Marriage Announced At Shower Party

Announcement of the marriage of Miss Doris Foster, daughter of Mr. and Mrs. Schuyler P. Foster of Chelsea and Edward Nell, son of Mr. and Mrs. G. M. Nell of Detroit came as a surprise to their friends who were entertained Saturday evening at a miscellaneous shower in their honor at the home of Mr. and Mrs. Jay Weinberg. The marriage took place Saturday afternoon, Nov. 19, at the home of the officiating clergyman, Dr. Merle H. Anderson, pastor of First Presbyterian church, Ann Arbor, with Mr. and Mrs. Weinberg as attendants.

Fourteen guests were present at the shower, including Mr. and Mrs. Ernest Wilcox of Saginaw and Mr. and Mrs. C. J. Thorne of Detroit. Games furnished the amusement, Mrs. George Atkinson and Edward Nell receiving high scores. Roses and chrysanthemums made the rooms very attractive, a miniature bride centering the table where a buffet lunch was served. Mrs. Nell is a graduate of Chelsea High School and the University of Michigan. They will reside in Detroit.

SANFORD-ROWE

Miss Evelyn Sanford, daughter of Mr. and Mrs. John Sanford and Claire E. Rowe, son of Mr. and Mrs. Ernest Rowe, both of Chelsea, were married Thursday evening, Dec. 15, by Justice Harry W. Reading at his home, 1231 Olivia street, Ann Arbor. The witnesses were Dr. Jack Russell and Miss Betty Reading. The groom, who is a graduate of Chelsea High School, for the past ten years has been employed as clerk in the local postoffice. Mr. and Mrs. Rowe will reside in Chelsea.

FAREWELL PARTY

All Church Night and a farewell party for Rev. and Mrs. A. E. Potts and family will be held in connection with the quarterly birthday supper at the Congregational church Thursday evening, Dec. 20. A pot luck supper will be served at 6:30 o'clock. Members of Covenant chapter will act as hostesses.

Will Deliver Fifty Christmas Baskets

That every needy family in Chelsea and vicinity will have a sumptuous Christmas dinner is assured, according to officials of the Red Cross who will be in charge of distribution of the baskets. This has been made possible as the result of donations of large quantities of groceries and other foodstuffs by local organizations and by contributions of money for this purpose. About 50 baskets will be delivered by the Red Cross.

Business Places to Close on Monday

Inasmuch as Christmas falls on Sunday, the holiday will be observed by Chelsea business places on Monday, when business will be suspended for the day. Rural mail carriers will not make deliveries on Monday and the local postoffice will be closed all day unless the necessity arises for the handling of large quantities of late incoming mail, which is improbable. The postoffice lobby will be open until a late hour Saturday night.

Investigating Death of Wm. J. Poor

A mystery which has recently created much excitement among the citizens of Parma, caused by the sudden death on Dec. 10 of two Parma men, William J. Poor, 41, and George W. Hunn, 41, was followed Monday by the death of Dr. Harry C. Hubbard, the physician from whom they procured medicine on the day they were taken ill with convulsions. Dr. Hubbard, 51 years of age, also died in convulsions within two hours after falling on the cellar steps of his office.

County authorities have ordered a post-mortem examination, and Coroner John Pulling stated that if the post-mortem showed traces of poisoning, he would order an examination of the bodies of Poor and Hunn. Samples of the medicine taken by the two men were turned over to the authorities Monday night, as was also a box of capsules taken from a bench in the basement of Hubbard's office. Pleter Kayser, Jackson county chemist, and Coroner Pulling believed it probable that Hubbard had died from the effects of strychnine or morphine. The body of Mr. Poor, formerly of Chelsea, was buried in Oak Grove cemetery.

Burns Fatal To Two Following Collision

John O. Burtis, 38, of Ypsilanti, and Mrs. Vivian Porcupine, 34, of Ann Arbor, were burned to death following an accident in which their car collided with one driven by M. S. Embury, 27, of Gregory, early Wednesday morning on U.S. 12 near the Steinhilber pond. Embury was critically injured and is a patient in an Ann Arbor hospital.

Embury was driving from Detroit, where he operates a business, to his home, and his car collided with the Burtis car, which was traveling eastward. Both cars caught fire, and passengers were unable to rescue the occupants of the Burtis car, but did succeed in extricating Embury from the wreckage of his car.

WASHTENAW GAS CO. ANNOUNCES REDUCED RATES FOR CHELSEA

In a letter from C. R. Henderson, vice-president and general manager of the Washtenaw Gas Co., which was presented to the common council at their regular meeting Monday night, announcement is made of a rate reduction for Chelsea to take effect on bills rendered Feb. 1st for gas consumed during the month of January. The letter, which is self-explanatory, and which includes the new schedule of rates, is as follows:

December 10, 1932.
Village Council,
Chelsea, Michigan.
Attention: Mr. J. E. McKune, Pres.

Gentlemen:
A few months ago representatives from your council called on the Washtenaw Gas Company to discuss the matter of lower gas rates in the Village of Chelsea. You were advised at that time that business conditions were such that a reduction in rates seemed quite impossible.

It was pointed out at that time that the Village of Chelsea was receiving gas at a rate lower than any community of its size in the state. Also, it was pointed out that the company was selling gas to its customers at a rate much lower than that which might be permitted under the terms of the gas ordinance.

There has been, of course, no improvement in the company's business conditions since that conference to warrant rate reductions. In fact, we have had a further recession in gas sales and, naturally, a further loss in revenue. This is particularly so in the commercial and industrial class of our customers.

The company, of course, has been conscious of the fact that our customers feel that gas rates should be reduced, all this in the face of the fact that gas rates have been going downward during the last few years. The last reduction to the Village was in 1928.

Careful studies of the subject have been made during the past several weeks with the result that even though conditions and earnings do not warrant a change in rates, the com-

SPEAKING ABOUT TAXATION

Most people these days like to talk about tax matters. It is a favorite topic during a time when taxpaying is a hard job, regardless of whether taxes happen to be high or low. Unfortunately taxes at present are high beyond the point of safety. To reduce taxes to a reasonable level will be the work of the incoming legislature. The lawmakers will be smart if they refuse to quit until the task has been completed.

The property tax limit addition to the state constitution has provoked more discussion following election than it did during all the time it was awaiting the verdict of the voters. So far nobody seems to have a clear understanding of what it is all about. Lawyers are in disagreement over its exact meaning, and when lawyers disagree the final answer rests with the supreme court. Perhaps that is where the amendment will eventually find a lodging place.

But one thing has been made un-

derstandable. Mr. Taxpayer wants his tax burden considerably lightened. No longer is he going to be content with promises easily made, to be just as easily forgotten after election. Wise indeed will be the political leaders of the future who do not have to keep their ears to the ground to hear and know what the people are thinking and saying. Instead they will scale the mountain peaks of public service, where their deeds can be written on something more lasting and more enduring than the desert sands.

SOUL SAVING SEALS

Never again the tragedies of past generations. No more neglecting the youth of our land until the silent specter of tuberculosis has lain an all too heavy hand upon their frail and innocent little bodies. Science and proper care in time, provided with funds secured by the sale of Christmas Seals, is slowing up the march of this great enemy of mankind.

In the fight being waged against tuberculosis great souls have dedicated themselves to the task. All over Michigan we find members of the medical profession lending their services; hospitals their facilities; all are being mobilized against the white scourge, which if left unchecked would soon threaten the very life of the nation.

Nor has the state of Michigan been backward in this fight. Long ago our legislatures recognized the seriousness of the situation when they provided plans for the location of a second state sanitarium in the upper part of the lower peninsula. The work of selecting this site is in progress right now. It will have the solemn, sober consideration of men whose heart-beats are in sympathy with the afflicted.

Those engaged in the work of fighting tuberculosis warn us of the necessity of searching out its victims before the disease has become too firmly implanted in the system. Early diagnosis, followed by immediate treatment, is necessary to bring about the cure of the patient. Sale of Christmas seals makes this possible. Contribute your mite now while the sale campaign is in progress. The few pennies you give may be the means of saving a human life. What a beautiful thing in retrospect that would be.

"BUY MICHIGAN"

There is a movement being fostered in this country to "Buy American." It is a sensible attempt to meet and solve some of the problems of industry. To "go native" and buy only those articles manufactured in the United States will have a far-reaching effect in the stabilization of American manufacturing. Such an attitude might be termed selfish, but selfishness of this kind is needed to start the industrial wheels of America turning. Our first concern is that of relieving the present deplorable condition of our own people. To take any other course would be unpatriotic.

In this state the movement should be enlarged to include Michigan beet sugar. We should stipulate that brands of sugar with every order sent to the grocer. Michigan-made sugar should be on every table and in every pantry supply room. Michigan grown sugar beets is a cash crop. It is one crop, more than any other, that will help restore the buying power of the farm. The Michigan beet sugar industry needs our support. To do this will add millions of dollars in new wealth to the state every year. Michigan grocers and Michigan housewives should set themselves firmly to the task.

SHARE IT WITH OTHERS

It ought not to be necessary to even suggest that this year we can help to make it "Everybody's Christmas." If ever there was a time when we should feel the spirit of "Good Will Toward Men," that time is with us right now. Not one human soul should be overlooked in this sharing with others a part of our Christmas joys.

Either select the recipient for your good will gesture yourself, or get in touch with some local welfare organization that will do it for you. There should be no excuse to prevent you doing your part, no matter how humble or plain your giving may be. Perhaps you, too, have suffered. Perhaps you feel the limit of your resources has been reached. Sharing with others under such circumstances will bring Heaven just a little bit closer on Christmas morn. It will be a joy and blessing too great to be passed by on the other side of the road. Let the Lord be with you this coming Christmas day.

THE SPIRIT OF THRIFT

Thrift does not consist in worrying about last month's extravagances, but in nailing this month's expenses as you go along. "Hard payments" not "easy payments" is the motto of success. The harder you make it to spend when you cannot afford to spend, the more you will have to spend when you can afford it.

The happiest person is the person who thinks the most interesting thoughts. (John Plews.)

MILAN—Work on the new Federal Prison is being rushed and is rapidly nearing completion, and according to authentic information the prison will be placed in operation about June 1st, and efforts are being made to open the local project sooner. Sanford Bates, Director of the Federal Bureau of Prisons, made a hurried trip to Milan early this week and made an official inspection of the jail now under construction. The buildings now under construction will accommodate 620 prisoners. —Leader.

TWENTY-FOUR YEARS AGO

Thursday, December 24, 1908.

The children of Mr. and Mrs. Michael Mohrlock gave them a pleasant surprise on Wednesday evening, Dec. 16, at their home. The occasion was Mr. Mohrlock's 75th birthday.

Miss Edna M. Runciman was united in marriage to Edwin W. Cooper of Lyndon at the home of Mr. and Mrs. George Runciman on Tuesday afternoon, December 22, 1908. Rev. M. L. Grant officiated.

N. E. Brudden located a flowing well at the depth of 20 feet on the Kuether farm in Lima, the last of the past week.

The Chelsea public schools closed Wednesday for a vacation of 10 days. In the ruins of the barn of the Muntz hotel, burned Sunday, has been found an empty mail bag. The origin of the fire, which consumed a cow and a flock of chickens is a mystery, but it is now thought it may have been set by post office burglars. The mail bag may have come from the Grass Lake postoffice, which was robbed Saturday night.

William Baumgartner of Scio, returning Tuesday night to his farm about three miles west of Ann Arbor, was struck by an express car on the D. J. & C. and was instantly killed.

THIRTY-FOUR YEARS AGO

Thursday, December 22, 1898.

The Bay View Reading Circle gave a Christmas reception at the home of Mr. and Mrs. H. S. Holmes. A program was given a feature of which was the "Burnhig of the Fagots" by Mrs. M. Boyd.

George P. Glazier has returned from his trip through the West. The Glazier-Stove Company shipped a carload of stoves to Australia this week.

Cornelius Hamilton, father of Dr. W. S. Hamilton of this place, died at Jackson, Thursday, Dec. 15, aged 82 years.

There were plenty of "middle-of-the-road" fellows in town Monday. It rained and then froze and the walks were too slippery to be safe.

Geo. Bauer has purchased the Mrs. James Bacon residence on South Main street. Mrs. Bacon and family left Saturday for San Antonio, Texas.

Penn & Vogel expect to move into their new store next week.

Died, on Tuesday, December 20, 1898, at the home of her son, George in Sykes, Mrs. Rauben Gage, aged 80 years. The funeral will be held today at the residence, interment at Vermont cemetery.

Fire was discovered in the planing and cedar mill of E. L. Negus about

nine o'clock Tuesday night and the building and contents with the exception of the boiler and engine were destroyed. The cause of the fire is a mystery, as the mill has not been in use for a long time. The loss is about \$3,000 with no insurance.

MANCHESTER. — Our respected townsman and merchant, William Holt, who had been seriously ill several months, passed away on Sunday afternoon, aged 64 years, survived by his widow and a sister, Mrs. Mary Calhoun of this village. He had lived in this vicinity practically all his life. As proprietor of an ice cream and candy store he had made friends with people from far and near. —Enterprise.

HOWELL. — Fire was built in a room in the old Fowlerville schoolhouse which is being fitted up for use of the Boy Scouts, last Friday about noon. About 1:30 p. m. smoke issuing from the building called attention to the fact that the building was on fire. It is thought that gas gathered in the stove, and exploded, blowing the door open and fire out onto the floor as the stove door was open when the fire was discovered, and the fire was burning in the floor a foot or more ahead of the stove. A hole in the floor is the principal item in the damages which will amount to about \$150. —Republican-Press.

Mr. and Mrs. Albert Schultz of Dixon and Mr. and Mrs. Harry Atchinson of Salem were here Monday in attendance at the funeral service of their aunt, the late Miss Elizabeth Atchinson.

Mrs. C. L. Catkins and Mrs. G. Showler of Detroit called on Mrs. Martha Slowman and Mrs. Harriet Williamson Saturday.

From the quantity of cards and packages going to and from the post office we are reminded that we are not Roosevelt's "forgotten men."

The children that are born to some classes of the people in Naples on this happy day are visited by "Wise men"—who are selected by some phyllophile society—and are presented with imitation stones which are valued highly by the children in later years, even supernatural qualities being ascribed to them.

HALLOO! MERRY CHRISTMAS!

A week before Christmas, Coming home from the store, Met a bunch of young fellows In happy galore;

No thought of discourtesy Entered their mind, Just bunched down street To have a good time.

They gave us the sidewalk, 'Twas more than we asked, And, smiling, we said, "Merry Christmas!" and passed,

"Hullo, Daddy—Say, We wish you good cheer— Old-time Merry Christmas— A Happy New Year."

They liked it down street And were soon out of sight, While this old heart of mine Felt a twinge of delight.

Though years may bespeak, Or betoken of care, Lines of age deeply furrow, Though snow white our hair,

We'll keep every heart string Attuned to "Good Cheer."

A right Merry Christmas And a Happy New Year."

Wreaths, Garlands Gay Shout "Merry Christmas!"

WHAT a joy it is to come into a home scented with spicy pine and hemlock, so suggestive of Yuletide that each room fairly shouts "Merry Christmas!" And what a real pleasure, too, to gather the greens and dispose them so that they express all the kindness of the blessed season, intensifying the delights of the "friendliest" period of the year!

As garlands, the various types of greens may decorate windows and doors, or they may be massed on mantels or tables.

To make a festive cape of greenery, supply a foundation of heavy twine and to this attach the short sprays of pine, hemlock or spruce interspersed regularly with clusters of laurel, or for a more decorative effect use the artificial berries with the greens. Fine flexible wire is best for fastening the sprays in place.

Another use for greens is in the formation of window wreaths. Arrange the small sprays on a heavy wire foundation, taking care to keep the wreath symmetrical. Small groups of red berries, regularly placed, give character to such a decoration.

Santa Up-to-Date

Ha! Santa Claus is up to date;
he's sold his reindeer team.
He even thinks a motor car
old fashioned now would seem.
A brand new airship he has got;
the very latest thing.
And, oh! a gorgeous load of toys
old Santa's ship can bring.

And if, the night ere Christmas dawns,
you wake and rub your eyes,
And peer across the chimney tops
far down the starry skies,
Who knows? You may see Santa's
ship skimming thro' the air,
Just show'ring dolls and skates,

Great Debts Stop Business Machine

Not over-production but the burden of national, state, local and individual debts is the obstacle which must be removed before the industrial and agricultural machines can be thrown into high gear, according to Dr. G. F. Warren, Cornell University, who has achieved a reputation for correct predictions in the past few years.

One way of reducing the total indebtedness in this country, as pointed out by Dr. Warren, is to complete the deflation which has been going on since 1920. Complete deflation will necessitate the sacrifice of prices of properties whose owners are not able to meet their obligations.

The Cornell economist states that the price of such debt burdened properties is reduced enough, however, to come into the market and buy the properties. The removing of such property from the market, where it now creates an atmosphere of uncertainty, will stimulate further sales and construction activities.

Another way to work out of the present economic period, suggested by Dr. Warren, would be to increase the value of gold, but this would involve international co-operation. Reducing the weight of gold in the dollar would permit the setting of any desired price level.

The real remedy to prevent economic conditions such as prevail now is a managed currency, according to Dr. Warren. With such a currency,

its buying power would fluctuate as the average price level of commodities fluctuates. When commodities increased in price, the owner of a dollar would be able to get a proportionately larger amount of gold for his dollar.

Farmers Make Money Selling Own Grain

A farmer-owned and operated co-operative grain association which has been able to handle low-priced grain at a reduced margin, return excellent interest to its stockholders, and a patronage dividend in addition, was pointed out by Oscar Slosser, director, Farmers National Grain Corporation, who addressed members of the extension division at Michigan State College.

The organization used as an example was the Ohio Farmers Grain and Supply Co., with offices at Toledo. This company is affiliated with the national co-operative grain selling agency.

Stockholders in the Ohio company were paid \$6.00 in money and \$100 in stock for every \$100 worth of stock owned in 1931. A patronage dividend of one-half cent per bushel also was paid to those selling through the organization.

This year, Mr. Slosser stated, the company will be able to pay six percent interest on the increased capitalization and a 50 per cent stock dividend. The original owner of \$100 in stock will draw \$18 in money in the

two years and will own \$300 in stock at the end of this year.

This, Mr. Slosser says, is an example of the savings which farmers can make in marketing their own grain. The grain was bought at prices as high or higher than those paid by competing companies and was sold on the open market in competition with all other sales agencies.

Washington's Distinction

George Washington was among the earliest, if not the earliest, breeder of mules. He received two jacks and two jennets from the king of Spain and one jack and two jennets from Lafayette.

CHRISTMAS DAY

It is not definitely known when Christmas was first celebrated. The institution of the festival is attributed to Telesphorus, who flourished in the reign of Antoninus Pius (181-191 A. D.). The reason for the final choice of December 25 cannot now be determined. As Christianity spread, the feast of the winter solstice, over darkness, was changed into the Feast of Christ, the Light of Life.

The Christmas Carols

Are Welcome Everywhere

HERB come the Carols. So it used to be. Young faces pressed against the windowpane, straining to hear the cheerful carols outside. Perhaps it was the story of the Christ child put to rest or a ballad of love and cheer. When the singers were done the householder invited them in for a bite and a sup, or gave them a coin or two for their song.

Then on to the next house, to sing again under the stars or velled behind sifted snow.

An' then in the early morning, home again to their own firesides.

It was a good old custom, this midnight minstrelsy in the season of peace and goodwill. With the beginning of Yuletide, twelve days before Christmas day, as Percival Chubb tells us in the Standard, published in New York by the American Ethical Union, "small bands of musicians went the rounds and, in the mire of on the road or on the steps, played the old ballads as a lyrical prelude to the great day. To some of the antique ballad airs, like 'Gloria King Wenceslaus,' says Mr. Chubb, the singers would add a hymn, line or two—'Once in David's Royal City,' or 'Hark, the Herald Angels Sing.' 'Emulating the bustle of domestic preparation for the coming feast, these ministrations in the still night gave a breath of poetry that touched the spirit of Christmas with an endearing beauty. Day by day the tide of joyous anticipation rose until the crescendo broke into a forte of exuberance."

Those simple days of the folk are gone, says Mr. Chubb, the glory is departed.

But the custom of making the rounds on Christmas eve to sing carols of peace and good will on earth still prevails here and there.—Literary Digest.

Great Yule Feast Given by King Richard in 1399

CHRISTMAS in England, of course, is an old feast day, though the Santa Claus and Christmas tree traditions come to us from another source. William E. Mead's "The English Medieval Feast" (Houghton, Mifflin) quotes from Stow's "Survey of London," an account of the great feast which King Richard gave in Westminster Hall in the year 1399. Just after rebuilding the hall of William Rufus: "A most royal Christmas, with dolly joustings and runnings at tilt, where unto resorted such a number of people that there was every day spent 25 or 26 oxen, and 800 sheep, besides fowl without number; he caused gown for himself to be made of gold, garnished with pearl and precious stones, to the value of 8000 marks; he was guarded by Cheshire men and had about him commonly 15 bishops, besides barons, knights, squires, and others more than needed; insomuch that to the household came every day, to meet 10,000 people, as appeareth by the messes told out from the kitchen to 800 servants."

Saxon Words "Waes Hael," Meaning "Be in Health"

CHRISTMAS fare has always occupied a big part in Yuletide celebration. Our Anglo-Saxon forefathers were excellent trencher-men, and eating and drinking were a necessary part of every gala day. Stuffed hoars heads, peacocks, geese, capons, pheasants, mince pie, plum pudding—these decked the board. The turkey was unknown. That excellent fowl did not enter into the bill of fare until the discovery of the New World. Of course, there was drink aplenty. Punch was the customary wassail bowl. This bowl takes its name from the Saxon words, "waes hael," meaning "be in health." It was a great bowl of punch into which baked apples were thrown to enhance its flavor. Mince pie originated in 1598. It first was made from hutton. The Puritans condemned it as an ungodly dish, and the Quakers would have none of it.

One Way to Keep Warm

Perhaps the best of all possible ways to keep warm during the Yule season is to become employed as the fully outfitted Santa Claus in a basement toy department.

"THREE LITTLE MICE"

According to a report which comes from an authentic source, Mrs. A. E. Johnson has the distinction of leading Chevrolet in the amount of mice to be caught in one trap at one time. Last Saturday night Mrs. Johnson baited a trap with delicious food which she thought would be tempting to the bothersome mice, and hearing the trap spring a few minutes after she set it, discovered to her amazement that three mice were caught in the trap (and she declares they were not the "three blind mice"). We would suggest to the makers of the trap which Mrs. Johnson used that they pay her a handsome sum for a testimonial to be used in their future advertising.

Drama and Sermon
at Methodist Church

On Sunday evening, Christmas night, the special feature will be a drama sermon, combining the visual and the vocal in the reproduction of Channing Pollock's play, "The Fool." The question in the story as to whether one can live the sermon on the Mount and do what Jesus taught is wonderfully portrayed. The trimming of the Christmas tree gives it a Christmas setting and high society is vividly portrayed.

Bring the whole family and answer the question of "where are we going tonight?" by being at the Methodist church.

WATERLOO

The U. B. Square circle held their annual meeting last week Thursday at the Cooper home. A pot luck dinner was served to which the men folks were invited. Work was done on a quilt, and the following officers elected for the next year: Edna Cooper, chairman; Tone Moeckel, secretary.

Honoring the birthdays of Ezra and Ernest Moeckel, which fall on the same day, though six years difference, in their ages, a surprise party, to which the brothers and sisters were invited, was held last Friday evening at the Ezra Moeckel home.

The Even Ready circle will hold their annual Christmas party and grab bag next week Wednesday, with a pot luck dinner at the home of Mr. and Mrs. Alva Beeman. The men folks and children are invited to be our guests. Every member is urged to be present as this is election of officers.

In honor of the birthday of Ed. Cooper, Mesdames Edna and Jane Cooper gave him a neighborhood surprise party last Saturday evening. About 40 were present, and progressive party enjoyed. A delicious scrubs lunch was served.

Mr. and Mrs. Roy Conklin of Jackson, and Mr. and Mrs. Maroney and mother of Chelsea, were Sunday callers of Mr. and Mrs. Floyd Rowe.

George Stemen, eldest son of Mr. and Mrs. Clayton Stemen, of North Waterloo, and Jean Tracy, of Detroit, were married at the parsonage Thursday, Dec. 8, at 3:30. Rev. Highley officiating.

Remember the card party next week Friday night.

PLOW EVERY MONTH

What is believed to be a record for tillers of the soil in this vicinity is reported by Fred Seitz of Lima township. Beginning in November, 1931, Mr. Seitz did plowing on his farm every month for an entire year. This was made possible by the extremely mild winter of the 1931-32 season, and such an accomplishment would very seldom be possible.

Among Sacred Crocodiles

Ten miles from Karachi, India, in the northerly direction, lie several "hot water" sulphur springs among barren hills. The place is called "Machur Pie" ("Machur" is a Hindu name for crocodile, and "Pie" means a Mohammedan place of worship). In a big tank are nearly a hundred crocodiles, which have been there for several centuries. A certain sect of Hindus and Mohammedans worship these crocodiles, and offer them goat meat. The keeper in charge of the tank, who is called "Mujawar," a Mohammedan, visits the tank without being molested by these crocodiles.

Steam Wells

Geyser Creek canyon, about seven miles from San Francisco, has seven steam wells. Lardello, Italy, has several. There are, however, few localities where natural steam wells are possible. Volcanic action must have brought the heated interior of the earth's crust close to the surface, and conditions must be favorable for water to reach the heated rock masses through natural channels. Other such regions are the Valley of Ten Thousand Smokes in Alaska, a region in Japan, one in northern Chile, and one in New Zealand.

Botanical Gardens

It is very likely the Jardin des Plantes, Paris, has the largest collection of living plants. The catalogue of this institution enumerates more than 20,000 species. The garden was founded in 1635 by a physician to Louis XIII, and occupies about 75 acres. Kew gardens, the royal botanical gardens near London, which has its branches in every English colony, is not far behind. The largest in this country are, probably the Missouri Botanical garden, St. Louis, and the New York Botanical garden, the Bronx.

Eastern Women First
to Make Use of Fans?

The history of the fan goes way back into legendary days. The origin of the first screen fan is attributed to China, and the story goes that the daughter of a powerful mandarin accidentally obliterated the fan while attending the Feast of Lanterns. The room being very warm, it is said that she loosened her hair, and while keeping it close to her face, kept moving it to and fro. From this incident, it is related, the screen fan became popular, the court beauties taking to the custom readily.

The first folding fan is said to have come from Japan. The widow of a noble in Kioto while nursing a child in the temple of Mied, aided in the care of an abbot who had fever, by folding a paper and using it as a fan. This was the first folding fan. We are told that to this day the priests in the temple at Kioto are skilled in the manufacture of fans and that there are many shops for the sale of the fans.

Hindu Legend of Souls
in Purgatorial Flight

Two kites fly 1,500 miles each day, according to Hindu belief in south India. The two high fliers are supposed to be two old men, who lived such wicked lives in a previous existence that they have been sent back to earth as birds of prey. The kites are said to dip in the holy waters of Rameswarum, in the extreme south of the peninsula early in the morning. They then start on their laborious journey northward. They halt for a while for a midday meal on a hillside near Madras after flying 450 miles in one hop. The priest of the local temple ceremoniously offers them a meal in the presence of a number of devotees. The kites then resume their onward journey, and the same night reach Benares, the holiest place of pilgrimage for Hindus, 1,500 miles away. They resume their return journey the next day.

New Chevrolets Add Over 85,000 People to Payrolls of Nation

TOP: New 1933 Chevrolet roadster climbing hill at General Motors Proving Ground.

LEFT: New Fisher "No-Draft" Ventilation system illustrating how each passenger may have individually-controlled ventilation instead of being subjected to a sweep of air through the car with resultant discomfort and danger to health.

RIGHT: New rear-end of all closed models screening all unsightly underparts of the car.

Chevrolet's public showing of its new 1933 line means a material spur to national employment and materials consumption—since this company is the largest manufacturer in the largest industry in the world. More than 85,000 people are back at work, 30,000 in the company's twenty domestic factories, 21,000 more in Fisher body plants working exclusively on Chevrolet bodies, and more than 86,000 in dealerships throughout the nation. As many more are indirectly benefited by the announcement, through making their livelihood by building parts for the car which Chevrolet buys from independent suppliers. Chevrolet's 1932 volume totals nearly 400,000 cars and trucks with a retail value in excess of \$200,000,000. This is said to be one of the greatest contributions made by any company this year to the economic welfare of America. In the new line, now on display at all dealers, is a variety of models featuring longer wheelbase, new Fisher "No-Draft" Ventilation and many other features which the company has designed to retain for it the leadership in the industry it has enjoyed for four years out of the past six. Other features included in the new line are more power and speed in the engine, which is newly cushion-mounted; improved free wheeling, plus Synchro-Mesh transmission with Silent Second gear; a new "Steering-Aid" that greatly simplifies starting; such safety elements as shatter-proof glass in the windshield, larger and lower bodies by Fisher, in the new "Air-Stream" model; three fewer controls, with really automatic features in some of those retained; an Organo Selector that insures the highest possible operating efficiency from all grades of gasoline, besides a uniform gasoline cost per mile; dash instruments of airplane type, for instant, easy "reading"; positive brakes; and still easier steering.

With all these, and many more, the price range continues to be mindful of the buyer's pocketbook. It has been found possible to equip the new Chevrolets with many features that used to be confined to cars selling at several times Chevrolet's base price. Since October 1st, trained former employees have been going back to work in Chevrolet's widely distributed manufacturing and assembly plants, with welcome additions to the general purchasing power, made possible by more wage money in circulation. Throughout November, the increase in employment continued to a seasonal peak to the middle of December, when concentrated operations incident to prompt dealer stocking were in full swing. More than twenty million dollars worth of the new cars were in dealers' hands when the national introduction was made.

Surfeit of Both
A depressed-looking member strolled into the grill room of his club around lunch time. The waiter hustled up. "What will you have, sir, some cold shoulder?" "No, thanks," was the reply. "I got that this morning." "Well, then, how about some tongue, sir?" "No, thanks! I'll get that tonight!"—Boston Transcript.

Carrying-Sound of Voice
It is estimated that a man, with a strong voice of ordinary pitch may be heard on still, calm days from a height of 2,500-3,000 feet. The actual height depends greatly on the prevailing distribution of temperature with height. With some distributions of temperature, sounds would not be heard in either direction if the balloonist were, say, at an elevation of only 2,000 feet.

Ques.—I wish to ask in your question department if a candidate for Congress must be a resident of the district in which he is seeking to represent?

Ans.—A representative must be a resident of the state from which he is elected. However, it is customary to elect a man who resides in the district from which he is to be elected.

Ques.—Can you tell me who was King David's mother?

Ans.—We do not know. There is no mention of King David's mother in the Bible.

Ques.—I am curious to know how Hollyhocks got their name, and am wondering if you can tell me?

Ans.—The hollyhocks originated in Palestine, where they grew in abundance. They were discovered there by the Crusaders. The hollyhock belongs to the family of mallows, and the original name for the mallow was "hoo". Hence they were called hoo-hocks, and later, was corrupted into hollyhocks.

Ques.—I have a problem we would like to have you solve for us if you can. A young man married and went to live with his parents. The young couple had two children. The young man's mother died. His wife got a divorce. Then the young man's father married the divorced wife. This marriage produced three children. What relation is he to the children of his living wife?

Ans.—The old man is both father and grandfather to his wife's children.

Ques.—I am told that scientists have discovered that mosquitoes can weep. I will thank you if you will tell me if that is true?

Ans.—We never heard of such a thing as a mosquito weeping. However, we have seen a moth-bill.

Ques.—How did the Japanese brother get started in the United States?

Ans.—In the year 1900 there arrived at Riverport, N. J., a shipment of flower bulbs from Japan. They were stored away in a small warehouse pending ultimate disposal. One day the watchman noticed a lot of bugs flying around inside the warehouse, and he opened the window to allow them to escape. Later these "bugs" proved to be the Japanese beetles as we know them.

Ques.—On what day of the week was the Declaration of Independence signed?

Ans.—The Declaration of Independence was signed at Philadelphia, Pa., on Monday, July 4, 1776.

Ques.—What was the date of the famous John Brown raid on Harper's Ferry?

Ans.—The John Brown raid on Harper's Ferry was made on October 16, 1859.

Ques.—I wish to ask you why tuberculosis is called the "white plague"?

Ans.—Tuberculosis is called the "white plague" because of the great toll of life it takes.

Ques.—How old was the movie star dog, Rin Tin Tin, when he died?

Ans.—Rin Tin Tin was 14 years old when he died.

Ques.—What is the average weekly salary of the movie stars?

Ans.—The average salary paid to movie stars is about \$1,000 a week at the present time. Marie Dressler, Marian Davies, Ruth Chatterton and Wm. Powell receive top salaries of \$3,000 a week, while Ann Dvorak gets \$210 a week.

Ques.—Can a girl marry without her parents' consent before she is 18 years old? If she can, is she eligible to vote then?

Ans.—A girl must be 18 years old before she can marry without her parents' or guardian's consent, but she must be 21 before she can vote whether she is married or not.

Ques.—I would like to ask you if it is true that any hailstones have ever fallen that were as large as average-sized hen's eggs? Your answer will settle an argument.

Ans.—Yes. The largest hailstone on record fell in 1929 in Spain during a storm. The hailstone weighed two pounds and 11 ounces.

Make Christmas Burden, Be Unhappy Rest of Year

It is so customary nowadays to hear disparagement of Christmas as a season of vanity, selfish display, greed and covetousness that we like to point out the other side. Some of our cynics declare that Christmas gifts are themselves dictated by self-interest—that they are merely offered in the hope of a return—with interest—or are an exhibition of vanity. And yet, who would dare to say this of a mother who deprives herself to give happiness to her children—or of the girl who willingly foregoes some little vanity for the pleasure of her parents? People who make Christmas a burden and a tax show the same attitude throughout the year as to laws, and not this holy festival—tune—New Yorker.

Michigan Department of State WEEKLY NEWS BULLETIN

Frank D. Fitzgerald
Secretary of State

Lansing, Mich., Dec. 21.—The time limit for the legal use of 1932 motor vehicle license plates has been extended to February 1, 1933, according to announcement by Secretary of State Frank D. Fitzgerald.

A further extension to March 1, may be made in the future unless there is a decided change in economic conditions, it was announced. Power to extend the time for using license plates is granted the secretary of state under the 1931 law which provides that "The Secretary of State may for good cause extend the time of renewal for not to exceed 60 days from and after the said first day of January."

In 1931 and 1932 the use of the previous year's plates was extended the entire 60 days under the law. This year the decision to extend the legal period for 1932 plates—only 30 days, was influenced by the fact that the state highway department, which receives motor vehicle tax fees, needs the funds for construction projects that will provide employment.

"The highway department has an acute need for all funds due it," Mr. Fitzgerald said. "Any delay in receiving funds will seriously hamper that department. On the other hand, automobile owners have their January tax bills to meet a week after Christmas."

"In order to spread the taxes over a longer period, the time limit for securing new license plates has been extended to Feb. 1. If the next few weeks show that thousands of automobile owners will be unable to purchase 1933 licenses by that date, and will be compelled to stop using their autos on that account, a further extension may be made."

"In the meantime, all automobile owners who are financially able to do so, will be aiding the state and their less fortunate neighbors. If they secure their 1933 plates as soon as possible."

As long as 1932 plates are legal in Michigan, they will be acceptable to Indiana, because Ohio, Illinois, Wisconsin and other nearby states change administration Jan. 1, the policies to be adopted by these states with regard to 1932 Michigan plates, cannot be ascertained.

PLYMOUTH.—When Russell Cunningham, employed at the Wayne County Training school, was driving from Detroit to the school early Monday morning, he went to sleep at the wheel of his automobile. When the car stopped, it was up amid the branches of a couple of trees down on the Plymouth road and Cunningham had to open the door of his car, and climb down the tree to get back on the ground. It is believed that it was the high speed of the car that saved Cunningham from serious injury. The car jumped over an embankment for a distance of nearly 30 feet before it was wedged in the trees.—Mail.

GRASS LAKE.—Hearing a commotion in his chicken coop, Saturday evening, Earl Severance, residing three miles east of the village, took his gun and dog and investigated. He discovered a full grown opossum to be the intruder. With the aid of the dog he cornered and killed the animal which was an unusually large specimen.—News.

MASON.—The price of stray dogs has dropped from \$5 to \$2.50 since Monday. On that date the supervisors decreed that hereafter county dog wardens would be allowed only half as much for apprehending, killing and burying stray dogs as formerly. The office of dog warden is one of the "paymaster" jobs of any official of the county, it is contended as justification for the cut imposed.—News.

CHRISTMAS CARDS

I had almost a hundred cards,
At Christmas time last year,
And everyone was filled with hope,
And wishes of good cheer.

On front page of my diary,
I've listed them all down,
Their city, street and number, yes,
Their crossroad, state and town.

Why do you this a friend asked me?
This friend, her name was there,
Why? I replied, it seems so sweet
To mention them in prayer.

O don't you know all on this list
Have sorrow and have care,
And when I talk with Jesus, I
Just mention them in prayer.

I cannot take each one by name,
At least, not always so,
But lay my hand upon the list
And lift them up you know.

My Saviour knows them all by name,
Their sorrows and their grief,
This is my Prayer List, Lord I say,
Please send each one relief.

He knows, my Saviour knows them all
They sometimes pray for me,
And through their sympathizing prayer,
I have a Victory.

COMMUNITY PAGEANT

The annual community pageant, directed by James Doll, formerly of Chelsea, will be given Wednesday and Thursday, Dec. 21 and 22 at eight o'clock at Saint Andrew's Episcopal church, located at the corner of Division and Catherine streets. Ann Arbor. Among the numerous plays which Mr. Doll has directed during his several years experience in the theatre are Shakespeare's "As You Like It" and "Twelfth Night" for the Lake Charlevoix Dramatic Camp as well as productions for the Sandusky Civic Players, the Detroit Repertory Theatre and University organizations.

The pageant, called "The Coventry Mystery Play of the company of Skarmen and Tailors," consists of special music by a vested choir of 50 voices and seven episodes following a prologue: 1. The Annunciation Scene. 2. The Nativity Scene. 3. The Shepherd's Scene. 4. The Meeting of the Three Kings. 5. The Herod Scene. 6. The Adoration of the Three Kings. 7. The Flight into Egypt. The costumes from Fra Angelico and other early Renaissance painters and beautiful lighting effects are features of the production.

Will Sing Carols

Saturday Night

The Congregational and Methodist Sunday schools held a unique service in their respective churches last Sunday morning when the children of the schools were presented with candles. St. Paul's church will present candles to their children at the Christmas exercises on Friday evening. These candles are to be lighted and placed in the windows on Christmas Eve.

The young people of the Congregational church will go out singing Christmas carols on Saturday evening at seven o'clock, stopping to sing wherever there is a lighted candle in the window. A special carol will be sung for the little folks who have their small candles lighted. Any child who wishes to have the carolers sing for them may place a lighted candle in the window.

Smallest Planet

The Naval observatory says that the smallest of the major planets is Mercury; diameter about 3,000 miles. Of the minor planets, or asteroids, some are so small that it is impossible to measure their diameters. It is estimated that the smallest are less than 10 miles in diameter.

CHEVROLET PRESENTS A NEW SIX

Longer • Larger • Faster • Smoother • New in
Styling • More Economical • And Featuring
Fisher No-Draft Ventilation

THIS is Chevrolet Week throughout America. And the new car that millions have been watching and waiting for—the latest product of the world's leading builder of automobiles—is now on display: the New Chevrolet Six—at a new scale of low prices. Front, side, rear—inside, outside—everything about this new car is advanced, improved, exciting. Longer wheelbase makes it the biggest automobile in today's low-price field. The latest principle of car design, "Aer-Stream" styling, gives it a totally different, ultra-modern appearance. The new Fisher bodies are larger, wider—faultlessly streamlined—swung lower to the road—and offer the first basic improvement in travel comfort in over ten years: Fisher No-Draft Ventilation. Chevrolet performance in every gear is faster, flashier, more brilliant. The time-proved six-cylinder

engine is more powerful as well as more economical. Improved Free Wheeling is combined with a "silent second" Syncro-Mesh gear-shift. Chevrolet engineers have developed a remarkable new invention that wins a complete victory over vibration: The Cushion-Balanced Engine Mounting. And as far as prices are concerned, several models now sell at the lowest figures in Chevrolet history. Chevrolet is able to do all this because Chevrolet has the advantage of being the world's largest builder of cars for 4 out of the past 6 years. Chevrolet builds cars in greater volume—buys materials in greater quantities—does everything on a bigger, more economical scale. Hence, Chevrolet is in a position to provide a better car at a better price than could possibly issue from any other source. The leader can accomplish what others dare not try!

CHRISTMAS CAROL

The bells awake on Christmas Day,
The same old story they do say.
Around about the world they fling,
The carol that we gladly sing.
What is this carol on the earth,
That sounds around the home and
hearth?
It is about the Savior's birth,
And peace to all men here on earth.
Winifred Palmer.

MY CHRISTMAS

It was on Xmas eve,
When Santa Claus was coming;
He brought us many many gifts,
And went away a running.
As soon as morning came,
I woke up in a hurry;
For standing by the tree,
Was something big and furry.
'Twas a big Teddy Bear,
With eyes that shone so bright;
My sister came to look at it,
And ran away with fright.
Gertrude Hale.

CHRISTMAS TREE

We love the dear old Christmas tree,
We think it is just right,
All gaily trimmed with tinsel ball,
And lights that shine so bright.
All heaped around it are the toys,
Old Santa has left them there,
For all the good little girls and boys,
That try to do their share.

Then we gather all around,
And sing the carols sweet,
And all the happy voices sound,
Of peace on earth, good will to men.
David Steiner.

We would like to thank these sixth graders for their contributions. We hope you'll not forget us in the future.

Ye Ol' Snooper's Column

Before we get down to the business of this week may I wish you a very Merry Christmas and the happiest kind of a New Year.

The most important event to follow on the footstep of Christmas is a dance given by the seniors the 26th. The "Mountaineers" are to furnish the music for either popular or old time dancing. Even if you don't dance this famous orchestra is worth seeing.

"The Toreador" is an operetta to be given by a group of students, Jan. 14, under the direction of Mr. Vander Ven.

Have we the right school spirit? Let's all turn out and go to the basketball game between Chelsea and Stockbridge, Dec. 17. Let's give our team a little support and see them win.

I'll be seeing you next year—
Until 1933.

Ye Ol' Snooper.

The Operetta

The activities of the Elementary grades culminated Friday in the successful presentation of their operetta, "The Magi's Gift." It was a beautiful and colorful Christmas story. Its scenes are laid in the Middle Ages. Here tradition has it that once a year at Christmas time, one of the Three Wise Men appears again on earth wearing his scarlet robe and jeweled crown, and walks up and down the highway giving gifts of gold and a heavenly blessing to all who chance to meet him. The story relates of a little girl, Elsbeth, who is a firm believer in the legend. She has been kidnapped and her fortune absconded by the innkeeper, who poses as her uncle. In the last act her brother, a famous Crusader, comes to the inn and exposes the plot. So Elsbeth receives the Magi's gift of gold. The effect of the story was greatly heightened by the exquisite and colorful costumes worn by all who participated. Before the operetta several selections were rendered by the kindergarten rhythm band. They were all dressed in attractive red and white band suits and were directed by a member of their own class. This novelty, as well as the whole operetta was thoroughly enjoyed by the spectators. Miss Wilson and her assistants are to be congratulated upon their successful training of our 210 Elementary grade children.

The human brain is a wonderful thing. It starts working as soon as we wake up in the morning and never stops till we get to school.

"One man in New York dies every minute."
"Yeah! I'd like to meet him."

Student Slips

A young girl at the dance Saturday night was heard to remark to a boy who was dancing with her: "Say, just because I walk on my feet, is no sign you have to—is it?"

"Bud: "These modern women are too modest. They've forgotten how to blush." "Talk about mortified, why you should have seen my face when I was two days out."

The only thing a two-faced person can't see is himself.

Arbor were Sunday dinner guests of their parents, Mr. and Mrs. Herman Rothman.

Mrs. Emma Sieglis spent Sunday with her sister, Mrs. Laura Barber.

Elementary Grades Present Program

Christmas festivities started in Chelsea on Friday evening when a capacity audience filled the high school gymnasium for the presentation of the Elementary school's Christmas program.

The first number was the kindergarten Rhythm Band. The children were dressed in white with red capes and caps. They played several selections and the instruments were triangles, cymbals, tambourines and drums.

The Magi's Gift, an operetta for the Yuletide in two acts, was the outstanding feature of the evening. The scene of the story was in Medieval England on Christmas Eve and Christmas Day. The cast of characters was well chosen and they played their parts in an excellent manner.

The choruses of the Carol Singers, Christmas Trees, Peasants and Skaters were very good. The final scene was very impressive. It was a tableau of the Shepherds and the Wise Men kneeling in homage to the infant Jesus and Mary, while the 200 children in the production passed in review. Special scenery was rented for the occasion.

The operetta was under the direction of Miss Dorothy Wilson, supervisor of music, who is to be congratulated upon the excellence of the production. She was assisted by the teachers of the Elementary school. Miss Midele Wenk was the accompanist. The costuming was under the direction of Miss Florence Yager.

Kindergarten.
The kindergarten pupils wish to announce that the kindergarten band played at the Elementary Christmas party that was held in the gymnasium Wednesday afternoon. Popcorn, candy and candy bars were served.

And, Oh, Yes, Santa Claus was there too. No Christmas party is complete without Santa Claus you know.

First Grade.
You really know it's Christmas when you step into the first grade room. There is a drawing of a Christmas tree all laden with gifts on the blackboard, and the sand table, how cleverly it is fixed. Of course, one couldn't begin to describe it to you. You would have to see it yourself.

Every little boy and girl is doing his best, for you know, Christmas is coming and that means Santa Claus, too. We are speaking our deepest sympathy for Miss Billoire and Mrs. Scott, who are ill.

Mr. Thompson, Mr. Cross and Miss Billoire, who have been ill recently, are now back to school again as industrious as ever.

Christmas.
Once more we find Christmas, the most looked-forward-to day of the year, creeping upon us. For the younger it means no more than goodies, a lot of fun, and presents. It should mean a great deal more than that to us. For after all, Christmas is really a time of good-cheer, friendliness, and "giving." Especially this year let's not play the part of "Scrooge" but play the role of Santa Claus to those less fortunate than ourselves. If you happen to be one of the less fortunate, don't forget a "Merry Christmas" to your neighbor won't cost anything.

Assembly Held Friday.
Last Friday the freshmen had charge of the assembly period. The assembly was opened by a selection from the Bible by Wilhelmina Gottschling, president of the freshmen class. The speaker for the occasion was well chosen, I am certain, for we had the distinction of having with us Mrs. Dickema, who spoke on the Netherlands. She gave us a very glowing account of her audience that she had, with Queen Wilhelmina, which was greatly enjoyed by everyone. Mrs. Dickema has consented to come again in the near future and to tell us about some of the other interesting places she has visited.

The Seniors wish to announce that the following parents have consented to act as sponsors and chaperones for the Christmas "Mountaineers" dance: Mr. and Mrs. Floyd Allhouse, Mr. and Mrs. Geo. Goodell, Mr. and Mrs. A. G. Hindeburg, Mr. and Mrs. Geo. Staffan.

Sailor's Holiday.
The nautical phrase "sailor's holiday" means Thursday. The afternoon of this day is devoted to the making and mending of clothes, and is practically a holiday, when the ship's company can occupy themselves as they please.

Celtic Cross.
A cross which has a circle where the arms cross the upright in the Irish or Celtic cross—that is, it is a Latin cross with a circular wheel surrounding the center, probably to suggest a halo of glory. Many of these crosses in Ireland have been traced back to the tenth century.

Let us be happy!

THIS has been a hard year for all of us—a year of many disappointments and discouragements.

But now Christmas is almost here.

Happiness is in the air.

Let us focus our eyes on that guiding star which led the Wise Men to a poor abode, and in the warmth of its glow rekindle in ourselves the genial flame of charity. Let us crowd out of our hearts all fear, all foolish foreboding of disasters that may (but probably will not) come to us and those we love.

Let us, for the day at least, forget the things that worry us. In their places let us substitute thoughts of the many things for which we may be thankful.

Let us forgive our enemies and lean more heavily upon the staff of friendship. Thus each of us will become a center of happiness and able to spread that cheer which is at the heart of Christmas observance.

Let us be happy!

It is in this spirit that we send you this greeting for a Merry Christmas and the wish that all of us may carry much of the spirit and blessings of the day into every other day of the year. Thus shall we draw nearer to the fulfillment of the ideal typified by Christmas.
