Plan Training Camp In Waterloo Project

Plans for the establishment of a boys' training and recreational camp in the Waterloo park area, to care for the underprivileged youth of Michigan, have been submitted by Dr. Max M. Peet, a noted Ann Arbor surgeon.

Dr. Peet has already discussed the matter with President Roosevelt, who has approved the plan in its general outline, and with the help of the state directors of the WPA, the conservation department and the National Youth Administration, Dr. Peet is working out the details. It is expected that a national-wide project will be developed at a cost of \$4,000,000 and Dr. Peet is asking for \$150,000 for initial work at Waterloo.

The aim of the project will be to train boys who are too young for CCC camps, also boys of 16 to 20, who are desperately in need of specialized vocational guidance, physical supervision and social readjustment.

In general, the design of the University camp at Patterson lake would be elaborated. The boys would spend four or five hours a day in physical labor and two or three more hours in classwork, organized play and other recreation. All their activities would be supervised and physical, social and moral liabilities would be corrected.

Differing from the general run of boys' training camps, it is hoped this would be a permanent, all-the-year project, with complete buildings and equipment. The camp at Waterloo is being designed to serve the state and among the advantages offered for development are the proximity to the University, with its wealth of trained men, and the location of the site itself, in one of the beauty spots of Michigan.

Annual Meeting Held By Chelsea State Bank

The annual meeting of the stockholders of Chelsea State Bank was held at the bank Tuesday afternoon. A detailed report was given by bank officials on the earnings and disbursements during the past year, which show a very successful year for the institution. The meeting was well attended.

Stockholders elected the following for their Board of Directors: David E. Beach, Otto D. Luick, L. G. Palmer, A. A. Palmer, H. S. Holmes, J. L. Fletcher, P. G. Schaible, John Kalmbach and C. H. Kalmbach.

Following the stockholders' meeting the directors met and re-elected the following officers:

President—P. G. Schaible.
Vice-President and Cashier—J. L. Fletcher.
Asst. Cashier—C. J. Mayer.

Western District To Hold Court of Honor

John Fletcher, chairman of Scout work in the western half of Washtenaw county—the Western District—has announced that a Court of Honor and First Aid Rally will be held in the Emmanuel Lutheran church hall in Manchester on Tuesday evening, January 21 at 7:30.

Each Scout group in the District plans to attend 100 per cent strong, bringing with them as large a delegation of parents as possible.

Attendance ribbons will be presented to each troop or Sea Scout group present—blue for 100 per cent present, red for 75 per cent or more, and white for 50 per cent or more.

The troop committee of each troop will hold a Board of Review a few days previous to the Court and Scouts whom they recommend for advancement will be awarded the certificates for those ranks at this Court of Honor.

The public is always invited.

POMONA GRANGE MEETS

A meeting of Pomona Grange was held Tuesday at Grange hall, Stony Creek. A business session at 11 o'clock was followed by a pot luck dinner at noon.

The afternoon program consisted of readings and musical numbers rendered by Stony Creek Grange, an account of his trip to Europe the past summer by R. T. Brookway of Ann Arbor, an outline of her work by Miss Russell, home economics demonstration agent, and a talk on agricultural problems of today by County Agent H. S. Oster. Local Grange members who attended the meeting were Mr. and Mrs. P. M. Broosman, Mrs. N. W. Laird and George Sidwell, of North Sylvan Grange.

IN APPRECIATION

We wish to take this opportunity to thank the people of this community for their support and liberal patronage throughout the many years of successful business we have enjoyed in Chelsea.

Machinery Arrives for Installation In New Local Factory

Establishment of a new factory in Chelsea became more of a reality on Monday when two carloads of machinery and equipment arrived for installation in the large "L" building north of the Michigan Central, recently purchased by the Sterling Fibre Co. of Waltham, Mass. Information has been given out that ten more carloads of machinery are now being shipped to the Chelsea plant.

Because of the stormy weather during the past two weeks, work of installation of a new roof on the building has been retarded. H. B. Murphy installed 28 salamanders (open coke-burning stoves) on the third floor of the building, which have been fired continuously in order to dry out the interior as well as the roof of the building. In addition to these stoves, temporary heating plants have been installed on the first floor for the same purpose. Repair work on the roof was started by Mr. Murphy and a force of men on Wednesday.

A representative of the company is scheduled to arrive here today to superintend repair work to the exterior and interior of the building, and it is expected that the building will be ready for installation of all equipment ready for operation within the next few weeks.

The local factory will be organized as a subsidiary of the Waltham concern, and will manufacture insulation materials for automobile bodies. They plan to employ about 60 people when operations are started.

Manager of Project Tells of Development

C. D. Platt, manager of the Waterloo Federal park project, addressed the Kiwanis club at their Monday evening meeting, discussing in detail the purposes and plans for the development of this great park and playground.

Mr. Platt emphasized the fact that this project is primarily a "demonstration project" and not just another state park, as many people believe. The objectives are entirely different than in the state-created and state-operated parks.

While the Waterloo park is to be utilized as a playground, it will also provide recreational facilities for underprivileged youth of this territory, which will be carried on under proper supervision. Campsites will be provided which will be leased at a nominal price to charitable or civic groups who care to sponsor such youth activities. Mr. Platt stated that a number of applications for such sites are now on file at the project office.

The speaker stated that satisfactory progress is being made in the development work, with approximately 400 men employed at the present time in construction work, grading for campsites, etc.

Departmental Head Addresses Legion

Fred Munnell, departmental membership chairman, was a guest speaker at the regular meeting of the Herbert J. McKune Post 31, American Legion, held last Thursday evening in Legion hall. Chairman Munnell took this opportunity to congratulate Chelsea's Post on its remarkable showing in the nationwide membership campaign. The local Post was the first in the state to show an increase in paid-up 1935 memberships—over the 1935 total.

While no material progress has been made regarding the skating rink due to the warmer weather, the Legion has everything in readiness to take advantage of the first cold spell, to flood the Winters lot on West Middle St. In the meantime, snow slides have been provided at Palmer's hill out Washington street and the children are taking advantage of the sport offered. Electric lights are to be placed so that the early darkness will not interfere with the sport.

US-12 Construction Approved By State

The state administrative board on Tuesday gave their approval of a \$7,075,500 federal aid program for the state, which assures the construction of an additional 17 miles of 31-foot pavement between Ann Arbor and Jackson on US-12. The program calls for 12.4 miles of pavement in Jackson county and 3.7 miles in Washtenaw county. The paving of the relocation from Sylvan Center to Jackson is set for this summer, which leaves only the four and one-half miles between Lima Center and Sylvan Center to be acted upon.

A route surveyed by the state would continue directly west from Lima Center, passing about a mile farther south of Chelsea, and hopes for a new relocation have delayed the approval of any new construction between these two points.

Laying of the full 31-foot pavement between Ann Arbor and Lima Center will be completed this year, with the addition of a 10-foot strip to the 21 feet paved last year. Traffic is now using the new pavement, except at Honey Creek and Mill Creek, where bridges are under construction.

Grading on the 17-mile relocation from Sylvan Center to Jackson has been completed, the new US-12 running several miles north of its present location, making a more direct and shorter route. It by-passes Grass Lake and Leoni, also eliminating the old railroad underpass at the latter place. Passing north of Goose Lake and Gillett Lake, in Jackson county, it will skirt the southern edge of the new Waterloo national park project.

Hindelang Hdwe. Co. Discontinues Business

The sale of the entire merchandise stock and fixtures of Hindelang Hardware Co. to Merkel Bros. and Chelsea Hardware Co. was consummated last Thursday, the purchasers taking possession on that date.

Plans are under way for a closing-out sale of the entire stock, as announced in a full-page advertisement in this issue. The sale will start next Monday and, according to the advertisement, the merchandise will be sold at greatly reduced prices in order to move it rapidly. The stock is being arranged and tagged with sale prices in readiness for the opening of the big sale.

Sale of the stock to Merkel Bros. and Chelsea Hardware Co. terminated a decade of successful retail business for the Hindelang Hardware Co. Previous to formation of the corporation, Mr. Hindelang had been engaged in the hardware business here for about 20 years.

Mr. Hindelang has no plans for the immediate future, except that he will enjoy a well-earned vacation.

Masonic Banquet Held On Tuesday Evening

The annual banquet of Olive Lodge, 150, P. & A. M. was held Tuesday evening in the public school auditorium, at which covers were laid for 68. The senior class of Chelsea public school were in charge of the dinner, which was served at tables decorated in blue and white, and centered with Masonic emblems in white and gold.

The program was opened by Jay E. Weinberg, who introduced Schuyler P. Foster as toastmaster of the evening. The address of welcome was given by Donald J. Dancer, with Mrs. Jane Harris responding. A talk on "Masonry Forty Years Ago" was given by Roland B. Waltrous. Mr. Waltrous was raised to the sublime degree of a Master Mason 41 years ago, and of these who were members at that time, but 13 are living. Of that number, two were present on this occasion—Warren K. Guerin and Clarence W. Maroney.

A solo, "The Sunshine of Your Smile" was rendered by George W. Atkinson, with Mrs. G. W. Walworth as accompanist. Slides on "Wild Animals in Michigan" were shown by Mahlon C. Dunkel, which closed the program. Kenny's orchestra of Milan furnished music for dancing.

Question And Answer Dept.

Ques.—Why is a buzzard called a "turkey buzzard"? Do they catch turkeys or are they a native of Turkey?

Ans.—There are three different species of buzzards found on this continent—that is, three which deserve special note. They are: The turkey buzzard, the brown buzzard and the rough-legged buzzard. The turkey buzzards are the most numerous and live in the southern states. They are called "turkey buzzards" because they are about the size of average turkeys and also to distinguish them from other species of buzzards. The turkey buzzard feeds on dead animals, while other buzzards prey on birds, worms, insects and small mammals.

Ques.—Can you tell me in your paper what was the Byzantine Empire? When and where did it exist?

Ans.—The Byzantine Empire was a powerful country of antiquity, with its seat of government at Byzantium, a city called Constantinople, but in recent years named Istanbul. The empire consisted of Asia Minor in Asia, Syria, Pontus, Egypt in Africa; Macedonia, Crete, Greece, Thrace and Moesia (now Bulgaria). The Byzantine Empire was founded in A. D. 395 and collapsed with the fall of Rome in A. D. 476.

Ques.—Is Ma Perkins of the radio a young, large person as I have a mental picture of her?

Ans.—No. Ma Perkins is about 5 feet 5 inches tall, rather slender, weighs about 180 pounds, dark eyes, grey hair and is aged, well, she's no spring chicken.

Ques.—How can cabbage be kept best the year around?

Ans.—The heads of cabbage are kept best the year around by putting them in a cold, damp cellar, or if you have no cellar put the heads in pits with heads down and cover them well with straw and then with earth. Then take them out only as you use them.

Ques.—How far away can homing pigeons be taken so that they cannot find their way back home? Also how long can they keep on the wing without alighting?

Ans.—It is generally believed the homing pigeon will find its way back home through instinct regardless of distance it must fly. The best record so far was that of an American homing pigeon which was released in Kansas City, Mo., and flew to Boston, Mass., without stopping to eat or drink. The bird covered the distance in forty-two hours flat. Its feet and legs were washed in vinegar to induce it not to alight in quest of water and also to keep them warm. We have no records of any attempt to break this marvelous performance by an American homing pigeon. G. K. Baxter of Boston recorded this feat on July 4, 1921.

Ques.—To what political party did Henry Clay belong?

Ans.—From about the year 1800 to 1850 Henry Clay was an outstanding politician in the Whig party of the United States, as opposed to the Democratic party. These two parties were the only political organizations at that time, and the Whigs were in the minority. The Whigs nominated him twice for President, but he was beaten each time by Andrew Jackson and James K. Polk respectively.

Ques.—Can you tell me how large the Ethiopian army is, and how large is their navy?

Ans.—Ethiopia's army is between 2,000,000 and 3,000,000 men, women and children on a war footing bearing arms. They have no seaport, and therefore have no navy.

Ques.—I would like to ask you in your Question and Answer department which country owns Greenland. Or is it an independent country?

Ans.—Greenland belongs to Denmark.

The new 1936 Ford V-8 Stake Truck on the 157-inch wheelbase

THE GREATEST LINE OF FARM
TRUCKS FORD HAS EVER BUILT

IN THE old four-cylinder days, farmers relied upon their Ford trucks as their most dependable farm implements. With the coming of the V-8, farmers soon found out that here was a powerful, rugged modern truck as easy on the pocketbook as the old four-cylinder Ford.

The 1936 Ford V-8 Trucks are the greatest farm trucks that ever bore the Ford name. There are no experiments, no untried features in them. They have been PROVED BY THE PAST in millions of miles of farm hauling, over all kinds of roads, in all kinds of weather. And farmers now

acknowledge them outstanding in economy and reliability, as well as in performance.

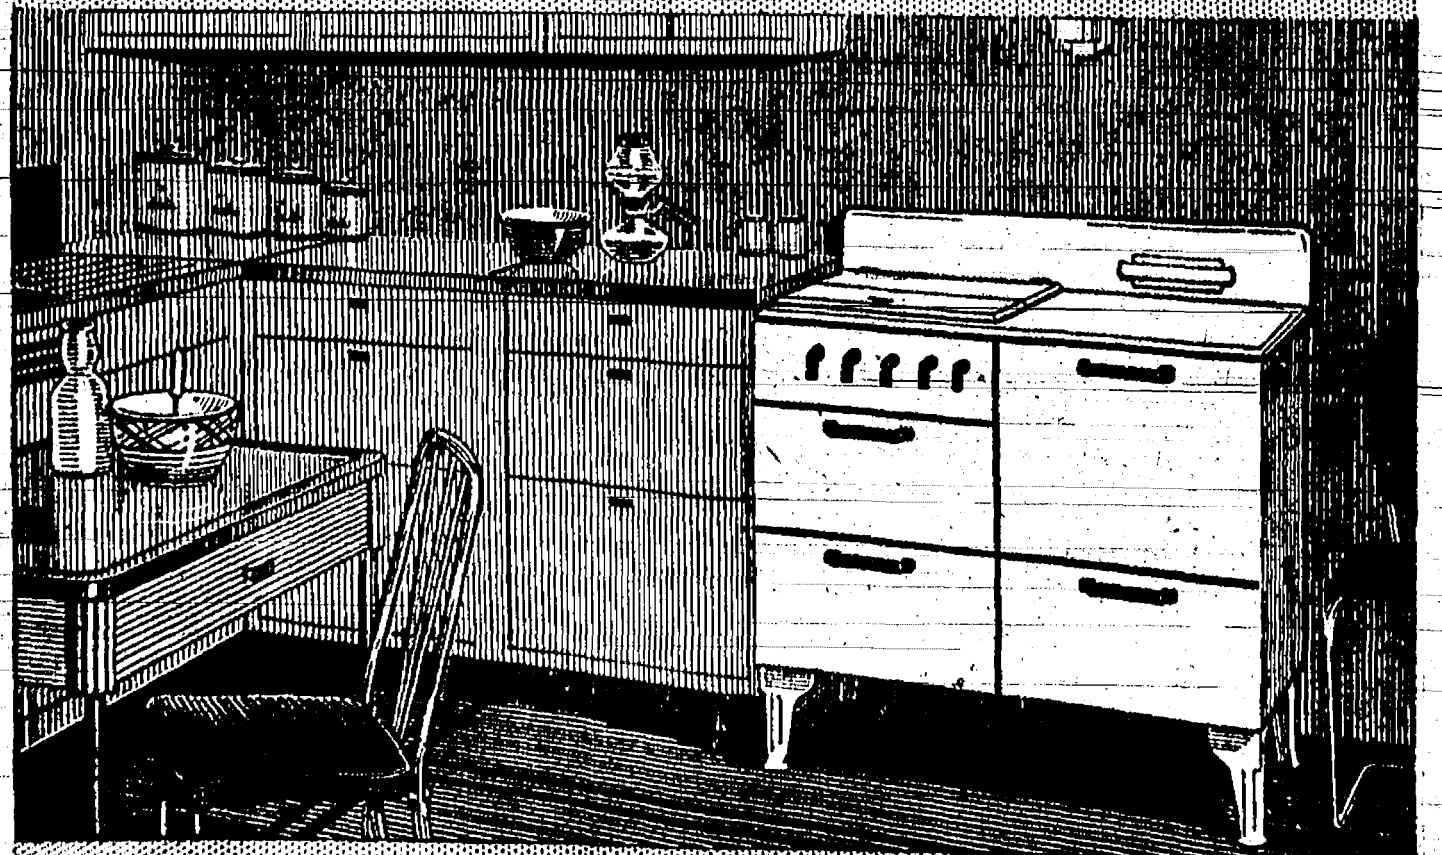

This year, they have been IMPROVED FOR THE FUTURE. See the 1936 Ford V-8 Trucks. Accept your Ford dealer's invitation for an "on-the-job" test on your own farm, with your own loads... and find out what V-8 Performance and V-8 Economy will do for you.

See low monthly terms—\$25-a-month time payments and a new UCC 6% finance plan. See the nearest Ford dealer for complete details. Also a special farmer credit service.

Fewer Car Drivers Mislay Licenses

There are two ways to lose operators' licenses in Michigan, just as there are in all other states having operators' license laws. One is to have your license revoked or suspended by order of a court or other competent authority, but the commonest method is merely to mislay it.

With the current public attention on safety, revocation and suspension of licenses are on the increase in Michigan; but it is worthy of noting that the percentage of licensed drivers who lose their licenses by pure absent-mindedness or accident, is getting smaller all the time.

During the first ten months of 1934, when a total of 443,228 applications for operators' licenses were granted, 13,426 persons who had lost their licenses, applied for duplicates to replace their losses. It meant that for every 1,000 new applications, 30 applications for duplicates were received. In the first 10 months of 1935, when successful applications for licenses jumped to 606,747, an increase of nearly 37 per cent, the number of duplicates issued was only 15,036, which meant that for every 1,000 new licenses, applications for only 24 duplicates were being received.

License applications jumped nearly 37 per cent; applications for duplicate licenses increased only about 20 per cent.

The percentage of chauffeurs (including all drivers of commercial motor vehicles) who mislay their licenses is negligible.

THE TRUTH AS IT IS IN MAMMA KROWE

If I see a gwanter raise a kid, An' didn't know jls how, 'Stead o' gwine to study books, I'd send fo' Mammy Krowe.

Fo' eberybody far an' near, Jes loves ole Mammy Krowe, De chillen she's brot up an' nursed, You couldn't count—no how.

American Hawks as Hunters

According to the falconers the American hawks provide birds which are as suitable for hunting as any to be found in Europe. They are divided into two classes. Those in the first class are the true falcons, high-flying, long winged birds which are considered the aristocrats among birds of prey. They include the prairie falcon, the pigeon hawk or merlin and the American duck or noble peregrine falcon. The latter nests in the highlands of the Hudson, where it builds its nest on the face of almost inaccessible cliffs.

Disfranchisement

It depends upon the state laws whether a person who has served a prison sentence becomes disfranchised. Many states disfranchise those convicted of felony; others do not. The right to vote may be returned to the person who has served a prison term by the order of the governor of the state. Federal prisoners are always disfranchised, but the right to vote may be returned to a discharged prisoner by the order of the Chief Executive of the United States, (the President).

Digestive Tract of Fishes

The digestive tract of fishes varies according to habits. Food in reaching the stomach passes over a rather ineffective tongue. The stomach in general is a simple sack-like organ, in which food is partially digested before passing into the intestines.

Health Items

The Osteopathic Physician

The preliminary education of an Osteopathic Physician consists of a four year High School course and two years pre-medical instruction. Four years of at least nine months each is then spent in the study of Osteopathy. All branches of the healing art are taught as in any Medical College but much less attention is given the study of drugs. Anatomy, Physiology and Pathology receive a great deal of attention. Anaesthetics, antiseptics and antidotes receive their share of study but since the human body itself is able to manufacture the necessary remedial agencies, drugs are not given as curative agents. The Osteopathic Physician makes every effort toward preventing surgical operations, but if necessary he is qualified by training to do so.

Neither drugs or Osteopathy can force Nature but much can be done by assisting Nature. Scientific manipulation can and does remove obstructions and interferences with the natural healing forces. Osteopathic treatment increases the health of the whole body and does not weaken one part while strengthening another.

If the cause of a disease is removed all curable diseases can be treated successfully without bad after-effects. The Osteopathic Physician can in many cases do this very thing.

Any reader desiring information regarding Osteopathy may obtain such information, without obligation, by writing Osteopathic Items, P. O. Box 881, Chelsea, Michigan.

OUR NEIGHBORS

NORTHVILLE—"A Merry Christmas from Cousin Henry," read the card on a shining new V-8 standing the morning of December 25 in the doorway of Marvin A. Bogart of Wixom, grandfather of E. M. Bogart of this place. Marvin Bogart will be 96 years old in March and, except for the affectionate caution of his family, would now be driving about the country in his brand new toy, presented by his cousin, Henry Ford. Content to sit beside the driver, this sturdy civil war veteran hopes to have many a ride in this car of his own. Since his youth Henry Ford has loved to come out to the country home of his cousin. At the time of his marriage he brought the girl of his choice by horse and buggy to the Bogart home to spend their "honeymoon."—Record.

MILAN—After a seasonal lay off of two weeks during the holiday season, a full crew of men were back at work at the American Foundries last Monday morning. The layoff was the usual one during the holiday season for repairs and inventory and according to present predictions, the production at the plant of both the American Furnace & Foundry and American Boiler and Foundry Companies will be steady at least during the early months of the year, and it is anticipated that the work at the factory will continue throughout the year.—Leader.

HOWELL—February 13 to 15 are the dates set for the annual poultry and egg show to be held at the County garage. County road engineer Wm. Slavin has kindly consented to let the poultry association have use of the building for its annual show.—Republican Press.

MASON—Loot taken from the Dancer store in Stockbridge on the night of December 28 was burned by the Detroit theft ring to which it was delivered by Harold Bradley and Harry McKay who are in the Ingham jail awaiting trial for "breaking and entering in the nighttime with intent to commit larceny." Sheriff Allan A. MacDonald and Detective Cy Hutson of the Michigan state police were in Detroit Monday and Tuesday to continue their check on the disposition of the loot. They were aided by Detroit police. The officers were told by stool pigeons that loot from the Dancer store was burned by fences, accomplices of the theft ring, Sunday night and Monday morning following the

robbery. The stool pigeons claimed they learned that the loot was "hot" that the ring destroyed it instead of taking the risk of disposing of it through regular channels.—County News.

TECUMSEH—The boiler of the oil well drilling rig on the R. J. McCabery farm four miles northeast of Britton blew up about 8:30 o'clock Wednesday morning but no one was injured. The drillers who are from North Baltimore, Ohio, had left the rig to go to breakfast after getting the fire started under the boiler and no one was near it when it let go. The drilling on the McCabery farm was begun last fall and has reached a depth of about 2,400 feet. Drillers report indications are favorable for striking oil.—Herald.

PLYMOUTH—M. W. Powell and Son have been awarded the contract for excavating for the new grade separation under the Pere Marquette railroad tracks at the Ann Arbor road crossing and have started work on the

big job. Because of the fact that the excavation will be an exceedingly long one, due to the level condition of that locality, the work will take a considerable portion of the winter to complete. The Ann Arbor road has been closed for some time, preparatory to the beginning of operations on the grade separation.—Mail.

SALINE—An epidemic of whooping cough in this village is feared. Several cases have been reported.—Observer.

Newspaper Kept in Case During the World war a group in Brussels, in constant danger of their lives, clandestinely published and distributed a little newspaper of facts under the nose of the German army, which never caught a single individual with a copy in his home or upon his person during a three years' search. "La Libre Belgique" was printed on this paper, letterhead also, and each dealer received his supply in a hollow walking stick.—Collier's Weekly.

LET YOUR
POCKETBOOK
TAKE ITS PICK!THEY'RE ALL BIG
...ALL BEAUTIFUL
...ALL BUICKS!

THERE was a time when the price tag told the main story about a car's quality. Low price, low quality—high price, high quality.

But Buick has changed that. For example, the sleek Buick Special at \$765* factory list has the same basic Buick quality as the lordly Limited at more than twice the price!

It has the same more efficient type of valve-in-head straight-eight engine. The same smooth, lash-free torque-tube drive. The same tiptoe hydraulics, solid steel "Turret Top" roof, "Knee-Action" gliding ride.

The difference is in size and capacity and finish. All Buicks are big in power and ability, beautiful inside and out, Buicks to the innermost fibre.

Bring your pocketbook here and let it choose from four cars that range in price from \$765 factory list to \$1945*.

*YOU CAN AFFORD THE NEW BUICK \$765 to \$1945 are the list prices at Flint, Mich., subject to change without notice. Standard and special accessories groups on all models at extra cost. All Buick prices include safety glass throughout as standard equipment. Convenient new GMAC 6% TIME PAYMENT PLAN.

NO OTHER CAR IN THE WORLD
HAS ALL THESE FEATURES

Valve-in-Head Straight-Eight Engine...
Aerolite Pistons... Sealed Chassis...
Luxurious "Turret Top" Body by Fisher
with Fisher No Draft Ventilation... Tiptoe
Hydraulic Brakes... Knee-Action Comfort
and Safety... Torque-Tube Drive...
Automatic Starting, Spark and Heat-Control
Built-in Luggage Compartments...
Front-End Ride Stabilizer.

Then look upon the best buy money can produce. Whatever Buick you pick you'll get longer life, more tasteful style, deeper comfort, a more satisfying car to own.

The new GMAC 6% Time Payment Plan brings down the cost of buying on time. You'll be surprised at how little per month lets you own a Buick. Come in and let us show you how you can use this saving to get a better car than you've been driving.

Chelsea Wins Debate

Were you at the debate last Thursday night? If you were not, you should have been! Anyways Chelsea won its first negative debate. The opponents were the Brooklyn debaters. Chelsea now has a sum of eight points out of a possible twelve.

The next debate is with Milan, there. So if we all go over and support our debate team, I am sure they will do all they possibly can to win our next debate with Milan, which will permit us to enter the elimination series.

The negative side was upheld by Eileen Adam, Harrie and Jean Bleeker.

Freshman News

"Hurry up! Stack your sled or skis in Mr. Lyons' trailer and pile in here!" That was the cry heard from Freshman lips Thursday night when they had a sledging party at the Greenhouse hill.

Skis, sleds and toboggans were seen going up and down the hill with kids loaded on them. After the rides a fire was built and hot dogs were roasted and put between buns. All turned out well except for a few scratches on a few faces.

Snow Party

Wednesday night the Sophomores gave a snow party at Cavanaugh Lake. Some of the group skied; others skated, after clearing the ice and still others slid. Perhaps the high spot of the evening was the snowball fight—a free-for-all between the boys and girls. As yet a decision has not been reached as to which group emerged victorious. Hot dogs were served at Betty Vogel's cottage. For entertainment Mr. Lyons furnished us with a special dance—something you shouldn't have missed.

FACULTY HAS NEW GAME

The faculty has introduced into the school the game of Badminton. Members of the faculty entertained themselves during the holidays by competing among themselves. The court has been laid out on the gym floor with green lines, giving the gym floor an assortment of colors.

Basketball News

The Chelsea Reserves lost a close game to the Dundee Reserves last Friday night. The D. H. S. Reserves led Chelsea at the half, 10-8. The referee was "calling them close" Friday night and the game was slowed up on this account. The high point man of the Dundee squad was Brown with fourteen points.

Bud Meyers, whose remarks about the reason why he was captain during the last edition, was high point man for Chelsea. Both squads played heads up basketball and deserve all praise they received (if any). The Chelsea squad rode to Dundee in a Blue Goose special. This way of transportation was liked by all and we all hope that this mode of transportation will continue. Let's have a big crowd of rooters for the game with Belleville tomorrow night.

The Chelsea high school squad lost last Friday to Dundee, at Dundee, the score being 18-15.

Chelsea led the Dundee quintet at the half, 12-10 but failed to hold their slim lead. M. Lyons was high point man on the Chelsea squad with eight points. W. Davis, with six points, led his brother Wyman by two points for Dundee. The Dundee squad consisted largely of Sophomores, except for their captain, Lohr.

Dundee led the scoring during the first quarter and piled up a sizeable lead. Then Chelsea retaliated with a barrage of baskets which placed them in the lead. The score remained about the same during the third quarter but during the last quarter the Dundee engers cut loose to go into the lead. In the last remaining seconds, a basket and a free throw were made by Chelsea but the points were not enough to place Chelsea into the lead. The Chelsea squad will play a return game with Michigan Center at Michigan Center on Tuesday and will play with Belleville at Chelsea.

Don't forget, the girls play basketball with the Belleville girls on Friday, January 23, 1936.

Centennial News

Mr. Waskiewicz's civic classes are going on with their preparation for celebrating the Michigan Centennial of Statehood.

One group is busily preparing a historical map of Michigan. A young lady is sewing a Michigan flag. The class as a whole is writing articles for a commemorative booklet, which will be mimeographed in time for the celebration.

One of the chief features of the celebration will be an exhibit of antiques and relics connected with Michigan, Washtenaw County, or Chelsea. This will take place in February or March. If you have something of interest, old photographs, letters, pipes, etc., please report to the Antiques and Relics Committee. Those on the committee are Harvey Knickerbocker, Marion Downer, Henrietta Beach and Betty Seitz. Do not bring objects until date for the exhibit is announced. Articles and other objects will be treated with care and will be returned unharmed.

Mr. Lyons and the F. F. A. are planning to participate by arranging an exhibit which will illustrate the progress and development of agriculture in Michigan. Items for this exhibit are already being collected.

The cooperation of parents is both needed and desired. Won't you please help?

F. F. A. News

The Agriculture department has started to formulate an educational display which will be given in cooperation with Michigan Centennial celebration. This will be given sometime in the near future. Anyone having miniature farm animals or machinery will please get in touch with Mr. Lyons as the chapter needs the above articles to use in the display.

We have just received a F. F. A. banner which will be displayed in our room.

The hot lunch project is now feeding about forty-five rural students.

Coming—a mid-winter conference for rural youth of Washtenaw county. Watch for further announcements.

Sportsmanship

Sportsmanship! What does it mean to the fans at the basketball games?

The team has shown a sporting spirit but have the spectators?

The team appreciates the cheers and applause which spurs them on to victory. The booing and "hissing" takes their minds away from the game and the result is we lose the game.

The team can make mistakes as well as other people, so leave the boos and hisses at home and bring only your cheers.

Elementary News

Kindergarten

We wish to thank Mr. Gentner for helping us with a very hard part of our grocery store.

We are enjoying our Rhythm Band. Lately we have been playing in the snow, making snow men, snow houses, and snow balls. As soon as we have some more snow we are going to try to make a snow dog.

Second Grade

June Marie Vail and Jane Downer have been out of school on account of a cold. We miss them.

The snow has given us lots of fun. We have a nice slippery slide. We've helped to build a fort, and we've tried to obey and not throw snow balls on the grounds.

We've been drawing snow scenes. Charles Slane drew an especially good one of a boy skating on the ice.

In a spelling contest Friday, Bobbie Faber, George Slane, Myra Lou Townsend, Shirley Platt and Thora Hill stood up until the end.

We are reading a story about Tuktu, an Eskimo boy, and is it interesting!

Third Grade

Ruth Ann Schenk was also allowed to take her Spelling Bank for having four perfect scores.

Miss Bollore is reading "Pinocchio" to us. It's a story of a wooden puppet. This will prepare us for our puppet show we will be giving.

In Arithmetic we are having fun in subtraction. We are learning to borrow.

Fourth Grade

We have our room all decorated with snow men. Some were our own creations and others were done with patterns.

Eva Harris is still out of school. We hope she will return soon.

Doris Collins, Phillip Vogel and Ruth Slane have done some attractive drawings for us.

Eleanor Harper brought us a map of Africa.

We had a surprise fruit roll for Miss Kern last Thursday. It was planned by Eleanor and Barbara.

Eleanor Harper's birthday was on Wednesday. We wished her a happy birthday and many other fine birthday wishes.

Yesterday we appointed a policeman for each row to remind the others about quietness when entering the room.

We are enjoying the book "Maida's Little House", which Mary Christwell brought for Miss Kern to read to us.

We had our eyes tested and found only six with slight defects in vision.

Eugene Townsend brought an engraved brass dish which was brought from China and is supposed to be over a thousand years old. This was interesting because we were studying about pottery containing inscriptions which told history of ancient people.

Last week some of the girls brought their dolls to school.

In geography we are making a trip to Norway. We have learned many interesting things about the country and people.

Fifth Grade

We dramatized the story of Oberon which Miss Boongaard read to us. Richard Schenk directed the dramatization and everyone enjoyed it very much. Mrs. Kusterer was our visitor.

Others who have finished the unit of study on the groups of states are in order as follows: Richard Kern, Richard Umstead, Janette May, Caroline Bretton-Walsh, Edith McDonald, William Meinerny, Douglas Miller, Delores Schanz, Richard Schenk, Rowena Frymuth, K. R. Platt and Wilma Spiegelberg.

In Art, we are beginning the study of winter scenes. They are all about

us just now. Some may be seen directly from our windows.

We plan to study some of the masterpieces in connection with this also.

In Arithmetic, we have started on addition of fractions again. We hope we are prepared this time. We have had to do much reviewing in preparation, especially on the multiplication combinations. We are glad to have Clifford Franz from Greenville enroll in our room. We now have 81 pupils.

At our last meeting of the Girls' and Boys' Council we decided to extend a little more courtesy to the other teachers at dismissals.

Sixth Grade

We have a little notice in the back of the board. It says "Please put your things away". We hope we can each keep our names off.

Our bulletin board has improved. It is about transportation pictures. One more story will complete our study of transportation reading class.

Lillian Allhouse brought a very interesting cocoon to school. We are going to watch it hatch in the spring.

Miss Boongaard read us such an interesting story about an Opera. We

enjoyed it very much. Thank you, Miss Boongaard.

In Art we are learning to use, and mix, water colors. This work will get us ready to paint the pictures of the cedar wax wing in our leaflet for nature study.

Edwin Gaunt has been absent but is back with us again. He is feeling better. Fairbelle Stanley has been absent but is back with us.

Columbus Cathedral in Havana

The Columbus cathedral in Havana is situated in Cathedral square, at the foot of Empedrado street. It was the center of all important religious ceremonies held under the Spanish domination, and it maintains as its most valued tradition the fact that it held within its walls the body of Christopher Columbus. The body was removed to Seville when Spanish rule ended in Cuba. There is a contention, of course, that the real Columbus relics are buried in Santo Domingo and that those once interred in Havana were the remains of Diego Columbus, brother of the discoverer.

MORTGAGE SALE

Default having been made in the terms and conditions of a certain mortgage made by William H. Murray and Julia J. Murray, his wife, Ann Arbor, Mich., dated March 28th, A. D. 1929, and recorded in the office of the Registrar of Deeds for the County of Washtenaw and State of Michigan on March 28, A. D. 1929, in Liber 187 of Mortgages, on page 544, which said mortgage was thereafter assigned by Ada J. Dancer to Eva Hampton, by assignment dated September 28th, 1935, and recorded on October 5th, 1935, in Liber 25 of Assignments, on Page 425, Washtenaw County Records.

Upon which mortgage default has been made in the terms and conditions thereof and the whole amount has become, and is hereby declared to be due and payable, and there is claimed to be due and unpaid at the date of this notice for principal and interest, taxes, the sum of Twenty-seven Hundred Seventeen and 04-100 (\$27,17.04) Dollars, and an attorney fee of Thirty-five Dollars as provided for by law. No suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof. Now, therefore, by virtue of the power of sale contained in said mortgage, and pursuant to the statute of the State of Michigan in such case made and provided, notice is hereby given that on Wednesday, the Twenty-second day of January, A. D. 1936, at 10:00 o'clock in the forenoon, Eastern Standard Time, said mortgage will be foreclosed by a sale at public auction to the highest bidder, at the Courthouse in the City of Ann Arbor, Washtenaw County, Michigan (that being the building where the Circuit Court for the County of Washtenaw is held), of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due, as aforesaid, on said mortgage, with the interest thereon at seven per cent (7%) and all legal costs, charges and expenses, including the attorney fees, and also any sum or sums which may be paid by the mortgagee for taxes, insurance, etc., to protect his interest in the premises. Which said premises are described as follows: All that certain piece or parcel of land situated in the City of Ann Arbor, in the County of Washtenaw, and State of Michigan, and described as follows, to-wit:

Beginning at a point in the Eastern line of Brooks Street, at the South-westerly corner of the tract to be conveyed and at the North-westerly corner of the land of August F. Schaefer, thence Easterly along the land of the said Schaefer, 182 feet; thence North-easterly in a parallel line with the Easterly line of said Brooks Street, 55.00 feet; thence Westerly in a line parallel with the first described line along the land of the said August F. Schaefer, 182 feet to said Brooks Street; thence South-easterly on said Brooks Street, 55.00 feet to the place of beginning, known as 612 Brooks Street, being the North 56 1/2 feet in width of lot 4 of James B. Gott's Second Addition to the City of Ann Arbor, according to the recorded plat thereof.

Dated at Detroit, Michigan; October 22nd, 1935.

MORTGAGE SALE

Whereas, default has been made in the payment of money secured by a mortgage dated the 18th day of January, A. D. 1926, executed by William Lindemann and Luci Lindemann, husband and wife, to Lissie Walser Oliphant, which said mortgage was duly recorded in the office of the Registrar of Deeds of Washtenaw County, Michigan, in Liber 174 of mortgages on page 53 at 11:00 A. M. on January 25th, 1926.

And whereas, the amount claimed to be due on said mortgage is the sum of \$9,000 principal and interest of \$468.64, and the further sum of \$95.00 as an attorney fee as provided by statute, and the whole amount claimed to be unpaid on said mortgage is the sum of \$9,468.64, and no suit or proceeding having been instituted at law to recover the debt now remaining secured by said mortgage, or any part thereof, whereby the power of sale contained in said mortgage has become operative.

Now therefore, notice is hereby given that by virtue of the said power of sale, and in pursuance of the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises therein described, at public auction, to the highest bidder at the south front door of the courthouse in the City of Ann Arbor, in the County of Washtenaw, on the 14th day of February, A. D. 1936, at ten o'clock in the forenoon of said day; which said premises are described in said mortgage as all that certain piece or parcel of land situated and being in the City of Ann Arbor, County of Washtenaw, and State of Michigan, to-wit:

MORTGAGE SALE

Whereas, default has been made in the payment of money secured by a mortgage dated the 18th day of April, A. D. 1931, executed by Mary T. Wheeler to The Equitable Life Assurance Society of the United States, a corporation organized and existing under the laws of the State of New York, having its principal office in the Borough of Manhattan, of the City of New York, which said mortgage was duly recorded in the office of the Registrar of Deeds of Washtenaw County, Michigan, in Liber 190 of Mortgages, Page 815, at 11:40 o'clock A. M. on April 18th, A. D. 1931.

And Whereas, by the terms of said mortgage, it is provided that in case default be made in the payment of any installment of principal or of interest, taxes, assessments or insurance or any part thereof on any day whereon the same is made payable, and should the same remain due and unpaid for the space of thirty days thenceforth, the principal sum of said mortgage, together with all interest, taxes, assessments, and insurance paid, shall at the option of the mortgagee, become due and be due and payable forthwith, and default having been made in the payment of the interest and taxes provided in said mortgage, which default has continued for more than thirty days, the said mortgagee doth hereby exercise its option to declare the principal sum of said mortgage and all arrearages of interest and taxes due and payable.

And Whereas, the amount claimed to be due on said mortgage is the sum of \$7,049.85 principal and interest of \$217.69; taxes in the amount of \$809.36, and interest on taxes \$48.43, and the further sum of thirty-five dollars as provided by statute, and the whole amount claimed to be unpaid upon said mortgage is the sum of \$8,125.13, and no suit or proceeding having been instituted at law to recover the debt now remaining secured by said mortgage, or any part thereof, whereby the power of sale contained in said mortgage has become operative.

Now Therefore, Notice is hereby given that by virtue of the said power of sale, and in pursuance of the statute in such case made and provided, the said mortgage will be foreclosed by a sale of premises therein

described at public auction to the highest bidder at the south front door of the court house in the City of Ann Arbor, in the County of Washtenaw, on the 14th day of February, A. D. 1936, at ten o'clock in the forenoon of said day, which said premises are described in the said mortgage as:
