Centennial Exhibit Now In Progress at C. H. S.

Chelsea High School's long awaited Centennial Exhibit is now in progress. The exhibit opened Wednesday and will remain open through Friday, March 13. On Friday evening a special night session of the school will be held from 7:00 until 9:30 o'clock. At 8:30 a program, prepared by the Speech and Music classes, will climax the observance of the One Hundredth Anniversary of Michigan's admission into the Union. The principal speaker of the evening will be H. L. Turner of Ypsilanti Normal College. It is possible that Henry A. Perry, State Program Director, may be present also.

The exhibit represents months of work on the part of both pupils and teachers. It has been, in a way, an experiment in cooperation. Initiated under the guidance of Leon Waskiewicz, to be completely successful it now needs the cooperative support of the people of the community.

Parents will be interested to know that a mimeographed booklet is to be put on sale, which will contain articles on subjects connected with the history of Michigan, written chiefly by the pupils of the ninth grade. The booklets will sell at five cents per copy.

Attention is called to the Agricultural Exhibits prepared by Owen Lyons' class. This exhibit, illustrating the progress in methods of farming and raising cattle in Michigan, may be viewed by the public in Room 22 of the high school. Those attending are urged to take notice of the clay models of farm animals especially prepared for this occasion by Mr. Lyons.

Kiwanis Official Visits Local Club

Howard Spedding of Ann Arbor, Lieutenant Governor of the Sixth Division of Michigan District, Kiwanis International, made his official visit of the year to the Chelsea Kiwanis club on Monday evening. Mr. Spedding gave a pep talk for Kiwanians, outlining a number of the objectives for the organization during the coming year.

On Monday evening, March 10, the local club will entertain leaders and representatives of 4-H clubs in this area. The meeting will be held at Kolb's hall, and it is expected that about sixty will be present. Following the dinner a discussion, led by R. J. Lauer, district club agent, and H. S. Oster, county agricultural agent, will be held in an effort to formulate plans for the organization of a community 4-H club in this district. The Kiwanis club will sponsor the club and it is hoped to have many new projects under way this spring, with the ultimate result that the 4-H club work in this territory may become more active.

Several members of the Kiwanis club will attend a divisional meeting in Plymouth next Tuesday evening, at which the eleven clubs of the Sixth Division will be represented. The principal speaker will be District Governor Vernon E. Chase of Dearborn, and brief talks will be given by the president of each club.

ENTERTAINMENT FOR SCOUTS
Olive Chapter, O. E. S. will give an entertainment, "The Old Photograph Album," at Masonic hall on Thursday evening, March 10. Curtain at 8:00 o'clock. Following program, light refreshments will be served in dining room. Proceeds of this entertainment to go to the three Orders of Scouts. Price 25c. Come everybody, and get acquainted with Elmore. The Willing Widow, Great Grand Dad, Zema Washington, The Twins, and other celebrities.

Fish Rearing Pond To Be Established In Waterloo Park

Approval of a project to establish a fish rearing pond on the Waterloo Federal Park Project was received by local project authorities during the past week. The rearing pond will be located in Jackson county, just south of Big Portage Lake, where a dike will be built in a stream to impound a lake with an area of 17 acres. The stream at this point is spring fed and has been chosen as an ideal place to carry on such a project.

The rearing pond will be under the direct supervision of the Fish Division, Michigan Department of Conservation. They will place fingerlings of bass and bluegills in the lake about June 1st and take them out for planting in lakes on the Waterloo project and other lakes in surrounding territory about September 1st. At the time of taking the fingerlings for planting the lake will be drained, the fish being caught in a seine box placed below the dike. The lake will remain dry during the fall, winter and spring months in order that vegetation may get a start so that better fish rearing will be assured.

At the Mill Lake camp on the project the pouring of concrete footings for the dining hall has been started. Rather than having the building on a solid foundation it will be constructed on piers. Tree planting on the Mill Lake campsite is progressing rapidly, about 100 trees three to five inches in diameter being moved from forests on project property to the site.

With improvement in weather conditions work will be progressing more rapidly in the development of the entire project property, according to administration officials, and a real showing will be made within the next few months. A total of 340 men are now on the payroll and this number will no doubt be increased during the spring and summer months.

Practically all optioning of land has been closed, a total of more than 12,000 acres now being under option. Options are being accepted and payments are coming through at a satisfactory rate.

Lenten Services Are Held Each Wednesday

The Union Lenten services are being held each Wednesday evening in the Congregational and Methodist churches. Rev. H. Addis Leeson was the preacher this week and next week's sermon will be delivered by the pastor of St. Paul's, Rev. P. H. Grabowski, in the M. E. church.

Copies of "The Fellowship of Prayer," a devotional booklet widely used during the Lenten season, are available at these services.

The preacher for March 25 will be Rev. Henry Lens, pastor of the Salem Grove Methodist church, and for April 1, Rev. Charles F. Wolf, of the Congregational church on Good Friday afternoon. The sermon, "Called to the Cross," will be given by Rev. F. D. Mumby.

No offerings are taken at these Lenten services. This is an unselfish service offered in united effort in the spirit of Jesus Christ for the good of the people of this community. Attend the Union Lenten services!

THANK YOU!

It is with a sincere feeling of appreciation that I extend my thanks to the people of Chelsea and to the members of the official family of the village for their cooperation during the past year. I feel that much has been accomplished which could not otherwise have been done without the help of everyone. With the continuance of this help and cooperation it is hoped that accomplishments during the coming year will even surpass those of the past year. It is the desire of the administration to work with and for the people of the village at all times.

ROY HARRIS,
Village President.

LOTS OF PORK!

Spencer Boyce of Lyndon township claims quite a record in the matter of raising hogs. On March 3rd Mr. Boyce shipped nine hogs to the Detroit market, the total weight being 2560 pounds or an average of 284 pounds. They were born on September 20th, of the O. I. C. breed. The hogs brought top price of that day, \$10.40 per hundred.

INSPECTOR HERE

Harry Burbridge of Ann Arbor, electrical inspector for Washtenaw county, was in Chelsea on Monday. Mr. Burbridge stated that, in compliance with a law which went into effect last October, all electrical contractors and journeymen must pass an examination and be licensed, and that all new wiring must be inspected and approved before being used.

BREAKS WRIST

Miss Florence Van Riper had the misfortune to break her right wrist when she fell on the ice Monday evening.

Small Vote Polled at Village Election

Chelsea's annual election, held on Monday, was the quietest recorded here for many years. There being only one ticket in the field little interest was displayed, with the result that only 87 votes were cast, one of these being a hoodoo.

Members of the village official family, elected on the independent ticket, are now as follows:

President—Roy Harris, who has served one year in this office.
Clerk—James Munro, who has served one year.

Treasurer—Ed. Miller.
Trustees for two years — Conrad Lehman, Wilbur Hinderer and F. W. Merkell.

Assessor—Ed. Kousch.
Trustees elected last year, whose terms do not expire until March, 1937, are: J. E. Weber, H. B. Murphy and Ernest Adam.

A special and final meeting of the outgoing council will be held tonight, when the new officers will be declared elected, and the first meeting of the new council will be held next Monday evening.

Study Club Entertains at "Fathers' Night"

The Child Study club met Tuesday evening with Mr. and Mrs. P. G. Schable for a "Fathers' Night" program and a most delicious dinner was served at 7 o'clock, places being laid for 45. Three long tables were placed in the recreation room in the basement and were attractively decorated in green and yellow. Large bowls of calendulas centered the tables, with lighted green tapers on either side.

Following the dinner, the members and their husbands adjourned to the first floor and enjoyed a delightful musical program arranged and presented under the capable direction of Miss Lucille Boongaard, music teacher in the public school. The girls' quartet, composed of La Rue Wolf, Angeline Burg, Jean Blocker and Jane Belser, opened the program with two Irish songs, "Killarney" and "Believe Me, If All Those Endearing Young Charms." La Rue Wolf then played a piano solo, "My Star," by Carl Vohn. Miss Boongaard continued the St. Patrick day scene by singing "My Wild Irish Rose," and Maurice Lyons concluded the program, presenting two of Chauncy O'Connell's best loved compositions, "When Irish Eyes are Smiling" and "Mother Machree." Miss Boongaard may well be proud of the talent of this group of young people and should be complimented for their splendid training.

Dr. W. D. Henderson, head of the extension division of the University of Michigan, was then introduced by Mrs. H. L. Blocker, and kept his audience interested and entertained with his lecture "The Arch of Character." Dr. Henderson spoke of the seven steps in the Arch of Character—Honesty, Truthfulness, Self-Reliance, Self-Respect, Courage, Courtesy and Charity, with Honesty and Truthfulness as cornerstones. It was a splendid lecture and greatly enjoyed by all.

The next meeting of the Child Study club will be held Tuesday evening, March 24, at the home of Mr. and Mrs. Paul F. Niehaus, and each member is asked to bring a gift book for the public library as roll call.

HEALTH TALK WEDNESDAY

The second in a series of health talks conducted by Dr. Ruth Stocking of the Michigan Department of Health will be given Wednesday, March 18 at 8:30 p. m. in the kindergarten room of the public school. The subject will be "Our Body and How It Functions." In this talk the anatomy and physiology of the different systems of the body will be discussed. It is hoped every woman in the community will avail herself of this opportunity of hearing Dr. Stocking in her interesting series of health lectures.

MILLERS TO CONVENE

The State Group of the National Organization of Association of Operative Millers will convene in Chelsea on Saturday, March 14, at Kolb's hall. A business meeting will be held at 2:00 o'clock, followed by a program of interest to the millers. The ladies will be entertained at a matinee at the Princess Theatre in the afternoon, and the entire group will be guests of the Chelsea Milling Company at a dinner to be served in the hall at 6 o'clock. Geo. Goodell of Chelsea is secretary of the State group.

PINCKNEY—With the arrest of three men, state police believe that they have broken up the first gang of cattle rustlers ever to operate in Michigan. The three are Burr Vincent, 20, Edward Watkins, 41, of 3154 Third St., Lansing, and Harold Vincent of Holt. They have confessed stealing 25 head of cattle. Their method was to park their truck 10 rods from a barn and go in and pick out the choice cattle. Their examination will be at Red Axe in Huron county.—Dispatch.

24 YEARS AGO

Thursday, March 14, 1912
Henry Moeckel of Waterloo died on Friday, March 8, 1912.

The Waterloo mills are idle most of the time now for lack of water and no coal or wood to fire the engine.

Mr. and Mrs. J. J. Wood of Lima and Mr. and Mrs. Geo. T. English, who have been spending the winter in Florida, are on their return trip to their homes.

Township Treasurer Chauncey Hummel says that all of the taxes levied in Sylvan have been paid and he has made his final settlement with the county treasurer.

George Goodband of Sylvan, who has been spending the last two months visiting at his former home in England, has returned to his home.

Miss Bertha Lemm of Sharon and Harold Goodband were married in Grass Lake on Friday, March 8, 1912.

The O. E. S. are presenting the play "Golden Gulch" at the Sylvan Theatre tomorrow evening. 21 local people make up the cast.

34 YEARS AGO

Thursday, March 13, 1902
Fred and Henry Bareis, who have been in California for some time, have returned to their home in Lima township.

Mrs. Lucy Robinson of Francisco died on Friday, March 7, 1902.

Miss Louise Heber is now employed as compositor at The Standard office.

George and Francis Beeman of Waterloo moved E. S. Beeman's household goods to Mason on Friday.

When the 9 o'clock car on the Hawk & Angus line reached this station Tuesday evening the motorman Herbert Harrison and Conductor Pullen climbed on top of the car in order to adjust the trolley pole, which had come loose. In some manner Harrison came in contact with a live wire, and was instantly killed, while Pullen was terribly shocked and burned.

Question And Answer Dept.

Ques.—When a groundhog sees his shadow on groundhog day, what does it mean?

Ans.—It doesn't mean anything. There is an old tradition that if a groundhog sees his shadow on February 2 we will have six weeks more of cold weather, and he hibernates again for that period. But this is a myth that is perpetuated by the superstitious. A groundhog does not necessarily come out of his hole on February 2. Instinct alone tells him when to come out. And that time is usually foreboding the advent of spring.

Ques.—Where in Ireland is the River Shannon located?

Ans.—The River Shannon is the largest stream in Ireland, both in length and breadth. It rises in the County Leitrim, which is in the Irish Free State, and flows southwesterly and empties into the Atlantic ocean between the Counties Clare and Limerick.

Ques.—Which is the smallest state or commonwealth in the United States and which are the next two in their order? Your answer will settle a big dispute among some interested readers of your paper.

Ans.—The smallest state in the United States in point of population is Nevada, with 91,068. The next smallest is Wyoming, with 225,665. The third smallest is Delaware, with 238,380. The above figures are according to the 1930 census. Hence the states are Nevada, Wyoming and Delaware.

Ques.—Do girls dream the same things men dream?

Ans.—Yes, they do if the dream is consistent with their sex. One of our nit-wits has amplified this answer by saying that the girl usually dreams she is being married in a church which is crowded with former suitors who are crying so loud that the strains of the wedding march cannot be heard.

Ques.—I noticed an article in the daily papers which stated that the sales of sheet music doubled during the months of December and January. How can one account for that?

Ans.—We don't know, unless some dealer happened to sell a couple more copies of "The Music Goes 'Round and Around."

Ques.—Are all the inhabitants of the Irish Free State compelled to be members of the Roman Catholic church?

Ans.—No. In 1922 the Irish Free State adopted a constitution which embodied the freedom of speech and worship. However, the latest census shows that 92 per cent of the population are of the Roman Catholic faith.

Ques.—What kind of a snake is a "rattler's companion"—that is, will you please describe what it looks like?

Ans.—There is no such snake known as a "Rattler's Companion." In mythology it was a cross between a rattlesnake and a bullsnake. However, such a cross is physically impossible because of their structural difference. Rattlesnakes give birth to living young, while the bullsnake lays eggs.

Ques.—What is the normal production of wheat, corn and cotton grown in the United States?

Ans.—The normal crops for these three commodities are approximately as follows: Wheat, 1,000,000,000 bushels; corn, 2,500,000,000 bushels; cotton, 14,000,000 bales.

Ques.—Is it true that one of the Presidents of the United States served as a hangman?

Ans.—No. There are no presidents who hanged a person while he was president of the United States. However, Grover Cleveland hanged two men in 1872 while he was serving as a sheriff of Erie county, New York. When Jack Gaffney and Patrick Morrisey were sentenced to be hanged Sheriff Cleveland, who later became President, did the job himself rather than detail a subordinate to perform the unpleasant task.

Ques.—How many wars had the United States had? And how many of these did Uncle Sam lose and win?

Ans.—Since its existence the United States has fought seven major wars, besides several minor wars. Uncle Sam won all of them. The major wars were as follows: The Revolution of 1776; war with Tropic, 1801; second war with Great Britain, 1812; Mexican War, 1846; Civil War, 1861; Spanish-American War, 1898; World War, 1917.

SALINE—Indicative of the upward trend of business, the local railroad agent, Mr. Kent, reports that car shipments in and out of Saline in February were nearly double those of the same period a year ago.—Observer.

Health Items

Varicose Veins

The blood in the veins of the lower limbs normally flows upward toward the body and is prevented from flowing downward by valves situated at intervals along the course of the vessels. When these valves break down we have the condition known as varicose veins. In mild cases these varicose veins give little or no trouble but when they become more extensive many very aggravating symptoms may occur. Chief among these, in addition to the unsightly deformity, are eczema, ulcer, intensive itching, a feeling of weight and dull aching.

For many years the only treatment for this condition was surgical, which was considered dangerous as well as expensive and painful. A non-surgical treatment for varicose veins was discovered in 1851 but it was not placed on a sound scientific basis until 1911.

At the present time many Osteopathic Physicians are using this non-surgical form of treatment. The patient can be relieved entirely of the necessity of wearing elastic stockings and bandages for all time. No harmful drugs are used and the patient is not usually confined to bed during treatment. The majority of these patients carry on their usual occupation during the few weeks it takes to complete the treatment.

Many Osteopathic Physicians have also an excellent non-surgical treatment for Hemorrhoids, (piles) that does not confine the patient to bed. There is usually little pain and the results are practically always permanent.

Any reader desiring information regarding Osteopathy may obtain such information, without obligation, by writing to Osteopathic Items, P. O. Box 381, Chelsea, Michigan.

You HAVE MORE ROOM BECAUSE THE FORD V-8 ENGINE TAKES LESS ROOM

THE compact design of the Ford V-8 engine allows more of the car's length to be used for passenger room. This is just one way in which this engine from the luxury-car class adds to your comfort as a driver and to the comfort of your passengers in the new Ford.

For years the finest cars have been distinguished by a V-type engine. Ford brought this type of engine within the reach of the average motorist. The next great forward step was to make every feature of the Ford car measure up to the quality of the V-8 engine.

You can see the interesting results in the new Ford V-8 for 1936. Comfort, beauty, driving ease and safety—all are in keeping with its V-8 engine quality.

WRITES FROM SOUTH

C. F. Hewlett, who with his family and his mother, left here February 21 for San Antonio, Texas in order to get away from the severe weather and the inconvenience of being continually snowbound at their Cedar Lake home, wrote the following interesting account of their journey:

From North to South, or from 20 below to 80 above!

After five weeks and two days of isolation, only being out of Nature's prison four times—one day at a time, we decided to get shoved out "once more" and head towards the Sunny South.

On February 20th, a crew of faithful shovelers began the task at 6:00 p. m., finishing just before midnight. Immediately we began transferring ducks, chickens and plants to the home of my neighbor, Ray Franklin, closing the house and loading the car we started on our 1700 mile journey. We went down in the snow again and shoveled another hour before we finally got out to the road, leaving the ten-foot banks of beautiful snow behind us. Driving to Jackson we arrived at 4:15 a. m. February 21st. Snatching a little rest we soon started for South Bend, Ind., making only 125 miles the first day as the roads were very bad. Saw several wrecks, including two large freight trucks tipped over, one depositing his load of small package freight down a steep embankment on the front porch of a house.

February 22nd—Having had a good rest we started for Effingham, Ill., arriving about 7:00 p. m., about 350 miles. Still plenty of snow the first half of the day but roads improving. Feb. 23rd, left for Blytheville, Arkansas, stopping at Cairo, Ill. to cross the Ohio River by ferry and was confronted with hundreds of natives as well as tourists, many with cameras who lined the banks of the river waiting for the ice gorge which was expected any time. Ferry service was suspended on account of the great danger. We made about 300 miles that day, crossing the Mississippi toll bridge at Cairo, just above the entrance of the Ohio river. As we journeyed south all available men were working on the levees at danger points; some of which were built up 40 feet high, preparing for a flood as the beautiful snow which we left behind begins to melt. Only a miracle will prevent another disaster such as they experienced in 1927.

February 24th, we started for Brinkley, Arkansas, about 180 miles, where we stayed with relatives until the 27th. During our stay there we visited a large rice plantation which is one of the industries of the lowlands of Arkansas and Texas. These lands are kept flooded during the growing season by pumping stations situated at various points on the plantations. The rice is then cut and threshed about the same way as we harvest our wheat.

One day we started for a cypress swamp 14 miles east of Brinkley. A "slight" storm came up, taking down several trees, roofs off barns and turned one around, at the same time smashing most of the large globes off the street lights on Main St. I might add that Brinkley and Chelsea are about the same population. The storm only lasted five minutes. This however temporarily flooded the swamp and we were unable to walk the one mile to where the Transcontinental Luxury Liner, named The Southerner, claimed the lives of 17 persons last January 14th, when the 18,500-lb. liner crashed into the Arkansas-Cypress Swamp and hurled their mutilated bodies over an acre of swamp land covered with water. From relatives who were some of the first on the dreadful scene I have secured a few pieces of the ill-fated Plane N. C. 14274 known as the Proud Titanic of the Air. Within a short time the Arkansas Rangers had the entire area roped off and no one was permitted to secure any more souvenirs, under Federal penalty. The pieces I secured will be displayed on my return to Chelsea.

Next month on my return trip I expect to spend a day in that once desolate but now famous Cypress Forest Marsh where thousands have come to see the spot of America's greatest air liner disaster.

Leaving for Pittsburg, Texas on Feb. 27th in the warm sunshine and on beautiful roads a distance of 310 miles the trip was quite uneventful.

Feb. 28th we started on the last lap of our journey, just 398 miles, and in our haste to reach our final destination we did not look much for things of interest, yet we were compelled to take notice of about 3000 oil wells as we passed through the little town of Gladwater, Texas. It was a sight to see, in such a small area, such a vast number of towers in every direction one chanced to look and I could not resist the temptation of stopping long enough to fill up on 11c gas and 8c oil.

Since arriving we find by the papers here that we were just a few days ahead of some floods as the enclosed pictures will indicate.

From another clipping you will note that we are here for the big celebration, Texas Centennial 1886. I am mailing you one of the "Turtle Boosters" just as soon as a new supply arrives—so look for it.

Within a week or two we expect to run down to Mexico for a few days, which is only a distance of 150 miles.

C. F. Hewlett,
1747 W. Laurel St.
San Antonio, Texas.

Thanks for the turtle, Mr. Hewlett—it arrived O. K. and is quite a racer.

As modern as an airplane

A buggy is a vehicle that runs on four wheels, but there its similarity to the latest model automobile stops. So far as its outer shell is concerned, an Electric Range has much the same appearances as the old-fashioned cooking equipment, but again the similarity stops right there. It operates upon entirely different principles and contains features that cannot be duplicated by any other method, regardless of the efforts of its imitators.

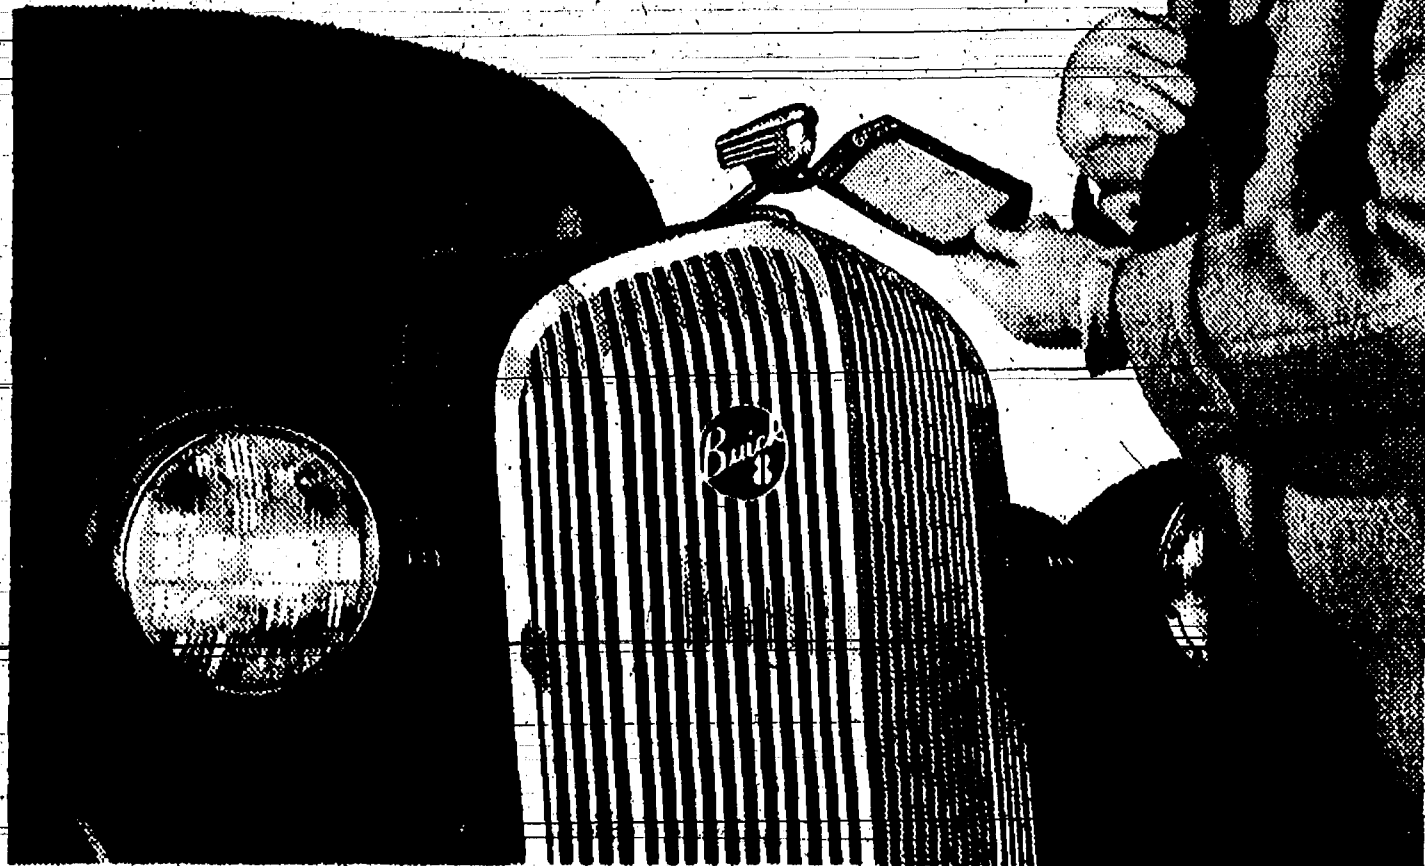

The Electric Range is a truly modern cooking machine that applies pure electric heat directly to the cooking operation. In this one respect, it is as different from all devices that use flaming fuel as is a present day airplane from the old balloon that floated over the fairgrounds.

The modern housewife desires the utmost in service, convenience, appearance, and economy. Measured by these requirements, today's Electric Range outclasses every form of cooking the world has ever known!

LOOK INTO FIRST COST

Look twice at UPKEEP!

FOLLOW through on the cost of owning a Buick and you'll see why some of our best customers are former owners of very low-priced cars.

In the first place, the time payments on a Buick Special are only a very few dollars a week more than on the lowest-priced cars. By the time you've finished "dressing up" a small car, most of that difference vanishes.

But on top of that, because of Buick's longer life, more rugged build, greater quality down to the last nut and bolt, and truly amazing low cost for gas and oil—the end-cost of owning and operating a Buick compares favorably, to say the least, with the cost of any car!

That's a challenging statement, we know. But we have some mighty

interesting arithmetic to back it up. If you're still under the impression that a car of Buick's size and ability is an expensive car to buy or own—let us show you the new facts. They'll open your eyes.

IT COSTS LESS NOW TO BUY "ON TIME"

The new GMAC 6% TIME PAYMENT PLAN reduces the cost of financing a new car purchase. Use these savings to get a better car—a car that's a joy to own, a thrill to drive—a safe, smart, new Buick that packs pleasure in every mile. We'll gladly show you the exact figures and how much you save.

FELLOWSHIP CLUB MEETS

The Fellowship club met at the Methodist church on Tuesday evening. About 75 people enjoyed an excellent dinner planned by the committee, after which President Broesamle conducted a short business session.

A short song service, directed by Rev. H. A. Leeson, was followed by readings, "Preachers in the Pew," given by Mrs. Gaunt, and "Keep Thyself Pure," given by N. W. Laird, who had arranged this part of the program. A corset solo, "Believe Me if All Those Enduring Young Charns," was the number presented by Duane Welsh, who was accompanied by his mother.

The speaker of the evening, Rev. Erdmann D. Beynon of Ann Arbor, an instructor in the Department of Sociology at the University of Michigan, and pastor of the West Side M. E. church, gave a very interesting account of the conversion of several thousand Negroes from Protestant Christianity to Voodoo, Moslem, Buddhist, and other religions, or cults, in the large cities of this country, Chicago, Detroit, and New York. The speaker read extracts from Wayne County court records taken at the trial of Negroes implicated in the "Human Sacrifice," which horrified Detroit in 1932. Muslim Prayer Books, and a Catechism used in Sunday schools in Detroit were inspected by the club, and questions were answered at the close of one of the most interesting meetings held this year.

The next meeting of the Fellowship club will be held April 14, and Dr. Coles of Detroit will be the speaker.

NOW FOR THE FIRST TIME

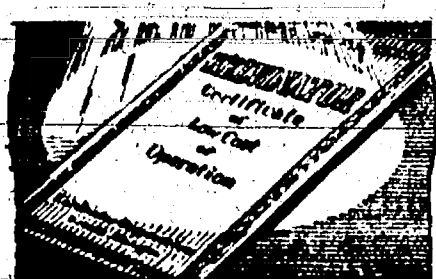

Visible Cold

The 1936 Kelvinator gives you **Visible Cold**—with a Built-In Thermometer... marked in degrees... so you can see that you have safe refrigeration for your foods, the one basic thing for which you purchase an electric refrigerator.

It gives you **Visible Economy**—with a Certificate of Low Operating Cost—so you can know, in advance, that the current consumption will be amazingly low. It gives you **Visible Protection**—with its Five-Year Protection Plan—a signed assurance of dependable service.

And it gives sparkling new beauty, a wealth of really worthwhile convenience features and a cabinet designed to provide easy accessibility.

See the new Kelvinator. You'll be glad to learn that it costs no more than ordinary refrigerators and that it may be purchased on extremely easy terms. Sizes to fit every family need—see it today.

Visible ECONOMY

Visible PROTECTION

Today, for the first time in the history of the industry, Kelvinator provides you with a Certificate of Low Cost of Operation. The 1936 Kelvinator uses one-half or one-third as much current as many refrigerators now in use. This saving alone may justify replacing your old refrigerator.

You may know today, beyond a shadow of doubt, that the refrigerator you buy will give you long years of service. Because the 1936 Kelvinator is backed by a 5-year Protection Plan, written and signed by the oldest company in the electric refrigeration industry.

Michigan Center Defeats Chelsea to Win Class C Championship No. 9-17 to 9

Brooklyn Trims Cement City, 32-18, to Win Class D Championship

Resume of Thursday's Games
In the first game, Brooklyn defeated Napoleon, 20-7. The Brooklyn five led the Napoleon squad the entire game, highly disappointing the Napoleon team, due to the fact that they had made the trip to the Chelsea gym three times in order to make themselves familiar with the floor. K. Miller led the scoring for Brooklyn with ten points. The scoring honors for Napoleon were divided evenly between G. Carly, Maney, Miller.

Score by quarters:
Brooklyn 8 0 2 10—20
Napoleon 0 3 4 0—7

The second game, between Chelsea and East Jackson, resulted in a victory for Chelsea, 23-19.

Chelsea led East Jackson throughout the whole game, Chelsea making 13 points in the first quarter. Both squads played the entire game with only one substitution. Koebe replaced Lyons in the latter part of the fourth quarter, and Hudson replaced Embringer. Foster led the scoring for Chelsea with ten points; while Hudson led East Jackson with six points. Nine of East Jackson's points were made by foul shots, while only one point was made for Chelsea by foul shooting. Pucka of the Jackson team made five points on foul shots. Free throws made: Chelsea 1, East Jackson 9. Missed: Chelsea 7, East Jackson 8.

Score by quarters:
Chelsea 13 4 6 0—23
East Jackson 2 7 4 6—19

The final game Thursday night ended in a victory for Cement City over Onsted, 22-16. Cement City began the scoring with nine points made in the first quarter to Onsted's one point. The scoring during the second quarter was even, making Cement City in the lead at the half, 14-6. Blakeley led the scoring for Cement City with ten points, while Russell led Onsted in scoring honors with seven points.

Score by quarters:
Cement City 9 5 4 4—22
Onsted 1 5 5 1—16

The games Thursday night eliminated the teams from Onsted, East Jackson, and Napoleon.

Resume of Friday's Games
Friday night the game between Chelsea and Vandercook Lake began at 8:00 o'clock, with the game between Michigan Center and Grass Lake following. The Class D finals are now being played between Cement City and Brooklyn, Saturday night.

The opening contest of the tournament games Friday night was between Chelsea and Vandercook Lake. The first half of the game was very slow, the score at the end of the first quarter being 1-0 in favor of Chelsea. The Reserves started the game for Chelsea and held the Vandercook squad scoreless. In the second quarter, the Chelsea Varsity came in the game. One point was made by Lyons to make the score 2-0. Then each team tallied a basket, making the score 4-2. The half ended with this score. A minute after play had been resumed, Hart began a scoring spree of two baskets and four foul shots. Then Lyons, Cook, Koebe each tallied a basket. In the meantime Vandercook Lake had only scored one point. The final score, 19-6. Chapel led the scoring for Vandercook with five points; Hart scored nine points to top the scoring for Chelsea.

Score by quarters:
Chelsea 1 3 7 8—19
Vandercook 0 2 2 2—6

The second game of the evening Friday night was Michigan Center vs. Grass Lake. The experienced boys from Center were more than a match for the Grass Lakers, scoring nine in the first quarter. The star center of Center was injured in the first several minutes of play, thereby slowing down the scoring streak of Center. The score at the half was 15-7, due to the scoring spree of Grass Lake. During the third quarter, the Lakers' defense weakened, enabling Center to score almost double their former score. The final score was 33-10.

Score by quarters:
Center 18 2 13 5—38
Grass Lake 2 5 1 2—10

Resume of Finals
In the Class C finals Saturday night Michigan Center defeated the Chelsea Varsity, 17-9, winning the Class C championship.

The zone defense of the Chelsea squad bottled up the Center, squad during the first three quarters, allowing only nine points. But Chelsea made but two points the first half, therefore Chelsea was forced to slacken their defense in order to score. The result was the scoring of four baskets by Center, making the final score 17-9.

Score by quarters:
Michigan Center 2 4 3 8—17
Chelsea 1 1 6 1—9

The scoring honors were divided for both squads, Hart and Lyons each making three points for Chelsea, and Warden, Alden, Browder each making four for Center.

The Class D finals Saturday night were played between Cement City and

Brooklyn. The teams were evenly matched and the result was that during the first half a hotly contested battle took place. The score at the end of this first quarter was 6-3 in favor of Brooklyn. During the next quarter Brooklyn tallied six points to Cement City's three, making the score 12-6 at the half in favor of Brooklyn. During the third quarter, the defense of the Cement City squad weakened for some unknown reason (perhaps it was due to the ear-splitting shrieks of the Cement City feminine rooters), and at the end of the third quarter the score was 27-10 in favor of Brooklyn.

In the last quarter of the game Cement City's rally of eight points did not break down the large lead of the Brooklyn squad. The final score, Brooklyn 32, Cement City 18.

Score by quarters:
Brooklyn 6 6 15 5—32
Cement City 3 3 4 8—18

Miller led the scoring for Brooklyn with 13 points. Blakeley topped the scoring for Cement City with eight points.

Declamatory Contest

The local declamatory and oratorical contests were held in the study hall last Friday afternoon. The winners will go to the sub-district contest at Britton some time soon.

Gerald Cook was the only contestant in the oratorical contest. His oration was entitled "Our Air Service."

Cecelia Birch won first place with her declamation entitled "Acres of Diamonds," by Russell H. Cromwell, which was very well given. Janet Haselswerdt won second place, and was a close follower of Cecelia. Her declamation was entitled "League of Nations," by Prime Minister Stanley Baldwin, which was also very well given. Raymond Ives, the only boy contestant, won third place. It was entitled "King Philip to the White Settlers," by Edward Everett. The rest of the contestants also had good declamations, which were well given. They gave as follows:

Lila Uhrig, "The Unknown Soldier," by Bruce Barton.

Betty Marie Seitz, "Toussant L'Overture," by Wendell Phillips.

Betty Jean Kaimbach, "Liberty of Man, Woman and Child," by Robert Ingersoll.

Henrietta Beach, "West Point," by Franklin Roosevelt.

Margaret Boehm, "At the Grave of the Unknown Soldier," by W. G. Harding.

We realize that the judges, Mrs. Kent Walworth, S. P. Foster, and Rev. Fred Mumby, had a hard time in choosing the three winners, as the contestants all did very fine work.

The high school teachers acted as the students' coaches. A person, after listening to the well given declamations, would readily realize the time and work spent in preparing them.

Caesar Says

The general outlook of the school is down so Caesar will start talking and get it up or die laughing trying.

Mr. Lyons: Well, here we are in Kalamazoo.

Taylor: I knew we took the wrong turn but let's stop and see the animals.

Boy Scout: May I help you?

Elderly lady: Yes, help me find my cigarette lighter. I've lost it.

People who sling mud get dirty hands.

If you want to find out if your Greek god has clay feet, take him to a dance.

Bud Meyers could not compare with the leather lugged, corn-fed girls from Cement City.

This is the last warning to Miss Fowlkes. Next week will tell the story. Remember, Caesar sees nothing, tells all.

So long.

Elementary News

Kindergarten
We finished painting and decorating our grocery store. We decorated it red and green.

Wilma Paul, Jenny Landell, Jimmy Miller, Thelma Joseph have been absent and we are glad to have them back.

David Longworth led our band last week. We are going to invite the first grade in to listen to us this week.

"Oscar," Miss Yager's alligator, spent some time in the kindergarten room Monday.

Second Grade
Those who have not been tardy or absent these last six weeks, Jan. 27 to March 6, are: Jack Christwell, Edwin Lantis, Shirley Schenk.

Mumps spoiled many a record. Jack Christwell is now eight years old. His birthday was Saturday, the 7th. May lots of happy birthdays come your way, Jack.

The lilac branches in our room are just covered with little green leaves. That shows what the heat can do.

We have some new Science Stories books which we are beginning this week. They certainly do look interesting.

Robins and Bobwhites are reported as singing their songs again, telling us that Spring is on the way.

Third Grade
We are glad to have William Eise-mann back with us.

We are studying birds with our bird chart.

This is good habit week. We hope that we will learn something by the end of the week about health and citizenship.

This week we are organizing a baseball game in multiplication.

We are looking forward to Friday night, when our parents will visit us. Jessy Huesman moved to Tecumseh. She hopes to come back to our puppet show.

Fourth Grade
We have had our dustpan empty this week and hope we can keep it empty to show our visitors that we are good housekeepers.

We have eight people in our room who have earned reading certificates. Many others are trying to earn them before next Friday.

We feel proud of our tables and easel. They have been painted and varnished to match our other furnishings.

Phillip Vogel and Joe Hale made us a poster of a Dutch boy.

In our Art class Friday we made Dutch tiles with three shades of blue.

We have some red and yellow artificial tulips which we united to put in green flower pots.

One of our hyacinths is beginning to blossom.

Jane Christwell brought us a dish of coke which looks like pink ice cream. Our white one is changing rapidly too.

Ester Riemenschneider brought us a picture of "The Holland Flower Girl."

Eugene Aldrich and Mary Christwell have been neither absent nor tardy during the last six weeks. We are going to try to have better attendance for the next six weeks.

Joyce Foster brought us a pair of Dutch shoes and Ruth Osterle has drawn another picture for our Holland month.

We are busy preparing our room for our parents' visit. We are working on posters, etc.

Miss Kern is reading "The Magic of Oz" to us. We like it very much.

Fifth Grade
We have begun our maps of the United States and Michigan. Those who have charge of the work are Doris Parsons and Janette May—map of the United States; Robert Strieter and Luther Kusterer—the Michigan map. We hope to have a fine Michigan map all our own for our room when this one is finished. Those who have charge of the work are those whose average in Arithmetic is high enough to give them the Arithmetic

period for this work for a few days. Everyone in the room will have a part in making the United States map.

Our clock stopped on Wednesday and we were so busy that when the noon whistle blew we all thought it must be a fire. Then the truth suddenly dawned upon us, the joke being on us.

Our Weekly Reader folios are finished and they make an attractive place in which to keep these newspaper readers.

Two of our mumps patients are back.

We intend to buy a basketball with the money which we received for selling tickets for next year. We expect we shall have some real practices in the gymnasium.

Sixth Grade
June Crawford's cocoon hatched out. It is a pretty moth. She has chloroformed and pinned it.

In Arithmetic we are reviewing denominate numbers.

We are starting to play baseball now. We are planning to buy a baseball of our own out of the prize money we won selling tickets.

Edwin Gaunt went to Detroit on Saturday, March 7, and saw the Michigan Exposition at the convention hall.

Miss Canfield saw two robins when she came out of the house early Monday morning, March 9. They were the first she has seen this year.

They were bright colored, so they probably came from the south.

We are making notebooks in Music for Miss Boogaard.

Edwin Gaunt brought a very interesting book called the National Geographic Magazine for May 1. He found some very good pictures of birds in it. Thank you, Edwin.

Jeanne Meserva had a birthday on Thursday, March 6, and also Richard Schmidt had a birthday on Friday, March 6.

The following boys have not been

absent or tardy from Feb. 9 to Feb. 20: Lawrence Dietle, Gerald Hoover, Donald Knoll, Junior Miller, Leonard Spiegelberg, Donald Walz and Bud Wolf.

Leonard Spiegelberg and Lawrence Dietle told some interesting stories from the Elson Readers which Mr. Blecker bought for us.

Seventh Grade
We are finishing our exhibits for March 13th. Our Geography exhibits are finished. They look very nice. The exhibits for History are coming along nicely also. We have planted some wheat for grass. We hope it grows.

Lois Palmer has gone to California. We hope she has a nice trip.

In Geography we are starting a new unit, "Our Fisheries and Their Products." We hope it proves as interesting as our last unit.

For Arithmetic we have chosen new stories. Lois and Frank are the captains.

WHAT'S THIS!

On Thursday and Friday, March 28 and 29, the Seniors are presenting "Captain Applejack," by Walter Hackett, one of the Samuel French plays.

This play has been all over the state and I am sure it will be well liked in Chelsea.

Don't be alarmed if you hear Jean Blecker saying "Oh Monsewer," with a French accent. Oh yes, Alton Koenigter can find anything you have lost. He is the famous fortune teller.

You must see the Pirates in the second act. And Mutt Brueckner as the famous Bolshevik spy saying "I will find her!"

Mr. Applejohn wants a change. The change arrives unexpectedly and he becomes a pirate chief.

Fun—Frolic—Excitement! Come and see for yourselves.

MORTGAGE SALE

Whereas, default has been made in the payment of money secured by a mortgage dated the 18th day of September, A. D. 1934, executed by William A. D. 1934, Guardian for Harriet Ann D. 1934, incompetent, to The Dexter Savings Bank of Dexter, Michigan, and said mortgage was duly recorded in the office of the Register of Deeds of Washtenaw County, Michigan, in Liber 185 of Mortgages, on page 554, at 1:45 o'clock P. M. on Feb. 18th, A. D. 1934.

And Whereas, by the terms of said mortgage, it is provided that in case default is made in the payment of the principal or of the interest or of the taxes, assessments or insurance, or any part thereof on any day, then the same is made payable, without the same being due, and should the same remain due, and unpaid for the space of thirty days, and the principal sum of said mortgage, together with all interest, taxes, assessments, and insurance, shall become due and be due and payable forthwith, and default having been made in the payment of the interest and taxes provided in said mortgage, which default has continued for more than thirty days, the said mortgage doth hereby exercise its option to declare the principal sum of said mortgage and all arrearsages of interest and taxes due and payable.

And Whereas, the amount claimed to be due on said mortgage is the sum of \$1,000.00 principal, and interest of \$13.87, insurance \$8.00, and the further sum of \$55.00 as a reasonable attorney fee as provided by statute, and the whole amount claimed to be unpaid on said mortgage is the sum of \$1,076.87, or no suit or proceeding having been instituted at law to recover the debt now remaining secured by said mortgage, or any part thereof, whereby the power of sale contained in said mortgage has now become operative.

Now Therefore, Notice is hereby given that by virtue of the said power of sale, and in pursuance of the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises therein described at public auction to the highest bidder at the south front door of the court house in the City of Ann Arbor, in the County of Washtenaw, on the 17th day of April, A. D. 1936, at ten o'clock in the forenoon of said day, which said premises are described in said mortgage as all those certain pieces or parcels of land situated and being in the Township of Dexter, in the County of Washtenaw, and State of Michigan, to-wit:

The East Half of the North-west Quarter of Section Twenty-two, containing Eight acres, more or less; ALSO, the North-west Quarter of the South-east Quarter of Section Twenty-two, except Ten acres off the East side thereof, lying East of the ditch running across said land, all in Township One South, Range Four East, Dexter Township, Washtenaw County, Michigan, containing in all, One Hundred Ten acres of land, more or less.

MORTGAGE FORECLOSURE SALE

Whereas, default having been made in the payment of the sums of money secured and made payable by a certain mortgage made and executed by Ivan M. Outhbert Sr. and Minnie A. Outhbert, his wife, both of the Township of Pittsfield, Washtenaw County, Michigan, as mortgagees, to the Huron Valley Building and Savings Association, of the same place, a Michigan Corporation, as mortgagee, which mortgage is dated April 14, 1935, and recorded April 16, 1935, in Liber 184 of Mortgages, on page 17 of the office of the Register of Deeds of Washtenaw County, Michigan.

And Whereas, the payments provided for in said mortgage have remained unpaid and in arrears for FOUR MONTHS preceding this date, the Huron Valley Building and Savings Association, being authorized to do by the express terms of said mortgage, and having heretofore declared by resolution properly passed by the Board of Directors of said Association, the whole sum secured by said mortgage due and payable forthwith, and that the shares of stock for this said mortgage was given to secure the payments, as aforesaid, were declared forfeited to said Association and that there is now claimed to be due and payable on said mortgage at the date of this notice for principal the sum of \$4,915.25, for interest the sum of \$1,888.74, for taxes the sum of \$50.00 as stipulated for in said mortgage, making the whole amount claimed to be due and payable in the sum of SEVEN THOUSAND TWO HUNDRED FIFTY-EIGHT and 72-100 (\$7,258.73) DOLLARS, besides all other costs, claims and expenses provided for in said mortgage or incident and necessary to this foreclosure and no proceeding at law or in equity having been instituted to recover the money secured by said mortgage or any part thereof, whereby the power of sale contained in said mortgage has become operative.

Now Therefore, notice is hereby given that by virtue of the said power of sale contained in said mortgage and the statute in such case made and provided, Notice is hereby given that on Saturday, May 9th, 1936, at 10:00 o'clock in the forenoon (Eastern Standard Time), at the south front door of the Court House in the City of Ann Arbor, Michigan, that being

MORTGAGE SALE

Whereas, default has been made in the payment of money secured by a mortgage dated the 14th day of February, 1929, executed by Thomas H. Bradshaw and Nina Bradshaw, his wife, of the City of Ann Arbor, Michigan, to the Dexter Savings Bank of Dexter, Michigan, which said mortgage was duly recorded in the office of the Register of Deeds of Washtenaw County, Michigan, in Liber 118 of Mortgages, Page 870, at 2:50 o'clock P. M. on February 18th, 1929.

And Whereas, the amount claimed to be due on said mortgage is the sum of \$3,225.00 principal and interest of \$414.30; taxes in the amount of \$118.15, and the further sum of \$85.00 as a reasonable attorney fee as provided by statute, and the whole amount claimed to be unpaid on said mortgage is the sum of \$4,122.45, and no suit or proceeding having been instituted at law to recover the debt now remaining secured by said mortgage, or any part thereof, whereby the power of sale contained in said mortgage has become operative.

Now Therefore, Notice is hereby given that by virtue of the said power of sale, and in pursuance of the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises therein described at public auction to the highest bidder at the south front door of the court house in the City of Ann Arbor, in the County of Washtenaw, on the 17th day of April, A. D. 1936, at ten o'clock in the forenoon of said day, which said premises are described in said mortgage as all that certain piece or parcel of land situated and being in the Township of Seio, County of Washtenaw, State of Michigan, to-wit:

The west half of the northeast quarter of section number twenty-two in township two south, range five east, containing eighty acres, more or less, reserving whatever title School District Number seven (in said township) may have in a small parcel on the north end of above described 80 acres, by virtue of a lease executed by one Jacob Tremper to said School District No. 7, dated Sept. 26th, 1853 (and written for 99 years) and recorded in Liber 101 on page 223.

Invented Endless Paper

In 1900, a Frenchman conceived the idea of making an endless web of paper by introducing a water suspension of pulp onto an endless moving belt of wire.

Potatoes Grown in Peru

and Chile Centuries Ago

Investigation has shown that the original home of the potato is on the cool plateau high up in the Andes of Peru and Chile, where it had been cultivated for centuries before the white man arrived. The first published record is in Cieza's Chronicles of Peru, published in 1553.

Potatoes were introduced into Spain by the Spanish conquerors, and thence to other European countries, but at first only as a garden curiosity. It was regarded as a food suitable for cattle, but later it was thought that on account of its great yield it might become a useful food for the poor, to prevent famines due to failure of grain crops. With this idea in mind the Royal society in 1683 adopted measures to extend its culture.

The cultivation of the potato became most general in Ireland, from which we got the name "Irish potato." The potato referred to in Shakespeare's plays is the sweet potato. Not until about the middle of the Eighteenth century was the potato accepted as an important food crop in Europe.

The watermelon is a native of tropical and southern Africa, from which it was introduced into Asia and southern Europe and then America.

Mark Twain's Prayer for War

Mark Twain's satirical prayer for wartime is as follows: "O Lord our God, help us to tear their soldiers to bloody shreds with our shells; help us to cover their smiling fields with the pale forms of their patriot dead; help us to drown the thunder of the guns with the shrieks of the wounded, writhing in pain; help us to lay waste their humble homes with a hurricane of fire; help us to wring the hearts of their unoffending widows with unavailing grief; help us to turn them out rootless through wastes of their desolated land—for our sakes, who adore Thee, Lord, blast their hopes, blight their lives, protract their bitter pilgrimage, making heavy their steps, water their way with tears, stain the white snow with the blood of their wounded feet! We ask of one who is the spirit of love and who is the ever-faithful refuge and friend of all that are sore beset, and seek his aid with humble and contrite hearts. Grant our prayer, O Lord, and thine shall be the praise and honor and glory now and ever. Amen."

REGISTRATION NOTICE

For Annual Township Election

Monday, April 6th, 1936

To the Qualified Electors of the Township of Sylvan, Precincts No. 1 and 2, County of Washtenaw, State of Michigan:

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Township Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township not already registered who may Apply To Me Personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Second Saturday before any regular, special, or official primary election and the day of such election. The last day for General Registration does not apply to persons who vote under the Absent Voters' Law.

Notice is hereby given that I will be at Sylvan Town Hall, Chelsea, on TUESDAY, MARCH 17th, 1936, the Twentieth Day preceding said election, as provided by Sec. 3, Chapter 8, Part II, Michigan Election Law—Revision of 1934.

From 8 o'clock a. m. until 8 o'clock p. m. on each said day for the purpose of Reviewing the Registration and Registering such of the qualified electors in said Township as Shall Properly apply therefor.

The name of no person but an Actual Resident of the precinct at the time of registration, and entitled under the constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

Notice is hereby further given that I will be at my office, Miller Barber Shop, the 21st day of March, 1936, from 8 o'clock a. m. to 5 o'clock p. m.; 26th day of March, 1936, from 8 o'clock a. m. to 5 o'clock p. m.; 27th day of March, 1936, from 8 o'clock a. m. to 5 o'clock p. m.; and from 8 o'clock a. m. until 8 o'clock p. m. on Saturday, March 28—Last Day, at Sylvan Town Hall, Chelsea, for General Registration by Personal Application.

Registration of Absentee by Oath

If any person whose name is not registered shall offer and claim the right to vote at any election or primary election, and shall, Under Oath, state that he or she is a resident of such precinct and has resided in the Township Twenty Days next preceding such election or primary election, designating particularly the place of his or her residence and that he or she possesses the other qualifications of an elector under the constitution; and that owing to the sickness or bodily infirmity of himself or herself or some member of his or her family, or owing to his or her absence from the Township on public business or his or her own business, and without intent to avoid or delay his or her registration, he or she was unable to make application for registration on the last day provided by law for the registering of electors preceding such election or primary election, then the name of such person shall be registered, and he or she shall then be permitted to vote at such election or primary election. If such applicant shall in said matter, wilfully make any false statement, he or she shall be deemed guilty of perjury. Any inspector of election shall have authority to make such registration and to swear such person to the registration affidavit.

Provision in Case of Removal to Another Precinct

Any registered and qualified voter who has Removed from One Election Precinct of a Township to another election precinct of the same Township shall have the right, on any day previous to election, or primary election day, on application to Township Clerk, to have his or her name transferred from the registration book of the precinct from which he or she Has Removed to the registration book of the precinct in which he or she Then Resides. Such elector shall have the right to have such transfer made on any Election or Primary Election day by obtaining from the board of inspectors of such election or primary election of the precinct from which he or she Has Removed a Certificate of Transfer and presenting the said certificate to the Board of Election Inspectors of the Precinct in which he or she then resides.

FRED G. BROESAMLE,

Township Clerk.

Copenhagen Ware

Several types of pottery, both underglaze and overglaze, are called Copenhagen ware. They have been produced in Copenhagen since 1700, when a Frenchman, Louis Fourier, made soft-paste chinaware in the French style. Hard porcelain was introduced in 1772. The Royal Porcelain works and other factories have produced especially fine tableware and fluted porcelain of the blue Danish pattern. The modern white underglaze porcelain was first made by Arnold Krog in the late Nineteenth century and found admirably adapted to animal and figure sculptures, including some of Hans Christian Andersen's fairy tale characters.

The Legend of Laocoon

Laocoon was a priest of Apollo who warned the Trojans not to touch the wooden horse. Athena, who sympathized with the Greeks, sent two sea serpents which killed Laocoon and one or both of his sons. A famous Greek statue in the Vatican shows Laocoon and his two sons struggling with the serpents.

Where Smelt Thrive

The common smelt thrive the waters of Lake Champlain and are abundant along the Atlantic coast from Virginia to the Gulf of St. Lawrence. They ascend streams to spawn and have become introduced in lakes where they thrive.

JACKSON—September 1 to 5 are

the dates for the 1936 Jackson County Fair. It is thought officers of the fair association will handle the affair this year without appointing a manager. Questionable shows have been ruled off the midway.—Evening Star.

MASON—Myron Corwin, 78, of

Dansville, is ready to start life all over again. He has begun to cut his wisdom teeth. "That's the way to cut teeth," said Mr. Corwin. "Have them come along when they are most needed. Back when I was young I had plenty of teeth and never missed the absent wisdom teeth. Now when my grinders are becoming worn I am being fixed up with a new set. I can also use the wisdom which the new teeth are supposed to carry with them."—County News.
