ARMISTICE DAY

Scout Court Of Honor Will Be Held Tonight

According to an announcement by Guy Weatherwax, scoutmaster of Troop 1, Chelsea, a board of review and court of honor is to be held at 8:00 o'clock tonight (Thursday) at the high school auditorium. Parents of the scouts are particularly urged to attend, as an interesting program of scout songs, stunts and events has been prepared.

The main feature of the program will be the awarding of scout badges and honors to those scouts who have advanced in scout rank during the past two months. Scout Executive Wallace F. Watt, who is head of the Washtenaw Council, of which Chelsea is a part, will be present and give a short address.

The troop, which is sponsored by the Chelsea Kiwanis club, is one of the growing troops of the council, according to a statement from scout headquarters. There are three Junior assistant scoutmasters—Ren Hutzler, Donald Adam and Kenneth Gilbert, and one senior patrol leader, Foster Beissel.

A number of the boys will go to Ann Arbor on Saturday, where they will assist as ushers at the Indiana-Michigan football game.

Will Discuss Village Government Changes

C. V. Smazel, Ann Arbor, editor and manager of the Municipal Magazine, will speak at the regular meeting of the local Kiwanis club next Monday evening. Mr. Smazel has made a special study of incorporation of cities of the fifth class, and will outline the advantages of such a change.

Officials of some nearby small cities which have changed to the new form of government within the past few years will be present and tell of their experience in the matter. An invitation is extended to anyone interested in the matter, to attend this meeting. Reservations can be made by notifying Paul F. Niehaus, secretary of the Kiwanis club.

Legion Completes Armistice Plans

With plans practically completed for the big event, it is the wish of the Chelsea American Legion that all dates for Wednesday, November 11th be reserved by the public for a real Armistice Day celebration to be held in our home town.

The committees for the Legion have all been functioning in an admirable manner and a good time is promised for all, the zero hour being set at 1:30 p. m. on that day, at which time a powerful aggregation of pigskin rooters from Manchester (many thanks for their cooperation) will meet Spaulding's Independents in a match football game at Holmes field. There will be no admission charge to this game.

At 3:30 the big parade will start from the high school playgrounds, and this parade promises to eclipse the big parade which was held in Detroit. The committee in charge of this affair reports that all business places have responded in a manner worthy of a Chelseaite, and floats will be plentiful and a feature of the parade. It is urged that all private cars possible join in the parade, decorated if possible. Comic floats or personalities are also invited to enter the parade. Get in touch with Dr. Brook for your entry and he will give you a position in the line of march.

The High School Band, resident in their new uniforms, will have a conspicuous place in the parade, doing their bit toward blowing old man depression off the streets. A Rube Band from Manchester (more thanks to our neighboring town) will be on hand and will probably be found in the line of march following the old gray mare. The Legion's friend and comrade, Jim Park, has more balloons than he can blow up, and has promised all the children a chance to try out their lungs.

The line of march will follow from the school, west on Park, crossing Main to Congdon, south to the parochial school, east to Main, north to the flag pole, east on Middle to the school, where the parade will disband and supper will be ready and waiting. And what a supper—one that only a Mess Sergeant could serve!

The judges' stand for the parade will be located directly in front of Kolb's Restaurant and it is believed that very competent judges have been secured. According to Legion officials, exactly 86 would-be Romeos volunteered their services for this job, but withdrew hurriedly when they found it was NOT a Bathing Beauty contest. If possible, prizes will be awarded or announced during the supper hour. The Legion is offering \$5.00 first prize and \$2.50 second prize for the best business float. The Chelsea Standard is offering a wool blanket, which is on display in Vogel & Wurster's store window, for the best privately owned float entered.

Supper will be served from 5:00 to 7:00 o'clock in the school auditorium. The School Band will furnish music from 5:00 to 6:00. Dietle's orchestra to finish the dinner hour and continue in the evening for the dance. Prices for the dinner and dance will be found in the Legion ad on another page of this issue.

At the completion of the dinner hour, and after everyone has taken the seventh lining stretch, the band will strike up and make merry with old dances for the new and new dances for the old, a cake walk included if anyone feels so inclined. And then everyone will wend their weary way home with the Legion's best wishes and a kind "Bon Soir."

Proclamation

Inasmuch as Wednesday, November 11, has been designated by the State Legislature as a legal holiday in Michigan, commemorating the day on which the Armistice was signed, I hereby request that flags be properly displayed, that the schools hold suitable patriotic exercises, and that all business in the Village of Chelsea be suspended at 5:30 p. m. for the remainder of the day.

(Signed)
Paul C. Maroney,
Village President.

CARD PARTY TONIGHT

The first of a series of card parties to be held by the I. O. O. F., K. of P. and Masonic Lodges, and the American Legion, will be held at K. of P. hall tonight, beginning at 8 o'clock sharp. All members are urged to be present, to help give the parties a good send-off.

Red Cross Roll Call Starts November 11th

The local chapter of the American Red Cross will cooperate in the National Roll Call which will be held from Armistice Day to Thanksgiving Day, according to officials of the chapter.

A special drive will be made here on Saturday, November 14, when young ladies will be stationed in both banks and at the postoffice to receive memberships.

The American Red Cross has come to be regarded as a part of the nation's institutional life. All classes of people rely upon it to respond to calls for help and assistance during periods of national and international stress, and particularly when a disaster is inflicted on any city, town, or community. The service it renders will be in proportion to the assistance and help given it!

Bluegills Received For Nearby Lakes

Thirty cans of bluegills were consigned by the state hatchery at Hastings to the Chelsea Fishing and Fish Propagation club this week. These fish were beautiful specimens and were planted without loss, making a nice addition to the finny tribes in nearby lakes. 2500 of the bluegills were planted in each of the following lakes, as designated by the Conservation Department: Cavanaugh, Lehman, Blind, Sugar Loaf, Island, and Long.

This makes a total of eighty cans of fish which the Department has furnished the Chelsea club so far this season, with still a prospect of a shipment of golden perch sometime this fall. The Conservation Department has the thanks of the entire community for extending this excellent service.

Funds For Scout Work To Be Solicited Here

The annual campaign for funds to carry on the Boy Scout work in Chelsea, will take place within the next few days, according to a statement by M. H. McGaffigan, who is chairman of the committee making the drive.

The quota set for Chelsea, as a part of the total Washtenaw Council budget, is \$250.00, and it is pointed out by scout officials that this enables boys of scout age in Chelsea to have all of the advantages of scouting, including the use of Camp Newkirk, for less than \$10.00 each per year.

Under the leadership of Scoutmaster Guy Weatherwax, the local troop, which is sponsored by the Kiwanis club, is making excellent progress. Among all of the troops of the council it ranked well toward the top last year in the amount of advancement and real scouting done by its members. It is hoped that all who are interested in the youth of Chelsea will get back of this campaign and aid the committee to the limit.

Officers of Chelsea Lodge who will assist in the evening work are as follows: Mrs. A. E. Potts, Conduetress; Mrs. Norman Schmidt, Electa; Mrs. Grace Shell, Warder.

WILL CLOSE WEDNESDAY

Due to the fact that Armistice Day, Wednesday, November 11, has been designated as a legal holiday in the State of Michigan, it will be necessary for all banks to close on that day. An advertisement will be found on another page of this issue in which both local banks state that they will be closed on that date.

Poultry Will Know All Absent Owners

Any chicken that goes to bed this winter with cold feet and without its ear muffs will know its owner failed to visit the traveling laboratory from Michigan State College which shows how to make hens comfortable and profitable.

A special truck has been fitted up to visit 20 Michigan counties between November 10 and December 11. The truck carries working models of the best types of poultry houses and full sized models of such equipment as mash hoppers, water fountains, nests, poultry house heaters, and catching crates.

Suitable rations for farm and commercial flocks will be discussed by college poultry specialists at each of the stops made by the truck. The control of disease to keep the flocks in condition to produce winter eggs will be a leading subject at each of the meetings.

Counties visited in November are Berrien, Nov. 10; Branch, 11; Calhoun, 12; Jackson, 13; Macomb, 16; Oakland, 17; Wayne, 18; Monroe, 19 and 20; Genesee, 23; Washtenaw, 24; Ingham, 25 and Oceana, 30.

Arrangements for the meetings in the counties are made by the county agricultural agents who select the time and the place for the meetings.

This Woman Lost 64 Pounds of Fat

Mrs. H. Price of Woodside, T. I., writes: "A year ago I weighed 190 lbs. I started to take Kruschen and now I weigh 126 and never felt better in my life and what's more, I look more like 20 yrs. old than the mother of 2 children, one 19 and the other 18. Every one of my friends say it's marvelous the way I reduced."

To lose fat with speed take a half teaspoonful of Kruschen in a glass of hot water before breakfast every morning—don't miss a morning—an 85 cent bottle lasts 4 weeks—get it at Fenn's Drug Store, Burg's Corner Drug Store, or any drug store in America. If not joyfully satisfied after the first bottle—money back. Adv.

Clinton high school remained docked for first position in the Huron League with Roosevelt by winning its third successive contest at the expense of Clinton, Friday afternoon, 25 to 0. The 1930 champions, who will clash with Roosevelt here this week Friday in the contest which is certain to determine the winner of this year's chase, had all the advantages over Clinton, scoring in every quarter.

Showing new life since they were beaten last week by the powerful Tecumseh high school eleven, Chelsea played inspired football against Clinton and soon after the opening whistle scored. After that Coach Thayer's eleven could not be stopped.

Carl Schneider, hard-running full-back, who is leading the Huron League in individual scoring, further increased his lead by counting the first two touchdowns against Clinton, and adding an extra point after his second one. McLaughlin, in second place, also scored.

The first touchdown was made on a short plunge by Schneider after the ball had been advanced steadily through the line and around the ends from midfield. The try for extra point was a failure.

Again in the second quarter Chelsea took the ball down the field on nothing but straight football with Schneider crossing the goal line on a short pass from Kern and place-kicking the extra point.

In the third period Kern hit the center of the line for the next Chelsea touchdown with McLaughlin's attempted extra point being unsuccessful.

McLaughlin crossed the goal line for the final score in the fourth quarter after Chelsea had again put on a "scoring" march to take it to the 3-yard line. Kern's attempted place kick was a failure.

The only time that Clinton threatened to score was in the second quarter as three passes in succession took the ball to the Chelsea 3-yard line as the gun sounded, ending the half. Chelsea was in the same position as the game ended.

Friday afternoon will be the last chance to see Chelsea in action on the home field. If you haven't seen them in action you are missing a real treat. It is hoped they will send Roosevelt High back to Ypsilanti with a goose-egg for a score.

Eat More Potatoes To Boost Michigan

One inexpensive way in which housewives can boost Michigan products is by the use of potatoes which may be utilized in everything from soup to candies, according to nutrition specialists at Michigan State College.

One ideal serving of food supplies food elements in the proportions of one unit each calories, protein, calcium, 0.7; phosphorus, 1.6; iron, 0.2.

Miss Roberta Hershney, Michigan State College extension nutrition specialist, offers a few different ways of preparing potatoes—souffle, a la Goldenrod, soup, muffins, Spanish, Oak Hill, diamonds, and Dutch. For the potato muffins 1-2 C. flour, 1-2 t. salt, and 4t. baking powder are sifted together. To 1 C. cold mashed potato, add 3-4 cup milk and stir until well mixed. Combine the two mixtures and then add two well beaten eggs. Add 2 T. melted shortening. Place in greased muffin tins and bake in a moderate oven 375 degrees F. about 30 minutes.

Housewives are warned that a good potato can not always be told by its outside appearance. One which shows a green skin will taste bitter when cooked, for it has grown too close to the surface and has been sunburned. The wisest course for the homemaker is to choose medium-sized potatoes that feel firm when pressed in the hand. Dry, mealy potatoes are best for mashing and baking, and the more waxy varieties are most suitable for salad and creaming since they will hold their shape.

Bake potatoes frequently, Miss Hershney urges. Brush the skins with fat before placing in oven and eat the skins. A large proportion of the minerals is found directly under the peeling. When done, crack the skin to let out the steam. Cook potatoes in their jackets often; as much as 20 per cent. loss may result from paring before cooking. Start potatoes to cook in boiling water and keep the water boiling. Never dice them before cooking. Use the cooking water which contains valuable mineral salts, in soups, sauces, or gravies.

SCHOOL NOTES

Chapel—Tuesday, November 4

Very few of us knew the real conditions that existed in Russia and were very anxious to hear Mr. Orloff who told us many interesting things.

No one can imagine the condition in Russia and it is even rather hard to believe it when told. Of course we know that Russia was never at peace and was always the victim of some plot. When Russia was at war with Austria we found that the Germans were importing Socialists by the way of Petrograd by means of the German railroads in hopes of ruining the Russian army and thus gaining a portion of Russia for herself. Thus the radicals practically ruined Russia.

Even now we find Russia in a turmoil. People have to gain permission from the government before they are allowed to do things. For instance, millions of people in Russia starve, because they have to be an owner of a little card before they can purchase any food. People have to wait long hours in the line before they are able to get the few things they can have.

People aren't given a chance in Russia and there are many who would desire to come to America if it were possible. After listening to the story of Russia—we can be glad that we are "Americans" first, last and always. Fight for what our grandfathers and fathers fought for: To feel the Spirit of America and defend the Constitution.

Time wasn't long enough for Mr. Orloff to continue further with his talk so we hope in the near future that he will come back and tell us some more.

To show Mr. Orloff that we had the American spirit we ended our chapel by singing "America."

More Women Enter Home Study Group

Despite the curtailed budget in all phases of the extension work, Miss Edna Smith, state leader of home demonstration agents of Michigan State College, announces an increased enrollment of 13,500 Michigan women, 500 more than last year, in the classes studying better household practices. This number does not include the 24 counties in which Mrs. Lydia Ann Lynde, child care and training extension specialist, has been conducting two lesson projects, or the one marketing group under the direction of Miss Barbara Van Heulen. It is estimated that the total enrollment in the home economics courses is approximately 20,000. Nutrition was chosen in 17 counties, with an enrollment of 9890; clothing, 12 counties, 3185 members; home furnishing, 12 counties, 2912 members; time managements, 12 counties, 2805 members. In the nutrition projects, particular emphasis was laid on adequate low cost menus, using and canning home products, and avoiding deficiency diseases through suitable diets, thus helping to offset the dangers in the present economic situation. Clothing projects have been extended to the making over of old clothes, the purchasing of new materials if saved. Members of the home furnishing group have been learning methods of refurbishing the house in more attractive manner, since the increasing of the family income has not in most cases that more time spent in the home than in the past. Sentimental surroundings may be improved through the use of braided covers up old chairs with useful slip-covers, and in other ways assisting the general appearance of the room with inexpensive additions. A more careful study of

means of stretching the budget was made by the home management group, with many more members considering the methods suggested.

MRS. KINGSLEY HONORED

Mrs. Clara Kingsley celebrated her 83rd birthday anniversary Tuesday, and in honor of the event, Mrs. F. E. Storms arranged a surprise, by inviting in several of Mrs. Kingsley's old-time friends for a social afternoon. At 5:30, a delicious lunch was served, with table appointments in yellow, green and white. The birthday cake forming the centerpiece bore the dates 1848-1931, and was lighted with yellow and white candles, while the favors were green mint baskets. At each place was a tiny candle, which was extinguished as the guest expressed a birthday wish for Mrs. Kingsley.

Several pretty gifts were presented in remembrance of the occasion. Those attending the party were Mrs. Ida Palmer, Mrs. Angie Burkhardt, Mrs. Ella Burkhardt, Mrs. Allie Mack, Mrs. Ella Monroe and Mrs. Carrie Prudden.

PINCKNEY—The chicken thief has begun to make the rounds in this section and other nearby communities. Bert Daller had a number stolen from him the other night. Others are beginning to report losses. This variety of thief does not rate very high in the criminal world and is regarded by the other denizens as about a step higher than nothing. However, he is extremely sly and secretive and it is but seldom that any of this class of marauders are caught. When convicted the sentences allotted are usually small as chicken stealing is ranked as one of the minor offenses.—Dispatch.

BROOKLYN—A swarm of bees,

buzzing and circling, passed through the Brooklyn public square in the bright sunshine of Friday afternoon. Nobody knows where they were going any more than the swarms of motorists that traveled through the same day. It is possible that the queen bee has turned modern and instead of sticking to the home hive was out with her followers having a little frolic before settling down for the cold weather. Another guess is that she was taking her boys down south where blossoms and work are thicker instead of letting them drone around all winter.—Exponent.

GOTTFRIED W. WEICK

Gottfried W. Weick, of West Middle street, died Saturday evening, October 31, at St. Joseph's Mercy hospital, Ann Arbor. He had been in poor health the past two years. The American Legion

Who are members of the American Legion? What are they doing in civilian life? Do they retain the wanderlust engendered by their years of service at home and abroad, or have they settled down in homes of their own?

These questions are answered by statistics tabulated by the American Legion magazine. The figures show that the Legionnaire has settled into the life of the nation in a manner fortunate for the country's welfare.

Many Legion men have gone back to the farm, according to the magazine, there being 102,787 subscribers listed as farmers, ranchers and cowboys. Next comes clerks, 82,100; then salesmen, agents and buyers, 49,470. Other classifications are laborers, 47,152; mechanics, 44,896; doctors and surgeons, 27,035; public officials, 22,877; managers, 22,470.

There are 26,932 lawyers; 10,855 contractors and builders; 7,377 dentists; 13,085 professors, teachers, and principals; 6,112 nurses; 13,100 railroad men; 5,215 restaurant men; 2,692 clergymen; 2,840 actors and musicians; 5,840 printers; 4,430 newspaper men and publishers; 407 artists; 1815 photographers; and 7267 barbers. The Army and Navy retained 5,937 Legionnaires on their rolls, while 2,280 are inactive in those branches. There are 11,153 chauffeurs and drivers; 140 designers; 2,042 inspectors; 3,015 lumbermen; 3,512 manufacturers; 7,165 miners; 2,797 oil workers; 4,965 realtors; 407 scientists; 7,710 students; 55 trappers; 86,112 merchants and dealers; 14,065 engineers and surveyors; 2,845 telephone operators, and 425 domestics and servants.

Almost three quarters of the Legion members are married, the percentage being 73.4. Of this number, a goodly portion own their own homes and from the total of married and unmarried, there are 393,633 veterans who own automobiles.

What kind of picture does the mighty army of this list give you? Surely not one of class organization. It spells success by veterans since they left the service. It means a self contained economic family which could take care of itself in all the essentials of civilized life.

Black Cats in Numbers

Mark Twain once inserted an advertisement in several morning papers stating that he had lost 'an intensely black cat, so black that it is not easily seen in ordinary light,' and offering a reward for its return. The cat was found in the attic, but before that day was over Mark declared that 'he couldn't count high enough to give the total number of black cats that were anxious to adopt him as their father.'

And Thoxine goes still further—it eliminates the internal cause which many times develops into serious illness. A swallow of Thoxine before retiring absolutely prevents night coughing and insures a good night's sleep. It gives the same speedy relief for sore throat too. Question And Answer Dept.

I would like to ask in your interesting question column what were the "hanging gardens of Babylon"?

Ans.—The various historians are not agreed on just what the hanging gardens of Babylon were like. They are supposed to have been part of the palace at the capital of Babylon, and tradition says they were built by the great king Nebuchadnezzar to gratify the whim of his wife who was bored by the monotonous plains of Babylon and longing for something resembling her native hills of Media.

same at the North Pole as it would at the equator? Ans.—No. There would be a slight difference in weight, because an object at the North Pole would be a little nearer the center of the earth than it would be at the equator.

Ans.—We do not know. If you will give us the exact date we will try to find out.

Ans.—Yes. At 12 years of age Thomas Edison became a newsboy on a Grand Trunk railroad; later he studied and learned telegraphy and worked at various places in the United States and Canada.

BRIGHTON—A herd of 80 head of young steers, shipped here from Kansas City for a number of North Brighton farmers, was unloaded at the local stock yards Saturday and immediately started on a stampee such as probably was never seen here before. The rampage ended when they were rounded up at Chilson, four miles west. The cattle evidently were not pleased with this country and decided to start back for their native haunts.—Argus.
