Chelsea Milling Company Will Construct Large Storage Tanks

Six New Units Will Increase Grain Storage to a
Total of 160,000 Bushels; Work Will
Start About Middle of April.

New Tanks Will Be of Concrete Construction, 120 Feet in Height; Local Labor Will Be Employed on Project.

Contract has been let by the Chelsea Milling Company for the construction of six huge grain storage tanks at their local plant. The new tanks will contain 14 inter-slice bins.

Storage capacity of the four large tanks now in use at the mill totals 45,000 bushels. With the addition of the six new tanks they will have a capacity for 160,000 bushels of grain.

The new tanks will be 120 feet in height, 20 feet higher than the present ones. They will be 16 feet in diameter, compared to 12 and 14 feet of the ones now in use. They will be constructed on the land just north of the other tanks and will occupy the space to within 10 feet of the North St. sidewalk.

Construction will be of mono-lithic concrete with steel reinforcement. There will be no joints in the concrete. Forms for all the tanks will be constructed before pouring of concrete is started so that the concrete mixture will be poured continuously, nights, days and Sundays until the job is completed.

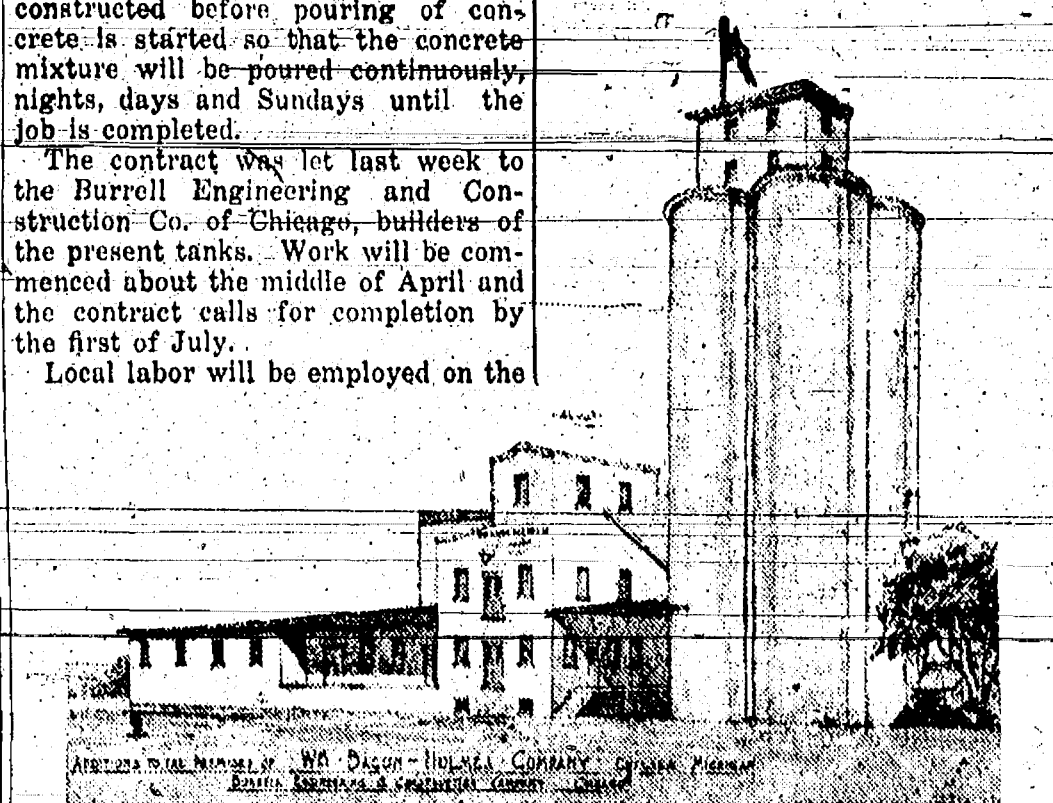

The contract was let last week to the Burrell Engineering and Construction Co. of Chicago, builders of the present tanks. Work will be commenced about the middle of April and the contract calls for completion by the first of July.

Local labor will be employed on the

project and it is expected that approximately 50 men will be needed at the peak of construction activities.

Additional storage facilities are necessary at the mill because of the seasonal periods when wheat is not moving to the market. More than 500,000 bushels of wheat is ground annually in the mill and with the added storage it will supply less than one-third of their annual consumption requirements.

The Chelsea Milling Company is one of Chelsea's leading industries. Steady employment is provided for from 20 to 25 men the year around. They manufacture many brands of bread and pastry flour and during the past two years have added many specialties to their list of manufactured products, including the famous Jiffy Mix and Pa-Rex Fluff cake flour. Their products are marketed in New York City in more than 2,000 stores, as well as throughout the middle west, with Detroit their principal market.

The above photograph gives a comprehensive view of the plant of the Chelsea Milling Company and their large storage tanks which were constructed several years ago. Since this picture was taken new modern offices have been added, with garage room for several cars beneath the office. The warehouse capacity has also been increased.

Washtenaw Gas Co. To Hold Cooking School

Women of Chelsea and vicinity will be pleased to learn that the Washtenaw Gas Company will hold a cooking school at the Chelsea public school auditorium on Wednesday and Thursday, April 18 and 19.

At the cooking school held here last spring by this company the auditorium was filled to capacity each day and it is expected that the attendance will be as large this year.

Miss Adams, Home Service Director for the Washtenaw Gas Company, will conduct the school, assisted by Miss Fern Palmer, a student in the Home Economics Department of the Michigan State Normal.

Complete details will be published in next week's Standard.

Survey May Continue Through Work Relief

Continuation of the work of the local survey for supervisors plats will depend on the work relief program, according to Theo. H. Bahnmiller, Sylvan supervisor.

Several surveyors, working under the CWA program under the supervision of the Board of County Road Commissioners, have been working in Chelsea making these plats. Inasmuch as all CWA work has been suspended continuation must be provided out of the work relief fund.

The local survey has been brought about through the efforts of Mr. Bahnmiller. Many faulty descriptions have existed and the survey will correct this condition, through a re-survey of all property which is described by only meets and bounds.

If the work is continued it is planned to extend the survey to lake property where incorrect descriptions now exist.

BAKE SALE

The North Sylvan Grange will hold a bake sale at the Chelsea Hardware Co. store Saturday afternoon, April 7th.

THANK YOU!

I wish in this way to thank my many friends for their generous support at the polls on Monday.

County Wool Growers To Meet In Chelsea

A meeting of Washtenaw county wool growers for the purpose of discussing wool marketing conditions is scheduled for 8:00 o'clock Friday evening, April 6, at Sylvan town hall.

This meeting will be addressed by Stanley M. Powell, field representative of the Michigan Cooperative Wool Marketing Association, and George DeVine, of the National Wool Marketing Corporation, Boston. Mr. DeVine is in close touch with the wool marketing situation and is an authority on fleece wools and marketing conditions.

Mr. Powell reports that the results of the Michigan wool pool last year were highly satisfactory to the wool growers, and that marketing conditions indicate that 1934 will be a good year to pool wool. Supplies are low, he says, and there is no depressing carry-over.

Mr. Powell cautions farmers about being in a hurry to turn their wool into cash. Sheep have worked a year to grow their fleeces for the farmers and he cautions the producer against short-changing himself by accepting the first price offered.

W. D. Albee, Sharon township, is local director of the Michigan Cooperative Wool Marketing Association, and is making arrangements for the meeting on Friday evening.

Worms and Fish Poles Are Now In Season

According to information which comes from the conservation department in Lansing, hook and line fishing will be permissible in this state during the month of April.

A legislative act of 1933 opened the month of April for this kind of fishing on all inland lakes for the following kinds of fish: Wall-eyed pike, great northern pike, yellow perch, rock bass, catfish and sunfish, white crappies, bluegills, saffron, white bass, warmouth bass, muskellunge, and non-game species.

It is also permissible to catch these fish by hook and line in non-trout streams through the month. On all of these species, except bluegills, sunfish, white bass and warmouth bass, the season is open in non-trout streams and pike lake the year around.

Theo. H. Bahnmiller Elected Supervisor At Monday Election

In the Sylvan township election held on Monday, three Democrats were elected, the remainder of the officials elected being Republicans. Approximately 900 votes were cast, compared to 1150 last year, when some state officials were elected and the repeal question was submitted.

Democratic candidates elected were Emanuel M. Elsemann, for clerk; Ed Keusch, for treasurer, and Conrad Lehman as a member of the board of review. Theo. H. Bahnmiller was re-elected supervisor, defeating Geo. W. Beckwith, his Democratic opponent, by a majority of 187 votes.

Clothing was furnished for 16 persons, employment secured for seven and two families were assisted in securing help from other sources.

John Keusch, the local secretary, reports that in connection with the Big Brothers of Detroit, many young boys have been placed on farms in this vicinity and he expects many calls from farmers as soon as the spring work starts.

Officers of the local conference, which was organized last November, are: Spiritual Director, Fr. Henry Van Dyke; President, W. Rademacher; 1st Vice-President, Herman Weber; 2nd Vice-President, M. P. Swickerath; Secretary, John Keusch; Treasurer, Robert Howe; Board Chairman, Carl H. Swickerath, Jr.

Legion Boxing Show To Be Held Tuesday

In no other sporting event ever held in Chelsea has there been so much interest shown as in the Amateur Boxing Show to be staged next Tuesday at the public school auditorium.

Morry Hoffman, who is staging the show for the local Legion Post, has entries from Jackson, Ann Arbor, Ypsilanti, Springport, Concord, Napoleon, Michigan Center, Norwell, besides many local boys such as "Bus" Spalding, Johnny Dvorak, Ralph Holbrook, "Russ" Proctor, "Les" Proctor and others, and the show promises to be one of the best ever promoted in this district.

The show will be staged under A. A. U. rules and will be properly conducted, as the local Legion men will act as ushers. No smoking will be permitted and it is expected that many ladies will avail themselves of this opportunity to witness a real boxing show.

Our Little Industrious People of Chelsea

Kindergarten
Twenty out of twenty-six are now attending school, and they invite the others to come.

Thursday forenoon they had a party. Eleanor Lamberton brought the bunny cookies for the party, and Johnny Wutz brought the candy.

First Grade
These children enjoy working in their room again, which looks so nice. They are already for Easter, having their Easter bunnies all made.

These doll houses were repainted and it looks just like new again.

Having finished their book, they intend to start another soon.

Second Grade
These children made pretty Easter bunnies and baskets for their mothers. Mrs. Schmidt gave a surprise party. There were all colored Easter cookies with name of pupils on each.

Miss Bolore made the napkins. The border of shades of paper with little bunnies.

Third Grade
They have their Easter eggs all painted, and are ready for Easter to come.

Fourth Grade
The Fourth Graders are especially happy because of two things—First, they have moved into their new room which they believe is one of the finest in Michigan—new, clean, roomy and up-to-date with lockers in the hall for our wraps and plenty of room for activities and the other is because nearly all the people who have been ill are able to return and are doing their work with the aid of our helpers, who have been here every day.

We are glad to have Lillian Allis house back especially. We send greetings to Robert Fisher and we expect to have William Sheehan with us on Tuesday.

Mrs. Schmidt—Richard, Durwood's mother, sent us a lovely surprise in the form of a big box of Easter bunny cookies all decorated with girls' and boys' names. Thank you, Mrs. Schmidt—we enjoyed them so much.

Visitors this week were: Dorothea Steiner, teacher of Mathematics of the Starr Commonwealth School for Boys, and Miss Vida Munby, Senior in Albion College; Mrs. Martha Seaks, former Fifth Grade teacher visited us on Tuesday. She is now teaching Fourth Grade in Traverse City; Miss Florence Baird, a Fourth Grade teacher in Grand Rapids, came to observe our work on Thursday.

She was especially interested in our method of teaching Long Division and enjoyed our work in Music and Art also.

Fifth Grade
Boys are making small wall racks for their plants. They are glad to say that Berneth McBride will soon be with them again.

Brick Bats and Bouquets
What's this? We see Helen Baker is getting religious. I wonder if Jackson and North Lake has anything to do with it.

Who does David Wibans write to in Ann Arbor so much lately?

Shirley Carpenter seems to be stopping right out over the week-end, wonder why not during the week? Do you suppose it's because some of the boys have to work nights?

Marie H. surprised us and got 5 A's this month. I wonder if it was because she has not been paying much attention to the boy sitting in front seat.

I see Watson couldn't get in a few days this week. What a grand place in which to be snow bound!

What's this I hear about June Bryant getting acquainted with a lot of boys from Detroit and Ypsilanti? Now be good June and don't keep them all.

LaRue Wolf was at the show Sunday night with Dick Tracy. Oh-oh, this is getting bad.

How to Cure that Cough
If you follow the advice of your friends:

Avoid all stimulants and six ounces of whiskey every hour. Take a scalding bath and just before rubbing down go out and lie in the snow for twenty minutes. Sleep in a well ventilated room with the windows closed. Be sure and use no medicine but take liberal doses of quinine and aspirin until perspiration is free and the body is quite dry. Keep up your daily occupation, but stay at home in bed. It is best to isolate one self in a room with four or five people after one's temperature reaches 105.

Recovery may be expected in four or five weeks if all directions are followed. In case you don't feel well in six weeks repeat the measure.

Tom Walworth (during lull in conversation): "Awful pause."

Easter Song

By Clinton Scollard

Once, on a bygone day
Far in the years withdrawn
I can recall I came
To Nazareth at dawn.

Over the flower-strewn plain,
Rich with its old renown,
Dazzling white in the sun,
Lifted the roofs of the town.

Silvered the olive boughs
In the morning's gentle breath;
There was a sense of peace—
Peace within Nazareth.

Deep in my heart I know
As the years of God increase,
There will come to a burdened world
The gift of Nazareth peace!

Personal Service Bureau of Hi-Light

Dear Hi-Lighters?
We see that tobogganing and bob-sledding have been quite the predominant activities this week so naturally our questions have concerned these parties.

To the Juniors who came rushing out of Sea Scout meeting regarding the Senior tobogganing party. Yes, we heard on good authority that there was a certain P. G. a-what do you call it? Shall we say "fussing" around? Also, that a certain Ford did run out of gas (though the gag's getting old) and that two people did leave while the rest were stopping at the Wolverine getting a bite to eat. (But please don't put two and two together and make five).

To the inquisitive Freshman. Yes, the Sophomore sleigh ride turned out very well, thank you. We noticed that one of the sleighs was minus four people when it returned. We bet you couldn't guess.

For a mere lack of more questions to answer we remain as always:
For no good reason at all—
Personal Service Bureau.

Back at School

Yes, vacation is over. We all, by the appearance, have heard in some way from that dear old Easter Bunny. He sure is a good fellow. How we would miss him if it were not the tradition of modern times. Don't you agree with me.

Miss Cash spent her vacation at Chelsea and journeyed to Ann Arbor during vacation.

Miss Hazard spent Friday and Monday in Chelsea and on Saturday and Sunday in Grand Rapids, at her home.

Miss Barrus, as usual, spent her vacation at Clinton, Wisconsin. After all, there's no place like Wisconsin.

Mr. Cross says he spent his vacation at Chelsea and for pastime planned to play golf, but of course the weather didn't permit.

Mr. Thompson spent his pleasant days of rest at Minden City in the Thumb.

Mr. Blecker reported that he spent his vacation in Chelsea, but attended the meeting of State Teachers' Association at Lansing.

Mr. Lyons spent his vacation at home in Middleville.

The students entered their home rooms with beaming faces Tuesday morning so we know that they had the best of an Easter vacation.

Vas You Dere, Soph?

If you weren't you should have been. Of course, I mean the Sophomore sleigh ride. Want to hear about it?

Well, at eight o'clock last Wednesday night we met at the gym. There were more than 25 of us clad in our warmest and oldest clothes, ready for fun. And we had it too!

As soon as the two sleighs arrived, we were off. Singing and yelling, we rode through town and in the country until the horses (and mules) were nearly worn out and we ourselves were getting quite cold.

Then we met at Rev. Wolf's home where refreshments were served and the evening's journey discussed.

I think we all agree now that snow isn't so bad—even in Spring.

Fashion Hints for the Girls:
As Spring is approaching a couple of fashion hints are given below:

White coats of chinchilla are being ordered. Extremely stout people should order double chin chilla.

New hats will be trimmed with skunk fur. That's scents-ible. Fur jackets are quite the thing and at the theatres this spring the skin will be worn close to the body.

J. Blecker (indignantly): "Well, Tom, if you'd washed as many dishes as I have your hands might be a little rough too."

The Last But Not Least of Girls' Basketball, '34

Let's take a glimpse back through the girls' basketball season of this year. It has been a pretty successful year and we are mighty proud of them and hope they do as well next year.

Here's a review of the games played:

Alumni (here) lost.
Manchester (here) won.
Clinton (here) lost.
Milan (here) won.
Clinton (here) won.
Manchester (here) lost.

Clinton (Ann Arbor) won.
The games that were lost were by a very close score.

The girls' team were not only very successful, but they also had a lot of fun. One night after a Clinton game they gave the Clinton girls refreshments and danced. They journeyed to Ann Arbor and played Clinton again. They all say that day was a very important day in all their lives because they had such a good time.

The girls' team this year consisted of the following girls: Lorraine Eise, Barbara Blecker, Jean Blecker, Helen Adams, Jean Irwin, Ruth Faust, Helen Hindelang, Leona Moeckel, Zilpha Shaver, Jane McGaffigan, Helen and Katherine Hofferick. Next year the team will lose Barbara Blecker, Helen Hofferick, Jean Irwin and Ruth Faust, who are graduating.

I have heard various rumors that these girls would like to start a baseball team. Let's hope they do.

Again I say the team did good this year and we wish them the best of luck for next year.

Hi-Lights of the News

Japan sent her peace note to Secretary of State Cordell Hull, something which had been expected for some time. It fooled nobody, Japan said politely that she wanted peace but at her own terms which are as follows:

Naval parity with the United States and Great Britain.
Abandonment of American Naval bases in the Philippines.

Recognition of Manchukuo and the Pu Yi government.
Neutrality or alliance with Japan in event of hostilities in the Orient.

All of these demands, with the exception of the neutrality clause, are out of the question at present. We need not fear an armament race with Japan for her people are taxed to the limit and it would be a genuine hardship for them to build a larger navy. (Ours is already built and is being built larger (at least, on paper as we have already indicated).

America is progressing. We no longer shudder at the thought of strange ideas. Rather, we weigh their value and approve or disapprove without being ruled by our prejudices.

For instance, I note that on several distinct occasions recently, I heard the teachings of the Galilean Carpenter described as economically sound. There was no ridicule to scourge the speaker, for the first time in about two thousand years. Also, I heard such fine scholars as Dr. John Dewey of Columbia and Professor Claire Williams of Swarthmore mentioning casually that government ownership of public utilities, high inheritance taxes, scaled income taxes, and all taxes assessed on ability to pay, were practical doctrines. This is pure Socialism but their was no scrambling to call out that the speakers were "Reds" or "Radicals". This new tolerance is the life blood of Progress.

And now let's see what the well dressed fugitive is wearing for a Mediterranean cruise.

We have been informed from reliable sources that one, John Dillingor, escaped from the Crown Point jail. The question which arises is where he got the ten ton truck in which he carries all his recently acquired loot.

The usual suggestion to the husband after he buys the wife an electric refrigerator is that he buy him self a mechanical stenographer.

Jim (soulfully): "My love cannot be expressed by words!"
Luella (eagerly): "Tell me about it."

Frish: "I hang my head in shame every time I see the family wash in the back yard."
Senior: "Oh, do they?"

Inhalator Saves Many Lives
The most valuable single piece of equipment carried by big city rescue squads is probably the inhalator around which much of the rescue work revolves. The inhalator is a machine for administering oxygen in any desired amount.

SOME GOOD FOLKS AND?

I've seen some good folks here and there.

Down through the months, They'd smile, or crack a joke or laugh Or with you shed their tears; Were first-rate folks to live among, They'd lend and borrow too, But Oh! if once their temper broke, 'Twas "cock-a-doodle-do!"

I've lived near folks so stingy— As tight as a bark to tree, They'd skin their milk three times a day.

Then use that milk for tea; A hickory splint they used for broom, They'd scold because worse, Their days were never long enough, And they were always sore.

Well—How about yourself, old man? Suppose you wait a bit, And turn the searchlight on yourself, And watch the dial slip, Well, a-hem, I know I'm human-like, I'll own it, here an' now, And I'm resolved to mend my ways, If God will teach me how.

MICHIGAN BELL TELEPHONE CO.

"HOW SOON CAN YOU PUT OUR TELEPHONE BACK IN?"

We are asked this question many times daily. For people have missed the convenience and protection of telephone service. They have missed both the social and business advantages of having a telephone in their homes.

They have found it inconvenient, and often embarrassing, to use a neighbor's telephone. They have learned that the extra carfare, driving expense and cost of public telephone calls would more than pay for a telephone of their own.

WHY GET UP NIGHTS?
Lax the Bladder With Juniper Oil, Buchu, Etc.
Flush out the impurities and excess acids that cause irritation, burning and frequent desire. Juniper oil is pleasant to take in the form of BUCKETS, the bladder laxative, also containing Buchu leaves, etc. Works on the bladder similar to castor oil on the bowels. Get a 25c box from any drug store. After four days if not relieved of "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this flushing and you get your regular sleep. Guaranteed by J. Vincent Burg, Drug-gist. Adv.

Odds Against Them
In uncivilized parts of the world, where superstition, disunion, want and dirt exist, some men live to four-score years, some less, but the majority die before they are five years old.

OUR NEIGHBORS

HOWELL—The township treasurers have finished their reports to the county treasurer. While we are unable to get the data to show the exact percent of tax returned, the county treasurer, Eugene A. Fay, estimates that about 80 per cent of the entire levy have been returned as uncollected. That is better than last year when the amount returned was some 42 per cent.—Republican-Press.

BROOKLYN—The oldest living thing in Brooklyn is now dead. The giant elm that stood at the center of the highway in front of the Brooklyn high school building has been sacrificed to the road builders. The ancient and stately tree was five feet through at the base, a solid timber, although some of the upper branches were decaying and needed trimming with a little friendly care. It towered a hundred feet or more.—Exponent.

SOUTH LYON—Deep snow was responsible for the wrecking of the Standard Oil Co. truck shortly after 7:30 Tuesday morning. The truck, driven by Ernest Minton, brother-in-law of the local agent of the company—Don Searles—stuck in the snow on the Pere Marquette crossing on Pettibone street, as he was leaving the Standard Oil property, and before it could be removed a freight train approached from the west. Minton endeavored to signal the train, but although it slackened speed it could not stop in time to avoid crashing into the truck. It came to a stop some distance east, at the rear of the wood shed (estimated at 220 yards), having pushed the truck before it. The truck contained 300 gallons of gasoline, and it is quite remarkable that the tank was not punctured by the impact. A quantity of oil carried in containers at the side of the truck was spilled.—Herald.
