4-H Club Show Will Be Held On Saturday

According to 4-H club leaders and
the agriculture committee of the Ki-
wanis club, everything is progressing
very satisfactorily for the holding of
the annual show of the 4-H clubs in
this territory, which will be held at
the Sylvan town hall on Saturday of
this week.

Livestock exhibits will be in the
village buildings at the rear of the
town hall, and the chickens, canned
fruit and garden club exhibits will be
in the town hall.

Exhibits will include at least five
head of cattle, one calf, six pens of
sheep, 10 coops chickens. Six potato
clubs, five garden clubs will exhibit,
and there will be 50 separate exhibits.

This show promises to be one of the
best of its kind ever held in Chelsea,
and the public is invited and urged
to attend, to encourage the club mem-
bers who bring in the exhibits.

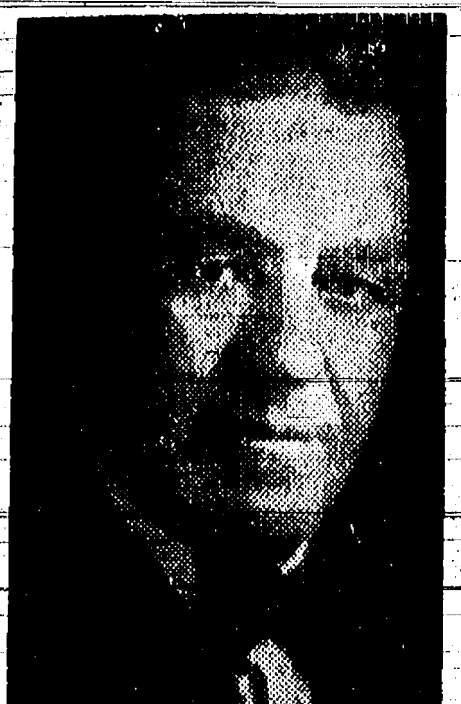

On Monday evening the annual 4-H
club banquet, sponsored by the Ki-
wanis club will be held at the public
school auditorium, when awards will
be given to club members in recog-
nition of their achievements in their
chosen projects, and worthwhile pre-
miums will be awarded those who are
winners at the Saturday show.

John S. Cummings Is Taken By Death

John S. Cummings, lifelong resi-
dent of this community, and for the
past ten years register of deeds in
Washtenaw county, died early Tues-
day morning, November 26, at Univer-
sity hospital, Ann Arbor. He was
taken ill a week ago Monday while at
work in his office in the county build-
ing, returning to his home early in
the afternoon. The following day he
was taken to the hospital, where an
operation performed on Monday of
this week for the removal of an in-
testinal obstruction was unsuccessful.

Mr. Cummings was born May 28,
1869 in Sylvan township, the son of
Delos and Joanna (Spencer) Cum-
mings, receiving his education in the
Chelsea public school. For 18 years
he conducted a grocery and general
merchandise business in the village,
and for another 14 years was engaged
in the produce business here.

In politics a Republican, he had held
a number of local public offices, serv-

JOHN S. CUMMINGS

ing as treasurer and justice of the
peace in Sylvan township for a num-
ber of years. He had been a member
of the Republican committee and was
Republican campaign manager for
Washtenaw county in the 1924 presi-
dential election. For a short time he
was deputy county clerk.

In January, 1925, he was appointed
to succeed Perry L. Townsend in the
register of deeds office and has been
re-elected for four successive terms.

FAIR AND CHICKEN SUPPER

St. Mary's annual fair opened on
Tuesday evening with a good attend-
ance, and a delicious chicken dinner
was served to about 300 people. Var-
ious games furnished amusement for
the evening and articles were for sale
at the different booths. The fair will
continue this evening and will close
with awarding of the grand prizes.

Christmas Trees Will Decorate Local Streets

Chelsea will take on a real Yule-
tide appearance within the next few
days, when a large number of small
Christmas trees will line the sidewalks
on all the streets in the business sec-
tion of the village.

On Monday of this week workmen
from the Electric and Water Depart-
ment strung approximately 5000 feet
of electric wiring above the sidewalk,
and village authorities will purchase
about 60 trees so there will be one in
front of every business place. The
trees will be placed about December
first.

Inasmuch as the village is furnish-
ing the trees and wiring, each busi-
ness place will be expected to furnish
their own outdoor decorative lights
for the trees. Outlets will be pro-
vided so the lights may be easily con-
nected.

With the installation of these de-
corations, which is new for Chelsea,
it should give the village an appearance
which will make the real spirit of the
season evident on every hand.

Kroger Store Moves to So. Main Location

The local Kroger store opened for
business Monday morning in their
new location on South Main St., in
the building formerly occupied by the
postoffice. Since locating in Chelsea
10 years ago they have occupied the
Wood building on North Main St.
Moving and settling in their new quar-
ters was accomplished Sunday with
the assistance of Kroger managers
and clerks from nearby places. A
chicken dinner, with covers for \$1,
was served at Kolb's restaurant by
the Kroger management.

The new store presents a very at-
tractive appearance. It is strictly
modern, has electric refrigeration and
a meat department has been added.
Irwin Nothnagel is the local manager,
with Stephen Clark as assistant, and
James Birch as clerk.

A grand opening is planned in the
near future.

ATTEND LUNCHEON

Mrs. Ernest Adam, J. F. Mohr-
lock, Agnes Mayer and Ida Damon,
members of the local W. R. C. attend-
ed a luncheon on Tuesday given by
Welsh Lodge, No. 218, Ann Arbor.
Mrs. Adam acted as inspecting offi-
cer at the meeting following.

LAKEVIEW SCHOOL NEWS

We had a Halloween party November 1. We played several games, for example, Charades, drop the clothes pin in the milk bottle and we chose up sides and tried to set up the milk bottle with our feet. After our games we had refreshments, and of course we masqueraded.

Last week two Chinese students of the University of Michigan came and visited our school. Mr. Barnes, head of the Education Department in Mt. Pleasant, brought them to our school. Mr. Chan, one of the students, took a picture of two of the pupils' lunches in our school, to take to China and put in a magazine there. The children of our school had Mr. Pan and Mr. Chan autograph in Chinese writing.

Miss Frances Guiliano visited our school Thursday, November 14. The seventh and eighth grade pupils are learning the poem "The Landing of the Pilgrims." The author was Felice Varnam.

Our teacher is reading to us the life of a little deer by the name of "Bambi." We think it is a very interesting story.

Mrs. C. Sullivan brought over to our school a table so we wouldn't have to use our sand table for our Victoria and records.

This week Mrs. Allen brought a box of toys for the little children to play with. She also brought some books, a "Felt-o-gram" game and cement building blocks. Donald Grayer, our only sixth grader, is building a medieval castle. It is very interesting to watch him. Our teacher's twin nephews, Donald and Douglas Aldrich, gave them to us. Our teacher also brought a football covering but we were lacking a bladder for it. Donald Grayer had one so we put the two together and have a good football. What fun!

Florence Golding, Chief Editor.

WATERLOO

The Home Economics group met at the home of Mrs. Susie Runciman on Wednesday. The leaders gave the lesson on wall and floor finishing. There were 11 members present.

The Boy Scouts met at the Waterloo home on Wednesday evening. Rev. Uhrig accompanied them.

About 60 friends and neighbors attended a shower in honor of Doris Walz, at the home of Mrs. Susie Runciman on Friday. A mock wedding was a feature. Refreshments were served by the hostess. The honor guest received many lovely gifts.

Mr. and Mrs. W. Vicary attended a family gathering at the home of the latter's parents in Detroit, to honor her sister, Mrs. Guy Wolverton, who will soon leave for her home at Long Beach, Calif. after spending some time with relatives here.

Mrs. P. P. Palmer is quite ill at her home at Clear Lake.

Mrs. Kate Walz of Jackson spent the week-end at the home of her son, Arthur, and family.

The Ever Ready circle will hold their postponed November meeting with Mrs. Helen Luman, Wednesday afternoon, December 4. Respond to roll call with a recipe for some Christmas cookery.

McIntee school received first prize at the agriculture fair held in Stockbridge.

Honoring Ed Bradley, who was recently married, Leo Walz gave him a smoker last Saturday evening. Eucher was enjoyed, a fine lunch with all the trimmings served, and Ed was presented a purse of money from the group. Everyone voted Leo a royal entertainer.

Mildred Beeman spent a few days of last week in Detroit.

Last Friday afternoon, for the pleasure of her niece, Doris Walz, Mrs. Susie Runciman entertained with a miscellaneous shower. About fifty were present, a mock wedding furnishing the fun. A dainty lunch was served, and Doris received many beautiful gifts.

Mr. and Mrs. Walter Vicary spent Sunday and Monday in Detroit.

There is not much change in the condition of little Phyllis La Van at the U. of M. hospital.

Annual Turkey Hop

"Gobble, Gobble here, Gobble, Gobble there, Here a Gobble, there a Gobble, Everywhere a Gobble Gobble!"

The annual turkey hop is a thing of the past. We had a lot of fun too. There wasn't as much of a crowd as before but everyone acted like they were enjoying themselves.

The teachers weren't here in any number, largely due to the fact that there were Mr. and Mrs. Fletcher, Mr. and Mrs. Belser, Mr. and Mrs. Strieter, and Mrs. Foster to act as chaperones. It seemed very nice to see so many of the parents in attendance and they all had a good time—so they said anyway. Did you notice who was there with Miss Hazard for a while? Yes, less than Miss Dorothy Knok, who formerly taught music and art here—surely you remember. Of course you noticed Mr. Johnson was escorting that same blonde alumnae—and you saw Miss Boongaard with another blonde alumnae—Class of '29 I believe.

Among the students—a couple of sort of new combinations—Jean Blocker and Mutz Bruckner, no less. Dad and Jane—getting sort of usual (except for Oz), La Rue and Maurey, Aug and Dae, Jane and Grove, Tisch and Riker, Harry and Eileen, Ruth Anne and Huffy—it's a game isn't it? Jean Dancer had a small time. We brought a boy from Ypsilanti—where were Bernie, Muriel and Doris? (A Junior wants to know). Did you notice the new clothes, incidentally? Oh yes, and incidentally this can't go on forever, so—

Select Class Rings

"I like number two."
"No, I like number one better."
Such were the words passing from the lips of the Juniors, Tuesday, Well, this is what it was about. The Juniors were called together Tuesday morning to select their class rings. Two agents, Mr. Terryberry, representing the Terryberry Ring Co., and Mr. Cabbert, representing the Wayne Ring Co., showed their rings. Both displays were discussed and voted on. The Juniors chose a plain gold ring from Mr. Terryberry's selection.

Girls' Basketball News

Girls' basketball was organized week before last with 15 upperclassmen comprising the squad, and assigning to the basketball girls of the 7th, 8th and 9th grades separate practices. The 1935 schedule as planned by Miss Fauver, the coach, includes several inter-class games, a practice game with the basketball girls of the alumni, and contests with Clinton and Manchester. Practice up to the present time has been spent in drilling and in handling the ball, with very little work in scrimmaging.

Notice

Due to an error in the publication of last week's High Light, the author's name was omitted from the poem entitled "The Fishing Trip." The originator of this work was Tom Taylor.

F. F. A. News

The local chapter met on Tuesday of this week at the high school gym. Following the regular procedure of business, initiation of Greenhands took place.

For recreation basketball was played and a group of boys entertained themselves by boxing. After other games were played refreshments were served.

Americans Only for Presidency
None but native Americans are eligible to the Presidency; but children of American citizens, born during sojourns abroad, are legally regarded as natives of this country in so far as this and all other civil rights are concerned.

Basketball News

Letter men returning this year are Olen Hart, Maurey Lyons, Dudley Foster and James Birch.

The rest of the squad consists of reserves and new men: Dave Strieter, Bert White, Harold Osborne, Harold McDonald, Philip Novess, James Daniels, Roland White, Bud Meyers, Gene Rosbach, Robert Schultz, Edward Dorer, Charles Bahnmiller, Charles Bycraft, Roland Spaulding, Larry Tish, Ben Alger, Leon Marsh, Victor Hindelang, Chester Kennedy, Gerald Cook, Dagne Rowe, John Aiber, Bernard Lyons, Willis Meyers, LaVern Niehaus, George Goodell, Donald Wheeler, John Fletcher, Charles Williams, Donald Koebe, Stuart Dingle, Harley Prudden and Harrie Blecker. The complete schedule for the season is as follows:

- December 3—Michigan Center, here.
- December 7—Jackson Tech, here.
- December 13—Milan, here.
- December 20—Saline, there.
- January 10—Dundee, there.
- January 14—Michigan Center, there.
- January 17—Belleville, there.
- January 20—Jackson Tech, there.
- January 24—Roosevelt, here.
- January 31—Clinton, there.
- February 7—Lincoln, there.
- February 14—University Hi, here.
- February 21—Tecumseh, there.

There's a hot battle going on every night for the upper berth positions. You're going to see a fast bunch of boys battling for their positions in that opener, December 3.

Caesar Says

Greetings to my Public.
Bringing up the old question—we have—

Ralph: Girls are prettier than boys.
Jean: Why, naturally.
Ralph: No, artificially.
That makes me wonder what defect of nature girls have to hide with cosmetics.

For the safety drive let us partake in this—we'll I can't say joke—
First hunter: Killed anything?
Second hunter: No! Wish I'd gone motoring.

Changing the subject—
J. Birch: When she wasn't looking I kissed her.
W. Rogers: What did she do afterwards?
Birch: Refused to look at me the rest of the evening.

Until next week let me say So Long.

Elementary News

First Grade

We have new reading book. The Brownies have new reading books too. We have eight boys and girls out of school with colds. We hope all will be back after Thanksgiving. We were weighed last week. Wednesday is Bragdon Barlow's birthday.

Second Grade

These boys and girls have been neither absent or tardy these last four weeks. Robert Breitenwischer, Marion Dietle, Jane Downer, Barbara Eaton, Thora Hill, Clara Miller, Leroy May, Arthur Paul, Shirley Platt, George Slane, Shirley Schenk, June Vail, Audrey White, John Walz.

We had a lovely time on Monday at the library. We saw many books that are just for children and some of us took a book home with us to read by ourselves. The book "Delicia" is splendid, especially for girls.

Bobby Faber has been ill but is again able to be back with us. This week will be a short one, for we are all going to be thankful on Thursday and celebrate.

Third Grade

We took a trip to the Public Library last week. We learned how to take out books. We also enjoyed the posters very much.

We have been working on our costumes. The patterns we made ourselves. We are making the costumes of gunny sacks, and trimming them with bright colors.

Willette Lantis will be eight this week and Robert Novess nine.

We hope everyone has a happy Thanksgiving. We have so much to be thankful for.

Fourth Grade

The following pupils have been neither absent nor tardy during November: Mary Christwell, Doris Collins, Richard Ford, Dorothy Knickerbocker, Ruth Oesterle, Summer Oesterle, Louis Follett, Ruth Slane, Reynold Walz and Barbara White.

Thursday we visited the Chelsea Public Library. It was the first visit for some of us. Many of us brought back interesting books to read. The posters there were all so good and the library seemed so pleasant a place we hope we can visit again.

We must be improving in our house-keeping. There was only one name in the dustpan all week. Richard Ford's mother and Virginia Spaulding's mother visited our room this week.

Our room seems much cleaner and more pleasant since it has been cleaned by Mrs. Robbins.

Last Wednesday we wrote letters to Ronald Gentner, who has been absent because of illness for some time. The Sunshine Lady visited us last Wednesday and she seemed to bring

sunshine with her. In fact, Eugene Townsend said it was the first sunshine we had had in eleven days. We played games with the third grade in the gymnasium and then we were invited to join the Sunshine club. We were given delicious cinnamon rolls.

We had a language, arithmetic, reading, and geography test this week. Eleanor Harper had the highest score in reading and Mary Christwell in arithmetic, Philip Vogel the highest in reading, and Eleanor Harper the highest in geography.

We are surely pleased to have received two prizes for posters exhibited in the library. One prize, "The Story Book of Food" was awarded to Joseph Hale for an original cartoon and another, "The Story of Oil" was presented to our room.

We are glad to have Ronald back this morning.

Fifth Grade

One new word which we have added to our vocabulary this week is stratopshere. We are especially interested in the new expeditions into the stratopshere and what these expeditions may mean to science and to us.

We have two new maps of South America. They are very fine maps and fill a long felt need. And Mr. Blecker feels that we should soon have two of North America. The Americas are our special study in Fifth grade.

Sixth Grade

Lawrence Dietle presented to Winfield Schenk, "The Mysterious Islands", by Jules Verne, with this extemporaneous speech: "Winfield, the people of the Chelsea Public Library have decided on your poster for the prize winner. There is a note inside that will explain. Keep up your good work."

Seventh Grade

We boast the highest average attendance for the school. So far our record has been 98.5 per cent. For the month of October 28 to November 22 we had fourteen days of perfect attendance. Next month we are trying for 100 per cent.

Mr. Blecker has asked us to make the posters for the basketball games this winter. So if you desire any information on dates, just ask us.

The Putting

The putting is one of the short horizontal pieces of timber supporting the flooring of a scaffold.

PLYMOUTH—Within the next few days The Plymouth United Savings bank and the First National bank will mail Christmas club savings checks amounting to nearly \$10,000 to residents of Plymouth and vicinity. Average saving during past year has been \$44 per person, report of founder of Christmas club idea says.—Mail.

HOW—Four deer killed in the north woods were shipped in by express Wednesday for the Michigan State Sanatorium. They were shipped from Mio.—Republican-Press.

Don't Pay Over 25c For Medicine Friday and Saturday

Every person who suffers can have a liberal introductory bottle of the medicine that works with your food to try for 25 CENTS. Simply read the offer below. Do this in your own interest.

This new and scientific medicine known as Indo-Vin, has helped 85 (or 90) percent of the people who have taken it. Therefore, we offer the first trial bottle at 25 CENTS, because we believe the people who are benefited will keep on using it. The regular full-size price is \$1.25.

Medical Help of a New Kind

Each bottle has these ingredients: CINCHONIN, stimulates and tones the stomach. PEPSIN, digests proteins, works with food. BISMUTH, ALUMINUM, soothes the stomach, builds up the system. IRON AMM., builds up the blood. BILE, red corpuscles. NUX VOMICA, sweet of tongue, for vigor, energy. BILE SALTS, stimulate liver bile, necessary to health.

Indo-Vin is taken after meals and mixes with the food in one's stomach, helping to throw off poisons that foster stomach troubles and permitting the liver and bowels to function more properly. It often gets in 10 minutes to stop gas and pains, sourness and bloating. It helps to eliminate the old bile from your liver and increase as fresh bile. It relieves the sick headache, dizziness, drowsy spells and lazy, dreary feelings.

Whether it will help you as it has thousands of others—whether it will end your suffering in a day or

What It Will Do!

Indo-Vin will cleanse your bowels (gradually, not drastic or severe) as they were NEVER-CLEANSED BEFORE. It will bring out gases and "impurities" (frequently from the first dose) which may have been in your system a long time, causing you months of misery.

It helps make the digestive organs sweet and clean, and will give you the greatest appetite you EVER HAD IN YOUR LIFE.

IT WILL clear up skin eruptions caused by the impurities in the organs, will overcome the shyness or "muddiness" that is due to sluggish liver and will put a ROSY GLOW into your cheeks.

Indo-Vin will make your stomach, liver and bowels more active, build you up in general and make you LOOK, ACT and FEEL like a DIFFERENT MAN or WOMAN, years younger than your real age.

To get your first bottle for 25c (Friday and Saturday ONLY) bring coupon to the store below, or send 25c (stamp or coin) to Indo-Vin, Inc., Cincinnati, Ohio, and medicine will be shipped postpaid.

 The office of the Boyd House has been repainted and now presents a very handsome appearance.
 A row of 35 ft. poles has been set along Middle street west and the electric light wires will be strung thereon. This will get them up out of the way of the wires of the electric road.
 H. S. Holmes made a shipment of 70,000 pounds of wool this week. This makes the second shipment this season, the first being 80,000 pounds. The four firms that bought wool here this year took in a total of about 335,000 pounds: H. S. Holmes, 150,000; Leach & Wackenhut, 80,000; Judson & Downer, 65,000; O. C. Burkhardt & Co., 30,000.
 The M. E. church of Lima, which has been undergoing a transformation as well as a transposition, will be reopened Sunday-December 1st at 2:30 o'clock. Dr. E. E. Caster will deliver the address. At 7:30 o'clock Rev. Geo. B. Marsh of Tipton, a former pastor of the church, will conduct the services. During the summer the building was moved in order to make way for the Hawks & Angus railway. A fine basement room has been fitted up, the building repapered and the roof reshingled.

SAVAGE SCHOOL NEWS

Paul Bollinger, Richard Butcher and Edward Visel have been neither absent nor tardy this month. Our attendance percentage is 94.2.
 Every other Monday we have book reports. Each student reports on the books which he has read during that time, and if our reports are acceptable, Miss Gale gives us a little booklet which we paste on the chart. These little booklets are various colors and include the name of each book, and its author. We place these after our names on our school reading chart.
 The younger children have made brown turkeys for on our windows. Pictures of the Pilgrims and other Thanksgiving decorations ornament our walls.
 Robert Venner, Mary Weber and Phyllis Weber have completed their movie, illustrating "Little One Eye, Two Eyes, and Three Eyes." It consists of a series of pictures which have written explanations beneath each.
 The five members in the Fourth grade Geography class have started a new unit on Spain. We illustrate each division in our Geography book by making colorful pictures of the people, occupations, buildings, and animals represented. These we place on a table which is used for this purpose.
 Ruth Bauer is keeping a Geography note-book. She collects pictures, and clippings of the Western States and keeps them in her booklet.
 Edward Visel is reviewing the work which he has covered so far this year. In Agriculture he is studying about different types of soils and the necessary composition of a good one.
 Our Beginners have been reading in their Primers about a big circus. They color elephants, dogs, clowns, etc., the specified colors which are written on the pictures.
 The Beginners often play the post-office game; peddlers, and the train game with their word cards—as these are their favorite games. With the written words on the board they play the balloon game, each child trying to get a large number of his color balloons.
 We keep a Health chart on which we have an automobile for each student. These cars move smoothly along on strings and if we brush our teeth, comb hair, have clean handkerchiefs, etc., our automobiles move a fourth of an inch each day.
 Our school bell has been repaired and we enjoy hearing the chimes.
 Our water is kept cool in the water cooler which was purchased earlier this year.
 The children are working on our Christmas program. We are going to have two plays, and several recitations. We will also have several Christmas songs. Our program will be December 20 at eight o'clock, and we are making Santa Claus invitations for our parents, friends, and for the neighbors in the Savage district.

THE OLD IRON KETTLE

We sing the "Old Oaken Bucket," Of "Grandfather Clock" so tall, Of many an old time picture, Quaintly hung in parlor or hall. We smile at the great and the little, We see here and there as we rove, But we cherish the Old Iron Kettle That sets on the back of the stove.
 That Old Iron Kettle has memories, Fondly cherished of days long ago, Of cornbeef and cabbage, and pot roasts, With dumplings that satisfied so; We have eaten at hotels and restaurants, Many things, some of which we loathed, Bringing back to remembrance that Kettle On the back of the old kitchen stove.
 Many kind friends and loved ones are severed, Their place at the table we miss, Many queer cooks and waiters endeavor Strange mixings and salads to dish; We are glad our old friend still is with us, And we'll never supplant nor deface, But make room for the Old Iron Kettle On the stove in its old fashioned place.
 —Arthur Carlton

DEXTER—Rev. Theo. Eisen, of Niles, and Mr. Adolph Eisen of Detroit visited at the home of Rev. and Mrs. A. A. Schoen Sunday evening. Their mother, Mrs. Albertine Eisen, has been seriously ill since Saturday and Miss Ruth Eisen of Detroit has been called to do nursing duties. —Leader.
 PINCKNEY—The Blacktopping of M-36 from north of Danville to US-23 has been approved by the state highway department according to a dispatch printed in the Lansing State Journal Thursday. The length of the road to be improved is about 34 miles. It will extend from Mason through Danville, Millville, Plainfield, Gregory, Anderson, Pinckney, Lakeland and Hamburg to US-23 or the Brighton-Whitmore-Lake Ann Arbor highway. 318 men are to be employed on it and grading will start on the Danville end of it at once. Four miles of this road from Mason towards Danville were blacktopped this summer. —Dispatch.
 MILAN—Milan high school's football team under the direction of Coach Glenn Brainard closed a most successful season last Friday afternoon when the Dundee team fell before the onslaught of forward passes and laterals on their own field. This was Milan's twenty-fourth consecutive game that they have come through undefeated. The last time that Milan was on the short end of a football score was the memorable 12 to 6 game with Dundee in 1932. —Leader.

federal inspection in the marketing year 1934-35 was the smallest in a quarter of a century but this year's slaughter is expected to be even smaller.
 A better demand from domestic consumers for pork appears probable but no improvement in export demand is in sight. Germany has fewer hogs than one year ago but imposed tariff barriers prevent normal foreign trade.

Rye Growers Face Low Future Price

A combination of factors has caused Michigan rye growers to receive such low prices for their crop that an adjustment program for next year's harvest for the crop is necessary if any improvement is to be expected, according to R. J. Baldwin, administrator for the AAA in Michigan.
 The main factors confronting the State rye growers are a crop this year much above normal needs, a very limited export market for foreign rye, and total rye supplies for the coming year approximately double those needed for domestic requirements.
 Rye production in the United States this year is estimated at 52 million bushels, as compared with 16 million bushels last year, when the drought was the worst on record, and as compared with the 5-year (1928-32) average of 39 million bushels.
 The rye carry-over on July 1, 1935, was estimated at more than 11 million bushels, and with the crops of 52 million bushels the supply for the coming year will amount to nearly 64 million bushels. The United States ordinarily needs only about 32 million bushels for its domestic requirements.
 This big crop and supply has had a bad effect on price. The average farm price of rye for the United States on October 15, 1935, was 42 cents a bushel, while the average for the 1934-35 year was approximately 71 cents a bushel. The parity price of rye on October 15 was 90 cents a bushel. Prices were below the average in some of the important producing States. For instance, the North Dakota average price of rye on October 15 was 31 cents a bushel. In South Dakota it was 36 cents. In Wisconsin the price was 46 cents. The average Pennsylvania price was 58 cents a bushel.
 With the rye program it is aimed to hold annual production in the United States to the actual domestic requirements and prospective export outlets and to maintain farmers' income through adjustment payments.

MEDICINAL HELP OF NEW KIND

Those who are discouraged about their health may find an important announcement in this paper today which offers medicine for only a fraction of its real value. Everyone who suffers may get this medicinal help for 25 cents. The announcement contains a coupon redeemable at Burg's Corner Drug Store.

Smoke
 Smoke is visible exhalations from burning materials. The character of smoke varies according to the source. If complete combustion of the burning material were always attainable no smoke would be emitted. Therefore smoke may be said to be unburned particles of carbon or soot.

FORD INVITES YOU TO TRY V-8 ECONOMY ON YOUR OWN FARM

IT STANDS to reason that your neighbor's opinion may not be your opinion. He may tell you his Ford V-8 Truck is the best truck he ever owned. But you may hesitate to rely on his opinion when you buy a truck.
 Buying by hearsay is a slipshod method. The SURE way . . . the way that is least likely to bring regrets afterwards . . . is to make your own tests. When you have the opportunity of trying a truck right on your own farm, hauling your own loads, running over the same roads you would use if the truck belonged to you . . . you can get a much better idea of what to expect from that truck.

That's just what Ford wants you to do. If you will set a date for an "on-the-job" test, your Ford dealer will gladly place a 1936 Ford V-8 Truck or Commercial Car at your disposal. Try it out on your farm. Use it as you would your own. Keep track of its costs. See how quickly it gets you places . . . how its 80-horsepower V-8 engine enables you to pull out of tough spots with heavy loads.
 Could any test be more fair? Is there any better way to find out just exactly what a Ford V-8 Truck or Commercial Car will do for you? Get in touch with your Ford dealer today and set a date for this test.

Question And Answer Dept.

Ques.—To settle an argument will you kindly answer which is the proper way to pronounce "Eritrea," the Italian colony adjacent to Ethiopia?

Ans.—Eritrea is pronounced E-rit-ree, with the "i" short, as in "it," and with the principal accent on the syllable "tre." It is commonly but erroneously pronounced "E-rit-rea."

Ques.—I am going with a man I love and I believe he loves me. We have been going together for over a year, and now he has asked me to marry him. I told him that while I loved him I wanted a little time to think it over. Before I promise him that I will, should I tell him my temperament, my hobbies and little details of my past life?

Ans.—Yes. It would be better for you to tell him now than to run the chance of somebody possibly telling him later on. If he is at all considerate he will appreciate your confidence and deem it a good gesture on your part. Furthermore you would be happier in the thought that no secrets are locked in your heart to dampen the ardor existing between you and the man you love.

Ques.—I heard a man say over the radio the other day in an answer to a question, "Where is Singapore located?" He answered, "China." I can't find it on the map of China. Will you please tell me where in China it is located?

Ans.—Singapore is not in China at all. Singapore is in India, at the extreme southern point of the Malayan Peninsula. This is about 1,000 miles from China.

Ques.—What state in the United States was first to produce petroleum? In what year was it discovered? Which state leads?

Ans.—Pennsylvania was first to discover petroleum. In 1859 wells were sunk and the yield increased yearly until 1882 when the Commonwealth's output averaged about thirty million barrels per year. After that year the output slowly and steadily declined, until now Texas ranks as the leading oil-producing state.

Ques.—Are callouses and horny spots on the toes supposed to be corns?

Ans.—No. When the skin on the toes is rubbed or pressed a good deal the living cells in it grow and multiply in order to protect the soft tissue beneath, and this is what makes those callous and horny spots on the toes. Sometimes it so happens the growing skin cells grow inward instead of outward and then they press against the tender tissues underneath, and this is what makes a corn.

Ques.—I would like to show what makes a pitched baseball curve in different directions?

Ans.—The curving of a baseball is due to the friction of the air. The pitcher gives the ball a spin. The spin will cause more air friction on one side of the ball than on the other side. This sideways friction makes the ball fly in a curved line. The different kinds of curves are obtained by varying the direction of the spin and its amount with relation to the speed of the ball.

Ques.—What and where is the deepest place in any ocean on the face of the earth?

Ans.—The deepest place of any ocean in the world is in the Pacific about fifty miles east of the Philippine Islands where soundings have reached a little over six miles in depth.

Ques.—What is the meaning of "L.I.F." on a certain brand of cigarette papers?

Ans.—These are the initials of a French trade mark, "La Lacroix Filles," which, when translated into English means "The Lacroix Brothers."

Ques.—Are "soft-shelled" crabs and "hard-shell" crabs different species? Can you explain? How can they grow in the shell?

Ans.—They are one and the same. At intervals crabs shed their shells and crawl out of them. For a short time the crab has no shell, and during this time he grows very rapidly. It is then what we eat as a "soft-shell" crab. After a length of time he covers himself with a new shell which is large enough to accommodate his enlarged body. In this condition he is a "hard-shell" crab and does not grow. Later on he crawls out of the new shell and goes through the process all over again, which he repeats until he is done growing.

Bottles Dated as Early

as 1625, Authority Says

It was between 1625 and 1650 that bottles were first dated, although they had been made before that time, according to an authority quoted in the Detroit News. The first bottles were globular with very little depression in the base. They were of dark ugly olive green or more frequently olive amber, with a long neck and a prominent ring about the neck.

Between 1675 to 1725 the style of the bottle changed to that with a wider base becoming almost squat and having the long neck still but a deep depression in the base.

The fourth type of bottle is the modern cylindrical liquor container, all four styles belonging to the blown glass family.

From about 1775 to 1800 bottles were blown in half clay molds, tapering from the top to the bottom slightly. About 1840 American merchants branded their liquor by lettering the bottles, these bottles being moulded in two vertical pieces.

Then came the period of quantity production. Aside from liquor bottles there were many types made for household use, among these being a type termed the chestnut shaped bottle, with flattened sides.

Many Events Listed on Scouting Program

Many activities loom on the Scouting calendar during the next few weeks. Foremost among them is the annual meeting of the council and election of officers to be held at the Michigan Union in Ann Arbor on December 9. A three-day winter camp will be held at Camp Newkirk and a series of Patrol Leader conferences may be scheduled during the Christmas holidays.

"All of us are very eager to show a substantial gain in membership for 1936. We opened the year with 821 members and now have a membership of well over a thousand. While we have set no formal goal, we have high hopes that our membership on December 31 will be not less than 1100 members," Scout Executive Walter MacPeck said this week.

Special plans are being worked out for the celebration of Anniversary Week, February 7 to 13, 1936. Each troop is asked to hold a parents' night, dinner, or other parents' gathering during this time, and Scouts will wear their uniforms to school and church and other functions throughout the week.

Plans are already being considered for the opening of the Council Camp early in June. The 1936 summer camp will be the first conducted by the council since 1931.

WALZ-STANFIELD WEDDING

A wedding of lovely appointment, uniting Miss Doris Walz and Kenneth Stanfield, was solemnized at the home of the bride's parents, Mr. and Mrs. Arthur Walz, at Waterloo, on Saturday evening, November 23, at 8:00 o'clock.

Rev. Clark Adams of Highland, uncle of the bride, officiated, using the ring service. The attendants were Miss Jennie Scripser of Chelsea and Lyle Walz, brother of the bride. The ceremony was performed under an arch of evergreen and a white bell hanging in center, also decorations of potted plants and yellow chrysanthemums.

The Bridal Chorus, from Lohengrin, was played by Miss Annabelle Vicary, also "I Love You Truly," preceding this, as the bridal party descended the stairs and took their places.

The bride chose as her wedding gown light blue tulle, with rhinestone trimming and carried an arm bouquet of white roses and Lilies of the Valley. The bridesmaid wore pink satin and carried tulle roses.

After the services a bountiful chicken dinner was served, with the Misses Leona and Odema Meekeel, Wilma Runelman and Mildred Beaman serving. A wedding cake, pink and white carnations and lighted white tapers were the table decorations.

Those attending the wedding were Mrs. Kate Walz of Jackson, Mr. and Mrs. Olin Stanfield and his mother and their sons, Rev. and Mrs. Clark Adams of Highland and Miss Gladys Runelman and these already mentioned.

The bride and groom received many handsome gifts.

GIVE THANKSGIVING PROGRAM

The Women's Union of St. Paul's church was entertained Thursday afternoon for their November meeting at the home of Mrs. John Metzger, with an attendance of 40 members and friends. The following Thanksgiving program was given:

Song—Oh, Worship the King—By the Assembly.

Scripture reading—Psalm 129, in unison.

Prayer—Rev. P. H. Grabowski.

Song—Scatter Sunshine.

Poem—Mighty Thankful—Mrs. Elmer Mayer.

Reading—Express Your Gratitude—Mrs. Chas. Meserve.

Poem—Every Day is Thanksgiving—Mrs. Leroy Satterthwaite.

Song—Count Your Blessings.

Reading—Yes, This Year—Mrs. La Rue Shaver.

Talk—Why Christians Should Be Thankful—Rev. Grabowski.

The society decided to hold their annual Christmas party, with exchange of gifts, also a bake sale in the near future.

Election of officers for the coming year resulted as follows:

President—Mrs. Otto Lucht.

Vice Pres.—Mrs. Wilbur Hinderer.

Secretary—Mrs. Elmer Mayer.

Treasurer—Mrs. Clarence F. Diehl.

Closing song—Praise God from Whom all Blessings Flow.

Lunch was served, with Mrs. C. Meserve assisting.

ENTERTAIN FAMILIES

The American Legion Auxiliary members were hostesses to their families Thursday evening, at a pot luck dinner served at the Legion hall. Pumpkins filled with fruit formed attractive center pieces in keeping with the Thanksgiving season, while little turkeys and Thanksgiving favors marked the places for the guests. Mrs. Chester Miller was chairman of the dinner, Mrs. John O'Hara was in charge of adult games which furnished amusement for the evening. Mrs. Harry Knickerbocker supervising the children's games. The next meeting will be held December 3 at the home of Mrs. C. W. Maroney.

HONOR RETIRING MATRON

The officers and committees of the O. E. S. gave a surprise Tuesday evening for their retiring matron, Mrs. Marie Shaver, at her home on West Middle St. Twenty guests enjoyed an evening of games, after which a pot luck supper was served. Mrs. Shaver was presented with a gift.

JOHN W. SPIEGELBERG

John W. Spiegelberg, former resident of Chelsea, died Monday morning, November 25, at his home, 110 Grand View Drive, Ann Arbor, after an illness of five weeks. He was the son of George and Katharine (Kraus) Spiegelberg, and was born in Dexter township February 7, 1869. He had resided in Dexter and Chelsea most of his life, moving to Ann Arbor 13 years ago, where he was employed in the building and grounds department of the University.

Surviving are the widow, formerly Louise Schaefer; a son, Claude J. Spiegelberg of Chelsea; two daughters, Mrs. Ruth Correll of Pleasant Ridge, and Mrs. Gladys Mellott of Ann Arbor; a sister, Mrs. John G. Fischer of Dexter township, and a granddaughter.

Funeral services were held at 2:00 o'clock Wednesday afternoon at the Hildinger funeral home, with Rev. E. C. Stelhorn officiating. Burial was in Oak Grove cemetery, Chelsea.

COOK DIRECTS DEMONSTRATION

Mrs. John P. Cook and Miss Marjorie Georg attended the shorthand and typing exhibition Friday evening at the Chrysler Institute of Engineering, Detroit. Demonstrations were given by George Rosefield, world's champion typist, and Misses Estelle Mason and Florence Fletcher, champion shorthand writers. The other demonstration concerned two men, Jimmie B. Anderson and Joe Cardoni, who wrote shorthand at the rate of 100 words per minute. This is especially interesting, as these young men work on production and have studied shorthand for only two months, at the Chrysler Institute of Engineering, under the supervision of John P. Cook of Chelsea, instructor of shorthand and office practice.

WPA Laborers Will Get Wage Increases

At the beginning of their next work periods, common laborers on the Works Progress Administration's payroll in 51 Michigan counties will receive wage increases ranging from \$1 to \$9 a month.

The new pay schedule was authorized by State Administrator Harry L. Pierson, who said it has been designed to enable workers in the basic wage group to meet their family budgets during the winter.

Effecting a vast majority of the 101,000 men and women whom the WPA has hired or expects to hire before December 1, the wage boost will add approximately \$250,000 a month to their purchasing power.

"The revised wage rates have been based on a careful study of living costs and welfare allowances in all parts of the state," Administrator Pierson said. "In many places we found that the amount of money being earned by common laborers on WPA projects was low when compared with the budgets provided for necessities under the FERA.

"The new schedule was worked out strictly as a subsistence measure with the administration giving particular consideration to the increases in family expenses entailed by purchases of fuel and heavy clothing during the cold weather."

Laborers in Washtenaw county were given a \$5 boost to \$57 a month by Administrator Pierson.

Bright Clothes Are Advised for Children

The State Safety Council today issued the following warning:

Dress children in bright-colored outer garments in winter for their own safety, says the Bureau of Home Economics of the United States Department of Agriculture.

While children should not play in city streets or even on country highways, there are times when they have to cross streets or when they try to retrieve balls or other playthings from the path of traffic. They must be taught caution, but they can be further protected by dressing them in bright, conspicuous colors which motorists can see from a distance.

Children dressed in brown, navy blue, gray, olive drab or dull maroon are hardly noticeable to the passing driver.

THE THANKSGIVING PIE

Thanksgiving Pumpkin Pie
From the time the first golden pumpkin makes its appearance until the last one has been taken out of storage, there's no more universally popular dessert than pumpkin pie. Although canned pumpkin is available at all times and makes excellent pies, pumpkin pie enjoys a definite season and is most appreciated during the autumn months. Everybody has his own very definite ideas of just what a pumpkin pie should be from color to taste.
