## President Maroney Explains Statement

In behalf of the present village administration, we feel that a few interesting figures are to be gathered from the report of the village receipts and expenditures, appearing on another page of this paper.

The village has, as will be seen from the report, \$11,356.64 on hand at the time the books were closed for the year. This, we feel, is especially gratifying under the present economic situation.

Let us pause for a moment to consider that under the present administration the assessed valuation in the village was reduced from \$1,387,466.00 in 1930 to \$1,787,210.00 in 1931. This being a reduction of \$442,500.00 or about 32 percent. With the fact that the tax rate also was reduced 20 percent during the year we find that the revenue from taxation was actually decreased from \$18,314.08 in 1930 to \$13,404.12 in 1931. In general, we feel that a proper attitude was shown in respect to the tax imposed upon the property owners during the past year. The treasurer was able to collect 93.7 percent of the total tax roll, or but 0.3 percent was returned to the county treasurer as uncollected.

The village has constructed, during the past year, approximately 5500 feet of curb and gutter, this being of the type as recommended by the State Highway Department. The curb and gutter are of a much heavier type than has been previously built, however, due to reduced costs of labor and material, the cost to the property owner was lower than ever before in the history of the village.

About 4500 square feet of sidewalk and 6000 square feet of cross walks have been constructed and repaired.

A new storm sewer has been constructed on South street, from Congdon street to the Michigan Central Railroad property, also a new storm sewer to replace the old sewer on East street. This having been built in the more modern method with three manholes for cleaning purposes. Another 12-inch sewer was built on Madison street.

More than 8000 cubic yards of gravel has been placed on the streets during the year at a cost of something over \$30,000.00. This necessitated the removal of approximately 5000 yards of dirt from the center of streets that showed too high a level.

Here we should consider the fact that the improvements and repairs done during the year created a total payroll of approximately \$12,000 that was a direct benefit to the unemployed and their families, and represent needed permanent accomplishments.

\$501.60 has been expended for fire protection and fire, not including the item of water as supplied by the municipal plant at a cost of \$420.00. Over \$4,000.00 was spent for street lighting, replacement of equipment, etc.

Considerable savings might be made to the taxpayers of the village, if a program was adopted to hard-surface the streets now curbed. A new type of hard surfacing material is being used in some of the progressive cities and villages which consists of a crushed rock and oil mixture. This is being constructed at a cost of from \$2700.00 to \$3900.00 per mile. If this type of construction were to be used, rather than gravel, as we now have, we might well afford to hard-surface more than a mile of streets at a cost no greater than is now being spent on gravel.

The item of interest on sewer bonds is another item to be considered, \$1692.50 having been paid on same.

All facts considered, we do not hesitate to approve the above statement of the condition of the village.

We wish to thank all those who have been loyal to the present administration and have cooperated with us in our efforts to give Chelsea good clean government.

P. C. Maroney,  
Village President

## Religious Dramas At M. E. Church Sunday

The special features at the Methodist church Sunday evening will be presented by local talent. The first part of the program will be a religious drama, "The Comfortless Memories." This drama, in a very interesting way, starts people thinking about the necessity of planning their lives intelligently if they are to enjoy a happy old age. The evening's program will be built around the idea of memory with the organist playing a medley of old-fashioned tunes as a prelude.

The second part will be a reproduction, by special request, of the "Ten Virgins" in pantomime, with colored lights, and other items of interest.

**BAKE SALE**

A bake sale will be held at the Chelsea Hardware, Saturday p. m., March 5, for the benefit of the Primary Dept. of the Congregational church.

## Fraternal Societies Celebrate Anniversary

The joint celebration of the K. of P. and the I. O. O. F., held Monday evening in the public school auditorium, was attended by about 150 members and guests.

The anniversary banquet was served at seven o'clock, after which Theodore H. Bahmiller presided as toastmaster, introducing Rev. A. E. Potts, the speaker of the evening, who gave a character sketch of Washington and some interesting incidents in his career.

In the course of his address, Rev. Potts read a few pages from an original manuscript of Thomas Tip-lady, one of the most famous British chaplains of the World War. Chaplain Tip-lady gave this manuscript to Rev. Potts in 1919, after an address on an "Englishman's View of Independence Day" at Columbus, Ohio. J. Fred Bareis rendered two solos, "A Sleepy Time Down South" and "When Irish Eyes are Smiling." He was accompanied at the piano by Miss Gulla Raymond of Jackson.

After the program, cards and dancing were enjoyed.

Hi School Scribe.

The second half was all Roosevelt's. They came back and cut loose like a bunch of dynamo. Chelsea fought valiantly but they had met a superior team. The game ended with the score 34-22 in Roosevelt's favor.

The Chelsea High Reserves defeated the Roosevelt Reserves in a fast game by a score of 19-16. Score at half was 12-8 in Chelsea's favor.

The Roosevelt game was Chelsea's last game of the season. The defeat put Chelsea in a tie for third place in the final Huron League standings.

## Unemployment Drive Proving Satisfactory

The American Legion Unemployment Committee wishes to extend through the press its appreciation to the Chelsea Kiwanis club and M. H. McGaffigan for the privilege of extending their views on the Legion unemployment program before its meeting Tuesday evening, Reule I. Blake and C. W. Tuomy of Ann Arbor were the spokesmen for the Legion.

The committee reports very satisfactory results for the past week, thirty-one applicants having registered. Arrangements have been made to have their office open each evening from 7:30 to 9:00 p. m. for the purpose of registration or for individuals wishing to notify the Legion of any anticipated work which they may have. Phone 260-W.

Hand bills offering suggestions will be distributed into each home the first part of the week, and here again we thank M. W. McClure for his donation of these hand bills and his hearty cooperation.

Success of this program from this point is entirely up to the community, and we hope that each individual will find some way to pledge at least a few hours of work towards the fulfillment of a worthy cause and an endeavor to relieve some of the present unemployment.

OUTSTANDING FILMSWallace Beery and Jackie Cooper  
Offer Stirring PortrayalsThe hero of "The Big House" plays  
the father of "Skippy" in a combina-  
tion that is really an event of the  
screen season. Wallace Beery and  
Jackie Cooper appear as two stars in  
a single picture in "The Champ,"  
Metro-Goldwyn-Mayer's dramatic ro-  
mance of sporting life and the human  
angle behind it, which will be shown  
at the Princess, Tuesday and Wednes-  
day, March 8-9.Primarily it is a mighty drama of  
the love of a father and his son. There  
is a gripping element of human sacri-  
fice. Surrounding this is comedy gal-  
lery and the thrills of a Mexican bor-  
der town, with its gambling, racing,  
and prize fighting. Much of it was  
actually filmed in Mexico.Beery is seen as a defeated fight  
champion, who has taken his small  
son to a border resort where he tries  
to achieve a comeback. To all others  
he is a "big man," but to the boy, he  
is the greatest man on earth. And,  
when the time comes, the old fighter  
makes a sacrifice for the boy's future  
that proves him the best man of  
them all.King Vidor directed the picture, and  
his delicate human touches, intimate  
glimpses into real life and whimsical  
comedy handling are outstanding.  
Beery and Jackie both have some of  
the most dramatic scenes in their ca-  
reers in the amazing medley of  
thrills, pathos and laughs.A notable cast appears. Irene Rich  
plays the devoted wife of the fighter,  
and Roscoe Ates and Edward Brophy  
form a comedy team as the fight  
trainer and manager. Hale Hamilton,  
Jesse Scott and Marcia Mae Jones al-  
so score.

The dramatic jail episode, the fight

with the Mexican police, the great  
prize fight, the thrilling race at Cal-  
iente, are among the highlights of the  
production and inside glimpses of a  
Mexican border town give it an au-  
thenticity that adds glamour.

which time tentative plans were out-  
lined for the establishing of the cen-  
tral stations to take milk from asso-  
ciation members and in turn manu-  
facture the same into butter, cheese and  
powdered milk. This, however, is a  
suggestion. It is asserted, however,  
that milk will be handled as in the  
past until such time as a satisfactory  
arrangement can be made by the local  
and state associations.—News.

**It Tastes Better!**

Everything tastes better, too. There was a man in Wisconsin who had the reputation of being the worst grouchy in that part of the country. Someone sold him an electric range. He never did say anything about it to his friends, which made them more and more curious to hear why he let it stay in the house. They knew he must like it, otherwise he would have been finding plenty to say against it. Finally one of them asked him.

"What do you like about that new electric range, Jim?"

"Aw, everything tastes better," was the growled reply. Even the chronic grouchy admitted that food tastes better when cooked on an electric range. And, of course, the reason that electrically cooked food does taste better is because the natural flavors, as well as food values, are retained!

## SCHOOL NOTES

Tuesday, March 1

Mr. McCreary of the Jackson Business College at Jackson, Mich., appeared before the student body for the first time this year, although he has appeared on previous occasions in the last few years. His speech was based "Signals."

There are at least three kinds of signals; the first which serves as a warning, that is, traffic lights, green which means to go, red which means to stop, and the yellow, which says to go like the dickens to get ahead of red. The second type of signals are those which are cooperatively, for instance, boys on the basketball floor call time out for "The Board of Directors" to meet and act accordingly. The third and last type of signals are those which call for "Leadership." It is very necessary to have some form of leadership to lead the rest on to attain the higher things in life.

So in order to go through life and really accomplish something it is necessary to first set our goal and then work towards it. We get out of our work no more than what we put into it.

After Chapel was closed a Senior class meeting was held at which Mr. McCreary brought out the advantages and opportunities that the business world affords.

## Preparation Of Ground For Strawberries

By G. T. English

Strawberries should have a well fertilized soil to produce good strong plants and make large crops.

The ground should be plowed deep and as soon in spring as it can be worked.

Do not select an alfalfa or old soil as they are apt to be infested with white grubs and the white grub is the worst enemy of the strawberry plant.

Get your ground well worked early. You cannot get it in too good condition as the better you work the soil the more moisture it will hold.

Then get good strong and fresh dug

plants and get them in while the ground has plenty of moisture.

I begin to prepare my ground two years before I expect to put in strawberries, by plowing down a cover crop of soy beans, rye and winter vetch, and cover the ground with a heavy application of stable manure.

For my 1931 setting of plants of one acre, the ground was covered with manure during the winter. In the spring I sowed 250 pounds of 3-12-4 fertilizer on top of the manure and thoroughly disked in, then plowed it 9 to 10 inches deep so as to turn up some of the subsoil. Then floated and sowed 500 pounds of 0-10-10 fertilizer, broadcast, and the ground was disked and springtoothed till in good condition.

While last season was rather dry

for new setting, I have the finest set of plants I have produced and am looking forward for a large crop of berries which I shall sell on the plants.

## FAMOUS BLACKSTONE AT MICHIGAN, SUNDAY

An amazing journey into the land of adventure and fantasy is offered by Blackstone, the magician, who comes to the Michigan Theatre in Ann Arbor next Sunday through Wednesday, March 6-9. Blackstone is called the greatest magician of all times, and with a company of 20 necromancers presents a unit show of thrills, surprises, and laughs.

A seventy-foot baggage car is required to carry the stage property and effects used in the Blackstone act. Gorgeously dressed girls against backgrounds of silks and satins add to the beauty of the act, and each girl has a distinct duty in the presentation as a whole. A group of young men also assist in the succession of fanciful surprises, inspiring illusions, excitement and fun.

Like most people who are unusually successful in their profession, Blackstone has a winning personality. One critic, conceding his marvelous skill and quick fingers and palms, recently stated the magician's personality gets more results than his surprising accomplishments. His performances are conducted like a big party, and his audiences cheerfully help with many of the tricks.

On Tuesday at 8:00, Blackstone promises to cut loose from a packing box made by employees of Mack & Co. department store of Ann Arbor.

Wednesday afternoon there will be a school children's bunny matinee. A "spook program" will be added to the program on Monday night. At this time Blackstone will produce any of the so-called spirit manifestations, and without the aid of mechanical or supernatural powers. It is said one of Blackstone's spirit programs will cure any "spirit addict".

Wednesday night Blackstone's original sensation, escape from a steel tank, after having been welded in by the employees of Williams Co.

It is announced by the theatre management that in addition to the big stage show of magic, a full program of talks will be run, headed by Buster Keaton, Polly Moran and Schnozle Durante in "The Passionate Plumber".

## Stop Getting Up Nights

Physic the Bladder With Juniper Oil. Drive out the impurities and excess acids that cause irritation, burning and frequent desire. Juniper oil, buchu leaves, etc., is contained in Burets, the bladder physic. It works on the bladder similar to castor oil on the bowels. Get a 25c test box from any drug store. After four days if not relieved of "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. Sold at Burg's Corner Drug Store.
