## Local War Veterans Receive Bonus Bonds

Monday of this week took on all the aspects of an old-time pay day when about sixty World War veterans of this locality received their Adjusted Compensation bonds, amounting to approximately \$85,000.00.

The bonds, which bear three per cent interest, were delivered to the veterans through the post office department, all being in \$50.00 denominations. If cashed by the veteran before one year from date no interest is computed. However, if held by the party named in the bond the party will receive interest each June 15th until 1945 when the bonds become due and payable.

It is estimated that the first delivery of bonds made to the local veterans constitutes about 75 per cent of the total number which will be issued by the government to ex-service men in this vicinity. Inasmuch as application for payment in bonds has been made by a few veterans within the past few days, it can be seen that the influx of bonds will continue for some time.

The utmost caution has been taken by the government in the delivery of the bonds in order that the veteran may be assured of safe and personal receipt. It is necessary that the veteran sign the registered mail receipt, and in no event may even the wife obtain the bonds for the husband.

It will be recalled that soldiers of the late war were issued adjusted compensation certificates eight years following the close of hostilities, which were to have been paid in 1945. However, in the last session of Congress it was voted to pay the debt in bonds.

## Mill Lake Camp Will Be Occupied By Detroit Boys

Announcement is made by local administration officials of the Waterloo Park Project that the children's camp which is being constructed at Mill Lake will be ready for occupancy on July 1. The camp has been leased for two months by the Department of Education, and will be used for underprivileged boys of school age.

Two hundred boys will receive the benefits of camp life at the Mill Lake campsite this summer, as it is planned to bring 100 boys during the month of July and another 100 during August. Accompanying the boys will be counselors, doctor, cooks, and a camp director. The boys will receive a combined educational and recreational course under proper supervision.

Construction of the camp buildings is well under way, and although it will be necessary to do some work after the buildings are occupied, it is hoped to have them practically finished when the boys arrive on July 1. Quarters include eight sleeping cabins, each to house eight boys, troop cabin, small recreational building, a future craft shop which will house a number of people, dining hall and kitchen, administration building, first aid building, and warehouse and garage. Counselors' and director's quarters will be constructed later.

The camp is modern and sanitary. There is a 22,000 gallon water reservoir, with water being pumped from a well which is 200 feet in depth. There are two electric pumps, one forcing water to the reservoir and the other pumping to the pressure tanks. There are two flush latrines on the property.

There is adequate fire protection at the camp as there are 4-inch water mains, with several fire hydrants. There will be sufficient hose to reach any of the buildings and plenty of water pressure. Buildings are not less than 50 feet apart, which makes danger of fire spreading from one cabin to another at a minimum.

Materials for construction of the camp buildings included six carloads of lumber, one carload of cement, and other materials. Tables and stools will be made at the camp, and other equipment includes two army type ranges and a large refrigerator. The Detroit Board of Education will furnish dishes and cooking utensils.

It is planned to ultimately have a four-unit camp at Mill Lake, the present construction being two units.

A temporary beach will be ready for use this summer, and a permanent beach will be prepared later, using a drag line to remove marl and vegetation from the beach, and sand will be placed on the ice next winter to go down when the spring thaw comes.

A total of 18,000 acres have been optioned by the government for the Waterloo Park Project and 3200 acres have been paid for. 350 men are now employed on the project, working 120 hours a month.

## Government Asks for Chelsea P. O. Bids

In an advertisement appearing on the back page of this issue of The Standard, the Procurement Division, Public Works Branch, Washington, D. C. is asking for sealed proposals for construction of the United States Post Office building in Chelsea. These proposals will be opened in Washington at 1 o'clock p. m. on July 8.

The new Chelsea post office will be located at the corner of South Main and South streets, on property which has been purchased by the Government from Mrs. and Mrs. E. J. Notten and A. W. Wilkinson.

Surveys and soundings have been made at the property preparatory to asking for construction bids. It is expected that payment for the property will be made in the near future and construction started as soon as the property is vacated, for which a period of 60 days is allowed according to the terms of sale.

## Fishing Season Opens Thursday, June 25th

One of the oldest of popular pastimes, the "art" of sport fishing, will get under way in Michigan on June 25 to furnish enjoyment and recreation to fully one million persons in this state before the first cold winds of fall.

The opening of black bass and bluegill season in Michigan Thursday, June 25, will make accessible to all licensed fishermen approximately 6000 inland lakes on which the season has been closed by law for the protection of the species mentioned during their spawning season.

The season also opens on sunfish and warmouth bass. In fact, after June 25, every species of game fish in Michigan waters—except sturgeon and grayling, may be taken by the angler.

The art of sport fishing, say the expert observers, is pretty much the same as it was a century or three centuries ago. Yet, while there has been little change in the manner of fishing, the popular attitude toward fishing has undergone a marked change.

"Fishing is now a sporting proposition almost entirely," said Marston J. DeBoer, assistant in charge of Fisheries Operations. "It is indulged in by almost everyone who can get into the open. The 'food' element of a catch of fish, has become incidental to the taking of the fish."

"In fishing nowadays the sport's the thing." As the pastime has become more and more of a sporting proposition, we find an increasing number of persons who are in for a lighter tackle and try to use more skill in fishing. We find more and more persons consistently taking less fish than the law allows and carefully returning the under-size fish and even legal size fish to the stream or lake, after they have enjoyed the fun of catching them. This practice, obviously, tends to perpetuate good fishing."

The popular trend toward making fishing purely a sporting proposition, has led to the discovery of gamey qualities in many species of fish that previously were less attractive to the angler.

For instance, lake fishermen are finding that they can take not only the gamey bluegill, but other species of lake fishes, such as crappies and even yellow perch, black bass, pike, fish, ciscoes and smelt on the fly rod in season. Fly fishing for these species offers a fine substitute to those who are unable to get out on a trout stream as frequently as they desire.

"About the best time to try for bluegills and crappies, if the angler is going to use a fly rod, is during the first several weeks after the opening of the season," DeBoer advises. "During this time these fishes may be found more frequently in the shallower waters, and on light fly fishing tackle they offer a thrill comparable to much larger fish caught on heavier tackle."

## WERNER-LYONS WEDDING

Miss Ruth-Marie Werner, daughter of Mr. and Mrs. Henry Werner, became the bride of Arthur W. Lyons, son of Mr. and Mrs. Ray Lyons of Middleville, at a ceremony performed Tuesday afternoon at 4 o'clock at St. Mary's rectory, with Rev. M. F. Nagle officiating. The bride wore white satin and carried white roses and snapdragons, and her white picture hat was trimmed with point lace from her mother's wedding hat. The bridesmaid, Miss Josephine Liebeck, was gowned in yellow silk organdy, with matching hat, and her flowers were white roses and yellow snapdragons. Owen Lyons assisted his brother as best man.

Covers were laid for 28 at the wedding dinner served at the home of the bride's parents following the ceremony. The bride's table, in yellow and white, was centered with a wedding cake surmounted by a miniature bride and groom, and lighted with yellow tapers.

The dinner also celebrated the 22nd anniversary of the marriage of the bride's parents, Mr. and Mrs. Werner.

On their return from a motor trip Mr. and Mrs. Lyons will make their home in Kalamazoo, where the groom is vice-president and general manager of the Childcraft Photograph Company.

Mrs. Lyons graduated from Chelsea high school, class of 1915. Mr. Lyons is a graduate of Middleville Consolidated school and attended the Western State Teachers College at Kalamazoo, receiving his A. B. degree in 1933 and his B. F. degree in 1934.

Out of town guests at the wedding were Mr. and Mrs. O. A. Birchler and sons, Mr. and Mrs. Henry Merker and family, William Werner, Harold Roberts and Mr. and Mrs. Leon Washtenaw of Detroit, Mr. and Mrs. Ivan Lyons of Flint and Mrs. Ralph Brant of Vassar.

Pre-nuptial parties for Miss Werner included a miscellaneous shower given June 8 by Mrs. G. E. Atkinson and Miss Leah Schanz at the home of Miss Schanz and a shower last Thursday night at the home of Miss Josephine Liebeck.

FORGIVE MEN THEIR TRESPASSES

"Whoever stole a lot of hides on the fifth of the present month is hereby informed that the owner has a sincere wish to be his friend. If poverty tempted him to this foul step, the owner will keep the whole matter a secret and will gladly put him in the way of obtaining a living by means more likely to bring him peace of mind."

This strange advertisement in the newspapers of Philadelphia during the Revolutionary war attracted much attention.

The hides were returned. "Try to do well John," said Mr. Savery as he bade his visitor goodnight. "Keep up a brave heart for the sake of thy wife and children and thou wilt always find a friend in me."

Smith was employed at the tannery the next day, and remained with the Quaker many years, a sober, honest and faithful man.

It is right to study Sunday school lessons. It is well to speak and to pray about it, and to testify of its power, but, too, it is something to be used—to be put into life to transform man. (From the old "Attic Chest."

Christian Schumacher, son of John George and Dorothea Schumacher, was born May 26, 1868 in Waterloo township. On April 14, 1872 he renewed his baptismal vow in confirmation. On December 7, 1882 he was united with Paulina Heydlaur in the holy state of matrimony. The Lord blessed this union with three children, John, Ina and Lenora, Ina having preceded him in death; also two sisters, Magdalena and Caroline, one brother, George. On December 7, 1932, Mr. and Mrs. Schumacher were permitted to celebrate their golden wedding anniversary together with their children and relatives.

The Lord granted Mr. Schumacher, who was a lifelong and faithful member of the Evangelical Lutheran church of Waterloo, good health until shortly before his departure. About four weeks ago he was taken with a heart attack. Though for a time his recovery seemed certain, yet it pleased the Lord that he should not recover. Our Saviour called him to his eternal rest, giving him the promised crown of life, on Tuesday evening, June 2, at 7:10 o'clock. He reached the age of 78 years and 7 days. Besides his widow he leaves to mourn his departure one son, John; one daughter, Lenora; four grandchildren, Louis Schumacher, George, Marjorie and Mildred Hannewald; four sisters, Mrs. M. J. Lehman, Mrs. L. H. Moore, house, and Misses Minnie and Anna Schumacher, also many relatives and friends.

"Already this RED CROWN'S saved me more than I paid for it... and I've still got it" boasts Barclay B. Barnacle Mr. Barnacle, known throughout the state for his prominence in Tall Stories Club circles, was glad to tell us how he solved the problem of gasoline costs... We pass it on for what it's worth, which doesn't seem to be much. I USE our car all day, and my son, Barclay B. Jr., uses it all night. That used to take a lot of gas... until we switched to Red Crown, yesterday. "Seems like right then our fortunes looked up. Why, only fifteen minutes after I'd bought the first tankful I stopped in the bank and found I had 85 cents more in my account. That's about five gallons saved. "And this morning, after Junior had driven his girl 50 miles over to Lenoxville and 50 miles back to attend a lecture on Crop Rotation, there was still ten gallons left in the tank! "Course some would say Junior might just 'o' parked down the road a piece and never come to Lenoxville... but anyhow, I'll be buying Red Crown if I ever have to buy any gas again! Mr. Barnacle's imagination runs away with him at times, it seems. Certainly it did THIS time! Of course, no motorist really has any such exaggerated belief as this, about gasoline mileage. But many do have inaccurate impressions. That's why Standard is conducting the most extensive road test ever attempted, this summer. Rather than make claims, Standard prefers to make it easy for motorists to find out the real facts about gasoline mileage for themselves. NOW learn the TRUTH about Gasoline Mileage DRIVE A "TEST CAR" IN THE WORLD'S GREATEST ROAD TEST \$5000.00 in cash and hundreds of fine merchandise awards for Test Car mileage during 65 days' ordinary driving. **FESTIVAL AT GAYLORD**

Gaylord, Mich.—June 26, 27 and 28 are the dates of the Third Annual Gaylord Outdoor Festival at which time it will play host to thousands of recreation seekers and outdoor lovers.

This yearly event, sponsored by the Otsego County Chamber of Commerce, has become an important and looked-for attraction to all sportsmen, fishermen and conservationists of the Central West.

Otsego county boasts of 101 lakes and 150 miles of excellent trout water, all of which are teeming with every species of game and fish.

This nationally known outdoor pastime district is heavily stocked each year by the Michigan Department of Conservation and all indications point to a very successful season.

Scenic trails, carefully routed throughout the county, take in many points of interest. Fly and bait casting tournaments, with a large array of experts from the state, offer keen competition to all contestants. Dog trials are to be featured this year, and this promises to be one of the outstanding numbers on the entire program.

The Festival headquarters will be one delightful place of interest with a complete display of all fish native to Michigan. Large cash prizes are to be awarded for all species of fish entered in the actual fishing contests.

Saturday evening the 1936 Gaylord Outdoor Festival week will be crowned by Ben East, noted Outdoor Editor of the Booth newspapers in Michigan. East is considered one of the very outstanding men in outdoor affairs in the state and is much sought as a lecturer and writer. His intense interest in conservation activities in behalf of the thousands of sportsmen in Michigan is just one of the reasons of his wide popularity.

sons, especially with the Scoutmaster of the boys' camp troop. In many cases the Scouts year-round leader will be in camp for a few days while his troop is there.

The fee of \$6.50 per week or \$10 for 10 days is as low as it can be kept with proper provision for food costs and small salaries paid staff members. Cost of tents, cots, etc. does not come from the campers' fee, but is part of the year-round maintenance cost of the camp reservation.

Wednesday evening and Sunday of each week are visitors' days in camp. A campfire and stunt night are provided for parents, Scouts and other visitors each Wednesday night.

A Board of Review will be held each Friday afternoon and a Court of Honor each Friday night. Scouts not enrolled in the camp may participate in these events.

**Yost Lauds Boy Scout Camp as Great Service**

"The Summer Camp is one of the significant services provided by the Washtenaw-Livingston Council for benefit of troops, patrols and individual Scouts," Fielding H. Yost, Scout Commissioner of the Council, said yesterday. "Often a Scout has a chance to spend more actual hours of Scouting experiences in a ten-day or two-week period in Camp than he spends during all the rest of the year at home. Camp thus becomes a concentrated Scouting experience."

The program of the Scout camp, which opens June 21, includes many kinds of games, projects, and happy experiences in living together. Scouts are taught to swim—or are given guidance in becoming better swimmers. Boating, canoeing and life saving are taught. Nature and handicraft leaders are available. Full opportunity is given for a Scout to advance in rank. The program in camp operates along troop and patrol lines, just as the Scouts year-round program does.

A staff of ten leaders operate under the direction of Scout Executive Walter MacPeck. The chief is trained and experienced. The men in charge of watercraft activities are certified by the American Red Cross as qualified not only to insure safety, but to make possible the best "learning situations." Parents are invited to confer with camp leaders about their

**CHEVROLET BETTERS RECORD**

Records that have stood ever since 1925, when the automotive industry enjoyed the greatest year in its history, are being surpassed in 1936, according to an analysis of Chevrolet sales records announced by M. E. Coyle, president and general manager.

Although the total sales for the industry as a whole are running behind the peak year record, Mr. Coyle pointed out that in three successive months, March, April and May, Chevrolet's sales have exceeded the 1925 records for those months, and set a new high record for any three months' period in the history of the company.

On the basis of present prospects, Mr. Coyle said, Chevrolet dealers should have 610,000 retail sales to their credit at the end of the five months' peak selling season from March 1 through July 31, as compared with 540,000 units sold in the corresponding period in the company's best previous year, 1925.

Mr. Coyle points out that in 1925, when domestic, Canadian and export sales of American motor cars approximated 5,700,000 units, Chevrolet dealers delivered 100,000 or more units at retail each month for five consecutive months. The greatest number of sales for any month in that period was 115,000 units. This year, at the end of May, Chevrolet had exceeded this old record by a substantial margin for three consecutive months—in March with 128,119 units, in April with 134,481 units, and again in May with 129,816 units.

Mr. Coyle attributed his company's leadership in sales to two factors—the immediate acceptance by the public of the 1936 models following their announcement, and the company's success in achieving a manufacturing volume of 100,000 units a month as early as November, and maintaining this volume during six months out of the last seven. The early public acceptance caused a steady countrywide demand, the production efficiency assured cars to meet the demand, and the two factors combined to result in record-breaking sales.
