## Sylvan Residents Are Injured in Auto Crash

Mrs. Oscar Kalmbach of Sylvan township was seriously injured Friday evening, while enroute to Franciscan, when the automobile which she was driving collided at the Clear Lake intersection on US-12 with a car driven by George Smith of Detroit.

Mrs. Kalmbach suffered a compound pelvic fracture, a fractured jaw bone, and severe cuts about the head, face and arm, while her two daughters, Betty Jean and Carolyn, escaped with cuts and bruises, and Eunice Schweinfurth, another passenger in the car, was unhurt.

Mr. Smith was cut about the head and face. His father, William G. Clark, who accompanied him, received a broken nose and possible fractured skull. Both cars were demolished.

Mrs. Kalmbach was taken to Mercy hospital, Jackson, and Mr. Clark was taken to Foote hospital.

## Case Asks Police to Speed Licenses

Leon D. Case, Secretary of State, has written letters to chiefs of police and sheriffs of Michigan, asking that they send to Lansing applications for operators' and chauffeurs' licenses, the same day they are approved by examining officers.

Operators and chauffeurs whose applications are approved by local examining officers, are given 20-day permits to carry until their licenses may be returned to them. Investigation of reports that applicants have waited longer than 20 days before receiving their licenses, has disclosed that much of this delay has occurred before the application reaches the Department of State.

Not longer than eight days are ordinarily required for the issuance of a license, once an application reaches the Department of State, records disclose. It is the thought of Department of State officials that police and sheriff's departments will be glad to accommodate the motoring public by sending applications to Lansing more promptly.

### HAFLEY-SCHMITZ WEDDING

Schoen performing the ceremony. The day marked the 22nd anniversary of the marriage of Mr. and Mrs. Hafley, at which Rev. Schoen officiated.

The bride wore a dress of blue crepe with matching hat and white accessories and her flowers were pink and white roses. Her sister, Gladys, as bridesmaid, also was gowned in blue crepe, with pearl grey accessories. She carried yellow daffodils. Vincent Schmitz attended his brother as best man.

By Gene Allaman  
Michigan Press Association

Lansing—Michigan farms and farm homes are rapidly being "modernized" through a revolutionary change which is taking place quietly, without fanfare or ballyhoo.

In 1926 less than 2 per cent of the farms had electric service. In 1930 the federal census revealed 170,000 farms. Today more than one-third of these have electric service, nearly 10,000 being added last year. Encouraged by private power companies and spurred on by Washington, rural electrification is making great strides. Last week Presque Isle county farmers received federal support for a cooperative line. Governor Murphy pledged, a few days ago, his support to the Fruit Belt Rural Electrification association, a new group affecting Allegan, Barry, Cass, Kalamazoo, Otsego and Van Buren counties.

### Historic Fort St. Ignace

Two and a half centuries ago when Michigan was a wilderness of forests, St. Ignace took possession, in the name of the King of France, and with consent of Indian tribes, of the land of the Great Lakes from the Soo to the Gulf of Mexico.

That was the historic beginning of Fort St. Ignace, a French army post fronting strategically on a high bluff. In military importance, the fort was second to none west of Montreal.

As a link to the past, Dr. C. N. Gannon, former resident of St. Ignace, has just offered the site on the east bluff of land where the St. Ignace Lions club intends to reconstruct the fort as a historic shrine.

### Fishing and Stream Pollution

If the tourist industry in Michigan is worth \$10,000,000 a year—and much of this business comes from the organized efforts of the four tourist associations—then isn't it logical that Michigan should protect its streams, make them habitable for fish life? The legislature has just been informed by the state stream control committee that Michigan was one of the worst stream-pollution offenders by dumping of brine and sewage sludge.

### Miscellany

Michigan and California, both meriting distinction as tourist states, now have one thing in common—Earthquakes.

While Washington is the arena of the supreme court tug-of-war, Michigan is having its own political battle between the democrats, headed by Murray D. Van Wagoner, state highway commissioner with a key to federal highway funds, and republicans, led by Dr. Eugene B. Elliott, exponent of more state aid for public schools.

Political analysts are studying the possible election effects of the declaration by Governor Murphy, while vacationing in Florida, that he favored generous state aid for public schools.

### UNION LENTEN SERVICE

The Union Lenten service will be held on Wednesday evening, March 17, at the Congregational church. Rev. F. D. Mumby will preach. This will be the last Wednesday evening service.

On Good Friday, March 26, the final service of this series will be held in the Methodist church. Rev. Arie Binkhorst of Olivet, who has been the supply pastor of the Congregational church for several months, will preach the sermon.

The service last evening was held in the Methodist church. The special music was furnished by the Junior Choir and the sermon was delivered by Rev. P. H. Grabowski.

### HOLD MARCH MEETING

The March meeting of the Primary Teachers of the Methodist Sunday school was held on Tuesday at the home of Mrs. L. G. Palmer. Following a one o'clock luncheon, Mrs. Leigh Beach opened the meeting with devotions, after which a discussion on "Taking an Inventory of One's Self" was led by Mrs. Palmer. Roll call was answered with miscellaneous quotations. Plans were made for Easter decorations and activities. A poem, "Keep Smiling" concluded the program. Seven members and one guest were in attendance at the meeting.

Mr. and Mrs. John Rudd are the parents of an 11-pound son, Max, born Monday, March 8, at South Side hospital.

## One Hundred Votes Cast at Village Election

At the annual village election held on Monday, 108 votes were cast, re-electing the present administration which was unopposed. A small vote was anticipated as there were no issues before the electorate with the exception of electing the officials without any opposition.

The officials elected are:

President—Roy Harris.  
Clerk—James Munro.  
Treasurer—Ed. Miller.  
Trustees—J. E. Weber, E. E. Adam, and C. J. Williams.

Assessor—Ed. Kewach.  
Trustees whose terms do not expire until next year are F. W. Merkel, Conrad Lehman and Wilbur Hinderer. A special meeting of the council will be held tonight when the oath of office will be administered to the officials.

## Petitions Oppose Any Supreme Court Change

A number of petitions are being circulated about the village in opposition to President Franklin D. Roosevelt's proposal to allow the Executive to re-vamp the supreme court of the United States. Those who are circulating the petitions report that they encounter very little opposition to obtaining signatures. The wording of the petition is as follows:

To Members of the Senate and House of Representatives of the United States:  
We, the undersigned, citizens of the United States, exercising our right to petition, protest against the President's bill, or any substitutes, permitting the Executive branch of the government to control or subordinate the Judicial or the Legislative powers established under the Constitution.

This bill would give to the President the power to remake the Supreme Court and to pack it with men to interpret the Constitution as he wishes. Such concentration of power is dangerous even in the hands of the best-intentioned man.

The framers of the constitution divided the government into independent Legislative, Executive and Judicial departments, because history shows that concentration of those powers in one department, or in one man, inevitably leads to dictatorship.

This bill would establish such concentration of power as no one at any time in any place has been able to use for the public good. The independent branches of the government would become the instruments of the White House. Public respect for the courts and the Congress, so essential in a democracy, would be seriously impaired.

If one President is allowed in this fashion to create a Supreme Court to interpret the Constitution so as to validate the laws he desires, neither he nor his successors will have to consult the will of the people concerning future amendments.

We therefore protest, and demand that the constitutional safeguards of an independent judiciary be retained. The power to amend our Constitution is not the Executive's, to exercise by indirection. It is not yours to surrender. It is ours, and we look to you, trustees of the people's liberties, to protect it. How you vote on this issue is all-important, now and in the future.

### HONORS RECENT BRIDE

Honoring Mrs. Wilbert Willy, a recent bride, Miss Emma Jane Alexander entertained last Thursday evening at a miscellaneous shower, the guests including members of the class of '36 of Chelsea high school. Games furnished amusement for the evening and prizes were won by Lorinda Beutler and Dorothy Pritchard. St. Patrick emblems decorated the table, at which the hostess served refreshments, with covers for ten. Mrs. Willy was formerly Miss Virginia Cooper.

### BRIDE-TO-BE HONORED

Mrs. H. E. Foster entertained at a miscellaneous shower Saturday afternoon for the pleasure of Miss Betty Murray of Detroit, whose marriage to Laverne Foster will take place in April. A feature of the entertainment was a mock wedding, with Eunice Hart as the bride, Peggy Bleeker the groom, Mary Jane Bahnmiller the minister. The wedding march was played by Jean Irwin. Lunch was served to 20 guests.

I'M GLAD THAT JESUS WON  
(An Easter Song)The bells of joy are ringing  
Within my soul today;  
My joyful heart is singing along life's  
sunny way,  
My eyes with gladness glisten,  
Yet nothing great I've done,  
But listen—listen—  
I'm glad that Jesus won.With cruel thorns they crowned Him,  
They tore His precious side,  
And then they gathered 'round Him  
And jeered him 'till He died;  
But He again has risen,  
His foes are all outdone;  
And listen—listen—  
I'm glad that Jesus won.Upon His cross I'm gazing, I'm gazing  
My heart o'erflows with love;  
My happy soul is praising  
My risen King above;  
No stone, no grave, no prison  
Could hold God's mighty Son,  
And listen—listen—  
I'm glad that Jesus won.

## JERUSALEM SCHOOL NEWS

The school month of February ended for the Jerusalem school Friday, Feb. 26. Those neither absent nor tardy during February were Arlene and Wilma Koenig, Robert and Doris Trinkle, Donald McLean, and Lois and Jane Schlosser.

We had a Valentine party Friday, February 12, at school. The teacher surprised us by having fruit salad, cake and cookies. She also gave us candy, Valentine and pencils. We had our Valentine box, and everyone received many pretty Valentines. Three of the children managed the making of a pretty Valentine box.

The fourth grade geography have just started the study of Switzerland. They have a good collection of pictures on the bulletin board to study from.

The seventh grade are preparing for their second test March 4. Everyone is working hard, in trying to improve their reading. We have many good seat work books to work on.

We were busy studying about Lincoln and Washington. We found out some new facts about each. We added stories, poems, pictures, and clippings to both Lincoln and Washington booklets. We have a very good collection in both books now.

We have added another picture to our picture study book. We have a very nice new bookcase on our wall. We have it filled.

In Health we are finishing the study of "Colds". We have our health book nearly finished. The second grade have made some contributions to the book as well as added stories and pictures to their own health notebook.

In Art work we painted some boxes and put designs on them and gave them to our mothers for Valentines.

We also made some pretty Valentines. We made some letter openers and colored or painted them. We have been making some wall hangings the past week. The Beginners made some paper covered boxes. The fifth grade have drawn and colored some pictures relating to their geography work.

We have our music book nearly finished. We are busy working on the records for music appreciation. The children who expect to go to the music festival are memorizing the songs and practicing the dances.

Mrs. Robinson visited our school on Feb. 10. She was interested in our reading work and in all reports.

We have added some new science readers to our library.

Visitors during the month were: Mrs. Robinson, Kathryn Lindauer, Ida Detting, Mrs. Homer Beach, Mrs. G. Schooley, Marilyn Schooley and Ruth Gracey.

—Contributed by 4th, 5th, and 7th grades.

Timely warnings and appeals may not always be heeded. They should be. It is much better to do that than to later on play up sympathy.

A workman invites trouble by ignoring a nail protruding out of a board. He steps on the nail, gets a serious infection and is laid up in a hospital for a long time.

Instead of sympathizing with him and sending him flowers and other-wise showing our feelings, it would be much better to write him a brief note calling attention to his carelessness.

This might not be such a gracious gesture, but it is a very practical one. Let him think about his carelessness while he is lying on a cot in a hospital and meditating the loss of time and money.

Less sympathy — more practical common sense.

## SYLVAN CENTER HIGHLIGHTS

We have completed our book chart which is a large airplane with parachutes going from it. Every child has a parachute color of their own.

We have made a bird chart, with many birds on it, to keep record of the first Spring birds that we see.

The eighth grade have finished their Science, that is, the chapter for test, and are now studying hard on Civil Government. They are finished with English, and are nearly done in Arithmetic.

Some of us got very good marks on our February tests. Some of us did not do quite so well.

The little folks have a store, where they play store. They bring empty containers from home.

Our attendance for February has not been so good.

—Carolyn Kalmbach.

Each of the 2nd, 4th, 5th, 6th, 7th and 8th graders made a poster about Washington on February 22.

Helen West and Jean Hafley are finishing the bird chart which they were making. It has big birds on, with numbers below each bird. Whenever we see one of the birds come back first we put the name of the person who saw it, the date on which we saw it, and the place where we saw it.

The beginners, first and second graders are making dishes and painting them.

The sixth grade are studying about England and Queen Elizabeth.

The sixth grade are making a miniature summer camp for Hygiene. They are putting in everything that would be found in an ideal summer camp for boys.

The fifth grade are making a map of the United States and are putting where the strikes, sandstorms, snowstorms, floods and all the most important things that are going on in the United States.—Jean Hafley.

We are getting ready for our county test which we take March 4. We all hope to get better marks this time.

The seventh and eighth grades

wrote poems for English. We hope to see some of them in the paper.

The boys are working hard in handicraft to be finished for achievement day March 15.—Helen West.

## SPRING

Spring means birds and flowers and trees,  
Rustling brooks and happy bees,  
When nature makes the outdoors a world of wonder,  
And winter-born snow drifts go asunder.A rustling brook, humming by,  
Through branches overhead sees bits of sky.  
One wonders if some miracles come,  
To make it, so sing and hum.The flowers peep from beneath the ferns,  
Just hear the birdies sing,  
The wild life wakes and learns  
That mother nature is their king.And sunshine light and warm  
Beams down on the ground around,  
The bees getting ready to swarm,  
A brook making such a happy sound.All tells them that Spring is here.  
School-boys roam the woods around,  
And listening to the happy sound  
Of the brook, as it swirlingly passes by.Know its Spring, and shout on high.  
Listen to the birdies sing,  
The brook a-rustling and everything,  
Joyfully repeating o'er and o'er.We will have winter here no more.  
For we know it's Spring from the songs and deeds,  
Of all the flowers, birds and weeds,  
As they spring up in the woodland this day.To drive the lingering winter away,  
And shout to the world with shouts of cheer,  
That winter is gone, and Spring is here.

—Carolyn Kalmbach.

Paints and Lacquers

The usual oil paint consists of a pigment held in linseed oil, to which special driers and thinners may be added; there are also alcohol paints and water color paints in which the pigment is mixed with a substance soluble in water, such as glycerine. Lacquers may be spirit varnishes, consisting of shellac with coloring matter and other ingredients dissolved in alcohol, or they may contain nitrocellulose or similar ingredient in suitable solvent. They are generally fast drying. The enamel paints, as distinguished from the enamels requiring heat to apply may use varnishes containing gums instead of oil; they give a smooth glossy coat.

The 60-horsepower Ford V-8 engine was first developed for Europe, where fuel costs are high. Two years' usage there proved its unusual economy.

When the "60" came to this country this year, the Ford Motor Company made no mileage claims—waited for facts, written on American roads by American drivers.

Now Ford "60" owners are reporting averages of 22 to 27 miles on a gallon of gasoline. That makes it the most economical Ford car ever built!

Best of all, the Ford "60" is just as big and roomy—just as handsome, sturdy and safe—as the famous 85-horsepower Ford V-8. And it sells at the lowest Ford price in years.

If you want a big car for a small budget—a car you can drive with pride and profit—see the thrifty "60" soon!

## Chelsea Defeated in Tournament Finals

After defeating Napoleon in a spirited battle on Thursday night, 22-18, and Vandercook Lake on Friday night, 23-18, Chelsea founded before East Jackson High cagers in the finals held at Michigan Center, by a score of 23-14.

Tisch topped scoring honors in Thursday's battle, with 8 points, but failed to score on Friday and Saturday's contests. On Friday night the Reserves began the game for Chelsea but failed to hold the Vandercook Lake five. The first squad took over the task and succeeded in defeating the Vandercook squad.

On Saturday night the teamwork present in Thursday's battle was absent and the squad founded. John Alber turned in a good record, making all of his 4 foul shots. East Jackson dashed Center's hope of victory to the ground in their one point margin victory on Thursday night, 15-18. Over-confidence on the part of Center and a fighting spirit on the part of East Jackson turned the tide.

In the Class D District championship held at Center between Cement City and Brooklyn, Brooklyn proved victor by a margin of 8 points.

Wheeler scored 7 points, Koebe 6, and Niehaus 5. Alber, Tisch, 0 in the Vandercook Lake-Chelsea battle. Miller, number 8 of Vandercook, scored thirteen of the total 18 points for Vandercook.

## Girls' Basketball

Girls' basketball drew to an end last Tuesday when they defeated Clinton, there, 12-16. This makes four out of six games that the Chelsea girls have been victorious in. The line-up at Clinton was:

Guards—M. Ashfal, Runcliman. Forwards—B. Adam, C. Schenk. Centers—R. Boyce, B. Howe.

The game was close and proved immensely interesting because of this fact.

With the season '37 ending the following girls will be lost from the team: B. Adam, M. Ashfal, B. Howe, R. Lindemann, J. McGaffigan, R. Runcliman and R. Umstead.

## L. NIEHAUS TOPS SCORING

Laverne Niehaus, Chelsea high school center, Junior, garnered a total of 66 points in the 1936-37 basketball season.

## Editorial

Can you hear the birds sing and see the green buds of plant life come through the ground? With all this taking place around us we can feel certain that spring is here.

This spring, as every other spring, the school and different homes will try and keep their lawns in perfect order. This cannot possibly be done without the entire cooperation of the student body. Instead of taking that shortcut to school in the morning, just start a little earlier and try using the sidewalk. I'm sure the school board and parents will appreciate this greatly.

## Senior Play

The cast of "Fast Colors", the Senior class play, has been rehearsing diligently for the past two weeks. The production will be presented on March 18 and 19 in the Chelsea High gym at 8 p. m. "Fast Colors" is a swiftly moving comedy that promises to be well worth seeing. The play has a color scheme with two industrious young men trying to start in business using their names, Black and White, as an asset, declaring that they are fast colors and consequently will not run. The heroine is a pretty girl named Violet who during the course of the plot vanishes into thin air. A ransom note appears and brings consternation to her family with this indication of kidnapping. There is plenty of mystery and romance in this play but no melodrama.

Swift and dependable. Long Distance telephone service has won an important place in the modern social life of Michigan. The recent rate reductions have given the service greater usefulness than ever before, have made available to almost every one the pleasure and benefit of "voice visits" to far-away friends and relatives.

Special occasions lend special interest to Long Distance service. It is the ideal way of extending your congratulations on a birthday, a wedding day, an anniversary. Any other remembrance you send could be sent by some one else; but only you can send your voice.

## KELVINATOR ON THE AIR

Much popular interest is being created by the radio program of "Professor Quiz" which is being sponsored by Kelvinator, Division of Nash-Kelvinator Corporation, on a nationwide hook-up of 55 stations each Saturday evening, according to a report from E. Announcement is made on each "Professor Quiz" program of the nation-wide Kelvinator Home contest being sponsored by Kelvinator. E. J. Claire & Son are local headquarters for the contest, where entry blanks and the Kelvinator Home book, which gives ideas for answers to the "missing word" contest, may be obtained by contestants.

**OBSERVE GUEST NIGHT**  
On Tuesday evening, March 9, the Child Study club held the meeting of the year to which all members look forward with a great deal of anticipation and pleasure—guest night.

Members of the Young Mothers' Child Study club of Chelsea and a group of young mothers from Grass Lake were honored guests. The latter group is interested in forming a child study club in their locality. Mrs. W. R. Daniels opened her beautiful new home on Congdon St. for this occasion.

Mrs. A. A. Palmer, president of the Child Study club, opened the meeting and introduced as the first number on the program, Miss Lucille Boongaard, supervisor of music in the public school. Miss Boongaard introduced her own piano selections, "Valse Brillante" by Manna Zucca, and "Veneration Love Song" by Ethelbert Nevin. The speaker of the evening was Miss Malita Hutzler, member of the state board of Social Education at Lansing. Miss Hutzler chose as her subject "Growing Together in the World Today," and held the attention of her audience with her splendid, constructive thoughts and her brilliant and forceful manner of delivery.

Miss Boongaard then introduced the girls composing the high school quintet: Joan Walworth, Eunice Hart, Peggy Bleecker, Jean Luck and Barbara Schenk. The quintet rendered two groups, the first of which was "The Glad Prayer" by Stenson, "Holy Hour" by Nevins and "Indian Dawn" by Vamecnik. The second group consisted of light opera selections: "Alah's Holiday" by Friml, "Aufweid-erschen" by Romberg, and "Symphony" by Friml. They were enthusiastically received and in spite of their youth, they were very mature and finished in their rendition.

The president then introduced Mrs. J. L. Fletcher, Girl Scout leader, who appropriately reported on Scout activities, as a reminder of the 25th anniversary of Girl Scouts, which occurs this week. In closing the program, the president read a Parents' Code, by Drier, which was an excerpt taken from Elbert Hubbard's scrap book. The evening was rounded out by a social hour, and refreshments were served by the hostess and her committee.

**FEEL ANOTHER QUAKE**  
Many residents of this community were awakened by an earthquake which rumbled across the state about 12:45 Tuesday morning, similar to that experienced the past week. Occurring at a time when a large number of people were in bed, and due to the fact that a bed is easily shaken, this tremor was felt by more persons than that of a week ago. Slightly greater in intensity, it traced almost the same route it followed before. Walls were shaken, beds trembled and doors and dishes rattled, but no damage due to the tremor has been reported.

The shock was distinctly felt in Ohio, Indiana, Illinois, Kentucky, Michigan, Wisconsin, West Virginia, and Ontario, Canada, and in some places continued with varying intensity for from two to 15 minutes.

Reports from the secretary and treasurer were favorable. The song service was directed by Theo. Riemenschneider. John G. Fischer reported that Rev. M. R. Jewell of Ann Arbor could not be present on account of illness.

An address on the utility of the use of force was presented by the pastor, which contrasted the modern methods of noisy warfare for securing human welfare and progress with the quiet power of the Cross, the title being: "Put Up the Sword; Take Up the Cross." The meeting closed with prayer by Mr. Fischer.

The closing meeting of the 1936-7 series will be on April 20. A closed meeting for men only, at which time officers will be elected, is scheduled for May 10.

## His Unlucky Day

"YES, sir, I believe in that superstition about Friday, the 13th, being an unlucky day," said the Old Man in Yellowstone park. "I recollect one of 'em in particular. It was out on patrol and discovered I didn't have a bite of food in my grub bag and only one shell left in my trusty o' gun. Well, I sneaked through the woods till I saw a brace of quail sittin' on a bush so I mangled 'em aroun' 'em as to be sure of gettin' both of 'em with one shot."

"I let fly 'em, by golly, when I went to pick up them two birds I found that I'd killed six more that was sittin' on the other side of the bush. Just then I heard a big commotion out in a little lake nearby. There was a big buck deer that had been skinned by my shot and had run out and got himself mired down."

"I run out to help him but before I could get to him he drowned. As I was carryin' him to shore, I sank down in the mud an' water up over the tops of my boots. So I took 'em off to pour out the water and there it was, the deer didn't flop out of 'em a dozen of the finest trout you ever did see."

"Well, I strung the quail on the deer an' the trout on a pole so I could carry 'em easier. But my struggles to get the load up on my shoulders was just too much of a strain on my suspender buttons. Darned if one didn't fly off with such force that it killed a rabbit 100 yards away."

"When that happened, I just decided it wasn't no use to try to do any more huntin'. Seemed like it was my unlucky day, it help. Friday, the 13th."

## Gourds in Great Variety

## and Are in Many Colors

Gourds are a member of a great plant family and it is the only one of the vines of which are forever traveling. Besides gourds the cucumbers tribe is represented by cucumbers and melons. The cucurbita tribe counts as its most prominent member squashes, pumpkins and some of the small gourds.

These gourds come in a great variety of interesting shapes and are of many colors. One authority lists over twenty varieties, most of them grown for ornamental purposes.

Gourds were long known and freely used by American Indians from Florida to Mexico. Along the Rio Grande, they are grown by Pueblo Indians, who prize them as household utensils.

The dipper, Hercules club, serpent or snake gourd and many others require the long growing season to which they became accustomed in the countries of their origin.

The largest growing, best known members of the gourd family are pumpkins and squashes. Since they have strong growing vines that travel far they are usually grown in cornfields as farm crops.

Many curious qualities and characteristics have been attributed to the fruits and seeds of gourds. That the ancients were familiar with them is proven by references in many herbarial and plant books centuries old. One of them, the herbar of Dr. Lonicus published in 1558, lists an even dozen of cucumbers and cucurbits.

Medicines prepared from them were supposed to cure many human ills. Nearly all of them were looked upon as remedies for bladder ailments. Others were credited with qualities to purge the system of poisonous substances. Melon juice mixed with bean flour was supposed to be a good complexion remedy.

**PRIME ELECTRIC FENCE**

—offers such an enormous saving in fencing and is so utterly satisfactory that our owners' list reads like "Who's Who in Farming."

These owners will agree that no intelligent operator of a farm can ignore this device if they are in the business for profit. To get along without this device is as inefficient as trying to cut wheat with a jack-knife!

Our new models are absolutely safe and are endorsed by the Michigan State College and by your power company. They will function perfectly in driest weather or on frozen ground. The power line is not required. They are powerful enough to fence any animal, including sheep. Will handle 15 miles of fence.
