Baseball Meeting To Be Held Friday Night

A meeting was held Friday night to form an organization of the Chelsea Twilight Baseball League for the coming season. The attendance at this meeting was very small, but the organization of the League was completed, with Dr. L. J. Paul being elected president, and F. F. Niehaus, secretary-treasurer.

Only a small number of representatives desiring to place teams in the League were present, which made it impossible to determine what can be done in the matter of organizing teams to proceed with the playing of games. There was some discussion regarding the limiting of the organization to industrial teams, which has met with considerable opposition. The matter of using the larger playground ball was also discussed and the opinion in this matter are divided. The large ball is used in practically all soft ball leagues throughout the state and many of the players feel that use of this ball would arouse more interest in the local league.

In an effort to determine just what can be done to create sufficient interest to proceed with the League schedule and to ascertain what teams will enter the League, and with many other matters of importance to be discussed, President Paul has called a meeting for Friday evening of this week. This meeting will be held in the council room, Sylvan town hall, at 7:30 o'clock.

During the first few years after the Twilight Baseball League was formed real interest was displayed by townspeople and large crowds were in attendance at the games. However, the interest dwindled until last year when the attendance was very small. If players and people of the village care to continue with the League, which provides a large amount of free entertainment, they must show some interest in the organization and be willing to boost it if this sport is to continue in Chelsea, according to Dr. Paul.

It is hoped that there will be a large attendance at the meeting Friday night, when a real effort will be made to rejuvenate the Twilight Baseball League and provide good clean sport for Chelsea.

Fire Destroys Large House on Krumm Farm

The 11-room house on the Krumm farm, southeast of Chelsea in Lima township, was destroyed by fire Thursday afternoon, also the garage and brooder house.

When the fire was discovered about 1:15, as the blaze broke through the roof, the attic was all burned and dropped to the second floor. The straw stacks caught fire and the local fire department worked to save the nearby barn.

The house was built in 1911 by M. L. Burkhardt and the farm was sold to August Krumm. Since 1928 Mr. Krumm's son, George, and family, have been occupying the dwelling and about a year ago Mr. and Mrs. August Krumm came there to live.

Most of the furniture on the first floor was saved, but the entire contents on the second floor, including many valuable pieces belonging to the senior Mr. Krumm, were destroyed. The house was valued at \$12,000 and was partly covered by insurance.

WILL HOLD CLINICS

Clinics for immunizing children against the dreaded diseases of diphtheria and small pox will be held in Washtenaw county during the first week in May and a clinic is scheduled for Friday, May 8, at 9 a. m. at Chelsea public school gymnasium.

During 1935 Michigan had 650 cases of diphtheria, of which 57 died of the disease, an increase of 18 over the previous year, and since January, 1936 there have already been 14 cases of small pox in Michigan.

The state department urges continuance of the warfare against these diseases by giving toxoid, especially to babies and very young children. A vaccination will be given to prevent small pox. Toxoid and vaccination can be given at the same time with no serious results to the children.

Lumber Arrives for Project Buildings

During the past week four carloads of lumber has arrived in Chelsea and has been taken to the Mill Lake campsite on the Waterloo project, where construction work is scheduled to start on Friday of this week. Footings have all been installed and it is expected that erection of the buildings will progress rapidly.

The local project office has received orders to have the camp buildings ready for occupancy by June 22, when 100 underprivileged boys will be brought to the camp under the direction of the Detroit Board of Education. The camp will be constructed for the accommodation of 100 children, and there will be two groups from Detroit at the camp during the summer, each group to remain for a period of four weeks. WPA workers will occupy the camp during the fall and winter months.

Sixty pairs of wing clipped Mallard ducks have been sent by the Conservation Department, which were released last Wednesday on various lakes on the project. It is hoped these ducks will attract many other ducks to this area, and as it is protected territory they should multiply very rapidly, with the result that the project should make a real wildlife sanctuary.

H. H. Every, head of the rehabilitation division of the rural resettlement administration, has been transferred from the local project office to the Allegan office, where he will carry on his work.

Chelsea Inn Is Now Open for Business

The Chelsea Inn, formerly Crescent Hotel, was opened on Saturday by Mr. and Mrs. Harold Guesat. The hostelry, which had been unoccupied for several years, has been newly decorated throughout by H. S. Holmes, owner of the property, and new equipment has been added in each of the 18 rooms.

The basement of the building is being remodeled and three bowling alleys will be installed there in about three weeks. It is believed the alleys will prove very popular here as many local lovers of the sport have been making frequent journeys to nearby cities in order to enjoy the pastime.

Democratic Leader Dies In Ann Arbor

Horatio J. Abbott, national Democratic committeeman for Michigan, died Friday morning, April 24, in St. Joseph's Mercy hospital, Ann Arbor, following a paralytic stroke which he suffered Thursday afternoon. Mr. Abbott entered the hospital on the Saturday previous for a rest, and was expecting to return home within a few days. His sudden death came as a shock to the community where since 1896 he had lived as friend and neighbor.

He was born March 26, 1876 in Clayton, Lenawee county, graduated from Adrian high school and attended the University of Michigan, class of 1903.

A born Democrat, he had figured prominently in the party for 35 years and had made many sacrifices of his time and health. From 1910 to 1922 he was a member of the Democratic state central committee, of which the last four years he was chairman. He was registrar of deeds from Washtenaw county from 1908 to 1913 and postmaster of Ann Arbor from 1915 to 1923.

Mr. Abbott led the Michigan delegation to the national convention in Chicago as its chairman in 1932, and assisted in drafting the platform. He had served two years as national committeeman from Michigan and was re-named for another four years at the Chicago convention.

In 1932 he also was a candidate for congressman from the second district but was defeated by John C. Lehr. In 1933 he was appointed as collector of internal revenue for Michigan, but later resigned the position.

He was top candidate on the list of certified applicants for the job of postmaster of Ann Arbor and had recently stated that he would take the postmastership if it were the wish of the Democratic leaders.

Mr. Abbott is survived by the widow and three sons, all of Ann Arbor. Funeral services were held Monday afternoon at 2:30 at First Methodist Episcopal church, Ann Arbor, with burial in Washtenaw Memorial Park.

Friends from Chelsea who attended the funeral were Geo. W. Beckwith, Conrad Lehman, John J. Sullivan, J. Edward McKune and H. D. Witherell.

Local Scouts Hosts for Court of Honor

Last Thursday evening Chelsea Troop One, Boy Scouts, were hosts to the Western District of Washtenaw-Livingston Council for a Rally and Court of Honor.

The program consisted of a fine talk on "Highway and Street Safety" by Mr. Olson, a safety specialist of Michigan Mutual Liability Co., also singing, demonstrations of the different phases of Scoutcraft, presentation of awards by Scout Executive Walter MacPeck, and refreshments.

Troop One of Dexter, Troop One of Manchester and Troop One of Chelsea received "Troop Progress" awards. Junior Officer Warrants were given as follows: Senior Patrol Leader, Roland White; Patrol Leader, John Fletcher, Jr.; Harvey Knecherbocker, Charles Winans and Edward Dorer; scribe, David Eaton; quartermaster, Victor Hindelang.

Certificates for advancement in rank were given as follows: Second class, Bernard Lyons; first class, Charles Winans, Roland White; merit badges, David Eaton; handicraft, Charles Winans; reading, leathercraft, farm home and its planning, Roland White; swimming, reading, leathercraft.

COUNTY NURSE SPEAKS

Miss Pearl Huist, county nurse, addressed the Kiwanis club Monday evening, telling of the many problems which she faces in her work about the county. She calls on each school in the county at least once each year and is actively engaged in the fight against the spread of communicable diseases, as well as aiding in cases of corrective diseases. She is required to send samples of drinking water to the State Department of Health at regular intervals and to report the findings. Miss Huist told of many specific cases in her work to prove the point that her duties are very essential to the general welfare of the kiddies in the county, of both preschool and school ages.

Question And Answer Dept.

Ques.—Will you please tell us the names of the following officers at this time, for the State of Michigan? Secretary of State, Attorney General, State Treasurer, Auditor General, Superintendent of Public Instruction, Highway Commissioner.

Ans.—These State officers at the present time are: Secretary of State, Orville E. Atwood; Attorney General, Harry S. Toy; State Treasurer, Theo. J. Frey; Auditor General, John O. Hara; Superintendent of Public Instruction, Eugene Elliott; Highway Commissioner, Murray D. Van Wagoner.

Ques.—Is it better for a person to live up to the motto: "It is better to give than receive"?

Ans.—We think so, unless you happen to be a prize-fighter.

Ques.—Do all of the officials of the American Red Cross receive salaries? If so, what does the president of the organization receive?

Ans.—The president of the American Red Cross does not receive a salary as president of the organization. Most of the other officials receive no pay. Only the field and clerical staff and a couple vice-chairmen of the central committee, receive pay which ranges approximately from \$600 to \$7,000 a year.

Ques.—I wish to ask you if Indians are allowed to vote?

Ans.—Yes. The right of all citizens to vote, regardless of race or color, is guaranteed in the 15th Amendment to the United States Constitution, and all native Indians were made citizens of the United States by an Act of Congress in 1924. Therefore Indians are permitted to vote if they can comply with the various state requirements, such as education, residence, registration, etc.

Ques.—Will you answer in your paper if the widow of a Congressman draws a pension?

Ans.—No government pensions are given to widows of Congressmen. But if a member of the House of Representatives or the United States Senate dies while he is a member of Congress it is customary for Congress to allow his widow one full year's salary, which is \$10,000.

Ques.—I would like to know who invented the radio. Can you answer that soon?

Ans.—The radio is the outgrowth of wireless telegraphy. Many workers were busy on the theory of the wireless since 1865, an American in 1870 successfully transmitted signals between two kites. Then Marconi took up the trail and put to practical use his system of communication in 1898. He is therefore considered its discoverer. Dr. Lee DeForest perfected the audiotube through which the voice was transmitted successfully. This was in 1916, and three years later broadcasts were made from station KDKA in Pittsburgh. Hence Dr. DeForest is regarded as the father of the modern radio.

Ques.—Is Hollywood the name of a town or city, or is it just the name of the "movie" colony?

Ans.—Hollywood is a small place given over principally to the motion picture industry. It is located about four miles south of North Hollywood, which is a city of about 6,500 inhabitants. It is not located on any railroad, but the good roads from Los Angeles about ten miles southeast makes transportation adequate.

Ques.—Where is the Suez Canal, and how does it get that name?

Ans.—The Suez Canal is that artificial stream which connects the Mediterranean Sea with the Red Sea. It extends from Port Said in Egypt to the Gulf of Suez. Hence it was named the Suez Canal after the name of the Gulf. The canal is about 100 miles long and the city of Suez is located about midway.

Ques.—What is the population of the City of Mexico?

Ans.—According to the 1930 census the population of the City of Mexico is 968,000. The estimated population at the present time is 1,000,000.

Ques.—Can you give me a rule whereby I can estimate the number of feet in logs?

Ans.—Yes. A simple rule is to subtract four from the diameter of a log in inches; divide the remainder by four and then square the result. This multiplied by the length of the log in feet will give you approximately the number of board feet in the log. For example: A log 12 inches thick and 10 feet long. Four from 12 will leave 8. This divided by 4 is 2. Square the 2, which will be 4, and this multiplied by the length of the log in feet, 10, will be 40. Therefore approximately 40 square board feet in the log.

Ques.—Does a good-talking parrot know what it says when it talks?

Ans.—No. A good-talking parrot can only imitate what it hears without knowing its meaning. Many people think they can answer questions intelligently, but this is a myth. They repeat what you say or repeat other words they have previously heard.

SALINE—Local anglers are enjoying night fishing at Ford's lake. Quantities of good-sized suckers are being caught. — Observer.

From the Old Attic Chest of Eighty Years Ago,
Where Cherished Memories Cluster,
But Where We Seldom Go.

Last night I had a dream of my childhood's happy home,
The old orchard cot by the stream,
On whose mossy banks so often in childhood I did roam;
But I woke to find it was a happy dream—
I thought the sun was just sinking out of sight,
That the Robin was singing in the tree.

While around the open door stood the friends I loved of yore,
That I saw in my happy-happy dream.

The roses and the violets beside the paths did grow,
And in blossom was the peach tree by the well,
The little lambs were prancing round the pasture lot below,
And the pretty daisies blossomed in the dell.

The climbing honey clover-climbed the cottage with its leaves,
While the roses in the open window hung,
The little swallows circled round and chirped beneath the eaves,
Just as they did in days when I was young.

I've seen most lovely places but O, my early home,
The dearest by far to me appears,
I've met with kindest friends since 'twas my lot to roam,
But none I loved like those of childhood's years.

My Brothers and my Sisters were all the world to me;
My Father, he was just as dear as they—
My Mother was in Heaven, but it always seemed to me
That Heaven couldn't be far away.

Then, O let me go to the dearest spot I know,
To the old orchard cot by the stream,
And around the open door
Green the friends I loved of yore,
That I saw in my happy-happy dream.

—Arthur Carlton.

PINCKNEY—Work started Monday on wrecking the old office building of Dr. C. L. Sigler, which was damaged by fire a month or so ago. The Lavey Bros., Adrian and Leo, are doing the work. Dr. Sigler has received permission of the village to close the street east of the sanitarium and will build a new office on the east side of the sanitarium. This will put both office and sanitarium in the same building. The old office building is an old landmark and has been used by both Dr. Sigler and his father, the late Dr. H. F. Sigler for the past 40 years or more as an office. — Dispatch.

Editorial

This is our last six weeks of school. Let's try hard to carry out the following resolutions:
Keep waste paper off the floor.
Study hard and get good marks on our report cards.
Not whisper without permission.
Have only one person at a time at the library.
Speak when we are spoken to, and so friends with everybody.

Elementary News

We had a nice weekend and are glad to get back to school. We are making a window garden. We planted radishes, carrots and radishes. The radishes and lettuce we can see. We take turns watering the garden.

We are glad that Marie Leach is back with us. She has been in school our morning had been scrubbed and cleaned. Thank you, Mr. Gent.

Mrs. Boonsgard read some fairy stories to us for the first time. We enjoyed them. She also read us an interesting story which was a cartoon story. It was Topsy Turvy and the Tin Clown.

Monday was Robert Sidwell's birthday. He was seven years old. Jackie Whans' grandmother has a birthday today too.

Mrs. Schable took pictures of the train. The boys and girls are in it. We can buy a picture for five cents.

We have a new boy in our room, Fred Starford. He comes from Stock Bridge.

On Thursday afternoon Mrs. Hill came to see us. Mothers are always very welcome.

We are proud of the people who have earned reading stars and certificates. Some time soon we will have a book sale.

Have you seen our new window decorations? They were Dick Bahr's idea. We like them.

Joyce Foster brought us a garland of two books which were sent to the school from Japan. They contained many pretty drawings and we hope more people will be on this list the last six weeks.

We have a Flowering Cactus which is just beginning to bud. We learned in studying about ants that they have a nursery and cemetery.

We are studying about bees in the time it is to represent Switzerland. The cause this is the unit we are now studying.
