Two Bargain Days In Chelsea This Week

A number of Chelsea merchants will stage a two-day special sales event on Friday and Saturday of this week. Advertising by these merchants is being carried in this issue, with headings of "Bargain Days" calling attention to their offerings.

With most prices dropping continuously, and with special purchases having in many cases been made for this special sale, there are hundreds of offerings which are sure to tempt everyone contemplating any purchases in the near future.

In cases where special merchandise has not been purchased for this sale, regular stock has been marked to a new low price to attract thrifty shoppers.

Don't forget the dates—Friday and Saturday of this week!

C. H. S. Tuition Is Reduced By Board

The statutes of the State of Michigan provide that every school child shall have the privilege of continuing his education to the end of high school, regardless of whether or not he lives in a district maintaining a high school. In order to make this plan workable, the law provides that a district that has no high school shall pay \$60 per year for the schooling of each child who desires to attend a high school in some other district.

A large number of the villages and cities of Michigan have in the past made an additional charge upon the parents of non-resident students, thus obtaining the \$60 per year that is paid by the home district of the pupil, and an extra amount of varying size from the pupil's family. For a number of years Chelsea has maintained a total tuition rate of \$70, thus levying an annual charge of \$10 against the pupil himself.

At a meeting of the Chelsea Board of Education held last week, a decision was reached to drop the additional charge for the coming year, enabling any non-resident student to attend the local high school without any personal tuition cost. In other words, the districts will continue to pay \$60 per pupil for those who attend from their respective communities, but the parents of the pupils will have no further fees to meet.

This action makes it possible for a rural pupil to attend high school with a minimum of cost to himself and his family. He will need to make provision for his textbooks and for certain other study materials that are used in some of the high school classes, but these expenditures will involve only a few dollars each year.

Beckwith Appointed On Appraisal Board

Geo. W. Beckwith of Chelsea, Geo. Albert of Sharon Township and Bert F. Schumacher of Ann Arbor have been appointed by Judge Geo. W. Sample as court commissioners to appraise damage to be paid for land in Superior township which the state desires for improvement of the road known as the Ford highway running from the Wayne county line to the Plymouth road near Dixboro.

According to the order of appointment the commissioners must meet not later than August 15 and have a report before the court not later than 4 o'clock the afternoon of September 15.

DETROIT WOMAN INJURED

Miss Marian Grulikowski of Detroit suffered three fractured ribs, painful cuts and bruises Sunday afternoon when, in trying to avoid striking a mud puddle on the Cavanaugh Lake road, she lost control of the car she was driving, went into the ditch and crashed into a telephone pole, snapping it off. The car was owned by George Talbot of Spring Lake who was with the young lady. Miss Grulikowski was taken to Chelsea Private hospital and was removed to her home in Detroit Monday afternoon. The front of the car was badly damaged.

NEWLYWED HONORED

Complimenting Mrs. Viola Seyfried Weber, whose marriage occurred the past month, the Lucky Nine entertained at a party last Thursday evening at the home of Miss Flora Schanz. Luncheon and bridge furnished the evening's diversion, and ice cream and cake were served. The honor guest was presented with an electric toaster.

DR. AUSTIN HOWLETT

Dr. Austin Howlett, son of William and Betty Howlett, died Wednesday afternoon, July 13, at the home of his mother in Lyndon township. He was 37 years of age. He was a graduate of Chelsea high school and the University of Michigan, and for many years conducted a dental office in Ann Arbor. Funeral services will be held at the residence at 2:30 Saturday afternoon, with burial in Mt. Hope cemetery, Waterloo.

SCHOOL MEETING HELD HERE MONDAY EVENING

M. J. Dunkel Re-elected and J. Nelson Dancer Is New Board Member.
Direct Tax Is \$12,500.00.

With more than two hundred fifty in attendance, the annual meeting of School District No. 3 fr. Sylvan and Lima was held in the public school auditorium Monday evening.

L. P. Vogel, president of the Board of Education, presided at the meeting. Following the reading and acceptance of the report as read by David Mohrlock, secretary of the Board, it was voted to cut the amount of direct tax to be raised to \$12,500.00. The amount raised last year was \$17,000.00 and two years ago \$21,000.00 was raised by direct tax. It was also voted to have a 9-months school term next year.

H. D. Witherell was chosen to act as secretary of the meeting, and Dr. A. A. Palmer, B. B. Turnbull, Warren Geddes and Ezra Tisch were named to act as tellers.

Mahlon J. Dunkel was re-elected as a member of the Board for three years, having no opposition. He received 210 votes. The names of J. Nelson Dancer and Geo. W. Walworth were placed in nomination for the second trustee to be elected for a term of three years. Mr. Dunkel received 182 votes and Mr. Walworth 72 votes.

Members of the Board whose terms have not expired are L. P. Vogel, David Mohrlock and J. L. Fletcher. At an organization meeting held last night these three men were re-elected president, secretary and treasurer, respectively.

A detailed financial report of the District will be found on another page of this issue.

What-a-Fire!

What would the average group of people think if they were having a pleasant little party in their backyard, decided to include a weiner roast in their festivities, and just when they succeeded in getting a good fire going the fire department would rush in and spray that pretty little defenseless blaze with a lot of chemicals?

That was just what happened last night about 11 o'clock. Employees of the local rubber plant, who reside in their factory building, were unable to sleep on account of the intense heat, so they decided to have a lunch via the roasted weiner route.

They placed a few small wooden shipping boxes in a fire-proof container at the rear of their building and started a fire. They were having a pleasurable time of it and were just entering the building to lead a few more "dogs" out to the fire when all of a sudden the fire department dashed in and proceeded in their professional manner to extinguish the blaze.

Leaving nothing more for the midnight picnickers to do but to stare in wonderment at it all, burst forth with a few ejaculations (or otherwise) and retire for the night.

Of course, the fire department cannot be blamed for the deed as they stand ready to answer any and all calls at any hour and they are to be complimented for their prompt response to the call at that hour of the night.

On the other hand the party who caused the alarm to be sounded cannot be blamed as most anyone would become alarmed at seeing a blaze so late at night, which no doubt looked suspicious from a distance.

So the only real responsibility must be placed on village administration for not having passed an ordinance prohibiting the holding of weiner roasts within the village limits after 10 o'clock at night!

ATTEND REUNION

Mr. and Mrs. Oliver Walker, Mrs. Lydia Schable and their guests, the Misses Marilyn and Maxine Tih of Manchester attended the Schlee family reunion on Sunday, which was held at Island Park, Ann Arbor. Fifty members of the family were present. A picnic dinner was served at noon and the afternoon was spent in games and visiting.

Local Youth Drowns In Mill Creek Sunday

Everett Holbrook, 13 year old son of Mr. and Mrs. John Holbrook of North St. was drowned Sunday afternoon in Mill Creek near the George Crafts farm, northwest of Chelsea.

The lad, who was unable to swim, stepped off into a deep hole while playing in the water with his older brother. The latter summoned Harold Crafts, who brought the boy to shore and started artificial respiration before the arrival of a local physician. However, all efforts at resuscitation proved futile. Coroner E. O. Ganzhorn was called and decided that no inquest was necessary.

His parents and six brothers survive. Funeral services were held at the residence Tuesday afternoon at 2 o'clock. Rev. Fred Matthews officiated and burial was in Oak Grove cemetery.

BROTHERHOOD TO MEET

The Washtenaw County Brotherhood will hold their next monthly meeting at the Mooreville M. D. church Sunday, July 17. The afternoon session will be in charge of Rev. Fairchild, pastor of the Evangelical church at Whitaker. The evening service will be held at 7:30 o'clock, at which Rev. W. A. Johnson of the Manchester M. E. church will be the main speaker. There will be special music. Luncheon will be served at 6 o'clock by ladies of the church, without charge. A special invitation is extended to ladies and young people to attend these services.

ALEC'S NINE WINS

Alec's Nine of Chelsea won a hard fought game Sunday at Holmes field, the score being 1-0. Their opponents were Hoover's team of Chelsea. The batteries for Alec's Nine were Winans and Trol; for Hoover's, Volak, Policht and Rehwerth. Schiller knocked out a home run in the fifth, enabling Alec's Nine to win. They will play Lima Wildcats at Barth's field next Sunday.

ENTERTAINS FOR SON

Mrs. William Atkinson entertained at a dinner Saturday evening, with covers for six, in celebration of the birthday anniversary of her son, George. The table was centered with a lighted birthday cake, attractively decorated in pink and white.

WEEKLY NEWS PULLETIN

Frank D. Fitzgerald
Secretary of State

Lansing, Mich., July 13.—About 150 more candidates are expected to secure places on the September primary ballot by filing petitions with the Department of State before the close of business July 26. To date, only 24 candidates have filed for lieutenant governor, congress and the state legislature.

When the time for filing initiative petitions expired July 8, seven proposed constitutional changes and one referendum had qualified for submission to the people in November. Under a resolution adopted by the 1932 special session, constitutional amendments are to be numbered. The proposals will appear on the ballot in the following order:

No. 1.—Alteration of present constitutional prohibition requirements to

No. 2.—Limitation of taxes on real estate.

No. 3.—Legislative reapportionment.

No. 4.—Exemption from taxation of homesteads.

No. 5.—Changing election laws in cases where portions of townships are incorporated into villages.

No. 6.—Changing method of pardoning first degree murderers.

No. 7.—To allow only property owners to vote on bond issues.

No. 8.—Whether the oleomargarine tax measure adopted by the 1931 legislature, shall become effective.

The first four questions won places on the ballot by the filing of the proper number of signatures with the department of state. The legislature ordered the fifth, sixth and seventh questions submitted to the people while the last question is the result of the filing of referendum petitions preventing the oleo law from becoming effective until approved by the people.

All candidates for governor, lieutenant governor and candidates for congress and legislature from districts comprising more than one county must qualify by filing the required number of petitions by July 26. In addition candidates for vacancies on the bench in Kent, Saginaw and Wayne counties must file proper petitions by the same date.

THIRTY-FOUR
YEARS AGO

Thursday, July 14, 1898

The annual meeting Monday of District No. 3 fr., Sylvan and Lima, was a very quiet affair. The directors' report showed receipts from all sources were \$8,536.07. Expenditures were \$6,536.07. The electors voted to raise \$5,000.00 by direct tax. William Bacon was elected a member of the board of trustees to succeed himself. Charles J. Depew has sold his residence on South street to Martin Howe. Charles Craine has been appointed as postmaster to succeed William H. Suylandt, removed.

A little daughter of Mr. and Mrs. Rudolph Hoppe of Sylvan fell from a horse Tuesday afternoon and broke one of her arms.

Henry, son of Mr. and Mrs. Martin Merkel of Sylvan, lost one of his little fingers Saturday when it was caught in the pulley of a hay fork.

Miss Emelia, daughter of Mr. and Mrs. Charles Neuberger of Chelsea, took the white veil at St. Mary's convent in Monroe, Tuesday. She will be known as Sister Eantelista.

Henry H. Fenn left Sunday on a business trip through the Western States.

Mr. and Mrs. John D. Watson have moved into their new residence on South street.

The Jackson Press says that there is one consolation in the war revenue stamp—while you are licking the stamps you are helping to lick Spain.

"GRAND HOTEL" TO SHOW AT MAJESTIC, STARTING TODAY

Vicki Baum worked as a chamber maid in a well-known Berlin hotel to gather the material that resulted in the writing of "Grand Hotel," which was brought to the screen with the most important all-star cast ever assembled, and begins an engagement today, July 14, at the Majestic Theatre, Ann Arbor. As a novel "Grand Hotel" was on best seller lists all over the world, and when it was adapted to the stage by Miss Baum it established theatre records in many different countries. Now, as a picture presenting Greta Garbo, John Barrymore, Joan Crawford, Wallace Beery and Lionel Barrymore, it seems to have achieved the most overwhelming success of all.

No one was aware of Miss Baum's identity while she was employed in Berlin, explains Frank Portos, Hungarian writer, thus she was able, unhampered, to round out the situation and characters, which, for a number of years, has been shaping themselves in her mind.

Edmund Goulding directed "Grand Hotel" from a motion picture script prepared with the assistance and supervision of Vicki Baum. Goulding's recent productions include "The Devil's Holiday," "The Trespasser" and "Reaching for the Moon."

Several mechanical innovations are said to have been utilized in photographing "Grand Hotel," with music used for supplementary dramatic motivation throughout the picture—that is, orchestral or radio music emanating naturally from various parts of the hotel.

Question And Answer Dept.

Ques.—I have a quantity of old German paper marks. Can you tell me what value they have now?

Ans.—German paper marks that were printed before 1924 are worthless. If they were printed since that date they are worth 28 cents each.

Ques.—Can you tell me if there are any monkeys that inhabit the United States in their wild state?

Ans.—There are no native species of monkey in North America north of the Rio Grande, although petrified remains of monkey-like animals which lived in pre-historic times have been found in different parts of the United States.

Ques.—In what part of China is the city of Hongkong?

Ans.—Notwithstanding that a many people suppose, we will advise you that Hongkong is not a city. Hongkong is an island at the mouth of the Canton river in China.

Ques.—I want to ask you why the aviators go to Newfoundland to get a start for a flight across the Atlantic ocean?

Ans.—By way of Newfoundland is the shortest route to their destination—England or France. If they started from New York and flew due east and crossed the Atlantic ocean, they would land in Spain.

Ques.—In what state did the Sunday observance law (blue laws) originate?

Ans.—The so-called "blue laws" was first enacted in Virginia in 1610, when the Virginia House of Burgesses enacted that "all persons whatsoever upon the Sabbath days shall frequent divine service and sermons, both forenoon and afternoon." Many people believe that the "blue laws" originated in New England, but that is not true.

Ques.—Will you please tell me where pearls are found?

Ans.—Pearls are formed on the interior of certain mollusks, particularly the pearl oyster, which is essentially of the same material as that of the "mother of pearl," which is the lining of the shell on which it forms. The exact cause of this formation is not known, but in a general way it may be said that those shells which are irregular in shape and stunted in growth, or are honey-combed by boring parasites, are those most likely to produce pearls.

Ques.—I want to ask in your good question column if men who fought on the Confederate side in the Civil War are prohibited from voting at national elections in any of the northern states?

Ans.—Two states—Kansas and Vermont, have a law on their statutes prohibiting ex-Confederates from voting, but they are practically "dead" laws that are not enforced. For a few years following the Civil War many northern states had such laws on their statutes, but they were eventually repealed.

Ques.—Why is it that a president of the United States is never nominated more than two terms?

Ans.—The two-term rule is merely an unwritten law based on precedent. The Constitution does not limit the number of times a person may become president of the United States. Washington refused a third term nomination because he wanted to retire from the turmoil and burdens of politics. Jefferson followed Washington's example and refused a third term. Thus the third-term doctrine became a part of the unwritten Constitution. After that, public sentiment was always against a third term for any president, and they are never nominated more than twice if they have served two terms.

"What do you mean Maps get smaller?"

An Interview by
ROBERT J. CASEY

Chicago Daily News
Reporter

"People drive faster," explains E. V. Shireman, furniture salesman of 229 East Maple Road, Indianapolis. "I generally run my Packard 60 to 65 miles an hour—have to, to cover my territory." "But what about your car?" asks Bob Casey, famous Chicago News reporter.

IT is the observation of E. V. Shireman of Indianapolis that the maps are getting smaller every day—people drive faster.

Mr. Shireman is a furniture salesman whose territory embraces all of Indiana, Cincinnati and Louisville. He drives a Packard Custom 8 and covers between 800 and a thousand miles a week the year around. The total mileage on his present car is 71,000 miles.

"There was a time when my territory would have been pretty hard to cover. Now it's no trick at all."

free miles prove again what Iso-Vis has demonstrated in laboratory tests and in A.A.A. tests on the Indianapolis Speedway—Positive Lubrication Protection. Iso-Vis (a Standard Oil product) will not thin out from dilution. See the Ball and Bottle Test at Standard Oil Stations and dealers.

MRS. CHARLES E. BALDWIN

Mrs. Charles E. Baldwin, 75, died Wednesday, July 6, at the Methodist Home.

Mrs. Baldwin was the daughter of the late Rev. Seth Reed, who was the first superintendent of the Methodist Home. She was born in Ann Arbor in 1857, while her father was pastor of the First M. E. church in that city.

She was married in 1877 to W. W. Cooper and their early married life was spent in Gaylord. Mr. Cooper died in 1905 and their daughter several years later. In 1912, Mrs. Cooper was married to C. E. Baldwin and for 15 years she resided in Flint. She was former president and treasurer of the Flint Young Women's Christian Association, and an active member of Court St. M. E. church, the D. A. R. and O. E. S. She came to the Methodist Home in 1927.

Surviving are two brothers, E. Roscoe Reed of Chelsea, and Dr. W. F. Reed of Cheboygan. Funeral services were held at 3:30 Thursday afternoon at the home, Rev. W. J. Balmer officiating, and the body was taken to Gaylord Friday for burial.

CATS KILLING SONG BIRDS

Complaints have been heard that there are a number of cats being harbored locally which prey upon song birds to such an extent that it is believed advisable to call a halt to the activities of the bird-eating cats. One specific complaint has been registered in which case a local resident states that he has seen one cat kill as many as 6 or 8 birds in one day. Threats of killing such animals have been made and no doubt will be fulfilled unless action is taken by owners of the cats to stop this practice.

It is also reported that certain youths about town take pleasure in shooting song birds with sling shots. It is hoped that such a pastime will be stopped.

CELEBRATES BIRTHDAY

Theodore Mohrlock was pleasantly surprised on Sunday when about 40 relatives arrived to celebrate his birth birthday. A pot luck dinner was served at one o'clock. The afternoon was spent in visiting, ice cream and cake were served in the afternoon. Guests were present from Hastings, Detroit, Fowlerville, Ann Arbor and Chelsea.

House Passes Relief Bill in Face of Veto Threat by the President—Bingham's Beer Rider Seems Blocked—Plans for Campaign.

By EDWARD W. PICKARD

WITH the aid of 35 republican members, the Democrats put through the house the compromise emergency relief bill carrying \$2,122,000,000 as revised by the conference and containing provisions that President Hoover had publicly indicated would lead him to veto the measure. Chief of these is a clause empowering the Reconstruction Finance Corporation to make loans to individuals and municipalities unable to obtain funds from normal banking facilities. Speaker Garner had insisted on the retention of this provision for the "benefit of the masses," and Mr. Hoover had been equally insistent on its exclusion, asserting it made the government a pawn broker and would jeopardize the credit of the nation. The bitter controversy between President and speaker followed two futile conferences at the White House. Mr. Garner violently attacked Mr. Hoover on the floor of the house and Mr. Hoover retorted with a scorching statement placing all the blame for the disagreement on the shoulders of the speaker.

As the bill went to the senate following passage of the relief bill, it was met with a policy of "no comment" and Speaker Garner as "obstinate" and "demagogic." It provided for increasing the capitalization and borrowing power of the Reconstruction Finance Corporation from \$2,000,000,000 to \$3,500,000,000. It also carried in addition \$222,000,000 for public works construction to be financed by the treasury. Of the \$1,700,000,000 turned over to the Reconstruction Finance Corporation all but \$300,000,000 is not available for loans. Part is to be loaned directly to individuals and cities on such security as they can command. The balance is to be loaned to states, cities, public and private agencies, corporations and various sorts of organizations to build toll bridges, waterworks, tenements and other projects of what is termed a self-liquidating nature.

TWO American aviators, James H. Doolittle and Bennett Grimm, undertaking to set a new record for flight around the world, flew from Hartford, Conn. across the Atlantic ocean in record time, making their first stop at Berlin. Thence they hurried on toward Moscow, but were forced down 50 miles from Minsk. Their plane was wrecked.

SENATOR BINGHAM'S effort to force a vote in the senate on the legalization of beer was not getting along very well. He sought to attach the proposition to the home loan bill as a rider, but the drys came to the front strongly and at least delayed matters by precipitating a long debate on the bank bill itself. This measure was amended in a way that left it no longer a net bill of the administration but at the same time fixed it so that it had dislikable to it. Bingham admitted the chances for his rider were slim. In the house the war Republicans tried without success to force the hand of Speaker Garner, insisting that he have brought out for action one of the bills for legalization of beer that have been introduced.

The attitude of the Democrats in congress seemed to be that they should not be called on to carry out the Volstead act modification clause of their national program until after the country has had a chance to vote on the proposition in November. Anyhow, they do not intend that the Republicans shall get credit if any for carrying beer to the people.

PRESIDENT HOOVER'S campaign for reelection is to be conducted from Chicago, according to the statement of Everett Sanders of Indiana, the new chairman of the Republican national committee. He went to Chicago and engaged headquarters rooms on the sixth floor of the Palmer house, and said he expected to spend most of his time there. He added that of course there would be considerable activity directed from Washington and he would often be in New York. He continued:

"Henry Allen, the former governor of Kansas, will be in charge of the publicity. Mrs. Ella Tost of West Virginia is to continue in charge of the women's activities. And I hope that Robert L. Hays, who has been in charge of the executive work, and Ray Benjamin of California, who has been of material assistance, will continue their services with the committee."

There was no such certainty of location in connection with the Democratic organization. James A. Farley, New York state chairman and Roosevelt's pre-convention manager, who has been elected chairman of the Democratic national committee, has indicated a tendency to favor New York as the center of operations.

ALFRED E. SMITH settled all doubts as to his intentions when he issued a statement that he would support the Democratic candidates, platform and party. He said he had received many letters urging him to run independently for President on the Democratic platform but regarded such a course as impracticable and impossible.

VICE PRESIDENT CHARLES CURTIS and Speaker Garner, who hopes to succeed "Charley," both expect to do a lot of speaking throughout the West for their respective tickets. In fact, the heavy work of the campaign will fall to them, for President Hoover will make only a few speeches in large cities and Gov. Franklin Roosevelt probably will not often depart from Albany.

Mr. Curtis said in Washington: "I expect to do a lot of campaigning this fall and would be glad to meet Mr. Garner on the stump." Mr. Garner said little of his plans except that as soon as congress adjourned he would go to his ranch home near Euclid, Texas, for a rest. Both these gentlemen are seasoned campaigners, familiar especially with the West and the South. And both of them like the old style of oratory, with plenty of gestures and language that appeals to the "common people."

DOWN in North Carolina the wetts scored a decided victory in the defeat of Senator Cameron Morrison, veteran leader of the drys, in the Democratic primary, which is equivalent to an election. The senator was swamped, losing by more than 100,000 votes to Robert H. Reynolds. The winner, who campaigned as an advocate of repeal of the Eighteenth amendment, received the largest majority ever given a candidate in that state. He is forty-seven years old and practices law in Asheville.

J. C. B. Ehringhaus of Elizabeth City, won the nomination for governor.

ONE after another the insurgent Republicans of the senate are turning toward Roosevelt and the Democratic ticket. Norris of Nebraska was the first to announce himself and Frazier of North Dakota came next. Both declared they would support the New York governor in his campaign against President Hoover. Then came Hiram Johnson of California with a statement in which he gave high praise to Roosevelt's acceptance speech as "the most important speech of the day." He also lauded the Democratic nominee's airplane journey to Chicago as a commendable change in national political custom.

Although Senator Johnson declined to say whether he will openly support Governor Roosevelt in the campaign, his statement left little doubt that he prefers the Democratic nominee to President Hoover.

MEETING in convention in Indianapolis, the Prohibition party decided it wanted Senator Borah as its Presidential candidate and so informed him. His reply was non-committal as to his acceptance but advised the party to nominate some one else and then leave the door open for withdrawal of its candidates if an amalgamation of all dry groups is arranged at the coming conference in Washington.

Therefore the convention nominated William C. Egan, former congressman from Georgia, for President and Frank S. Regan of Rockford, Ill., for Vice President.

BY COMBINING the Liberty, Farmer-Labor, Progressive and Socialist parties, the Monetary League and the Farmer's Union, the New Liberty party was formed at a convention held in Kansas City, Mo. Frank Webb of San Francisco was nominated for President, and Andrew Nordskog of Los Angeles, for Vice President, both being named by acclamation, though "General" Jacob S. Coxey of Ohio, also was offered as a candidate. Roland Bruner of Kansas City, the chairman, called a meeting of the national committee in Kansas City August 30.

DINO GRANDI, Italian foreign minister, and Premier Herriot of France both gave utterance to declarations that greatly disturbed the "refugees" on reparations and war debts in Lausanne. First Grandi made a demand for complete cancellation of all European post-war financial obligations. Prime Minister J. Ramsay MacDonald of Britain badly refused Grandi's demand that the state be wiped clean. Great Britain, he said, cannot cancel debts due to her unless the United States does likewise. Grandi precipitated this discussion by asking Premier MacDonald to agree never to demand renewal

of war debt payments by Italy, in line with the policy he had outlined as the ideal of Premier Benito Mussolini.

MacDonald replied pointedly but firmly that Great Britain is bound by the Balfour declaration, which sets forth that Britain shall ask from her debtors only as much as she needs to pay her own war debts. While she has to continue payment of her own debts, he said, Britain cannot agree to wiping the international slate clean.

Then Premier Herriot came forward with the declaration that the war debt schedules set by Germany must continue to pay reparations under the Young plan. At the same time Germany continued to stick tightly to its contention that it can no longer meet the Young plan payments.

Herriot's declaration was made at the end of a day of negotiations which led nowhere. It was given to the press in explanation of why France demands a safeguarding clause protecting its reparations in case America remains adamant on the point of any agreement negotiated.

Chancellor Von Papen has proposed that Germany pay about \$100,000,000 in a lump sum on condition that the war guilt clause be removed from the treaty of Versailles and that Germany be permitted equality of armaments. It was the impression in Lausanne that Von Papen attached to the conditions even more importance than to fixing the amount Germany might be called on to pay. Herriot, however, declined to consider them at all.

MacDonald, as the week closed, was trying hard to bring about a settlement between France and Germany.

C. FREDERICK POPE, a New Yorker, acting alone and in a private capacity is trying to bring about formal recognition of the Soviet Russian government by the United States. Dispatches from Moscow say he presented to Soviet officials a suggestion that the United States send an unofficial commissioner to Russia as a preliminary to negotiations for establishment of normal relations. He gave it was learned, an account of "satisfactory" conversations he had held on the subject in certain quarters in Washington just before he sailed for Russia late last May.

Pope is expected to return to the United States this month, and the prospect was that he would renew his conversations here.

GREAT BRITAIN and the Irish Free State are at each other's throats over the matter of the defaulted Irish land annuities. On motion of J. H. Thomas, secretary of state for dominions, the house of commons passed a resolution empowering the government to impose a retaliatory tariff on Irish imports to 100 per cent as a means of collecting the annuities. The special duties act was then put on its way through parliament, though it was opposed by George Lansbury, Labor leader.

President De Valera of the Free State has demanded that the dispute be referred to an international tribunal for arbitration, but the British government insists it must be handled by an empire tribunal. As Mr. Thomas says, Great Britain could never permit foreigners to arbitrate a domestic dispute.

The land annuities, amounting to approximately \$17,000,000 a year, were set up by the Anglo-Irish treaty of 1921 and were intended to reimburse landholders, mostly British, for land purchased for parceling to tenant farmers.

WITHOUT having accomplished anything of importance, the disarmament conference at Geneva prepared to adjourn until next autumn. Its final act was to be the issuance of a statement prepared by Sir John Simon, British foreign secretary, lauding President Hoover's proposals for reduction of armaments by one-third and setting forth certain points in them on which the various delegations were approximately agreed. It also said some phases of the plan would require considerable time for study by the powers concerned.

Maxim Litvinov, Soviet Russian foreign commissioner, and Ambassador N. Dolgov of Germany expressed dissatisfaction with the procedure, declaring they could find no points on which the conference really was agreed.

Marsh Hawks Groundlings. The marsh hawk is our only species of hawk that habitually nests on the ground. The dried grass nests of these birds built among the weeds near a pond or marsh may contain from two to five eggs of a bluish white color. When the eggs are hatched both male and female share in the care of their offspring and the family remains together for most of the summer. Their food consists chiefly of mice, but other small mammals, birds, snakes, frogs and even poultry are sometimes found on their menu.

Short Span of Life. The average lifetime of a man in the Sixteenth century was twenty years. Even now in India, it is only twenty-six years.

COOPER

Armored Cord Construction

greatly reduces internal friction and heat, common causes of most tire troubles. Every one of the thousands of cords in each ply of fabric used in the body of the tire is thoroughly insulated from all the rest of the cords by a heavy coating of pure live rubber. This process gives each cord a coating of rubber armor, hence the name "ARMORED CORD CONSTRUCTION."

Because of Armored Cord Construction of Cooper Tires, the cords cannot touch each other, which prevents tire trouble due to internal friction. These tires are extra strong, extra tough, and give extraordinary service. They give the most in mileage, service and satisfaction and are the most economical tires to use!
