Bowling Season Will Start on Saturday

Of interest to lovers of the sport is the announcement by Harold Gueatal that the Chelsea Hotel bowling alleys will open on Saturday of this week, after the usual summer vacation period of several weeks. All three of the alleys have been resurfaced and will be just like new for the opening of the season.

These alleys, the first in Chelsea for several years, were installed in the basement of the hotel in the spring of 1936 and proved to be very popular with bowling fans in the community all last winter. Several tournaments, for both men and women bowlers, were staged last winter, with worthwhile prizes being awarded the winners.

Although the alleys will be opened to the public on Saturday, tournament playing will not start until October 1. This will give bowlers an opportunity to practice for several weeks before entering the strenuous tournament competition.

In addition to prizes which will be awarded in the local tournaments the Brunswick company, manufacturers of bowling equipment, are offering \$34,000.00 prizes in the Brunswick sweepstakes, which will be awarded to bowlers in five different classes, so that there is an equal chance for bowlers throughout the country to participate in these prizes. Full particulars can be obtained at the hotel.

NAVARE-LINGANE WEDDING

The altar of St. Mary's church, Jackson, was decorated with roses, palms and cathedral candles for the wedding of Margaret C. Navarre and Leo Lingane, which took place Monday morning, with Rev. Fr. E. M. Cullinane officiating. The bride is the daughter of Roy Navarre of Jackson and the groom is the son of Mr. and Mrs. Patrick Lingane of Sylvan township.

Altha Palen presided at the organ for the processional and recessional. Miss Eleanor Horton attended the bride as maid of honor and Richard Lyons of Chelsea was best man.

The bride was gowned in white net over white satin and her long veil was caught cap shape with a tiara of gold leaves. She carried a shower bouquet of white roses. Miss Horton wore a dress of ice blue taffeta. A silver tiara completed her costume and she carried a bouquet of pink rosebuds tied with silver ribbon.

Following the ceremony a wedding breakfast was served at the home of the bride's grandmother, with covers for 20. The table decorations were in green and white and the bridal cake was centered with a miniature bride and groom. Later, a reception was held, which was attended by friends from Jackson, Chelsea, Detroit and Kalamazoo.

The couple left on a motor tour, the bride wearing a three piece suit with navy blue accessories. After August 30 they will reside at 2203 Tyson St., Jackson.

Lansing—Only five days remain for owners of nearly a half million Michigan farms, homes and vacant lots to save their property from being forfeited to the state for nonpayment of delinquent taxes.

To the press of Michigan has been given the educational job of informing taxpayers how they can save their homes and farms through the payment before Sept. 1 of one-tenth of the delinquent levies. The state government, utilizing the medium of the printed word, is expending \$25,000 to acquaint the people with the facts.

Tax delinquencies involve 1,500,000 pieces of property of which approximately one-third are in Wayne county.

Owners of these properties may pay one-tenth of the total tax amount, plus a 2 per cent collection fee, and thus can redeem the property at once. Otherwise, owners face penalties up to 35 per cent. Property that is not redeemed will go to public sale next spring.

Our Tent Cities

Now that the federal housing bill has been passed by congress, authorizing \$526,000,000 for loans and grants, Michigan municipal officials are surveying their local housing needs and hoping that something can be done.

Particularly concerned are two Michigan cities—Pontiac and Flint—where welfare families are being housed today in tents. Along with the spiraling cost of living, rents have gone up. Vacant houses are scarce.

In many municipalities there exists an outright shortage for the first time in a decade.

The federal measure contains safeguards against the construction of de luxe homes and apartments for the purpose of slum clearance. Furthermore, a state statute in Michigan limits the jurisdiction of existing state housing authority to cities over 500,000—in other words, to Detroit.

In the judgment of several Michigan congressmen, the state legislature should be asked in its special session this fall to amend the law, permitting (Continued on next page)

Auditor Gen. Warns Delinquent Taxpayers

Issuing a note of warning to delinquent taxpayers, Auditor General George T. Gundry again calls attention to the fact that after September 1st, the delinquent taxpayer will, automatically, come under the provisions of Act 28, passed by the 1937 Legislature, an Act which leaves no option to public officials on the matter of property delinquent for taxes.

After September 1st, Mr. Gundry points out "if the 1936 taxes are not paid in full, and if the matured installments of 1932 and prior years have not been paid, and if the first installment of 1933, 1934 and 1935 taxes have not been paid, (prior to September 1st) the taxpayer has completely lost his opportunity to take advantage of the ten payment plan."

"If payments are made before September 1st, there is a saving in fees amounting to 34 1/2 percent on 1933 tax, 26 1/2 percent fees on 1934 tax, and 16 1/2 percent fees on 1935 tax."

The penalty for default of any installment is that the entire balance of the tax is offered for sale at the next tax sale, which is in May 1938.

County treasurers, continues Mr. Gundry, are greatly encouraged by the response to the State and County advertising concerning delinquent tax collections and it is anticipated that by the time September 1st is reached, that the total delinquency for taxes will be substantially reduced.

COY-WENK WEDDING

The ceremony uniting Miss Zelma N. Coy, daughter of Mr. and Mrs. Chauncey Coy of Dexter, and Raymond C. Wenk, son of Mr. and Mrs. John Wenk of Freedom township, was solemnized at four o'clock Saturday afternoon at the Methodist parsonage, Dexter, with Rev. Herbert Brubaker officiating. The attendants were Miss Ellen Voorhies of Ann Arbor, cousin of the bride, and Ernest Wenk of Freedom, cousin of the groom.

Miss Coy wore a dress of white embroidered organdie with white picture hat and she carried a bouquet of gardenias, yellow rose buds and dark blue delphinium, tied with white ribbon. Miss Voorhies was gowned in rust colored bias silk and her bouquet of pink rosebuds was tied with pink ribbon.

A wedding dinner for the immediate families was served at the home of the bride's parents, after which the couple left on a motor trip. They will make their home on Division St., Ann Arbor.

Local Girl Scouts Go to Camp for One Week

Thirty-seven Girl Scouts gathered at 3 p. m. Sunday at the home of their leader, Mrs. John L. Fletcher, whence they left for camp at Silver Lake, to be gone one week. Through the courtesy of Frank R. Coburn, who loaned them two transport trucks, they were able to go in a group, the baggage going in the other truck.

Each girl was assessed \$1.50 and an article of food. The rest of the expense money has been raised by the girls themselves, the Child Study Club, who sponsored the Girl Scouts, and a few contributions from generous organizations and individuals. It is estimated that the actual expense per girl, at a very low estimate, is about \$6.00. The Captain, Counselors and Court all donate their services.

Wednesday evening the Scouts held open house, with parents and friends invited. High Court of Honor was held, with merit awards being presented.

Following is camp order of the day:

- 6:45—Reveille, exercise and wash period.
- 7:15—Flag ceremony.
- 7:20—Morning thought—Inspiration service.
- 7:30—Breakfast.
- 8:00—Camp duties.
- 9:00—Inspection. Contest for cabin honors. (Counselors check up on each girl's project plans for the day).
- 9:10—Project period. Every girl under supervision.
- 11:00—Swimming instruction. Beginners and advance.
- 12:00—Leaders' meeting. Campers' free time.
- 12:30—Dinner.
- 1:00—Rest hour.
- 2:00—Sport program. Boating, tennis, baseball, hikes.
- 4:00—Swim. Supervised but free play.
- 4:45—Leaders' swim. Campers' free period.
- 5:20—Flag ceremony. Retreat.
- 5:30—Supper.
- 6:00—Boating, tennis, volley ball, baseball, snipe hunt, high court.
- 8:00—Evening program.
- 9:00—Recall.
- 9:15—Taps.

Signed:
Ruth Fletcher, Captain,
Vyda Mumby, Swimming In-
structor,
Helen Hindelang, Sports,
Vera Bleecker, Program.

The Girl Scouts wish to thank everyone who has so generously assisted them to make this splendid camp possible.

Squirrel Laws Not Altered This Year

Lansing—The state conservation commission took no action at its August meeting with regard to altering existing fox squirrel regulations. As a result there will be a squirrel hunting season in Michigan this fall as in the past year, but none in 1938.

The legislature early this summer amended the hunting laws so as to eliminate hunting of fox squirrels, the only game squirrel on which there has been an open season.

The law which will accomplish this, however, does not go into effect until October 29. Until that date present laws and regulations with regard to the fox squirrel remain in force and effect.

The present regulations permit an open season on fox squirrels from October 1 to October 10 in the upper peninsula and from October 15 to October 24 in the lower peninsula, all dates inclusive.

The squirrel hunter comes in "just under the wire" for his favorite sport this fall, but he will get no legal squirrel shooting during the autumn of 1938 unless the legislature so provides before that time.

RETURN FROM CRUISE

Dr. and Mrs. Harvey G. Pearce, who spent the last two months on a Mediterranean cruise, returned to their home at North Lake last week Wednesday. Among the countries visited by Dr. and Mrs. Pearce during their tour abroad were England, France, Italy, Greece, Egypt and other countries of northern Africa, and Palestine.

Dr. Pearce resigned the pastorate he held at East Grand Boulevard M. E. church the past seven years, and later accepted a position as secretary with the Michigan Methodist Educational Board. Both he and Mrs. Pearce will lecture on their tour.

Dr. Pearce will preach Sunday morning, August 29, at 9 o'clock, at the North Lake M. E. church.

SCOUTS INVITED TO M. S. C.

An invitation has been extended to local Scouts and leaders, through Scout Executive Walter MacPeck, to make a pilgrimage to East Lansing on Saturday, September 25, to participate in the annual Boy Scout day at Michigan College. Scout registration cards will serve as admission and all Scouts owning uniforms will wear them. Last year 3617 Scouts from 87 cities participated in this Scout Day.

Canning Wages Increase
One of the leading industries in Michigan—one which provides welcome spending money for thousands of families—is the canning industry.

When crops are good and money is plentiful, the canning factories hum with activity. Such is the case this year in Michigan, thanks to a bountiful season.

It is good news to everyone to hear that the average weekly wage for July was \$16.64 this year, compared with \$12.72 a year ago. George A. Kroghstad, state commissioner of labor and industry, reports that employment in these plants increased 17.8 per cent.

Because of their reasonable needs, canning plants have been signally free from labor trouble. In contrast with their happy condition is the furniture industry which has experienced sagging employment and payrolls.

Slot Machines

While the state legislature has officially and legally adjourned, subject to a second special session in the fall, several legislative committees remain at work. One of these is investigating the gambling industry in Michigan with the naive idea of finding out who is running it and how much graft is being paid for protection.

Hearings are being conducted in secret by Representatives Carl DeLano of Kalamazoo, a republican, and John Hamilton and Chester Filtzgerald of Detroit, both democrats.

The investigators declare that criminal action may be sought if evidence justifies. The legislators' dilemma is quite obvious. If the committee finds what it is looking for, it will have dynamite on its hands, for gamblers and politicians are likely to exert unusual pressure to block disastrous disclosures. If the committee finds no evidence, critics will suspect that pressure was applied successfully.

Representative Hamilton introduced a bill last spring to legalize gambling through a state licensing system.

Wages and Rates

In the legislature session last spring, two lobbies pitted their strength against each other in seeking passage of bills affecting transportation in Michigan.

The railroads, facing prospects of wage increases, sought legislation to protect them against the ever-increasing competition of motor trucks.

Motor truck people, organized into a well-functioning lobby, asked special legislation to rescue their business from what some leaders termed to be "impending bankruptcy."

Then came the threat of a nationwide strike of railroad workers; a wage increase averted this. The truckers then experienced a strike, as drivers demanded more wages under

union conditions. A month's truck was affected.

Last week the state public utilities commission ordered a mandatory increase in freight rates for truck carriers. The higher rates may enable truck carriers to increase wages of drivers, and the same rates may return some of the diverted business back to the railroads. Even Commissioner Glenwood of the state commission admits that the rate change is experimental.

DISTRIBUTE POLICE DIRECTORY

The fifth edition of the Michigan Police Telephone Directory, published as an aid to law enforcement officers in their war on crime, is being distributed to local, county, state and federal authorities throughout Michigan by the Michigan Bell Telephone Company. C. F. Schaefer, manager for the company in this area, has delivered copies locally to William Atkinson, Deputy Sheriff.

The new issue of the directory is eight pages thicker and somewhat more comprehensive than previous editions have been, containing additional information and listings, as well as designations to indicate the 22 police offices that are connected with the Wayne County Police Telephone System, a network by means of which those departments obtain a continuous exchange of information having to do with their work.

Listed in the directory are the names and telephone numbers of the heads of all Michigan municipal police departments; sheriffs of the state's 83 counties; commanding officers of all of the 34 State Police posts, and the several Federal law enforcement bureaus or branches in Michigan, such as the Bureau of Narcotics, Bureau of Investigation, the Immigration and Naturalization Bureau, Post Office Inspectors, etc.

Inserted in the book, also, is a map, lithographed in colors, which shows the layout of the Wayne County Police Telephone law enforcement network, and the location of the typewriters connected with it, together with the call numbers of the 22 machines. That system ties together the Detroit and Rockwood State Police posts, the Wayne sheriff's offices, Detroit Police Radio Station on Belle Isle, and the Police departments of Detroit, Dearborn, Ecorse, Wyandotte, Flat Rock, Plymouth, Highland Park, Hamtramck, Grosse Pointe Park, Grosse Pointe Farms, Grosse Pointe City, Grosse Pointe Shores, Lincoln Park, Melvindale, Northville, River Rouge, Trenton and Wayne.

Baseball, English Game, Played as Early as 1744

Baseball was a popular children's game in England as early as 1744, 85 years before Abner Doubleday organized the first baseball team in America.

Robert W. Henderson, in the official bulletin of the New York public library, says of the game played in England nearly 200 years ago:

"It was not rounders, nor one-old-cat, nor even four-old-cat. We repeat: a children's game called baseball, in which a player after striking a ball, ran round the bases until he reached 'home.'"

The evidence is found in a book well known to book collectors. For many years it was regarded as the first book issued for children by the first publisher of children's books. The claim has in recent years been proved erroneous, but the book is still cherished regardless of the fact that it is no longer established as the first in history.

Not alone was baseball made known to the children of the United States through the pirated juvenile books, but English children coming to this country with their parents, brought the game with them, and baseball was played here long before Abner Doubleday gave the game his attention at Cooperstown, N. Y. He outlined a more systematic type of play, according to J. A. Krout (Annals of American Sport), but he did not invent baseball; England did that.

New M. S. C. Nursery Service for Farmers

Service of the forest nursery of Michigan State College is being expanded to help wild life and game in the state with plantings suitable for food and shelter, it is announced by P. A. Herbert, head of the forestry department at the college.

Of the more than 2 million trees available to farmers and owners of rural land this year, some of the stock will include berry and nut bearing shrubs and those that will offer browse and shelter to game. The service is pioneering, as no other state is known to offer such material. Since start of the nursery in 1903 more than 20,000,000 forest trees have been placed in the hands of farmers. Many of the trees have made saw lumber and others continue to protect livestock and households from raw winter weather or to serve as windbreaks and woodlots.

A second nursery operated by the Michigan State College experiment station is located as part of a substation 18 miles south of Sault Ste. Marie. This serves the Upper Peninsula.

Price lists of available material now include nearly 40 kinds of nursery stock, sold at cost to those who can qualify. The conditions under which the material is sold to landowners include restrictions that the stock may not be planted within corporate limits of cities or used for ornamental purposes, or resold with the roots attached.

Christmas tree planting stock has been included in the material sold to growers. The original stock, offered through financial cooperation from the United States Department of Agriculture, included white, Norway and Scotch pine and Norway spruce. Scotch pine fell into disfavor because seed had been gathered from the short, crooked trees in Europe and seedlings grew short and crooked.

Birds Lay Eggs on Rock

The brightest eggs laid by British birds are those of the guillemot, found in colonies around the coasts. The birds like a large flat ledge of rock, and there they may be seen sitting packed close together with their wings and breasts touching. No nest is built; the one large egg laid by each bird is just dropped on the bare rock. Each bird knows its own egg, and the same applies to the young when they appear. If a strange baby tries to take food from the beak of an old bird it receives a violent peck, and the food is not parted with until the mother finds her own offspring. Most eggs laid in open nests in hedges or on the ground are colored with various markings.

OUR NEIGHBORS

HOWELL—Monday noon Livingston County officers and officers of the Federal Department of Justice, Alcohol Investigation Division, rushed a large still on the old Diamond farm, section 3, Green Oak, arrested four men, confiscated three cars, and destroyed a still valued at \$10,000.00 that was just about to get into production. In fact the pipes of the cooker were not yet connected but a 3500 gallon wooden tank filled with ripening mash told that production was soon expected to get under way. —Republican-Press. MANCHESTER—What was reported to be the heaviest rainfall of the summer, totaling about a half inch, struck this locality Tuesday afternoon about 5:30, and as a result two barns and a straw stack were destroyed by fires caused by the lightning which accompanied the storm.—Enterprise.

THE ETERNAL LIFE

(John Greenleaf Whittier, 1807-1892) I know not what the future hath Of marvel or surprise, Assured alone that life and death God's mercy underlies. And if my heart and flesh are weak To bear an untried pain, The bruised reed He will not break, But strengthen and sustain. And Thou, O Lord, by whom are given Thy creatures as they be, Forgive me if too close I lean My human heart on Thee. And so beside the silent sea I wait the muffled oar: No harm from Him can come to me On ocean or on shore. I know not where His Islands lift Their fringed palms in air; I only know I cannot drift Beyond His love and care. —Selected by Arthur Carlton

Yucatan's New Birth Like Europe, Yucatan had its own Renaissance, which began in the Eleventh century and lasted until the end of the Fifteenth, when Europe's was getting started. Reminiscent of the migration of the Byzantine scholars to Italy in the influx among the Mayas of a strange race from the West, who quickened the art, architecture and religious life of the Mayas. Sculptured figures that served as columns, colored bas-reliefs, brilliant wall-paintings are all comparable to developments in European art, although the Mayas had no contact with Europe until the coming of the Spaniards in the Sixteenth century.

Male Flesh Has More Flavor As a general rule, the flesh of the male animal and fowl has more flavor than that of the female. One exception is the flesh of the goose, which has more flavor than that of the gander.

Time to do the things you've always wanted to do

Think of the delight of having complete meals cook while you are far away enjoying yourself at a matinee, attending a party, or just luxuriating in idleness. The thought becomes reality when you cook electrically. You simply prepare food with your own time-proven recipes, place it in the oven, set the automatic controls, and you are free to spend your time as you please. An electric brain, eternally vigilant, carries on the cooking operation with perfect control and assured results. While it stands in readiness, you are released. You are given more time for your children, for recreation, for rest, for social work, for whatever your duty or fancy dictates—content in the knowledge that your Electric Range will duplicate results every time. This boon of released time is of inestimable worth!

HOLLY—The high center curbing on the experimental traffic division on the Dixie Highway, six-miles east of Holly, was the cause of a number of wrecks, so it has been removed, and the experiment is being continued with the lower curbing and series of large metal "buttons" in the center. This is being found to quite effectively separate the lanes of traffic, without being high enough to cause a wreck if a car crosses the center line.—Herald.

Fruits May Be Canned Without Use of Sugar

Fruit canning in the midst of a bountiful Michigan harvest can be accomplished without the use of sugar until later use; but the fruit will not hold its color, shape or flavor as well. This is an explanation prepared through the home economics extension service of Michigan State College. Unsweetened canned fruit is useful for pie-making and also in the diet of persons who have diabetes. Juicy fruits should be canned in their own juices rather than with water, when no sugar is used. The process is not difficult. A new wrinkle suggested by those who have experimented with fruit canning is the idea of adding extra juice. Extract the juice from the riper fruits by crushing, heating and straining. Pack the remaining fruits closely into glass jars or tin cans without pre-heating and add enough boiling juice to cover. Partially seal the jars or exhaust and then seal tin cans. A hot water bath is used then to process from 5 to 20 minutes depending on the density of the fruit. Another method is to precook the fruit 2 to 4 minutes and then pour hot into containers, seal and process. Less juicy fruits canned without sugar require water. These include apples, peaches and pears. Only the smallest amount of water necessary should be used, however, in order to keep the natural flavor of the fruit.

PLENTY OF THRILLS WILL FEATURE FAIR PROGRAM

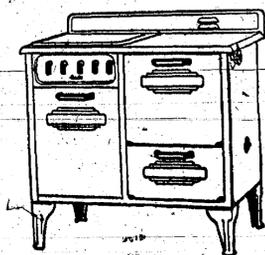

Ann Arbor—While the keynote will be death-defying, spine-tingling acts that may bring permanent injury or death to the participants at any time, there will be plenty of comedy on the entertainment featured at the Washtenaw County Fair, Ann Arbor, Tuesday afternoon only, August 31. The Funny Ford comedy act has been engaged by Mary Wiggins and her Hollywood stunt girls to keep spectators entertained while the various daredevil teams are preparing for their numbers. The Funny Ford comedians have a spectacular number of their own, too. They drive a car in front of the grandstand on two wheels and put it through plenty of funny capers. Then, they stage a hurtling event, causing their car to leap over three hurdles. During their performance they stage numerous reverse spins, plenty of fancy driving and some that is not so fancy, but still entertaining. Fourteen separate and distinct numbers are included on the dare-devils program. Miss Wiggins, the most sensational of all modern-day woman daredevils, heads the program and is assisted by a bevy of beautiful Hollywood girls who have acted as doubles for the famed stars of the movies. Some of the better known acts of Miss Wiggins' troupe include Miss Margaret McLean's leap in an automobile crashing through a solid board wall at 60 miles an hour; a head-on collision between two burning automobiles; four girls crashing through four flaming solid walls on motorcycles; rolling a car over three or four times in front of the grandstand, etc. Excellent programs have been arranged for every day of the Fair, which stars on Tuesday, August 31 and continues through Friday, September 3. Admission to the grounds is free and it is expected record crowds will be in attendance on each of the four day event.

Envy Turns to Hatred "We desire to be envied," said Hi Ho, the sage of Chinatown. "Yet envy easily turns to hatred, and we should not be surprised if success brings more foes than friends."

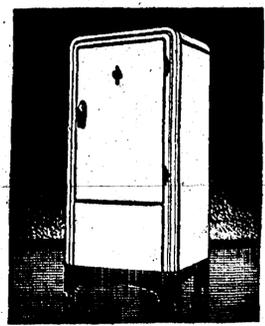

The Statue of Freedom The Statue of Freedom, surmounting the dome of the capitol at Washington, the work of one of America's greatest artists, Thomas Crawford, was hoisted into place on December 2, 1863, amid a salute of 35 guns.

"Talk about Lasting! See how ISO-VIS holds up!" BECAUSE OF THE QUART THAT'S NOT FOR SALE! For every two quarts of Iso-Vis we make, we use three quarts of regularly distilled motor oil. One whole quart of carbon-forming, sludge-forming impurities—material which causes high oil consumption—is carefully removed by Standard Oil's patented Propane and Chlorox processes, and is "not for sale!" That's why Iso-Vis is longer lasting—why it holds your oil level up and your oil costs down! Try this tougher, more durable motor oil in your own crankcase. Your Standard Oil dealer nearby can quickly change your oil to Iso-Vis today! ISO-VIS IS SOLD BY MORE THAN 23,000 STANDARD OIL DEALERS

On Thursday afternoon Miss Sopp was made happy by the coming of her brother and his wife, Mr. and Mrs. Lord W. Sopp of Muskegon; also her sister, Mrs. J. T. Rickett of Howell with Marian and Floyd Rickett. Mrs. Turnbull returned on Monday after being away since June 20. She visited in Ferndale, Clio, Sand Lake, Freeland and Saginaw, but seems to enjoy being at home once more. On Thursday, Miss Allen enjoyed a call from Mrs. Josephine Marks of Belleville, but the real surprise came with her Friday callers, Mr. and Mrs. James Brighton from Wyandotte and Mrs. Maurice Eves from New Boston, who had been her schoolmates in childhood. On Thursday, Miss Alta Springstein of Pontiac called on Miss Harris; her Friday callers were Mrs. J. F. Harris and daughter, Mrs. Parker, from Homer, and Mrs. Harris' grandson, Jack Carney from Canton, Ohio. Mrs. Burr visited in Saginaw last week, going on Tuesday and returning on Thursday. Wednesday evening Miss Switzer enjoyed a call from Miss Julia M. Mayer and Miss May Hutzler from Ann Arbor and Mrs. Louise McClusky from Buhl, Idaho; Mrs. McClusky lives about five miles from the famous sinking farm of which we have read so much, but does not seem concerned about the safety of her own home. On Thursday, Miss Genevieve Clark from Belleville called on Miss Switzer. Mrs. Allen returned Saturday afternoon from spending two weeks in Flint. On Thursday a large group of ladies from the M. E. church in Belleville visited the Home and brought 16 fine rag rugs, which they had been preparing since last winter. Mr. and Mrs. Ellery Mitchell of Detroit called on their aunt, Miss Holman, on Sunday. Our matron, Mrs. Bennett, entertained her sister-in-law and niece, Mrs. Arthur Bennett and Miss Olive Bennett from Pittsburg, from Thursday to Saturday of last week. Mr. and Mrs. H. L. Exceptionally attractive used car and truck buys will be offered by Ford dealers throughout the country during September, according to L. G. Palmer, local Ford dealer.

Mr. Palmer today announced his participation in the second annual nation-wide Ford dealers' used car and truck clearance sale.

"We expect to offer bargains that will move every used car and truck in our dealership," said Mr. Palmer. "We have a wide assortment of used cars and trucks of all makes and models. We have made price revisions and Ford Motor Company is cooperating with an extensive magazine and newspaper advertising campaign."

Mr. Palmer pointed out that renewed and guaranteed cars and trucks will play a prominent part in the clearance. Ford dealers displaying the R & G emblem renew used cars in accordance with rigid specifications set by the factory and issue a written, money-back guarantee.

CHELSEA GAINS EVEN BREAK

In two seven inning games at Wilkinson field Sunday, Chelsea and Pinckney each won and lost, leaving their respective standings unchanged.

In the first game the score was 3 to 3 as Chelsea came up in the last of the seventh. Two hits and a Pinckney error loaded the bases. With two out L. Novess came to bat and slammed a long hit over the centerfielder's head which might have gone for a home run had he run it out. However as he reached first the tie-breaking run scored and the game officially ended, 4 to 3 in Chelsea's favor.

The second game was a different story as Pinckney scored two runs in the first inning on two hits, a base on balls and two Chelsea errors. One run in the third and one in the fifth raised Pinckney's total to 4, while Chelsea's lone run came in the fourth inning. Total hits for both games—Chelsea 23, Pinckney 17. Chelsea's five errors in the second game helped Haines win his second straight over the local team. The Novess brothers battery worked the second game; Barth and Jamison the first.

Next Sunday Chelsea plays Hamburg a doubleheader at Hamburg.

Funeral services were held at 10 o'clock Tuesday morning at St. Mary church, with Rev. Lawrence Dorr officiating. Burial was in Mt. Olivet cemetery.

Peace of Mind

We never get peace of mind when we give "a piece of our mind." Pieces of mind are usually thrown off in a state of anger or excitement. At such times we say things that we are sorry for afterwards. We wish that we might recall the harsh and bitter words that were spoken. But they are gone forever. We know that they have made their impressions and that a heart has been wounded. Peace of mind is the result of self-control.

What is your conduct at filling stations while having your car refilled? Do you smoke? Do you allow others to smoke?

Fires from this cause have been controlled during the last few years. Station attendants have politely asked drivers to stop smoking. That is as it should be.

Fumes from gasoline are dangerous. Sparks, matches, hot ashes, and the like, might suddenly cause an explosion and a serious fire. Lives might even be sacrificed.

Always put out that cigarette or cigar. A pipe should not be smoked in a car, as the ashes cannot be controlled.

Prevent these fires, accidents, and suffering. Do not smoke at filling stations.

STATE OF MICHIGAN

In the Circuit Court for the County of Washtenaw, in Chancery.

Harry S. Hawkins, Esther P. Hawkins, his wife, Plaintiffs.

vs. Catherine Campion, Michael Campion, Winifred Campion, Mary P. Martin, Joseph D. Irish, Daniel S. Twitchell, Tracy W. Root, William Biggs, Fanny C. Biggs, Fannie Biggs, Ransom S. Smith, Charles Schlenker, George Walden, George H. Walden, John Moseley, the unknown wives of Calvin S. Clark, James T. Allen, John Moseley, William Dwight, George Bliss, George Bancroft, and Philip Bach of their respective unknown heirs, devisees, legatees and assigns, Defendants.

Order of Publication

At a session of said Court held at the Court House in the city of Ann Arbor, in said County, on the 18th day of August, A. D. 1937.

Present: Honorable Geo. W. Sample, Circuit Judge.

On reading and filing the bill of complaint in said cause, and the affidavit of Louis E. Burke, attached thereto, from which it satisfactorily appears to the court that the defendants above named, or their unknown heirs, devisees, legatees and assigns, are proper and necessary parties defendant in the above entitled cause, and:

It further appearing that after diligent search and inquiry it cannot be ascertained, and it is not known whether or not said defendants are living or dead, or where any of them may reside if living, and, if dead, whether they have personal representatives or heirs living or where they or some of them may reside, and further that the present whereabouts of said defendants are unknown, and that the names of the persons who are included therein without being named, but who are embraced therein under the title of unknown heirs, devisees, legatees and assigns, cannot be ascertained after diligent search and inquiry;

On motion of Louis E. Burke, attorney for plaintiff, it is ordered that said defendants and their unknown heirs, devisees, legatees and assigns, cause their appearance to be entered in this cause within three months from the date of this order, and in default thereof that said bill of complaint be taken as confessed by the said defendants, their unknown heirs, devisees, legatees and assigns.

It is further ordered that within twenty days plaintiff cause a copy of this order to be published in the Chelsea Standard, a newspaper printed, published and circulated in said county, such publication to be continued therein once in each week for six weeks in succession.

Geo. W. Sample, Circuit Judge. (Countersigned): Luella M. Smith, Deputy Clerk.

Take notice, that this suit, in which the foregoing order was duly made, involves and is brought to quiet title to the following described piece or parcel of land situated and being in the City of Ann Arbor, County of Washtenaw, and State of Michigan, known and described as follows:

"Beginning at a point in the south line of lot thirty two in R. S. CHILDREN IN COURT

Judge Malcolm Hatfield

"Instead of purchasing a tube of tooth-paste with the money his father had given him, a sixteen year old boy played a slot machine that stood in the store."

To his dismay, the one armed mechanical bandit devoured his money and he had nothing to show his father for the funds that had been entrusted to his care. Knowing what the consequences would be when he returned home empty handed, he picked up a tube of tooth-paste and hurried out of the store.

When the merchant indignantly appeared in court to sign a petition for the boy's arrest, the judge said: "You are responsible for this boy's delinquency and I regret that I do not have the authority to impose a fine on you."

Question And Answer Dept.

Ques.—Does Father Coughlin's social justice plan demand the abolition of all banks in the United States?

Ans.—No. The plan, according to the platform of principles, calls for the abolition of the twelve Federal Reserve Banks, with one Central Bank in Washington together with several Branch Banks throughout the United States as a matter of convenience to all local banks.

Ques.—How can I teach my child to tell time by the clock? He doesn't seem to understand.

Ans.—First teach him to tell the difference between the hour hand and the minute hand. Next, teach him the numerals are five minutes apart for the minute hand and one hour apart for the hour hand. Give him this example: If the hour hand points closer to III than any other numeral he will know it is about three o'clock; and the minute hand will determine how much before or after three o'clock it is, XII o'clock being the dividing line between "before" and "after."

Ques.—What is antimony?

Ans.—Antimony is a mineral of tin-white appearance and is used chiefly as an alloy for hardening certain metals for commercial purposes.

Ques.—What is the difference between a hedgehog and a porcupine, if any?

Ans.—They are distinct animals but belong to the same family. The spines of a hedgehog are somewhat denser than the porcupine, but they are much shorter. When danger threatens the hedgehog it will quickly roll itself into a round ball with its coat of sharp spines pointing in all directions. Thus the other animal can touch it. The porcupine will fight, with its coat of sharp spines standing erect for its armor in battle.

Ques.—Can you answer what the religion of the Japanese is?

Ans.—Japan overwhelmingly embraces Buddhism, which was introduced into the empire about A. D. 550.

Ques.—Why are Hebrews called "Jews"?

Ans.—When Cyrus the Great became the monarch of the Persian Empire in 537 B. C. he issued an edict allowing the Hebrews to return to Jerusalem and rebuild their temple and live in peace. About 50,000 of the tribes of Judah and Benjamin and a few of the other tribes returned and rebuilt the temple which was completed about twenty years later. About this time the ten Hebrew tribes disappeared from history, except those that had returned to Judea. These henceforth were called Jews and their country Judea.

Ques.—What was the fixed boundaries of the United States when they secured complete independence at the conclusion of the American Revolutionary War?

Ans.—According to the treaty of Paris in 1783, the United States boundaries, roughly speaking, were the Atlantic ocean on the east, the Mississippi river on the west, New Brunswick, the St. Lawrence river and the Great Lakes on the north, and the parallel of 31 degrees on the south.

Ques.—What is the meaning of plutocrat which we hear so much about in politics?

Ans.—Plutocrat is derived from the word "pluto," which means wealth. Hence "plutocrat" is generally applied derisively to all rich and greedy financiers.

Ques.—Will you please answer in your valuable paper what is the significance of the term "Remember the Alamo"?

Ans.—During the war of Texan independence the Alamo, a building in Texas, was converted into a fort and held by a small band of men, headed by David Crockett and Col. James Bowie. They fought bravely until all their men were killed except five. These five yielded to the Mexicans, but were cruelly beaten and slain. Thus it became the war cry "Remember the Alamo" when fighting the Mexicans after that.

Ques.—What is the length of the Alaskan coast line exceeds that of the United States.

Ans.—The length of the Alaskan coast line exceeds that of the United States.

Ques.—Does Father Coughlin's social justice plan demand the abolition of all banks in the United States?

Ans.—No. The plan, according to the platform of principles, calls for the abolition of the twelve Federal Reserve Banks, with one Central Bank in Washington together with several Branch Banks throughout the United States as a matter of convenience to all local banks.

Ques.—How can I teach my child to tell time by the clock? He doesn't seem to understand.

Ans.—First teach him to tell the difference between the hour hand and the minute hand. Next, teach him the numerals are five minutes apart for the minute hand and one hour apart for the hour hand. Give him this example: If the hour hand points closer to III than any other numeral he will know it is about three o'clock; and the minute hand will determine how much before or after three o'clock it is, XII o'clock being the dividing line between "before" and "after."

Ques.—What is antimony?

Ans.—Antimony is a mineral of tin-white appearance and is used chiefly as an alloy for hardening certain metals for commercial purposes.

Ques.—What is the difference between a hedgehog and a porcupine, if any?

Ans.—They are distinct animals but belong to the same family. The spines of a hedgehog are somewhat denser than the porcupine, but they are much shorter. When danger threatens the hedgehog it will quickly roll itself into a round ball with its coat of sharp spines pointing in all directions. Thus the other animal can touch it. The porcupine will fight, with its coat of sharp spines standing erect for its armor in battle.

Ques.—Can you answer what the religion of the Japanese is?

NOTICE!

Chelsea Village Taxes are Due

Taxes for the Village of Chelsea are Due and Payable at the office of the Village Treasurer at

Miller's Barber Shop

Payments may be made on any afternoon except Saturday.

MRS. ED. MILLER

Village Treasurer

Special Notice to Taxpayers!

This is the time to pay Delinquent Taxes, either in full or on the Moratorium Plan.

AUGUST 31 is the last date on which 1933, 1934, and 1935 taxes may be placed on the moratorium, or paid, without penalties. The requirements are as follows: The first three installments must be paid on the 1932 and prior taxes, if any, and all of the 1936 taxes paid in full.

The reduction in interest is well worth while. Instead of three-quarter percent per month of these taxes covering a period of 42, 30, and 18 months for the 1933, 1934, and 1935 taxes respectively, and four percent collection fee, there is only a two percent collection fee, and six percent annual interest on any special assessment. Beginning SEPTEMBER 1 the old rate of interest will be resumed.

ONLY THREE WEEKS remain in which 1935 and prior taxes may be placed on the ten year plan. A TAX SALE will be held next May, at which time 1935 and prior taxes, on which proper payments have not been made, will be offered for sale.

The total delinquent tax for Sylvan Township is \$22,227.49.

WAY BACK WHEN

CLARK GABLE was little different from any other small town boy. Born in Cadiz, Ohio, in 1900, and later living in Hopedale, Ohio, population 500, Clark Gable was a regular American boy, fond of the outdoors and all sports. Motherless from the time he was seven months old, he was raised by his grandparents until his father remarried. He held a deep love and respect for his stepmother. Like any other normal American boy, Clark Gable was not sure what position he would like to hold in life. He thought for awhile that he might be an architect, and later he studied medicine at night school. Ambitious but poor, he had to work from the time he was seventeen years old, and his jobs were as varied as his opportunities. He was time-keeper in a rubber factory, call-boy in a theater, an oil driller, a telephone linesman, a surveyor's assistant and a lumberjack. Clark Gable might have been anything but a motion picture actor. He became a star by traveling the hard road of theatrical stock companies and motion picture extras, overcoming many disappointments, until he reached the pinnacle in "It Happened One Night," which won the Motion Picture award for the best picture of 1934. A "Harness Bull" "Harness Bull" is a slang term for a police officer, especially a uniformed officer. NOTICE OF MORTGAGE SALE Whereas, default has been made in the payment of the money secured by a mortgage dated the 29th day of June, A. D. 1929, executed by William Cushing and Fanny Cushing, husband and wife, of Dexter, Michigan, to the Farmers' & Mechanics' Bank, which said mortgage was duly recorded in the office of the Register of Deeds for the County of Washtenaw, Michigan, in Liber 163 of Mortgages on Page 325, on the 7th day of July, A. D. 1929; and Whereas, said mortgage together with the note or obligation mentioned therein, was thereafter duly assigned by deed of assignment by the Farmers' & Mechanics' Bank to Federal Deposit Insurance Corporation, on the 14th day of February, A. D. 1936, which said assignment was thereafter duly recorded in the office of the Register of Deeds for Washtenaw County, Michigan, on the 15th day of February, A. D. 1936, in Liber 25 of Assignments of Mortgages on page 301; and Whereas, the amount claimed to be due and unpaid on said mortgage at the date of this notice is the sum of Three Thousand Four Hundred Fifty Dollars (\$3,450.00) for principal, the sum of Nine Hundred Four and 70/100 Dollars (\$904.70) for interest, and the sum of Thirty Five Dollars (\$35.00) for an attorney fee as provided in said mortgage, making the total now due upon said mortgage the sum of Four Thousand Three Hundred Eighty Nine and 70/100 Dollars (\$4,389.70), reserving the right given in said mortgage to pay any or all unpaid taxes at any time before sale, and to add the amount thereof so paid to the amount secured by said mortgage; and no suit or proceeding having been instituted at law to recover the debt now remaining secured by said mortgage, or any part thereof, whereby the power of sale contained in said mortgage has become operative. Now, Therefore, Notice is hereby given that by virtue of the power of sale contained in said mortgage, and in pursuance of the Statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises therein described at public auction to the highest bidder, at the south front door of the Court House in the City of Ann Arbor, Michigan, on the 16th day of November, A. D. 1937 at 10 o'clock in the forenoon of that day; which said premises are described in said mortgage as all that certain piece or parcel of land situate and being in the City of Ann Arbor, County of Washtenaw, Michigan, to-wit: Beginning at the intersection of the northerly line of West Liberty Street with the east line of South Seventh Street; thence northerly along the easterly line of South Seventh Street, 147.10 feet; thence east at right angles to South Seventh Street, 79.54 feet; thence deflecting 98 degrees, 32 minutes to the right, 129.50 feet to the northerly line of Liberty Street; thence southwesterly along the northerly line of Liberty Street, 73.70 feet to the place of beginning, excepting therefrom all that parcel of land conveyed by the first parties hereto to Anna C. Osgood and Manley Osgood by deed dated May 2d, 1922, and recorded May 15th, 1922, in the office of the Register of Deeds of Washtenaw County, Michigan, in Liber 232 of deeds, on page 516, and subject to the rights of the said Osgoods in the driveway as provided for in said above described deed. Federal Aid Granted for Highway Program

Lansing—A new construction era faces the Michigan local road system today. For the first time in the history of the state, a program is being drafted for building local roads on a matched-fund basis. The \$1,557,412 secondary road program, just announced by the state highway department, provides that \$1,186,912 be spent on county roads with the Federal government furnishing half the costs and the counties the other half.

In reality the program is an extension of the principle of Federal Aid construction to the local road system. Except for an interruption during the depression, state highway departments have been operating under this matched-fund plan for years. Murray D. Van Wagoner, state highway commissioner, has applied this principle to a limited extent on previous local road construction. When Federal funds have been made available for local improvements, the commissioner has looked with favor upon projects where local authorities agreed to participate in the cost. This is the first instance, however, of an entire local road program drafted on the Federal Aid plan.

The new program will also provide higher standards of construction than heretofore practiced in some of the counties. The entire program will be under the supervision of the state highway department with state specifications and standards used. Minimum allocations of these funds to the counties are expected to be drawn up within the next two weeks. It is probable that a formula based upon population, area, and local road mileage, which is similar to that used in awarding the money to the states, will guide the allocations. Commissioner Van Wagoner expects actual construction on this program to get under way early in the fall.

Campaign Aftermath TURNED down by the house rules committee when he demanded a special investigation, Rep. Bertrand H. Snell of New York, Republican floor leader, has carried direct to Attorney General Homer S. Cummings his charges of violation of the federal corrupt practices act by the Democratic national committee. The charges arise from National Chairman James A. Farley's ingenious method of replenishing the party's treasury by selling Democratic convention books, autographed by President Roosevelt, for \$250 each.

In a letter to Cummings, Snell charged: 1. That sales of the book, autographed by the President, in 1936, at \$250 each constitute an illegal collection of campaign funds and a direct violation of section 313 of the corrupt practices act. 2. That a Colorado man was the "victim of eleven specific acts of reprisals" by the resettlement administration and threats to "put him out of business" since his refusal last October to subscribe \$500 to the book sales campaign. 3. That a New Yorker was approached by a Democratic campaign committee agent with promise of White House intervention in return for a \$25,000 subscription or retainer. Snell attached affidavits and a synopsis of the evidence he had furnished the house rules committee.

Milk Production Takes Sharp Drop in State

Milk production in Michigan in the past month took a sharp drop because of high feed prices and drying up of pastures, according to reports accumulated by E. C. Scheidhelm, extension dairyman of Michigan State College.

Production dropped to about the same daily basis as that of last February among the 22,000 cows on test in dairy herd improvement associations in the state.

The average cow's production for last month was 633 pounds of milk and 27.4 pounds of butterfat, a drop of 12.7 per cent from the previous 30 days. Unproductive pastures and high grain prices are credited with lowering the level in the milk-pails.

Culling, in reports received by Scheidhelm, is being practiced by many dairymen, anxious to weed out the least productive cows. Herd owners also are being attracted by high beef prices, which makes it seem wise to sell animals rather than to feed them for low milk and fat production.

One activity in the reports from the 70 dairy herd improvement associations emphasizes the interest in building bull pens. Safety keepers which make it easier to care for valuable yet dangerous bulls were constructed by 31 farmers who are association members. The aid of county agricultural agents in the state is stimulating interest in constructing these bull pens. Blueprints and material lists are available in offices of the county agents. Checking silos to complete any necessary repairs before silo filling time is another activity wise dairymen are following.

Strange Doings at Sea

Four insurgent airplanes dropped 25 bombs upon the Danish vessel Edith and sank it in the Mediterranean, came the report from Barcelona. The crew of 20 and a French observer for the non-intervention control were rescued by two fishing boats. The owners of the vessel, in Copenhagen, said it was their twentieth ship to be captured or bombed by the rebels.

The captain of the French freighter Peame reported to authorities that a torpedo had been fired upon his ship by an unidentified submarine which floated beside his ship for several minutes off the Tunisian coast. When the Spanish tanker Campeador was sunk in the Mediterranean, the rebel command issued a communique taking the full blame. But the captain of the tanker insisted an Italian destroyer sank it.
