## Consumers Power Will Build New Line Here

At their regular meeting Monday night the village council approved an ordinance which gives Consumers Power Company permission to set poles on East street to string wires for a primary line from their sub-station on South Main street to the village plant on North Main street.

Construction of a second primary line from the sub-station to the village plant will insure better local service, for if one line should go out of commission the current could be received from the other line. Another reason for constructing the new line on East street is in order to connect with the new factory which will start operations in the "L" building north of the Michigan Central on East street. The present primary line is on the west side of the village.

Consumers Power Company will set the poles for their new line next week. They will use 60-foot poles, which will replace the shorter ones now in use on that street. The electric wires will be on top, and telephone wires will be strung lower on the poles.

The village has furnished lights to illuminate the sliding hill on Mrs. Palmer's land, Washington street, which is being sponsored by the American Legion. Many children of the village are taking advantage of the splendid sliding at this point, and with proper lighting they may enjoy the sport after dark.

## Annual Farmers' Week Offers Many Features

East Lansing—With more than fifty sectional meetings, with banquets, luncheons, reunions and special features of entertainment, Farmers' Week at Michigan State College, February 3 to 7 is easily the greatest agricultural conference in the state.

Each day there will be numerous attractions, in addition to the general sessions, at which speakers of national prominence will discuss topics of significance in Michigan. A few of the speakers and their topics are:

Tuesday p. m.—Dr. Mary S. Rose, Columbia University, "Food Revolutionizing Health"; Elmer Beamer, President, Buffalo Producers Cooperative Association, "Trends in Livestock Marketing";

Wednesday p. m.—O. E. Baker, United States Department of Agriculture, "The Relation of Population Trends to Commercial Agriculture";

Wednesday evening—James Thomson, commissioner of agriculture, "Marketing Michigan Products";

Thursday p. m.—Edward O'Neal, President, American Farm Bureau Federation, Thursday evening, varied program.

Friday p. m.—Rural Drama contest; Little International Livestock show.

Throughout the week, musical organizations of the college will provide entertainment for the visitors, and the departments of the college are making elaborate plans for unusual demonstrations and exhibits. A number of the programs will be broadcast over WKAR, the State College radio station, for the benefit of those who are unable to attend.

Programs for the week are off the press, and those who do not obtain one within a reasonable time should write to the college for a copy.

CO-OPS HOLD MEETING

The annual meeting of the Chelsea Co-Operative Company was held on Thursday afternoon at Sylvan town hall. Following are the officers chosen for the coming year:

President—George T. English.

Vice Pres., Secretary and Treasurer—Alvin D. Baldwin.

Directors—Fred Riemenachneider, John Steinbach, Oscar Lindauer, Fred Seitz and Ehler J. Notten.

WILL ADJUST CLAIMS

O. D. Luick, Chelsea, Leigh Beach, Lima and Bert Kenny of Webster have been appointed by Probate Judge Jay G. Pray as a commission to adjust condemnation claims against the state highway department on projects 81 and 87 where the construction of US-12 has been started in Lima township. The commission will meet Thursday on the project site, and at the Probate Court on Monday.

FISH SUPPER

Members and friends of the U. B. church in Waterloo will sponsor a fish supper on Friday evening, January 31, at 6 o'clock, at Gleaner hall. All the fish you want, 40c and 20c. The public is invited.

BAKE SALE

The Central circle of the Methodist church will hold a bake sale at the Chelsea Hardware Co. store on Saturday, January 25, beginning at 2:00 o'clock.

OLD TIME DANCE

Old time dance Saturday, January 25, above Alber's plumbing shop. Ladies free, gents 35c. Good music and a good time for all.

As an instance of the savings made possible under the new schedule, Manager Schroder says that the day person-to-person rate from Chelsea to Grand Rapids heretofore has been 90c at all times. Now the same call can be made nights and Sundays for 65c, a saving of 25c.

The week-end discount period on both types of long distance calls will extend from 7 o'clock Saturday nights until 4:30 o'clock Monday mornings.

## Work Progressing for Opening of New Factory In Chelsea

The new factory concern which has purchased and will occupy the "L" building north of the Michigan Central tracks will be known as the Sterling Michigan Corporation, according to articles of incorporation which were filed in Lansing last week.

According to Francis J. Coyne, head of the concern, who is now residing in Chelsea and taking active charge of repair work and installation of machinery in the building, work is progressing very satisfactorily, considering the severe winter weather conditions. Twelve men are now employed on the repair work.

Work of repairing the roof has been hindered somewhat by the snowfall but is nearing completion and machinery is being moved into the building. Eight carloads of machinery and equipment have arrived, with four or five more on the road.

The first and part of the second floor will be used for manufacturing operations, with a part of the second and the third floor being used for the storage of raw materials and the finished product. The company will manufacture insulation materials for automobile bodies, and have listed among their customers the largest manufacturers of automobiles in the Detroit area.

According to Mr. Coyne it is hoped that everything will be in readiness to start operations in a month or six weeks, and an initial working force of 60 people is anticipated.

## Scout Week Planned for February 7 to 13

"Boy Scout Week is one of the big events of the year," Scout Commissioner Fielding H. Yost said last week in discussing the approach of Boy Scout Week which will be celebrated by all Scout groups in America from February 7th to 13th.

Groups throughout the Washtenaw-Livingston Council have been asked to plan a full and varied series of events for the week February 7-13, thus helping to make every man, woman and child in every corner of the two-county council as "Scout conscious" as possible.

Friday, February 7th has been especially designated as a good time for troop banquets, parents' night programs and other events helping to interpret the spirit of Scouting.

On Saturday evening, February 8, at 8 p. m. every Scout is asked to renew his Scout oath. National broadcasts are being arranged in this connection.

Every Scout is being asked to attend church and Sunday school in uniform on February 9th.

School assemblies, library and school participations will be arranged for whenever possible.

Many troops are planning window displays, attempting to visualize some of the more dramatic phases of Scouting.

## Announce Reductions In Telephone Rates

Extension to all day Sunday of the same reduced rates which have been in effect on long distance station-to-station telephone calls after 7 o'clock each night, and the establishment of reduced rates every night and Sunday on person-to-person calls, become effective January 15. These changes will mean a large annual saving to Michigan telephone users, according to W. M. Schroder, manager here for the Michigan Bell Telephone Company.

This additional discount in rates, which affects most calls between points on which the present station-to-station day rate is more than 35 cents, is the sixth major long distance telephone rate reduction offered by the Bell System since October, 1926.

This also is the first time that discounted rates have been offered on station-to-station day long distance calls on Sunday and the first that discounts ever have been established for person-to-person calls for any period. A person-to-person long distance call is one on which the operator is requested to locate a particular person at the distant telephone, while a station-to-station call is one made to a telephone by number rather than to some person in particular. A station-to-station call requires less time for making the connection than does a person-to-person call and therefore the rate is considerably less.

As an instance of the savings made possible under the new schedule, Manager Schroder says that the day person-to-person rate from Chelsea to Grand Rapids heretofore has been 90c at all times. Now the same call can be made nights and Sundays for 65c, a saving of 25c.

The week-end discount period on both types of long distance calls will extend from 7 o'clock Saturday nights until 4:30 o'clock Monday mornings.

## Survey of Postoffice Site Will Start Soon

Word has been received here that Construction Engineer George W. Dillon will arrive in Chelsea about February 4 to enter upon the new post-office site, corner of Main and South streets, for the purpose of making a topographical survey and soil investigation.

The federal government is trying by every means to hasten the steps necessary to permit the starting of work on drawings for the proposed federal building in order that the preliminary work of design may be approved and construction work started so that all unemployment in Chelsea may be eliminated as quickly as possible.

With the federal building in process of erection, and the Sterling Michigan Corporation operating, along with the other industrial activity here, Chelsea should be a busy town this spring. Not only should all unemployment here be absorbed, but outside help will no doubt be necessary.

Many local merchants report the best January business in the past ten years.

## District Convention Is Held By Am. Legion

The quarterly convention of the Second District Association of The American Legion and Auxiliary was held in Adrian on Sunday, January 19. Those in attendance from Chelsea were Mr. and Mrs. Paul C. Maroney, Clarence O. Bahmiller and John O'Hara.

A business session of the Association was held at 3:00 p. m. Over 70 delegates and officers of the various Legion Posts throughout the District were present at the Legionnaires' meeting and about the same number attended the Auxiliary meeting.

Following the business session a fine banquet was served to a group of nearly four hundred persons. Entertainment for the guests was very novel, consisting of four very talented tap dancers from Toledo.

John W. Gilmore, National Executive Committee member and former State Department Commander, was the principal speaker of the evening. He delivered a very interesting address on the aims and objectives of The American Legion.

Several notable personages of the Legion, including Arthur Clarke, Vice Commander of the State Department for the second zone; Clyde Murdock, Vice Commander from the third zone; J. Fred Munnell, State Director of Membership; Rev. Father George J. Cairns, State Chaplain; Jos. McGregor, Past Department Sergeant at Arms, and Horace Parrish, State Field Service Officer, were guests at the gathering.

## Big Closing-out Sale Attended By Throngs

The closing-out sale of the entire stock of the Hindelang Hardware Co. started off with a bang Monday morning, the opening date of the sale as announced by Merkel Bros. and Chelsea Hardware Co., who purchased the stock of merchandise two weeks ago.

Ten clerks were busy serving the large crowds of customers who thronged to the store throughout the day to take advantage of the many bargains which were listed in a full-page advertisement in The Standard last week.

A good volume of business is being done at the store daily and the sale will continue until the stock is closed out.

## HOLD ANNUAL MEETING

The annual meeting of the Northwestern Farmers Mutual Fire Insurance Co. was held last week Wednesday afternoon at Sylvan town hall. Stanley Vaughan of Webster was elected as a member of the board of directors, and John Young of Lyndon was re-elected. Other members of the board are William Clark, Dexter, Emerson Leaser, Sylvan, Arthur Sias, Lima, and Fred Hutzel, Scio. A meeting of the directors will be held Tuesday, January 28, at which time officers will be elected.

CONTEST LOSERS ENTERTAIN

The losers in the contest recently ended by the Bridge Dinner club, entertained the winners at a dinner on Saturday evening at the home of Mrs. A. L. Steger.

A. B. CLARK

W. R. C. INSTALLS OFFICERS

The W. R. C. gave a dinner Tuesday at 12:30, with a regular meeting at 2:30, called to order by Mrs. Mary Adam. The business session was followed by installation of officers. Miss Leah Simpson, state department president of Detroit, was installing officer and the installing conductor was Mrs. Leah Flanagan, state department treasurer of Jackson. At the close of the installation, each was presented with a gift. Mesdames Wm. Atkinson, J. L. Kilmer and A. E. Wilson were appointed a committee to arrange for making a quilt. Guests at the meeting included Mesdames Horner, Grannis and Tolley of Ypsilanti.

CHELSEA PLAYS MICH. CENTER

Chester's first team was defeated in a game at Michigan Center on Tuesday evening by a score of 20 to 3. Chelsea's high point man was O. Hart, who made two of the three points. Birch scored the other point. High point men on the other team were Stone and Lousley, each making eight points.

The Reserves won their game, with a score of 16 to 11. High point man on the Chelsea team was Lawrence Tisch, with eight points. Michigan Center's high point man was Crutcher, with three points.

Mr. and Mrs. Harvey Earl and children of Ypsilanti and Mrs. Herbert Schofield and children of New York City were entertained Sunday at the home of Mr. and Mrs. Norman Schmidt.

Mr. and Mrs. B. F. Niehaus were in Detroit Wednesday evening, where they attended the 21st Birthday Party of Kiwanis International, held at the Hotel Statler. Mr. Niehaus acted as song leader for the occasion.

Cape Breton Isle Dates  
Back to the 1500 Period

The island of Cape Breton in Nova Scotia was so named by Basque or Breton fishermen after a cape of the same name in their own country. On maps dating back as far as 1527, says a Sydney, Nova Scotia, writer, it was identified as C. de Breton, and later, on other maps, as Terra de Breton and Cap au Bretons.

Cape Breton Island is the oldest French name in American geography. Basque fishermen settled its shores first, but now, although there is a French settlement on the west coast, where the old tongue is still spoken, the island is predominantly a Highland Scotch district, thousands of Scotchmen having come there from the old country during the last two centuries.

In ancient times it was also known for a time as "Bacelos." Basque for codfish. The Mic-Mac Indians knew it as "Commaugik," meaning "Home of the True Men," in the days when they ruled the island.

Intelligent, Smart

There is a world of difference between being smart and being intelligent. Not all intelligent persons are smart; that is, clever, capable, adept. Intelligent denotes merely the possession of an ability to exercise mentally, a readiness of comprehension, a capacity for thought. Smart denotes a flashing ability, by no means implied by intelligent, and now carries a suggestion of unscrupulousness, similar to that of shrew, which makes its use a doubtful compliment. A smart person may be intelligent, and an intelligent person may be smart. Possession of both qualities may lead to an extreme of shrewd unscrupulousness or to an extremely high mental capacity. —Literary Digest.

Lee's Invasion of Pennsylvania

The Dictionary of American Biography states that General Lee's invasion of Pennsylvania, which resulted in the Battle of Gettysburg, July 1, 2, and 3, 1863, was undertaken for three reasons: (1) to supply his army; (2) to strengthen peace sentiment in the North by showing the futility of the effort to force the South into submission; (3) in hopes that he could compel Lincoln to detach troops from the far South and thereby relieve the pressure on Vicksburg. This last purpose, however, was often regarded by historians as the turning point of the Civil War.

NAME COMMITTEES

Committees for the year have been announced by Mayflower chapter of the Congregational church, and are as follows:

January—Mrs. Turnbull, Mrs. Goodell, Mrs. Bleeker, Mrs. Walworth.

February—Miss Wurster, Mrs. W. Kandlehner, Miss Walker, Mrs. McKay.

March—Mrs. Miller, Mrs. McGaffigan, Mrs. Eaton.

April—Mrs. McClure, Mrs. Dunkel, Mrs. Spaulding.

May—Mrs. Luck, Mrs. English, Miss Schieferstein, Mrs. Lewick.

June—Mrs. Ross Munro, Mrs. Leon Chapman, Mrs. Krumm.

July—Mrs. Maroney, Mrs. Bollinger, Miss Schumacher, Mrs. Alcheler.

August—Mrs. Storms, Mrs. Winans, Mrs. Waltrous, Mrs. Hoag.

September—Mrs. H. Schmidt, Mrs. Platt, Mrs. Whitmer.

October—Mrs. Wolf, Mrs. John Haselwerdt, Mrs. Frymuth.

November—Mrs. Baldwin, Mrs. Lane, Mrs. Webster, Miss Van Riper.

December—Mrs. Hinderger, Mrs. McClure, Mrs. Christwell, Miss Haselwerdt.

Silk Worms Leave Clear Trade-Mark on Threads

Silk worms leave marks of their individuality on the threads of silk they spin. This was discovered as a result of an inquiry into difficulties which silk weavers encountered in producing a material of a uniform color. Differences in shade appeared in pieces of goods that were proved not to be the fault of the dying process. The cause has been a mystery. Research work was started in the laboratories of the United States Testing company at the broken and as a result it was found that the fault is due to the personal idiosyncrasies of the silk worm. As a writer in the New York Herald Tribune.

Some of the silk worms place a thread that is broad and flat and others a thread that is more nearly circular. The round threads vary in diameter. If a variety of the threads are put into the same dye vat they come out different shades. The broad flat threads take a darker shade than the circular threads and among the round threads, the ones of larger diameter become darker than the ones of small diameter.

A study of threads from three different breeds of silk worms—each raised in six sections in Japan from the northernmost to the southernmost latitudes, including spring and autumn crop, was made. It was found that the shape of the thread varied with the breed and within the same breed it varied with latitude. The threads produced in the spring were larger.

GEORGE STANFIELD

George Stanfield, lifelong resident of Lyndon township, died Tuesday morning, January 21 at Chelsea Private hospital, after a brief illness of pneumonia. He was born May 27, 1865, the son of William and Mary (Strickler) Stanfield. September 10, 1907 he was married to Minnie Higdon and for 33 years they have resided on the farm in Lyndon.

Surviving are the widow; four daughters, Mrs. Lizzie Barker of Mason, Mrs. Clara Hudson of Lyndon, Mrs. Minnie Adams of Waterloo township and Miss Irene Stanfield at home; a brother, Charles Stanfield of Munnith, a sister, Mrs. Mary Rentzschler of Waterloo and four grandchildren.

Funeral services will be held at 2 o'clock Friday afternoon at the residence, with Rev. Van Hubel officiating. Burial will be in Munnith cemetery.

UNITY CHAPTER ELECTS

Unity chapter of the Congregational church held their annual meeting at the home of Mrs. Frank Leach last week and the following officers were elected: President, Mrs. E. E. Smith; 1st vice-president, Mrs. L. T. Freeman; 2nd vice-president, Mrs. Frank Leach; secretary and treasurer, Jane Walker.

FIRE DOES SLIGHT DAMAGE

Fire from a burning chimney did slight damage to the residence of Mrs. Elizabeth Wackenhut on Garfield St. Tuesday evening, burning a small hole through the partition in the dining room. The blaze was extinguished before the arrival of the fire department.

Classification of Musical Instruments

Musical instruments are classified according to the way the sound is produced. There are stringed instruments, wind instruments and percussion instruments.

## PRIMARY TEACHERS MEET

The primary teachers of the Methodist Sunday school held their January meeting at the home of Mrs. John Fletcher on Wednesday afternoon. A pot-luck luncheon was served at one o'clock. Mrs. L. G. Palmer, who has charge of the department for this year, presided at the meeting and plans were made for the year's work.

## Princess Theatre

First Show 7:15 - Second 9:00

FRIDAY and SATURDAY  
JANUARY 24 and 25

## "Fang and Claw"

Frank Buck's newest adventures, showing many thrilling experiences in the heart of the jungle.

SUNDAY and MONDAY  
JANUARY 26 and 27

Carl Brisson in

## "Ship Cafe"

WEDNESDAY and THURSDAY  
JANUARY 29 and 30

Kay Johnson in

## "Jalna"

Also Major Bowes' Amateur Theatre of the Air.

## LIMA

Mrs. and Mr. Albert Schiller and family and Mr. and Mrs. Milton Hoffman and daughter, and George Haist spent Thursday evening at the home of Mr. and Mrs. Oscar Stierle.

Mr. and Mrs. Clarence Koenigster and daughter spent Sunday afternoon at the home of Mr. and Mrs. Max Ziegler in Dexter.

Mrs. John Schanz and daughter spent Saturday afternoon in Ann Arbor.

Mr. and Mrs. Oscar Stierle and son and Mr. and Mrs. Milton Hoffman and daughter and George Haist spent Friday evening at the home of Mr. and Mrs. O. J. Clinton.

Mr. and Mrs. Herman Hersog of Ann Arbor spent Saturday afternoon at the home of Mr. and Mrs. Chris Koch.

Mr. and Mrs. George McLean and sons attended the funeral of Mrs. McLean's sister in Ann Arbor, Saturday.

Mr. and Mrs. Arthur Koenigster and daughter Joan spent Sunday at the home of Mr. and Mrs. Adolph Seltz.

## YOUTHS INJURED

Mack Dickinson, 18, and his brother Burton, nine years old, were injured early Saturday evening when their car went off the pavement near the James Birch farm, four and one-half miles west of Chelsea. Burton suffered a fractured thigh and a fractured nose, and his brother, driver of the machine, received chin lacerations. They were given first aid treatment at the office of a local physician, and were later taken to University hospital, Ann Arbor. Their home is in Battle Creek.

## MRS. HENRY STOPFER

Mrs. Henry Stopfer, 66, died Monday morning, January 20, at her home in Lyndon township. Formerly Minerva Tuselman, she was born in Youngstown, Ohio, November 29, 1849, and was married September 19, 1872, to Mr. Stopfer, who died September 14, 1922. To this union were born 10 children, two sons dying in infancy and a daughter, Emma, died in 1929.

Surviving are four sons, Homer of North Lake, Harry of Lima township, George and Arthur at home; three daughters, Mrs. Lewis Stapish and Mrs. Kenneth Platt of Chelsea, and Mrs. Harley Nichols of Jackson; 17 grandchildren and five great grandchildren.

Funeral services will be held at 1:30 this afternoon at the residence, Rev. Victor D. Longfield officiating, and burial will be in Oak Grove cemetery.

## WOMEN'S UNION MEETS

The January meeting of the Women's Union of St. Paul's church was held Thursday afternoon at the home of Mrs. Mary Faust, with 88 members and one visitor in attendance. The subject for the meeting was "The Message of the Bible," and readings were given as follows:

The Apostrophe of Our Church Bell—Mrs. Wilbur Hinderer.  
Bells of Mesopotamia; Sendia Bells—Mrs. Otto Lucht.

"Stewards of God," by Rev. Anderson—Read by Mrs. Herbert Paul. The program was followed by a business meeting. Refreshments were served by the hostess, assisted by Mrs. Paul Niehaus.

## NORTH LAKE

Mr. and Mrs. Geo. Webb and Mr. and Mrs. Lyle Engle spent Saturday in Detroit.

Mr. and Mrs. Douglas Fraser spent Friday in Ann Arbor.

Miss Irene Stoffer of Jackson spent the week-end with her parents, Mr. and Mrs. Homer Stoffer.

Mrs. Perry Noah gave a family dinner Sunday in honor of Mr. Noah's birthday.

Holton Knisley of Jackson spent Sunday at P. E. Noah's.

Clayton Webb and Dr. Harmon Webb and family were Sunday guests at Geo. Webb's.

Wm. Hankard and family visited at Mr. Malott's, Saturday evening.

Ice harvest has begun in this vicinity, Mr. Vergin being the first to fill his ice house.

Geo. Webb was in Ann Arbor Monday on business.

Anthony Czarnecki of Jackson, who has been in training at the Great Lakes training station, is visiting at Lawrence Ngah's and Floyd Boyce's. He will leave next week for the Pacific coast.

The Aid Society meeting held at the home of Mr. and Mrs. Webb, was well attended. The following officers were elected for the coming year: President, Mrs. Fred Glenn; vice-president, Mrs. Jennie Waddy; secretary, Mrs. Pearl Gilbert; treasurer, Mrs. Susan McDaniel.

Mr. and Mrs. Fred Glenn and Mr. and Mrs. Herbert Hudson attended the funeral of their cousin, Mrs. Nettie Bland of Hartland, on Tuesday.

## LAFAYETTE GRANGE

Lafayette Grange will hold a social meeting for members and friends on Thursday, January 30, at the newly acquired "Community hall" (formerly the Methodist church) in Lima Center. A pot-luck dinner will be served at 7 o'clock. An interesting social time will follow the dinner. Come in your work clothes and make yourself at home.

Anyone interested in Grange work has a cordial invitation to join with us at this open meeting, and enjoy real Grange hospitality. Lafayette Grange is happy to announce that we have gone over the quota of 15 new members.

## JOHN DEEGAN

John Deegan, 75 years of age, died Sunday, January 19, at the home of his niece, Mrs. Mary Monaghan, on Jackson St. He formerly resided in Ann Arbor, where for 15 years he was employed on the Edison Co. farms.

The funeral was held Tuesday forenoon at 10 o'clock at St. Thomas church, Ann Arbor, with burial in St. Thomas cemetery.

## Picnic Older Than Name

## Term Known Back in 1802

Picnics are a form of diversion in which rich and poor may share alike and have been indulged in, though not always under the same name, for many centuries, writes a correspondent in the New York Times.

Down to mid-Victorian times the word picnic was hyphenated. Austin Dobson lauds the charms of a girl who was acknowledged "Queen at a picnic." The term is said to date from about the year 1802. Then, as now, it was the custom for guests to supply the food and drink. A list of requirements would be drawn up and passed around, each person picking out the item which he was willing to furnish.

This item was then "picked off" the list. Hence the term "pick-and-nick," which was gradually shortened into picnic.

The institution designated, however, is much older than the name. An account is extant of a picnic which took place in the early part of the Seventeenth century, upon the birthday of Charles, prince of Wales, afterward Charles I. of England. In a letter to the earl of Arundel, dated November 22, 1618, Malinwaring says: "The prince his birthday has been solemnized here by the few marquises and lords which found themselves here; and (to supply the want of lords) knights and squires were admitted to a consultation, wherein it was resolved that such a number should meet at Gumgins, and bring every man his dish of meat." Picnic it was.

## Annual Poultry Day at Saline Valley Farms

## Poultrymen and neighbors of the Saline Valley Farms are invited to attend the annual "Poultry Day" which has been set for Saturday, January 25 at the farm.

The program is designed to bring out some of the most important facts of breeding, feeding and disease control measures which have been demonstrated through the past years' research work under actual farm conditions. Such factors as the control of disease through the use of eggs for hatching, from families of hens highly resistant to disease is of great importance to the farm flock owner.

These facts will be explained to the meeting by Arthur E. Hagen, head of the poultry department and well known to most of the Washtenaw county farmers.

Other speakers of note will appear on the program. Dr. Carl H. Schroeder, who has been associated with the farm as an adviser will speak on feeding problems. He has just recently returned from an extensive survey of the poultry industry of California and other Pacific coast states. W. A. Higgins, who has developed an entirely new technique in diagnosis of poultry disease will speak and also take charge of diagnosis of disease for guests who bring birds for examination.

A judging contest will be staged to determine the ability of contestants to judge the egg-laying capacity of hens from external appearances of the bird. Prizes of baby chicks will be given the winners.

The program will start at 10:00 a. m. with a general tour of the farm enterprise and poultry plant. Provisions are made for basket lunch at 1:00 p. m. Admission is free and all those interested are urged to attend.

FARMERS' UNION MEETING There will be a meeting of the Farmers' Union, held in Recreation hall, Klumpp's hall, Saturday evening, January 25, at 8 o'clock. This is a business meeting, for members only. Important matters in regard to the purchasing of salt, coal, and other articles at this meeting. All members are asked to bring in a new member, or more.

Adv. Secretary.

ENTERTAINS CHAT 'N SEAU The Chat 'N Seau were pleasantly entertained at the home of Mrs. C. F. Wolf on Tuesday evening. Fifteen members and guests were present. Delicious refreshments were served. The assisting hostesses were Mrs. D. L. Rogers, Mrs. Ross Munro and Miss Minnie Schumacher.

Red-Green Color-Blind Refuse to Be Convinced One man out of 20 is decidedly color blind. As for women, less than one in a hundred is afflicted with defective color vision. Investigators find, states a writer in the Washington Post, that physiologists, psychologists and physicians, who have been seeking a solution for the problem of color blindness, are constantly amazed by two curious things about color-blind persons. First, color-blind persons don't generally know they are color-blind. Second, they resolutely refuse to be convinced that there is anything wrong with their color vision.

Tell a red-green blind person that this color is red and that is green, and he will laugh at you, thinking you're trying to play a practical joke on him. Not being able to distinguish between red and green, he is likely to stroll down the street wearing a red suit, thinking all the time he is dressed in sober gray, just like the famous English scientist, Dalton, did many years ago, to the shock of his Quaker friends.

Morse's Telegraph In 1842, Samuel F. B. Morse, an American artist, conceived the idea which later he developed into the electric telegraph and his telegraphic alphabet or code. Morse completed his first instruments in 1835 and during the succeeding eight years gave a number of public demonstrations. After several fruitless efforts, he obtained, in 1843, a government appropriation to build an experimental telegraph line. Over this line, from Washington to Baltimore, the first telegraph message was transmitted on May 24, 1844. It was: "What hath God wrought?" With the sending of this message began a new era in human history, for it marked the first successful transmission of written word by electricity—a branch of communication which during the past 60 years has played an important part in the social and economic development of America and of the world as a whole.

Baron von Steuben Frederick William Augustus Henry Ferdinand, Baron von Steuben, was a Prussian officer on the staff of Frederick the Great, who came to America late in 1777 and offered his services to the Continental congress as a volunteer officer. General Washington once appreciated the worth of such a trained soldier and made him inspector general at Valley Forge. In spite of the hardships under which the army lived that winter Von Steuben changed them from a mob into well drilled troops. As a reward congress gave him the rank of major general and inspector general of the entire army. Upon retirement he was given a grant of land at what is now Steubenville, N. Y., where he lived until his death in 1794.

The Aran People There are three islands of Aran—Inishmore, Inishmaan and Inishbeg, comprising that group of islands off the Irish coast.

The Aran people wear home-spun clothing and pampooties, a sort of moccasins fashioned from cowhide, and are immensely interested when a traveler arrives attired in Bond street's newest products. The white-washed cottages and peat fires that are linked so intimately with Irish history are there, and so are the fairy-tales. It is a bleak land, with poor soil, but fish are plentiful. The land is peaceful and unaffected by the bustle that has become a part of modern life.

Metals in Small Coins The recent piece was first minted in 1860 to replace the 3-cent piece. Our 5-cent piece contains 75 per cent of copper and 25 per cent of nickel; that is, 37.57 grains of copper and 10.90 grains of nickel; the 1-cent piece contains 95 per cent of copper, 2.5 per cent of tin and 2.5 per cent of zinc; that is, 43.8 grains of copper and 1.4 grains each of tin and zinc.

## FELLOWSHIP CLUB MEETS

The January meeting of the Fellowship club held at the Methodist church last Wednesday evening was well attended. An excellent dinner was served by the committee, after which President Broensma announced that a local program had been prepared, as follows: Community singing; the ladies' trio of Chelsea high school gave a rendition of "Love's Old Sweet Song"; Miss Boongaard sang "O Holy Night"; reading by Mrs. John Fletcher, "St. Peter at the Gate"; and humorous readings by Ray Ives.

After a brief business meeting which revealed a good condition in all departments, the pastor was called upon for remarks. Hobbies and fish stories were discussed as the members were called by name to tell about their favorite hobbies, and was concluded by a discussion of the fascination of amateur photography and experiments in chemistry and radio frequency, which proved that when we obey the exacting requirements of natural law in chemistry, light, magnetism, and electricity, we are, as the great astronomer Kepler once declared, "Thinking God's thoughts after Him."

The next meeting will be held on Tuesday evening, February 11, and the speaker will be Rev. W. P. Ainsworth, of Denton.

## ENTERTAIN BRIDGETTES

Mrs. Stanley Beal and Mrs. Leonard Eder entertained the Bridgettes at the former's home on Friday evening. Three tables of bridge were in play and honors were awarded Mrs. Julius Eder and Miss Virginia Wheeler. Refreshments were served by the hostesses.

## CHAPTER MEETS

The Sweetland chapter of the Congregational church met at the home of Mrs. D. H. Wurster on Thursday afternoon. Fourteen members and guests were present. The assisting hostesses were Miss Nina Crowell and Miss Florence Ward.

## News Review of Current Events the World Over

**Hauptmann Reprieved by Governor Hoffman—Plan Devised to Avoid New AAA Legislation— Bonus Bill Favored in Senate.**

By EDWARD W. PICKARD  
© Western Newspaper Union

LESS than thirty hours from the time when he was to die in the electric chair, Bruno Richard Hauptmann, convicted kidnaper and slayer of the Lindbergh baby, was given a thirty-day reprieve by Governor Hoffman of New Jersey. This means he will have at least sixty more days to live, because he will have to be re-sentenced. The governor did not give specific reasons for his action. He did say: "A reprieve is granted."

Hauptmann's attorney rather than judicial clemency. I am not required to give a reason, but I might say that there are grave doubts in this case, not only in my mind, but in the minds also of our citizens.

There will be only the one reprieve, unless the evidence should warrant another, the governor said. If Hauptmann is to be finally saved it must be through the presentation of sufficient evidence to warrant Justice Brandeis granting a request for a new trial, or for a new plea for clemency to the state pardons court.

The stay came after the United States Supreme court at Washington refused to admit attorneys to file a petition for a writ of habeas corpus for Hauptmann. That closed the door to all further legal action designed to delay the execution.

Various stories about the crime, some new and others old, are going the rounds and are being investigated by authorities and by the forces of the defense. They are too complicated for summary here.

**LITERARY DIGEST'S** Presidential straw vote has been concluded, and the final returns indicate a growing opposition to the New Deal. A total of 1,907,981 ballots was received, and of these 62.02 per cent were cast against the President's policies, and 37.98 per cent were for the administration.

Thirty-six states gave majorities against to eleven in favor of the President and his policies. Among the pro-Roosevelt states was Utah. The others were classified in the release as "southern and border" states.

Of the different sections of the country, New England cast the heaviest "No" vote, going 71.38 per cent against the administration. The Middle Atlantic states from New York to West Virginia showed 68.51 per cent of the voters against Mr. Roosevelt and his policies, whereas the Middle Western states in the farm belt and the Rocky Mountain states indicated a split approximately the same as the nation at large—52 to 48 against. The three Pacific coast states totaled 56.01 against the New Deal.

**THERE** will be no new legislation to continue the aims of the AAA. The plans of the administration are expected for it has been found by all that the soil conservation act of 1935 will permit the undertaking of about everything in the bill that the house and senate agriculture committees were drawing up.

In a White House conference, the new program was agreed upon by President Roosevelt, Senator J. T. Robinson, majority leader; Secretary of Agriculture, Wallace; Attorney General Cummings; Chairman Ellison D. Smith of the senate agriculture committee; Chairman Marvin Jones of the house agriculture committee; Speaker Joseph W. Byrns; Senator John H. Bankhead (Tenn., Ala.); AAA Administrator Davis; and M. O. White of the AAA.

The administration will work out a system of granting farm subsidies to farmers restricting acreage under authority of the soil conservation act of 1935. In connection with the program the administration will make provision for obligations incurred under the AAA.

In a radio address, Herbert Hoover offered the country his own plan for bringing recovery to the farmer. Asserting that a new road must be built by which agriculture can "get back onto the solid ground from the quicksand of the New Deal," Mr. Hoover outlined three general or group proposals for farm recovery.

They were:

1. The restoration of the home market to American farmers.
2. The retirement of "idle" and sub-marginal acres, along with a slowing up of reclamation of projects.
3. Encouragement of co-operative marketing and the further improvement of farm credit machinery.

**SEVENTEEN** persons met a tragic fate in the worst airplane accident that the United States has had. A big transport plane of the American Airlines, en route from New York to Los Angeles, crashed in a swamp near the village of Goodwin, Ark., and its 14 passengers, two pilots and

stewards were killed. With great difficulty the bodies of the victims were brought out of the marsh where their bodies were found scattered among fragments of the shattered plane. Officials of the government and of the airline company immediately started an investigation, but the cause of the disaster could not easily be determined.

All the air lines of the country have united in the formation of the Air Transport Association of America, whose president and "czar" is Col. Edgar S. Gorrell, chief of staff of the army air service during the World War. Earlier W. Barker was pilot and former secretary of the transport branch of the Aeronautical Chamber of Commerce, was elected secretary and treasurer.

Co-ordination of schedules, credits, advertising, engineering data, and purchasing power among the various operators prompted the organization of the new association which is intended to be an "airline trade association." Its functions will be similar to those of the North Atlantic steamship conference and Colonel Gorrell will have powers approximating those of William of the movies and Judge Landis of baseball.

**SENATOR PAT HARRISON'S** compromise measure, providing for payment in baby bonds redeemable on demand was given the right of way in the senate and its passage seemed certain after a brief and lively debate. The veterans' organizations whose bill had been passed by the house accepted the compromise, so it evidently was on its way to the White House for action by the President.

What Mr. Roosevelt would do was not known. Reports that he would veto the bill being offset by rumors that he would approve it despite the disapproval of treasury officials.

On the eve of action by the senate every member of that body received from the Economy League a letter written by its president, Henry H. Curran, warning that the bonus legislation would destroy any chance for confidence in the finances of our government—that is necessary if we are ever to regain national prosperity.

The letter said that the national budget is unbalanced, national credit slipping, taxes increasing, purchasing power of the dollar declining and inflation drawing near.

"But that is not all," Curran declared. "The veterans' organizations, as soon as the prepayment of the bonus is authorized by you—if it is—are going after you for service pensions, that is to say, for money pensions to veterans just because they are veterans, even though they were never touched by the war."

"And this means more billions handed out to a special class at the expense of all the rest of our people who are trying, in the face of heavy taxes and financial uncertainty, to struggle up out of five years of hard times."

**HAPPY** days are nearing for the Indians for the Social Security board is beginning to operate. It has announced the appointment of five persons who will administer the social security act.

Murray W. Latimer of Mississippi was appointed director of the bureau of federal old age benefits. R. Gordon Wagner of Berkeley, Calif., was appointed director of the bureau of unemployment compensation. Miss Jane M. Hoey of New York was made director of the public assistance bureau of the social security board. Louis Roswell of New York was named director of the informational service bureau.

The board also announced the appointment of Robert E. Huse of Cambridge, Mass., as assistant.

**HAVING** spent about \$22,000,000 in connection with the steamship Levantian, the government will now spend approximately \$10,000,000 more on the building of a new vessel to take the place of the great ship that was taken from Germany in wartime. Secretary of Commerce Roger announced the acceptance of a contract submitted by the United States Lines for construction of a sister ship to the Washington and Manhattan.

The contract was executed by the shipping line with the Newport News Shipbuilding and Dry Dock corporation for \$11,000,000 for the new ship. Under the new agreement the government may lend up to 75 per cent of \$9,000,000 of the cost of the vessel.

**MRS. THOMAS D. SCHALL** has filed nomination papers as candidate for the senate seat made vacant by the death of her husband, the late senator from Minnesota. Mrs. Schall says if elected she will carry on "the same vigorous fight" against the New Deal as was waged by her husband.

### Rains in Ethiopia Stop

**THE** Italian Operations ETHIOPIA'S "little" rainy season has come, and the advances of the invading Italians are therefore stopped effectually for several weeks at least. The downpours are heavy and continuous, roads are being destroyed, especially in the northern part of the country, and landslides in the mountains are frequent. Foreign observers were of the opinion that all fighting must cease, even in the south where the rains are not so heavy. The "big" rainy season is due to begin in May.

Dispatches received in Rome said 50,000 native troops under General Grannani and 50,000 Ethiopians commanded by Ras Desta Demeu, son-in-law of Emperor Haile Selassie, engaged in a desperate battle along the entire southern front, and that the Ethiopians, who had been converging on the Italian army at Dolo, were in "full retreat."

The Ethiopian government announced that a Red Cross unit headed by Maj. Gerald Burgoyne of England had been bombed and destroyed by Italian planes at Walidra, 90 miles north of Dessale, the communist said seven women and seven old men were killed and half the town burned, and added that the unit was plainly marked with the Red Cross insignia.

Mussolini continued the dispatch of fresh troops to Ethiopia, despite unfavorable conditions. He postponed the meeting of the Fascist grand council from January 18 to February 1, by which time the League of Nations council, it is presumed, will have decided whether to impose an all embargo on Italy. The league council would very much like to have the United States congress pass its neutrality legislation before the all embargo question is settled.

Dr. Marcel Junod, International Red Cross delegate, announced at Addis Ababa that he would recommend withdrawal of all Red Cross units from Ethiopia, unless Italy definitely promised not to bomb them.

**FAILING** in their demand for the right of full equality of naval strength for Japan with Great Britain and the United States, the Japanese delegates withdrew from the conference in London and prepared to go home. The American, British, French and Italian delegates, however, refused to let the parity collapse and constituted themselves a four-power conference. Their hope is that they may arrive at some agreement on the size of warships and on limitation of gun calibers; but any real building limitation agreement is admittedly impossible without Japan. It is the intention to invite Germany and Russia to take part in the deliberations, and later the Balkan nations may be invited to participate.

The Japanese, in withdrawing, emphasized their desire to avoid a building race. Their demand is for equality with other powers, on the ground that if the big navies were equal, none could attack another in the defender's home waters. The American argument is that equality does not mean naval security, because the United States is so situated geographically, and has such possessions to defend, that it needs a navy superior to Japan's to feel secure.

**SOVIET** Russia expects to be attacked on both flanks, and is making ready for the conflict, feeling that it can count for defense only on its own forces. The government's newspaper, Journal de Moscou, asserts that Germany and Japan have completed a military coalition or are about to do so, and that it appears Italy wishes to join that alliance.

The Soviet Union already has declared its answer to alleged war threats with the announcement that its army—the greatest in the world—has been increased during the last year to 1,900,000 men. The bolsheviks estimate they also have a trained reserve as large as that under the czars, when 10,000,000 were called to arms.

It is expected war comes in the east it will start because of the attacks by Manchukuo on the Mongolian frontier, where there have been repeated clashes. In the west it may begin with an attempt of Germany and Poland to conquer the Ukraine.

Maj. Gen. Hayao Tada, commander of the Japanese in North China, predicts that a Russo-Japanese war will begin with a Russian offensive when the soviet's second five year plan is completed, possibly this year.

**HARRY L. HOPKINS**, WPA administrator, has sent to state administrators a set of regulations intended to protect WPA workers from "chisel" employers and to keep up wage standards. In his letter to the state officials Mr. Hopkins said:

"I want to make perfectly clear the policy of the works progress administration relative to private employment or employment on contract jobs under the direction of other federal departments which may be offered the WPA workers."

"It is expected that WPA workers will accept available jobs in private employment, whether of a permanent or temporary nature, provided:

- (1) That the temporary or permanent work shall be a full-time job.
- (2) That such work shall be at a standard or going rate of wages.
- (3) That such work shall not be in conflict with established union relationship.
- (4) That workers shall be offered an opportunity to return to the WPA upon completion of temporary jobs."

### Question And Answer Dept.

**Ques.**—To settle an argument, please state in your good paper, whether the next presidential inauguration day comes in January, 1937, or in March, 1937.

**Ans.**—The next President of the United States will be inaugurated in January, 1937.

**Ques.**—What relation were Noah Webster and Daniel Webster to each other?

**Ans.**—The relationship between these two great public men is rather remote. However, both are from the same ancestral stock. They lived in the same period of time—Noah dying in 1843, while Daniel passed away in 1852. Their relationship was not close enough to be given any consideration.

**Ques.**—Can you answer about who Xerxes was?

**Ans.**—Very little is known for certain about Xerxes. It is reasonably sure he reigned as King of Persia from 485 to 465 B. C. In the same year his father died he began making elaborate preparations to conquer Greece, and to this end he took 2,000,000 men, with three years' rations for same, and crossed the Hellespont into Europe. A small army of Spartans under Leonidas made a remarkable and persistent defense through the treachery of some of his own men. Because of disastrous storms to his huge fleet Xerxes was obliged to retreat, in which he suffered heavy losses. The victorious Grecians pressed him hard and he took flight back to Persia. Xerxes then went into obscurity and was finally murdered by the command of his bodyguard, who wanted to succeed to the Persian throne. However, Artaxerxes succeeded to the throne in 465 B. C.

**Ques.**—What is the difference between a seal and a walrus?

**Ans.**—Their habits are quite the same. But they differ in appearance, size and value. The seal produces the finest fur in the world, and the average seal is much smaller than the walrus, whose hide is used for making durable leather, its tusks for making white ivory, the blubber for excellent oil, and the Eskimos value the flesh for eating.

**Ques.**—To settle an argument will you please answer in your good paper what king or queen of England ruled the longest?

**Ans.**—Queen Victoria was the longest reigning sovereign of England. She was on the throne 64 years.

**Ques.**—How many letters are there in the Chinese alphabet?

**Ans.**—No alphabet is employed in the writing used by the Chinese. Their system is strictly ideographic, the characters are syllabic and the words are monosyllabic. About 40,000 characters make up the Chinese system.

**Ques.**—Why are X-rays so named? And who invented them? When?

**Ans.**—"X-rays" were so named because "X" is an algebraic symbol that means "unknown." Therefore, X-rays means unknown rays and their origin are in doubt, and, like electricity, they may be studied only by their manifestations.

**Ques.**—I wish to ask you who the people are that take the other characters in the radio skit called "Lum and Abner"? Also, what is the nationality of Jack Benny?

**Ans.**—Lum and Abner work alone, and any other characters introduced into their various skits are assumed by these two radio artists. Jack Benny is an American-born citizen, whose parents were Russian Jews.

**Ques.**—I have a history that states that George Washington was born on Saturday, February 22, 1732. Is that correct? Also what was the day and date he died?

**Ans.**—The above is correct for the date, but he was born on Friday instead of Saturday. Your history is in error about the day of the week, probably because of the fact that the year 1732 was a leap year. In leap years the day of the week slips back one day. George Washington died on December 14, 1799, which date occurred on Saturday.

**Ques.**—Where is Vassar college located? And why isn't it represented in football along with the other colleges of America?

**Ans.**—Vassar college is located at Poughkeepsie, N. Y. The institution is for women only, and for this reason it is obvious why the college has no football team.

**Ques.**—How old is Walter Wellman? And where was he born?

**Ans.**—Walter Wellman is 77 years old. He was born at Mentor, Ohio on November 3, 1858.

**Ceily Candle Light.**  
A physiologist points out that 2,000 wax candles were used to light a ball for a Washington's birthday ball in 1917, at a cost of \$150; whereas today the same amount of light could be had for 50 cents and with less damage to vision.

**Tourist Started It.**  
The Swiss watch industry owes its origin to an English tourist who in 1650 hired a clever locksmith in Nuremberg to repair his watch. The watchman's success inspired him to make the first Swiss watch.

### COUNCIL PROCEEDINGS

Council Rooms, Jan. 6, 1936.

Council met in regular session. Meeting called to order by President Harris.

Roll call. Present: Trustees Schenk, McManus, Turnbull, Murphy, Weber, Adam.

Minutes of December 16th read and approved.

The following bills were read by the Clerk:

**Protective**  
Wm. Atkinson, 1/2 mo. salary \$ 50.00  
Mich. Bell, Tel. Co., Brooks and fire engine house phones 5.18  
J. W. Van Riper, coal for jail 8.74  
Palmer Motor Sales, supplies and storage to Feb. 1st 25.41  
Howard Brooks, Adzoll, A. P. Freeman, Kusterer fires; one year salary 162.00  
Engineering and Public Works Otto Schanz, 3 wks. salary \$ 63.75  
Mrs. G. Bollinger, gravel for 1934 4.25

**Public Utilities**  
E. L. & W. W. Dept., Order No. 1 \$1000.00

**Debt Service**  
Village Treasurer, Sinking Fund for January \$ 600.00  
Chelsea State Bank, bonds and coupons 2142.50  
Legislative, Executive and Advisory Chelsea Standard, printing, December 8.00

Motion made by McManus and supported by Adam that bills be allowed and orders drawn for the amounts.

Roll call: Yeas all.  
Motion carried.

Motion made by Adam and supported by Murphy that we place a blanket order for 25 tons calcium chloride with Dow Chemical Co.

Roll call: Yeas all.  
Motion carried.

Motion made by Turnbull and supported by Murphy that the salaries of E. L. & W. W. Dept. employees be increased 15 per cent, being restoration to former salaries, effective January 1, 1936.

Roll call: Yeas all.  
Motion carried.

President Harris appoints Otto Schanz as Deputy Marshal.

Motion made by Turnbull and supported by Adam that the appointment of the President be confirmed.

Roll call: Yeas all.  
Motion carried.

Motion made and carried to adjourn.

James Munro, Clerk.  
Roy Harris, President.

### SLATS' DIARY

**Sunday.**—The preacher at our church preached along sermons on care in driven fords and etc. Pa wanted to condense it for the noosepaper by saying the preacher said it takes a 1000 tight nuts to hold a car to gather but only 1 tight nut at the wheel to take it a part. But the editor wouldn't let him. Its about what the preacher said tho.

**Monday.**—Walken home from church with Jane last evening I got romance & called her swt. hrt. Howie no my hrt. is swt. she sed. Aint that dame dum?

**Tuesday.**—Lige Grubbs give his little sun a billie gote for Xmas. I didnt find it out no sooner or I wood of went over their sooner. But I dont think I like goteses. Ennyhow not this 1. He sorta packs a disagreeable cent.

**Wednesday.**—Us kidse has got 1 on Blister. His parente tuk him down in Dixey whair it was warn for Santy Cios & Blister seen what he tot was a serkes & rolled under the tent & their seen that it was a relidges relivel.

**Thursday.**—Pa gets things offy hawled up in what he writes for the noosepaper on witch he riles for. Of lately he has ritten that there was a

fine worm dianer and in a nother itus sed they was strickley fresh aigs for sail at a antesk store.

**Friday.**—As it was a rainen this p.m. afternoon Slim Jeters sed to Unkel Hen that his better 1/2 was out in down town & he was wurried. Never mind sed my unkel ahele step into a store & Slim sed that is wot is wurryin me.

**Saturday.**—Had a quarl with Jane. She cum over to are house and I had the raddio raddling. Jane rimarked and sed she a gentelmun is a man that shuts off the sport brodcast when a ladie cums in. I replide is that so & then sed a ladie is a dame it took 2 yrs. to learn to talk & never learns not 2 talk 2 mutch & then the argment started.

**Pinto and Quaris**  
We've all talked about making our "P's and Q's" without giving thought to where the expression came from. In the Harvest Field of Literature, C. C. Bombaugh says that in the olden times alehouses the accounts of customers were chalked on the walls with "P" for pints and "Q" for quarts, and men were admonished to "Mind their P's and Q's." From this the expression has been handed down.

## ORDINANCE NO. 61

AN ORDINANCE, granting permission to the Consumers Power Company, its successors and assigns, to set poles and maintain wires for the transmission of power along certain streets in the Village of Chelsea.

The Village of Chelsea Ordains: Section 1. That consent and permission are hereby granted to Consumers Power Company, its successors and assigns, to set poles and thereon to string wires for the transmission of electricity, from the intersection of East Street and Van Buren Street, thence north along East Street to North Street.

Section 2. In constructing and repairing said line along said street, all poles or apparatus that may interfere with the rights of others or the public use of said streets by the Village, shall be set in such places as the Common Council shall designate. Said Consumers Power Company shall have the right to reasonably trim trees under the supervision of the street commissioner. The Common Council reserves the right to order said Company to change the location of any pole or poles along said street whenever it shall deem it proper to do so, and the said Company, upon receipt of such order shall, within a reasonable time, make such change as is required.

Section 3. In constructing said line, said Company shall not unreasonably obstruct said streets and shall hold and save the Village harmless from damages resulting from the use of said streets for the transmission of power.

Section 4. This ordinance shall take effect and be in full force from and after its publication.

Approved, January 20th, 1936.

ROY HARRIS, Village President.  
JAMES MUNRO, Village Clerk.

The Man Looking for Trouble

"De man dat's lookin' for trouble" said Uncle Eben, "is de only one I knows who loses by bettin' on a sure thing."

## NOTICE OF MEETING OF COMMISSIONERS ON CLAIMS

No. 28498

State of Michigan, The Probate Court for the County of Washtenaw.

In the Matter of the Estate of Sylvester Atchinson, deceased.

Having been appointed commissioners to receive, examine and adjust all claims and demands of all persons against said deceased, we do hereby give notice that four months from the 16th day of January, A. D. 1936, were allowed by said Court for creditors to present their claims to us for examination and adjustment, and that we will meet at the residence of Harry S. Atchinson, in the Township of Salem in said County, on the 21st day of March, A. D. 1936, and on the 21st day of May, A. D. 1936, at ten o'clock in the forenoon of each of said days, for the purposes of examining and adjusting said claims.

Dated, Ann Arbor, January 16th, A. D. 1936.

IRWIN JOHNSON, LESLIE CURTIS, Commissioners.

# Be hard to please EXPECT MORE

The New  
**AIR-COOLED  
ELECTROLUX**  
gives you more

At New Low Prices  
Utter Silence  
Lowest Operating Cost

**BEHOLD** to please when you buy an automatic refrigerator, **EXPECT MORE.** Demand more. You'll get it in the New Air-Cooled Electrolux!

The New Air-Cooled Electrolux uses no water. It has no moving parts. A tiny gas flame circulates the refrigerant, which ordinary air cools. The flame is completely protected by an automatic shut-off. It is this unmatched simplicity of the New Air-Cooled Electrolux that accounts for its even lower operating costs—its permanent and absolute silence.

But, expect more with the New Air-Cooled Electrolux! Expect such exclusive features as two-temperature chilling unit which insures constant, uniform cold, adjustable split shelves, automatic trigger release on ice trays. When you come to our showrooms, expect to find in the New Air-Cooled Electrolux the finest refrigerator money can buy. Yet prices are lower than ever. Terms are liberal.
