## Consumer Purchases To Be Studied Here

A study of consumer purchases will begin in Chelsea this week, conducted by the Bureau of Home Economics of the U. S. Department of Agriculture. Mrs. Ruth E. Miller of Jackson will be in charge of the work in this community, and she or one of her ten assistants will visit some 500 or more families here during the next few weeks to get this information for what might be called a "catalog of family purchases."

This local survey is part of a nation-wide study of what consumers buy. Such information is necessary as a basis for measuring changes in the cost of living from one period to another and will also be useful for various other purposes to business and labor groups, consumers, and civic organizations. At the same time it will aid State and Federal agencies in planning and carrying on their work.

Typical families over all the United States will be asked to contribute information for this study, and the results from different sections of the country and different population groups will be analyzed and compared. What does a family buy, for example, when it has \$1,000 a year or less? When it has \$2,500 a year, or \$5,000 a year, and so on? How do the purchases of city consumers differ from country consumers? Northern consumers from Southern? Families of two from families of eight? The Bureau of Home Economics is gathering information from families on farms, in villages, and in small cities. The Bureau of Labor Statistics of the U. S. Department of Labor is making the same kind of a study in the larger cities. The survey as a whole is being carried on for the Works Progress Administration.

The families to be visited in each community will be chosen at random, and the information they furnish will be kept strictly confidential, so that no names will appear, and no family can be identified when the final results come out of the tabulating machines in a few months.

Those final results, however, should show what consumers actually buy with the money they have, and what they probably would buy if they could. When the information from thousands of communities over all the country is brought together and analyzed, it should show both the cost of living in different communities, and what kind of a living American families get for their money.

## Supervisors Convene Gives Effective Dates of the Amendments

Three of the four proposed amendments of the state constitution will, if approved by a majority of the voters expressing themselves on these questions, become operative 30 days after election day, Orville E. Atwood, Secretary of State, points out. The effective date of one of the proposals is provided for by the proposal itself. The statement is in response to many inquiries on this point which have been sent to the Department of State.

Section 2, Article 17 of the State Constitution provides: "Every amendment shall take effect thirty days after the election at which it is approved," Atwood points out.

Proposal No. 1, relative to search and seizure, and Proposal No. 3, providing for exemptions of certain foodstuffs and prepared meals from the provisions of the retail sales tax, would thus become effective on Dec. 3 if approved Nov. 3.

Proposal No. 3, requiring the legislature to provide general law for the incorporation of counties, would become part of the constitution at the same time as Proposals 1 and 3, but without effectiveness until the legislature obeyed its mandates. Proposal No. 4, abolishing property taxes and authorizing the enactment of a graduated income tax, would become effective Jan. 1, 1938, by the language of the proposed amendment itself, Atwood explains.

## SCHOENHALS' INJURED

Mr. and Mrs. H. R. Schoenhals, formerly well known Chelsea residents, recently accompanied some friends on a motor trip to New York City, and on the return home they were in an auto accident in Ohio. Mr. Schoenhals received a cut over one eye, and severe bruises. Mrs. Schoenhals had the misfortune to have the ligaments torn in her right ankle and also sprained it. Mr. and Mrs. Schoenhals are at the home of their daughter, Mrs. William Geddes in Detroit, and as soon as Mrs. Schoenhals is able to travel they will return to their winter home in Lakeland, Fla.

## DEMOCRATIC RALLY HERE

Washtenaw county Democrats will hold a rally at Sylvan town hall on Saturday evening, October 24, at 8:00 o'clock. Speakers for the occasion will be announced next week. All candidates seeking county offices will be present, and the public is invited to attend.

## The Amendments

Following is the second of four proposed amendments to the Constitution which will be submitted to the voters of Michigan at the general election on November 3:

(Proposal No. 2)

Amendment to require laws permitting counties to incorporate; and, on approval by majorities of certain specified electors to adopt a charter.

Adding Sections 32 and 33 to Article VIII of the State Constitution:

Sec. 32. The legislature shall provide by a general law for the incorporation of counties; such general law shall limit the rate of taxation for municipal purposes and restrict their powers of borrowing money and contracting debts.

Sec. 33. Under such general laws, the electors of each county shall have power and authority to frame, adopt and amend its charter and, through its regularly constituted authority, to pass all laws and ordinances relating to its municipal concerns, subject to the constitution and general laws of this state: Provided, That no such charter or amendment thereto shall become effective in any county unless the same shall have been approved by a majority of the electors voting thereon of that county located within such county in which are cast the largest number of votes upon such proposition and also by a majority of the electors voting thereon residing outside the corporate limits of such city.

This amendment, if adopted, will add two new sections to the Constitution requiring the legislature to provide a general law permitting the incorporation of counties, also that such law shall limit the tax rate for municipal purposes and the power of the county in borrowing money and contracting debts. It also provides that if the county elects to come under the act it will have power to prepare and adopt a charter. It also provides the manner in which the electors of the county shall approve the adoption of the charter. This will require the electors of the city in the county casting the largest number of votes to approve the adoption by a majority vote and all other municipalities and townships outside the said city must approve the adoption by a majority vote.

## SUPERVISORS CONVENE

Members of the county board of supervisors are convening this week for their annual meeting. County Treasurer C. E. Crittenden presented his annual report Monday afternoon, which showed a financial improvement over previous years. Payment of delinquent taxes during the past year, together with a special audit to determine the distribution of those taxes, was instrumental in the showing. Delinquent taxes returned to cities and villages included \$712.82 for Chelsea. Matters pertaining to the maintenance of the county building and grounds were taken up at the meeting on Tuesday.

## PROHIBIT HUNTING ON PROJECT

Officials of the Waterloo Project announce that all property which has been purchased by the government in this area has been posted and that no hunting will be allowed. A game patrol is in operation on the project to enforce this ruling. The reason for this action is that game has been planted in the area and must be protected if it is to properly increase for the benefit of this entire section.

## BIRTHDAY DINNER

Mrs. Paul Elsels entertained at a birthday dinner on Sunday in honor of her father, Thomas Howe. Mr. and Mrs. John Moran and family of Jackson were out of town guests.

You have often heard the expression that "weather conditions are bad for driving." I maintain that any weather is dangerous for many drivers. The very fact that it is a nice, clear, bright, sunny day, the roads are dry, and conditions are excellent for driving does not mean that some speed maniac should tear up and down our highways and endanger the lives of a lot of law abiding citizens. No set of drivers or individual driver has any right on our highways if he endangers the lives of pedestrians or other drivers. Ideal weather conditions should be wished for by all, but not as a means to increase our speed to uncontrollable limits. Some men can control their cars perfectly at 60 miles an hour, and others cannot control an automobile at 35 miles an hour. Physical conditions of human beings might be all out of line, even though the weather is beautiful. Again the combination of common sense and courtesy will make it safe for all concerned on our highways.

## U. S. Rubber Company Now Storing Tires

The United States Rubber Products Co. started last Friday to move tires into the tower building on North Main street which they have leased for nine months of L. P. Vogel and Conrad Lehman.

According to Geo. Kendrick of Detroit, who has charge of the storage operations, the company expects to place from 75,000 to 100,000 tires in the building. The tires, which contain tubes, are made up for Chevrolet cars, and will be kept in storage here until next spring when they will be shipped to Chevrolet branch factories.

Mr. Kendrick states that in order to supply the demand for tires at certain rush seasons of the year the factories of the rubber company must be kept in full production at all times, and this necessitates the storage of millions of tires during the winter season.

Eight men are employed at the local warehouse, four for guards and the others for work of unloading and storing of the tires. Eight carloads of tires have arrived and are being unloaded at the rate of two carloads a day. All available space on the three floors of the building will be filled, and it is estimated by Mr. Kendrick that three months' time will be required to complete the work.

## New Milk Receiving Station to Open Here

Shedd Products Co., which is said to be the largest independent dairy products concern of its kind in the state, is rushing plans for the opening of their milk receiving station on South Main street and expect to be taking milk at that location by the last of this week.

New equipment is being installed in the building which was formerly used by the Wilson Dairy as a receiving station, and the capacity of the receiving plant will be 75,000 pounds of milk a day. They will take milk from farmers who have been selling to the Chelsea Dairy Products Co. and hope to increase their receipts substantially. The price paid for milk will be at a flat rate, with no surplus price, according to officials of the company.

The Shedd Products Co. operates a large plant in Detroit which covers 5½ acres. They manufacture ice cream and also production of the latter reaching approximately 30 tons a day.

## SCOUT COMMITTEE ELECTS

At a well attended meeting of the Western District Executive Committee of the Washtenaw-Livingston Boy Scout Council held on Wednesday evening, October 7 at Chelsea high school, George Keal of Dexter was chosen chairman, John Fletcher of Chelsea as vice chairman and Harry Sutton of Manchester as District commissioner.

Plans were made for holding a Court of Honor at Manchester on Thursday evening, November 5 at 7:30 p. m.

Scout units in the Western District include Cub Pack 128, Dexter, Sea Scout Ship 226, Chelsea, and Scout Troops No. 1 of Dexter, No. 2 of Chelsea, No. 1 of Manchester, and No. 1 of Bridgewater.

It is expected that one or more new units will be organized before the end of 1938.

A large attendance of men from the Western District is being arranged for at the Scouters' Get-together at Waldenwoods on the evening of October 26.

## LEGION DANCE FRIDAY

**LYNDON CENTER SCHOOL NEWS**  
The Lyndon Center school has completed one month of school work. Everyone seems happy to be back to work again after the summer vacation.

We enjoyed a visit from our Commissioner, Miss Haas, last week. Our Citizenship Code which we have to help us be better citizens, is completed. The points which we are stressing are as follows: Kindness, Courtesy, Health, Honesty and Cooperation.

We have one new subject, Nature Study, this year in the 8th grade. It is also studied generally in all grades. Everyone is interested in the study of nature. Two weeks ago we had a

tour in which we found many varieties of mushrooms, both poisonous and non-poisonous. We did not realize that there were so many kinds to be found. Other things we have found are different types of birds' nests. Leaves and types are being studied now.

We are trying to improve our playground by putting up some equipment to play with. The children earned money for two swings which Mr. Shanahan put up and they themselves put up a rod for a trapeze. We are now planning to buy equipment for two tetter-totters.

Our Civic Health club was organized early with Melissa Balmer as president; Harold Balmer, vice-president; Virginia Barton, secretary, and Anna Campbell, treasurer.

Our present committees are as follows: Nurses: Anna Campbell; Flag: Melissa Balmer; Boards: Virginia Barton; Waste Basket: Melvin Stoffer; Pushing Water: Bob Shanahan; Dusting: Robert Kreske; Sanitary: Melissa Balmer; Lighting: Harold Balmer; Games: Anna Campbell; Yard Cleanup: Virginia and Melissa; Desk Inspection: Harold, and Carrying Water: Harold and Sonny Krakowski.

Our Honor Roll for September has two members: Anna Campbell and Bob Shanahan.

**ROGERS CORNERS SCHOOL NEWS**  
The percentage of attendance for the month of September is 98.5. The pupils that were neither absent or tardy are as follows: Marilyn Beuerle, Irma Brueckner, Doris, Gladys and Marian Buss, Donald Charington, Marilyn Eschelbach, Margaret Feldkamp, Alton Grau, Jr., Betha and David Haas, LaFern, Melbourne, Raymond, Robert and Shirley Moore, Beulah Radis, Doris Schneider and Rosemary Wallace.

We have Jack-o-Lanterns in our windows and a pumpkin border on the blackboard.

We have an Airplane Citizenship Code. We are sorry to report that two airplanes have crashed, but we are trying to get them back in the sky.

For Nature Study we have a large collection of mushrooms found by Margaret Feldkamp and Marilyn Beuerle. We have a cotton plant which Miss Huehl's brother brought from Texas. It had green bolls, ripe bolls and blossoms on it. Alton Grau, Jr. brought us some shells from the Atlantic Ocean. We also have a turtle, a grasshopper and caterpillars.

Visitors during the month were Mrs. Robinson, Catherine Haas, Dorene Haas, Joyce and Caroline Pinkbeiner, and Jeanette Moore.

Marilyn Beuerle, Reporter.

**PALMER SCHOOL NEWS**  
Our school opened on August 31 with a membership of seventeen. There are eleven boys and six girls. Elsie Peterson and Martha are the only beginners we have this year. A new pupil who entered this year is Junior Hibbs, who is in the eighth grade.

The first month of school closed on September 25 with a percentage of attendance of 93.3. Pupils who were not absent during the month of September are Bernard and Esther Prentice, Howard Smith, and Junior Hibbs.

We are enjoying our second set of books from the Jackson County Library.

In Art class last week the sixth and eighth grades made wild goose posters which we have hung on the wall.

We organized a Safety club September 14. Junior Hibbs was appointed captain, Betty Wahl was elected president, and Clarence Seller as secretary.

Lawrence Umsted, Reporter.

**GRASS LAKE**—Justice W. K. Crafts was a busy man Monday of this week when officers from the sheriff's department made a clean-up on speeding automobiles in this village and haled 14 violators into court for driving 35 miles or more per hour. EDITED BY THE PUPILS OF THE CHELSEA PUBLIC SCHOOLS

## Chelsea Defeated

Amid much and slime, Chelsea was defeated by Dundee on Friday. Davis, quarterback, made three touchdowns for the Dundee squad and Brown tallied the fourth, making a total of 25 points for the Dundee eleven.

Dundee's first tally was due to a blocked kick, and a Dundee player fell on the ball after it had rolled over the goal line. Dundee scored in each quarter, and in the last quarter made their first point after touchdown. Chelsea's plays failed to work in the rain, but Dundee's formation was more successful. Dundee's other scores were due to: A wide right end run, a line plunge, and another end run.

The wet field was a serious liability for both teams as footing proved very unstable.

The line-up for Chelsea was as follows: Bycraft, LB; Bahnmiller, LT; Belsor, LG; Prinsinger, C; Brueckner, RG; Niehaus, RT; Koebbe, RB; Spaulding, QB; Prudden, LH; Stricker, FB; Tisch, RH. Subs: Blecker, RE; Grove, FB and Rowe, RT.

On Friday, Chelsea journeyed to Roosevelt to play. A loyal bunch of supporters would be appreciated by the team. With a record of two victories and two defeats, Chelsea is all set to beat Roosevelt.

When Chelsea does play at Chelsea, a notice will be placed in large letters in the Hi-Light at the top of the column. Our next home game is on Friday, October 23.

## Operetta

The Senior High Operetta will be presented on October 23 at 8 o'clock. It will have a chorus of 72 and eleven leads. Miss Boomgaard directs the musical part and Miss Gibson the speaking part. Paul Pleimeler is assistant accompanist.

## Senior Banquet

Wednesday evening the Red Pirates, the losing side in the magazine sales contest, entertained the Black Pirates at a banquet. The motley crew assembled at the gymnasium to gorge themselves of the sumptuous repast prepared by the Red Pirates. The menu consisted of Hungarian goulash, cabbage salad, buttered rolls, gingerbread and whipped cream, and coffee.

Immediately after dinner the toastmistress, Eileen Adam, captain of the Red Pirates, bestowed medals upon Kenneth H. Niehaus and Jane K. McGaffigan for having sold the greatest number of subscriptions. Chas. Bycraft, Jr. received a mock medal, a large cardboard affair, for selling no subscriptions; and Sophia Koneski and Bernice Howe received one for each having made one sale.

The captain of the winning team, Harry Blecker, Jr., delivered a brief address and a high spot of the eve-

ning was Bud Myers' sudden burst of oratorical eloquence.

Many of the favorite old songs were sung (?) by the entire crowd (with special arrangements by Geo. Goodoll). Our class adviser, Miss J. Gibson, was present to prevent the loss of life and limb, and to keep the gathering on a dignified basis.

## Value of the Hi-Light

The high school addition to The Chelsea Standard serves as a medium for the exchange of ideas and the distribution of news in the school. The publication of the Hi-Light serves in a way to bring about a better understanding between the student body and the faculty.

Many students read the Hi-Light and get announcements they neglected to read on the bulletin board or didn't hear announced.

A graduate of this school will be able to keep in touch with the school's activities by reading weekly the school's publication.

You have no idea what encouragement in literary activity a boy or girl gets when one sees his efforts in print. Every student in Chelsea high school we urge to read thoroughly every issue of the Hi-Light.

## Elementary News

**Second Grade**

George Leigh Palmer found a perfect robin nest and brought it to us. It is so different from the "oriole's" nest we can easily tell them apart.

Paul G. mounted different weeds which spread their seeds either by the wind as the milkweed or goldenrod, or by people and animals carrying them, as the burrs and nuts. We are putting the display so that we can become familiar with them.

Murray Merrill brought us a cat-tail, showing its cotton filling, and some sassafras leaves. They look like oak leaves somewhat.

We have some new spelling pads and my, are they fine! We are going to do our very best so that we can be happy when we take them home and show them.

Nancy Every's mother and grandmother came in to see us. We like to show the different things we are doing.

Bragdon Barlow has a magazine of airplanes and he can tell us a lot about them. He is sharing his pictures with us to put in our scrap book.

Mrs. Paul sent over her lovely fern for us to keep this winter. We are so glad for it makes our room beautiful.

**Third Grade**

The third grade has started a safety program for the playground. We asked the kindergarten, first, second, fourth and fifth grade to help us. Here are the playground rules we made:

We will be careful at all times.

We sit down while swinging.

We will keep the tethers clean and sit down while playing on them.

We will report all people who do not cooperate with a teacher.

We will not crowd each other.

We never swing the rings over the rods.

We will not throw stones or sand.

We will never fight.

We will not play near the fire escapes and never put sand in them.

We are sure the junior high and

high school people will cooperate too.

Last week sixteen of us made a perfect record in spelling. We are proud of Barbara, Robert Faber, Jack, Jane, Jean, Thora, Edward, Anne, Clara, Doris, Arthur, Shirley Platt, Bobby Robbins, Fred, Audrey and Myra.

**Fourth Grade**

We read a story about the goldfish and learned that its first home was in China. We also drew pictures of the goldfish in the bowl.

Philip Tompkins brought us a mirror. It has helped in our appearance.

Frank Langowski didn't forget that our plants needed water.

**Fifth Grade**

We are all enjoying the new Music Books which Mr. Blecker got for us.

We now have the music to the songs which Miss Boomgaard is teaching us.

Eugene Townsend, Clifford Myers, Walter Oesterle, Carlton Chiswell, and Robert Eaton are the boys in our room who had airplane rides during the summer.

Everyone in the room has written an original poem and set it to music for Miss Boomgaard. These are our first attempts at music composition work. We hope to improve much before the year is over.

Our window boxes are progressing nicely under William Langowski's supervision. They are painted the first coat and Mr. Murphy is making trays to put under them.

Some of our girls have decorated the room with the leaves which we have been studying during the past week.

Mary Woods brought a collection of shells from the sea shore. These were very interesting to those of us who live so far from the ocean. Mary lived near Boston.

Those who have been neither tardy nor absent from school during the first period are: Richard Bahnmiller, Carlton Chiswell, Jane Chiswell, Jean Chiswell, Mary Chiswell, Doris Collins, Ruth Cooper, Robert Eaton, Joseph Hale, Eleanor Harper, Eva Harris, Betty Holderman, William Langowski, Virginia Miller, Ruth Oesterle, Sumner Oesterle, Raymond Parsons, Louis Pollett, Esther Riemschneider, Elaine Schmidt, Eugene Townsend, Philip Vogel, Barbara White.

The slips which Mr. Mohrlock gave us have grown roots. We put them in small jars of dirt. Thank you, Mr. Mohrlock.

**WAYNE**—One of the most beautiful crops in years is being harvested from the 700-acre farm at Eloise hospital and infirmary, Dr. Thomas E. Gruber, superintendent, reported on Sunday. Of particular interest to Dr. Gruber and those in charge of the farm activities is the ten-acre experimental tobacco field which will yield a crop estimated at 1200 pounds to the acre this year. This will mean a supply adequate for a period of about two months for the 7000 inmates of the institution.—County Review.

above the colors. We hope to keep  
every color in the paint box.  
We are working on a play to be  
given Friday, Oct. 30. It is called  
"Simple Simon." We have a new

have read. Our health scrap book is

In St. Mary's church, Manchester, beautifully decorated with fall leaves and flowers, a very pretty wedding was solemnized Thursday morning, October 8, at 9 o'clock by the Rev. Father J. P. The bride was a charming picture in her gown of royal blue crepe made princess style with high neck. Her accessories were of black and she carried a bouquet of yellow baby mums and tea roses. Her only sister, Mrs. James Watson of Jackson, attended as bridesmaid and was attired in rust with accessories also of black. She carried a similar bouquet. ## FELLOWSHIP CLUB MEETS

The Fellowship club of the Methodist Episcopal church met on Tuesday evening. Officers for the 1936-7 season were in charge of the supper, assisted by Mr. and Mrs. Wesley Smith and Mr. and Mrs. Iven Weiss.

President Edwin Gaunt gave a brief address; Dr. H. A. Leeson conducted the song service; Mrs. H. C. Brubaker entertained with whistling solos. The pastor introduced Rev. Herbert C. Brubaker of Dexter as the speaker of the evening. "The Christian Ideal in Politics" was announced by the speaker as the theme of his address in which he declared that these nations in which revolution, turmoil, and civil strife were prevalent were also the same nations where religion and the church had signally failed, or had been suppressed by irreligious majorities. Religion and a square deal ought to be the ideal of every Christian, according to the speaker. A short discussion period was conducted at the close of the address.

The meeting closed with all present singing the Doxology, and a prayer and benediction by Rev. Brubaker. About 70 members and friends attended. The next meeting will be on November 10.

## MA AN' ME

When the evening shadows lengthen, And the twilight paints the sky, While the balmy air of evening Stiffles every moan and sigh, Often on the front veranda, Shaded by an old elm tree, We have sat and talked of blessings That have come to Ma an' me.

Few have been our days of sorrow, Few the days of anxious care, Never once have lost our bearings, Never once have we dispaired; All our plans and all our efforts, All our prayer and all our plea, Giving Him our best endeavor God has blessed us, Ma an' Me.

Three score years and more have witnessed God's amazing love and care, Seen His power—felt the uplift, As the weightier loads Ma bore, So tonight on the veranda, Shaded by an old elm tree, Here we meditate and wonder At His love for Ma an' Me.

—Arthur Carlton.

PLYMOUTH—How big do puff-balls grow? No one knows exactly, but Louis Ford the other day brought a half dozen puff-balls to town that were so big he could not get his arms around them. Max Moon measured one for Mr. Ford and it was five feet and almost eight inches in circumference. It weighed 28 and three-fourths pounds. He had three others that were nearly as large. Mr. Ford found them in some woods eight or ten miles west of Plymouth. Many who saw them, declared the puff-balls to be the largest they had ever seen. —Mail.
