SUBSCRIPTION \$1.50 PER YEAR

Four Streets Are  
Included In Hard  
Surfacing Project

At the regular meeting of the Chelsea common council held Monday evening, streets to be hard surfaced this year were named and the contract let for the work.

Streets to be improved with black top surfacing include South street, Garfield street from South street to Summit street, East Middle street from the cement pavement to the cemetery gates, and Park street from Main street to East street.

In accordance with a previous decision of the council, no street will be paved until it is curbed. Of the above named streets, Park street is the only one that is not curbed. Petitions for curbing this street have been received by the council and bids for the work will be presented by local contractors at once so the work can be completed in time to permit surfacing while the contractor is on the job. Grading work is now in progress on the street.

Contract for all the black top surface work was let to a Mr. Rye of Monroe, whose bid for the job was \$72 per square yard for approximately 14,000 square yards of surfacing, making the total cost of the project about \$2,600.00. Mr. Rye will use local labor for the work and has agreed to the council's request that the minimum wage rate be 40c per hour for a 35-hour week, in accordance with provisions of the National Recovery Act. If overtime is necessary at any time the hour rate will be increased one-third. This wage scale will also apply to any labor the village may employ.

Special assessment to property owners on the streets to be improved will not exceed 25c per running foot for the paving, according to a resolution of the council. An effort will be made to secure federal aid money and if this is accomplished the special assessment will be less.

It is expected that Mr. Rye will start work on East Middle street within a few days and he will rush the work through on all the streets to be paved so the entire job should be completed in a few weeks.

Severe Wind and Rain  
Storm Strikes Sylvan

Sylvan township was visited by a hard wind storm late Sunday afternoon. Some trees were uprooted, and broken off. Small buildings were tipped over and hay and straw stacks blown down. A large tree about six miles south of Chelsea on the Manchester road was struck by lightning and burned to the ground. Several roads in the township were blocked by fallen trees, broken limbs and telephone wires. No property damage resulted from the storm.

The rain of Sunday afternoon and evening was of great benefit to the late potatoes and corn crop and broke the excessive heat wave of Friday, Saturday and Sunday. The temperature dropped 22 degrees in an hour.

## BIRTHDAY PARTY

Mrs. Waldo H. Kusterer entertained ten boys and girls at her home Friday afternoon for the pleasure of her son Luther, on his eighth birthday anniversary. Stunts and contests furnished amusement, after which supper was served. A birthday cake with eight pink candles formed the centerpiece.

Henry Swickcrath and sons, Wilham and Harry of Denver, Colorado spent the past week in Chelsea visiting relatives and friends. Mr. Swickcrath left Chelsea 40 years ago and has been located in Denver for 30 years where he is engaged in the manufacture of optical goods.

The Cytherian circle was entertained at the home of Mrs. Alice Roedel on Friday afternoon.

Sheriff Speaks at  
Kiwanis Meeting

Jacob B. Andres, Washtenaw county sheriff, addressed the local Kiwanis club at their regular meeting Monday evening. Mr. Andres presented an interesting story of the routine and special work in his department and outlined many reforms which he would like to put into effect, and upon which he is working.

One of the most important steps forward in detection of criminals is the organization by Mr. Andres of the Veterans' Military Police. This is an organization of veterans who are familiar with the use of firearms, who can be called for patrol work in any emergency which may arise, such as bank robberies, riots, etc. Posts have been established in Ann Arbor, Ypsilanti and Saline, and it is expected that like organizations will be perfected in Chelsea, Dexter and Manchester within a short time. The sheriff stated that he would like to have a group of 15 to 18 men in Chelsea who would volunteer for these duties.

Each Week Brings  
Bigger Fish Story

Fish stories seem to be the order of the day. Since the Standard published a fish story two weeks ago stating that J. V. Burg landed a 12 pound pike at Crooket Lake, the stories have grown by leaps and bounds. Last week we told of a 35-lb. catch by Rev. Nothdurft of Colesburg, Iowa, and this week we have been presented with a clipping from a newspaper at Petersburg, Ind., given to us by E. C. Hill, a native of that country, which tells of a real monster fish catch. This story will no doubt head the list as we draw the line on whale stories "unless they are true."

This week's yarn follows: Petersburg, Ind.—This Hoosier village is now in the annual throes of fish yarns. Mammoth catfish and smaller ones too, are providing the subjects for much conversation here.

An 87-pound monster catfish was caught at Holman's Ferry on the White river about 7 miles west of here.

Just to show that this wasn't a break catch, Arthur Bulderback pulled out a 70-pound catfish just below the forks of the White river.

Carlos Case, Cecil Weber and Kenneth Horton caught a 60-pounder. The main water pipe at the Libbs bakery here got clogged. James May, a plumber, was sent for. When May disconnected the pipes he discovered an 8-inch catfish had got stuck in the pipe so tightly that the water wouldn't flow!

## ZAHN REUNION

Representatives from Detroit, Ypsilanti, Ann Arbor, Marshall, Sulfine and Chelsea and vicinity were in attendance at the reunion of the Zahn families held Sunday at Eisenbeiser grave, North Lake. After a picnic dinner at one o'clock, officers were elected as follows:

President—Herman Meyers, Lodi.  
Secretary-Treasurer—Miss Selma Hirth, Ann Arbor.  
Chairman Program Committee—Miss Clara Zahn, Lodi.  
Chairman Entertainment Committee—Mrs. Esther Haesel, Ann Arbor.The following program contributed to the entertainment:  
Song—"America," by the assembly.  
Song—"Shanty in Old Shanty Town," "Chewing Gum"—Miss Dorothy Meyers.Reading—"James' Graduation"—Estelle Seitz.  
Poem—"Three Guests"—Dorothy Meyers.Reading—"My Experience on the Portage"—Mrs. Philip Seitz, Jr.  
German song—"Jesu-Deh Doran." Singing—"God Be With You."

Mrs. Rosina Seitz, the oldest member present, was presented with a gift.

The 1934 reunion will be held the fourth Sunday in July at Pleasant Lake, Freedom.

## FIND OLD MARKER

While working at the corner at Barcia school just west of the old Gottlieb Heller farm in Lima on Tuesday, a county road surveyor dug up a marker post which was placed there 90 years ago by Mason Whipple's father, who was working on the original survey of the highway. The marker is in the possession of Frank Leach. It is about a foot long; two inches square, of well-preserved cedar. The government marker which was placed there had decayed.

## SOD BUSTERS WIN AGAIN

This time Sod Busters won from the Howell Independents in an uphill battle by a score of 7 to 5. Howell led all the way until the seventh inning, then things began to look better for the Sod Busters. Batteries for Howell: Sweet and Smith; for the Sod Busters, Fowler and Boyce. Next Sunday, July 30, the Sod Busters play the Grass Lake team at the Beeman field.

# STEEL ALONE IS NOT ENOUGH!

— neither strong enough,  
nor safe enough,  
nor quiet enough  
for the body of a quality  
car like CHEVROLET

**CHEVROLET** There is only one type of body construction which Chevrolet will permit on the chassis of the cars it builds: That's the type which every test—and every experiment—and every experience has proved to be the safest, strongest, and best. Not steel alone, because steel alone is not enough. But a Fisher body of steel reinforced by hardwood! The very same kind of construction used on practically all the highest-priced cars in America.

If you're thinking of buying a new low-priced car, better watch this matter of bodies, and watch it carefully. Insist on steel reinforced by hardwood! Fortunately, the only low-priced car with this preferred type of body is also the only car with a proven valve-in-head six, with Fisher Ventilation; Cushion-Balanced Power; a Starterator. That car is Chevrolet—America's most economical automobile.

## Every Housewife Deserves An Attractive Kitchen

Men take pride in their offices—women in their homes. But its mighty hard sometimes to be proud of a kitchen that is completely dominated by a clumsy-looking old range. And its usually just as hard to be proud of the meals that are cooked the old fashioned way. A new modern Gas Range will make all the difference in the world in results achieved, in the appearance of the kitchen, in your feeling toward your daily work.

The handsome new color schemes, the new sizes, styles and designs of this year's Gas Ranges are an outward reflection of the many improvements that have made cooking with gas easier and more economical than ever.

Beautify, modernize your kitchen with one of the newest Gas Ranges—the terms are astonishingly favorable.

Miss Rachel Knaggs returned Sunday evening from her extended visit at Lapeer.

Friday, Mrs. James Struthers of Sharon called on her sister, Miss Emma Leeman.

Mrs. George Curtis of Ionia was a caller of Mrs. Frankie Sanford, Friday.

Mr. and Mrs. W. J. Coogan of Detroit spent Sunday afternoon with the latter's father.

Mrs. W. J. Balmer returned Saturday from her two weeks' visit with her children in Port Huron.

Wednesday callers of Miss Ella Bidwell were her two nieces, Mrs. R. Hooper of South Lyon and Miss Frances Bidwell of Detroit. Mr. Hooper and their two sons accompanied them.

Miss Emma Leeman on Sunday entertained her niece, Miss Caroline Leeman of Ann Arbor and P. Dorr of Grass Lake.

Sunday, Miss Ella Bidwell enjoyed a visit from her cousin, Lucius Rodgers and wife of Detroit. Mr. Rodgers is a member of the choir of Metropolitan church in that city, and accompanied the choir to the Exposition in Chicago where they joined in the concert recently given there.

W. R. Bliss and daughter, Miss Lola of Port Huron called Monday on the former's mother, Mrs. Margaret Bliss.

Mrs. Gertrude Ellis and her two sons from Manistee were guests of Mrs. Frances Robtoy, Friday. They were accompanied by Mrs. Dr. Ellis and her sister, Mrs. Mosher of Detroit.

They were accompanied by another granddaughter, Mrs. John Pontiac and her three children. A daughter, two granddaughters and three great grandchildren. Present: four generations.

Mrs. J. H. Smith and Mrs. William Clarke of Detroit visited with Mrs. Alice B. Chapin, Tuesday.

Glad to report that Mrs. Dora Girardin is improving. She enjoyed a visit Wednesday from friends from Detroit: Mr. and Mrs. John Vogt, Mr. and Mrs. Hickey, Mrs. A. Fitnes and Edward McLean.

Mrs. George Petta of Fenton visited with friends in the Home, Saturday.

Mr. and Mrs. Geo. Wroble of Detroit and their son George called Sunday on Francis Roberts.

Miss Rose Colby of Detroit is expected to join the family circle within the next few days. Rev. N. Norton Clark is looking to the Home for membership and will probably join before winter. Mr. and Mrs. Postlewaite are prospective members in the near future.

Dr. Howard Field and about fifty members from the Westlawn Methodist church of Detroit held a vesper service in the Home Sunday afternoon. It was a very pleasing service and the wish was expressed that similar services could profitably be held often. There are many churches within reaching distance who would be welcomed.

**Mrs. Mary Gilchrist**

Mrs. Mary J. (Blinn) Gilchrist passed away suddenly Friday afternoon, July 21. She had been in poor health for a number of weeks but had been improving of late and her demise was very sudden and unexpected. She was born in Lyons, Mich., April 21, 1858, graduated from the State Normal at Ypsilanti, taught in Moroni until her marriage to Rev. Samuel Gilchrist in 1881. After his death in 1919 she made her home with her daughter, Mrs. Dr. M. J. Walsh, Dean of the State Teachers' College in Indiana, Pa. She leaves, besides her daughter, a granddaughter, a sister in Honolulu, a sister in Oak Park, Ill., a brother in Florida and an aunt; Mrs. Emma Rowe, one of the seven nonagenarian members of the Home who she was visiting at the time of her sickness and death. Services were conducted by Dr. W. J. Balmer, assisted by Rev. Henry J. B. Marsh of Grass Lake and Rev. Fred Matthews of Chelsea. Interment in Grass Lake.

An interesting item is that Mrs. Gilchrist's mother was a member of the Home from 1907 until her death in 1922. Her mother, the late Mrs. Frances Blinn, was the second one admitted after the first unit (the center building) was opened.

**LIMA CENTER**

Mr. and Mrs. Julius Schmid and mother, Mrs. Olive Wenk spent Sunday at Silver Lake with Albert Wenk and family.

**GRASS LAKE**—A petition protesting against the pardon or parole of David Gelinski, slayer of Harry Warden following the Grass Lake bank robbery about 13 years ago, was taken to Lansing by W. K. Crafts and G. W. Foster, Tuesday. An effort was made to present the petition to Mr. Debo, parole officer, but he was too busy on two occasions to see the Grass Lake men and the petition was then turned over to Gov. Comstock.

*NOW - the Style Leader talks Performance*

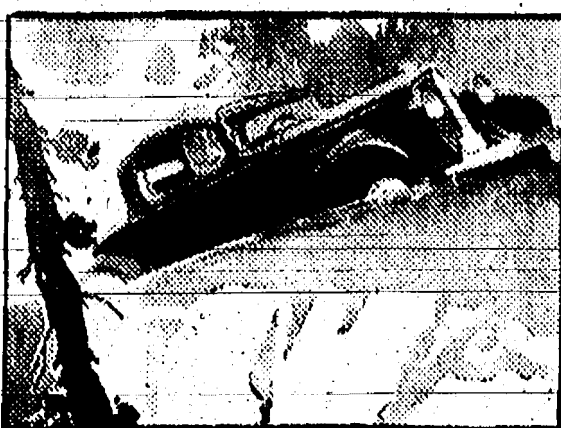

*Drive it AND FIND OUT WHY!*

Thousands have purchased Oldsmobiles because of their smartness—their outstanding style. And then, they have discovered that Oldsmobile is also the performance leader! Many of these owners have said to us—“Tell people about this car's performance.”

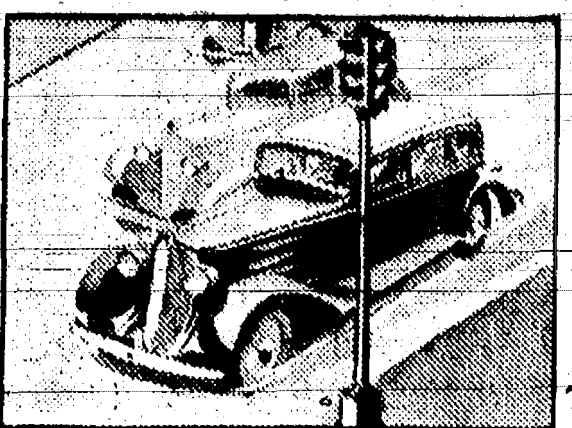

It's wonderful! So we here and now invite everybody to drive an Oldsmobile. We promise a surprise to one and all. In fact, we promise a thrill... for you never drove a car that performs like this. Read in the captions below, some of the things you may expect!

● You may expect breath-taking speed when you drive an Oldsmobile. In the Eight, 80 to 85 miles an hour. In the Six, 75 to 80. And actual stop-watch speeds! Few will pass you.

● You won't need your second gear on even a man-size hill. Owners who have driven thousands of miles say they have never once had to use second gear—except for starting.

● You may be first at the stop-light almost any time you say so—and you can accelerate into openings in the traffic at will. Your car won't "lug" either, when you accelerate in high.

● And remember... Oldsmobile has Fisher ventilation—the finest in the world. In the winter, plenty of fresh air without draft! In the summer, great quantities of air to keep you cool.

*How do you judge a car's Performance?*

When we say that Oldsmobile is a performance leader, we are perfectly willing to have the car put to the test. “But how,” you ask, “can the ordinary driver tell when a car has outstanding performance?” We will admit that, up until now, it has

been difficult to sift the claims and counter-claims about performance. But it isn't difficult any more. Oldsmobile has made it easy and simple for anyone to test a motor car. Oldsmobile executives induced the testing engineers at the General

Motors Proving Ground to reveal their formula for testing cars. They published this formula in a book, entitled “How to Test the Performance of a Motor Car.” We have a number of copies of this book and will gladly give a copy free to anyone who calls at our showroom. You have never before seen anything like this book—and you will prize your copy highly. It is unrepudiated... does not advertise Oldsmobile.

## WATERLOO

The Ladies Aid served supper to 97 guests at the Levi Palmer cottage at Clear Lake last week—Thursday evening. We appreciate your patronage and hope to see you all again on Friday evening this week, on the Perry and Levi Palmer grounds. Home made ice cream and cake will be served. Mr. and Mrs. W. Vicary motored to New Baltimore on Saturday. The latter's mother and sister returned with them. All left again on Sunday, with the sister's husband and daughter. The following girls are spending several days at the Perry Palmer cottage: Jennie Scripser, Katherine Ashfal and Margaret Goetz of Chelsea, and Odema Moeckel, Leona Moeckel, Doris Wais, Gladys and Wilma Runelman, Mildred Hoeman and Annabelle Vicary of Waterloo. Several of the parents spent Sunday there and had a pot luck dinner at noon. Miss Minnie Clark of near Muntich has been engaged to teach the Waterloo school for the coming year. Sponsored by the Waterloo and West Waterloo groups of Nutrition, there will be a canning demonstration at the town hall Monday afternoon, July 31, at 1:30 o'clock. Anyone interested is cordially invited to attend. Mr. and Mrs. Ralph Reynolds and son of Michigan Center are spending the season at Smith's Grove, Clear Lake. Miss Sarah Henter of Jackson spent the week-end here at the family home. Mr. and Mrs. Henry Gardner were in Jackson Monday on business.

Mrs. John Henter and daughter, Miss Margaret, accompanied Morgan Henter to Ypsilanti Sunday, to see John Henter.

BROOKLYN—Drillers were stopped by water in the prospect hole in the old location of the Napoleon project last week, but are now going good again. In the usual way the water was cased off. That is 6 inch casing was driven down in the drill hole until it fitted tightly on the rock structure below and shut off the excessive amount of water. This was at a depth of 1000 feet, which is about 25 feet below the recorded depth of the former prospect hole when drilling was stopped 12 years ago. The drillers are now going down below that point through a solid rock formation.—Exponent.

## D. H. I. A. REPORT

Honors for high individual production for the month in the Tri-County D. H. I. A. report were won by G. F. Hafley's grade Holstein with 80.8 pounds of butterfat. Another Holstein owned by L. S. Grossman of Chelsea took second place in butterfat production and first in milk production with 1965 lbs. of milk and 68.7 lbs. of fat. High herd average goes to J. B. Livermore of Gregory, with 39.02 lbs. of fat. The large herd group is led again by Glennbrook's pure bred Jerseys and Norman Topping's purebred and grade Holsteins. Class leader and the butterfat production records of the high cows in each class were as follows: 2 year old class: G. F. Hafley, grade Holstein, 1032 lbs. milk, 41.2 lbs. of fat; J. B. Livermore, grade Holstein, 999 lbs. milk, 32.9 lbs. fat; Glennbrook Farm, purebred Jerseys, 645 lbs. milk, 32.2 lbs. fat. 3 year old class: Glennbrook Farm, purebred Jerseys, 741 lbs. milk, 36.3 lbs. fat; Clyde Titus and Son, purebred Jerseys, 792 lbs. milk, 34.4 lbs. fat; Carl Mast, grade Holstein, 826 lbs. milk, 38.8 lbs. fat. 4 year old class: J. B. Livermore, grade Holstein, 1002 lbs. milk, 628 lbs. fat; J. B. Livermore, grade Holstein, 1515 lbs. milk, 48.9 lbs. fat; G. F. ## 24 YEARS AGO

Thursday, July 29, 1909

James A. Bachman died at his home on Railroad street July 23, 1909. He was 72 years old. Funeral services were held on Sunday afternoon, July 25.

Mrs. Margaret Wade Weber died at her home on Congdon street Wednesday, July 28, 1909 after a lingering illness. Funeral services will be held on Saturday morning.

The Chelsea Elevator Co. shipped the first carload of new wheat from here on Wednesday. The same company is shipping 75 bushels of huckleberries from here every day.

Dr. H. H. Avery and family were in Jackson with their automobile on Sunday and while driving along a country road just south of the city met another machine, the driver of which lost control of it, ran across the road and into the Avery car. No one was injured but both cars were badly damaged.

During the storm of last Thursday afternoon lightning struck the flag pole on the H. S. Holmes Mercantile Co. store and followed down and along the roof until it reached the rear of the building where it entered the undergarment department. When discovered the flames were just getting a good start. The damage was slight. The ordination of Oscar Laubengayer, son of Mr. and Mrs. C. F. Laubengayer, of Syvan, will take place at St. Paul's church on Sunday afternoon. Rev. A. A. Schoen will deliver the sermon. Mr. Laubengayer has accepted a call to the churches at Francisco and Sharon.

The Cytherean circle was entertained at the home of Mrs. John Schlee of Ann Arbor on Wednesday afternoon.

Word has been received here of the death of Mrs. Alice Reilly-Laird which occurred at her home in California on Monday, July 19. Mrs. Laird was a former Chelsea resident.

Burnett Steinbach reports the banner yield of wheat this year. When the threshing was completed the yield was 271 bushels from six acres.

## 34 YEARS AGO

Thursday, July 27, 1899

Adam Eppler has placed an electric fan in his market.

The L. O. T. M. entertained the members of the K. O. T. M. at their hall Tuesday evening. A literary and musical program was rendered after which ice cream and cake was served. Miss Rose Murray of Dexter is now employed as cashier for W. P. Schenk & Co. in place of Miss Edith Congdon, who has accepted a position as

bookkeeper with the Hay & Todd Co. at Ypsilanti.

Tuesday afternoon George S. Davis, who has been employed at the Standard office for the past two years, met with a distressing accident as a result of which he has suffered the loss of the first two fingers of his left hand. He was engaged in feeding a job press and his fingers were caught in the machine, crushing them so badly that they could not be saved.

Mrs. E. A. St. John of Fresno, Cal. is a guest at the home of Mr. and Mrs. M. A. Lowry.

Dr. Thomas Holmes, 82 years old, returned home on Saturday from a lecturing and preaching tour, after being absent nearly three months. He traveled 3,800 miles, between Maine and Illinois.

North Lake is a very popular resort this summer. Among the Chelsea people who are spending the week at the lake are Mr. and Mrs. A. Congdon, Mr. and Mrs. J. Cummings, Misses Eva Taylor, Beatrice Bacon, Lillian Gerard, Ethel Bacon, Nellie Congdon, Linnie Rogers, of Saline, Messrs. Bert Gerard, George Taylor, of Detroit, Cary LeRoy Hill and Frank Taylor of Mason.

The market prices are: Wheat, 67c; rye, 48c; oats, 25c; beans, 85c; potatoes, 30c; butter, 11c; eggs, 10c; chickens, 6c; hogs and beef cattle, 4c per pound; veal calves, 5c; wool, 15c to 18c. Business has improved some since harvest and a good fall trade may be expected.

SOUTH LYON—Business at the State Savings Bank, which reopened for full banking business Monday, far exceeded expectations of the officers. Deposits already have averaged over \$5,000 per day, being above the sixteen thousand dollar mark Wednesday night. New accounts are being opened daily. A peculiar thing is that depositors of the old bank do not seem to be in a hurry to get their certificates of deposit and trust certificates, nor cash the first certificate, which the bank called this week. Of approximately twenty thousand dollars in cash waiting disposition of owners, only four thousand was either transferred to new accounts in the bank or withdrawn. The remainder of this \$20,000 still awaits depositors.

## IN ANSWER TO A LADY'S LETTER

A lady writes to say that she does not understand why an 8-cylinder car does not cost more to run than a car with fewer cylinders. She refers to my statement that our Ford V-8 develops more power on a gallon of gas than any car we have made.

The use of 8-cylinders does not mean the addition of two or four extra fuel consumers. It is not, for example, a 4-cylinder engine multiplied by two. Our 8-cylinder engine takes the fuel supply of an ordinary 4-cylinder engine and divides it eight ways. And why?

By reducing four larger explosions into eight smaller ones, we get engine smoothness and quietness. Eight-cylinders indicate the way the gas is used, not the amount. It is just the difference between going upstairs in four long jumps or in eight ordinary steps.

Two things use up gas—bad engine design and useless car weight. Besides having an engine that gets a high percentage of power out of the fuel, the Ford V-8 has a light, strong body and chassis so that no power is wasted in moving excess weight.

The only extravagance about the new Ford V-8 engine is in the building of it. The extravagance is ours—the economy is yours.

The whole question of car economy needs clearing up. An economical car gives economy all round. Price, operation, upkeep, all play their part. If what you save on gas you lose elsewhere, that is not economy.

As to upkeep, our dealers say that in recent years the improved quality of Ford cars has cut down their repair-business 50 per cent.

As to price with quality,—judge for yourself.

As to economy, here is the record of a stock car three weeks out of shop in Oklahoma:

On a run of 10,054 miles at the rate of 1,000 miles a day—the Ford V-8 gave 18.8 miles per gallon of gas. Not a drop of water was added to the radiator. The oil was changed once in 1,000 miles.

That should answer a lot of questions.

At a session of said Court, held at  
the Probate Office in the City of Ann  
Arbor, in said County, on the 17th  
day of July, A. D. 1938,  
Present, Hon. Jay G. Pray, Judge  
of Probate,  
In the Matter of the Estate of Paul  
J. Hume, deceased, John L. Fletcher,  
administrator, having filed in said  
Court his petition, praying for license  
to sell the real estate of said estate in  
certain real estate therein described,  
or the purpose of paying debts,  
It is Ordered: That the 22nd day of  
August, A. D. 1938, at ten o'clock in  
the forenoon, at said Probate Office,  
and said is hereby appointed for hear-  
ing said petition, and that all per-  
sons interested in said estate appear  
before said Court, at said time and  
place, to show cause why a license  
to sell the interest of said estate in  
said real estate should not be grant-  
ed.

It is Further Ordered: That public  
notice be given by publication  
of a copy of this order for three suc-  
cessive weeks previous to said day of  
hearing, in the Chelsea Standard, a  
newspaper printed and circulated in  
said County.

JAY G. Pray, Judge of Probate.

## Question And Answer Dept.

**Question.**—To settle an argument, will you please answer in your question department in what year in the past fifty years was the greatest number of emigrants to the United States?

**Answer.**—The greatest number of emigrants to the United States occurred in 1907, when 1,285,349 were admitted.

**Question.**—What teams won the World's Series of baseball games in 1927 and 1928? How were the games divided?

**Answer.**—In 1927 the New York Yankees (Yankees) defeated the Pittsburgh Pirates (Pirates) in four straight games. In 1928 the New York Yankees won four straight games from the St. Louis Cardinals (Cardinals).

**Question.**—Why is it that there are so many people who totally disregard using good manners?

**Answer.**—We don't know exactly, but we do know that a lot of people do not use their good manners for fear of spoiling them.

**Question.**—I am writing to kindly ask you if the United States has a home for disabled and discharged soldiers of the regular peace-time army? If so, who and where would I write?

**Answer.**—The United States maintains such a home in Washington, D. C., for all disabled and honorably discharged soldiers of the United States army. Write Maj. Gen. H. P. McCain, Soldiers' Home, Washington, D. C.

**Question.**—Did the State of Indiana vote favorably on the repeal of the 18th amendment?

**Answer.**—Yes. Repeal carried in the State by an overwhelming majority, winning by more than 2 to 1.

**Question.**—Will you kindly answer if it is true that Andrew Johnson, a former president of the United States, was impeached by the United States Senate?

**Answer.**—No. In 1868 Andrew Johnson was tried on impeachment proceedings, but was acquitted.

**Question.**—What is the minimum age limit for girls to marry in Pennsylvania and Illinois? Is there any State that permits a girl 12 years of age to marry?

**Answer.**—The minimum age for females to marry in Pennsylvania is 21 years. In Illinois the minimum age is 16. There are five States that per-

mit girls to marry at 12 years of age. They are: Maine, Maryland, Louisiana, Kentucky, and Virginia. However, four States (Connecticut, Massachusetts, Florida and Missouri) permit marriage below 12 if by consent of parents or guardians.

**Question.**—Where is the headquarters of the Veterans of Foreign Wars of the United States?

**Answer.**—They are located in Kansas City, Kan., which is just across the river from Kansas City, Mo.

**Question.**—Why do we have thunder in summer, spring and fall, and scarcely never in the winter?

**Answer.**—This is caused by the sudden and great differences of the temperature of different parts of the air. Such differences are more common in the hot days of summer than at any other season.

**Question.**—Is man descended from the monkey, as some people say?

**Answer.**—Scientists claim that man and monkey are descended from the same ancestral stock originally, but that the human branch and the monkey branch separated many millions of years ago. It is not scientific to say that man descended from monkeys, claiming that they are parallel and independent lines of evolution from the same original stock. This, however, is disclaimed by the fundamentalists.

**Question.**—Why will water stay in a ball when I whirl it around over my head?

**Answer.**—Simply because of centrifugal force. Naturally, the water tends to fly off in a straight line, but the ball keeps it from doing so while it is being whirled. Therefore, the water will stay in as long as you keep whirling the ball.

**Weight of Feathers and Iron**

In a vacuum a pound of feathers will weigh exactly as much as a pound of iron. If the same standards are used, there is no difference.

**Question.**—Will you kindly answer if it is true that Andrew Johnson, a former president of the United States, was impeached by the United States Senate?

**Answer.**—No. In 1868 Andrew Johnson was tried on impeachment proceedings, but was acquitted.

**Question.**—What is the minimum age limit for girls to marry in Pennsylvania and Illinois? Is there any State that permits a girl 12 years of age to marry?

**Answer.**—The minimum age for females to marry in Pennsylvania is 21 years. In Illinois the minimum age is 16. There are five States that per-

## SUGGESTIVE

If I could write a poem  
Expressive as I choose,  
Perhaps once in a score of times  
It might be termed, 'Good News.'

I wrote one several months ago,  
And sent it to the Times,  
They courteously returned and claimed,  
The rhythm didn't rhyme.

Well thought I, not abashed, I'll try,  
At least, just one time more,  
Explaining why our Radio has  
Become almost a bore.

So much is printed nowadays,  
Of Radio—Great Invention,  
The few times I am writing here  
Are all with kind intention.

We like a Radio, yes indeed,  
If only we might find  
A system high in ethics,  
Musical, rich, sublime.

But Oh! This rummy jazz we hear,  
It gets our humble ire,  
The sanctity of Christian home  
Is scorched by pitiful fire.

A sermon, yes, we sometimes hear,  
And after the Amen,  
We're switched into a theatre  
Where drums and violas blend.

Hurrah! Now for the dance, come on,  
The minstrels, jokes and fun,  
This on a Sabbath afternoon  
Are samples just begun.

We've tried to change the dials to  
A something more refined,  
When in amazement we have found  
Some vendor on the line.

I'm old—Some say Old Fogey,  
I'll own it—I must,  
But listen, many others now  
Are red up on such stuff.

—Arthur Carlton

## Goby, of Climbing Fish Family, Is Found in U. S.

Those explorers who go to the tropics after the "tree-climbing fish" have overlooked right at home a small-sized cousin of this phenomenon.

The goby was found in an oyster reef of Delaware bay, and represents a kind of national association occasionally seen.

Usually a parasite is much smaller than the animal on which he lives, termed the "host." But this goby was a fully developed fish an inch long. His oyster friend was three inches long. When found, the fish was imbedded in one of the cavities of the oyster's body.

The goby is a queer fish largely because he has no air bladder. He cannot remain at rest in water. He sinks unless he is actively paddling. Hence on the bottom he has learned to use his fins somewhat like feet.

## Famous London Club

The Carlton club, London, England, is probably the most famous political club in the world. At various times it has exercised a powerful influence on the course of British politics. When it was formed in 1823 by the duke of Wellington and other Tory leaders it was called the Conservative club. The name caught on to such an extent that three years later the Tory party changed its name and became officially the "Conservative" party. The club has a link with the National gallery. It takes its name from the old Carlton house, residence of George IV while prince of Wales. When this famous house was taken down in 1827 the columns of its Corinthian portico were transferred to the National gallery, London Mall.

## Waste of Electricity

The custom of having two ornamental lamps burning all night at the home of the mayor of New York dates back to the days of the Dutch occupation.

## Michigan Department of State

## WEEKLY NEWS BULLETIN

Frank D. Fitzgerald  
Secretary of State

Lansing, Mich., July 26.—Seldom in the state's history has any legislature at its final adjournment session, enacted new legislation. Yet this was done by the 1938 legislature in adopting a bill providing that all delinquent 1932 taxes could be paid without penalty, interest or collection fees until Nov. 1, 1939. The bill adopted by the legislature is identical in purpose with a resolution passed by the State Administrative Board three weeks ago. The bill, which now awaits the governor's signature or veto, also provides that registers of deeds may accept for recording deeds or land contracts, bearing certificates from the auditor general or county treasurers, showing that 1932 or prior taxes are delinquent.

The constitutionality of at least two of the acts adopted by the 1938 legislature, is to be tested in court. In Wayne county, a suit has been started to determine the legality of the state retail sales tax. Another suit is threatened to determine whether or not the chain store license tax bill is in accord with the state constitution. This act became effective after both houses of representatives and senate had overridden the governor's veto. It provides that the individual or company owning a single store would not apply for a license or pay any tax. The total tax for two stores under the same ownership would be \$10 while the tax for 25 stores under one ownership would be \$250. For each store over 25, the annual tax under the new bill is \$250.

The Department of State has been asked to pass on the form of a proposed constitutional amendment which would set the legal rate of interest on loans of \$300 or less at 10 per cent per year. Backers of the amendment announced that they will attempt to secure sufficient signatures to petitions to place the proposed amendment on the ballot in November, 1939. At the present time the legal interest rate on loans of \$300 or less is three and one-half per cent per month.

MILAN—Milan lost one of its best known citizens last Saturday night when Elmer Beverly died as the result of injuries when he was hit by an automobile driven by Arthur White. Small-of-stature, Mr. Beverly was known all over the country as "the little crossing watchman on the Wabash railroad." He was employed by the railroad for more than twenty-seven years. Mr. Beverly was said to have been the smallest fully developed man in the world, and said to have been slightly smaller than the world-famous Tom Thumb. He never appeared with a circus or was on exhibition.—Leader.

## The Difference

"It is sad," said Hi Ho, the sage of Chinatown, "that two men quarrel, even when they think alike, because they do not quite speak the same language."

## When R. R.'s Had No Signals

There were no signals in the early days of railways—when drivers met a train on the single track they had to argue it out.

ELECTRICITY  
buys many services

It used to be called a "light bill." Today, with all the electric conveniences, and helps about the home, lighting is only one service of many.

Where one formerly paid for a few lights and a few hours of illumination—now a few cents a day may buy anything from cooking to cleaning, radio to refrigeration, washing, ironing, cooling, heating, time, temperature—or even sunlight's helpful elements. Behind the mere enumeration of "kilowatt hours" there are many useful and varied services of increasing benefit and savings to the public.

If the monthly electric service bill of a typical customer using an ordinary variety of household appliances were rendered, it would be about like this—

Lighting	Six cents a day
Radio	One and three-fourths cents a day
Cleaning	One-third cent a day
Washing	One-third cent a day
Ironing	Three-fourths cent a day
Coffee	One-half cent a day
Toast	One-third cent a day
Sunlight	One-fourth cent a day
Refrigerator	Four cents a day
Cooking	One cent per meal per person
