Bankers Meet With Kiwanians Monday

The Washtenaw County Branch of the American Institute of Banking and the Chelsea Kiwanis club held a joint meeting at Sylvan Estates Monday evening. During the banquet hour P. F. Niehaus led in group singing, with Mrs. Niehaus at the piano.

Following the banquet Prof. R. P. Briggs, of the Department of Business Administration, University of Michigan, delivered an address in which he gave a detailed explanation of the National Recovery Act, its effect on industry, labor and the consumer. Prof. Briggs' talk was very instructive and a number of points were brought out which made provisions of the Act much clearer to the audience. He predicted success for Pres. Roosevelt in his efforts, providing the American public gives their wholehearted support.

The American Institute of Banking is the educational division of the American Bankers' Association. The Washtenaw County Chapter is the largest in the United States for the number of years it has been organized. Its organization was perfected in the fall of 1931 and now has more than 100 members, consisting of bank employees, junior officers and non-participating executive officers.

Beginning in September weekly classes will be held by the Chapter in Angell hall, Ann Arbor, under the supervision of faculty members of the University of Michigan.

H. A. Holmes, cashier of the Citizens Bank, Saline is president of the group and J. A. McMillan, of the Farmers & Merchants Bank, Ann Arbor, is vice president.

Harrie L. Bleeker Is New Superintendent

The Chelsea Board of Education have engaged Harrie L. Bleeker of Pentwater as superintendent of schools for the coming year. Prior to his superintendency at Pentwater, Mr. Bleeker served as superintendent of the Hart public school for a period of 11 years.

Mr. and Mrs. Bleeker, with their family of five children will move this week to the E. E. Winans house on Madison street.

NRA Honor List

A number of local business places have added their names to the list of supporters of the President's Re-employment Agreement during the past week. A large list was published last week, and following are the additional names:

A. R. Jones, H. H. Lyons, J. Geo. Webster, Norman M. Wacker, Henry R. Seyfried, Vogel & Wurstler, Edwin Kaush, Helene Beauty Shop, Kempf Commercial & Savings Bank, Michigan Bell Telephone Co., George W. Hart, Consumers Power Co., Will Schatz, Miller Sisters.

GOES TO ARIZONA

Roy G. Ives, son of Mr. and Mrs. Wirt Ives of Sylvan township, left Wednesday with a company of men who are driving 100 Plymouth automobiles to California. He will spend some time in Los Angeles, later going to Tucson, Arizona where he will attend the University of Arizona. A party in his honor was given Monday evening at the Methodist parsonage by the Carry On Class of the Sunday school and the church choir, of which he is a member. Games furnished the pastime and lunch was served. J. G. Fisher, in behalf of the class, presented the honor guest with an engraved belt buckle.

CONCERT POSTPONED

The band concert which was scheduled to be played Wednesday evening by the American Legion Junior Band has been postponed to Saturday night of this week. The change was made because of the closing of stores on Wednesday evening. If the stores continue to close Wednesday evenings the other two concerts scheduled for this season will also be presented on Saturday evenings.

TROJANS ARE CHAMPIONS
The Trojan Twilight Ball League team have proven themselves to be the real champions of the town. The All-Stars selected to oppose them in a game last Friday evening were defeated by a score of 7 to 2, and on Tuesday evening of this week they defeated last year's champions, the American Legion team, by a score of 9 to 0. The collection taken at the game last Friday netted the League \$10.26.

CONTRACTOR COMING
Due to unavoidable delay in securing permission from the State Highway Department and the County Road Commission to move his equipment over the highways to Chelsea, W. T. Rye, Monroe contractor who will surface several local streets, had been unable to start the work as soon as anticipated. However, according to information received by local authorities he will have his equipment here within a few days and will start the work immediately on East Middle St.

Executive Office Example Ignored By Commissions

By V. J. Brown

The opening paragraphs of this article will be devoted to consideration of a topic already discussed in these columns. This writer desires to be fair. References previously made to the payroll for the executive office at Lansing were to the effect that the payroll for the first half of the month of July showed an increase over a similar period of 1932. This statement was correct but further investigation shows that employees working on the staff of the governor in 1932 were carried on payrolls other than the regular payroll of the executive office and that when all are accounted for the total amount of checks drawn for this office in 1933 is slightly less than in 1932.

Governor Wilbur M. Brucker had a secretary in Detroit whose pay check was drawn in rotation against several department budgets, none on the executive payroll. R. Wayne Newton devoted most of his time to assisting the governor in various ways, making the executive office his headquarters, but he enjoyed a generous salary at the hands of various commissions and boards having appropriations. None of these are now employed around the office of Governor William A. C. Stock, according to O. K. Fjetland, executive secretary and business manager for the governor.

In fact, when one attempts to make accurate comparisons between the actual expense of the executive office, under the two regimes, the task soon becomes extremely difficult. For instance, there are no expense vouchers to be found covering traveling expense of the governor or members of his staff back in 1932. It is known that a member of the state police organization is assigned to the job of acting as chauffeur for the governor. That is being done under the present regime, but the expense of upkeep of the motor car assigned to the governor for his official and personal use is now charged directly against the budget of the governor. In previous years it must have been charged against overhead at the state garage and the state police garage. Likewise there is no record of the amount of gasoline formerly consumed in the operation of the governor's car and (Continued on page two)

Large Crowd Expected At Labor Day Picnic

With the price of the old-fashioned chicken dinner to be served at the annual Labor Day picnic and homecoming at Dexter, Monday, September 4, beginning at 11 o'clock, reduced for adults and children to 50c and 25c respectively, it is expected that one of the largest crowds in recent years will be present to enjoy this holiday meal and the activities of the day. The picnic and homecoming is under the auspices of the members of St. Joseph's church and their friends.

Mrs. A. G. Wall is chairman of the dinner committee. Mrs. Wall is being assisted by Mrs. Emmett Farrell, Mrs. Jay Geraghty, Mrs. Dan Powers, Mrs. Charles Quinn, Miss Sara Ledwidge, Mrs. Harry Walsh, Miss Ella Hawkins, Mrs. John F. Hoey, Mrs. Mary McCabe, Mrs. Theresa McCarthy, Mrs. Louis Dunlavy, Mrs. Howard Dunn, Miss Catherine Walsh, Miss Margaret McGuinness and Mrs. Edward Koch.

An interesting program of sports, amusements, games and contests will form part of the program. Various reunions are being planned. With the return of former residents and visitors by the hundreds, the renewing of old friendship and talking over days gone by, always form a delightful diversion of the Labor Day celebration.

Among prominent residents of Dexter and the vicinity who will serve on various committees for the Labor Day picnic and homecoming are Dr. A. G. Wall, George A. Walsh, Leo G. Hoey, Claude Devine, John McGinn, Dr. Edward Hoey, Robert L. Donovan, Albert Gehring, John F. Hoey, Edwin Kolander, J. C. Ledwidge, Francis Harris, Charles Weidman, Vincent Shields, Frederick Cunningham, Robert Donovan, Jr., Miss Marian Walsh, Miss Rose O'Brien, Leo Dunlavy, Edward Reid, Leo Ziegler, John C. Thompson, Vincent Walsh, Howard Dunn, Leo Walsh, Mr. and Mrs. Anthony Gallagher, Louis Walsh, Frank J. Sharpey, Dan Powers, Wallace Walsh, T. F. Wolf, Miss Agnes Hoey, Charles Quinn and Leo Devine.

A community dance with Leon Agan and his orchestra furnishing the music in the evening in St. Joseph's auditorium will be the closing feature of the Labor Day picnic and homecoming.

ACCEPTS CALL

Dr. C. F. Wolf of Armada has accepted the call extended to him by the Congregational church and with his family will move here about September first to assume his work.

Consumers Power Cuts Local Electric Rates

The common council voted Monday evening to grant an extension of five years to the franchise held by the Consumers Power Company in exchange for a reduction in local wholesale electric rates. The present franchise of the company would have expired in 1935.

Based on last year's consumption the new rate will mean an annual saving of more than \$800 to the village. It is expected this saving will be passed on to the consumer in the near future.

Only three or four cities in the state now have a lower wholesale rate from Consumers Power Company than the new rate for Chelsea, which is now the same that Saginaw is paying. The revised franchise protects the village from an increase in rates and contains a clause which would give the benefit of any further reductions in electric rates.

More Than Million Back To Work Under NRA

It is conservatively estimated that more than one and one quarter millions of persons have already been put back to work in the National Recovery drive. The goal is reemployment of six millions before winter.

The estimate of at least 1,250,000 reemployed at this stage is based on the codes of fair competition already in effect, by temporary code agreements, and by industries that have come under the blanket code with some modifications. This estimate does not take account of workers reemployed by firms which have put the President's reemployment agreement into effect without modification. No figures have been compiled on this group, although the number undoubtedly is large, probably running into several hundreds of thousands. Indeed, it probably would not be an overstatement to say that fully two millions of unemployed have already got their jobs back as the result of the recovery program.

The industries which have signed the "blanket code" agreement with some deviations from its original terms include two groups of retail stores which, alone, will reemploy 1,100,000 workers.

Between 10,000 and 12,000 are being put back to work in the coat and suit industry.

Private shipbuilding plants are taking back an estimated 27,000. The cotton textile code was estimated to mean reemployment for 125,000.

No estimate has been made of the number reemployed in industries allied to those mentioned, but here again many thousands unquestionably have been put back to work.

Analysis of the 1930 census figures shows that 54 out of every 100 workers normally employed in the United States will be directly affected by the recovery campaign—either by getting their jobs back, or having their present hours shortened and their wages raised. The census puts the number of Americans gainfully employed in normal times at 49,000,000. About 29,000,000 of these come under the classifications affected by the NRA regulations.

Approximately 200,000 workers are going to lose their jobs entirely, but no one is sorry about it. The census figures show that this number of children under 16 have been employed in the past in factory, mill, store, and other industrial labor. All the codes thus far approved, and the blanket reemployment agreement, contain pledges against industrial employment of children under 16. Many of the codes bar all under 18. The recovery program has gained universal acclaim in this respect, at least, it has wiped the stigma of child labor off the industrial map of America.

MUSICAL ENTERTAINMENT

A musical entertainment, sponsored by the Ever Ready Circle of Waterloo 2nd U. B. church will be held at the church on Friday evening, August 25. Good old-time music will feature the program, and the choir will be assisted by Mrs. Olive Beeman, Mrs. Esther Reynolds, Ralph Reynolds, Herbert Collins and Rae Satterlee. Readings will be given by Arlene Satterthwaite, with accordion solos by Dale Loveland, piano by Marion Collins and trumpet by Delaney Cooper. A free will offering will be taken.

HOUSE DAMAGED BY FIRE

Fire, believed to have been caused by a defective electric wire, considerably damaged the Harold Guentel residence on Orchard street last Thursday night. The east side of the house and the stairway were burned and the contents were badly damaged by smoke and water. The loss is fully covered by insurance.

DALE CLAIRE INJURED

Dale J. Claire, while spending the week-end at his summer home at Grand River Lake, had the misfortune to fall and badly sprain his left ankle and the ligaments in his leg. Mr. Claire was brought to his home in Chelsea and is slowly improving.

Executive Office Example Ignored By Commissions

(Continued from page one)

There must have been a lot of it. Now a careful account is being kept, Mr. Fjetland insists, and all expense charged against the account of the governor and his staff.

Sets Economy Pace

There are other ways in which the new regime in the front office is setting the pace for economy. In marked contrast to some of the fancy salaries paid elsewhere, Mr. Fjetland shows his current payroll carries skilled and experienced stenographers at \$1040 per annum. A stenographer good enough to handle executive correspondence ought to be good enough for other departments but a glance through other payrolls, especially on the newer commissions, will indicate salaries twice that sum. In fact, the legislature itself refused to reduce the salaries of ordinary stenographers and committee clerks below a daily wage which amounts to more than \$2000 annually.

The commission of inquiry into state governmental costs in its report last year took cognizance of the waste of expensive stationery. It recommended first class bond paper for executives only, cheaper grades with printed instead of engraved headings being recommended for all except the supreme court. Mr. Fjetland has put these recommendations into effect. Only the letters dictated by the governor and those of utmost importance are written on the expensive Crane all-lined bond heretofore used extensively in the office of the governor. Samples of second sheets used for letter copies under former administrations are found to be of more expensive grade than the paper now being used in the ordinary correspondence of the executive office, office file copies now being carboned on cheap manila paper used by commercial concerns everywhere. It's a little matter but sensibly carried out in every division of state government would amount literally to many thousands of dollars.

Another Complaints

Another state official complains that all was not told in regard to his salary. A previous article dealt with the return to pre-depression levels by state officials in the matter of salaries. Among others cited was the newly elected commissioner of highways, Mr. Van Wagoner complains that my article of August 3 did not mention the fact that he had returned 10 per cent of his \$7500 statutory salary. The fact was not known when the article was written and sent out and was not available until after such mailing. The records will show that such check was not noted on the books of the auditor general until after public attention had been called to the salary titling. The records in the office of the auditor general do show

now that promptly following receipt of his check drawn and delivered on August 1, Mr. Van Wagoner returned 10 per cent to the general fund. No order had been filed with the auditor general, according to the disbursing clerk whose duty it is to draw bi-monthly pay checks, directing that official to make 10 per cent or other deductions from the pay of the highway commissioner. In the absence of such order, it was stated, the regular pay checks would be drawn at the \$7500 salary. The deduction may or may not be depended upon in the future.

Now that the subject of payrolls is again under discussion, a scrutiny of the expense vouchers and payrolls of the newly created liquor control commission might be profitable.

High Ideas

The files of the auditor general disclose a copy of a resolution early in the history of the commission setting the per diem compensation of the commissioners at \$20 per day, with seven dollars a day to be allowed for hotel expenses and 10 cents per mile for use of motor cars while traveling. John K. Stack, Jr., auditor general, demurred at these charges but concluded he could legally object only to the hotel and motor car charges. The commissioners still draw their \$20 per day but in bills for actual hotel expense under limits set by the state administrative board and receive five cents instead of 10 cents per mile for the use of their automobiles.

When the budget was being prepared the liquor control commission wanted a salary of \$12,000 a year fixed for the managing director. The ways and means committee compromised at \$4,000. In addition, the payroll now shows a secretary at \$4,000, an assistant to the managing director at \$3,600, an auditor at \$4,000 and numerous other high priced individuals. The vaults of the commission must contain some precious stuff for Gus Janberg draws \$2000 annually as its custodian.

The office payroll and salaries of inspectors for the last half of July total \$12,335.03. At this rate it will cost \$311,440 a year to run this outfit, requiring a lot of tax on a lot of \$2500 to leave anything over for the general fund. In fact, this sum will probably not suffice for each time a payroll is made out it requires more money.

Airplane Rides

Expense vouchers for employees of the liquor commission are also of considerable interest. There are vouchers for airplane rides, bills for members of the state police at Detroit hotels and other interesting items. One in particular attracted attention. An employee of the commission made an extended trip. No matter whether he stopped at Newberry, St. Ignace, Lansing or Podunk, his appetite showed great regularity. Every day there is a 75 cent breakfast, a dollar lunch and a \$1.25 dinner. It is hoped that when the commission has its organization better in hand some of these abuses will be cured.

Another interesting discovery, at least to members of the legislature, will be to learn that right when the legislative stenographers were drawing down six dollars per day, Sundays included, they still had time to do some transcribing for the liquor control commission. They got their extra pay too.

Easy Money

To what extent some of these commissions carry on with their new found money would be amusing if the need for revenue was not so great. While schools are closed for want of funds and while teachers in others are carrying on with little or no pay for the sake of the children, beer tax money is wasted like no need existed. For instance, the beer commission pays its auditor \$4500 while the chief accountant for all state funds, including that collected from the beer tax, receives only \$3600. The principal

clerk in the beer division gets \$2400 while the chief clerk for the larger staff of the administrative board receives only \$1800. Alongside these is found the cashier in the office of the state treasurer who is held accountable for all moneys from all sources who gets by with a meager \$2340 per annum.

As the new deal unfolds and other new commissions come into full swing there will be some more interesting disclosures. The emergency welfare commission which is charged with the distribution of \$12,000,000 tax money to relieve the destitute and unemployed is unhampered in its use of the funds for its own expenses. How much will be left for food and shelter of the poor is the query. Then too there is the sales tax commission, and the public trust commission and the old age pension administration and a lot of others.

Foolish Figuring

Referring again to schools it is noted that a great cry is going up to return the legislature in special session to appropriate money for state aid for schools. That will be fine if someone will be good enough to point out some available source of revenue not already tapped. Until that is done the special session would be as futile in that respect as was the regular session. One eminent educator was quoted in Thursday's papers as demanding highway revenues for school aid. His claim is reported as being that \$120,000,000 had been spent during the past two years in highway building. If the professor is no more accurate in his estimate of the needs of the schools than in the statement attributed to him, the state had best wait awhile before that extra session is called.

The last available report of the state highway commissioner shows that exactly \$25,000,000.28 was spent on all types of new highway construction during the fiscal year ending June 30, 1932. During the following fiscal year, just closed, for which detailed reports are not yet available, all revenues from the weight tax were returned to the counties to give employment to persons who otherwise would have been forced to live off the dole. Deducting federal funds received by the highway department and certainly not available for school aid, it is found that less than \$5,500,000 was available for new work after reducing maintenance costs to the minimum. How the learned professor obtains a total of \$120,000,000 from these figures is conjectural.

Farmers Need Help

Nothing has made the farmer more angry than the veto of the milk commission bill. Right now when codes are being written the farmer needs just such an agency to represent him at the conference table. He is not there and has no voice. He is fearful that he is being cheated out of a fair share of NRA increases.

He is right and when the codes are all written, it will be evident that such a milk commission as was proposed, properly administered, would have increased the milk checks of Michigan many thousands. But this is "spilled milk" now, as one farmer was heard to say at Lansing during a recent conference where everyone but the man who milks the cows was being considered.

Michigan Department of State

WEEKLY NEWS BULLETIN

Frank D. Fitzgerald
Secretary of State

Lansing, Mich., Aug. 23.—Unless the new election law is made inoperative by the filing of 81,000 signatures on referendum petitions, Michigan's 1938 fall elections will be the first since 1915 to be conducted by partisan election boards. Since 1915 Michigan has conducted elections under the Scott-Flowers law which removed election boards from partisan politics. Under the 1938 law, even cities which have non-partisan elections will have election boards selected on a party basis. Efforts now are being made to secure signatures on referendum petitions, the Department of State has been informed.

Since 3.2 beer became legal in Michigan, the number of licensed malt manufacturers has dropped from 98 to 9. Department of State records show. Of the 9 licensed manufacturers, two have already ceased selling malt and two others have announced that they will stop in a few weeks.

Michigan, Ohio, Illinois and Indiana have agreed that trucks, properly equipped in their home states, will not be molested in the other states. At the present time, the laws of the three states vary greatly in the type of lights required on the rear of trucks. This reciprocity was agreed upon at a meeting in Indianapolis. At the same time the three states agreed to make residence of the owner and not his place of employment the determining factor in the purchase of license plates. Thus a man living in Michigan and working in Ohio or Indiana, or Illinois, will purchase Michigan license plates.

Although 14 chain-store companies have filed suit to test the legality of the chain-store license law, 24 companies operating 210 stores already have applied for licenses.

Impression

Making

Many luxuries are indulged in for the purpose of making an impression on one's neighbors or friends.

Although such hypocrisy may be effective with some people for a while, their impression will change quickly enough when they learn that such pretense was only sham.

If you want to win and retain the respect of the more substantial people in your community, live within your means, pay your bills promptly, protect your family's future; be yourself; be independent.

DEXTER.—The Dexter public schools will reopen on September 5 for the fall term, with the enrollment practically the same as last year.

While many of the schools in the state are faced with a shortened term because of lack of funds, it is anticipated that the Dexter schools will complete the full term, according to Supt. Van Aken.—Lender.

BROOKLYN.—Local merchants, in a practically unanimous agreement, have decided on the following store hours: Monday, Tuesday, Wednesday, Thursday, Friday, 7:30 a. m. to 6:00 p. m.; Saturday, 7:30 a. m. to 10:00 p. m. No store hours on Sunday.—Exponent.

BROOKLYN.—A dozen or more white cranes, a rare bird for Michigan, have lately been seen wading in the shallow backwaters of the Norwalk mill pond. Walter Curtis and family have noticed the birds and Chas. Fish says he saw them on a recent trip there. Some of these birds have been reported in other parts of the state. They seldom come as far north, but may become so attracted on their first visits that like the Cardinal bird they will return and take up residence here.—Exponent.

CAN BANKS BE "Too Careful" ABOUT LOANS?

Some people who have vainly sought bank loans complain, at times, that banks are "too conservative". They forget that the loan they seek is the money belonging to depositors, and that the welfare of the entire community rests largely on how the banker handles this money.

The banker asks himself three main questions about every loan: (1) Is it safe? (2) Will it be repaid within a reasonable time? (3) Will it tie up too much of the bank's resources in one type of loan?

These three factors—safety, liquidity and diversification—are most important in connection with any bank loan.

A bank can hardly be "too conservative" in its loaning policy if it is to remain strong and successful.

Spectacular fielding, coupled with timely hitting enabled the Waterloo Stars to defeat the Stockbridge "P" team at Waterloo Sunday by a score of 16 to 4. Prentice was the batting star with three doubles, a single and a walk in five trips to the plate, while Rentschler turned in some sparkling plays in left field. The Stars made 19 hits to their opponents' 8. Batteries for Waterloo: Risthmillier and Komeski; for Stockbridge: Budd, E. Stemen and Moffatt, Parker and N. Stemen. This was the Stars' seventh victory in eight starts. Next Sunday Camp Lakewood of Clear Lake will provide the opposition.

FALSE ALARM

When Ed Burton, who had parked his car on West Middle street last Thursday night, went to look for the vehicle he was unable to locate it. Being quite suspicious of some loiterers he had noticed about the streets he proceeded to get in touch with officers, intending to get a warrant for their arrest. However, with the aid of officers and friends he discovered that the car had been put under the shelter just east of Harper's garage by friends when they saw the severe storm approaching. After thanking his friends for their courtesy Mr. Burton proceeded on his homeward journey.

Jackson Fair Will Open On Tuesday

The 1933 Jackson County Fair will open next Tuesday morning for a four-day program of events that will no doubt attract record-breaking throngs to the exposition.

Three days of horse racing, starting Wednesday afternoon, four nights of elaborate fireworks, a program of free acts that have never before been equalled in this section, will all go to make the exposition one long to be remembered.

When the gates open Tuesday morning thousands of children will be treated as guests of the Fair Association. Tuesday is Children's Day and all are to be admitted free to the grounds and grandstand. The program of the day calls for many events in which prizes are to be awarded to the children. Preliminaries in the events which are to be staged on the track in front of the grandstand, will be run off at 10:30 in the morning, with the finals in the afternoon.

The harness races this year should surpass anything of this nature ever undertaken here. Purses total \$2500. More than 150 horses will be stabled at the grounds by the end of this week. They include some of the best horses that have been assembled on a Michigan track in years and every indication points to an unusually fine race program for each of the three days.

Music at the Fair will be furnished by the Jackson American Legion-Band which is preparing to go to Chicago this fall for the National Legion convention and the Century of Progress.

The free acts this year can be referred to as an open-air circus. The host of acts include such outstanding troupes as The Mann Brothers, wire-walking artists of international repute, the Curtis Black Horse Troupe, Curtis Dog and Pony show, Shorty Flemm, the world-famous clown, Ben Benoit, the man who does things high up in the air and a host of others. These acts are to be on the program each afternoon and evening.

D. H. I. A. REPORT

The average production per cow for the year of 16 purebred Jerseys owned by Glennbrook Farm is 300 lbs. of butterfat with an average test of 5.00 per cent.

This is a fine record, considering that half of the cows in this herd are 2 years old and younger. Glennbrook's herd is also leading the large herd group for the month of July.

Ralph Stoffer of Dexter leads the association with high cow, 558 lbs. of fat and high herd medium size herd with an average of 31-61 lbs. of fat.

Below are listed the class leaders

and the butterfat production records of high cows in each class:

2 Year Old Class—Glennbrook Farm, purebred Jersey, 750 lbs. milk, 34.5 lbs. fat; J. B. Livermore, grade Holsteins, 809 lbs. milk, 33.1 lbs. fat; Glennbrook Farm, purebred Jersey, 837 lbs. milk, 32.6 lbs. fat.

3 Year Old Class—Glennbrook Farm, purebred Jersey, 942 lbs. milk, 42.3 lbs. fat; Walter Breininger, grade Jersey, 852 lbs. milk, 37.4 lbs. fat; Clyde Titus & Sons, grade Jersey, 750 lbs. milk, 32.2 lbs. fat.

4 Year Old Class—J. B. Livermore, grade Holstein, 1420 lbs. milk, 50.0 lbs. fat; J. B. Livermore, grade Holstein, 1277 lbs. milk, 45.9 lbs. fat; Clair Barnum, purebred Jersey, 651 lbs. milk, 36.4 lbs. fat.
