The Brotherhood of the Congregational church entertained their wives and friends at a banquet at the church on Friday evening.

Mrs. Lester Van Fleet died at her home on Friday evening, February 24.

Mrs. Arthur W. Chapman died at her home in Sylvan township on Friday, February 24.

On last Thursday evening several of the neighbors and friends of Mr. and Mrs. Christian Fahrner, who live near Sylvan Center, came to spend the evening with them and to congratulate them on their new home.

Miss Charlotte Steinbach left Friday for Vineland, N. J., where she will be a student in the office of Dr. Godert for the next six months.

Mr. and Mrs. Wirt S. Ives are moving from Unadilla to the Fulford farm west of the village. Mr. Ives has disposed of his interest in the Unadilla mill and with his brother, they will operate the farm which they recently purchased.

The dedication of the new pipe organ in the M. E. church was given on Monday evening. The recital was given by Professor Albert A. Stanley of the University School of Music.

The Order of Gleaners of Waterloo has purchased the old school house and will fit it up for a lodge room.

The price paid was \$50.00, just about double the price paid for the same building a year ago.

Joseph Liebeck, who has been visiting relatives in Pennsylvania, has returned home.

Frank D. Scherer has been appointed

ed postmaster at Francisco in place of Herman Kalmbach, who resigned.

John Cook died at his home on East street on Sunday, February 24.

Miss Matie Stimson left for Lansing today, where she has a position in the secretary of state's office.

Question And Answer Dept.

Ques.—What salaries do the Methodist ministers get per year?

Ans.—The salaries of Methodist ministers varies throughout the United States. However, they average about \$1200 each.

Ques.—Can you tell me why salt will melt snow and ice?

Ans.—This is because salt combines with snow and ice and forms a salt solution with a lower freezing point than the snow or ice and it begins to melt.

Ques.—I would like to know if there is any state in the Union that does not grant legal divorces?

Ans.—South Carolina is the one and only State that does not grant legal divorces.

Ques.—Will you please answer through the Question column of your good paper who was Augustus Saint Gaudens?

Ans.—Augustus Saint Gaudens was a famous American sculptor who died at Cornish, N. H., on August 9, 1907.

Ques.—Can you tell me why it is easier to swim in 100 feet of water than it is to swim in ten feet of water?

Ans.—Your inference is wrong. The buoyancy of the swimmer is not changed in any way by the depth of the water below him, so it is no harder to swim in ten feet of water than it is in 100 feet.

Ques.—Who made the "Statue of Liberty" in New York harbor and how was it transported to the place where it now stands?

Ans.—The Statue of Liberty was designed and made by Frederic Bartholdi in France and was brought to the United States in many pieces. It was put together in New York harbor in 1886.

Ques.—What was Sousa's nationality? I am told this was not his real name, but that he took this name because the last three letters were those of the "U. S. A."

Ans.—The name of John Phillip Sousa was not an assumed name. It was his real name. His mother was a German and his father a Spaniard. Therefore, he was half-German and half-Spanish.

Ques.—Can a submarine travel any faster while submerged, than it can when cruising on the surface of the water?

Ans.—No. The water resistance is too strong. The average submarine can travel about 20 miles an hour on the surface, and about 15 miles an hour when submerged.

Ques.—How is "T. B." used in connection with "tuberculosis"?

Ans.—"T. B." is merely a slang abbreviation of "tuberculosis" that has no literary recognition whatever. However, there appears to be no particular objection to its use in oral speech.

Ques.—Do members of the United States Supreme Court receive pensions after they are retired? If they are appointed for life how can they retire?

Ans.—A Judge of the United States Supreme Court may retire at any time he chooses to do so. He must be at least 70 years old and have served not less than ten years before he may retire and be eligible for a pension, which is full pay yearly for life.

Ques.—What is the national flower of the United States?

Ans.—The United States has no national flower. The violet and gold-rod have been suggested, but Congress has never taken any action in the matter.

Ques.—Please name a small river in Connecticut. Also a channel between what large islands?

Ans.—There are numerous small rivers in Connecticut—in fact, too many to give space in this column for naming them. However, we will mention four, trusting that one of them is what you want: Naugatuck, Hamamassett, Quinnipiac, Hop. 2. We can give space only to four channels between large islands. We trust that one of these may be what you want. They are: St. George's, in the British Isles; Windward, between Cuba and Haiti; Kaili, Palolo, Alenuihaha, and Kumukahi, in the Hawaiian Islands; Kri, in the islands of Japan.

Electrolux operates for less...

and gives you more!

Permanent silence—freedom from repairs—gas company service—long life

No other automatic refrigerator costs as little to operate as the New Air-Cooled Electrolux! And with good reason! Electrolux has no moving parts. A tiny gas flame circulates the simple refrigerant. Ordinary air cools it. And that's all!

Unmatched, too, is the permanent silence of Electrolux. With no moving parts, there is nothing about Electrolux to cause noise—or grow noisy. Nothing, either, to wear.

But judge Electrolux for yourself! Examine carefully its many convenience features...

...adjustable split shelves... non-stop defrosting... trigger release on trays... temperature regulator.

And with all this—expect more! Expect lasting satisfaction! Electrolux makes only quality refrigerators—the finest! Yet it costs no more to buy than other leading refrigerators. And we—your gas company—back every one we sell.

Chicks Stay Healthy If Houses Are Clean

Rising prices and a more favorable outlook for poultry will undoubtedly lead to an increased demand from Michigan farmers for baby chicks this spring, and buyers are warned by the poultry department at Michigan State College not to jeopardize the success of chick raising by failing to get the brooding quarters ready early.

Early chicks have the best chance to mature sufficiently to be ready to go in the laying house as producing pullets when eggs are the best prices. These chicks are harder to raise because more careful attention must be paid to maintaining brooder temperatures and to the prevention of diseases within the houses. This attention should be given, however, and an early start made to obtain the most profits from the future flock.

Brooder houses should be thoroughly cleaned before any chicks are placed in them. Thorough cleaning means considerable hard work and plenty of hot water, but, if any dirt is left in the house, it probably will be a refuge for bacteria which will kill the chicks later. Sprinkling disinfectant in a house does not clean it. The disinfectant will not penetrate

dirt which is present, so the dirt should be removed before the disinfectant is used.

Scrubbing the house with plenty of water and soap is more important than using disinfectant. A coarse broom or brush will save a lot of back bending in the scrubbing process. Use the disinfectant after the house is cleaned and follow the manufacturer's directions.

Early chicks have to stay in house until good weather comes, but clean range should be ready for them when they go outside. No range should be used upon which poultry has run within the past two years. Several of the kinds of bacteria which cause chick diseases will live in soil for two years. If the ground is contaminated with these bacteria, the chicks will become infected. There is no profit in treating sick chicks. Disease outbreaks should be prevented. Clean houses and ranges will do this.

We made butter for Valentine's Day. The cream was bought from Mr. Hoppe. Our butter weighed almost two pounds. That afternoon we ate our butter on crackers. Mrs. Lantis and Mrs. Eaton sent us some jells.

Thirty out of thirty-one are here today, we are glad to say. We are learning about the flag—how it stands; that Betty Ross made the first flag. We learned a poem about the flag.

This morning we had a spelling contest. Naida Olson and Jimmy Gaken stood up the longest.

Some of us are reading special library books. Dolores McBride has read the most books.

The Fourth Grade have a hyacinth which Miss Kern brought. Some of us had never seen a hyacinth. We learned that the people of Netherlands raise these plants for the bulbs.

Miss Ackerson and Miss Miller visited the fourth grade room Wednesday and Miss Ackerson drew us a picture of Lincoln's and Washington's birthplace.

We have made a room border of heart-men made of red and white hearts mounted on brown. We also shaded some pictures of Washington. We have added a snail and some water plants to our aquarium.

Dick Kern brought us a picture of Washington, a reproduction of the one by Stewart.

Rowena brought us some pictures of Arabia and Netherlands for our geography scrap book. Doris brought some of Netherlands and Baffin Island.

Our bulletin board is getting prettier every day with new pictures of Washington, Lincoln and Valentine's Day.

We have new window decorations, bowls of daffodils.

Several license plates have been added to our chart.

Edith brought a picture of Lincoln and Davis and when we studied it we found that the incidents in their lives were nearly alike.

We have a new poster of the minut colored by several children.

Our book chart is growing. Everyone is interested in doing outside reading.

The following pupils have had perfect health inspection for the past three weeks: James Collings, Bobby Strieter, Dick Kern, Luther Kusterer, Dorothy Knickerbocker, Margaret Knapp and Edith McDonald. This week we are using hatches for inspection.

Edith McDonald's row is leading in our "Self Control" with seven stars.

Bobby Strieter attended the basketball game in Ypsilanti Thursday, where Chelsea and Roosevelt High played.

We have a new sand table. Luther brought in his soap book of Lincoln and Washington.

We have a new ivy plant. Last Thursday afternoon we had a Valentine party. It was planned by the boys. Games were played and Bobby and Luther were winners in two contests. Refreshments of sandwiches, cookies and jello were served by a committee of boys. Our Valentine box was opened and everyone

was happy with the Valentines received.

Friday afternoon we enjoyed the puppet show which was sponsored by the Child Study club of Chelsea. They made it possible for everyone in our room to attend. Thank you.

We are beginning two figure multiplication. We like them very much. Caroline Breitenwischer, Dick Schenk and Dorothy Knickerbocker have been absent on account of illness but were back with us this morning.

We made Washington booklets for our language class last week.

Clayton Myers went to St. Joseph hospital Saturday to visit Joseph Hale.

We have added three license plates to our chart.

Only five people in our room haven't read a library book. We are working hard to earn certificates. We have a total of seventy-five books read.

Luther is in the lead, having read seventeen.

Each of us wrote a letter to Dorothy Yeager, a schoolmate who moved to Onaga, Missouri.

Reserves Win Final

Last week Friday the Chelsea Reserves ended a very successful basketball season by defeating the Lincoln Consolidated Reserves. The Lincoln players had a record of no defeats until they played Chelsea. The Reserves had figured on a very tough game because of the Lincoln record. They had gone out at the beginning of the game determined to win. In the first quarter they took the lead and held it all the way. At the end of the first quarter it was 6-1 in favor of Chelsea.

In the second quarter Mr. Johnson sent Winsans in for Cook after he had made six points because Johnson had told Cook if he made eight points he was going to pull him out of the game. I guess he figured he would need Cook so he didn't let him make his 8 points. At the end of the second quarter it was 12 to 3 in favor of Chelsea.

At the beginning of the second half Johnson put Cook back in, figuring that Chelsea had enough lead so that Cook could make his eight points if he wanted to. The Lincoln team came back full of pep and determined to overtake Chelsea's lead but they were unable to stop the flashing Chelsea team. At the end of the third quarter the score was 17-8 in favor of Chelsea.

In the last quarter both teams fought hard but were unable to score very much. Since this was the last game Johnson gave all of his substitutes a chance in the last quarter.

The final was 21-10 in Chelsea's favor. The high men for this game were Cook and Wheeler for Chelsea, with 6 points each; and for Lincoln, Elka with 6 points.

Koebe was the high point man of the season, with 75 points. Cook was next, with 46 points.

The boys from the second team are all looking forward to a successful season next year.

Through the Eyes of a Fan

The fast pace which the boys put up to defeat Lincoln makes me think of Sir Malcolm Campbell and his "Bluebird." Campbell thinks he can drive the Bluebird over the Daytona Beach course at 300 m. p. h. (The man's crazy. Think of Billy Ackerson driving Hank Niehaus for going over 300 miles per hour!)

For some facts about the Bluebird: Full capacity is 40 gallons of gas, 30 gallons of water, and 10 gallons of oil. Fuel consumption is 2.9 gallons a minute. It was 27 feet long in 1933 but Campbell's mechanics lengthened it to 28 feet, 3 inches.

A few years ago the question was asked Campbell, "When does visibility cease at the wheel of an automobile hurtling through space at 270 miles an hour?" Sir Campbell didn't know.

He did know, however, from his own experience, that when he had done 272.108 miles an hour, that he had seen nothing and heard nothing. A wall of vague impressions hemmed him in. Anyway, how can a person drive at that pace?

Under ideal conditions the Bluebird can travel 385 miles an hour or a mile in 12 seconds. What's the difference as long as we're healthy?

Sir Campbell will probably go 300 m. p. h. safely and then break his neck getting out of the Bluebird. Oh well, time will tell.

(By the way, the Red Wings won two in a row; believe it or not.)

Chelsea Closes Season With Overtime Victory

Chelsea completed their Huron League games Friday night by defeating Lincoln Consolidated, 25-21 in an overtime game. This was one of the hardest fought games of the year. By winning Chelsea tied for third place in the league.

Lincoln started fast and made good use of securing the tips. Jones was jumping for Lincoln and this boy stood 6 ft. 4 inches in his stocking feet. The first quarter saw Lincoln piling up a 9-2 lead and Chelsea apparently headed for the cleaners.

The second period saw Chelsea opening up and scoring a few points but Lincoln tallied just as many and maintained their big lead as the half closed. Score, Chelsea 8; Lincoln 16.

The local boys opened the second half with a gusto that carried them to a tie score. Chelsea was going at top speed and the crowd was really enjoying the game. Chelsea was now bottling up "Tiny Tim Jones" as he was nicknamed by the crowd. Score, 19-16.

The fourth quarter saw little scoring but a lot of action. The boys were fighting savagely as Lincoln scored two points and went into the lead. Then with ten seconds to play, Allhouse dropped in the tying basket. The maddened crowd caused the whistle to sound like a mouse's squeak.

The referee had to be notified by your scribe that the game was over. Came the overtime.

Chelsea drove through a fast fading heavy footed bunch of Lincoln basketballers to win by two baskets with the final score being 25-21.

This was the final game for Chelsea on the local court. Four seniors made their final appearance and played a fine game. Seizer, C. Panarites, Allhouse and Captain Nick Panarites closed their careers as Chelsea

high players on this floor. The tournament is yet to be played with Chelsea going to Michigan Center and playing Grass Lake Thursday night. If Chelsea wins they will play for the championship of the district on Friday.

TRUSTING

I never ask the why of God, But I would ask his will to know, For when I see His beckoning hand I always know which way to go.

Sometimes a sharp curve in the road May for the moment hide my view, But though His face be hid from sight His track I see and I'll pursue.

If often too when through a mist, The hazy shadows make it dark, A holy presence tho' unseen Illuminates my path and heart.

And o' the peace the Saviour gives, Such peace I never knew before, And all my way seems brighter grown.

Since I have learned to trust Him more.

—Arthur Carlton.
