"QUOTATIONS"

By Hi School Scribe

The following excerpts were heard by an inquiring reporter on the subject of the Junior-High Operetta, to be presented at the Chelsea High gym on Thursday evening, February 18:

Ralph Dingle: "Lots of songs, with peppy rhythm and plenty of life."
Ted Combs: "An excess of good dancing and the dancers know their stuff."

Lois Palmer: "This operetta promises to be a huge success; Miss Boonsgaard has done excellent directing and Miss Hannigan has been a patient dramatic coach."

Betty Fletcher: "I think our operetta will turn out swell. There is an interesting plot and a well-trained cast."

Charles Lane: "A lot of good looking girls made acting a pleasure."

Now let's hear what the teachers in charge have to say:

Miss Hannigan: "Splendid cooperation on the part of the cast will make this a successful production."

Miss Boonsgaard: "As a group of Junior-High people, they possess rhythm, spontaneity, vitality, such as is rarely seen in this age group."

The general trend on the part of the cast is that the operetta is going to be O. K.

Representatives of the Independent party, about twenty in number, called their caucus to order at 8:00 o'clock. Fred Broesamle presided as chairman of the gathering, with Otto D. Luick as secretary. F. W. Merkel and Conrad Lehman were the tellers.

Local Telegrapher Awarded Retirement

Miss Lizzie C. Maroney, a life-long resident of Chelsea, received word the latter part of last week that the Railroad Retirement Board of Washington, D. C., has granted her a certificate of retirement for services performed with the New York Central Lines.

Miss Maroney entered the service of the railroad on May 31, 1890, acting in the capacity of telegrapher, ticket clerk and commercial railroad work in Chelsea. After working at the local office for a period of seven years she was transferred, for a period of six years, as relief operator at various stations including Ann Arbor, Ypsilanti, Lawton and Mackinaw City.

From 1903 to 1911 Miss Maroney was employed in the commercial agent's office at Toledo, Ohio, being transferred then to the Ann Arbor office of the company in March, 1911, where she continued her service until reaching the age of 70 in October, 1935.

The many friends and acquaintances gained through the period of 45 years and five months of employment with the company extend greetings, best wishes, health and prosperity for the years to come.

COMPLETE HYGIENE COURSE

The American Red Cross classes on Home Hygiene and Care of the Sick, having completed their course, took their examination recently at the Chelsea public school under the supervision of Miss Pearl M. Haist. Miss Welsh of Ann Arbor was in charge of one of the classes during the course.

A public tea will be held Thursday, March 4 in the assembly room at the public school at 8 o'clock and at this time the ladies of both classes will receive their certificates. An exhibit of practical and home-made appliances used in the home in caring for the sick will be on display.

Miss Herringshaw of Ann Arbor will talk on Lay Participation in Public Health and as she has just returned from the flooded area in the South she will also talk on her work while in that district.

No admission is asked, and the public is invited.

Celebrate Golden Wedding

MR. AND MRS. P. H. RIEMSCHEIDER

At Salem Grove Methodist church, North Francisco, which has been their lifelong church home, the golden wedding anniversary of Mr. and Mrs. Philip H. Riemschneider was celebrated on Sunday, with an attendance of about 125 relatives and friends. In front of the chancel was a basket of 50 yellow roses, a gift to the honored couple, while wrought iron candlesticks with gold candles were on either side.

Arrangements were in charge of the pastor, Rev. Henry W. Lenz, and an introductory service at 10:45 preceded the wedding ceremony in which Mr. and Mrs. Riemschneider renewed their marriage vows, with Rev. Lenz officiating. The bride party, led by the ushers, Chester Notten and Albert Schweinfurth, entered to the strains of Lohengrin's Bridal Chorus, played by Mrs. Oscar Kalmbach. Little Jean McClure, a granddaughter, as flower girl, carried a basket of blue forget-me-nots. The bridesmaids at the original wedding, Mrs. Anna Maskey of Allegan, and Mrs. Tena Riemschneider of Sylvan, also were attendants on this occasion, the latter wearing the same corsage that adorned her costume 50 years ago.

The children's choir rendered a selection before the ceremony and at the close a solo, "I Love You Truly," was sung by Mrs. Oscar Kalmbach.

Mrs. P. M. Broesamle played violin accompaniment and Miss Irene Winter, the piano. The "bride" was attired in a plum color crepe dress, and wore a corsage of gardenias.

Mr. and Mrs. Riemschneider received congratulations, after which the company adjourned to the dining room, where a delicious two-course dinner was served by the Ladies' Aid Society of the church. The tables, decorated with bands of yellow and bowls of yellow daffodils, were lighted with yellow tapers. Toasts were given by P. M. Broesamle, Theodore Riemschneider and Mrs. Bert McKenzic, to which Mr. and Mrs. Riemschneider graciously responded.

At 2 o'clock the company re-assembled for the afternoon program, prepared by Rev. Lenz, which was rendered as follows:

Opening hymn—Assembly.

Prayer.

Welcome—Jean McClure.

Tribute to Mrs. Riemschneider from the Ladies' Aid Society, by Mrs. Albert Schweinfurth. (In this she stated that of 384 meetings held by the society, Mrs. Riemschneider has missed only four. She has also held every office in the society).

Solo—"Forget Me Not When I Am Old"—Walter Kalmbach, with Mrs. Oscar Kalmbach, accompanist.

Measurement of Time
Time is measured by the earth's rotation on its axis.

The following home hazards have been the cause of many serious and fatal accidents during the past years:

1. Slippery floors and sidewalks.
2. Unsafe ladders and step ladders.
3. Objects left on floors and stairways where someone may fall over them.
4. Broken or loose stairs.
5. No handrails on stairs.
6. Electric cords, plugs, and sockets in poor condition.
7. Electric light fixtures and switches near sinks and tubs not insulated.
8. Gas leaks.
9. Use of gasoline or naphtha for cleaning in the home.
10. Scalding water carried about the house in pails.
11. Automobile engines run in closed garages.

Watch for these hazards. Don't let them strike you down!

TELLS OF TRIP TO ABC

FACTORY AT PEORIA, ILL.

Dale J. Claire, of the E. J. Claire & Son, has just returned from a business and pleasure trip to Peoria, Ill., where he was the guest of Altofer Bros. Company, builders of the famous ABC washers and ironers which his company sells.

A special Michigan Central train left Detroit Monday afternoon, Feb. 8 for Peoria and the ABC factory, carrying approximately 200 ABC dealers and salesmen who were winners in a contest sponsored by Buhi Sons Company, Detroit, ABC distributors for the State of Michigan.

"I never realized before how large the washer and ironer industry had grown until I made a tour of the ABC factory," stated Mr. Claire. "Covering over thirty-two acres, this huge plant has adopted many of the automobile industry's methods of production. I saw gear cutting machines exactly like those in many of the factories making the most expensive cars. High precision standards are employed throughout the entire plant. All sales records were broken last year, and sales volume will go still higher this year. Thousands of outmoded, inefficient washers will be replaced with the newer ABC models that wash clothes faster, safer, cleaner and whiter than was ever thought possible."

"Better conditions generally are evidenced by the fact that carload shipments are leaving the factory daily for all parts of the country. 'The new 1937 model ABC washers and ironers are more beautiful than ever, with a host of outstanding, exclusive safety and convenience features never before offered. 'After this educational trip, thru the factory, I feel that we are in a position to better serve the needs of ABC owners in Chelsea. We invite everyone to see our complete display of ABC home laundry equipment at our store or phone us for a free demonstration of the new ABC's—America's leading washers and ironers, in your home," concludes Mr. Claire.

THAT WAS ONCE MY TRUNDLE BED

As I rummaged through the attic, Listening to the falling rain, As it pattered on the shingles And against the window pane, Peeping over chests and boxes, Which with dust were thickly spread, Saw I in the farther corner What was once my trundle bed.

So I drew it from the recess Where it had remained so long, Hearing all the while the music Of my mother's voice in song, As she sang in sweetest accents What I since have often read, "Hush my dear, lie still and slumber, Holy Angels guard thy bed."

As I listened, recollections That I thought had been forgot, Came with all the gust of memory Rushing, thronging to the spot, And I wandered back to childhood, To those merry days of lore, When I knelt beside my mother By the bed upon the floor.

Then it was with hands so gently Placed upon my infant head, That she taught my lips to utter Carefully the words she said; Never can they be forgotten, Deep are they in memory riven, Hallowed be thy name O Father, Father, thou who art in Heaven.

Years have passed, and that dear mother,

Long has moulded 'neath the sod, And I trust her sainted spirit Revels in the home of God; But that scene at summer twilight Never has from memory fled, And it comes in all its freshness When I see my trundle bed.

This she taught me, then she told me Of the import, great and deep, After which I learned to utter "Now I lay me down to sleep!" Then it was with hands uplifted And in accents soft and mild That my mother asked "Our Father, Father, do thou bless our child!"

MICHIGAN BELL TELEPHONE

CO. REPORTS BUSINESS GAIN

Detroit—Improvement in general conditions during 1936 was reflected in the telephone business with the result that the Michigan Bell Telephone Company made substantial progress toward recovery from the depression, according to the annual report to stockholders, submitted by George M. Welch, president, at the annual meeting in Detroit on February 11.

Total net earnings of the company before deducting interest and dividends, were \$10,100,000 in 1936, or 5 1/2 per cent on the cost of the plant and other assets. Total operating revenues were \$36,656,000, with total operating expenses of \$22,377,000. Operating earnings after payment of taxes were \$9,947,000, and other earnings were \$153,000. Taxes amounted to \$4,332,000, requiring 11.8 per cent of the gross revenue, or \$7.74 per telephone in service. At the end of 1936 total assets of the Company were \$186,884,000.

Net gain of telephones during the year was 60,647, compared with 82,763 in 1935, bringing the number of telephones in service at the end of 1936 up to 594,502, which was 96,000 short of the peak reached in May, 1930.

Telephone service never was better than in 1936, the report says, and "Michigan has, in common with the rest of this nation, the best telephone service in the world." Overseas circuits were extended to a number of points, so that new telephone service is available from any point in Michigan to most of the civilized world.

For the first time in a quarter century the Company was freed from all rate litigation when, in July, it accepted in order of the Michigan Public Utilities Commission calling for a widespread reduction of telephone rates. During the year, also, the Company established a reduced night rate on person-to-person long distance calls and a reduced Sunday rate, equal to the night rates, on both station-to-station and person-to-person long distance calls. The discounted night and Sunday rates were made effective on Christmas and New Year's days. Late in the year the Company also announced another substantial reduction in interstate long distance rates, to become effective January 15, 1937.

BROOKLYN—Of the 13 head of cattle and four horses trapped in the burning barn of Howard DeLand at midnight Sunday only a blind horse found its way out to safety. The horses included a fine pair of three and four-year old colts. These with the good herd of 10 milch cows that were locked in their stanchions and could not be released made a row of half burned animals that was hard to look upon after the flames had burned themselves out. Mr. and Mrs. DeLand, whose farm is about two miles west of Napoleon on the south Stony Lake road, were awakened by the roar of the blaze which almost completely enveloped the barn less than 200 feet from the house and with the wind at a dangerous angle. Mr. DeLand and son tried to release some of the animals, but were driven back and could not even pull out their '36 Plymouth auto which stood close to the basement door.—Exponent.

LYNDON CENTER SCHOOL NEWS

Our school has been making scrapbooks which we may send to the fair in the fall. We have scrapbooks on the "Flood," "Strike" and also one on "King Edward." We think it is much fun to make scrapbooks. We have finished three projects in our Health scrapbooks, and we are now working on communicable diseases. We have a few note books in Nature Study and Geography.

The 8th grade are keeping a notebook on Science. They keep record of all their experiments. In Civics they are collecting clippings on the Supreme Court situation.

—Melissa Balmer

We have sent our library books back to Lansing to get some new ones. We have not received them as yet. The number of books each of us have read are as follows: Anna Campbell, 8th, 37 books; Melissa Balmer, 7th, 39; Harold Balmer, 5th, 12; Virginia Barton, 8th, 35; Bob Shanahan, 2nd, 6; Melvin Stoffer, 1st, 4; Sonny Krokowiak, 3rd, 3; Robert Kresko, 2nd, 6. The ones to get stars when Mrs. Robinson comes are as follows: Melissa Balmer, Anna Campbell, Virginia Barton. We have enjoyed reading these books very much. We have learned something from reading each of these books.

—Virginia Barton.

We are going to have a Valentine party at school. It will begin at 2:30 o'clock p. m. on Friday, February 12.

We have a few recitations and a short play. We have invited our mothers to come and we have some games picked out for mothers and fathers to play. For our refreshments we have ice cream and cake.

—Harold Balmer.

In Nature Study we have been studying different experiments. One of our experiments we were interested in is experimenting with hydrochloric acid and ammonia. The utensils we had to use were a glass saucer, and a handkerchief. We put a few drops of ammonia water in a glass and a drop or two of hydrochloric acid on a plate. Then invert the saucer over the tumbler and cover with a handkerchief. We let it stand a minute and then removed the handkerchief. The tumbler was a dense cloud of smoke. Another one we got a picture of a man with a pipe in his mouth. We put a drop of hydrochloric acid

on the pipe. Then we held a cloth dipped in ammonia water over it. Smoke began to come out of the pipe like someone was smoking. When ammonia and hydrochloric acid are brought together some of each gas is given off and these gases unite together form a white cloud. We have had fun trying experiments. We have a notebook in which we write the results of our experiments.

GRASS LAKE—Arrangements will probably be completed within the next few days whereby the old "cement plant" property on the shore of Grass lake will be transferred to the Jackson county board of supervisors providing that body will agree to create a county park on the site. Announcement that the transfer would be completed soon was made by W. E. Crafts and E. J. Foster at the monthly meeting of the Booster Club at the Grass Lake Cafe Tuesday evening. There are approximately five acres in the proposed county park site.—News.

AT YOUR SERVICE

FIFTY YEARS ago the telephone in Michigan was a laboratory curiosity. Today it is the instrument of a tremendously valuable, widespread public service.

This development represents the practical working out of the vision of the telephone pioneers. Their avowed goal was — the best possible service at the lowest cost — a goal which has been consistently met by the Michigan Bell Telephone Company.

Guided by the telephone's destiny, it motivated every improvement and expansion; it was behind all the many reductions in rates.

And that far-sighted policy applies just as strictly today as it did to two generations ago.

—are all the Journalism members who started out so enthusiastically at the beginning of the year? We have members in this club and at the last meeting only four were present. At one time when the Hi Light was not put in the paper because of vacation, I heard one student lament this fact, saying that it was the "best part of the paper."

But how can we continue to edit these columns with so little assistance? We believe the work should be passed around among the members. So let's see all the Journalists at the next meeting, Wednesday night, to make the Hi Light a glowing success.

What Makes It?

What makes G. W. pay so much attention to H. L.? Can it be the new permanent?

What makes V. L. sit up in the front of study hall fourth hour. It can't be the study hall teacher can it? Or can it?

Who was the girl from North Lake that D. W. spent so much money on after the Froshie skating party?

I wonder what makes M. F. rob the cradle.

Maybe things are going on behind our (the Freshmen's) backs. Is there a budding romance between P. A. and E. B.—or has it already bloomed? "Whatait?"

The Best Season

In the hot and dry summer days you ask for Fall and Winter. For even the cold you can better stand than the heat and dryness of Summer.

And then Fall comes creeping up. The green life turns dry and brown. For a cool wind—then frost did come around. And your wish will soon be fulfilled.

On a morning there is snow outside your door. And cold is filling your home; you now must stoke up the fire to keep it comfortable to live.

The wind gets stronger and colder. Till you can stand it no longer; you begin to get a yearning for something. And soon you know what it is.

"Tis Spring that you are yearning, With its sunshine and warmth, And budding trees and trickling brooks. To fill you with peace and contentment.

You know when you think of it That Spring is the best of all. For Summer is too hot and Fall too dead. While Winter is cold and worse than them all.

—Charles Winans.

"Fast Colors"

I wonder what the name of the Senior play is? Who's in the cast? How many girls are in it?

The Senior play has been the main topic for discussion the last few days. Rehearsals start Monday night and the cast of characters is as follows:

Violet Clifford—Muriel Martin. Margery Astor—Doris Rogers. Louise Nevins—Ruth Ann Umstead. Dixie Jones—Eileen Adam. Ethel Baggs—Elsa Barois. Mrs. Whitney—Jane McGaffigan. "Rep" White—Harley Prudden. Steve Black—Harrie Bleeker. Herbert Green—Paul Pielmeier. Inspector Burke—George Prinsing. The play is a comedy, "Fast Colors", full of jokes, pranks and laughs.

Miss Gibson—Bunny, what is a synonym? Bunny L.—A word used when you can't spell the word you want.

Knitting is a great fad. It also has a great advantage. It gives women something to think about while they are talking.

Once there were things people couldn't talk about, but now they can't talk about anything else.

One advantage of telling the truth is that you don't have to remember what you said.

A Shakespearean contest was about

to begin. The first speaker tonight will be "Robert Jones, Jr." His speech began, "Friends, Romans and Countrymen, lend me your ears."

In Physics class Mr. Bleeker asked Eileen A. what "whispering galleries" were.

Eileen A.—I don't know. Mr. Bleeker—How about study hall?

The modern saying "Not worth one's salt" means not worth the expense of the food one eats. "He won't earn salt for his porridge," that he'll never make any money.

WE HAVE THE CREAM OF USED CAR VALUES

But we're selling them at SKIMMED-MILK PRICES

THE 1937 "swing to Ford" has brought the cream of the used car values to our used car displays—but even cream will "freeze" in cold weather. We don't want "frozen" used car assets on our hands until spring. We don't want to pay the cost of carrying them through the winter.

No, Sir!

We'd rather sell them now at lower prices and get liquid "cream" into our bank accounts.

SO—

We've brought used car prices down to the year's lowest levels! We're willing to pay you to buy now. We're offering our finest used cars, all makes and models, all better buys, renewed and guaranteed—at prices which represent a real winter bonus to smart used car buyers.

Prices reduced as much as \$50.

Why put up with trouble, inconvenience and expense on your present car all winter? Why drive an increasingly inefficient car until it's lost its trade-in value?

WHY THROW AWAY THE USED CAR OPPORTUNITY OF A LIFETIME?

Come in today. See the cars we're offering—see the price tags. Then drive away in a real bargain! Don't forget—Ford Dealers, and Ford Dealers only, offer R & G cars protected by the iron-bound R & G guarantee which says: Your money back if you're not absolutely satisfied.

MONEY-BACK GUARANTEE

ONLY FORD DEALERS OFFER R & G VALUES

The only place you can buy a genuine R & G used car is at a Ford Dealer's. R & G means "renewed and guaranteed." Every R & G car is in splendid condition, and with the written Money-Back Guarantee over the dealer's signature, you can get back every penny you paid for it if you decide, within a reasonable period, that it isn't absolutely satisfactory. This is an extra value which costs you nothing. When you buy your used car, why not play safe? Go to a Ford Dealer's and invest your money in guaranteed value.

SHOP IN COMFORT AT YOUR FORD DEALER'S

Most Ford Dealers offer their truly outstanding used car bargains in undercover display space. Battery, water, gasoline and everything else needed are in the car to enable you to try it out the minute you see it.

METHODIST HOME

Mrs. Chapin has had an unusually happy week. On Thursday her grandson, John Chapin from St. Louis, Mo., came to see her, and as he is staying for a time in the vicinity she is seeing him often. On Sunday she was visited by her son and his wife, Mr. and Mrs. M. B. Chapin from Flint.

Friday, Feb. 12 was the anniversary of Lincoln's birthday, and the Home celebrated. So that all might enjoy the radio Lenten service without haste or confusion, dinner was deferred until one o'clock, but when the meal came it was a banquet full of good things from tomato cocktail and chicken en rosette to ice cream and cake. Three members of the Home Board shared it with us, Rev. Marshall Reed, president of the Board, Rev. Erwin King and Rev. Harvey Pearce. Another dinner guest was the Rev. Eugene Allen of Hillsdale. He is an authority on matters pertaining to Abraham Lincoln, and he gave us a fine address on Lincoln; his audience were intensely interested and the time seemed all too short. It was a very happy day for the Home family, some of whom had been Dr. Allen's parishioners in other years, and some well remembered his father, the Rev. C. T. Allen.

On Friday, Mr. and Mrs. Erwin Koyle from Jackson called on their mother, Nurse Koyle. It was an especially interesting occasion for Mrs. Koyle, since he met for the first time the man for whom he was named, Rev. Erwin King.

Mrs. William Stark from Fitzhugh Lake, with her daughter and granddaughter, called on Mrs. Turnbull on Friday, and her Saturday callers were Mr. and Mrs. Paul Taylor from Ferrisburgh.

On Saturday, Mrs. Ida Penniman, Mrs. Florence Kenny and Mrs. Paul Hatch, all of Ypsilanti, and Miss Harriet Shanklin of Ann Arbor called on their aunt, Mrs. Robby. The guests also called on Miss Switzer and took her to Chelsea for dinner and shopping.

Saturday afternoon we had a real surprise. Dr. Albert H. Pellowe, Supt. of the Albion-Lansing District, with Mrs. Pellowe and two children, Donald C. and Mary Jane, called on Dr. Bray. Dr. Pellowe had with him his "movie" outfit and kindly offered to show us some pictures of the Clerk Memorial Home in Grand Rapids in which we are much interested. The scenes were well taken and well selected, showing different departments of the building and events of the Home life. The Clark Home has recently completed additional rooms and now has eighty-eight old people under its roof, with a total capacity of ninety. Now we want our pictures taken!

Mr. and Mrs. E. H. E. Mumford of Highland Park called on Mrs. Randall on Sunday.

Mrs. Gowing's Sunday callers were Mrs. Mary Grimes of Bangor and Mrs. Harry Dougherty and daughter of Jackson.

Sunday morning the Primary class from the Chelsea Methodist Sunday school celebrated February 14th by coming to the Home to hold their class session and entertain our family. Fifty-three small children came, accompanied by their teachers, Mrs. L. G. Palmer, the superintendent of their department. They were exceedingly attractive and well behaved little ones, who sang to us, joined in prayer, made their offering and listened attentively to all that was said to them. Before leaving they presented each old person with a nice Valentine, and in return each child received from Mrs. Bennett a heart shaped cookie. It was a beautiful way to keep St. Valentine's Day, and the family will long remember it.

On Monday afternoon Mr. and Mrs. Ralph Adams of Ypsilanti called on their aunt, Mrs. Andrews.

PILGRIM CHAPTER MEETS

The Pilgrim Chapter of the Ladies' Guild of the Congregational church held their February meeting at the home of Mrs. O. H. Hinderer on Thursday afternoon. Thirty members and guests were present. The meeting was called to order by the president, Mrs. Lyle Christwell. Roll call was quotations from Washington. The devotional services were in charge of Mrs. Anna Hoag, who also had charge of the program. Mrs. Hoag read a short sketch of the life of Ellihu Root, a story of Abraham Lincoln and a list of Thomas A. Edison's favorite songs. Mrs. Ray Whipple read an interesting story, "Lincoln and The Corn Cakes". Refreshments were served. The assisting hostesses were Mrs. Anna Hoag, Mrs. Claude Spiegelberg and Mrs. Ray Whipple.

GRANGE GIVES PROGRAM

USED CAR MARKET BETTER

Greatly increased sales activity in the used car market was predicted today by L. G. Palmer, local Ford dealer.

A substantial increase in the number of prospects able to afford the purchase of an inexpensive car, due to improved economic conditions, is the primary factor in the expansion of the used car market now in progress, Mr. Palmer said.

"A contributing factor is the large number of owners, who have driven cars which are not in condition for economical operation. Owners have realized that it would be better to trade-in their present car for a better used car, which can be operated economically and is in proper condition for mid-winter driving. As more and more owners discover that their present cars are costing them too much to drive, or are operating inefficiently under present weather conditions, the used car sales volume will continue to expand."

"Fortunately automobile dealers are well stocked with a wide variety of worthwhile used cars and are able to meet the rapidly growing demand," he explained. "So far as Ford dealers are concerned, the enthusiastic acceptance accorded the 1937 Ford V-8 has brought to the Ford dealer most every make of late model cars which are in excellent condition."

The Ford "R & G" procedure of used car selling has resulted in a marked increase in Ford dealer used car volume, Mr. Palmer declared.

FRANCISCO

GEORGE WASHINGTON

Washington's Colonial Home

GEORGE WASHINGTON'S colonial home, Mount Vernon, has not been a residence for many years, nor has it been owned by a member of the Washington family for three quarters of a century, says the Washington Star.

Mrs. Eleanor Washington Howard, daughter of John Augustine Washington, the illustrious Washington's great-grandnephew, was the last private owner of the estate. She first saw the world from the most historic home in America in 1856.

Though General Washington's slaves, numbering more than 150, were freed by his will, his nephew, Bushrod Washington, who inherited Mount Vernon, John Augustine Washington Bushrod's nephew, and his son, John Augustine Washington, Jr., who in turn fell heirs to the estate, were slave owners.

Today, survivors of the last generation of negro folk born in the slave quarters of the old manor are proud that their slave parents served in the ancestral home of the Washingtons. Somehow, they give realism to the farm which George Washington owned and which they helped to care for, as young men. These white-haired men declare there never was any depression at the old farm where the nights were festive with the singing of "Roll, Jordan, Roll," "Swing Low, Sweet Chariot," and "Steal Away to Jesus."

George Washington, who is said to have been worth several hundred thousand dollars in today's values, had a salary of \$25,000 a year during his presidency and added resources brought to him by his marriage with the rich Martha Custis. With such wealth he was able to keep his estate of 8,000 acres in fine condition. This was despite the fact that he was constantly entertaining visitors.

By the time the property was inherited by John Augustine Washington, his nephew, in 1829, the plantation had been reduced to 1,225 acres, only about 100 acres of which were suitable for farming. When his son, John Augustine Washington, Jr., came into possession of the estate in 1860, after his mother's death, he realized that such wealth as his great-uncle George had possessed was required to restore Mount Vernon and maintain it in its former splendor.

According to tradition a Miss Ann Pamela Cunningham of South Carolina, who was a Potomac boat passenger about the time John A. Washington wished to sell Mount Vernon, became so impressed with the tolling of the bell and the historical importance of George Washington's home that she became active in working for the purchase of the estate.

In 1858 the organization she had formed as the Mount Vernon Ladies' association of the Union contracted to buy the mansion and the patriotic appeal of the women and the efforts of Senator Edward Everett of Massachusetts, who toured the country and raised \$68,294.59, Mount Vernon was actually

purchased in 1860 for a shrine. Then the Washington family left the estate.

With breaking out of the Civil war, Miss Cunningham appealed to the commanders of both armies to preserve Mount Vernon. As both General Scott and General Lee gave orders that no armed man should enter the estate, the shrine was self-protected, the only neutral spot in the United States.

For several years members of at least four families of the Mt. Vernon slaves remained to care for the place, in the employ of the association. Some of the children grew up there and a few of the adults stayed long enough to gain the title of "quint" or "uncle," which was a typical Southern respect for an aged negro.

For a while after the war visitors to Mount Vernon are said to have practiced such vandalism that they wrote their names over its walls and ceilings. Plaster was removed by those who cut pieces of lathe as souvenirs, and even glass was broken in the cupola by those who wished to take away pieces of the famous home.

Washington's Colonial Home Now a National Shrine.

house, kitchen, servant's quarters, coach house, smoke house, dairy, spinning house, carpenter's house, gardener's house and plantation office.

Perhaps the estate's closest touch with Washington are the beautiful trees in the grounds near the mansion which were planted either by General Washington or by his direction.

If the ancient ashes, beeches, buckeyes, hemlocks, coffee beans, elms, lindens, mulberry and the many venerable holly trees could speak, they would tell much about George Washington's life as a country gentleman.

America's most famous home, Mount Vernon, underwent not one but two major enlargements during the ownership of the first American who believed apparently, that the first duty of an American citizen to his family was to provide a comfortable home, according to a writer in the Washington Post.

When first built, about 1743, the Virginia home was an unpretentious plantation house of one and one-half stories, comprising the central section of the present mansion.

Just before his marriage to Martha Custis in 1759, Washington "renovized" the dwelling into a house of two and one-half stories by adding one complete story, but did not increase the floor area.
