BRIGHTON—Sarasota, Fla., Jan. 30, 1937: To The Brighton Argus.—Dear Editor: I'm sending you a true fish story. Wm. Burleigh and Julius Seyler are some fishing here on Siesta Key with a seine crew that fish in the Gulf of Mexico. Last Wednesday they made a haul of 100,000 pounds. The most ever made in one haul on this coast. There were hundreds of people there in no time, taking pictures and movie pictures. It took trucks, boats, and a moving van to haul them to the Sarasota fish markets. Mr. Burleigh and Julius Seyler were there until one o'clock the next morning loading fish. The Sarasota fish market was over loaded so that they had to lie over several days until fish are disposed of before they start fishing again.— Sent by Mrs. Wm. Burleigh.— Argus.

MORENCI—Its June in February for Louis Bourbina, of Morenci, aged 90 years, and Mrs. Edna Alonzo, 51, of Toledo, who were married at 10 o'clock Monday forenoon at St. Mary's Catholic church at Charagmir, by the Rev. Fr. Frommherz. Mr. Bourbina is a Civil War veteran. He never missed a roll call for two years and seven months, he said. He was taken prisoner and held for seven months and 12 days in the famous Libby prison. "There were 15 of the Bourbina family served during the Civil War," Mr. Bourbina related, "and my father served five years in two different divisions." On his wedding day Mr. Bourbina received his pension check from the government for \$100, and he said he considered it his lucky day. The aged soldier said he had refused several proposals recently, one from a woman owning a farm. This is Mr. Bourbina's third marriage. He said he preferred marrying a much younger woman than himself "as it costs money for funerals."— Observer.

THE 25-MILLIONTH
F O R D
HAS JUST BEEN BUILT

It HAS never occurred before in automobile history that 25 million cars of one make, bearing one name, have been manufactured under one management. The 25,000,000th Ford car rolled off the Ford Rouge Plant production line on January 18, 1937.
25 million cars since 1903... more than one-third of all the cars ever built... enough cars to transport the entire population of the United States.
The figures represent a remarkable contribution to the social welfare, the industrial stability and the general progress of our country.
People respect Ford efficiency. They know Ford uses fine materials, the best workmanship at good wages, the most exact precision measurements. They know these things are passed along to purchasers in the form of extra value. Naturally, they like to do business with such a company. That is the only reason it has been required to produce 25 million cars.
Naturally, too, they expect more of a Ford car, more this year than last year—more
each year than the year before. They have every right to. The experience gained in building 25,000,000 cars enables Ford to produce today a really superb motor car at a really low price—with the Beauty, Comfort, Safety and Performance of much more expensive cars.
The 1937 Ford V-8 combines advanced design, all-steel construction, extra body room, and brilliant brakes with a choice of two V-type 8-cylinder engines—the most modern type of power-plant on land, sea, or in the air.
The 85-horsepower engine provides top performance with unusually good economy for its high power.
The 60-horsepower engine gives good performance with the greatest gasoline mileage ever built into a Ford car—and wears the lowest Ford price tag in years.
People expect more of a Ford car because it's a Ford—and they get more, for the same reason. It is undeniably the quality car in the low-price field.

**A HEART OF LOVE— A HELPING HAND**

How many have come—How many have gone Since those happy days in life's sunny morn,

When a heart that was loving, a hand that was strong Clasped ours in his, while we toddled along

Over the cobblestones under our feet, Lifting us over rough places, and steep;

'Twas always the same, no fear thoughts would start, With our hand in his, be it daylight or dark.

Many years have been added to calendar's page, Passing swiftly the milestones from youth to old age;

How gladly we turn back the pages of time, Reading there of that hand, and the heart that was kind,

And we cherish the memory of those precious days, Covet power to write, or speak to the praise Of the Father God gave us the day we were born

**Another Long Distance Rate Reduction**

**ON JANUARY 15, 1937**

Eight reductions in about ten years have substantially cut the cost of Long Distance telephone service. Further reductions in Long Distance rates became effective January 15th. Many rates, for calls to points outside of Michigan more than 42 miles distant, are reduced. All day rates for such calls are reduced. Many night and all-day Sunday rates for such calls also are reduced. The reductions for the first three minutes range from 5 cents to \$1, depending on distance. It costs less now to do business in distant cities—quickly, personally. It's easier for far-apart friends to keep in close touch. Sample rates listed in the table below definitely indicate the downward trend during the last decade.

**HOW LONG DISTANCE RATES HAVE BEEN CUT AS THE RESULT OF 8 REDUCTIONS IN THE LAST 10 YEARS:**

## Chelsea Triumphs

Chelsea triumphed over Lincoln, 31-14, and the Reserves lost, 17-16, Friday night. The Chelsea squad triumphed to an easy victory, leading the Lincoln squad 22-3 at the half. Niehaus and Koebe each made 10 points. The Reserves were unfortunate in losing by a score of 17 to 16. The C. H. S. Reserves led at the half, 10-5. The subs of the first team played the last quarter with the exception of Koebe, who managed the team. Niehaus led the subs before Koebe took charge.

Chelsea plays Tecumseh this Friday at the C. H. S. gym.

## What Would Happen If

Ed would take Ruth out, only one night in a week-end?

The Juniors had another skating party at Cassidy Lake?

Johnny wouldn't write notes to a certain Senior girl three hours?

Wilma couldn't go skating?

Emma Jane wouldn't hear from Marjorie?

Paul Fielemeyer fell in love?

Seniors didn't have Marjorie for President?

Doris would wear her hair the same way twice?

Ruth T. went to class without her lesson?

Harrison came to school every day?

Two Junior girls and two Junior boys wouldn't be chatting in Junior Hall every noon?

Ralph G. didn't quarrel with a certain Senior?

Paul B. didn't sleep in English Lit. class?

## Lose Debate

Chelsea's debate team lost their debate with Northville last week. The question for debate was, "Resolved: That all electrical utilities should be owned and operated by the Federal Government." The judge was Scott of Wayne University.

Because Chelsea participated in the elimination series the school will be presented with a plaque and the members of the debate team, Stuart Dingle, Harrie Blecker and Eileen Adam, will receive small pins, replicas of the plaque.

## Magazine Sales

The second magazine sale ended Tuesday. This time the Seniors acted as salesmen for the Curtis Publishing Co. The magazines handled were the Saturday Evening Post, Ladies' Home Journal, Country Gentleman. At this time we wish to thank all those who helped make this sale a success.

## Soph Skating Party

Thursday, Feb. 4, at about 7-15 all Sophomores and class adviser, Miss Fauver, departed from Chelsea, bound for an ice skating party at Mirror Lake. On arriving at the destined place the students promptly put on their ice skates and glided onto the lake.

Later in the evening Mr. Wallis and a friend were welcomed into our group.

After a sufficient amount of skating (not without each Sophomore having his "ups and downs") wienies were roasted and were, of course, heartily devoured.

After more skating we left Mirror Lake and returned to Chelsea—a bit cold, but satisfied that our party was a success.

## Junior Skating Party

On January 3 the Juniors had a skating party at Cassidy Lake. They were well chaperoned by Miss Nelson, Miss Canfield, Miss Allen and Mr. Johnson.

Some of the girls found the boys from the Cassidy Lake school very interesting. Some of the boys played "crack the whip" in which many cracked the ice.

Refreshments were served in the school's "mess hall". Following, Mr. Myers led songs and one of his students played a violin solo.

All the Juniors enjoyed the party very much and we wish to thank the Cassidy school for the good time.

The Hi-Light (Continued)

Jack, Jane, Jean, Robert F., Edward, Anne, Edwin, Leroy, Clara, Doris, Arthur, Shirley P., Bobby R., George, June, John, Shirley S., and Paul. We are working for perfect attendance this term.

We are going to have a Valentine box this Friday. We drew names last Friday. We will put four cents worth of candy hearts in the envelope with the Valentine for the person whose name we drew. Betty Lou's birthday is Friday too.

Fourteen of us enjoyed Alo-the-magician last Friday. They told the rest of us all about his magic tricks. Our perfect spellers for last week were Jean, Shirley S., Audrey, Barbara D., Doris, Clara, Paul, June, Shirley P., and Myra.

Fourth Grade Our time clock is helping us keep order, and helping some of us who do not know how to tell time. Frank Aldrich was our first time-keeper. Each day we have a different one. Ten pupils now have stars for saying the poems.

Nineteen boys and girls received badges for Health. That means that they kept a perfect record for six weeks. We are going to have a short play called "The Valentine Princess" that was selected from a magazine called "Play Mate," which Helen brought to school.

A short play entitled "The School Post Office" is helping us to know the work in the post office; how to send parcels, registered and insured mail, money orders, etc. Eva Geddes and Flo-Ann Longworth have the greatest number of stars on our spelling chart.

In language class we have been sending letters to one another. Then we would write answers. We learned how to properly address envelopes, also.

Fifth Grade We are having special studies in Art Appreciation this month. Some of the pictures which we are studying are: "The Sunflowers," by Vincent Van-Gogh; "Two Guns," by Winslow Homer; "Moonlight," by Winslow Homer. Each pupil has made his own study plate and in literature we have written short sketches of the lives of these artists.

The Girls' and Boys' Council held their election of officers for the second semester. They are as follows: President, Eleanor Harper; vice-president, Sumner Oesterle; secretary, Jane Christwell. The retiring president and the new president each made short speeches.

Sixth Grade We had a class meeting to choose a name for our hawk, Wed. Feb. 8. The name of our hawk is Oscar. We have decided to baptize him. Oscar broke a bone on one of his toes. Our hawk is so tame it will eat out of Miss Canfield's hand.

Some of the girls are dressing dolls for a Robin Hood puppet show. Clayton brought an Atlas. Some of us saw the northern lights Tuesday, Feb. 2.

We had a contest in Arithmetic. Luther K. and Evelyn L. stood up the longest. We are doing division of fractions. Wilma L. told a story about "Abraham Lincoln and his Pet Pig" in opening exercises Monday, Feb. 8. She will get extra credit in language and reading. We have some pictures of Abraham Lincoln on the bulletin board.

Seventh Grade In history we are making things appropriate for the colonial days. The boys are making houses and furniture of wood and the girls are dressing dolls.

In Geography we are studying about the National Forests, the various trees and their uses. We are going to show the progress of the flood on a blackboard map.

We have a new group of pictures which help us in our picture study, a different picture for each school month. We have started our fifth book report which is due March 8, 1937. We are practically through with the book, "La Salle the Explorer", a very large book that Miss Hannigan reads to us most every morning. We like it very much.

An old schoolmate, Bernath McBride, came to visit us. ORDER FOR PUBLICATION Appointment of Administrator No. 29208 State of Michigan, The Probate Court for the County of Washtenaw.

At a session of said Court, held at the Probate Office in the City of Ann Arbor, in said County, on the 28th day of January, A. D. 1937. Present, Hon. Jay G. Pray, Judge of Probate. In the Matter of the Estate of Mary Van Sickle, deceased.

Maude B. Curtis, having filed in said Court her petition praying that the administration of said estate be granted to Jacob F. Fahmer, or to some other suitable person. It is Ordered, That the 2nd day of March, A. D. 1937, at ten o'clock in the forenoon, at said Probate Office, be and is hereby appointed for hearing said petition.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, once each week for three successive weeks previous to said day of hearing, in the Chelsea Standard, a newspaper printed and circulated in said County. Jay G. Pray, Judge of Probate. A True Copy. Feb11-25

Nora O. Borgert, Register of Probate.

What is carbon monoxide gas? Carbon monoxide gas may be formed by burning almost any kind of fuel without enough oxygen. A very small percentage of carbon monoxide gas in the air will cause headache, then unconsciousness, then death. The blood has a great affinity for carbon monoxide and absorbs it from the lungs instead of the oxygen which is needed to sustain life.

Report Large Increase In Fishing Licenses

Lansing—Prosperity may or may not have been the chief cause, but nevertheless sales of Michigan fishing licenses in 1936 soared to heights undreamed of a decade ago. State conservation authorities here report that nearly complete completion of figures received from license agents reveal that approximately 650,000 fishing licenses were sold. When all figures are in for the year, this total may approach more nearly 700,000.

The 1935 fishing license sales, which set a new high mark for Michigan, approximated 600,000, counting resident and the various forms of non-resident licenses. Of chief significance in the report for 1936 are the increases in sales of licenses to non-resident fishermen.

Nearly 150,000 out-of-state fishermen bought licenses to fish in Michigan in 1936: 84,900 bought year-around fishing licenses; 73,900 bought temporary or special 10-day licenses; non-residents and 85,817 bought special fishing licenses for their wives. Total 1936 sales of non-resident licenses approximated 115,000.

The increases in the various forms of non-resident license sales was from 6,000 to 14,000 over 1935. In 1935 the resident 50-cent licenses sold totaled approximately 480,000; so far for 1936 nearly 510,000 have been reported sold.
