Legion Entertains

At "Ladies' Night"

Members of Haybert J. McKune Post, the American Legion, gave a "Ladies' Night" Tuesday evening, entertaining with an enjoyable party at Kolb's hall, with forty-two in attendance.
The beginning of the evening was spent in playing keno, after which cards furnished the diversion. High honors were awarded as follows:
Bridge, Mrs. Gladys Klump. 500.
Mrs. A. C. Flaherty, Pedro, Elmer Schiller, rum, Mrs. Cora Wright.
Lunch was served by the committee in charge. The hall was prettily decorated in the Legion colors, gold and blue.

To The Voters of Sylvan Township:

I am using this method of acquainting you with the fact that I am a candidate for Highway Commissioner on the Democratic ticket, and I would be very much pleased to have your support at the polls on April 4.
If elected I promise that, as far as it is in my power to do so, to see that money appropriated for highway purposes is spent as evenly as possible over the township, and as economically as it is possible for me to do so, and I will divide the township with the Overseer and work in two units as much as possible so as to reduce the cost of supervising to one-half the present cost.
I will try to spread the work around so as to give as large a number of people work as possible. As I am under no obligations to anyone I am in a position to live up to my promise.

It would please me very much to see all the voters at the polls April 4, and if you see it to place an X in the square in front of my name, I assure you that your support will be very much appreciated.
(Signed) Fred Hailey.

Reform Group Will Meet In Ann Arbor

A meeting of the Second Congressional District branch of the Women's Organization for National Prohibition Reform will be held on Wednesday, April 6, at the Women's League Building, Ann Arbor.
Luncheon will be served at one o'clock, to which all women interested are invited. Those who do not care to attend the luncheon are invited to attend the program which will start at two o'clock. Mrs. Frederick Alger, of Detroit, president of the State organization, and Mrs. Myron Vorse, also of Detroit, vice president in charge of organization, will be the speakers.
Organization work has been in progress in Washtenaw county since the first of this year, and according to those in charge a large number of women have become affiliated with the group. Each county has an advisory group, and it is planned to secure the services of a Chelsea member of the board.
Mrs. Beth Fay Adams, of Detroit, state organizer, and Mrs. Frederick R. Waldron, of Ann Arbor, county chairman, were in Chelsea on Wednesday in the interest of the work, and reported that they expect several local women to attend the meeting next Wednesday.
About 60,000 women are now members of the organization in the state of Michigan.

ICE TEAM DEFEATS PLYMOUTH

The Lantis ice tigers won their tenth straight victory Monday night at the high school gym, defeating Plymouth All-Stars 18-17.
This proved to be a very fast and close contest, with neither team holding a safe lead during the game, the Lantis winning 18-17.
In the preliminary game the Lantis team proved their superiority by defeating the Grass Lake Independents. This is the only local team that has been successful in handling Grass Lake a setback this season. The ice team commanded a two-point lead at the half and when the final whistle blew the local team had gained an eleven point lead, the final score being 22-11.

The ice team has been informed by members of the Young Men's Club that they have accepted the challenge issued in last week's Standard. The team are making arrangements to play the challenge game next Monday evening. It is planned to play at St. Mary's hall, if satisfactory arrangements can be made.

WILL RE-OPEN GRADES

According to local public school officials, sessions will be resumed in the grades next Monday unless a fresh outbreak of scarlet fever is reported before that time. The entire student body was dismissed last Friday, the high school resuming their studies on Monday. The action of dismissing the grades for the entire week was thought advisable inasmuch as several new cases of scarlet fever had been reported last week. Dr. A. Guide, village health officer, reports that only two new cases have been reported this week, both children suffering with the disease being of pre-school age.

Otto says that if anyone doubts his word he will be glad to show them the tracks if they will drive out to the farm.

THIRTY-FOUR YEARS AGO

Thursday, March 31, 1898.

Mr. and Mrs. Mamie Mosker of Sylvan Center are making arrange-

ments to move to the John Bagge farm in Sylvan.

Miss Corrine Seeger of Francisco has been engaged to teach the school in district No. 12 fr. Waterloo and Lyndon.

Mrs. Frances Beach has sold her farm in Lima to George Nixon.

The republicans of Lyndon have decided not to place in nomination any ticket for the coming spring election.

The residence of Mr. and Mrs. R. P. Chase of Sylvan was burned to the ground Tuesday. Nearly all of the contents were destroyed also. A defective chimney is supposed to have been the cause of the fire.

Married, on Tuesday, March 28, 1898, Miss Minnie Schwellkrath and Mr. Leonard Embury, Rev. J. S. Edmunds officiating.

C. F. Hunt of Wadsworth, Ohio is making arrangements to open a hardware shop in the basement under Eppler's Meat Market. This will make a fourth shop in Chelsea.

The Western Washtenaw Farmers club will meet at the home of Mr. and Mrs. E. Zinke of Freedom on Thursday, April 21.

Dr. R. S. Armstrong returned home the first of this week from his trip to the Pacific coast.

GRASS LAKE—The Grass Lake volunteer fire department members were paid the sum of \$295.50 for their services last year—think of it—\$295.50 for 17 alarms with property of a value of \$110,000 endangered.

Damage from these fires is estimated at \$11,000 but it is fair to presume that without the aid of the department the property loss would have been at least \$100,000. One fireman, who answered all the calls, collected around \$30 for his services for the year. The village has good reason to feel proud of its fire department. Its members are conscientious and public spirited. If they were not they would not long continue at a job, the compensation from which would not pay for clothes ruined in answering alarms during the course of the year.—News.

MANCHESTER—We have heard many complaints about the rough condition of that new cut-off road near the Bridgewater town hall, but we think it is a pretty good road for a new one on a swampy piece of land.—Enterprise.

Electricity is CLEAN!

The actual cost of fuel is not all that enters into the cost of cooking. When an oil stove goes wrong and diabolically sprays soot all through the house, charge that up to that kind of fuel. Every time you have to take a pan of vinegar and soda, a ladder, and a lot of elbow grease to clean your kitchen walls, charge it to your fuel bill.

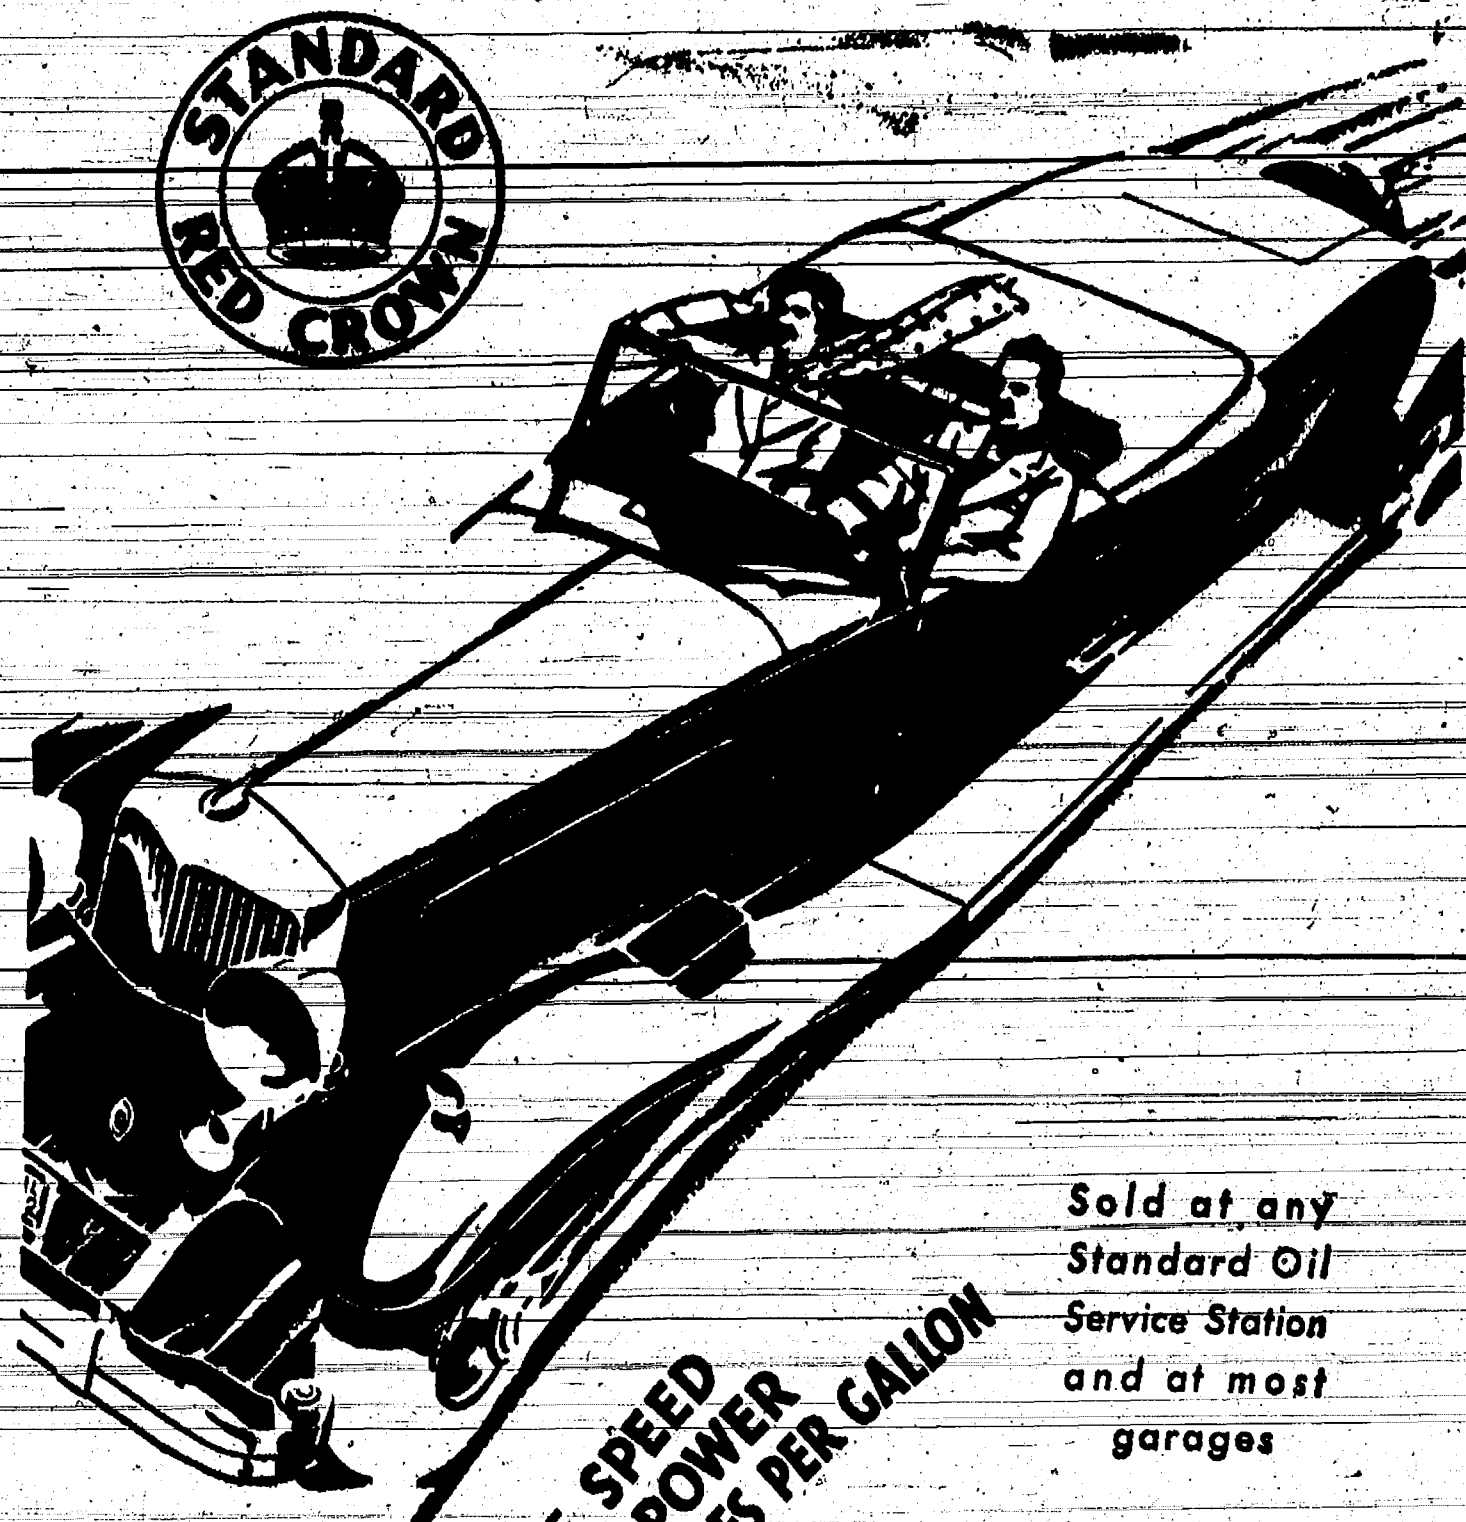

Your kitchen curtains don't wear out hanging at the window. It is taking them down and washing them that wears out curtains. (And they never do hang right afterwards.) The electric range is clean. No soot. No dirt. No fumes. And it is safe!

INTERNATIONAL HARVESTER OFFERS Price Guaranty on Wheat, Corn, and Cotton

Many farmers who need new machines for the economical production of their wheat, corn, and cotton have been reluctant to buy them because of uncertainty as to the prices they will receive later in the year for these farm products.

In order to meet this situation the Harvester Company offers farmers purchasing machines after this date, a definite price guaranty on varying quantities of their wheat, corn, and cotton. If market price quotations for these products do not reach the guaranteed prices at the time payment becomes due on notes given and maturing this year, farmers buying machines included in this special offer will receive a credit equal to the difference.

Many of our customers we know will welcome this announcement. Come in and let us explain the details of the Harvester Company's unique guaranty. Let us show you the machines on which it applies and tell you just how to take advantage of it in equipping your farm at once with the new cost-reducing machines that you need.

Head the calendar for good news about the weather. March is gone! With April showers to bring May flowers we predict that corn shovels and axe handles will lose popularity in favor of spading forks, plow shares and corn planters. As the poet would say, "Come the Spring."

With Congress still in session the rest of the country should worry about occasional cold spells. We can trust Congress to keep us in hot water most of the time.

The House composed a new song, "Yes, We Won't Have No Sales Tax" and sang it with a chorus of 200 voices in the worst party upset in thirty years.

Presidential candidates are springing up by the minute. It is now a distinction NOT to be mentioned as a possible candidate. Mr. Volstead's boom lasted just one minute, which the wets say is exactly the time required to recover from a nip of his one-half of one-per cent beverages.

Here's good news for the "League of Spanish Farmers." The Department of Agriculture finds there are forty-five farms that contain lion and spinners that don't head the list. This will be hard on spinach growers but it's going to help us put off eating that stuff of sand.

A recent experiment shows that it costs from 6 to 10 cents to make a pound of gain on rabbits. That gives little support to those who thought the rabbit industry would grow by "days and bounds."

The Department of Agriculture announces a new Irish potato and call it "Kathleen." It is resistant to the most serious disease and doesn't have to be planted in the light of the moon.

"I see they're tryin' to sell Massey Shovels," says the hired man, "and they might get \$100 for it. Well, I can't figure why anybody that's got that much money would want to put it in a white elephant when you can

buy a good milk cow for \$75. "By thunder it's time to stop this here deflation. Why it's so bad that I'd like to see the salary was cut to \$75,000 this year. That's no more than the President gets. Maybe we'd better write our Congressmen."

"Mr. Coolidge is writing in the papers about needin' more government economy. Seems to me I recall a fellow by that name runnin' for President a few years back and preachin' economy. You don't reckon he's thinkin' of doin' some more runnin', do you?"

HUSBANDS HAVE EXHAUSTED SOAP SUPPLY. They may not observe the Sabbath in that wild land, but running out of soap makes it appear they observe "Saturday night," at least.

Senator Capper blames the slump on Wall Street and goes right to New York to tell 'em so. Senator, you'd better watch out, or you'll find yourself running for the Presidency!

In Japan they hold memorials for insects killed with insecticides. But here we just kill 'em and then appropriate another million dollars to make sure we did a good job the first time.

The new president of the Irish Republic insists that they do away with "outlets." That's all right but what will they say to relieve the pressure when he drops a block on his foot?

A friend, Bristol Adams of Cornell University, has written a poem to the local newspaper. One verse of it goes:

I am the oldest business in this town. Old mills have been abandoned. I persist.

Old houses, old hotels of great renown. Have gone their ways, but I, I still exist.

Upon my ink pages there appears. The story of this place throughout the years.

That's something to think about as you read your paper this evening.

Friday—well we had beans and corn bread tonight for supper and I like to be killed myself eating beans and corn bread and mead if I eat like that all my life I will end up by filling a poppers grave, well anyway if I don't eat enough I won't fill a poppers grave very full, so why should I use any I-B way measures a speckly with beans and corn bread.

Sunday—Ant Jimmy is cackling a tad of bying furniture now, she says she is trying to find a chest made out of Hope wood. Like so many of the girls has got nowdays.

Monday—They wen and a rested the flatts wife this afternoon because she tried to shute him this afternoon, she pulled the trigger but the gun was loaded with blanks and she suspects her husband and she says that is carrying his junk a little in the

Tuesday—Missy flint came in to day and wanted to see if any of my family had a girl and when she found out we didn't she said she was very sorry because she had just found a wonderful remedy for a bad cold, she was about 1-2 size I guess.

Wednesday—Joe has been out of work for 7 weeks and now he is getting worried, he is afraid he won't have a job to lay off from on the first of July.

Thursday—Anna—flint just came home from Germany and she has a Valin for several thousand \$ and Ant flint says he got skint because she heard the Valin was worth a 1000 years old.

MASON Several Mason institutions think they were fleeced by a woman two weeks ago. The woman said that she was soliciting advertising to be printed upon a menu for a Mason restaurant. At least three businesses paid the woman in advance for their advertisements. Late that same afternoon the solicitor left the city. She told the restaurant manager she would be back. She has not returned as yet. Neither have the menus been printed.—News.

HORTON—The Kellogg Foundation of Battle Creek has offered to bear one-third the cost of building and equipping a new consolidated school at Hanover and to operate a health unit in connection with the school, free of charge. The school districts of the township are circulating petitions and will bring the matter before the voters for decision at an early date. The health unit operation includes free dental treatment for all children every year, complete physical examination every year and a registered nurse in the school to teach health subjects and to actually carry out health work in the community.

DEXTER—Friday evening, April 1, there is to be an Epworth League Rally in the Methodist church, with young people from all over the county in attendance. A 25¢ supper will be served at 6:30. The evening program will consist of songs and "stunts" by the young people and an address by Dr. Marshall Reed, pastor of the Ypsilanti Methodist church. The young people of the other churches in town are especially invited.—Leader.

TECUMSEH—Mrs. Elizabeth Beckman observed her 100th birthday anniversary Saturday, March 26, at the home of her step-daughter, Mrs. William Powell, just west of the boulevard on M-50. Mrs. Beckman, a daughter of Samuel and Mahala Wild, was born in Connecticut, March 26, 1832. Her parents moved to Camden when she was three years old and five years later settled in Cambridge Junction, where her brother William conducted a brick yard. Walker Tavern, the Junction church and many of the surrounding buildings, now landmarks, were built from bricks from this brick yard. Her parents spent the remainder of their days in Cambridge and were buried in the Cambridge cemetery.—Herald.
