Electricity

one of the CHEAPEST Good Things in America

We appreciate the way the electric and water users have responded in paying their electric and water past due bills. Still there were quite a number that did not pay and they have until the 20th of this month, and we are quite sure they will pay before that date. We have one of the best electric and water plants in the state of Michigan—let's keep it that way!

Ball League Opening Postponed One Week

As a result of the heavy rainfall which commenced Sunday, opening of the Chelsea Twilight Ball League season has been postponed one week, the first game now being scheduled for next Monday evening, May 8.

The three games which were scheduled for this week will be played as postponed games and will be played in their regular order on Friday evenings. The game between the Harper and Spaulding teams, which was scheduled for the opening on Monday, will be played Friday evening, May 12.

There will be no change in the elaborate ceremonies planned for the opening game of the season, according to Dr. L. J. Paul, league president. The American Legion Junior Band will furnish music for the occasion. J. M. McKune, village president, will deliver the first ball from the pitcher's mound and the league president will be stationed back of the batter to receive what is promised by Mr. McKune to be a very fast-breaking curve.

Twelve will oppose Harpers in the opening game. On Tuesday, St. Paul's and Congregationals will play, and on Thursday the contest will be between the Spauldings and Federal Barons. All games will start promptly at 8:30, at Holmes field.

While no admission will be charged at the games this season, it has been announced by the management that at the opening game free will offerings will be taken in an effort to collect sufficient funds to pay for new bases which have been purchased, and for other necessary incidental expenses. It is believed by league officials that many fans will welcome the opportunity of helping to defray some of these minor expenses.

Players are requested to meet at the field tonight and tomorrow night, at 8:30, to assist in completion of work on the diamond.

New Train Schedule Alters Mail Service

A new schedule of mail trains passing through Chelsea went into effect Monday, May 1. The changes are mostly confined to the morning trains, the afternoon trains being practically the same as before.

Train No. 5, which formerly arrived at 6:30 A. M., now comes at 10:00 A. M. There are only two trains daily carrying Parcel Post—one east bound at 9:00 A. M. and a west bound at 10:00 A. M.

Train No. 45, arriving in Chelsea at 11:51 P. M., west bound, leaves at first-class mail, possible.

Following is the new schedule: Time of Arrival—Eastern Standard Time.

Train No. 17—West Bound, 8:55 A. M. (No Monday Mail)
Train No. 46—East Bound, 9:01 A. M.
Train No. 5—West Bound, 10:00 A. M.
Train No. 44—East Bound, 9:00 P. M.
Train No. 28—West Bound, 4:00 P. M.
Train No. 10—East Bound, 3:48 P. M. (Does not leave mail)

Train No. 45—West Bound, 11:51 P. M.
All outgoing mails are due to close 30 minutes before train time, except trains Nos. 10 and 45, which close at 4:10 P. M., as the Postoffice closes at 8:30.

P. P. A. MEETS

The Parent-Teacher Association of District No. 7, held their final meeting on Friday evening at the home of Mr. and Mrs. Clarence F. Dietle. The evening was spent in playing progressive hearts with 10 tables in play. Mrs. Simon Weber and George Hinderer were awarded high honors and Helen Pritchard and Loren Hinderer, consolation. A pot-luck supper was served. The P. T. A. then adjourned to meet in September at the home of Mr. and Mrs. Fred Wellhoff.

ATTEND CONVENTION

The following members of Chelsea Temple, No. 117, Pythian Sisters, attended the annual convention of District No. 8, held Thursday, April 27, at Pythian Hall, Ann Arbor: Mesdames Ethel Haselkorn, Helen Kilmner, Neva Paulsen, May Lulek, Amy Gentner, Martha Weinmann, Ida Gundersen, Hazel Smith, Mae Staddon, Stella McManus and Joie Johnson. The memorial work was exemplified by the Chelsea Temple. The 1934 convention will be held in Jackson.

HEAVY RAINS HERE

Although this locality escaped serious damage as a result of the heavy rains and hail which accompanied the storm Sunday evening, it is reported that a number of windows were broken by hailstones. It is also reported that the heavy rains washed fields to such an extent that a portion of the oat crop will be a total loss.

LOAN TIME EXTENDED

Work has been received by R. S. Oaker, county agricultural agent, that the time for making application for crop production loans has been extended to May 15, and that such applications may be filed at his office in the court house, Ann Arbor.

Board of Education Makes Big Slash In Next Year's Budget

Cuts 20 Per Cent From Cost of Operation for School Year 1933-34

The Tax Limitation Act recently passed by the Michigan Legislature and commonly called the "Allocation Bill" requires that all local governments and school districts shall submit their 1933-34 budgets to the County Tax Commission on or before May 1st.

In compliance with this law the Board of Education of Chelsea Public School has submitted a greatly reduced budget.

The 15-Mill Tax Limitation Amendment, passed by the voters in November, 1932, separates school costs into two parts, namely, cost of debt service and cost of operating the schools. Chelsea's debt service is relatively small. Two thousand dollars are paid annually in bonds. Payments on the principal and interest for the year 1933-34 will amount to \$3000.00. The cost of operating the schools for the current year will be about \$28,000. The budget which has been submitted to the County Tax Commission for 1933-34 cuts 20 per cent from this figure and calls for \$22,500 for operation next year.

Although the law requires that budgets be made at this time of year, there are several reasons why a Board of Education is placed in a difficult position by this requirement. The Tax Commission has the power to limit the amount of the tax levy on property and may reduce the budget by cutting the rate so low that the income will be less than the proposed expenditures. Again, there is a possibility that the tax levy as set by the Tax Commission may not be approved by the people at the Annual School Meeting in July. Moreover, there is no way to predict the amount of tax delinquency that will prevail next year.

On top of all this, nobody knows at the present time how much State Aid the schools will receive. A bill now before the Legislature provides for an appropriation of \$25,000,000 for additions to the Primary Fund, but nobody knows when this bill will become a law or how the money to cover this appropriation will be raised.

In the face of these uncertainties the Chelsea Board of Education, believing that the people look with favor upon all possible economy within reason, have made a budget that calls for a radical cut in operating cost, hoping that by taking this conservative attitude, the people of the community and the State Aid combined will provide an income sufficient to meet the proposed cost.

Weed out the book case, the library will take what you don't want.

Road Construction Held Up Temporarily

Three members of the Kiwanis club road committee, accompanied by members of the county road commission, were in Lansing last Thursday to confer with Grover C. Dillman, state highway commissioner, regarding possibility of commencing construction work on the proposed federal aid highway north of Chelsea.

According to information obtained from the conference with Mr. Dillman, the state stands ready to start the work at once, but due to the fact that the federal government has temporarily withdrawn all road-building aid to states it will be impossible to start the project until funds are released from Washington.

Mr. Dillman stated that his department is making the final survey on the route which has been chosen for the new highway, and that he will do everything in his power to start the work before he retires from office on July 1st.

Members of the local committee who attended the conference are P. C. Schable, J. L. Fletcher and E. E. Storms.

County Tax Commission Meets For Organization

The newly appointed Washtenaw county tax commission, created by House Bill No. 40, the property tax limitation act, held a meeting Monday at the county building in Ann Arbor, electing as their chairman L. O. Cushing of the county board of auditors, with Ezra C. Shoecraft as vice-chairman and Owen J. Cleary of Ypsilanti as secretary.

Other members of the commission are Miss Corn L. Hays, county school commissioner and Frank H. Plesner, county treasurer. The commission will pass on the budget of school districts, cities, villages and townships and see that the 15-mill limitation is followed.

A questionnaire form will be used by Miss Hays to obtain the desired information from the 144 school districts and the rural school commissions or was authorized to prepare a similar questionnaire for the villages, cities and townships.

These reports must be in the hands of the commission before their next meeting, which will be held Tuesday, May 16. According to the property limitation act, the commission must make its investigations by June 1.

Inflation Favored By Rep. J. C. Lehr

Washington, D. C.—Inflation of the currency will help Michigan farmers, Congressman J. C. Lehr believes. In discussing President Roosevelt's program for inflation of the currency and revaluation of the gold content of the dollar, which is up for discussion in the Senate, Congressman Lehr stated that in his opinion this plan will prove of even greater benefit to the farmer than the adoption of the agricultural relief bill itself, to which it is attached.

"It means higher prices for crops," Lehr explained. "That this is no idle dream is best proved by the fact that the price of grain has already materially advanced on the market. Dear money always works to the farmer's disadvantage. As a matter of fact, it works a great hardship to every debtor, and that is and has been largely the real cause of our economic troubles."

"The program of the administration is to take the control of our currency out of the hands of the international bankers and keep it in the hands of the federal government, where it justly belongs under the constitution."

GIVE A BOOK WEEK

The Chelsea public library is sponsoring a Give a Book Week, May 8-13, inclusive. The library is choosing this method of securing additional books and funds to increase its services. Not only books suitable for circulation would be appreciated, but also discarded books and old text books which would be converted into funds for new books and current expenses. Recalling the loyal support of the public in the past enterprise the library committee urges your fullest co-operation. Books may be left at the library during the regular library hours or at Schnodder & Kusterer's store any time during the week. The committee will also collect books at homes if notified. Please call one of the following if you desire collection: Mrs. A. Richards, Mrs. L. G. Palmer, Mrs. P. G. Schable, Mrs. W. R. Daniels.

CELEBRATE ANNIVERSARY

Mr. and Mrs. A. G. Hindelang, who celebrated their 26th wedding anniversary on Sunday, were honor guests at a dinner given by their daughter, Mrs. Allan H. Paton, at her home in Ann Arbor. Several relatives were present. The table was attractively decorated in pink and white and centered with a large cake illuminated with 26 candles.

Lansing, Mich., May 3.—The sale of automobiles in Michigan has shown a steady gain each week for the past six weeks, according to records of the Department of State.

More new and used automobiles changed hands last week than during any week since June 1, 1932, while registrations of new automobiles alone were more than 250 per day. For the week ending July 2, 1932 a total of 8,505 were reported sold. But the

next week the sale dropped to 1,318 cars. From that date there was a steady decline in sales until the week of November 12 when but 317 new cars were registered. From that date the demand continued to increase weekly until the week ending February 11, 1933, the last week before Michigan's bank holiday was declared. During that week 1,020 new cars were sold while the next week the sales dropped to 865.

After this setback, the number of new car sales again has continued to gain steadily so that during the week ending April 22, 1933, the total sales were 11,413. For the first four days last week 1,032 new cars were registered, so that last week will continue the steady increase. Automobile dealers inform the department that a greater percentage of new automobiles are being bought for cash than for many years.

The sale of used automobiles is more seasonal than new cars. In June, July and August, 1932, registrations of sales of used cars by the Department varied from 4,500 to 6,500 per week. During October the registrations dropped to approximately 3,500 a week and reached a low of slightly over 2,000 a week during November and December. After Jan. 1, 1933 the demand for used automobiles increased to around 3,800 a week and with the exception of two weeks at the start of the bank holiday, has grown steadily. For the week ending April 22, a total of 9,186 used cars were registered while for the first four days last week the used car registrations were 6,106.

SALES TAX BILL
MAIN SUBJECTAs End of Session Nears An Effort
Is Made to Clear Docket

By Elton R. Eaton

Lansing, Mich.—With the time for final adjournment of the legislature fixed for May 20, there is a rush to dispose of the many hundreds of bills that have been introduced as well as pass some sort of a sales tax bill that will provide the state with additional revenue that Governor Comstock says he must have. As indicated in the legislative letter of last week, the sales tax bill would be the chief legislative subject for the next two or three weeks.

There seems to be a general sentiment that a retail sales tax of 3 per cent has more favor in the house and senate than any other plan, but there is plenty of opposition to this tax. It passes the tax burden of the state right back onto the hands of those that have found it impossible to carry—the little fellow. Most anything he might purchase under this proposal, would be taxed.

The small town merchant cannot afford to carry the sales tax burden and he must pass it along. Just naturally the buyer is the one who must pay.

There is an exceedingly wide variety of ideas in the legislature on the sales tax question and the various sales tax bills are in for plenty of mauling before they get very far.

The lower house of the legislature went down into the sewer the other day and passed a bill permitting dog races in the state. Fortunately for the good name of Michigan there were some 35 or 40 members of the house who opposed the measure. Any number of members tried to dodge a vote on the issue, but escape was not easy. Many who voted for it were ashamed of their vote but thought it necessary to do so in order to get some support for some legislation they were personally interested in. The bill now in the senate is doomed for defeat in the upper house. If present sentiment should change, and the bill be passed, Governor Comstock has announced that he will veto it.

Michigan taxpayers are asked in a bill that has just made its appearance in the house to provide a pension of not more than \$9 a week to any needy person above the age of 65 years. A Detroit representative would have the state collect the money for this purpose and supervise its payment.

Another one of Representative Vernon J. Brown's economy bills, introduced in conjunction with Representative Hartman, has found its way successfully through the legislature. The measure provides the legislature with power to fix the salary of the commissioner of public safety.

The notorious "beer" bill that has been buffeted about legislative chambers for weeks and weeks has finally been made into law. Legislative observers declare that the future of the prohibition question in Michigan lies entirely upon the success of this measure. Instances of house and senate members gave the cities and villages of Michigan outside of Wayne county some control over the permits to be issued and the regulation of the business. As originally planned local communities would have nothing to do with it. Permits must first have the approval of village or city councils and commissions. The tax goes entirely to the state and it is estimated that it will bring between \$2,000,000 and \$2,500,000 of revenue into the state treasury. The tax is \$1.25 per barrel and a barrel is 31 gallons. As originally framed the bill did not permit restaurants with counters to serve beer, but this was changed so that beer can be served over these counters. There can be no free lunches and customers must sit at tables in public places to drink beer. No drinks can be given away. Counties have the right to vote local option on beer if they care to do so, petitions bearing 20 per cent of the names of electors being required for a vote of the people. Candy stores, drug and confectionery stores cannot sell beer. State officials announce that they are going to see to it that the bootlegger is put out of business now that Michigan has legalized the sale of beer.

While the Michigan legislature is advancing a bill toward the governor's office which has for its object the complete discontinuance of the Chelsea cement plant where Michigan for a number of years employed prisoners to make cement for road building, the state of Illinois has under consideration a plan to start up a cement plant. When the Chelsea plant was taken over a number of years ago it was because of the fact that cement companies combined to regulate prices as well as output. It was just at the beginning of the state's extensive road building program. So the officials in Lansing decided to end the combine by making its own cement. This they did and for years the price of cement was held down. During the Green-Brucker administration agitation was started to get rid of the cement plant. It was finally closed down and now the state legislature proposes to get rid of it altogether. Information from Illinois is to the effect that that state is facing the same cement problem that Michigan did

when it took over the manufacture of cement.

If delinquent taxes are paid by July 1 of the present year, there will be no penalties, interests or additional sums of any kind to pay. The Governor having signed the bill which makes this provision for the delinquent taxpayer. The law does not apply to city taxes.

A bill has been introduced in the state legislature to abolish the tax commission, a branch of the state government held by many to be responsible for a large percent of the taxpayers' troubles. Advocates of the bill insist that the state can get along without the commission much better than it can with it. Not only is the abolishment of the commission urged because of its alleged uselessness, but because of the economy that would result to the state.

Members of the state legislature during the past few days have been studying over the payroll of the University of Michigan. Copies of it have been provided each member. One member stated that he doubted if there was any manufacturing company or public utility organization in Michigan that had as many \$10,000 salaries men as the University. The University has many on its payroll who draw considerably more than \$10,000 per year.

Even the boys and girls of Michigan will have to pay taxes if a bill introduced during the past few days becomes a law. The house has a measure in one of the committees which provides a tax on ice cream sodas, pop and all other soft drinks.

State regulation of retail milk prices would be possible if a bill introduced by Rep. Paul Teachout of Flint should be passed. The measure provides a three-man commission to control the milk business. The measure has not yet been considered in committee.

Bills provided for unemployment insurance have been presented in both the house and senate. Both measures require employers to set aside a certain per cent of their total payroll for the insurance fund.

Thousands of trout fishermen appeared on the streams the opening day without licenses, the state having been unable to get them printed and issued in time so that trout fishermen could get them. This was due to legislative delay in passing the rod license bill. The measure went back and forth from the house to the senate and the senate to the house, and even its final passage in the senate was delayed for hours by argument. Many opposed the bill because it requires everyone who fishes in Michigan to get a license, the fee being fixed at 50 cents. The measure finally passed, but the conservation department had necessarily been forced to hold up the printing of the new permits until it knew just what the legislature was going to do. It was Thursday before the bill reached the governor's office, leaving only two days for the department to print and distribute the fishing permits. Trout fishermen have paid \$1.75 for trout licenses. The amount was raised from \$1.00 to the larger figure during the Brucker administration when it was a popular thing to raise taxes and license fees of all kinds. Some members of the legislature wanted to return the trout license fee back to a dollar and not charge every fisherman a license fee. But advocates of the general fishing license of 50 cents won out, even though it did compel trout fishermen to visit the streams without the license the state was unable to provide in time.

THE BIRTH OF A NEW NATION

Comes Sunday at the **MICHIGAN** Ann Arbor

Are a Woman's Afternoons for 30 Years Worth \$150?

Not so many years ago, the national answer to this question would have been an unqualified "no". But the electric appliance trade has been teaching more and more millions of individuals to answer "yes" and to demonstrate their conviction by the purchase of more and more electric aids. Now comes the electric range. The first cost is admittedly greater than that of most other forms of cookery upon which women have had to depend. But what of it? The initial cost of an electric refrigerator is many times that of an ice box but more than a million domestic units were sold last year. An electric iron costs more than a lump of metal fashioned into a sad iron but more than 20,000,000 homes iron electrically. A washer is much more costly as an original investment than a washtub and scrub board. But many millions of washers are in use!

The Anti-Sludge Motor Oil

New ease for motors, greater economy, is latest achievement of Standard Oil lubrication engineers

In the longest, hardest, hottest driving—a longer-lasting oil—the most economical fine lubrication you can buy today. Try it!

New Low Price!

Complete Refill \$1.25 with Iso-Vis "D"—only (Plus Tax) Chevrolet, Ford or Essex

A distinct new aid to motor performance is ready for you today... the first non-sludging motor oil... Iso-Vis "D."

This perfected lubricant is the result of a totally new process in oil refining—the Chlorox Extraction Process, developed by the Standard Oil Company (Indiana). And before it was put on the market, Iso-Vis "D" was subjected to more than 1,250,000 miles of day-by-day driving, in 51 different types of motor vehicles.

These tests left no room for doubt. Iso-Vis "D" has something! Something new. Something above and beyond its fine lubricating qualities and its greater durability. Here, at last, is a motor oil that does not sludge, even

Other cars in proportion, according to crankcase capacity: Iso-Vis "D," per quart, 25c (plus tax)

Drain off old oil—refill with fresh anti-sludge Iso-Vis "D." Trained Servicemen will do it quickly, expertly, at any Standard Oil Station. You'll be on your way in 5 SHORT MINUTES with a safer, sweeter-running motor.

Question And Answer Dept.

Ques.—I am curious to know why people say "God bless you" when one sneezes. Will you kindly answer this question soon as possible?

Ans.—Sneezing has been the subject of superstition since time immemorial—among almost all people. Among the ancient Greeks it was customary to say words equivalent to "Zeus bless you," and the Romans prayed for the calamity to be averted indicated by the omen of sneezing. There are several accounts of plagues and pestilences which were caused by a disease in which a sneeze was said to be a sure sign, and this is regarded as the origin of the custom.

Ques.—Was a negro's name ever offered in nomination for President at either the national Republican or national Democratic conventions. Or was there over a negro that presided at either of these conventions?

Ans.—No negro's name has ever been placed in nomination at either of the Republican or Democratic national conventions. However, John R. Lynch, a negro, who served three terms as a Republican member of Congress from Mississippi was temporary chairman of the Republican convention which met in Chicago in 1884 and nominated James G. Blaine for president.

Ques.—Are there any dragons in the ocean that spout fire? I have read about them doing that.

Ans.—Dr. William Beebe, noted deep-sea explorer of New York, led a scientific search for these strange sea monsters in the Atlantic depths that are supposed to spout fire. He found creatures that answer all the descriptions of medieval dragons, but they do not spout fire. However, they shoot a luminous substance out of their mouths like squids shoot their ink, but it is not fire—only resembling fire.

Ques.—I want to ask in your good paper if everybody born in the United States is a citizen of this country?

Ans.—Yes. Except children born of parents that are representing foreign governments. Even if a person born of foreign parents while they were visiting here could claim citizenship by virtue of birth if he remained in the country.

Ques.—Where is Will Rogers' home, and what is his religion? Where was he educated?

Ans.—Will Rogers, the famous actor and humorist, is a native of Missouri. He is not affiliated with any religion. He was educated at Will Rogers School at Newburg, Mo. He also attended the Kemper Military Academy at Booneville, Mo., for a short time.

Ques.—What was the date of our George Washington's death, and what did he die from?

Ans.—George Washington died on Dec. 14, 1799. After a horseback ride for several hours through rain and snow on Dec. 12, he contracted acute laryngitis. He was bled heavily four times in combating the attack, but his strength ebbed away rapidly.

Ques.—Will you please answer how the Ozark mountains got that name?

Ans.—"Aux Arce" is the name the French applied to a band of Indians that inhabited the region of Arkansas. "Aux Arce" is pronounced "Ozark," and thus the mountains were so named.

Ques.—To settle an argument we would like to have you tell us the plural of "madam." Can you answer this week?

Ans.—"Mesdames" is the plural of "madam" when it is used as a title or an address. Used otherwise, "madams" is the correct plural. Therefore the word "madam" has two plurals.

Ques.—Notice in many places where dates are given in legal matter the letters "A. D." are used. Will you please tell me what those letters mean?

Ans.—Those initials mean "In the year of our Lord." They are the initials of the Latin words Anno Domini.

Ques.—I notice in many places where dates are given in legal matter the letters "A. D." are used. Will you please tell me what those letters mean?

Ans.—Those initials mean "In the year of our Lord." They are the initials of the Latin words Anno Domini.

NORTH LAKE

In honor of Mothers' Day, the Ladies Aid society will serve a buffet supper at the church house on Friday night, May 12. Following the supper there will be a program in the church auditorium with special music and a lecture appropriate for the occasion, given by Webster Powers, superintendent of public instruction. Everybody is invited. It will be well worth while to come and hear Mr. Powers.

BROOKLYN—Thirteen-year old Neal Choate of Brooklyn had a rather terrifying experience last Saturday which he feels should serve as a warning to other young people. On his way home from liberty he was accosted by two men in a Ford coupe and invited to ride. After accepting the invitation he became alarmed at their appearance and actions, and when in reply to a question he was told they would never get to Brooklyn, he decided the time was ripe for action. Although they tried to hold him, he succeeded in getting the coupe door open, and jumped out on the pavement. Somewhat bruised and thoroughly jarred and excited, he did not think to look for the license number, but managed to get over the fence and make his way home. Repentant.

Roll Call—Yeas: All.
Motion carried.

Motion made by Hummel and supported by Turnbull that notice be here by given, to all non-subscribers to the Village Fire Truck, that the sum of \$50.00 is to be charged by the Village for all trips into the country outside the Village in response to calls for assistance, property owners should authorize call.

Roll Call—Yeas: All.
Motion carried.

Motion made and carried to adjourn.

C. O. Bahnmiller, Clerk.
J. E. McKune, President.

MILAN.—Although contracts for the construction of the Monroe port call for work to start not later than April 1, indications were that it would probably be April 15 before either of the contract holders would arrive. April 15 marks the opening of lake navigation and it is thought unlikely that either the R. C. Huffman Company of Cleveland or the Constructa Materials Company of Chicago will try to send their dredges through without maritime insurance available upon the opening of navigation.

Railroad Jack Speaks At St. Mary's School

Railroad Jack, memory expert, was in Chelsea last Wednesday afternoon and gave a talk at St. Mary's school. Following is his statement regarding the visit:

On this, the twenty-sixth day of April, 1938, I wish to go on record in regard to my most pleasant visit at St. Mary's school, Chelsea, Michigan. I feel, in a measure, that to me, at least, this has been a red-letter day.

The students of the above mentioned school certainly gave me a variety of names not exceeded by the students of any other school, either public or parochial. During my demonstration, I attempted to prove that it is not only possible, not only probable, but actually true that we are able to draw out lessons from the names suggested by the student body.

You know where the poet has well said, "God moves in a mysterious way, His wonders to perform. He plants His footsteps in the sea and rides upon the storm." In my particular case it seems true that under the name "Railroad Jack," living as I do, visiting schools from time to time, I feel that God is behind me and my efforts to prove the advice given by Solomon many years ago, namely, "With all thy getting, get knowledge, for knowledge is power," is as good advice today as it was when given many, many years ago.

In leaving Chelsea I shall ever remember the courtesies I received at the hands of Sister Cletus and her worthy assistants together with the thought now in my mind in regard to what Father Van Dyke said to me over the phone Tuesday evening when he intimated that it would be lovely for the children and Sisters to hear me, Railroad Jack, the following day.

Well, children, good-bye, good luck, and I hope that you have enjoyed my visit among you as much as I surely did.

Signed: Railroad Jack.

P. S.—The above story, so-called, was dictated to the members of the shorthand class as a sample of what the class is doing as a result of two years of commercial work, and it is the first time in forty years that I have ever dictated a letter to a class of this nature.

STOCKBRIDGE—An honor seldom accorded to a community has been extended to the village of Stockbridge, inasmuch as Don Ostrander has received an appointment to enter West Point Military Academy. One other appointment was received in this locality about 30 years ago when Clyde Gildart, son of Mr. and Mrs. W. H. Gildart received the same honor. Brief-Sun.

ROGERS CORNERS SCHOOL

The April month closed the 28th with 97.7 per cent attendance.

The following were neither absent nor tardy for the month: Marilyn Beuerle, Esther Brueckner, Gladys and Marian Buss, Virginia Cherry, Margaret Feldkamp, Loren Koenigster, Jackie Niehaus, Kenneth Niehaus, Grace and Mabel Pate, Ellsworth Schenk and Doris Schneider.

Those who are on the Honor Roll are: Marilyn Beuerle, Esther Boelter, Irma and Esther Brueckner, Marian Buss, Margaret Feldkamp, Theodore Brueckner, Irene Mayer, Jackie and Kenneth Niehaus and Mabel Pate.

The following pupils are representatives from our school to the May Festival at Ann Arbor, May 28, at 8:00 o'clock at Hill Auditorium: Dancers—Grace Pate and Esther Brueckner; Singers—Mabel and Grace Pate, Esther and Theodore Brueckner, Kenneth Niehaus and Theodore Mauch.

In our contest, the Iroquois are two points ahead of the Delawares.

Our Field meet at Manchester will be held May 12. We are all going to participate in the events. We will list the event winner with our last report. School closes May 26.

TACHEZ CLUB

The Tachez club was entertained at the home of Mrs. Margaret Forner on Monday evening. Four tables of "500" were in play. Prizes were awarded to Miss Wilamena Burg and Mrs. Zita Hafner. Refreshments were served.

MASON—Last Friday night at just the time for the lights to be turned on in Dansville there were no lights in the city, except from the corner south from Chas. Broadhead's. Consumers Power were notified and after looking for the trouble all night it was not found until morning. The strong wind had blown a piece of an elm limb onto three wires just north of Swan's corners, thus producing a carbonized effect and therefore shortening the circuit.—County News.

MORTGAGE FORECLOSURE
NOTICE

By a certain Indenture of Mortgage bearing date the 6th day of March, A. D. 1923, Anna W. Munger, a married woman duly mortgaged unto Edith V. Kuster and Clara V. Kuster, or the survivor of them, a certain place or parcel of land situated and being in the City of Ypsilanti, County of Washtenaw and State of Michigan, and described as follows, to-wit:

Beginning at a point on the north line of lot number eleven (11), in block number seven (7) of Normal Park Addition to the City of Ypsilanti, fifty feet from the east line of said lot number eleven (11); thence southerly on a line parallel with Oakwood Avenue to the north line of lot number nine (9) in block number seven (7) in said addition; thence westerly along the north line of said lot number nine (9) in block seven (7) in said addition, fifty feet; thence northerly on a line parallel with Oakwood Avenue to the north line of said lot number eleven (11); thence easterly along the north line of said lot number eleven (11), to the place of beginning.

Said mortgage was duly recorded in the office of the Registrar of Deeds of Washtenaw County, Michigan, on the 9th day of March, A. D. 1923, in Liber 156 of Mortgages on page 88. Default having occurred in the performance of said mortgage, the amount claimed to be due at the date of this notice for principal, interest, unpaid taxes and attorney fees, is the sum of \$3,733.88. No suit at law has been instituted to collect this amount. By reason of the aforesaid default, the surviving mortgagee hereby gives notice that said mortgage will be foreclosed by a sale of the mortgaged premises at Public Auction or Vendue to the highest bidder to satisfy the aforesaid amount still unpaid on said mortgage.

Said sale will be held at Public Auction at the South outer door of the Court House in the City of Ann Arbor in said County of Washtenaw and State of Michigan, on the 29th day of July, A. D. 1933, at ten o'clock in the forenoon, Eastern Standard Time. Said Court House being the place of holding the Circuit Court within said County of Washtenaw.

Dated this 21st day of April, A. D. 1933.

NOTICE IN CHANCERY

State of Michigan, the Circuit Court for the County of Washtenaw, in Chancery.

Louis J. Marlow and Eleanor D. Marlow, his wife, Plaintiffs.

vs.
James McKean and Elizabeth McKean, his wife; Thomas Keal; Thos. Keal, Charles G. Stoll, Charles Stoll, Albert B. Bird, James B. Bird, Daniel Allmendinger, David Allmendinger, Charles Rominger and C. Rominger, and their unknown heirs, devisees, legatees and assigns, Defendants.

AT A SESSION OF SAID COURT held at the Courthouse in the City of Ann Arbor, Michigan, on this 6th day of April, A. D. 1933.

PRESENT: Honorable George W. Sample, Circuit Judge.

IN THIS CAUSE, it appearing by the bill of complaint duly verified, presented and filed to the satisfaction of the court that James McKean and Elizabeth McKean, his wife, Thomas Keal, Thos. Keal, Charles G. Stoll, Charles Stoll, Albert B. Bird, James B. Bird, Daniel Allmendinger, David Allmendinger, Charles Rominger and C. Rominger, and their unknown heirs, devisees, legatees and assigns, are necessary and the proper parties to the above entitled cause and are interested in the subject matter involved therein, and whose names appear in the office of the Registrar of Deeds for the County of Washtenaw as having at some time claimed a right, title and interest or estate in the subject matter of said cause, or some portion thereof, or as having a lien, or charge thereon without having conveyed or released the same, and who might at any time, under the provisions or legal effect of such instruments of record claim or attempt to claim or be entitled to claim benefits thereunder and it further appearing to the satisfaction of the court that said above named parties are dead or their whereabouts unknown to these plaintiffs and after diligent search and inquiry they have been unable to ascertain the same or where any of them or their heirs, assigns and successors reside, or whether such interest as they may or might have therein has been disposed of by will or otherwise, and that such defendants cannot be personally served with process: Therefore, on motion of Burke & Burke, attorneys for said plaintiffs, it is ORDERED that the appearance of the defendants and each and all of them be entered in this cause within three months from the date of this order and that in case of their appearance they cause their answer to the bill of complaint to be filed and a copy thereof served on the attorneys for plaintiffs within fifteen days after service upon them or their attorneys of a copy of said bill of complaint, and that in default thereof said bill be taken as confessed by each of said defendants, and it is further ORDERED that said plaintiffs cause a copy of this order to be published in The Chelsea Standard, within forty days from this date, a newspaper printed and published in said County of Washtenaw and circulated therein and that such publication be continued therein once in each

week for six successive weeks, or that said plaintiffs cause a copy of this order to be personally served upon said defendants and upon each of them at least twenty days before the time prescribed for their appearance.

GEORGE W. SAMPLE,
Circuit Judge.

Countersigned:
Luella M. Smith, Deputy Clerk.

TO SAID DEFENDANTS:

Take notice that the above entitled cause involves the title to the following described premises situate and being in the City of Ann Arbor, Washtenaw County, Michigan, and is brought in said Circuit Court for the County of Washtenaw in Chancery for the purpose of quieting title to said described premises, to-wit:

"Lot number twenty-one, Periwinkle Park Subdivision in the City of Ann Arbor, according to the recorded plat."

D. 1930, executed by Thomas Stanfield and Anna Stanfield, his wife, of the Township of Lyndon, County of Washtenaw, and State of Michigan, to Raymond Ready of the Township of Waterloo, County of Jackson, and State of Michigan, which said mortgage was duly recorded in the office of the Registrar of Deeds of the County of Washtenaw in Liber 191 of Mortgages, on page 100, at 10:10 o'clock A. M. on February 11th, 1930.

AND WHEREAS, by the terms of said mortgage it is provided that in case default be made in payment of any installment of principal or of interest, taxes, assessments or insurance or any part thereof on any day whereon the same is made payable, and should the same remain due and unpaid for the space of thirty days thereafter, the principal sum of said mortgage, together with all interest, taxes, assessments and insurance paid, shall at the option of the mortgagee become and be due and payable forthwith, and default having been made in the payment of the interest and taxes provided in said mortgage, which default has continued for more than thirty days, the said mortgagee doth hereby exercise its option to declare the principal sum of said mortgage and all arrears of interest and taxes due and payable.

AND WHEREAS, the amount claimed to be due on said mortgage at the date of this notice is the sum of \$750 principal, and interest of \$143.68, and taxes in the sum of \$65.26, and the further sum of thirty-five dollars as an attorney fee stipulated for in said mortgage and the whole amount claimed to be unpaid on said mortgage is the sum of \$963.89, and no suit or proceeding having been instituted at law to recover the debt now remaining secured by said mortgage or any part thereof, whereby the power of sale contained in said mortgage has become operative.

NOW THEREFORE, notice is hereby given that by virtue of the said power of sale, and in pursuance of the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises there-in described, at public auction, to the highest bidder, at the south front door of the Court House in the City of Ann Arbor, in said County of Washtenaw, on the 21st day of July, A. D. 1933, in the forenoon of that day; which said premises are described in said mortgage as all that certain piece or parcel of land situate and being in the Township of Lyndon, County of Washtenaw and State of Michigan, to-wit:

"The east part of the northwest fractional quarter of section number twenty-eight (28) containing seventy-seven acres of land, more or less, according to the Government survey; Also the south thirty acres of land off the west half of the southwest quarter of section number twenty-one (21); and twelve (12) acres in the southwest corner of the northeast quarter of said section number twenty-eight, being all there is in said corner south and west of the Turnpike road across said corner, making one hundred nineteen (119) acres of land in said Township of Lyndon, Town one south, Range three east, same land described in Liber 145 of Deeds on page 104, Washtenaw Records."

Geo. S. Davis Writes Letter From Texas

Another interesting letter was received from Geo. S. Davis by local friends, recently. Mr. Davis is residing at the home of his daughter in Amarillo, Texas, and many interesting facts about that country are related in his letter. The letter, in part, follows:

Amarillo, Texas,
315 N. Moore St.

We had the first rain storm last night that has fallen here since my arrival, and it is a Godsend. The cherry trees are in bloom, but the peaches are dead, so far as the crop is concerned, and apples are never grown here. The shade trees in this locality are almost a total failure. The Elm and Tree of Paradise are about the only ones that can be grown successfully and they require considerable water, as also does the lawn, but garden crops and small fruits can be grown if given a good watering once a week.

The sand storms here have ruined the prospects for a wheat crop. This crop is one of the principal ones grown in this immediate vicinity, at least in the immediate vicinity. There are no townships in this state the same as in Michigan. Other than village and city taxes, all taxes are paid to the county treasurer, and they also collect a poll tax up to the age of 45. I think, which if not paid does not allow one to vote at any election, either state, county or city, and it is \$1.75. To gain a residence in the state a person has to reside in the state one year.

Monday, in company with one of my daughters and her family, we drove to Hanford, where we called on Mr. and Mrs. H. W. Cunningham, who were former residents of Chelsea, and after visiting them for something they suggested that we all go to Burger. This town is in the midst of the oil and natural gas fields and it is certainly worth while to visit the town. In the alleys, back of the stores, and many of the homes are many wells and there are several large refineries in the vicinity. The pay rolls amount to \$1,000,000 per month and the banks in the town are all closed so that the laborers either have to go to Panhandle or Amarillo for their cash.

The large oil companies have now expanded their plants, and cottage camps of about four-room capacity, for their employees, and most of them are painted white and the grounds are also well kept up. One industry in Burger is several large cotton plants. The buildings are all low and the cars are made by using natural gas flames. The buildings are steel lined and the heat from the burning gas

gathers on the plates and when it is off the right thickness the blaze is shut off and men go in and sweep the walls down and it is put in sacks, about the size of a cement sack and weighs 10 pounds. This carbon is shipped in carload lots to the tire manufacturers and other rubber concerns. Gasoline on the local market, at filling stations, sells at 11 cents per gallon.

In making the drive, Sunday, we passed through a ranch containing 107,500 acres and on the edge of it there are many oil wells that have made millions for the family of the deceased owner, who is said to have won the land in a poker game, by the residents here. The original owner died about one year ago and his family still have the ranches well covered with livestock and reside on the property. This ranch is called a medium sized one, as many in the state contain over 200,000 acres.

It is hard for me to get around and use crutches some of the time.

GEO. S. DAVIS.

MILAN—With the arrival of the big black wagon from the office of the United States Marshal in Detroit with twenty-four prisoners last Friday, the Federal Prison in Milan became a place of frantic action and after a day or two of confusion, the institution has become one of well regulated routine. The first consignment of prisoners were transferred from the Detroit House of Correction. About seventy-five prisoners have taken up their permanent residence in

the prison, for a few months at least, and it is expected that by the end of the week about one hundred and fifty will be housed in the big building at the edge of town and the United States Government will become the largest employer of labor in the community.—Leader.

Do You Know That-- Norge Electrical Refrigeration:

Costs no more to own and less to operate. That it has no connecting rod, piston or valves to cause you trouble (merely a rollerator.) That in 1932 one hundred thousand women chose NORGE because it is more beautiful, and their husbands sanctioned their prudence because it is a mechanical marvel.

In Chicago---

A COMPARATIVE TEST OF THE FOUR LEADING MAKES OF ELECTRIC REFRIGERATORS WAS MADE BY NON-PARTISAN EXPERTS. This test showed by actual charts and graphs—electrically operated and absolutely accurate—the vast superiority of Rollator Refrigeration.

Starting with box temperature of 92 degrees in a room with 120 degrees temperature, NORGE, in two hours brought the temperature inside the box from 92 degrees to 50 degrees. NORGE produced solid ice cubes in all trays in the least time.

In a room preheated to 120 degrees, all refrigerators stood with doors wide open until their interior temperature was in each case an even 92 degrees Fahrenheit. Instruments, thermometers and gauges were attached to each—the doors were closed and the current was turned on—

ACTUAL RECORDS OF THESE TESTS—Time required to reduce temperature of food compartment from 92 deg. to 50 deg.—and to maintain temperature under 50 deg.

Refrigerator	Total Operating Time	Total Elapsed Time of Test	Ice Freezing at 15th Hour	No. of Operating Cycles	End First Cycle	KW. Hrs.
NORGE	9 hr.	22 hr.	All cubes fully frozen	20	50 deg.	2
Refrigerator "A"	13 hr.	*21 hr.	Not completely frozen	84	72 deg.	2 1/4
Refrigerator "B"	14 hr.	*22 hr.	Not completely frozen			3
Refrigerator "C"	20 hr. 50 min.	22 hr.	Not completely frozen	continuous		4

NOTE: *Refrigerator "A" one hour late in starting owing to mechanical troubles. *Refrigerator "B" burned out two motors under the unusual load and then installed condenser type motor to complete the test. Gauges failed to record its operating cycles and temperature.

THIS TEST PROVED THAT NORGE PERFORMED EVERY FUNCTION OF A REFRIGERATOR IN A SUPERIOR AND MORE ECONOMICAL WAY—The Norge made ice faster—and more of it. It made the box colder (averaging around 40 deg.) and did it quicker. And it used less electrical current.

ROLLATOR SUPERIORITY is further proven by the NORGE MARATHON TEST which is still going on after seven years of continuous operation. The length of time that the Marathon unit has been running in the experimental department at the Norge Detroit plant is equivalent to eighteen years of actual use in the home. During this period the Rollator, not only has shown no measurable wear, but has proved by test to have increased in efficiency one-half of one per cent, and today after the equivalent of eighteen years of home usage is actually using less electric current than when it was started.
