## Ask For Bids On Ann Arbor Paving Project

Murray D. Van Wagener, State Highway Commissioner, has authorized the taking of bids for constructing 0.811 mile of 40-foot concrete pavement and concrete base course on US-12 at the west limits of Ann Arbor.

Bids will be opened at Lansing at 10:00 a. m. Friday, December 15, 1933. If a satisfactory low bid is received at that time a contract award will be authorized and actual work begun at the earliest possible date. The work must be completed on or before July 1st, 1934.

This project will be built under the provisions of Title 2 of the National Industrial Recovery Act of June 16, 1933. The contractor will be required to observe special provisions governing the employment and use of labor on this work, such as the thirty-hour week, minimum skilled labor wage of 54c per hour, unskilled labor wage of 44c per hour, selection of labor from lists of available and qualified men furnished by a county employment service or agency designated by the United States Employment Service.

This work will consist of laying a 40-foot concrete base course on US-12 at the west limits of Ann Arbor, also the reconstruction of 0.808 mile of 40-foot concrete pavement on this trunk line from the west city limits west. The section in the city will be surfaced with asphalt as early as possible next spring. The project will eliminate the present narrow pavement at the Ann Arbor west city limits.

## Operetta Presented By Public School Grades

The entertainment presented Friday evening in the high school gymnasium by the music department of the Chelsea grade school was well attended and much enjoyed. Christmas trees decorated the stage and the children were dressed in colorful costumes. Selections by the kindergarten rhythm band opened the program, with Mrs. Ruth Sheehan as accompanist, the piano carrying the melody and the children beating time with the various instruments.

"The Toy Maker", by Treharne, an operetta in three acts, was presented under the direction of Miss Dorothy Wilson, ably assisted by the elementary teachers, Mrs. Steiner, Mrs. Dancer, Mrs. Sheehan, Misses Brown, Yager, Bollers and Williams. The careful training of the children was evidenced by the delightful manner in which their parts were rendered.

## Village Tax Collection Reaches 94 Per Cent

Village books which were returned to the county treasurer last week by Wm. G. Kolb, village treasurer, show an uncollected balance of only about 6 per cent. This percentage of collection is approximately the same as last year and represents almost 100 per cent payment by home owners and business men, the delinquency being almost entirely on abandoned property in the village. This showing is excellent when compared to reports coming from many municipalities where delinquency runs into a very large percentage.

## Only Eight More Shopping Days

With only eight shopping days until Christmas, Chelsea merchants are making a supreme effort to attract shoppers to their stores. Large stocks of merchandise, bought especially for the holiday season, fill the shelves of local merchants. Window displays are more beautiful than ever and the stores are all decorated in keeping with the yule season.

Merchants who have special offerings for the Christmas trade are telling their message this week through the advertising columns of The Standard. Illustrated advertisements throughout this issue tell a story which should attract thousands of shoppers to Chelsea during the next eight days.

Not only Christmas gifts are featured, but special messages from grocers tell of the advantageous purchases which may be made to aid in preparing the special feasts which will be a feature of the big holiday; and for the baking of delicious pastries for the occasion.

Chelsea's Christmas appearance has been helped during the past week by the setting of a huge Christmas tree at the flag pole by village authorities.

All in all, the yule spirit is prevalent on every hand in Chelsea!

## Christian Crusade Continues This Week

Rev. P. Raymond Powers, director of the New Christian Crusade with the Chelsea group of Methodist churches, is moving the program to the co-operating churches this week by the following schedule: He was in Dexter on Monday, Napoleon, Tuesday; Manchester, Wednesday; he will be in Munith on Thursday; North Lake, Friday; Grass Lake, Sunday morning, and with all the congregations and their ministers to close with a great program in Chelsea on Sunday evening, in which all the ministers of those churches will take part and give reports of their success in securing membership classes.

Rev. Powers, of Chicago, director, who has been doing this most constructive work will be the preacher here at the final service Sunday evening in the local Methodist church. He announces his theme for that service, "The Silver Lining of the World Economic Storm." In this social-gospel message, the speaker will give a Bible interpretation of the role of Russia, Italy, Germany, the United States and other world powers in the storm that will sweep into existence a new social order. This picture of world movements he calls the "Silver Lining of the World Cloud." The six outside cooperating churches promise, with the Chelsea congregation, to fill the Methodist church Sunday evening. Rev. Powers has been in connection with these group meetings, speaking in the high schools, and twice in the churches each day.

Frank D. Fitzgerald  
Secretary of State

Lansing, Mich.—During November, 1933, a total of 8,340 motor vehicle license plates were sold by the Department of State as compared with 607 for November, 1932. This increase is due, in part, to the fact that the 1934 license plate sale for both new and old cars started Nov. 15, 1933 while only license plates for new cars were sold during November, 1932. Revenue from this source during the past month amounted to \$146,000 as compared with \$12,073 for November, 1932.

Motor vehicle registration lists for 1934 will be sold for \$40 a set, the same price that was charged for 1933 lists. In 1931 the lists cost \$200 a set. When Secretary of State Frank D. Fitzgerald ordered competitive bids for furnishing these lists the price dropped to \$50 a set in 1932 and \$40 a set in 1933.

The number of private detective agencies operating in Michigan dropped from 28 to 26 during the past year. Because of difficulty in securing bonds required by the new law, a large number of the old agencies stopped doing business and several new agencies have been formed.

Michigan's 1934 license plates will not be easily confused with plates of neighboring states.

The new Michigan plates have black block numerals on a yellow background. Ohio plates have white numerals on a red background; Illinois, yellow numerals on a black background; Indiana, white numerals on a black background; Wisconsin, black numerals on a light blue background. The 1934 New York plates have orange numerals on a black background while the Pennsylvania plates reverse the combination with black numerals on an orange background.

## Celebrate Golden Wedding Anniversary

The Unadilla Presbyterian church was the scene of a beautiful event on Sunday afternoon, Dec. 3, honoring the fiftieth wedding anniversary of Mr. and Mrs. E. H. Morse, who reside one and one-half miles east of the village.

Promptly at 2 o'clock the "Festival Wedding March" was played by Mrs. Claude Rose, who also acted as accompanist for the remaining musical numbers of the occasion.

The prelude was followed by vocal numbers, "I Love You Truly" and "Is the Years Roll By," by Verna Armstrong Rheingalis.

Then to the triumphant strains of "Here Comes the Bride" the bridal party proceeded down the central aisle to the flower-banked chancel, where the Revs. J. H. and V. A. Rheingalis read the beautifully appropriate lines of the renewal of the pledge of troth.

At the close of the ceremonies, the bride and groom led the procession into the dining hall where more than 40 members of the family and family friends sat down to a bountiful repast served by ladies of the church and community.

When all appetites were satisfied—yes, more than satisfied, Rev. J. H. Rheingalis presided at an informal program of speeches, letters of felicitation, regrets for absences, and group singing was partaken in and enjoyed by all present.

Members of the wedding party, be-

sides the bride and groom, were Mrs. Florence Waddy, granddaughter, as bridesmaid, and Donald Morse, grandson, as best man.

Mrs. Sarah Pyper (whose 70th birthday it was) and William Marshall acted as honorary sponsors of the church, and Miss Ruth Watson and Mrs. Marian Liebeck as ushers.

Decorations, which consisted of baskets of flowers and tall tapers in gold and crystal holders, were in white and gold. The bride carried an arm bouquet of golden cypripediums.

Gifts of a quilt in white and gold, and a love offering showing the esteem and respect of all present were presented, and thus came to a close the events of a perfect day, greatly enjoyed and long to be remembered by all present.

Those present from away were Mr. and Mrs. Donald Morse, Detroit; W. W. Thompson, Grand Blanc; Mrs. Emma Morse Goudy, son George, daughter Suzanne, Christian Lyra, of Angola, Indiana; Mr. and Mrs. Bartlett and daughter of Detroit; Mr. and Mrs. Howard Marshall, Mrs. Ines Bowdish and Mrs. Fannie Hill of Gregory.

Wire You Cannot See

Platinum wire used in a 1,100 ampere fuse designed to protect delicate electrical equipment is thirty times finer than the average human hair; 13,300 could be laid side by side on a 1-inch space. A pound of platinum will yield 25,100,000 feet of this wire—a piece 4,760 miles longer than the earth's radius.

## CLAIRE M. DURAND

Claire M. Durand, formerly of Chelsea, died Friday evening, December 8, at the home of Mr. and Mrs. Leiland Foster, 112 Geneva Ave., Highland Park, with whom he had resided for several years.

He was born in Chelsea, November 18, 1862, the son of Aaron and Mary (Congdon) Durand, his grandfather, Eliza Congdon, having been one of the founders of Chelsea village. Practically his entire life had been spent in the employ of the American Express Co. Starting when a boy as a clerk for W. F. Hatch in the Chelsea office, he later was employed in the Ann Arbor office where his uncle, Albert W. Ames, was executive agent.

After that, he went to Detroit, where he was auditor and employee of the American Express for about fifty years. In September, 1927, he was married to Josephine Louise Watson, who died in December, 1930. He is survived by several nephews, nieces and cousins.

Mr. Durand had many friends and no enemies, as all who knew him loved him because of his unselfishness and desire to make the whole world happier and a better place in which to live. It took very little to make him happy and he was free from the limitations of fear, prejudice or jealousy.

The body was brought to the Stefan funeral home, where Christian Science services were held at 2 o'clock Monday afternoon. Interment was in Oak Grove cemetery.

## Halted Governor's Veto

Abuse of the veto power of the first governor of Ohio created such bitter resentment toward gubernatorial interference that when his successor secured control of the constitutional convention in 1892 they adopted the opposite extreme, depriving the governor of any voice in legislation. Under the territorial government the legislature could not pass a bill over the governor's veto; under the first constitution, until 1892 the governor could not veto a bill at all.

## Telling the Christmas Story

IT WAS Christmas Eve. Outside the snow was falling in great feathery flakes, turning the bleak winter landscape into a thing of beauty. It clung to the stretching arms of the trees; it covered roofs and lawns with a mantle of white.

"How beautiful!" Helen Marvada whispered to herself, as she gazed out of the window. "A symbol of the dawn of happiness that the spirit of Christmas has flung around the world."

She turned at the sound of a word. "Mother, won't you read the Christmas story now, while we wait for Daddy?" It was pretty, dark-haired baby who spoke, but in a minute the other children, school her request.

Mrs. Marvada sat down in the softly-lighted room. The very atmosphere of Christmas was there. Holly wreaths hung in the window, a Christmas candle was burning on the table, and a low fire blazed upon the hearth.

Opening the Bible at the second chapter of St. Luke, she began the

beautiful story that has thrilled the world through the centuries. Her voice grew in richness and volume as she went on.

"And she brought forth her first-born son, and wrapped him in swaddling clothes, and laid him in a manger, because there was no room for them at the inn."

"And there were in the same country shepherds abiding in the field, keeping watch over their flocks by night."

"And to the angel of the Lord came upon them, and the glory of the Lord shone round about them; and they were sore afraid."

"And the angel said to them, Fear not; for behold, I bring you good tidings of great joy, which shall be to all people."

"For unto you is born this day in the city of David a Saviour, which is Christ the Lord."

"Mother, how beautiful your voice is. It is as sweet as the music of the angels," a slender boy of twelve was speaking, and his own tones were tremulous with emotion.

"It is the beauty and simplicity of

the story, Robin, which you feel. One can almost see and hear as they read—Mary and Joseph—and—and the Christ Child."

"There was silence in the room for a minute. Again Robin was the first to speak: 'I wish I could go like the shepherds and adore him,' he said, his blue eyes shining."

"Robin, that isn't possible for us now, but we can show our love for him in many other ways at Christmas, by being thoughtful and kind, by making others happy, by remembering those who are in need," Mrs. Marvada

reached out and patted her son's blond head as she read:

"And this shall be a sign unto you: Ye shall find the babe wrapped in swaddling clothes, lying in a manger."

"And suddenly there was with the angel a multitude of the heavenly host praising God, and saying, 'Glory to God in the highest, and on earth peace, good will toward men.'"

"And it came to pass, as the angels went away from them into heaven, the shepherds said one to another, 'Let us now go even unto Bethlehem, and see this thing which is come to pass, which the Lord has made known to us.'"

"And they came with haste, and found Mary and Joseph, and the babe lying in a manger."

"No wonder were the faintly, so wrapped up in the beauty and absorbing interest of the story, that James Marvada stood in their midst before they knew it."

"Oh, dad!" Robin cried. "Mother has been reading about the coming of the Christ Child—about the shepherds—and—and everything. I wish you had been here."

"I wish I had," James Marvada replied, as he lifted Robin in his arms. "I can never forget the beautiful picture you made as I entered. All of you listening, and—mother's beautiful voice falling like music in the room."

"He smiled with care under-standing at his wife as he finished speaking."

Helen Marvada returned his smile. "We shall wait for you next year," she said; "this beautiful hour is going to be a part of our Christmas for always."

Hayes, Manchester, celebrating the  
birthday anniversary of her grand-  
daughter, Mrs. Weinberg.

McINTOSH SCHOOL NEWS

There will be a health meeting at  
McIntosh school Friday evening, De-  
cember 15. The program will be fur-  
nished by the patrons of the district.  
Everyone is invited.—Madelyn Rowe,  
4th grade.

This month all the children have  
improved in study habits. Those that  
are beyond the danger point are  
Duane Rowe, Duane LeVan, Donald  
Harr, Imelda Bowman, Madelyn Rowe,  
Laella Beeman, 4th grade.

We have been serving hot luncheon  
for over a month. Our cook and  
server for the past month was Mary  
Ulrich, while the dish washer and  
wiper were Duane Rowe and Mrs.  
Kalmbach.—Duane Rowe, 7th grade.

For our visitors this month we had  
Mrs. Huyek and Miss Haas. Our  
teacher has made a visit to one of the  
patrons.—Junior Huyek, 4th grade.

This month in our sandtable we  
have made the world map of clay on  
a blue background of crepe paper,  
which represents the water. On the  
Atlantic Ocean we have Columbus' three  
ships, the "Santa Maria," the  
"Pinta" and the "Nina," which are  
sailing to reach the East Indies.—  
Mary Ulrich, 6th grade.

We have written our school play,  
"Right Makes Right" and the parts  
will be given out after Thanksgiving  
vacation.—Edwin Huyek, 8th grade.

The percentage of attendance of our  
year up to date is 88.1 per cent, with  
no case of tardiness.—Marcella  
Huyek, 6th grade.

**The "Ringer"**

The "Ringer" in horse racing is a  
camouflaged substitute for a horse  
under whose name he is entered.

**OLD TIME SALVATION**

Would you see a real revival  
Of the real old fashioned kind?  
Where sorrow with repenting tears  
Evince contrition's mind.

The anxious soul—The mercy seat,  
Where contrite spirits blend,  
Where—bliss—assurance—brings—the  
peace.

Of God, the sinner's friend,  
Where Saints with consecrated hearts,  
Unite with strong desire,  
Till importuning prayer brings down  
The great consuming fire.

When Zion travails, she brings forth;  
No other way we know,  
No other way is scriptural,  
Experience proves it's so.

—By Arthur Carlton.

**HOWE SCHOOL NOTES**

We are practicing for our Christ-  
mas program.

The sixth and seventh graders  
made Thanksgiving booklets for lan-  
guage class.

The pupils who received an A in  
spelling last month are Louise and  
Albert Klink, Kenneth Gulnan, Cath-  
arine Rondon.

Our visitors for last month were  
Miss Haas and Mrs. Rondon.

We are sorry that one of our little  
schoolmates, Pauline Klink, has been  
ill. We hope she will soon be able to  
return to school.

nor tardy during November are the  
following: Catherine and Loraine Ron-  
don, and Florence Gulnan.

Florence Gulnan, Reporter.

**Deserves Remembrance**

Remember the Christmas day to  
keep it wholly, by remembering that  
the name of the New York editor who  
wrote the famous editorial, "Yes, Vir-  
ginia, there is a Santa Claus," was  
Church. He has long since passed to  
his reward. His tombstone should be  
buried in holly wreaths every Christ-  
mas.

**OUR NEIGHBORS**

**WAYNE**—The Wayne Commission,  
at its meeting Tuesday evening, ex-  
tended permission to Wayne Post, No.  
111 of the American Legion, to erect  
a Christmas tree in the park opposite  
the village hall. A live tree is to be  
planted for the purpose and hence it  
will be available every year hereaf-  
ter. A tree about 15 feet in height  
is to be planted with the actual work  
scheduled to be done on Saturday.—  
County Review.

**BROOKLYN**—The Napoleon oil  
well prospecting hole is now down  
2705 feet going slowly through hard  
rock containing a percentage of iron.  
This week heavy tools were brought in  
to pull the 1900 feet of six inch casing  
which was put down in an at-  
tempt to get rid of the water which  
slows up the drilling process. The  
water could not be cased out because  
of fissures at intervals in the rock.  
Harold Conover, in charge of the out-  
fit, says that they can proceed as well  
without the casing and that they may  
again try the casing with smaller size  
pipe after they have reached 3,000  
feet.—Exponent.

**CHARLOTTE**—The Grand Trunk  
R. R. has placed on the Detroit-  
Grand Rapids run an experimental  
locomotive that is attracting no little  
attention from people in towns along  
the line. The experiment is one in  
low cost railroad transportation, and  
the Diesel-electric engine is operated  
by fuel oil. The maximum speed is  
about 80 miles per hour, but great  
economy of operation is its strong  
point. In a test run from Detroit to  
Lonia, a distance of 100 miles, but 80  
gallons of fuel were used at a cost of  
two cents per gallon. The car is 77  
feet long, 10 feet and 8 inches high.  
It has six wheels on the forward  
truck and the regulation four wheels  
on the rear truck.—Republican-  
Tribune.

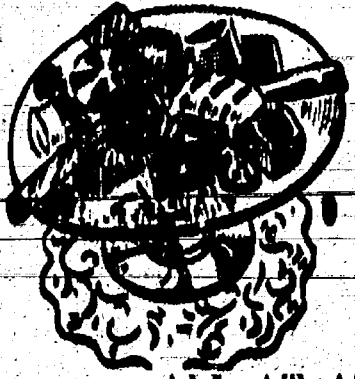

**Solid Comfort**  
A London doctor, at his own request,  
was buried fully dressed in blue serge  
suit, holding a box of matches in one  
hand and a pipe in the other, with a  
tobacco pouch lying on his breast. His  
favorite stick lay by his side.

### HAPPILY SURPRISED

The Ladies' Aid and Missionary Societies of Salem M. E. church united in a surprise birthday party on Friday in honor of Mrs. P. H. Riemschneider, celebrating her 70th anniversary. A pot luck dinner was served at the Riemschneider home in Sylvan township, with covers for 61. The birthday cakes were made by Mrs. Truman Lehman and Mrs. William Broesamle.

Features of the afternoon program were readings by Mrs. Clarence Lehman and Mrs. Truman Lehman; solos by Mrs. Alma Kalmbach and Mrs. Thelma Rentschler, a talk by Rev. H. W. Lenz, and an original poem, "Dedicated to a Friend", by Mrs. Henry Allmendinger.

On Sunday, Mrs. Riemschneider was hostess at a family dinner, the guests including Melbourne Howett and son Stanley of Milford, and Mr. and Mrs. D. B. McKenzie of Stockbridge. The three-tiered birthday cake forming the centerpiece was made by Mrs. Riemschneider's daughter, Mrs. Hilda McClure, and was lighted with 70 pink candles. Rev. Lenz presented Mrs. Riemschneider with an etching, designed and made by himself, and bearing the dates 1868-1938. The afternoon was spent in a social way.

## Christmas Dinner On A Battleship

By Charles Frederick Wadsworth

MR. AND MRS. BLANK, let us say, are having some of their kinfolks for Christmas dinner, on a farm, ranch or plantation, or in a cottage somewhere in America.  
The conversation turns to a boy of the neighborhood who is in the navy. "I wonder what Frank is doing today," wonders Uncle George.  
"And what he is having for Christmas dinner," Aunt Josie speculates.  
"Navy beans and sowbelly, I betcha," opines Grandpa, who served in the Civil war.  
"Let's see," says Pa. "Frank's on a battleship, isn't he?"  
"Yes, it's the Arkansas." This information from Ma.

Then he'll have a swell feed," comments little Bill, who reads a lot and thinks maybe he will join the navy himself some day.  
Just to satisfy the curiosity of Pa and Ma Blank, Aunt Josie, Uncle George, Grandpa, little Bill, and the neighbors generally, suppose we all step into the quartermaster's office on the U. S. S. Arkansas and sit at a mahogany desk with Chief Commissary Stew and Jimmy East and find out all about what the boys on a battleship have to eat at Christmas time.

"First," says Chief Jimmy, as he takes out his fountain pen and reaches for a sheet of letter paper with "U. S. S. Arkansas" printed at the top, "I'll give you the menu we served last Christmas."

Here it is:

**MENU**  
Celeriac, Roast Beef, Sweet Pickles, Fruit Cocktail, Cream of Tomato Soup, Sallinas, Roast Young Turkey, Oyster Dressing, Cranberry Sauce, Timbale Gravy, Mashed Potatoes, Green Peas, Cauliflower, Candied Sweet Potatoes, Butter Sauce, Hot Finger-Rolls, Tomato and Lettuce Salad, Thousand Island Dressing, Assorted Fruits, Nuts, Hard Candy, Hot Mince-Pie, Ice Cream, Chocolate Cake, Coffee, Cigars and Cigarettes.

"That dinner," says Chief Jimmy, "was served to the crew of 1,100—at a cost of \$1.10 per man. In addition, the crew had as guests 200 orphans and other needy children."  
"Is that customary?" Chief Jimmy was asked.  
"Yes, the crews of ships in port make that a regular practice," was the reply. "Last Christmas the Arkansas was in port at San Diego."  
It was suggested that the quantities of food required for Christmas dinner on a battleship might antonish some of the folks "back home."

And Chief Jimmy made this memorandum of the main items, reading each aloud as he put it down:  
Celery, 400 lbs.; olives, 20 gals.; canned tomatoes, 150 lbs.; crackers, 200 lbs.; turkey, 1,200 lbs.; cranberries, 300 lbs.; Irish Potatoes, 600 lbs.; sweet potatoes, 600 lbs.; green peas, 200 lbs.; cauliflower, 300 lbs.; hot rolls, 2,400; ham, 400 lbs.; lettuce, 200 lbs.; fresh fruit, 1,200 lbs.; nuts, 800 lbs.; candy, 600 lbs.; pies, 200; ice cream, 40 gals.; cigars, 1,100; cigarettes, 1,100 pkgs.; coffee, 100 lbs.

At this point Grandma might well have exclaimed: "My gracious! Six hundred pounds of Irish potatoes! It would take a week to peel them!"  
"How about that, Chief? Do you have any labor-saving devices in the galley?" ("Kitchen" to landlubbers.)  
"Oh, yes," says Chief Jimmy. "The potatoes are peeled by power peelers, of which we have two, each with a capacity of a hundred-pound sack in approximately five minutes. But the boys dig out the eyes with paring knives in the good old-fashioned way. We also have eight heavy standard oil-burning furnaces, and twelve steam boilers, each of sixty-gallon capacity, for vegetable and so forth. The meal is prepared under my direct supervision by twenty ship's cooks and eight bakers. Fifty-five mess men serve it."

"Of course you serve a good quality of everything!"  
"Only the very best," says Chief Jimmy. "Besides the regular government inspection, all foodstuffs are again inspected at ship-side, and any offering that is not up to specifications goes right back!"  
And there you have the story of a Christmas dinner aboard one of Uncle Sam's battleships.

## Legion Auxilliary Is Actively Engaged

If you have never attended a local Legion Auxilliary meeting, you can scarcely visualize the enthusiasm that runs rampant in its midst. It would be worth the membership to hear Virginia Brock present her points of action which she has tabulated in that little loose leaf notebook that should be put in the archives for permanent preservation. It is a masterpiece.

Twenty-six members were in attendance at the last regular meeting with Eleanor Lamberton on December 5. A portion of the time was given over to a delightful shower of household necessities for Mrs. C. Bahmiller, to help reimburse her stock which was lost in her recent fire. Included in these gifts was a lovely quilt pieced and tied by the unit members for this particular purpose.

A really worthwhile project has been taken up by the local unit, in adopting the needs of one of the children in the Billet at Otter Lake. The child in an optimistic spirit wrote her letter to Santa Claus asking for a doll, a trunk and the little luxuries which go toward a doll's career. This letter was sent to the local unit with the result that this week the child's wishes were partially fulfilled by the supplying of the things for which she asked—a beautifully dressed doll with many more pieces of attire packed in a spacious cedar chest. These have been sent to the Billet and on Christmas morning will satisfy the material need of the child.

Not the least of the unit activities was the five dollars which was voted to be sent to the hospitalized veterans at the Facility in Camp Custer and the American Legion hospital to help take care of their Christmas this year.

These are but a few of the projects to which the Auxilliaries throughout the nation are unreservedly giving their time and effort in order to make their program a success. To doubly insure this success, Michigan alone

has set her membership strength at 12,000. These memberships are always open to eligible women of the nation—this eligibility being given them through human sacrifice. January first would be a splendid starting point for any who wish to enjoy these activities.

The January meeting will be with Blanche Palmer on the fourth Tuesday of that month.

## QUEER CUSTOM

**IN HERRFORDSHIRE, Eng-**land, a queer custom was formerly observed. On Christmas Eve the farmer's servants procured a large cake, stuck a pole through it and then fastened it on the horn of an ox, repeating at the same time a certain formula to the effect that their master might have a good crop of corn. The men and boys then collected around the ox; when, if it happened to throw the cake behind, it belonged to the men; if before, to the boys.

## NEW FORD V-8 for 1934

THE UNIVERSAL CAR

The New Ford V-8 for 1934 is now on display at the showrooms of Ford dealers. Surpassing even the great Ford of 1933 in economy, beauty and comfort, it is truly the car of this modern age—the culmination of thirty years Ford progress. It combines the proved performance of the V-8 cylinder engine with two important new features—Dual Carburetion and perfected Clear-vision Ventilation. See this car today and drive it at the first opportunity.

## OUTSTANDING IMPROVEMENTS IN THE NEW FORD V.8

**BETTER PERFORMANCE.** Greater power, new speed, quicker acceleration, smoother performance, more miles per gallon especially at higher speeds, and quicker starting in cold weather—all these result from the new dual carburetor and dual intake manifold. New water-line thermostats enable the engine to warm up more quickly and to maintain an efficient operating temperature. Added engine refinements reduce oil consumption, further improve operating economy and reduce maintenance costs.

**NEW VENTILATION SYSTEM** permits clear vision, prevents drafts and provides desired amount of fresh air in any weather. Individual control for front and rear side windows. When ventilation is desired the window glass is raised to the top. Then the handle is given an additional half-turn. This slides the glass back horizontally to form a narrow slot. Through

this slot air is drawn out by the forward motion of the car. This simple ventilation system maintains draft-free circulation, insures passenger comfort, prevents fogging windshield in cold or stormy weather. Both windshield and cowl ventilator can be opened to supply additional air needed for comfortable warm-weather driving.

**DISTINCTIVE NEW APPEARANCE** enhanced by the newly designed chromium-plated radiator shell and grille, new hood louvers, new hub caps. Interiors are attractive, with new tufted upholstery, new mouldings, new cow-type headlining, new instrument panel, new arm rests, new hardware. Swivel-type sun visors in De Luxe bodies prevent glare from front or side.

**FENDERS IN COLOR.** On De Luxe cars fenders are in color to harmonize with body colors—wheel covers optional. New enamel finish on

all bodies and fenders has greater wearing quality and more enduring luster.

**EXETER RIDING COMFORT** results from increased spring flexibility. The spring leaves are newly designed for quieter and easier action. Shock absorbers are improved. Seat cushions are deeper, with new, softer springs. New type, individual bucket seats provide increased comfort for front-seat passengers in the Tudor Sedan. Adding to comfort is the new driving ease of the 15-to-1 steering gear ratio.

**PRICES REMAIN LOW**—Tudor Sedan, \$313. Coupe, \$315. Fordor Sedan, \$325. De Luxe Tudor, \$373. De Luxe Fordor, \$323. De Luxe Coupe (5 windows), \$355. De Luxe Coupe (3 windows), \$335. De Luxe Roadster, \$325. De Luxe Phaeton, \$330. Cabriolet, \$390. Victoria, \$410. (All prices f.o.b. Detroit.)

## Glorious Christmas Time

"This Christmas stuff gets me 'quart' growled a man in a fishing dory coming home. 'All I get out of it is heavy weather, a poor catch, and little money. I don't want to hear no more about it. I'm a-goin' to treat Christmas like any other day. I'm a-goin' out to look at my traps and not act so foolish as other folks'."

"That so?" replied his companion. "Ice lay on the spray-hood. Sleet and cold water sloshed around in the boat-bottom. The shore looked dark and uninviting. 'Maybe you'll change your mind after you've had a good hot mug-up. Guess you're hungry.'"

The boat went on through the black water. Now a sudden brightness showed on the road high above them, several of them, bobbed in a group. And the wind brought the voices of people singing. Down on the dark water the music drifted—clear, sweet, almost unearthly. "Oh, little town of Bethlehem."

"Kind of nice," growled out the man who was fed up on Christmas. "Kind of cheers a fellow along. I always was mighty fond of that there tune."

The music ceased. The water seemed thicker, colder than ever. "What they'd tune up again," at Christmas a man like music, those hymn-tunes—well, a fellow'd miss 'em, I reckon."

His companion laughed. "You bark awful fierce, don't you? But when it comes right down to it, one little tune sets you straight with Christmas spirit. You don't hate Christmas. You're just hungry."

Again the music lifted in the night air and floated down to them. "Nathaniel," like 'em, 'em, 'em, in all the world like Christmas music to put heart into a fellow."

The dory slid into the slip. And two cold fishermen climbed wearily home, the echo of music ringing in their ears.—Martha Manning Thomas.

Christmas Experience, Helping to Play Santa

IT WAS Christmas Eve. The first express was roaring through the night. In the smoker, half a dozen of us were telling Christmas experiences we had known.

"The strangest Christmas I ever spent," I began, when it came my turn, "was about fifteen years ago. I was obliged to stop over in a small western town, and felt a bit sorry for myself. I was convinced Christmas was going to be a pretty dull affair."

"I think it was along about this time on Christmas Eve, while I was sitting in the hotel room, that someone tapped lightly on my door. Opening it, I beheld a stranger standing there."

"May I come in a minute?" he asked.

"Why certainly," I replied, as I swung the door wide, "I'll be mighty glad of your company."

"The man looked quite a bit before he spoke."

"I'm going to make a very strange request," he faltered. "I'm going to ask you, a stranger, to help me play Santa Claus. Years ago, in the transfer of a mining claim, I cheated a man."

His family are now in need, and I want to do something. The thing has been driving me almost crazy."

"I don't want anyone in town to know about it, that's why I'm calling upon a stranger. It must all be done through you."

"That Christmas I spent \$4,000 on a family I had never seen before, blindfolded to secrecy, and giving the excuse of being an eccentric millionaire who wanted to make a merry Christmas for some one."—Katherine Edelman.

area this fall. The crop this year is the largest that has been grown in the area since the times just after the war. Three hundred carloads have already left the stations at Azalia, Cane, Whitaker and Milan where the crop has been loaded. The shipments were made to the refineries at Mt. Clemens. According to the estimates of Mr. Cox, local production superintendent, the average yield per acre will be a little in excess of nine tons to the acre. This average is smaller than last year, due principally to the extremely dry weather of mid summer.—Leader.

## Christmas Operetta Draws Large Crowd

There were 196 pupils who took part in the operetta directed by the teachers of the first six grades and Miss Wilson.

It was the first time the kindergarten performed and appeared in public.

Mr. McManus took the picture of these children in their full attire, which was very picturesque.

Paul Schneider sang a very pretty song "I Love the Princess of the Moon," while Barbara Schenk sang "I'm so tired of Palaces."

Robert Breitenwischer was the drummer and he was very well received by the audience.

The children that came dancing out of the clouds are again going to appear at the American Legion soon.

The operetta of this season had no resemblance whatsoever of the past year. However, "The Toy Maker" was equally charming and filled with Christmas happiness.

I'm sure that everyone that saw the operetta was well satisfied with the talent of the little folks.

Once more we are proud of our young performers.

Shirley Carpenter: "Can anyone tell me whether Nova Scotia is in South America or in Africa?"

Why is the Thanksgiving turkey like the American Eagle? One gives us peace in all our states; the other a piece for all our plates.

Why is a Judge like a baseball player? Because when he fails to make a hit they put him on the bench.

It seems that young Blecker was in the court room the other day, and was making considerable noise in the back of the room.

Judge: "Why all the noise in the back of the room?"

Harry: "I've lost my overcoat and I'm just trying to find it."

Judge: "Well, sit down. Why that's nothing. Often people lose whole suits in here without making that much noise."

Jim P., laughingly: "These Freshmen are so dumb it takes them about a year to see through a joke."

Harley Prudden: "I don't see anything so funny in that."

Jim P.: "Oh, that's all right. Just wait about a year and you'll see through it."

And so we come to an end of the first of a series of broadcasting periods. Station C-R-A-Z-Y signing off! Crack! Whiz! Burrr! Bang!

## What Is It?

The man who does one thing in life and but one.  
 May hope to attain it before life is done;  
 But the man who does all things, wherever he goes,  
 Only reaps from the seed which around him he sows,  
 A harvest of barren regrets. —Goethe.

## Weather Not Too Bad to Deliver Yule Presents

TOMMY earned twenty-five cents a week bringing the mail a mile up the hilly road to people who lived that far from the post office. He came in all weather, winter and summer. On cold days of sleet and snow, he wore a man's sou'wester and oilskins, also rubber boots. Under the broad brim, his face always smiled; he never seemed tired, and no matter how severe the weather, would always reply, "Oh, not too bad!" when you asked him about it.

Toward Christmas the mail became very heavy. Tommy puffed and struggled up the hills, sometimes staggering in after eight o'clock in the evening.

On Christmas Eve it grew to be half-past eight, then nine, then half-past. No Tommy. People waited for him, peering out of frosty windows. The weather was bitter cold. At last there was the familiar tramping on the kitchen steps. The door burst open, and in fell Tommy completely buried in bundles. They picked him up and saw that he had a bad bruise on one cheek.

"What was the matter?" they asked. "Oh, I had a lot of bundles and a wooden box," grinned the boy. "When I came to Candy Hill it was right slippery. So, I hauled all them packages aboard the wooden box, got onto 'er, and slid to the bottom. I capsize'd there and kind of hurt myself."

"The family gave him hot chocolate and a present. Then in a sort of affectionate amusement, they asked the same old question. 'How was the weather, Tommy?'"

"Oh, not too bad!" smiled the boy. "You get a dollar this week," said the head of the family, "for being the best boy in the county, and for doing your job without complaining. Here's to a regular fellow!"

"What's that?" grinned one of the others.

**Question And Answer Dept.**

Ques.—I am curious to know if it is true that most World War soldiers went through that conflict without a scratch?

Ans.—Hardly; there were too many coddles.

Ques.—Will you please tell me in your question department how I can find the distance of a "light" year?

Ans.—Multiply the number of seconds in a calendar year; which is 31,536,000 by 186,324, the speed that light travels at per second, you will get the distance light travels in one year.

Ques.—What is the processing of gold that changes its original color to white, green or other colors? Does this processing change the value?

Ans.—Colors of metal are obtained by adding alloys for the purpose of hardening. A small percentage of platinum or palladium added to gold will make white gold, and green gold is produced by adding a small percentage of silver.

Ques.—Did man ever cause it to rain? Or is that just a myth?

Ans.—In 1905 Dr. C. M. Hatfield gained world-wide notoriety by an attempt as a rainmaker during a drought in California. He was offered \$1,000 if he could cause 18 showers in a period of five months. In the five months 19 showers fell that averaged over an inch of rainfall each, and he collected. In 1922 he was called to Italy to end another drought, and in two weeks after he set up his apparatus there was a heavy downpour. These may have been just coincidences.

Ques.—Do rattlesnakes ever fight each other?

Ans.—Not often; and never seriously. Two males will fight, but as each is immune to each other's venom, not much damage can be done. A few moments in combat usually determines which is the stronger of the two. The weaker snake will quickly turn tail and scamper away.

Ques.—I wish to ask in your good paper what the abbreviation "T. N. T." stands for?

Ans.—"T. N. T." is the abbreviation of "tri-nitro-toluene," which is the name of a most powerful explosive.

Ques.—Is the Reconstruction Finance Corporation a private concern? If so, who are the men behind it?

Ans.—The Reconstruction Finance Corporation is an independent office of the United States government, and its capital comes from the United States Treasury. Therefore all taxpayers have their money in it.

Ques.—Are Chinese and Japanese who are born in the United States classed as citizens?

Ans.—According to Article XIV of the Constitution: "All persons born or naturalized in the United States, and subject to the jurisdiction thereof, are citizens of the United States and the State wherein they reside." Therefore, they are citizens. However, Chinese and Japanese cannot be naturalized in the United States nor enter this country as immigrants.

Ques.—Who was it that made famous this expression: "Government of the people, by the people and for the people?"

Ans.—This was President Abraham Lincoln. It was used in the concluding address of his Gettysburg oration, when he said: "That this nation, under God, shall have a new birth of freedom, and that government of the people, by the people and for the people, shall not perish from the earth."

Ques.—Will the United States government issue a patent on a perpetual motion machine?

Ans.—They will if you can prove to the satisfaction of the patent office that the machine actually produces perpetual motion. The patent office has been annoyed by so many cranks on the subject of perpetual motion that it will not receive applications for a patent claiming perpetual motion unless accompanied by a working model that demonstrates beyond all question that it will operate indefinitely without receiving energy from any outside source whatever. Many inventors have tried to impose on the patent office by submitting models which would run awhile, but which were found, on investigation, to be frauds.

Ques.—I would like to ask in your good paper what is the religion of President Roosevelt? Also if his wife is a Catholic?

Ans.—President Roosevelt and his wife are both members of the Episcopal church.

Ques.—Kindly inform me as to whether the ZR-3 or the present Los Angeles was given to the United States as part payment on their war debt or did the U. S. pay Germany cash for same. Also, what amount was paid for same. Has Germany otherwise paid any cash or products to the U. S. on their war debt?

Ans.—The ZR-3 (or Los Angeles) the gigantic dirigible, was taken over from Germany in 1924 and the purchase price was credited on its war debt. Germany has not defaulted on its debt problem, although the principal has not been materially liquidated.

**The Great Divide**

The Great Divide is an elevated ridge of land, or a watershed in western United States, separating the rivers which flow toward the Atlantic from those which flow toward the Pacific. This expression "Great Divide" is commonly applied to a broader extent of country than the Continental Divide or watershed proper.

**Pats. of Anc. Dogs**

The remains of two mammoth dogs were found in northern Arizona recently, buried beside the bodies of ancient residents of that country. It is said that this civilization flourished between 2,500 and 1,500 B. C., which would indicate that dogs as pets or companions were known at that time. One of the dogs resembled a yellow-margined collie and the other was black and white, but considerably smaller. They were in a perfect state of preservation.

## Decorations for the Yuletide

Decorating the home has become almost as important a part of the Christmas celebration as decorating the table, and making the Christmas table attractive is as essential as having the turkey properly seasoned and the plum pudding piping hot. Certainly, the traditional use of holly and mistletoe is as acceptable as ever; but many new and unusual treatments have been developed for those who crave something a little different, a little gay and festive, especially for this year of all years.

Of course, the Christmas tree itself belongs to the children and should be decorated to suit them with all the gay little ornaments so dear to their hearts. During recent years, many people have used only one color on the tree, such as blue or silver. This year a red, white and blue scheme might be tried, with one layer of blue glass balls, one of red and one of white or silver—and so on up the tree. An added bit of joy might be provided by applying a two dimensional Santa Claus on a sheet, which would be suspended on a wall beside the tree. Lack of technical skill in the execution will make this feature even more amusing.

In many homes, the tree is placed in nursery or upstairs sitting rooms and for these, a tree of different type might be used for the living room decoration. Flat trees, made of such materials as plywood, sheet metal or folded cellophane, might be placed on the mantel shelf or against a bare wall space; while real trees, in miniature sizes, are attractive on either side of the fireplace or at the entrance door to the room. The artificial trees could be in any color to match some decorative note of the room and might be trimmed with white cords or tassels, ropes of tinsel or painted pine cones, as well as the more usual but always lovely glass balls. An airy fairy type of tree might be constructed by pasting feathers on a cardboard

Tiny Christmas Tree May Be Gayly Decorated.

tree; while nothing could be lovelier than a tiny evergreen, hung with real flowers, particularly some flowers of white.

The decorative touches for the room itself may be either as simple or elaborate as is desired. A huge bowl of the ever-present glass Christmas tree ornaments may be placed on the piano; while a mass of fruits and sweetmeats, surrounded by springs of holly would be effective on the mantel piece. Very inexpensive white lamp shades can be decorated with printed designs of Santa Claus and his reindeer or hung with sprays of real leaves and poinsettias. Another idea is to place candles in the wall brackets and have the entire room beautifully candle-lit.

More pretentious schemes provide for the decoration of the walls themselves. Swags of leaves may be suspended from the picture moulding, draped up at intervals with glass balls, mistletoe or poinsettias, the leaves being green on white walls and silver, gold or white against various colored backgrounds. If preferred, the reverse scheme, with swags of colored balls caught up with sprigs of holly or pine cones might be developed. Windows, too, may be given a festive air by swags of red or green cords or ribbons, entwined with painted berries; or if the drapes do not permit of extra decoration, wreaths made of the glass ornaments, silver leaves or tinsel and poinsettias combined, may be hung from the tassel or cords.

The center of interest in the dining room is the table and a host of new ideas are available in preparing for the Christmas feast. For the children's table, a tiny Christmas tree might be hung with strings of popcorn or cakes baked in interesting designs. Tiny gifts, placed around the table, might be attached to the tree with red and green ribbons. For the adults, the basis of the scheme might be a tablecloth of tulle or dollies of oilcloth, decorated with figures painted on or cut from gift paper. Painted pine cones could be used for place cards or candle holders and centerpiece might be a bowl or glass ball or a cornucopia of fruits, surrounded by poinsettias, holly leaves or gilded nuts and berries.

Very little expense, combined with ingenuity and thought in handling the decorative scheme will add immeasurably to the festive spirit and the joy of Christmas day. Josephine Walter, in St. Louis Post-Dispatch.

## The Christmas Pup Sent by Dad to the Kiddies

"Isn't he sweet?" "Isn't he darling . . . look, mother . . . see the white under his chin! What shall we call him?" Mrs. Wallace reached down and gathered into her lap a somewhat forlorn, big-eyed puppy. He wore a smashing red bow around his neck, and he still bore the tag, "Merry Christmas to the Kids From Dad" dangling from the ribbon. But he cringed a little and trembled, and tried to hide under the kind elbow of Mrs. Wallace.

"See here, children," she began, trying to soothe the little fellow, "I want to tell you something. How would you like it if I wrapped Susie up in white paper, put a tag around her neck, and sent her off as a present to some one? Wouldn't you hope the people who got her would be kind to her? Would let her sleep? Would give her the proper food? Susie is nothing but a baby; so is this puppy. He's frightened; he misses his mother. And while I know you love him, I want you all to be sure not to tease him; to let him sleep, and to treat him exactly as you would want people to treat little Susie. Love him all you want, but think of his side of the matter."

They all looked a trifle soberly at Susie, who didn't know in the least what to make of it. So she patted the puppy with a fat hand and said, "Let's call him just Pup . . . and love him whole lots!"

"We'll be very careful of Pup, mother, won't we?" chorused the others. "Isn't he darling? Isn't he sweet?" "I'm going to put him in his basket now," said Mrs. Wallace, "and I don't want one of you to waken him until he crawls out himself. Then he'll be ready to romp."

Little Susie kissed him softly on his nose. —Beatrice Nordlow.

In olden days the children of certain islands in the Mediterranean were taught to sling stones to dislodge their food—or they went hungry—to make them expert marksmen.

**Widely Distributed Butterfly**  
The painted lady or thistle butterfly is the most widely distributed butterfly in the world.

**Biblical Dates**  
Although students of biblical chronology have gone far toward determining the actual date of Good Friday, it is unlikely that the real date of the original Christmas day will ever be determined. We may be reasonably certain, however, says Tit-Bits Magazine, that it was not December 25, since that date occurs at the height of the rainy Judean season, when shepherds would certainly not be watching their flocks by night. In the early days of Christianity the feast was kept up at various dates in January, April and May, and it was not until the fifth century that December 25 was agreed upon, probably from a desire to supplant the Saturnalia, from which pagan festival, however, several of our Christmas customs originated.

**Christmas Boxes**  
Christmas "boxes" got the name from the earthen (pottery) boxes in which apprentices collected largess at Christmas from their masters' customers.
