Rev. Henry W. Lenz celebrated his 62nd birthday anniversary on Friday, and his many friends joined in making it a day long to be remembered. ## Local Bank Merger Is Effective Today

Stockholders Ratify Action of Directors to Consolidate Financial Institutions; Deposit Insurance Continues in Effect.

### SCHAIBLE NAMED PRESIDENT

Banking Offices Will Be in Farmers and Merchants Bank Building.

Chelsea's two financial institutions, The Kempt Commercial and Savings Bank, and the Farmers and Merchants Bank, have caused to date as separate units and beginning this morning, Thursday, March 1, are operating as one bank, to be known as—Chelsea State Bank. The banking offices are now located in the building which has been occupied by the Farmers and Merchants Bank, corner of Main and South streets.

Ratification of action taken by directors of both banks to merge the institutions was the result of a vote by the stockholders on Saturday, when a two-thirds majority of votes were cast in favor of the plan.

Immediately after the ratification the stockholders elected directors of the two institutions to guide the affairs of the merged bank.

At a meeting of the directors held on Tuesday evening the following officers were chosen:

President—Paul G. Schaible. Vice-President and Cashier—John L. Fletcher.

Assistant Cashier—Carl J. Mayer.

At the close of business on Wednesday, February 28, the separate affairs of the two former banks were closed and during the evening the records and funds of the Kempt Commercial and Savings Bank were moved to the Farmers and Merchants Bank building and everything was in readiness for operation before the opening hour this morning.

Chelsea's two banks have served the community well during the many years they have been in existence. The Kempt Commercial and Savings Bank was founded in 1876 and the Farmers and Merchants Bank in 1908 and no depositor has suffered a loss, even during the economic stress of the past few years when hundreds of banks have of necessity closed their doors with the result that depositors have suffered tremendous losses.

Deposit insurance, under Federal regulations, has been in effect in both local banks since January 1st and will continue in effect in the merged institution.

People of Chelsea and vicinity have been fortunate in having their financial affairs under capable management during the past and with the same management and a merged bank with much greater resources now serving the community there is every reason to believe that local financial stability will continue indefinitely.

There will be a series of lectures of a like nature and speakers and dates will be announced later. Women from the townships of Sylvan, Lima and Lyndon will attend the meeting.

Following the ceremony, a wedding supper was served at the home of the bride's parents. A pink and white color scheme was carried out in the table decorations, features of which were the wedding cake, the groom's cake and pink and white candy baskets as favors.

### Bats That Destroy Fruit

Bats are found in most countries, and tropical lands have species that live on fruit. In Australia, these bats, known as flying foxes, since their faces resemble that of a fox, do enormous damage in orchards. They travel in large colonies uttering screaming cries, ululating at fruit while hovering before it, often filling a large place away. When this happens they behave like domestic fowls, for all the others follow the one with the prize.

### THE MARIGOLD'S FAREWELL

The last to bow its tiny head  
Beneath the frost and snow,  
And whisper kind farewell to all  
Its friend, before it go.

The last to feel death's chilly breath  
And smile a sweet good-bye,  
While rustling leaves and winter wind  
Their funeral dirges sigh.

Its resurrection day will come  
With springtime's brightest cheer,  
And thus with sweeter, happier smile  
Will bring to all good cheer.

Thus Life, and Death, and Life again  
Seems God's good will to man,  
We catch the resurrection view  
And praise Him for His plan.

—Arthur Carlton, M. E. Home  
Dedicated to Mrs. Sarah McGregor,  
Chelsea Old People's Home.

### The Negro's Immunities

The negro's immunities differ with locality. In America he has shown more immunity than the whites to malaria, yellow fever, measles, scarlet fever and diphtheria. He is largely free from hemorrhoids and varicose veins; but he is more susceptible to tuberculosis, diseases of the heart, lungs and kidneys, and to influenza.

# DOUBLE ANNOUNCEMENT!

**OLDSMOBILE OFFERS BIGGER, MORE BEAUTIFUL EIGHT... AT LAST YEAR'S LOW PRICE... \$845!**

**OLDSMOBILE WILL SOON INVADE THE LOW-PRICE FIELD WITH NEW ALL-FEATURE SIX... \$640!**

**YOU EXPECT** some improvements in any new car... But—double your expectations! You'll still fall 'way short of the wealth of beauty and improvements with which General Motors has endowed the 1934 air-stream Oldsmobiles.

**Knee-Action Wheels!** Each front wheel, cushioned on its own flexible coil spring, moves up and down like a knee—"walks" over bumps and holes without jarring the car or the passengers.

**Center-Control Steering** banishes shimmy and shake. The slightest finger touch holds the car to its course. A built-in Ride Stabilizer prevents sway and roll on curves. There is a steadiness and a clinging-to-the-road almost unbelievable.

**Stopping?** The new self-energizing Super-Hydraulic Brakes do it quicker, surer, safer. These new brakes are a tremendous advancement over the conventional type of hydraulic brake.

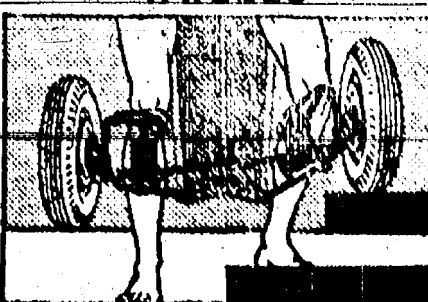

**More room?** It's there. Quietness? It's there. Oldsmobile's Syncro-Mesh Transmission is quiet in ALL speeds; body and engine are cradled in rubber to absorb vibration.

**Power?** 90 horsepower in the new Straight Eight... 84 in the new low-price Six. The priceless year-round comfort of Fisher No Draft Ventilation. Precision-built throughout—with all the ruggedness, performance and economy for which Oldsmobile is famous.

Come in. Whether you plan to buy a new car or not, give yourself the pleasure of looking at, sitting in, driving a 1934 Style Leader Oldsmobile.

Sixes priced \$640 and up, Eights \$845 and up, f. o. b. Lansing. Spare tire with lock, metal tire cover, bumpers front and rear, and rear spring covers built in all cars at extra list price.

## Personal Service Bureau

This week, news is fitting about but without much frivolity. To the inquisitive Junior regarding Thursday night last. It seems the parties in question got the time, the place, and the people, somewhat mixed—through no fault of their own or so they say. However, maybe it's for the best, who knows?

To the doubting Sophomore, regarding what was said three weeks ago in this column pertaining to the Senior, Sophomore affair. Heigh ho—and all's well! They were at the movie last Wednesday night, all of which must mean that everything is okay and in a big way we think.

A Senior inquired as to how to be sure of your girl friend when you're not around, whereupon a very prominent boy in the Sophomore class (the drives a Willys Knight) volunteered all the necessary information, which he will gladly repeat to anyone interested. See the Personal Service for facts leading to identity of the person if you still remain unknown.

And with a heigh de heigh, and ho-de-hum, we remains as always—For no good reason at all—

Personal Service Bureau.

## Hi-Lights of the News

All eyes upon Japan. Talk has long been running about in diplomatic circles that the date of the future Russo-Japanese war has been set for April. Last week, Japan's legislators calmly voted 44 per cent of the 1934 budget to military works. The opposition party took a victory for themselves when they succeeded in keeping the figure that low.

In addition, it is reported that many miles of railroad have been laid from the coast to strategic points on the northern boundary of Manchukuo by the Japanese soldiers.

Not to be outdone, Russia has completed her work so that the Trans-Siberian Railway has a double track over its full length. The Russian army has just finished a thinly veiled mobilization and the Russian government has purchased in America a large number of new pursuit planes.

Events are approaching a climax in the East. America will do well to remember that delivery boys often get people into trouble in cases like this.

President Roosevelt is attempting to ease the situation of the former air mail pilots now out of work through the air-mail contracts. He hopes to give them work until affairs are straightened out.

The last influence which stamp collectors will find in postoffice circles is apparent from figures published by the Philatelic Agency in Washington. This agency does nothing but sell stamps to collectors. During the period from October to December, inclusive, the agency sold about \$210,000 worth of stamps and is nearly two months behind in filling its orders.

This money is pure "velvet" to the government as the stamps will never be used. Stamp collecting is a world wide hobby at present. Mr. Roosevelt himself collects stamps for occasional relaxation and the series of new stamps to be issued presently has been partially brought about by his own inclinations.

## To The Convalescent

We won't bore you with a letter, but we hope you're feeling better. Though it's not so very new, here's a wish we're sending you: Bear your illness with a grin. Let the sunshine come right in. Do not be a "gloomy gus". But accept this wish from us—

"Hope you're feeling better."

The Girls' Glee Club sang at the Kiwanis Club last Monday night under the direction of Miss Wilson.

## Inquiring Reporter

The Inquiring Reporter is at it again. The standing question of the day is "What would you do if you had a million dollars?" This question was asked all seniors as they usually have very brilliant ideas on all subjects.

When asked, the following answers were given:

Gladys Abdon: I'd see that the Seniors got to Washington on the bus.

Barbara Blecker: I'd send my cousins to college and go abroad after graduation.

Johanna Brückner did not have any idea as to what she'd do with a million.

Ruth Faust: I'd take a leave of absence from "Chelsea" and how!

Bud Gulde says that he would build a golf course for men only.

Walter Gage: I guess he had too many ideas and couldn't express any of them.

Roger Hinderer: I think I'd invest it in government bonds.

Helen Hoffert states that her idea of a good way to spend a million would be to go to Europe.

Matt McGuffigan: He first said that he'd go out and have a good time but after a little concentration on the subject he said that he would finance the Senior Washington trip.

Margaret Merkel: I just couldn't possibly imagine having a million.

Paul Nicolai said: I'd be sitting pretty.

Donald Osterle: "I'd break store windows."

Glenwood Nevess thought that it would be nice for him to take a vacation.

Jim Panarites stated that he would go to Hollywood so that he could go up and see "Max West" sometime.

Donald Rank was not able to form an opinion on the question.

Paul Rogers: I'd buy a Ford all of my own.

Manning Richards has the unusual idea that he would jump in the lake.

Leona Weinberg and Dorothy Schenk both wished to go to Hawaii.

Eleanor Swan says: I'd buy all "Fan Dancers" some clothes.

Arlene Satterthwaite says that she would have heart failure.

Jean Twiss said: I'd spend it for my own amusement.

Pearl Halley thought she'd take a vacation.

Annabelle Vicary would donate some new typewriters to the school.

Milo Taber: I'd faint.

Wallace Wood said that he'd get a capone out of prison so that he could start cleaning up on the crooked bankers.

Walter Hinderer: I'd buy a "Silver Arrow" and go west.

Tom Walworth is sure that he could start traveling and travel on his funds were diminished.

Harold West quickly stated that he'd spend it.

Duane Winans: I'd go to the "South Sea Islands".

Doris Scripser said she didn't know.

New General Public, just what would you do with a million dollars? Think it over.

## "Winners Lose"

Last Tuesday, February 17, the freshmen played Grass Lake. The boys played well and fought hard and won by a score of 22 to 18. Tish and Nevess were the high point men in this game.

On Friday, Feb. 23 we journeyed to Stockbridge to play a return game. At Stockbridge we were losers by a score of 16 to 18. Tish and Nevess again showed up in this game by being high point men.

The boys are hoping they will have a class tournament this year. They do not expect to win but they will put up a good fight.

The Grade school children are learning several songs and folk dances, which are very cleverly done.

Jean Irwin: "Temptation."

## Boys Victorious

After losing five league games in a row the boys snapped out of it last week and won two games—one from Manchester on Tuesday by a score of 35-21, and the last league game from Dundee, 27-23.

Starting the game with the absence of the Varsity Center, Seitz, Chelsea piled up a score at the first quarter of 15-4. At half-time, Chelsea was leading but by three baskets. The third quarter was a nip and tuck battle, with Dundee gaining two baskets on the locals. The fourth quarter was very exciting when Dundee displayed a beautiful brand of "not-defeated-yet" ball.

Dundee put up a great uphill battle but could not pass the lead which the Chelsea cagers possessed from the beginning. With Milo Taber, Jim Panarites, Duane Winans and Capt. Nevess playing their last league game of their high school career each displayed a fighting spirit with the exception of Jim Panarites, who didn't enter the game.

The old line-up which started against the only other victorious league game at the beginning of the year started last week with the exception of Seitz. With Duane Winans and Charles Panarites at forward, Taber at center and Capt. Nevess and Nick Panarites at guard, things started clicking after the opening whistle. All of the first five contributed to the score, with Nick Panarites leading with 9 points, followed by Chas. Panarites with 8 points, Taber with 7, Winans with 3 and Nevess with 2.

Chelsea has entered in the State District Tournament at the high school gym March 1, 2 and 3. Michigan Center, Pinckney, East Jackson, Vandercook Lake and Chelsea are entered. Good games will be expected every night.

## Question And Answer Dept.

**Ques.**—Will you please answer in your question and answers who or what is "Loggoli"? I can't find it in the dictionary.

**Ans.**—"Loggoli" is the plural of "Logos". Literally it means Christ, the Divine Word. It is the reincarnation of Divine Reason.

**Ques.**—Here's one for your question department. Why does an egg get harder when boiled, while most things get softer?

**Ans.**—This is because an egg is made up of a substance called "albumin". Heat changes this substance altogether; makes it into a new substance which is harder, and more solid. It causes a rearrangement of the molecules inside the albumin. In other foods the molecular arrangements produced by heat are not the same as in albumin, so the same effect does not occur. Hence they get softer, while the egg gets harder.

**Ques.**—May I ask you why a doctor feels a person's pulse when they are sick?

**Ans.**—They feel the pulse to determine how fast the heart is beating. Indications of serious illness is that the heart will begin to beat faster or slower than normal.

**Ques.**—Why is it cooler on a high mountain, when it is nearer the sun, than it is in a valley, which is farther away from the sun?

**Ans.**—The air on the top of a mountain is thinner than the air in a valley. Thin air does not hold heat so well.

**Ques.**—How much water is there in an inch of rain over a forty-acre tract of land?

**Ans.**—It takes 108,000 gallons of water to make one inch of rain over an area of 40 acres.

**Ques.**—Why is it that ice will freeze at the top of a lake or body of water before it freezes at the bottom?

**Ans.**—Ice is lighter than water. Hence when ice begins to form it rises to the top. Then when it melts, it begins at the bottom for the same reason, that water is heavier.

**Ques.**—I wish to ask you this question: When a person has a "hunch" is it an indication that the "hunch" is right and should be followed?

**Ans.**—No. Whenever these things are studied scientifically, it is found that "hunches" or reasonless predictions are no more accurate than mere base guesses are. There is no evidence that man is able to foresee the future in any way in so far as he can do so by his reason.

**Ques.**—Why does a gun make a report when it is fired?

**Ans.**—When a gun is fired, the powder, in burning, instantly turns into gas. The gas takes up a great deal more room than the powder did, and that is what drives the bullet out of a gun. At the instant the bullet leaves the gun, the gas which is behind it escapes suddenly and sets up a wave in the air—a sound wave. This is what we hear when a gun is fired.

**Ques.**—Can you tell me where I can get some good dog biscuits?

**Ans.**—Yes. But it depends upon what kind you like to eat.

**Ques.**—What is the difference between an ambassador, a minister and a consul as government representatives?

**Ans.**—An ambassador is the highest ranking member of the diplomatic service; is the personal representative of his ruler and as such is entitled to personal audiences with the head of the country to which he is assigned. An ambassador is sent to a country of equal rank with his own. A minister is a diplomat of the second and third class, represents his country instead of his ruler and must transact all business with the state department. Consuls are commercial agents for their country and are not considered diplomats, although they are usually accorded diplomatic immunity from arrest, taxes and civil action in the country to which they are accredited.

## WEEKLY NEWS BULLETIN

Frank D. Fitzgerald  
Secretary of State

Lansing, Mich.—A bill calling for reduction of automobile license plates to three, six and nine dollars was introduced in the House of Representatives last week by Rep. James G. Frey of Battle Creek. Under the proposed law, light cars would pay \$3 per year. Medium-weight automobiles would pay \$6 while the heaviest cars would pay \$9. This would mean a saving of from \$8 to \$20 a year for each motorist in the state.

Two other measures were sponsored by Rep. Frey. In the first, the annual weight taxes of trucks would be reduced considerably. It calls for a two-payment plan for trucks in future years. The measure also sets small trucks used by farmers to haul their own produce and light delivery trucks used by groceries, in a differ-

ent class from trucks used solely for commercial purposes with a corresponding reduction in the cost of license plates.

The third measure was necessary to set up methods of distribution of the gasoline tax and weight tax receipts. Under the new proposal, funds collected by the branch offices of the Department of State would be turned over directly to the various county treasurers. This would eliminate the present delay in receipt of funds by the counties. Hearses, under the proposals, would be classed as passenger cars.

The three bills were drawn up to conform with the ideas of Secretary of State Frank D. Fitzgerald. In the senate, another measure calling for a 30 per cent reduction in present weight tax fees is under consideration.

Driving with improper drivers' licenses and driving improperly registered vehicles have become much more serious offenses since the financial responsibility law became effective. Since Oct. 17, a total of 94 motorists have come under the provisions of the law for these two offenses and are unable to drive themselves or let their vehicles be used until they have filed proof of financial responsibility. In the first four months since the law went into effect, 659 persons have been affected and only 51 have been able to furnish proper proof.

Mrs. Grace Thayer and daughter end with her parents, Mr. and Mrs. Virginia of Dearborn spent the week—W. P. Schenk.
