Local Businessman Dies of Heart Attack at Home Here Sun.

Edward Vogel, life-long resident of Chelsea and for many years one of its most prominent merchants, died early Sunday morning, March 6, of a heart attack at his home, 215 Congdon street. He had been in failing health for several months.

Mr. Vogel was the son of Frederick and Anna Maria (Kira) Vogel and was born in Chelsea, May 19, 1866. Practically his entire life had been spent in the mercantile business. Starting as a clerk in the department store of Mack and Schmid, Ann Arbor, and in the year 1896 he entered the employ of H. S. Holmes, Chelsea, and in 1900 became a partner with Mr. Holmes. Later Dallas H. Wurster became a member of the firm and in 1905 it was reorganized as a corporation under the name of the H. S. Holmes Mercantile Co., Inc.

In 1914 it was changed to a partnership of Vogel & Wurster. Mr. Vogel was senior director of the Kempf Commercial and Savings Bank, with which he had been associated since its reorganization in 1898.

June 6, 1894, he was united in marriage to Miss Margaret B. Gates, who survives him. He also leaves two daughters, Mrs. Elton E. Wieman of Ann Arbor, and Miss Helen E. Vogel at home; a brother, Albert F. Vogel, and two grandchildren, Robert and Helen Wieman of Ann Arbor.

Mr. Vogel will be greatly missed in the community where by his courteous and helpfulness he won a large circle of friends. Funeral services, conducted by Rev. Albert A. Schoen of Dexter, former pastor of St. Paul's church, were held at the residence Tuesday afternoon at 2:00 o'clock. Interment was in Oak Grove cemetery.

Cement Plant Will Reopen on March 20

An extremely bright spot upon the local industrial horizon is the fact that the state-owned cement plant will begin operations on Monday, March 20, according to reports which, although unofficial, are considered to come from a reliable source.

Daily newspapers carried Associated Press dispatches from Lansing last Thursday evening stating that B. J. Abbott, secretary of the state administrative board, announced that the cement plant would be opened in the near future. Mr. Abbott was said to have stated that bids which the state had received for 23,600 barrels of cement were about 50c per barrel higher than the manufacturing cost at the Chelsea plant.

According to information which has been received locally it is planned to employ mostly free labor when operations are resumed at the plant, although this point has not been definitely decided upon at the present time.

Trojans Defeat Polish Falcons

On Friday, March 3, an inspired Chelsea team defeated the Polish Falcons in one of the best games ever witnessed on the Jackson court. So bitterly fought was the play that a five minute overtime period was required to determine the victor.

Before the game the most rabid Trojan supporters hesitated to predict their final success. Consequently the fine team work, the sparkling consistency of the offense and the staunch defense of the local boys came as a delicious shock to the group of Chelsea people present.

This week the Trojans are entered in the Tri-County tournament at Clinton, and at this writing have advanced to the semi-finals, defeating Tecumseh in the initial game, 27-10 and overcoming Milan in the second round, 34-20.

Playing the semi-finals last evening the Trojans easily defeated Brooklyn, 49-27. Hudson copped from Dundee in an overtime period. In the finals Hudson won from the locals in an exciting and hard fought game, 34-36.

1932BANK DEPOSITORS
GET LITTLE AIDVault Key Governor Turned Locks Up
Funds of the State.

By Elton R. Eaton.
Lansing, Mich., Mar. 8.—The battle lines in Lansing are now forming. As the people of the state sink deeper and deeper into the mire of business stagnation, special interests tramp up and down the halls of the capitol watching with eagle eye every move on the part of the legislature, watching to see that the interests of the special interests are thoroughly protected.

Among the outstanding of this group are the real estate promoters and a certain group of public benefactors who are still under the impression that there is easy money to be had or that there is a day coming again when the common herd can be plucked.

Many senators and representatives are sincere in their efforts to do something towards relieving the distress of the people, not only sincere but almost desperate in their anxiety to take some action immediately that might give some help to the farmer, to the working man and the business men of the various villages and cities of Michigan.

But there is another group typified by Senator Moore of Pontiac whose first and only object apparently is the protection of the interests of the real estate speculator.

For over a week past while bank depositors of Michigan and the retailers of the various communities of the state have pleaded in desperation for some sort of legislative action that might hold some ray of hope in the plight Michigan finds itself as the result of the Governor's banking holiday, a certain senatorial group has done little but keep an eye on the proposed legislation that would take from delinquent real estate all taxation for the next few years. The portion of this delinquent real estate tax Senator Moore and his supporters are interested in is represented by the platted lots around Pontiac and Detroit that real estate speculators have taken back from the little home buyer.

Senator Moore proposes that the taxpayers of the state at large shall carry the tax burden on these lots for the next few years, that when the depression is over and these same real estate speculators who have held these lots without cost to themselves during these years, the buyer of these lots shall again pay the taxes.

One representative in the house, where the Moore bill will meet its real test, points out that Senator Moore and the other supporters of this real estate measure, have been exceedingly careful to cover up the fact that a very great portion of the delinquent tax is on real estate that the owners have been unable to keep up their mortgage and contract payments on. They have defaulted on their taxes because they first had to default on their contract or mortgage interest payments. An exceedingly small part of the delinquent tax is on farm or homes that the buyer would be able to keep.

A printed chart showing the delinquent taxes by counties has been distributed in the senate but there is nothing on it to show the number of acres or lots on which payment and interest default had been made previous to the failure to meet the tax payments. Real estate speculators, says one representative, will be asked in the house, why this information has not been provided.

The salvation of the people of Michigan interested enough in their government to pay their taxes will lie in the fight that Representative Vernon Brown is planning to name in the house of representatives of the Moore bill. He is preparing to go to the finish in his fight on the land speculator's scheme to evade payment of taxes on his lands, providing the bill ever reaches the floor of the house.

When Governor Comstock turned the time lock on the bank vaults of Michigan, Feb. 11, he apparently thought it would be an easy matter to open them at any time. He has found out differently. He has appealed to the United States senators in Washington, to the comptroller of currency, to every one for aid in turning the trick that he would like to perform. But there is no aid, and securely locked in the banks of Michigan are practically the entire financial resources of the state. Not only locked in the

banks of the state is the money of the people, but down in the banks of Detroit is a good share of the money of the out-state banks where it had been placed for safe-keeping. The utter dismay expressed by officialdom when it discovered that this money was to be regarded as deposited money in Detroit and apportioned out under some sort of a plan to the depositors of the Detroit banks has not been abated. The attitude on the part of Detroit bankers in this matter has done more to create hard feelings on the part of the outstate than anything that has happened in years, say officials.

Senator Orr has put a bill in the senate which would prevent holders of insurance policies from securing their full cash loan or surrender value on their insurance if conditions demanded that they needed this money. The bill is an insurance company measure that seeks to conserve for the insurance companies their cash reserves.

It was an interesting series of events that transpired last Thursday in the senate. The supreme court on the previous day had decided that the order issued by Auditor General Staek to prevent the sale of delinquent tax lands this year was illegal. Its opinion was one of the longest ever made by the supreme court. On Thursday afternoon appeared Judge Emerson Boyles asking the supreme court for a mandamus to compel the auditor general to comply with the court's decision. It was about the middle of the afternoon when Senator Moore and several other senators came out of the supreme court. As they entered the senate chamber there was a heated debate raging over the salaries to be paid circuit judges as well as supreme judges. Senator Doyle of the Upper Peninsula strongly supported the payment of the present salary schedule to these officials. He declared that no judge had approached him in any way made any suggestion about the salary question. Senator Gardner of Charlotte was strong in his declaration that the salaries of the judges should be cut, that the same good judges could be secured to serve the state for less pay. Immediately Senator Moore and others who had been out of the room made a determined effort to stop the debate. Senator Gardner persisted in pressing his argument. Finally Senator Moore left his seat and walked over to Senator Gardner and whispered something to him. Immediately two or three senators moved for adjournment or recess, and the senate debate about cutting the salaries of judges ended abruptly as the senate recessed. The court has withheld issuance of the writ requested by Judge Boyles.

COUNCIL PROCEEDINGS
Council Rooms, Feb. 20, 1938.
Council met in regular session.
Meeting called to order by President McKune.
Roll Call—Present Trustees: Har- dnamy expressed by officialdom when it discovered that this money was to be regarded as deposited money in Detroit and apportioned out under some sort of a plan to the depositors of the Detroit banks has not been abated. The attitude on the part of Detroit bankers in this matter has done more to create hard feelings on the part of the outstate than anything that has happened in years, say officials.

Senior Trip Club Now Organized

For the purpose of making financially possible a year-end trip, a trip club has been formed of those seniors who are interested in such an end. At present, 30 of the 35 seniors have joined this club.

The first meeting of this new organization was held last Tuesday. The purpose of the meeting was to elect officers. The following seniors were elected: Eldine Hawley, president; Earl Lehman, vice-president; Bob Allhouse, treasurer, and May Buss, secretary.

The proposition originally made to the senior class that it take over all ticket sales, has been presented to, and accepted by this club.

Morning

Stars, by now, have gone to rest,
The moon is setting in the west,
Birds are chirping of joy and peace
In the morning.

The sun was rising in the east,
Birds, flowers, insects, and beasts
Awoke from their slumber deep
For it was morning.

The breezes blow softly among
Branches held
Who were stretching their arms to
meet the gold.

Of the rising sun who greeted the
world
In the morning.
Birds were hopping about in the trees
The wind was blowing a soft warm
breeze.

To wake the world from slumbers
deep
In the morning.

First Grade
Did you know that the first graders had gone Dutch? Well, they have. They have Dutch posters in various parts of the room. They are just finishing their Elson Primers and are about to start another new reader, Birthday Parties. The first graders had a grand birthday party Monday afternoon, given by Marie Getty. It was his seventh birthday. Delightful refreshments were served to all of his young classmates.

Fourth Grade
Long division! Long division! That is the great problem in fourth grade arithmetic right now. They had an "elimination" contest last week, in which each one tried out for the place of captain on one of four teams. Those receiving highest score were Margaret Harper, Ralph Dangle, Doris Ashfal and Earl Myers, who will become captains of the four teams. During the week these captains will coach their teams in long division preparation for the tournament which will be held on Friday, Mar. 10. Everyone is working hard. Watch for the results!

In geography they are studying the Dutch Elder Farmers. In art the Dutch windmills. In music the Dutch Folk Song. In connection with it all they are reading "Hans Brinker," the Dutch Boy of Holland.

The fifth grade have just finished their study of Admiral Byrd and his trip to the South Polar Regions. In connection with this work they have made transportation books showing the old and new methods of transportation. They have also been studying the lives of some prominent inventors and have written their biographies.

The following names are on the spelling honor roll this week: Rutes Hart, Mary Jane Hammiller, Joan Walworth, Billy John, Lorraine Weaver, June Wilkinson, Anas Binger, Maynard Gesterle and Ruth Vals.

The Inquiring Reporter

Question—"What is your idea of senior privileges?"

The following seniors were interviewed Tuesday by Bud Gude:

Verna Adams—"Seniors should have no more privileges than the other students. Did you ever hear of the old saying, 'Obey your parents'? Underclassmen should obey the seniors and the seniors should obey the teachers."

Betty Wise—"After chewing on her for a minute or so, Betty came to a special conclusion: 'There should be a special room for seniors where they could spend their study periods.'"

Ron Hutzel—"We want the underclassmen must carry out the will of the seniors."

Luella Huston—"I don't see why the seniors should have any more privileges than anyone else."

Wayne Wiseman—"The seniors should have unlimited privileges."

Melvin Loney—"I think that the seniors should have the privileges to whatever they want to, whenever they want to and wherever they want to."

Editorial

"Three cents will buy one postage stamp, a little more than a pint of gasoline, or 45 minutes of instruction for a pupil in English, algebra, geometry, chemistry, Latin, history, or any other high school subject; also laboratory periods and supervised study, in the Chelsea High School, according to L. P. Vogel, president of the Board of Education, in answer to the question: 'How do the schools of Chelsea use the taxpayers' pennies?'"

Included in the three cents are all the expenses of operating the average high school class for one class period. This small amount pays for college trained teachers, for keeping the room clean and warm, for maps, dictionaries, encyclopedias, text books, chemicals, and other necessary supplies.

"Taxpayers' pennies buy like dirt when they purchase education," remarked President Vogel. "Where else could you obtain so much for three cents as in our high schools each week and nine months in the year as at the local high school? If it were necessary to purchase this education from private sources, it would be impossible to get 45 minutes of instruction for three cents. Education would cost many times this amount if it were a private business for profit rather than a co-operative activity of a democratic society."

Directing attention to drastic reductions that have been made in the costs of education throughout the state, Mr. Vogel stated that tax levies for school purposes have been reduced more rapidly than for other governmental units. "A recent tax survey," he said, "reveals that the total 1932-33 general property tax throughout the state is reduced 14.8 per cent from the previous year, while a study of school costs in 200 cities and villages, made by the State Department of Public Instruction, shows that the 1931-32 average school tax levy in these communities has been reduced approximately one-fifth (19.3 per cent) as compared with the previous year. Had the other governmental units reduced the amount levied from general property at the same rate as did the public schools the total reduction would have been \$49,055,841 instead of \$37,501,921. The reduction in school tax in Chelsea for this year is 26.4 per cent."

Our records show that the average cost at the present time for educating each child in the public schools of Chelsea is \$40 per year, exclusive of debt service and capital outlay. With the state average in 1930-31 being \$39.13 per child for all school operating costs, we feel that the public schools have done their share in cutting school expenditures.

What the Alumni Are Doing

One of our star members seems to like Chelsea all pretty well. A month ago he accepted a job as assistant janitor, which position he is still occupying. This chap is no other than Robert Postor.

We are wondering what that 1932 graduate, who is now a banker, is doing. What, with all those bank holidays, the job is more of a snap than we would think it to be. What's up, Mr. Donald Adam?

"Helen Schwenfuth is the domestic person who is now doing housework in Detroit. Is this preparation? We are asking you."

We have been wondering what our old pal, Dean Potts, is doing, now that he is a resident of Grand Rapids. It seems that his work at Jewelers while in Chelsea has been of great assistance to him. He attends school in the morning and repairs watches during his spare time.

It is to our understanding that Eldene Weinberg doesn't like working at a gas station very well, as does Paul Ellsworth, for he is again back at the job of milkman. Just a family trait I guess.

Did you know that Lyle Henschel, who was a school teacher? He has been substituting for his sister as teacher during her few days illness.

Another domestic person is Thelma Vail, who has been assisting in housework at the Dreyer home.

Mary Jean Winans seems to have had enough of vacation for she is going back to school the latter part of this month.

Ye Ol' Snooper's Scoop

Greetings—	5	4	3	2
How I am once more on the job, together by affirmation or negation. (Not that I mind at all). After post.				

ing into the future I find there are several interesting events creeping up on us.

Say! How would you like to earn \$10,000 in cash for 24 hours? (In this depression who doesn't need cash?)—If you come to see "Nothing But the Truth," you can see some lucky man who is offered the above sum for just telling the truth for 24 hours.

The Seniors have been having and shall continue to have basketball games with the other classes. Last night they played the Juniors and were defeated 17 to 12. Better luck to you Seniors.

The officers for the Sigma Epsilon were elected at the last meeting: President, Andros Gude; vice-president, Roger Hinders; secretary, Anna Grau and curator, Donald Rank. The club has adopted a constitution and it won't be long before this club will be one of the leading ones of G. H. S.

Plays, Plays and Plays—From now on there are to be plays to be given by all four classes in the high school. The first is Mar. 16. Other dates will be announced later.

Until next week when we'll all be wearing green.

Ye Ol' Snooper

A post sent an editor a contribution entitled, "Why Do I Live?" The editor answered, "Because you send your contribution by mail instead of bringing it."

Stop Getting Up Nights

Physic the Bladder With Juniper Oil

Drive out the impurities and excess acids that cause irritation, burning and frequent desire. Juniper oil is pleasant to take in the form of BUKETS, the bladder physic, also containing buchu leaves, etc. Works on the bladder similar to castor oil on the bowels. Got a 25c box from any drug store. After four days if not relieved of "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. J. V. Burg, druggist, says BUKETS is best seller.

"Vanishing American" Feature, M. E. Church

The special feature, Sunday night, at the Methodist church will be a very interesting illustrated lecture, depicting "The Vanishing American" and taken from Zane Grey's story of the Indian with emphasis upon the religious life of the red man. Seventy colored slides will be shown and they are simply wonderful pictures of actual scenes in American life. As an educational feature alone it is worthy the attention of all the young people of the community. A beautiful love drama is interwoven that proves to be very interesting and inspiring. You will see the first wild man of the forest in his native haunts, likewise the removal of an ancient race that another race might remain.

MY WIFE'S ER' COMIN' HOME TODAY

Wer' ye ever kind' lonesom', down-hearted like an' blue,
As tho' everything yer looker' at seemed somehow all askew;
Yer don't feel mad at no one, nor sick, nor sufferin' pain,
But the way I feel these last few days I somehow can't explain.
I haven't had a quarrel with any one for years,
I've tried to shoulder burdens and sharin' folk's tears;
It's bright with sunshine overhead, the sky is blue an' clear,
I wonder why I feel this way, it seems, it seems so queer.

Now this's the way I figer out the kind of fix I'm in,
My wife, a month or so ago, went off a visitin';
I may be right, perhaps I'm wrong, but be that as it may,
My Heaven seems just a head of me, she's comin' home today;
An' if there is a Heaven on earth, a fellow knows it when,
His wife has been for a week away an' gets back home again.
—Arthur Carlton.

This Woman Lost 64 Pounds of Fat

Mrs. M. Pelce of Woodside, I. L. writes: "A year ago I weighed 190 lbs. I started to take Kruschen and now I weigh 126 and never felt better in my life and what's more, I look more like 20 yrs. old than the mother of 2 children, one of 19 and the other 18. My friends say it's marvelous the way I reduced."
To lose fat SAFELY and HARMLESSLY, take a half-teaspoonful of Kruschen in a glass of hot water in the morning before breakfast—don't miss a morning—a bottle lasts 4 weeks, costs but a trifle—but don't take chances on your health. Kruschen is so joyfully satisfied after the first bottle—money back.

NOTICE!

To the Voters and Taxpayers of the Village of Chelsea:

The Committee of the People's Party wish to call your attention to a few things for you to consider before the coming Village election, viz:

That the Committee of this party one year ago made some promises providing their representatives were elected. All of these promises were carried out as fully as possible consistent with the times, viz:

Both the valuations and the tax rate were lowered to a point that looked like possibly the Council would have a hard time keeping within the limits.

A small reduction was secured from the Washtenaw Gas Co. with a further promise that as soon as they could possibly do so a further reduction would be made.

A reasonable reduction was made in the Electric Light rates, as soon as the figures were out to work with, which means a saving to the users of approximately \$2,000.00 per year based on last years consumption.

A program of economy has been carried out, and instead of running behind for the period, the records show that the cash balance is considerably larger than when the statement was made a year ago, and we wish to refer you to the Treasurer's statement just published.

Our representatives plan to still carry out a program of economy and if control is given them, they firmly believe that further reductions can be made either in taxes or electric light rates, and in addition will use every effort to secure from the Consumers Power Company a reduction, and if this is secured they can immediately give the users the full benefit of this reduction.

The Council is working on a budget basis and have reports made at least once each month of the financial condition, and the financial officer has checked all books and statements.

Our representatives have planned some improvements which will undoubtedly be carried out, as soon as the funds are available and the weather will permit.

Return the entire People's Party to carry on for another year, and we promise a good, sound, reasonable and economical program for the ensuing year.

—COMMITTEE.

FOR THE DOUBTERS

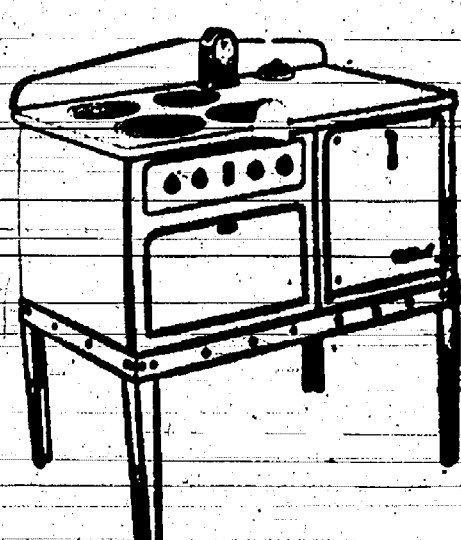

Three of the chief objections we meet in selling electric ranges are:

- (1) They are too slow.
- (2) They cost too much.
- (3) They are too expensive to operate.

However, it is amusing to observe that the people who say the most against the electric range are usually the people who have never used one. It seems we are always most down on the things we are least up on.

When Fulton first tried out his steamboat, skeptics, scoffers, and merely curious people lined the river banks. "He'll never get it started," they all agreed. "He'll never get it started!"

And then when the boat did start, they all ran excitedly along the banks, exclaiming: "He'll never get it stopped! He'll never get it stopped!"—and the rest we know about!

"The Conquerors" to Re-Inspire America
To those who are down-hearted, who have lost faith in the economic stability of the United States, an inspiring document of hope will make its appearance on the screen of the Princess Theatre, Sunday and Monday, March 12-13.

The picture is RKO-Radio's "The Conquerors," a magnificent, entertaining document of America's travail in bitter times and sweet.

The film demonstrates dramatically the greatness of America. It proves, through the spectacle of entertainment, that the United States has hurdled heretofore, and can still hurdle, all obstacles in its path to prosperity.

Portrayed by Richard Dix and Ann Harding, this pair of typical Americans, with tenacious faith in the greatness of their country and better in its institutions, rise triumphant from the panicky days of 1873, again in 1893, and finally in 1929.
