost of the project will be borne by the State Highway Department. When the work is completed, it will provide a modern, double concrete highway from Detroit to the Washtenaw County line.—Review.

BRIGHTON—Charles Cole, who operated a lunch room east of Brighton on Grand River road, was taken in charge by the sheriff's department the first part of this week. He was charged with both the possession and the sale of liquor in violation of the prohibition laws. He was bound over to the circuit court. Ball was furnished for his appearance at the September term to answer to the charges. Cole is said to be 41 years of age.—Argus.

MILAN—At a meeting of the Board of Directors of the Peoples State Bank last Tuesday night, contracts were awarded for the rebuilding of the bank building and work will be started on the new structure within a few days. The contract was let to the Interior Finish and Millwork Co., who will have charge of the entire reconstruction of the building formerly occupied by the Milan State Savings Bank will be rebuilt for the bank.—Leader.
