## Information Verifies Approval of Highway

On January 3 The Standard published an article which contained the information that construction of the Pontiac-Chelsea gap of the Montreal-Chicago highway had been approved by the State Administrative Board. A letter was immediately dispatched to the highway commissioner's office in Lansing in an effort to secure some more authoritative information on the subject. A reply was received last week from the deputy commissioner which states that the matter of constructing this highway has been approved but that no immediate work is anticipated, except the survey of the project.

The letter is as follows:  
Mr. M. W. McClure, Publisher,  
The Chelsea Standard,  
Chelsea, Michigan.

Dear Mr. McClure:  
In reply to your inquiry of the 2nd inst. I would advise that this Department has no plan in mind for the immediate construction of the Chelsea-Pontiac gap of the so-called Chicago-Montreal highway. It is a project that appears entirely feasible to develop in the near future, as finances are available, and the addition of this gap to the State Trunk Line system was recently approved by the Highway Advisory Board and the State Administrative Board so as to enable this Department to make the necessary surveys to locate the road and prepare plans.

Yours very truly,  
H. C. Coons,  
Deputy Commissioner,  
Chief Engineer.

Born in Lima township, June 20, 1904, he was the son of Robert and Emily (Kascher) Toney, and was married on November 20, 1930 to Mary Bradbury, also of Lima. He was a member of Salem Lutheran church of Seio.

He is survived by the widow, two sons, Robert and Stanley, his parents, a brother, Elvin, of Lima township; two sisters, Mrs. Alfred Jedele and Mrs. Reuben Fritz, both of Seio township.

Funeral services were held Saturday afternoon at 2:30 at Salem church, Seio, Rev. Paul Schulz officiating. Burial was in Bethlehem cemetery, Ann Arbor.

## Future Farmers Of America Form New Chapter On Friday

Under the direction of Owen Lyons, Smith-Hughes agriculture teacher in the Chelsea public school, a Future Farmers of America organization has been formed locally. Officers were elected at a meeting at the high school last Friday and are as follows:

Advisor—Owen Lyons.  
President—Wayne Harvey.  
Vice Pres.—Bob Gilbert.  
Secretary—Alton Koenigster.  
Treasurer—Allen Brosamle.

The Future Farmers of America is a national organization of boys studying vocational agriculture. On January 15, 1930, 14 months after the birth of the organization at Kansas City, 35 states and the Territory of Hawaii had formed State Associations of Future Farmers of America and had affiliated themselves with the national organization. There were then approximately 30,000 members in 1,800 local chapters.

The Future Farmers of America is a non-profit corporation designed to recognize and encourage the natural instincts and tendencies of boys to organize themselves into gangs or groups and put enthusiasm and pleasure into their work and play. By establishing strong statewide organizations with local chapters in each school where vocational agriculture is taught, an outlet for these instincts and tendencies is afforded vocational students.

Some of the purposes of this organization are:  
To promote vocational agriculture in the high schools of America by developing the pride of Future Farmers in vocational agriculture; encouraging members to improve the quality of their work in vocational agriculture, and the like.

To create more interest in the intelligent choice of farming occupations.  
To create and nurture a love of country life. Such things as the beautification of home and school grounds, woodland hikes and the study of natural phenomena make for increased appreciation of the country and country life.

To provide recreational and educational entertainment for Future Farmers of America. The old saying that all work and no play makes Jack a dull boy, holds good for Future Farmers. Therefore, some provisions are made whereby chapters can stage Father and Son banquets, go on vacation tours, hold summer camps, picnics and other recreational activities.

Local and state judging contests, agricultural plays, minstrels, public-speaking contests and other similar kinds of entertainment are a welcome break in the monotony of school life.

To develop local leadership. Future Farmers are given ample opportunity to exercise whatever powers of leadership they possess. They are allowed to assume responsibility in order that they may be able to carry the burdens of leadership that fall upon the shoulders of local leaders in every community.

Chelsea and community should welcome this new organization in their midst. It is expected that membership will continually grow, and the local chapter of the Future Farmers of America should prove to be of real value to the youth of the community.

## Prisoner At The Bar' at M. E. Church Sunday

One of the most thrilling plays ever heard in court will be presented at the Chelsea Methodist Episcopal church on Sunday evening, February 3, when 21 prominent local citizens from the various local churches present the widely heralded "murder trial" entitled "Prisoner at the Bar." The trial will begin promptly at 7:30.

The trial deals with a young man, Hon. Hayward H. Johnson, of Washington, D. C., who under the influence of liquor has "killed" his wife and left three motherless children. Mr. Johnson is then "tried" for murder. The drama tells the story of a returned soldier, influenced by wet repeal propaganda and trapped by the modern liquor sales system. The prisoner pleading for what he values more than life, the judge torn between pity and duty, the attorneys battling brilliantly for a life at stake, the finger print expert, the jury spellbound by unfolding drama are among the gripping incidents of this tremendously impressive and effective temperance play.

The 21 local citizens who will assist Hon. Mr. Johnson in the trial are as follows:

Judge—Schuyler P. Foster.  
Prosecuting Attorney—Rev. F. D. Mumby.  
Defense Attorney—Owen Lyons.  
Prisoner's Little Daughter—Ruth Cooper.  
Sheriff—Wesley Smith.  
Finger Print Expert (police department)—H. L. Bleecker.  
Court Clerk—Theo. Bahnmiller.  
Star Witness—Mrs. M. W. McClure.  
Court Bailiff—Dr. Faye Palmer.  
Summoned on the Jury: John G. Fischer, Irvin Weiss, Theo. Riesen-schneider, Nelson Dancer, L. T. Freeman, Mrs. F. E. Storms, Mrs. Florence Howlett, Miss Nina Belle Wurster, N. W. Laird, P. M. Brosamle, Mrs. Edwin Koebbe, Mrs. John L. Fletcher.

Admission to the trial will be free. A voluntary offering will be taken. The trial is being sponsored in co-operation of the churches and everyone is invited to attend. This is the first appearance of this trial in Chelsea and a large crowd is expected to fill the Methodist church if the citizens of Chelsea attend the drama as they have in other places. The trial has been given in Chicago, Washington, D. C., St. Louis, Minneapolis, Detroit and many other towns and cities before audiences as high as 3,000 people. Over 1200 people heard the trial at Jackson last Monday night.

## Illegal To Fish Now Without 1935 License

Do you have your 1935 fishing license? Unless you do, you cannot legally fish through the ice on inland waters, says the Fisheries Division, Department of Conservation.

Many fishermen evidently have been slow to understand provisions of the general fishing license law, now in its second year of enforcement. The belief persists in some quarters that a license is not necessary for ice fishing on inland waters. This is erroneous, the Fisheries Division points out. All residents over 18 years of age are required by law to have a general fishing license so as to fish in any manner on the inland waters of the state.

Fishing licenses are not good for a year following date of purchase as some believe, the Fisheries Division states. All resident and non-resident fishing licenses, except the special non-resident license, which is good for only ten days from date of issue, automatically expire December 31 of the year for which issued.

Telephone Company  
Charges Unfairness

Charging unfairness on the part of the Michigan Public Utilities Commission in its consideration of and decision in the telephone rate case, the Michigan Bell Telephone Company Tuesday filed with the Commission a petition for a rehearing and revision of its 1935 application for rate relief. This action resulted from the order and opinion of denial of such rate relief, which was signed by three of the five members of the Commission January 10 and was issued January 14. The Company's petition points out eleven errors in law and of fact in support of its contention.

The Company maintains in its petition that the Commission did not fully consider the brief the Company filed following the hearings; that the order and opinion did not follow the evidence in the case, and that it did not follow the law. The Company's brief was filed January 7 and the order was signed three days later, two members of the Commission dissenting and refusing to sign on the grounds that they had not had time to study the opinion. The petition raises the question as to whether the Commission's opinion, which was 145 pages in length, could have been written in the brief interval, particularly as the Commission was busy with other rate hearings during the period.

The petition says: "Without such consideration this order is a nullity. Mere empty lip service to the requirements of due process is not sufficient. Mere permission to file a

brief is shadow, not substance, and does not meet the essential mandate of fair play demanded by the Constitution."

While hearings in the Company's application for rate relief were in progress, the petition says, the "Michigan Public Utilities Weekly Information Bulletin" for December 3 announced still another hearing looking toward lower rates. Company attorneys say this indicates conclusively the "want of fairness" and that the three commissioners who signed the order had determined to reduce telephone rates regardless of the merits of the Company's case, hearings in which had not even been concluded.

The Commission's allowance of a low rate of return now, with the promise of possibly a higher rate of return in the future, was criticized by the Company as pure conjecture and in conflict with court decision. The petition quoted a recent U. S. Supreme court decision written by Justice Cordozo, that "present confiscation is not atoned for merely by holding out hope of a better life to come." It also is asserted by the Company that proper allowance was not made in its order by the Commission for amortization of the costs of this and previous rate cases and the preliminary audits and appraisals. These costs have amounted to an enormous total, which must be considered in fixing rates to be paid by telephone users, as such rates are the Company's only source of income. It is alleged further that the Commission failed to grant sufficient allowance for property taxes imposed upon the Company by the state.

Replying to the Commission's claim that the Company did not produce adequate testimony as to the various items of cost, the Company states that it is ready and has been ready at all times to furnish any information requested, and asks only that the Commission indicate the nature of the testimony it considers necessary and adequate.

It is further charged in the petition that the Commission's theory of depreciation is erroneous in matter of law, and finally, that the methods employed in arriving at the order and opinion are not in keeping with constitutional principles of public utility regulation.

An order granted Monday in Ingham County Circuit court restraining the Commission from instituting further rate action against the Michigan Bell Company until the present case is disposed of in Federal court, is re-

turnable Saturday, when the Commission will be given opportunity to show why a temporary injunction should not be issued. The Company asked for the injunction on the grounds that all of the questions with reference to rates are contained in the Federal court case and that any further action before it is settled may occasion needless expense.

TRUE  
DETECTIVE  
STORY

by Vance Wynn Public Ledger

## The Man With the Unusual Voice

ONE of the most remarkable detective stories from real life ever known in this country developed from the robbery of Mrs. Francis Walton, a wealthy widow, living in New York, about a year ago.

Mrs. Walton had a home on East Eleventh street, and was alone, with the exception of a maid.

During the latter part of the year she engaged a negro to look after the furnace and do heavy work.

One day he asked her to come to the cellar to inspect a defective faucet. The moment she reached the basement two men emerged from a dark corner and bound and gagged her.

Then, while the third man watched, the maid to see that she did not interfere, the two strangers went through the house and ransacked it of all the valuables they could get their hands on.

Captain Arthur Carey, of the homicide bureau, was placed on the case, and he started to try to find the culprits from the description that was given him of the furnace man.

He was engaged under the name of Thomas Smith, but the detective was satisfied that it was an alias.

He made a search of the rogues' gallery and finally came across a picture that corresponded with the description. Mr. Walton was sent for and said at once that he was the man who had led her into the cellar.

His real name was Owen Loop.

The police combed the city and succeeded in finding him.

At the same time they arrested two other men who were suspected of being the culprits in the case.

Now, the difficulty was in identifying these men.

Mrs. Walton was unable to help the authorities in this particular because the cellar was dark and she did not have the opportunity of seeing the men who had tied and bound her.

But she had a vivid recollection of their voices, and recalled the fact that one of the men had touched her face while he was readjusting the gag.

In a word, her sense of hearing and of feeling was acute, and she ventured to say that she would recall the voices of the men if she ever heard them again.

One man, she recalled, had an unusual voice, and she was sure she would know it if she heard it any where under any circumstances.

Captain Carey thereupon determined to try an original experiment.

He had Mrs. Walton call at police headquarters and placed her in a chair behind a screen.

To make the test all the more absolute, she was blindfolded.

After that seven men were brought into the room and placed on the other side of the screen.

Two of them, Tillquist and Burnfield, were the suspects.

The others were men who had been brought in on trivial charges.

Each man was given a number. Tillquist was the seventh man.

Then the detective commanded each man to speak.

He was asked a question and told to answer it in a clear voice.

They were ignorant, needless to say, of the presence of the woman on the other side of the screen. Mrs. Walton, on her part, did not see any of the men.

No. 1 spoke, but awakened no interest on the part of the listener on the other side.

So it was with No. 2 and others.

Finally Tillquist replied to a question.

Instantly Mrs. Walton arose from her seat, her face expressing recognition.

"That's the man!" she exclaimed. "No. 7 is the man who spoke in the cellar. I will never forget that voice."

That test was sufficient for the police authorities, but in order to make certain Mrs. Walton suggested that she be given the opportunity of feeling the touch of their fingers on her face.

So the second test was made, with the woman still blindfolded.

This time Tillquist was given another place in the line.

All seven touched her face, or at least four of them, for when Tillquist did so she exclaimed promptly:

"That's the man—I'm sure of it."

Thereupon he confessed to his part in the attack and robbery.

The others admitted the truth and were tried and promptly convicted.

All were sent to Sing Sing prison with sentences of five, ten and fifteen years respectively.

It was the most remarkable case of identification in the history of the police department.

Difference in Ostriches

The South American ostrich is a different bird from the South African. Its scientific name is Rheo Americana. The rheo is a smaller creature than the South African bird, standing only from 30 to 40 inches tall. The South Africans stand six feet sometimes. However, the rheo has fine feathers and was described by a great naturalist as "the noblest avian type on the great bird continent." Most of the birds are naturally grayish, or with mixed gray and white feathers, but in recent years, an albino type was discovered. Its plumage is especially valuable.

## SOME THINGS FOR THE TAXPAYER TO THINK ABOUT

Prepared by

Senator Andrew L. Moore  
Chairman Taxation Committee  
Michigan State Senate

Any discussion of Michigan's taxation problem should include consideration of all or a portion of the following questions:

Which is more important, the payment of current and future taxes, or the collection of delinquent taxes?

Should the state delinquent tax sale be held May 1, 1936? If not, what should be done?

Should the state continue to acquire title to tax delinquent lands that are sold at tax sales?

Should the taxpayer who pays his taxes promptly receive a discount for prompt payment?

How can real property be relieved from the sales resistance now caused by the presence of delinquent taxes?

Can the real property owner receive any real relief until his land has a market value as well as an asset value?

Should real property be taxed, having regard to its ability to pay?

Should new taxes be developed in order to remove a portion or all of school support from real estate?

If the tax is one within the ability of real property to pay, should the penalties for non-payment be made more severe?

Should the balance of the state property tax be repealed?

Should the sale of liquor by the state liquor stores be subject to the sales tax? It is not now.

Should the sales tax on foodstuffs be repealed?

How should old age pensions be financed?

Should unemployment insurance have any tax support?

Should all descriptions of property for taxation purposes be prepared in the county treasurer's office?

Would the collection of all taxes by the county treasurer make for efficiency and economy?

Is it wise to set up as a tax adjustment board the various local assessing boards or any other local agency?

Should there be a homestead exemption from all taxation for aged people? If so, in what amount and what age?

What relation do the mortgage and contract moratorium laws have to the delinquent tax problem?

Is it more profitable to rent than it is to own your own home or farm?

Can there be any substantial recovery in this state until home ownership has become an asset?

## OUR KITTY—OUR FRIEND

After breakfast one morning, as usual I sat

Down to read a newspaper, when in came a cat.

A black cat, a tramp cat, who came to our home,

And made herself free from cellar to dome.

She purrs when within, she meows when outside,

When in, every cushion and rug is her pride.

And when I pick up the morning paper or to read,

Up jumps the black cat and comes with full speed,

To nestle herself with face close to mine.

As if her attention the first printed line.

It is natural for man, whatever his estate,

To hunger for love by Pal or a mate.

A horse, perhaps a dog, a bunny or bird,

But a cat—a tramp cat,

Oh! Who ever heard!

Such was dropped at our door, a black worthless dole,

A tramp, shorn of home, of shelter or fold,

However, affection met ours with a blend,

She's no longer a tramp—

She's our Kitty—Our Friend!

—Arthur Carlton.

Naming New Chemical Elements

The honor of naming an element is customarily given to the discoverer, and there is no fixed rule connecting properties with nomenclature. Helium was named from its occurrence in the sun.

Although more recently discovered elements have usually been given names terminating in "ium," the early discovered metallic elements such as mercury, silver, copper, retain their old names.

## Chelsea Wins Two

## Elementary News

Last week Wednesday, Chelsea defeated Manchester at Manchester. The Chelsea boys played a good game despite the handicap of an undersized court. C. Panarites was high point man, making 14 points. The final score was Chelsea 31, Manchester 18. On Friday the boys played Saline on the home court. They retained their hold on third place in the Huron League by defeating Saline, 47-17. Seitz was high point man in this game, scoring 14 points.

Tomorrow night Chelsea journeys to Milan to play basketball. Milan and Chelsea are tied for second place in the League. The boys like as many supporters as possible besides the second team to root for them. Let's see you all there.

## Caesar Says

"And you," said mother at the table, "will you have pie or pudding?"

"Pie," said Willie.

"Pie, what?" father broke in sharply to teach him manners.

"Pie first," said Willie.

Mother—Marilyn, were you a good girl at church today?

Marilyn—Yes, mother. A man offered me a plate of money, and I said "no, thank you."

Mr. Bleeker—What are you running for, Normay?

Normay—I'm trying to keep two fellows from fighting!

Mr. Bleeker—Who are the fellows?

Normay—Moritz Brueckner and me. And we saw Normay, the peace-maker, become a peacemaker.

Hart—Do you know who started the jigsaw puzzle?

La Rue—No.

Hart—A navy doctor who tried to put a tattooed sailor together after a train accident.

Father—I'm sorry I brought you here, Jane. This is hardly a play for a girl of your age.

Jane—Oh, that's all right, dad, I'll probably live up in the last act.

The reason Alton K. is absent for a few days is because this joke laid him low!

Did you write all the jokes for 'Caesar Says' today?

Yes.

Well if I may compliment you, you must be much older than you look! Gesundheit!

## Declamations

Congratulations are in order for Jean Bleeker, Katherine Hofferick, Mary Gilbert and Helen Baxter. These four girls won first, second, third and fourth place, respectively, in the Declamations, held Friday afternoon.

Lets send our "orchids" to Miss Barrus, who trained this Speech II class.

The other contestants did very well. There were seven in this contest who had come out ahead in the eliminations the day before.

The judges Friday afternoon were Rev. Lena, Rev. Mumby, and Mr. Schuyler Foster.

Jean Bleeker gave the speech, "Tombstone L'Overture". Katherine Hofferick's speech was "The Greatest Man of the Nineteenth Century." "The American Pioneer" was given by Mary Gilbert, and Helen Baxter delivered "The Inaugural Address of Franklin D. Roosevelt."

## Speech Class Banquet

I happened to be in the gym at the end of fifth hour and I noticed two tables set as if in preparation for a banquet. I wondered what was going on so I decided to stay and see.

At the beginning of sixth hour the Speech class and Miss Barrus came and sat down. The Seniors sat at the speakers' table after everyone was served. Oh yes, they had real food in case you're wondering.

After eating, the program began. Lo and behold if there wasn't Lynn Dancer as toastmaster. I found out this was an Athletic banquet as the speakers were introduced. First came Zilpha Shaver as coach of the girls' basketball team. Helen Baxter was principal of high school, Leona Moeckel was captain of basketball team, Hubert Ives was superintendent of high school, Norman Wenk was coach of high school team, Mildred Goodell was a coach from Ann Arbor.

Mr. Ives presented Mr. Wenk with a trophy. Miss Barrus and George Woods were called on for a few words and the banquet ended, being a great success.

The Seniors of the Speech class put this on and next week the Juniors and Sophomores of Speech class are going to put on a mock trial. Let's wish them success.

## Girls' Team Defeated

Wednesday night the girls were beaten by the Manchester girls by a score of 18 to 0. Due to the gym the girls couldn't go as well as they should have and the Manchester girls built up a big score. After the half the Manchester girls gained nothing but our forwards couldn't make extra points. We have quite a few games in the next few weeks and we hope to win the rest.

**First Grade**

The first grade town of "Linville" is growing very rapidly. Bobby Robbins and Arthur Paul are making a dairy farm. Other boys and girls are busy sawing out cows, chickens and pigs for the farm. Arthur promises to be a very good milk-man and keep the people well supplied with good rich milk.

**Second Grade**

These little folks have been neither absent or tardy in the last six weeks of school. Kathleen Elshay, Norman Aberle, Eva Geddes, James Gaunt, Norman Krontz, Flo-Ann Longworth, Ruth Ann Schenk.

We are learning to write stories. This one Phyllis Hopper wrote:

Butter Ball—My Cat

Butter Ball is an orange cat. He jumps for his food. He can turn the electric lights off and on.

He plays under the rug. Our music teacher, Mrs. Sheehan, has gone to another school. She taught us many pretty songs and we are going to miss her.

**Fourth Grade**

The following pupils have had perfect inspection: Bobby, Caroline, Luther, Dolores, Doris, Clayton, Edith, Margaret, Helen and Raymond.

We have been studying about the giant Redwoods of California. Luther brought a little dish made of it.

Clayton Myers went to St. Joseph hospital to see Joe Hale.

Margaret brought a calendar with pictures of Redwoods on it.

Miss Kern brought us some cards for bookmarks.

We received a letter from Dorothy Yager.

We also crossed out "A good citizen is honest and does not fight" and added two new lines to the code: "Is quiet in the halls, does not put off work until tomorrow what he can do today."

**Fifth Grade**

We have just finished the Book of Hugs. It was a story of a Brindle Hound Dog. Mrs. Steiner also read us a story of another dog—but his name was Drum.

We have a fine new table for map work, and we finished the Middle Atlantic States in Geography.

We have started the Southern States Eastern Section.

We are sorry that Mrs. Sheehan and William are leaving us. We wish you lots of good luck.

We send greetings to our sick people. We miss you very much.

## Senior Farewell Party

Last Thursday night, January 24, the Senior class held a party to bid adieu to one of the members of our Senior class, Willbur Tisch. He has been a member of our class all during our four high school years. We regret that he is unable to graduate with us and we hope that he will enjoy the remainder of his year at Stockbridge high school.

The evening was spent in card playing of all kinds, dancing and other games under the direction of Mr. Johnson. Ice cream and cake were served.

## Reserves' Games

The Chelsea Hi Reserves took the Manchester Hi Reserves 13-10 in a class game. Chelsea was, of course, not accustomed to the small floor. Koebe was high point man, with 10 points, for Chelsea, and the Manchester high point man was Widmayer with 7 points.

The Reserves suffered a second defeat last Friday night, losing to Saline, 15-16. The team did not seem to be able to work together. The high point men for the two teams were Koebe, 11 points, for Chelsea, and Hartman, 10 points, for Saline.

**MANCHESTER**—Mannie Bodt of Pleasant lake had a very unusual and somewhat terrifying experience last Wednesday. He walked down on the lake where they had been cutting ice and the ice was so slippery and the wind so strong, that walking required great caution in order to prevent falling. A gust of wind blew very hard, and blew him toward the open water where they had taken ice. He was so frightened that he laid down on the ice and worked his way out of range or he might have been drowned. —Enterprise.

## Question And Answer Dept.

Ques.—In what year was the "Greenback Act" passed and under what President? When was the Act declared constitutional?

Ans.—The Greenback Act was passed by Congress in 1875 under the administration of President Grant, and it was declared constitutional by the United States Supreme Court the following year.

Ques.—Who is the King of Finland?

Ans.—Finland is not a monarchy. It proclaimed independence during the World War, and in 1919 it was established as a republic.

Ques.—Is there any prescribed way a person should dispose of an old, worn-out United States flag?

Ans.—If the flag is so worn that it is no longer a fitting emblem for display it should be destroyed as a whole, preferably by burning—never in a disrespectful manner.

Ques.—What is the origin of the word "fortnight"? Is it a slang word?

Ans.—"Fortnight" is a perfectly good word. It means "fourteen nights" or two weeks, for which it is a contraction.

Ques.—Can you tell me what G. O. P. stands for as applied to the Republican party? Who first suggested it?

Ans.—G. O. P. stands for the three words "Grand Old Party", which was an affectionate name applied by its members to the party of Abraham Lincoln. It is not known how or when the expression originated. It is now applied to the Republican party by members of all political affiliations without regard for the literal significance of the letters "G. O. P."

Ques.—I would like to know why hunters are often called "nimrods"? Will you kindly answer?

Ans.—In the Bible (Gen. 10:9) Nimrod is mentioned as a "mighty hunter before the Lord." Bible scholars differ as to what is meant by Nimrod being a mighty hunter. Be this as it may, Nimrod has become the romantic name of a hunter.

Ques.—To settle a dispute please answer in your Questions and Answers the correct way to pronounce "Illinois".

Ans.—"Illinois" is correctly pronounced either "il-i-noi" or "il-i-noiz." However, "il-i-noi" is preferable and most generally used.

Ques.—Is it true that there was once a president of the United States who wrote his own epitaph for his tombstone before he died? If so, who was he?

Ans.—Yes, Thomas Jefferson did that. It was found among his papers after his death. The epitaph he wrote was as follows: "Here lies Thomas Jefferson, author of the Declaration of Independence, of the statute for religious freedom in Virginia and founder of the University of Virginia." That is all. While he was twice elected President of the United States, he did not mention that fact in his epitaph.

Ques.—Will you please answer in the question department of your valuable paper why Pennsylvania was nicknamed the "Keystone State"?

Ans.—This name originated from the fact that Pennsylvania occupied a central position among the thirteen original states, or colonies. Early designs or charts were in the form of an arch with Pennsylvania occupying the center of the arch—representing the keystone.

Ques.—Is there any living thing that can grow new legs if any are lost?

Ans.—There are just three living things that can do that. They are: The lobster, the crawfish and the starfish.

Ques.—When an alien becomes a full-fledged American citizen by reason of naturalization, does his wife, who is an alien, automatically become a citizen?

Ans.—No. In 1922 Congress passed an act which provides that when an alien woman's husband becomes a naturalized citizen she does not become a citizen by reason of her husband's naturalization. If she is eligible to citizenship she may become naturalized in the regular way.

Ques.—I would like to know why the eldest son of the British king is called the "Prince of Wales"?

Ans.—In the fourteenth century Edward I conquered Wales by promising the Welsh people if they would lay down their arms he would give them a "native-born prince who could not speak a word of English." Edward's queen, Eleanor, had just given birth to a son in Wales. Of course this "native prince" was given the title of Prince of Wales, thus permitting the king to keep his promise.

**PINCKNEY**—At a meeting of the Pinckney Board of Commerce held Monday night the date of the Centennial and Homecoming to be held here this summer were set for July 4, 5 and 6. ## OUR NEIGHBORS

**GRASS LAKE**—Rev. Edgar Engelmann, for the past nine years pastor of the Federated church, has resigned his charge, to be effective on Feb. 17. Rev. Engelmann has accepted a call to the Federated church in Capac.—News.

**STOCKBRIDGE**—Last Sunday Rev. Vender tendered his resignation to the congregation of the Presbyterian church, to accept a call to Croswell, Michigan. The resignation was accepted with regrets. Mr. Vender will leave some time in February.—Brief-Sun.

**BRIGHTON**—Patrons of the Consumers Power Company enjoyed cold breakfasts on Tuesday morning, their supply of fuel being shut off in consequence of a broken main near Howell. A truck loaded, it is reported, with five tons of steel plunged off the bridge and went clear through the main. Gas was not available until about 11 o'clock Tuesday morning.—Argus.

**MILAN**—Preliminary plans were laid for the establishment of a Credit Bureau among the retail merchants of Milan at the meeting of the Milan Chamber of Commerce Monday night. Plans for the forming of the credit group has been under consideration for some time. A committee was named to present definite plans at the next meeting. The need for such an organization has been evident for some time and it is planned to cooperate closely with similar bureaus in nearby communities. The estimated cost will be slight compared with the loss of one or two accounts on the part of the merchants.—Leader.

**GRASS LAKE**—For 40 years Dr. James McColgan has faithfully served the people of this community, often at great physical hardship and knowing at many times that he could expect no financial remuneration. On numerous occasions during these many years he has labored at the bedside of the ill both day and night with no thought of himself. Last Friday evening the people of this community repaid in a small way at least their appreciation of his loyalty when they extended a reception to him at the Federated church. More than 350 persons attended the meeting, many of them former residents of the community. In addition many letters and telegrams were received.—News.

**No Mouth or Stomach**

The tapeworm does not have a mouth or a stomach. Lying beside already digested food it absorbs this through its skin.

## SIX CYLINDER SENTENCES

By DR. JOHN W. HOLLAND

The truth of what "they say" is generally a lie.

A man cannot truly live until he has something worth dying for.

A single standard of morals is necessary if society is to stand.

The smaller a man's or a woman's head, the more content can be stuffed into it.

No matter what your work, put heart into it, and you will make an art of it.

A safe rule for drivers and talkers: the more you use your brain the less you need to "hunk."

NEW FORD V-8 FOR 1935

THE 1935 Ford V-8 has many advantages you'll want to investigate. But there's one that belongs at the top of the list—Comfort to match V-8 Performance.

To any one who has been behind the wheel of a Ford V-8—who knows from experience what a difference a V-8 engine makes—no other statement about this amazing car could be half so impressive.

It's a statement you can quickly prove, too—and have a lot of pleasure doing it.

There has never been a Ford like this one. And there's no better time to see it than today!

"WATCH THE FORDS GO BY"

"Taking a back seat" used to mean sacrificing comfort—until the 1935 Ford introduced Center-Pole, placing back-seat passengers in front of the rear axle instead of over it. (See illustration below.)

Front-seat passengers in the New Ford find all roads easier, too—thanks to Center-Pole, another example of Ford pioneering, which combines and applies three related engineering principles in a manner certain to make motor car history:

(1) Longer, more flexible springs, set farther apart, retain time-proved Ford advantages, and provide a longer base for spring action.

(2) The forward placement of the engine—and other improvements in design—more nearly equalize weight distribution on all wheels.

(3) And the forward location of all seats enables passengers between the wheels.

## Check-Up Coming On Drivers' Cards

Dangers which threaten otherwise law-abiding motorists whose operators' licenses have expired, are again emphasized by the Secretary of State's office. Few motorists realize that prosecution under the strict financial responsibility act, can be brought against them for failure to renew an operator's license.

The act was framed in this particular to give the state complete control over drivers who take to the road during periods for which their licenses are revoked. The fact remains, however, that consequences of simple expiration can be equally serious with those arising through willful evasion.

Conviction under the act entails revocation of operator's license for three years, unless the motorist posts with the Secretary of State, in the form of insurance, bonds or cash, evidence of financial responsibility to the extent of \$1,000 for property damage, with \$5,000 and \$10,000 personal liability added. Insurance companies charge extra premiums for filing the information required of them; the motorist is caused great inconvenience. There are at present, more than 205,000 motorists of the state operating automobiles with operators' licenses expired. Forgetfulness explains the bulk of these instances, but a check-up will soon be started.

Some interesting statistics are contained in the Secretary of State's annual abstracts of sheriffs' reports, compiled this week for the year ending June 30, 1934. Total jail commitments for the year then ending, were 51,269 people; average duration in jail was slightly over 11 days; 1,740 were convicted of crime and sent to state prisons. Total cost of jail maintenance was \$1,514,192.53, of which \$933,062.34 was for sheriffs' salaries, fees, board and keep of prisoners. The average weekly maintenance cost of jail prisoners was \$14.16 per person.

Extension of time for purchase of 1935 motor vehicle licenses, until midnight, February 28, 1935, has been ordered by the Secretary of State in consideration of pending legislation which, if approved, would establish the two payment plan for plate purchases annually.

The school month for the Jerusalem school closed Jan. 25, with the following pupils neither absent nor tardy: Ariene Koenigter, Junior Barth, Donald McLean, Helen, Clara, Elmer and Robert Trinkle.

We did not have school last Wednesday because of Mrs. Martin Koch's funeral.

During this month we have tried to see who could get the most 100 percent papers to hang up. In the second grade Joyce Hoffman had the most; 3rd grade, Robert Trinkle; 4th grade, Joyce Hashley; 5th grade, Ariene Koenigter; 6th grade, Clara Trinkle; 7th grade, Billy Stierle; 8th grade, Helen Trinkle.

The following pupils have earned book certificates: Helen Trinkle, Clara and Elmer Trinkle, Janice and Joyce Hashley.

We are working on our study habits. We are also busy with our language chart. Most of us have stayed on "Good Language" for some time.

The president of our Jerusalem Civic Health club for January was Marian Schiller; secretary, Clara Trinkle.

We are improving in our drawing work. More of us got our work put up this week.

The second and third grade have completed their picture books. They have written some good sentences in them.

We have all but one of our festival songs learned. We have also our records for the music appreciation work. We are beginning our music scrapbook. We have learned the dance, "Virginia Reel."

## Pres. Ruthven Sees Values of Scouting

President Alexander G. Ruthven, of the University of Michigan, in a statement to Dr. Theron S. Langford, president of the Washtenaw-Livingston Council of Boy Scouts, commemorating the 25th Anniversary Silver Jubilee Year of Scouting, says:

"In the twenty-five years in which Scouting has been organized in this country I think we have all come to see that the movement is of real value to the boys themselves, their families, and the community. In the years of boyhood, habits are formed and decisions are made which determine the entire course of the individual's life. He may or may not acquire wholesome likes or dislikes and his attitude toward his friends and society in general may or may not be such as to develop later into genuine and useful friendships on the one hand, and constructive citizenship on the other. I believe that boys, who are fortunate enough to join the Scouting movement enjoy a real and great advantage with reference to their moral, social, and physical development."

Possession of Gold Illegal

The United States is the only country where it is illegal to have gold. No country limits silver possession. Several countries have laws against hoarding in large amounts. In England, for example, one should not have a hoard of more than \$50,000. France and Germany frown on gold hoarding, but do not forbid the possession of reasonable amounts.

Leavin' the Old and Greetin' the New  
by Laurence Hawthorne

It's kind o' tough t' have t' leave  
So many folks you've learned t' know,  
An' have 'em grip yer hand an' tell  
How much they hate t' see you go!

It's kind o' tough t' say goodbye  
To friends you've seen day after day—  
It's hard t' break the happy bonds  
O' comradeship an' move away.

It's hard t' pack up all yer things  
An' leave a cozy home behind—  
The place where joys have come t' you,  
Where neighbors all have been so kind.

An' when, at last, ye dearest pal  
Is tryin' hard t' make a bluff  
As bein' brave, ye break right down—  
It's a kind o' tough, it's kind o' tough!

But say! It's great t' find new friends,  
An' waitin' for a chance t' show  
How glad they are t' have you come  
An' live with 'em! It's great t' know  
That folks 're just about the same  
No matter where you chance t' roam,  
An' if you let 'em have their way  
You'll soon be feelin' right at home.

So, it's a long farewell, old friends;  
May God be mighty good t' you!  
Across the miles an' down the years  
You'll find my friendship always true.  
And now I turn with eager heart  
T' meet whatever life extends  
T' greet the folks that welcome me,  
An' try t' make them all my friends.

Unpleasant Dreams Offener  
Various studies of dream phenomena made among college students as well as groups of older people reveal the fact that, in the majority of cases, unpleasant dreams occur twice as often as pleasant ones. ## HUDSON AND TERRAPLANE TRUNK DESIGN

An entirely new type of trunk is being offered this year for Hudsons and Terraplanes. The lines of the trunk not only blend with those of the body but the trunk itself opens directly into the generous tire and luggage space at the rear, giving a tremendous amount of room while actually enhancing the appearance of the car.

Just to illustrate the capacity of the new trunk designed for Hudsons and Terraplanes, here is one with the cover open showing four full-grown standard size milk cans in place and there is plenty of room behind them for the spare tire.

## New Oldsmobile Announced

Adding to the proven features on previous models, Oldsmobile in 1935 adds new engineering developments which contribute to the comfort and safety of the passengers, and the performance and economy of the car. Pictured above is a 1935 Oldsmobile Six Five-Passenger Coupe.

Roominess has been added to the new Oldsmobiles for 1935 by widening the seats, lengthening the wheelbase and moving the motor forward so as to permit the seats likewise to be moved ahead. The 1935 Oldsmobiles seat six persons comfortably. Above are shown six persons in the new Oldsmobile Six, a low-priced car.

On both Six and Eight, Oldsmobile has retained Knee-Action wheels, super-hydraulic brakes, ride stabilizer, center-control steering, Synchro-Mesh all-silent gear shifting, and Fisher No Draft Ventilation. On the 1935 models the solid-steel "turret-top" body by Fisher is added as are other engineering improvements to give increased economy at the same time that performance is being materially improved.

**Deer Shed Horns**  
Deer shed their horns once a year, soon after the breeding season. The horns begin as single points on the young deer during the second season and generally increase in size and number of points with each renewal. But the increase in size and number of points is not strictly progressive. It is not possible, as popularly supposed, to tell the age of a deer by the number of points on its antlers. There is a tendency for the horns to become smaller with fewer points as the deer grows old.

## Explains Changes In Corn-Hog Plan

Plans for handling the 1935 Michigan corn-hog contracts were announced by John E. Wilson, AAA, Washington, D. C., at meetings for county agents and local allotment committees held at Flint, Kalamazoo and East Lansing.

The major phases of the 1935 contract are similar to those of the 1934 contract which was approved by a majority vote of Michigan hog and corn producers. The government agrees to make certain payments to corn and hog producers who regulate their production in accordance with the demand for these commodities.

Contract signers are asked to reduce their corn acreage at least 10 and not more than 30 per cent of their base acreage for 1932 and 1933. This is the same base period as was used for the 1934 contract. The reduction asked for corn this year is less than that required in 1934.

For the reduction in corn made by Michigan contract signers, benefit payments of 35 cents per bushel will be made upon the estimated yield of the land retired from production. The growers' private share of the administrative expenses will be deducted from the benefit payments.

Signers of hog contracts are asked to reduce hog numbers by not less than 10 per cent of their base production. Benefit payments of 15 dollars per head on the 10 per cent reduction will be made by the agricultural adjustment administration. The base period for the 1935 contract is the same as for last year's contract. Pro rata shares of administrative expenses are deducted from the benefit payments.

Signing contracts is entirely voluntary; local meetings will be held in each producing section to discuss the contract requirements and each grower will determine for himself if he wishes to cooperate with the controlled production plan. Local conduct of the plan will be in the hands of local men known to the producers. Benefits on the corn contracts will be made in two payments, the first 15 cents a bushel after signing the contract, and the second 20 cents per bushel on proof of compliance with the contract. The payments on hogs are made in two installments of \$7.50 per head on the 10 per cent reduction.

Restrictions on planting crops on contract acreages will be somewhat less stringent than in 1934. Each contract signer should talk with his local committee or with the county agricultural agent about the planting restrictions. The restrictions are sub-

ject to change by the secretary of agriculture in case of any necessity such as last year's drought. Any bona fide producer is eligible to sign a contract. Owners of farm land who have ceased the production of hogs or corn can not sign contracts nor obtain benefit payments. Producers who did not sign contracts last year can do so this year if they wish.
