Club Speaker Talks
On World Problems

S. A. Probst, of the Michigan Anti-Saloon League, with headquarters in Detroit, was speaker at the Monday evening meeting of the Chelsea Kiwanis club. Mr. Probst took for his subject "The Trend of World Affairs," and presented some very interesting facts concerning the chaotic conditions existing in many foreign countries at the present time and asserted that the United States must assume a definite leadership in world affairs at this critical period.
He stated that one of the greatest problems confronting this country is the increasing number of communists and the communistic teachings that are speedily creeping into our great educational institutions. Rev. A. E. Potts was in charge of the program.

HARDWARES TO CLOSE
Chelsea's three hardware stores will close at 6 o'clock on Wednesday evening until further notice, according to announcement in each firm's advertisement in this issue of the Standard. Although it has been customary in past years for most of the stores to take this action during the fall and winter months, the hardware group are the only firms making a definite decision at this time.

BRIDGE SUPPER
Mrs. B. B. Turnbull entertained a number of friends at a bridge supper Tuesday evening. Four tables were in play. High honors were awarded to Mrs. Jessie Schenk and Mrs. Wilbur Hinderer received the house prize. Bouquets of garden flowers decorated the rooms and each guest was presented with a Tallman rosebud.

MOVE STORE
After having operated a unit of their grocery chain in Chelsea for the past ten years, the C. F. Smith company moved the local store to Ypsilanti on Sunday.

Dogs And Ponies To Perform Here

Van's Dog and Pony Show will give a free exhibition on the streets of Chelsea on Saturday afternoon at 3:00 o'clock, under the auspices of the business men of Chelsea. This free performance is being paid for by a number of business men, for the enjoyment of their many customers in this vicinity.

Everyone will be interested in the antics of the dogs and ponies, and the open air stage will give all a chance to see the show without cost.
Mr. and Mrs. Van, who have been in circus vaudeville acts many years, are reported to have a high class show that has pleased audiences in many cities in the United States.
"We have a clean little show and you will see what time and patience can do in educating dumb animals," Mr. Van said yesterday.
The show will be held downtown and will be worth seeing by children and grownups. It's free! Don't forget the big show at 3 o'clock Saturday afternoon.

Chelsea Wins League Game From Dundee

By High School Scribe
Chelsea, the defending champions, played like champions in defeating Dundee, 38-0 at Holmes field last Friday. Chelsea displayed a powerful offense that Dundee was unable to stop. Dundee was outplayed in every facet of the game, being unable to threaten Chelsea's goal.
Chelsea started off with a rush but was unable to score in the first quarter. Two touchdowns with the extra points were scored in the second quarter on long marches down the field. The score at the half was 14-0 in Chelsea's favor.
Chelsea came back in the third quarter to score two more touchdowns but failed to convert the extra points. Chelsea blocked a Dundee put behind Dundee's goal for a safety, making the final score 28-0.
This Friday, October 2, Chelsea will meet the strong Manchester eleven at Manchester.

P. T. A. Holds Meeting At Hinderer Home

The Parent-Teacher Association of School District No. 7 was entertained Friday evening at the home of Mr. and Mrs. Albert Hinderer, with an attendance of thirty-five. A brief business session was held and Mrs. Helen Frinkle, teacher of the school, was elected secretary-treasurer for the ensuing year.
Following this, an enjoyable evening was spent in playing progressive euchre. High honors were awarded Miss Helen Pritchard and Reinhold Weber. W. C. Pritchard and Mrs. E. S. Kennedy receiving the consolation prizes. A pot luck supper was served at the close of the meeting.

EDWARD MCKAY
Edward McKay, 55, died Saturday afternoon, September 26, of acute indigestion, at his home in Saranac, after an illness of a few hours. Prepares New Road Program For County

Engineer-Manager Submits Tentative Schedule to County Board

A tentative road determination program, based on a one mill tax, which would give the road office \$106,199 for maintenance and construction has been prepared by L. D. Townsend, engineer-manager of the road commission, and was presented Friday at the regular road board meeting.

The road officials now are working on the recommendation to be made to the Washtenaw county board of road commissioners at the October meeting. The tentative plan submitted by Mr. Townsend stipulated that \$2,000 be raised for surveys and plans; \$10,599 for payments due the state, and the following dust-layer and surface treatment program would be followed: Light oil, \$2,000; Chloride in front of houses, \$10,000; retread work, \$50,000; new construction, \$28,500. Urgent bridge removal work would cost \$8,000, according to this plan.

It was suggested to the board Friday that under this proposal the money might be used for township maintenance until July 1, 1932, and then spent for construction. One mill

would return approximately \$106,199. The annual report is nearly completed and will go to the printers soon, officials report.

Rainy weather during the week prevented much progress on retread work throughout the county, Mr. Townsend reports. Several men were engaged during the past few days in patching work while a muck fire on Superior road required the efforts of several men to extinguish it.

Rough grading and shoulder work was done on several highways during the week, notably the Sutton road and the Grass Lake project.—Ann Arbor Daily News.

Michigan Department of State

Frank D. Fitzgerald, Secretary of State

WEEKLY NEWS BULLETIN

Lansing, Mich.—Despite economic conditions of the past year, assets of building and loan associations in Michigan have shown a substantial gain, Department of State records show. At the present time, associations in the state have total assets in excess of \$167,000.

A survey of the industry by the building and loan division of the department, shows that the associations in the state are in a "good" financial position, according to Coleman C. Vaughan, division chief. In several localities, associations have required members to give 30 days notice, according to law before withdrawing funds, but investigation by the department shows that this step, in every instance, has been taken as an added protection to members.

Lansing, Mich.—Gasoline tax receipts for the months of August and September, will exceed those for the corresponding months of 1930, department of State records indicate. Complete figures for August will not be available but it is certain that the revenue of \$2,171,054 will be exceeded. Unusually large attendances at the Michigan State Fair as well as at various county fairs and huge influx of visitors to the American Legion convention will bring the September gas tax revenue above the Sept. 1930 figure of \$2,009,579.

Lansing, Mich.—The Public Acts of 1931 as passed by the legislature and approved by the governor, have been indexed and printed and are ready for distribution by the Department of State. The price is \$1.50 for the volume.

NORTH FRANCISCO

The children and grandchildren of Mr. and Mrs. Henry Notten gathered at their home Sunday, the occasion being Mr. Notten's eighty-fourth birthday. A pot luck dinner was served at one o'clock, after which the afternoon was spent in a social way, all departing at a late hour, wishing Mr. Notten many happy returns of the day.

Mr. and Mrs. Erle Notten entertained a company of friends Friday evening in honor of Mrs. Ada Mensing of Ventura, Calif. Five tables of progressive pedro were played, honors going to Mrs. Ada Mensing, James Richards, Mrs. Herbert Harvey and Clarence Lehmann, after which ice cream and cake was served by the host and hostess.

Herbert Harvey and family spent Sunday at the home of Henry Bowers of Romulus.

Mr. and Mrs. Tom Vail of Chelsea spent Sunday at the home of Mr. and Mrs. Hazen Lehmann.

COUNTY COMMISSIONERS TO TAKE SCHOOL CENSUS

A new state law makes a change in the method of compiling the annual school census.

The new law, which becomes effective next year, provides that in all school districts with a school population of less than 3,000 the census is to be taken under the supervision of the county commissioner instead of by the district board.

SPARTAN KEEPS PACE WITH MARKET DEMAND

Spartan barley, a variety developed by the farm crops department at Michigan State College and now grown on many Michigan farms, has proved to be of superior quality in the manufacture of malt products and much of the Michigan crop is finding a ready sale for such purposes.

Spartan is a two-row barley and has a larger, plumper berry than the six-row varieties. Its weight per bushel and the weight of the individual kernels are greater than the weights of ordinary varieties of this grain. This year, with unfavorable weather conditions, the ordinary barleys averaged a per bushel weight of 44 to 45 pounds while Spartan averaged 48 pounds per bushel.

No. 1 barley must weigh 48 pounds per bushel and grain with a lesser weight per bushel is grade No. 2 or No. 3. The difference in market price between No. 1 and No. 2 is often 4 cents or more per bushel. No. 3 barley sells for less than No. 2.

Michigan grain buyers inform the College farm crops department that more Spartan barley can be marketed at profitable prices to farmers in the state. At present market values, barley sells for \$1.00 to \$1.08 per hundredweight while wheat is selling for \$0.83 per hundredweight.

Spartan barley has smooth awns, a stiff straw, and yields well. Alfalfa or other seedings succeed well when sown with barley as a nurse crop.

THIRTY-FOUR YEARS AGO

Thursday, September 30, 1897

Archie Leach and Joseph Remnant left Chelsea some time Sunday night on a freight train eastward bound. Tuesday morning a telegram was received at his home here that Archie had been badly injured, at Essex Center, Ontario. His brother, Frank left at once for that place, and upon his arrival found that Archie had one leg amputated at the hip and his left foot off at the heel. It seems that the boys were told by the crew to get off the train. Archie swung out to jump and struck a cattle guard which threw him under the train and ten cars passed over him. There is but a slight chance for his recovery.

Martin McKune of Chelsea, Louis Eschelbach, of Lima, Matthew Hankard, of Lyndon, and Henry Esch, of Freedom, have been drawn to serve as jurors at the October term of the Washtenaw County Circuit Court.

YPSILANTI—The City Council of Ypsilanti at their regular meeting last Monday night adopted the policy that is being put into effect in many of the larger cities in the state, when the street and park department were placed on a four day a week basis. The policy will lead to the employment of men whose families are needy and will provide jobs instead of dole during the coming winter. The action came after a lengthy discussion on employment and welfare relief.

Monument Firm To Occupy New Home

Construction of a new building to house the monument and building stone business of Jos. L. Arnet of Ann Arbor, is well under way. The new building, located at 930 North Main street, that city, has a 75-foot frontage on North Main street and has a depth of 140 feet.

The exterior of the front part of the building will be of rainbow granite, Indiana limestone and Verde antique marble, while the rear will be of steel construction.

Large windows at the rear and along the sides of the shop will provide adequate light for working. The building will be considerably larger than the present quarters of the Arnet firm and will enable Mr. Arnet to increase his facilities for the three principal phases of his business, the monumental and cemetery work, building stone, and interior marble.

The building is located on the site formerly occupied by the Michigan Milling Co. Estimated cost of the structure is \$25,000. All modern equipment will be installed in the building and new machinery will include a five-ton three motor driven electric crane. The building will be one of the best for its type of business in the state. It will be ready for occupancy about January 1st.

Mr. Arnet has been in his present location on West Huron street for 14 years, and has been in the business in Ann Arbor for 28 years. The firm's business has grown continuously and a good volume of business has been enjoyed by Mr. Arnet in Ann Arbor and surrounding towns, including Chelsea.

D. West, L. D. West, Wilbur West, Bernadine West, Howard West, Clarence Wood.

A 4-H Sewing club has been organized, consisting of seven members. At the first meeting the following officers were elected: Pres., Frieda Haffey; vice pres., Betty Kalmbach; secretary, Anna Freysinger; Evan-geline Griffin, leader.

Visitors for the month were: Mrs. Fern Roth, Miss Pearl Hais, Mrs. Mildred Robinson, Gerald Griffin, Evangeline Griffin, Anna Freysinger, Inez Rank, teacher.

Billy's buddy bawled to him across the street to know how much he was getting paid for wheeling his little sister up and down the walk, and Billy replied disgustedly: "Goll darn it! this is a free wheeling car."

BIRTHDAY DINNER
A family gathering held Sunday afternoon at the home of Mr. and Mrs. Chas. Lambert celebrated the birthday anniversary of Mrs. Lambert and her daughter, Mrs. Edmund Zeeb. A bowl of zinnias centered the table, a birthday cake being a feature of the supper. The guests included Mr. and Mrs. Emmett Sargent and daughters and Mrs. Fred Miller of Jackson, Mr. and Mrs. Ottmar Geistler and children, Mr. and Mrs. John McMahon and daughters, Mr. and Mrs. Dexter Davenport and Mr. and Mrs. Edmund Zeeb, of Ann Arbor, and Mr. and Mrs. O. D. Schneider, and family of Chelsea.

CELEBRATES BIRTHDAY
A family party was held Sunday at the home of David Schneider in Freedom township, celebrating his 61st birthday anniversary. A birthday cake made by his sister, Mrs. Emanuel Jeddle of Ann Arbor, was a feature of the dinner. Covers were laid for the following guests: Mr. and Mrs. Ernest Strieter and family, Miss Ruth Young and Miss Etta Schneider of Ann Arbor, Mr. and Mrs. Walter Veleis and son Jack of Toledo, Mrs. Sarah Koch, Chester Leonard and children, Christian Reuz and Charles Spears of Saline.

SOUTH LYON—Residents of Silver Lake take no chances with fire, and have taken it upon themselves to insure fire protection to their property. A fire fund has been solicited and is held to pay summoned fire department when needed. Each cottager and nearby farmers pay one dollar to the fund, which is paid into the treasury after each fire. For instance, a fire every month would mean a dollar to be paid into the treasury every month, or one fire a year would mean that folks would pay one dollar for fire protection that year. Herbert Letchfield has charge of the fund.—Herald.

WILLIAMSTON—Cases of chicken thefts in the vicinity of Williamston have been reported frequently of late. One of the most recent was the loss last Saturday evening of about forty yearling chickens by Mrs. Bert Van Ostvan of the northern part of Williamston township. Last Friday evening it is reported that nearly 200 chickens were taken from a farm to the south of Williamston. Officers are on the trail of the culprits and it is expected they will make some arrests in the near future.—Enterprise.

BIRTHDAY DINNER
Mrs. Katherine Koebbe and daughter Evelyn attended a birthday dinner Sunday at the home of Henry Steinway in Freedom township. The dinner was given in celebration of the birthday anniversary of Mr. Steinway, Mrs. Koebbe and their brother, Wm. Steinway of Manchester. Thirty-five guests were present.

WAYNE—According to a recent enactment of the State Legislature, the school boards are required to select a name for each rural school house. If the board fails to select a name the county commissioner of schools is empowered to select a name.—Review.

A visitor to an insane asylum was asking one of the inmates why he was not working with the others. He replied, "I am crazy." "But aren't the others crazy also?" "Oh, but they are crazier than I am."

WILD CATS BANQUET
The Lima Wild Cats closed the year's activities with a supper Sunday evening at Andrew's cottage, Silver Lake. The team was defeated Sunday afternoon by the Chelsea team, by a score of 5 to 4.

Question And Answer Dept.

Ques.—If the sun is farther away from the earth in the summer time than it is in the winter why is it that it is hotter in summer than winter?

Ans.—The principal reason for this is the fact that in winter time the rays of the sun strike the earth more obliquely than in summer and necessarily the rays travel through more atmosphere.

Ques.—Can you explain in your question and answer department the meaning and origin of the expression "brand-new"?

Ans.—"Brand-new" is equivalent to "fire-new", meaning fresh from the fire; bright; new. It originated from an old Anglo-Saxon word meaning "burn". Hence an article fresh from the forge was said to be brand-new. Many have believed that it originated from the practice of putting brands or trade-marks on manufactured articles, but this is erroneous.

Ques.—I would like to ask in your interesting question and answer column if a structure with four walls and all other equipment except a roof is called a building?

Ans.—The common noun "building" is incapable of specific definition. It is difficult to determine when a structure is a building and when it isn't. In common law anything erected by art, fastened to the soil and designed for permanent use was a building. Thus the great mosque at Mecca, which is really only a large inclosure, would be a building in the eyes of the common law. In common parlance, however, a building is presumed to have a roof, unless it is incomplete.

Ques.—To settle an argument will you please answer if corn is a native of America or Europe?

Ans.—Corn is generally believed to be a native of America as all evidence points to its having been cultivated by the Indians long before the discovery of this continent. Columbus then introduced it into Spain. Corn may have been indigenous to Asia also. But if corn had ever been known to the Asiatics it is certain that it had not been cultivated for many centuries previous to the time when Columbus introduced it into Europe, when it was called Indian corn or maize.

Ques.—What is celluloid made out of and who invented it?

Ans.—Celluloid is made out of a mixture of gum camphor, gun cotton and other substances and then subjecting them to hydraulic pressure. The invention is credited to John W. Hyatt of Newark, N. J. However, a kind of celluloid was made in England about 1856, but was not successful.

Ques.—Is there anything in the Constitution of the United States that forbids a Roman Catholic from becoming president?

Ans.—No. The third clause of Article VI of the Constitution says: "No religious test shall ever be required as a qualification to any office or public trust under the United States." It

is surprising how frequently this question is asked since absolute separation of church and state is known to be one of the chief virtues of our system of government.

Ques.—I would like to know who Kit Carson was and when he was born and when he died?

Ans.—Kit Carson, whose first name was Christopher, was a noted hunter, trapper and Indian scout and military officer. He was born in Madison county, Kentucky in 1809 and begun a life of adventure when he was 17 years of age. For sixteen years he was a trapper on the great plains of the west. Later he became acquainted with Gen. John C. Fremont and was employed by him as a guide on many of his later expeditions. He was especially valuable in the settlement of the west because of his knowledge of Indian languages and habits. During the Mexican War Kit Carson was made a second lieutenant in the United States Mounted Rifles. During the Civil War he rendered important services in Colorado, New Mexico and the Indian Territory, for which he was made a brigadier-general of volunteers. He died at Ft. Lynn, Col., in 1868.

Ques.—Will you please tell in your

question column which state in the union has the greatest number of counties and which has the least?

Ans.—Texas has the greatest number of counties with 245, while Delaware has the least with only three.

MASON—Superintendent D. A. Murray announces that the Mason high school faculty has decided that it is best that the members of the junior class do not purchase rings this year. The faculty is not advising the purchase of rings and if any one else member wishes to purchase one he may do so of his own free will. Several parents of the juniors have expressed their wish that this expense be done away with and the faculty is endeavoring to comply. —News.

MILAN—Government engineers have been busy for the past week making the permanent surveys on the new prison property north of Milan. The work is expected to continue for about three weeks before all of the data required by the government has been assembled. A detailed topographical survey is being made and the distance above sea level is being staked every fifty feet with a complete map of every rise of ground. It is expected that the deal for the land will be closed with the former owner within a few days. —Leader.

WHAT A WORLD OF GRIEF IT SAVES YOU!

We know a seed house that proves each season's crop of seeds in their own trial gardens before they offer them to the public. Flowers and vegetables grown from these seeds must measure up to definite standards; or else the entire crops from which the samples were taken are burned.

We know a manufacturer of dry batteries who tested a new product two years before he sold a single battery to a single dealer.

We know a manufacturer of an anti-freeze solution for automobile radiators who spent two years testing his product under all conditions before he said a word in advertising about the merits of his goods.

We know a manufacturer of household pharmaceutical products whose self-imposed standard of purity and efficiency is even higher than that laid down by the United States Pharmacopoeia and the National Formulary.

If we mentioned their names you would recognize them immediately. You probably would say, "I plant those seeds," "I use that battery," "I use that anti-freeze," "My medicine cabinet contains those products."

The four instances cited are typical of every reliable manufacturer in America. Millions of dollars are spent annually to develop, to improve, to standardize, and to take the guesswork out of merchandise. Other millions of dollars are spent in advertising to tell you about them.

All of which is to say that in putting your trust in advertised merchandise you save yourself the bother, the expense, the disappointment—yes the danger—of experimenting and discovering for yourself which make of soap, breakfast food, radio tubes, lingerie, gasoline, tea, electrical device, stationery—or what-not—gives you the most service for your money.

The news columns of this paper keep you informed of the happenings in which you are most keenly interested. The advertisements keep you informed of the newest, most advantageous, most reliable merchandise that America's most progressive makers are producing.

Easy Pleasant Way To Lose Fat

How would you like to lose 15 pounds of fat in a month and at the same time increase your energy and improve your health?

How would you like to lose your double chin and your too prominent abdomen and at the same time make your skin so clean and clear that it will compel admiration?

Get on the scales today and see how much you weigh—then get an 85 cent bottle of Kruschen Salts which will last you for 4 weeks. Take one half teaspoonful in a glass of hot water every morning and when you have finished the contents of this first bottle weigh yourself again.

After that you'll want to walk around and say to your friends—"One 85 cent bottle of Kruschen Salts is worth one hundred dollars of any fat person's money."

Leading druggists America over sell Kruschen Salts—you can always get it at Henry H. Penn's. Adv.
