Lansing, Mich.—According to Department of State certificate of title records, 77,046 more automobile sales were made in Michigan in 1934 up to June 15 than were made during the same period in 1933.

Records show that this year up to June 15, a total of 65,232 certificates of title were issued on new automobiles as compared with 38,535 certificates of title for the same period last year.

The biggest increase in business, however, is shown in the demand for titles for used cars. This year 177,734 titles were issued as compared with 127,385 titles in 1933.

Another evidence of improved conditions is reflected in the decrease in the number of repossessions. Until June 15, 1934, a total of 4,237 repossessed cars was reported to the department as compared with 5,914 for the same period a year ago.

There were 82,210 more automo-

biles licensed for use on Michigan highways on June 1 than on the same date in 1933. Department of State statistics disclose. The increase is still more remarkable when it is seen that this year there were 6,671 more automobiles licensed than on the same date in 1932.

The reduction in weight tax rates is responsible for a large share of the increase, although records show that many cars have been licensed in 1934 that were not used for several years previous.

On June 1, 1934 a total of 602,671 automobiles had been licensed as compared with 489,894 on the same date in 1933. Because of the reduction in weight tax rates, however, the demand for the two-payment plan stickers decreased slightly from 322,628 on June 1, 1933 to 302,061 on the same day this year.

Statistics for trucks, trailers and motorcycles show that the demand for both full-year plates and for two-payment stickers increased slightly this year over 1933.

OUR NEIGHBORS**HOWELL**—The City of Howell has formally accepted the offer and gift of the McPherson Memorial Park. The park is offered by Alice McPherson Spencer, Mary McPherson Bigelow, and R. Bruce McPherson, and will be henceforth known as the Jennie Ranney McPherson park, and will be maintained according to the wishes of the donors. The new park is located just north of the A. A. R. T. bridge between N. Michigan and State streets, and has been privately beautified and cared for by the owners for several years. Republican-Press.**MASON**—Tom Mix may be a two-gun hero to followers of western flickers but to Frank O'Connor, Ingham county deputy sheriff, he is merely a man who refuses to pay his dress-making bills incurred by his daughter. When Tom Mix arrived in Lansing with a circus Wednesday, Deputy O'Connor was given the task of serving the famous actor with a

summons resulting from a suit started by Samuel W. Wershow, Lansing tailor, who alleges that Mix refused to pay him for clothing made for Mix's daughter in Hollywood. Mr. Wershow formerly operated an exclusive shop in Hollywood. The suit is for \$2,000. Mix accepted the summons which calls for his appearance in a Lansing court in July. After serving the summons on Tom Mix, Deputy O'Connor mixed with the crowd and captured two pickpockets who were following the circus. Three others of the mob escaped in the crowd. County News.

PINCKNEY—Russell Read, son of Mr. and Mrs. Ross Read of this place, embarked on a novel trip last Saturday which ought to be full of adventures and interesting experiences. Russell is a junior at the University of Michigan and has won several honors there. Saturday he and Joe Bailey, a classmate from Ann Arbor, embarked on a trip of over 1000 miles to New Orleans. Starting from Toledo, they will hitch hike to Memphis, Tenn. Here they will pick up their canoe which they shipped some time ago and canoe down the Mississippi to New Orleans, a distance of some 900 miles. They will carry a camping outfit with them and camp on the route. It is expected that the trip will take about 30 days. On arriving in New Orleans the canoe and outfit will be sold and they will see the country before returning home. Their manner of returning has not been decided. Dispatch.**BROOKLYN**—Mr. and Mrs. Theron Phillips contemplate having to put bumpers on their house on Monroe street, Brooklyn as necessary protection from automobiles that run away down the hill and can't seem to hit anything except their house. It has been hit and damaged three times. The most recent runaway crash was last Thursday when the Andrews Truck Line left a truck loaded with iron pipe insecurely anchored in front of the Brooklyn Implement Store. The truck was left unattended and the brakes loosened. It first rolled down against the curbing on the south side of the street which turned the front wheels so that it went diagonally across the street. It passed between a big telephone pole and a tree as it hopped the curbing and pushed its heavy nose into the porch side of the Phillips house. No one happened to be in the way of the truck, but the damage it did cost \$180 to repair. Exponent.**Largest Rodents**

The largest rodents that exist today are the capybaras, which are giant guinea pigs that sometimes grow to weigh more than 100 pounds.

GOSHEN

Where is it?—Read the Story of Exodus 1:11-12:13.

We've lived in Goshen, for it's there. The Jails, and Rescue Missions are. Where labor grinds down to the quick. Where, without straw, they're making brick.

We're telling folks, God's lamb was slain. And yet he lives—He lives again. To help us bear our ills and pain. And on the door posts of our hearts. We sense the life, His life imports. Come and go with us at morning's sun.

And we'll not stop at Greece, nor Rome; The Red Sea shall not hinder us 'Till Jordan's river we have crossed. There, there we'll meet, and here we'll prove 'Tis sweet to live, and live to love.

—Arthur Carlton.

**EARNINGS FROM 195,000 PHONES
TAKEN FOR COMPANY'S TAXES**

Earnings from 195,000 telephones, or nearly 40 per cent of the average number the Michigan Bell Telephone Company operated during 1933, are needed to pay the Company's state, federal and municipal tax bill this year. This was revealed today when a check for \$1,355,486.54, one-half of the total state tax of \$2,670,973.08, assessed against the Michigan Bell Company was turned over to John K. Stack, state auditor general, in Lansing. The balance will be paid by December 1.

The Telephone Company this year also will pay the federal government approximately \$390,000 in taxes. Miscellaneous local taxes will approximate \$45,000, making a total tax payment of more than \$3,100,000. This figure represents a payment of \$6.26 for each average telephone the Company operated during 1933, and is nine cents higher per telephone than was paid a year ago.

Under the Michigan law, telephone and telegraph companies, railroads, railway car-leasing companies and express companies pay taxes to the state, in lieu of local taxes, upon property generally used for conducting their businesses. The Michigan Bell Telephone Company is the larg-

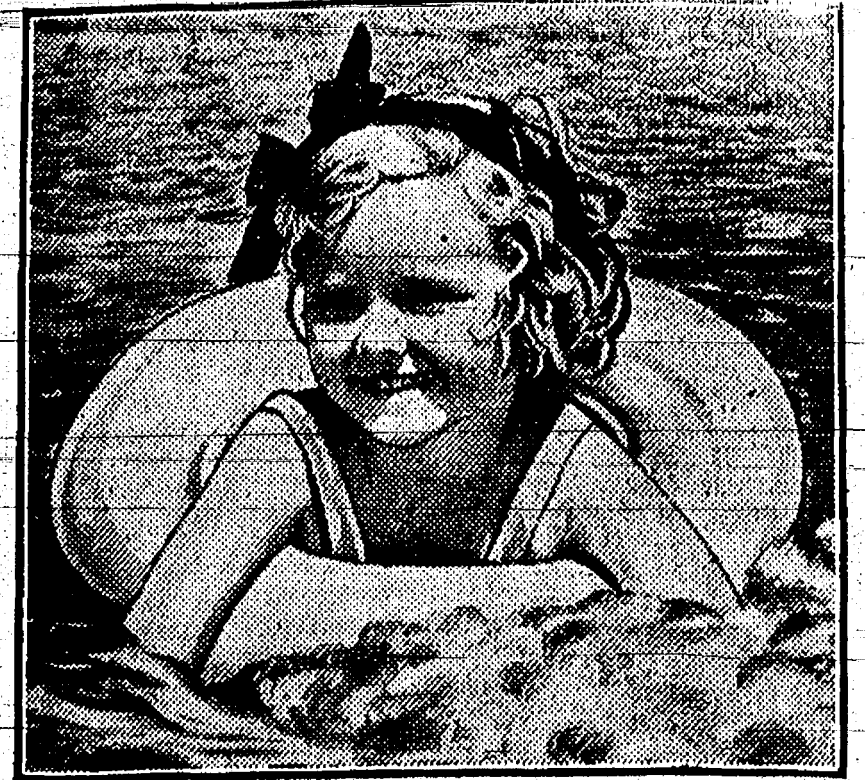

est individual taxpayer in the group.

The tax money received by the state from public utilities goes into the primary school fund and is distributed among all school districts in proportion to the number of children of school age residing therein. It has been estimated that the Michigan Bell Company pays approximately

one-fourth of the sum paid into the fund by public utilities.

During the past ten years, the Michigan Bell Company has paid into the state primary school fund more than \$26,000,000.

SUGGESTIONS FOR CHANGES IN MICHIGAN TAX LAWS

Submitted by Senator A. L. Moore

Levy no State property tax. The State should derive its support from indirect taxation.

Repeal the Constitutional provision for "A uniform rule of taxation." Until this is done there can be no classification of property for taxation purposes.

Change the legal definition of "Cash Value," so as to make the annual return from the property the major item to be considered in assessing Real Property. Real property should not be taxed beyond its ability to pay. Homes and farms must not be confiscated by impossible taxes.

Pass a graduated personal income tax.

Enact a comprehensive business and manufacturer's income tax.

Retain the present sales tax with some modifications.

The gas and weight tax to be continued with a possible lowering of the weight tax. Provisions should be made for retiring the Covert Road special assessment bonds if the weight tax is reduced.

Exempt from taxation stock, tools and machinery on the farms, and merchants' retail stocks; also goods, wares and merchandise manufactured and in process of manufacture.

Increase the present primary school fund with a grant sufficient to assure a minimum program in every school in the State.

Repeal all laws providing for special assessment improvements. These laws in the main have had a bad effect on real property.

Abolish the State Tax Commission and provide for the review of assessments by the local courts.

Create a settlement or adjustment board with power to deal with delinquent taxes. Many delinquent taxes must either be reduced, adjusted or cancelled.

Reduce the cost of government to the minimum. The State must not consume the citizen's home with high governmental costs.

The surest way to reduce taxes is to spend less money.

Abolish tax exemptions on all forms of securities that are income producing. All forms of wealth and income should share in the support of government.

Every man, woman and child has the right to live in his own home. A home should be an asset, not a liability.

Miss Sadie Salme of Ann Arbor was a week-end guest of Mr. and Mrs. George Welch.

Preparing For Big Republican Celebration

"Tribby," prize possession of the Sharp park zoo, will be an important figure in the big Republican rally to be held at Jackson, Mich., on July 6 and 7.

In the picture two party leaders who are devoting their full time to supervising arrangements for the G. O. P. celebration, are giving Jackson's elephant a preliminary cleaning. C. Z. Potter of Jackson, chairman of the rally executive committee, is holding the hose, while State Rep. James G. Frey of Battle Creek, secretary of the committee, is applying the broom.

Thousands of Republicans from all parts of Michigan and from adjoining states will attend the rally, which also will be a celebration of the 50th anniversary of the founding of the party at Jackson. Among the distinguished guests will be Henry P. Fletcher, the new chairman of the Republican national committee; Linford MacNider, former American minister to Canada, and Senator Arthur H. Vandenberg.

Golden Rose Decoration

The Golden Rose is a decoration bestowed by popes of the Roman Catholic church on celebrated persons, dignitaries, churches and sanctuaries which have evidenced loyalty to the Holy See, almost from the middle of the thirteenth century. The rose is of wrought gold and is of single form. The model is described as a thorny branch. The rose itself is studded with jewels, usually sapphires. It is perfumed, anointed with incense, and laid on the high altar the fourth Sunday in Lent, where it remains during high mass, after which it is bestowed by the pope, accompanied by a letter describing the service or loyalty it commemorates.

If when within a mile or two you should hear a rockaby baby song, that is your correspondent trying to get George Frederick to sleep. The Heydlauffs left here Sunday morning and expect to be gone one week.

Mr. and Mrs. P. M. Broesamle of Chelsea and Carl Mensing of Summerville, New Jersey, made a short call at the home of Mr. and Mrs. Fred Notten, Friday evening.
