Five Persons Injured When Car Hits Truck

As the result of an automobile accident which occurred about 2 o'clock Monday morning on US-12, about a half mile east of Grass Lake, five persons were injured, three of them critically. Robert Miles, 38, of 1218 Ward St., Detroit, suffered a fractured skull, broken arm, the loss of one eye and a severely lacerated ear. Vincent Miles, 42, his brother, 56 1/2 North Gorman St., Jackson, has a fractured skull and badly injured left leg. Mrs. Jane Brunell, 27, residing at the same Detroit address as Miles, suffered a possible skull fracture and other head injuries. Henry Brunell, 27, her husband, has a fractured foot and scalp lacerations. Theresa Brunell, 8, a daughter, has a broken leg and Myriell Brunell, 5, a fractured knee and cuts about the head. All are being treated at Egan hospital, Jackson.

According to available details of the accident, the victims were riding in a delivery truck, driven by Robert Miles, when their car was sideswiped by another truck and swerved across the road, directly in the path of a third truck, demolishing the delivery car. None of the occupants of the two other machines were injured.

Robert Miles died on Tuesday afternoon. Mrs. Brunell has not regained consciousness.

Humorous Program Given At Fellowship

The final gathering of the M. E. Fellowship club for the year took place Monday evening and proved to be a very enjoyable affair. An excellent supper was served at 6:30, which was followed by a humorous program and furnished by local talent.

The program included community singing; two solos by Mrs. Matthews; readings by Rev. Lutz and Rev. Fred Matthews. A humorous sketch entitled "A Big Mistake," by Mr. Fisher and Mrs. Hill produced a good deal of fun. A side-splitting sketch, "Wanted a Wife," produced much laughter. The party being well taken by Mrs. Wesley Smith as the husband. Miss Ives as the first applicant, Mrs. Laird the second, Mrs. Bannister the third and Mrs. Hill as the fourth. Peeking contests were attempted and unique prizes were given to the winners.

The program closed with a spectacular stage presentation which included Mrs. Truesdale as the heroine and Roy Ives, Sr. as the hero. The climax of the act was reached when the name of the act was announced, namely, "The Gathering of the Nuts." Mrs. Truesdale presided at the piano. Conspicuous as footlights were Mr. Jones and Percy Holt. Mr. Hill took to the stage in one corner as Mr. Laird brightly shone in the other. Wesley Smith rose and fell as others knelt and stooped (with pain to themselves but with pleasure to the others). And all for the price of 25c, ham and egg supper included.

One Hundred Letters Addressed To You Personally

Think of the advertisements in this paper as no many letters addressed to you, personally. That's what they're intended to be; and, actually, that's what they are. This newspaper is, in effect, a mail-bag which brings you news of events and news of the best merchandise at the lowest prices.

You don't throw away letters unread. You don't read three or four letters carefully and skim through the rest. Treat the "merchandise" letters in this newspaper the same way. Read them all. Read them carefully. One single item will often repay you for the time it has taken to read them all. Many good housekeepers have formed the habit of reading their newspaper with a pencil and paper, ready to jot down the articles they wish to look at when they start out on their shopping tour. Try this method. It saves time, and saves money, and provides you with the pick of the day's merchandise.

Every advertisement in The Chelsea Standard has a message all its own!

Hindelang Hardware Co. Announces Big Sale

The Hindelang Hardware Co. announce a store-wide sale this week, that promises to be something out of the ordinary.

On the inside pages of this issue you will find their big double page advertisement, listing sale prices, and giving their reasons for the sale. One of the unusual features is that the sale is store-wide, nearly every item in their large stock carrying a price reduction, and it is announced that many articles are selling for half or less of the regular prices.

In order to give the old patrons of the Hindelang Hardware Co. the advantage of the very lowest prices, the services of an experienced merchandise adjuster and liquidator have been secured, to assist in the preparation and conduct of the sale. Mr. Hindelang states he has given "The Man in Charge" full authority to go ahead and readjust the entire stock, replace, remark and reprice everything, and has especially instructed him to give his customers the fullest advantage of the very lowest prices.

It is expected that the attendance at this sale will be very large, on account of the low prices, and the fact that every article carries the full and unqualified guarantee of this old firm. Mr. Hindelang has been connected with the hardware business in Chelsea, in various capacities, for nearly twenty-five years, and numbers many friends among the older, as well as the younger generation.

The large double page "ad" in this issue is a complimentary expression of Mr. Hindelang's opinion regarding newspaper advertising, more especially advertising in The Standard.

Mr. Hindelang's message will reach the hundreds of residents in Chelsea and vicinity through the medium of The Chelsea Standard, and everyone will also be distributed. Complimentary copies of The Standard are being mailed to the few residents of the community who are not regular subscribers.

A trip to Chelsea Saturday, or any day next week, will likely prove interesting, as well as profitable.

In Appreciation

We wish to express our thanks and appreciation to all who cooperated in any way to make St. Mary's Parish Sunday dinner a success.

We also feel it our duty to offer a word of apology to those not fully satisfied. Unavoidable accidents often occur at a most undesirable time, so we trust the public will give us another trial in the near future.

Highway Bill Is Big
Legislative Problem

Lansing, Mich., April 27—Any hope that members of the legislature might have had that they could complete their work and adjourn before the Republican state convention took place in Grand Rapids was ended when the house voted to meet on the evening of the day following the state convention.

Some of the house members are hopeful that by the end of this week they will be able to finish up their work and return home. Others say it cannot be done.

The biggest problem they have to solve is the bill providing for a division of the weight tax money. The senate has passed what is generally called the highway bill, but it was so generally amended from its original draft that the house has deemed it advisable to ask the attorney general's office for an opinion as to just what the measure will do if made a law.

The division of the funds as proposed in the bill affects both counties and cities, but to what extent the house members are not clear. Most of the time of the present week has been given to a discussion among members of this measure.

Once the detailed points have been worked out and an agreement reached, it is believed the legislature will speedily close its business and return home.

Members of both the house and senate have passed resolutions cutting their own salaries. There has never been any disposition on the part of the representatives or senators not to act favorably upon a reduction of their own pay. There is but one point to clear up on this question and that is the difference between the amounts

specified in the resolution passed by the senate and the one passed by the house. The senate cut is for five per cent more than that of the house.

There has been introduced into the house a resolution calling for the submission of an amendment to the state constitution which, if approved, would provide for township elections every two years instead of every year. One of the representatives estimates that if this change was made in the constitution it would save the people of Michigan something like a million and a quarter of dollars.

A brief storm swept over the house last Thursday when the members voted to lay on the table a resolution providing for a dealer's license fee. This question has been submitted to the legislature in lieu of a sales tax.

The senate had adopted a resolution calling upon the governor to submit a supplementary message opening up this question for discussion. When the matter came up for consideration in the senate, members deemed it advisable to conduct an executive session, the first one held in some time like 30 years. Not even newspaper reporters were permitted to enter the senate chamber during the discussion.

Many other measures have been reported out by various committees and some bills are expected to be ready for the Governor's consideration within the next few days.

Michigan
Department of State

WEEKLY NEWS BULLETIN

Frank D. Fitzgerald
Secretary of State

Lansing, Mich., April 27—For the first time in Michigan's history the department of state will have supervisory control of registration of voters after the election laws adopted by the 1929 legislature become completely effective.

On May 1, there are 66 cities and 31 townships in the state which will start new systems of permanent registration of voters. Cities and townships with less than 5,000 population and villages will not need to re-register voters unless required by a local ordinance.

Michigan laws, for years, have required a re-registration of voters every fourth year prior to the presidential election. Present laws, not only eliminate the presidential primary election, but demand that cities and townships with more than 5,000 population, install permanent registration systems. From reports reaching the department every one of the 97 governmental units will be ready to start the new system of registration on May 1. Once placed on the voting lists, a voter need not register again unless he moves or fails to vote for two years.

The 1929 law repealed the provisions of the act demanding a general re-registration every four years. The law, as amended in 1931, gives the department broad supervisory power over elections and registrations and requires the department to aid local election officials in conducting registrations and elections.

The Secretary of State, under a recent ruling of the attorney general's department, has power to revoke licenses of malt dealers when malt or wort bearing counterfeit stamps have been found in possession of the dealer. This ruling may result in an increase of revenue from the malt tax, particularly in the larger cities.

FRED TAYLOR
Fred Taylor, 55, of 1502 Homewild Ave., Jackson, died at 8:30 Wednesday morning at Poote hospital. On his way to work about 2 o'clock Tuesday afternoon, Mr. Taylor stopped at a barber shop, and while sitting in the chair he was stricken with paralysis, which caused his death.

He was the son of William and Martha E. (Noble) Taylor and was born October 29, 1877 in Chelsea, where the early years of his life were spent. In 1903 he was united in marriage to Myrtle Riemenschneider and they have since resided in Jackson. For many years Mr. Taylor had been employed as engineer for the Michigan Central Railroad.

He is survived by the widow, two daughters, Mrs. Bernice Fogarty of Plymouth, and Virginia Taylor of Lakewood, Ohio; two sons, Fred and William, at home; and a brother, A. W. Taylor, of Chelsea.

Funeral services will be held at 2:30 Saturday afternoon, at the residence, Rev. Henry W. Lenz, of Fanchester, officiating. Interment will be in Woodlawn cemetery, Jackson.

OUR NEIGHBORS

MILAN—Work was started this week of laying the water main of the village water system to the prison property. The work is under the direction of Willis Culver, superintendent of the Milan Water Works and only local labor is being used on the job. Cooperating with the unemployment relief agencies of the community, the Village Council and the Water Board have ruled that no machines

will be used on the job and all of the work to be done by hand labor to give as many employment as possible. The extension is in accordance with the contract recently awarded to the village by the Federal government to furnish water to the new prison.—Leader.

BROOKLYN—The dates for the Bicentennial celebration of this village have been set for June 23, 24, 25.

TECUMSEH—Recognizing the lack of funds in Tecumseh's treasury with which to defray the cost of proper police protection for the village, Oscar Olander, commissioner of the Michigan Department of Public Safety, this week agreed to a plan whereby a state police trooper will spend the greater portion of his time here on police duty. This service will be rendered by the state without cost to the village. The trooper is furnished a radio equipped car by the state.—Herald.

Why We Behave Like Human Beings

By GEORGE DORSEY, Ph. D., LL. D.

Why Men Don't Understand Women

THE woman is a loaded-stimulus to parents and community. The more she is stimulated, the more she brings into play the sex of the child. The girl who is a woman is a boy. But the sex of the boy colors the environment for the developing child. When Joe Porter had first mentioned marriage to Corolla, she had hesitated although she did love him. "Well, I never marry anybody else," she vowed. "You're as pretty as a little picture and your folks are all honest and fine people, and I love you and I believe you love me, too. Isn't that reason enough why we should get married?"

Corolla said nothing for a moment, she merely permitted him to keep his arm around her which was a sort of consent, he considered, since she never had done this before. She did love him, she knew she did.

"But, Joe, I wanted to go in my work—get to be a lady's maid to somebody big in society," she protested, and her dark eyes so close to his looked troubled, almost tragic.

"That don't matter," he answered. "You'll never love you like I do, honey, you never better take me."

It was a wrench to give up her ambition but at last she consented and once doing she gave herself up entirely to her new plans in life, and as the days sped by she grew happier and happier.

She was in the midst of doing her work on the fifth floor one day when she received a summons to go to the office of Mr. Williams, the manager, at once. Puzzled, she hurried down and found her employer talking to a stranger whom she supposed to be a guest. He seemed disturbed about something and would scarcely let Mr. Williams speak, but with a gesture of the hand the manager silenced him and addressed the maid himself.

"Corolla, did you clean up 618 this morning," he asked.

"Yes," answered the girl, her face suddenly paling. "Why? What's the matter?"

"You know what's the matter," broke in the guest.

"I don't," protested the girl on the verge of tears.

"Did you let anyone else in the room while you were cleaning it? I mean, did any of the other maids come in?" continued the manager.

"No, sir, I was the only one in and finished," she said.

"Well, you have my wallet, then, with \$110 in it," broke in the guest angrily. "Because I left it under my pillow and forgot to take it down when I left this morning. As soon as I missed it I rushed back to my room and it was gone. You may both come up and look."

Together the three took the elevator to the fifth floor and hurried down the long, red-carpeted corridor to room 618. After a thorough search they were forced to give it up. The wallet was not under the mattress nor on the floor beneath the bed. In fact, it was apparently nowhere.

"Go on to the servants' quarters," ordered the manager harshly, and Corolla fled out of the room. But she did not go to the servants' quarters, instead she sought out Joe and told him of her undesired disgrace.

"Kid, you never did it," he declared, holding her close. "And I'll break anybody's face who comes here saying you did."

"I'm so glad you still believe in me," Corolla said, clinging to him. "You're the only one that does. I'm ashamed to look at anybody around here after it gets out because most of 'em'll think I did steal it—going to be married and everything, they'll think I wanted it to buy clothes with. Oh, Joe, I'm so wretched." And again she burst into tears. "You'll be disgraced if you marry me because there's lots of 'em'll believe I did it."

"They're not either. They know you too well."

But Joe was wrong. By noon the news had seeped out and at lunch Corolla could not eat, for the suspicious glances that were shot in her direction and whispered mummings that went on among the servants.

Thousands of fires

are reported annually
BY TELEPHONE

In other words, thousands of persons in Michigan annually find their telephones PRICELESS PROTECTION when fire endangers property and the lives of loved ones.

In small Michigan communities, having no fire-box alarm system, the telephone is especially valuable as a means of summoning aid immediately in case of fire.

Few things offer so much convenience and protection at such low cost as the telephone.

Twilight Ball Season
Opens Next Monday

With loyal adherence to strict training rules put in force by managers of the various teams entered in the Twilight Ball League, all of the aggregations are reported to be working into good form for opening of the season next Monday evening.

As announced in last week's Standard, six teams are entered in this season's race. On Monday evening the Methodists and Legion teams will play; on Tuesday, Masons vs. St. Paul's; and on Thursday, St. Mary's and Congregationalists. A regular schedule will be maintained for these three evenings of the week, with postponed games to be played on Friday evenings. Games will start at 6:30.

Following the usual custom, there will be no admission charge, and the public is not only invited to attend the games but urged to turn out and boost for their favorite team or teams in a sportsmanlike way.

The League committee appointed to make arrangements for a dance to be held to raise funds to finance the games, have not made definite plans for the music and the date for the event will be announced later.

Warning!

A warning has been issued by Marshal Wm. Atkinson that speeding by motorists returning from ball games at Holmes field must be stopped. Heretofore McKinley street has been used as a race track following games and this warning is issued before the beginning of the season next Monday, in an effort to curb the practice without having to arrest violators of speeding regulations. The street will be patrolled, according to Mr. Atkinson.

THRILLS GALORE IN "RACING YOUTH", COMING THIS WEEK

To win the race, to save the factory, to win the girl. That was the triple stake hanging on the fastest and most thrilling automobile race you ever saw in all your life. It is the climax of "Racing Youth" which will be seen at the Princess Theatre on Friday and Saturday, April 29 and 30.

In addition to the thrills, there are youth, beauty and personality galore. June Clyde, from "Tanned Legs," "The Cuckoos" and "Hit the Deck," is worth going to see all alone, and Frank Albertson of "Born Reckless" and "So This Is London" is the boyish hero aglow with youth, pep and romance. And then, there is Slim Summerville, this time shown as a stuttering automobile mechanic, and Louise Fazenda, star of too many pictures to mention here, but whose name stands for comedy plus.

MORE CARD SHARKS

The Standard is in receipt of a letter from Ira L. Frazier, a former employee of Harry Prudden and now residing at Eaton Park, Fla., telling of the Michigan card sharks wintering in that vicinity. He enclosed a clipping from the Lakeland Evening Ledger, giving the following account of a bridge club party at which Mr. and Mrs. S. A. Mapes presided:

Mr. and Mrs. S. A. Mapes, popular tourist club members from Chelsea, Mich., presided as host and hostess at the club's Saturday night euchre party.

High scores were made by Mrs. H. R. Schoenhals, Chelsea, Mich., who had 105 points, and Joe Locke of Windsor, Vt., with 94 points.

ENTERTAINS AT BRIDGE

Miss Helen Hutzler entertained a number of friends at her home, on Thursday evening, at a bridge party. Three tables were in play and honors were awarded to Mrs. Theodore Pfitzenmaier and Harold Fober. Dainty refreshments were served at the close of the evening. The guests were Mr. and Mrs. Edwin Hochrein, Mr. and Mrs. R. A. Steward, Mr. and Mrs. Herman Scheve, Mrs. Harold Koch, Roland Zill, Harold Fober and Mr. and Mrs. Theodore Pfitzenmaier, all of Ann Arbor.

SURPRISE PARTY

Twelve members of the Limanec Sewing club motored Wednesday to the home of Mrs. Clarence Wahl, near Francisco, where a delicious pot-luck dinner was served and the afternoon was spent in a social way. The affair was arranged as a surprise for Mrs. Wahl, who moved from Lima to her new home March 1st. She was presented with a gift by the assembled guests.

DISPLAYS FLINTSTONES

Orrin Fisk of Sylvan has on display in the Standard office a collection of flintstones which he plowed up near the lake on his farm recently. More than 200 pieces of the flint were taken from one deposit. Varying in size, some of them resemble arrow heads, and it is the opinion of many who examined the stones that they are scrap material buried by the Indians.

ENTERTAINS P. C. CLUB

Mrs. Clarence Dietle was hostess Thursday to several members of the Past Chiefs club of Manchester. Dinner was served and the afternoon was spent in quilting. Those attending were Mesdames Emma Burch, Anna Davditer, Lottie Bowins and Lela Fish.

CARD OF THANKS

We wish to express our sincere thanks to the Chelsea fire department and others who worked so diligently in saving our home from complete destruction in the fire last Friday.
Mr. and Mrs. G. W. Coe.

Three Gambling Sharks
Arrested Here Tuesday

As a result of some quick thinking by Frank Leach, three alleged gambling sharks were lodged in the county jail at Ann Arbor on Tuesday. The three men, two giving Detroit as their home address, the third claiming to be a resident of Flint, approached Mr. Leach in a local business place and wanted to accompany him to his farm to play cards.

One of the men gave him \$40 as an inducement and Frank consented to accompany them. He asked them to drive to his residence on West Michigan street, and while there he called the sheriff's department at Ann Arbor asking them to dispatch officers on the case and to meet him at Schanley's store, three miles east of Chelsea on US-12.

Two deputies were at the store awaiting the arrival of the party and immediately took the gamblers into custody. They were found to be carrying plenty of trick gambling equipment to win the \$40 back from Frank and plenty more had he consented to the "fleeting." The men were fingerprinted and an investigation is being conducted in an effort to ascertain the extent of their activities.

HARRY MCGEE

Harry McGee, about 41 years of age, who resided on what was formerly the Salisbury farm, seven miles east of Chelsea on US-12, died of a heart attack shortly before 8 o'clock Friday morning, while driving his car en route to Plymouth. When Frank Zoedick, truck driver from Gary, Ind., noticed McGee's car swerve several times and stop in the middle of the road, he went to the car and found McGee dead.

Dr. Edwin C. Ganzhorn, coroner, was called and said that no investigation will be made, as a heart attack was clearly the cause of death.

Mr. McGee, who operated a foundry in Plymouth, resided on the farm in Lima with his brother John and sister Catherine. All were unmarried. The body was taken to the Staffan funeral home, Ann Arbor, and funeral services were held at 10 o'clock Monday forenoon at St. Thomas church, Rev. Allen J. Babcock officiating, with interment in St. Thomas cemetery.

"GET THIS RIGHT, CASEY
—103,500 MILES"

An Interview by
ROBERT J. CASEY
Chicago Daily News Reporter

Carroll Edgren, insurance man of 230 Earl St., St. Paul—tells Casey how to drive 103,500 miles with minor repair bills.

CARROLL EDGREN, insurance man, stood beside his Pontiac parked in front of his St. Paul home, to add 40,500 and 63,000 and note that they totaled 103,500.

"That's not the census of the Twin Cities," he said as he displayed the result to the inquiring reporter. "It's my mileage on Iso-Vis Motor Oil. . . . And I'll bet the cars in last year's road tests never came anywhere near that figure."

"It's all Iso-Vis mileage?" demanded the reporter.

Mr. Edgren nodded. "All of it," he stated with some emphasis. "The 40,500 miles is on the speedometer of the Pontiac right here. The other 63,000 was the total on

my other Pontiac when I turned it in. I figure I've covered the entire 103,500 miles in a little more than four years."

"And what was the performance of the cars in all that driving?"

"I'd tell you in a minute if it wasn't A-1. But my upkeep bills have been so low that I'm almost ashamed to sell insurance to a mechanic."

"I started to use Iso-Vis the first day it was put on the market in St. Paul. My friend at the filling station gave me a sales talk on it and I took it for what it was worth. Then my

repair bills began to give me a sales talk and I've stuck to it ever since. You can quote me on that if you want to. And get the total right—103,500 miles."

Mr. Edgren's 103,500 trouble-free miles prove again what Iso-Vis has demonstrated in laboratory tests and in A.A.A. tests on the Indianapolis Speedway—Positive Lubrication Protection. Iso-Vis (a Standard Oil product) will not thin out from dilution. See the Ball and Bottle Test at Standard Oil stations and dealers.

Question And Answer Dept.

Ques.—Will you tell me who are the reckless drivers around this section of the country?

Ans.—They are the boobies who put the "dehnts" in "accidents."

Ques.—Has the use of automobiles increased the practice of necking along the roadsides?

Ans.—We do not believe there is any more necking done in parked cars along the roadside than used to be done on the old hay-clipper sofas in the "front room," if our memory serves us right. But we didn't call it "necking"; we said "spooning."

Ques.—Did our governor get his ten thousand dollars increase for traveling expenses, and also the extra secretary he asked for when he first entered office?

Ans.—No. Any increase in salary or appropriation for other expenses must be enacted prior to, and not after, a person has been elected.

Ques.—Would the governor violate his oath of office if he rejected an invitation to crown the bathing beauties and snow queens of this state?

Ans.—No. Officially the state has nothing to do with those ceremonies. Therefore he may exercise his personal rights by either accepting or rejecting an invitation.

Ques.—With a big depression on our hands, the Chinese-Japanese argument not yet fully settled, etc., I am just wondering what else is brewing. Can you tell me?

Ans.—No, we cannot tell you. We

are not much concerned in WHAT is brewing as we are in WHO is brewing.

Ques.—When the moon can give out light through space of 249,000 miles how does it come there is not heat in it like there is in the sun?

Ans.—The light from the moon is the light of the sun reflected to the earth, much in the same way you would reflect sun light with a mirror. Thus there would be no heat in the reflected light.

Ques.—I have been rather curious to know why we seldom have thunder and lightning in the winter time. Will you answer this in your good question column?

Ans.—Lightning is generated by sudden and decided changes in atmospheric temperature. The upper atmosphere is always cold, and suddenly coming in contact with hot atmosphere, produces lightning. Thunder, of course, is the after effects of lightning.

Ques.—I wish to ask in your question department what are "frozen assets"?

Ans.—"Frozen assets" is a popular term applied to property or investments which cannot be turned into cash because of depressed value. Banks, for instance, have assets that are perfectly sound, but which cannot be liquidated without terrible loss. Thus such assets are called "frozen."

Ques.—To settle a dispute will you please answer what is the correct way to pronounce Gene Tunney's last name?

Ans.—Tunney's name is pronounced to rhyme with the word "funny," and not "Too-ny," as many people do.

Ques.—What was the real name of

George Eliot, the author, if this was not his real name, as I have been told?
