Auto Accident Fatal To Paul F. Pielemeier

Paul Frederick Pielemeier, 19-year-old son of Mr. and Mrs. Albert J. Pielemeier of Sylvan township, was instantly killed about 5:30 Thursday evening when his car collided on US-12 near the Manchester road intersection with a car driven by Thomas P. Lloyd of Albion.

Pielemeier, who was a freshman student at the University School of Music, was returning to his home on the Chelsea-Manchester road when the accident occurred. It was his custom to drive the family light pick-up truck as far as Chelsea each morning, then to ride to Ann Arbor with Fred-

PAUL PIELEMEIER

erick Strieter, an engineering student in the University. He had left Strieter and was in the truck at the time of the accident.

Lloyd, who was unaware that Pielemeier intended to make a turn, was attempting to pass the other car. Pielemeier's car was hit from the side and overturned, pinning him beneath. He was dead when removed from the wreckage, resulting from a fractured skull and neck.

Born in Detroit, September 17, 1918, he was the son of Albert J. and Pauline (Meier) Pielemeier. He was valedictorian of the Class of 1937, Chelsea high school.

Surviving are his parents; a sister, Mrs. Harold G. Davis of Ann Arbor, and his grandfather, Wm. S. Pielemeier of Sylvan township.

Funeral services were held Sunday afternoon at 2:30 at the residence, with Rev. P. H. Grabowski officiating. Interment was in Oak Grove cemetery.

Those from away who attended the funeral were Mr. and Mrs. Edwin Pielemeier, Mr. and Mrs. Ernest Wagner, Mr. and Mrs. Theo. Meier, Mr. and Mrs. Henry Volle and John Meier of Freelandville, Ind.; Billy Pielemeier of Chicago; Mrs. Lena Humbaugh and Henry Humbaugh of Pontiac; Mr. and Mrs. John Stark and sons of Springfield; Mrs. E. G. Brunner and Miss Elizabeth Wagner of Ann Arbor, and Mrs. A. A. Schoen of Dexter.

Christmas Decorations Make Chelsea Beautiful

Chelsea has taken on a real yuletide appearance during the past week, promising to again be one of the most beautifully decorated towns in this part of the country for the Christmas season. Village officials have purchased Christmas trees and had them set in front of each place of business, as has been the custom the past few years. Electric wires have been placed so that all the trees may be decorated with strings of colored lights, and a beautifully decorated business district is the result. It is hoped that all trees will be decorated with lights by the merchants before Saturday night.

Added to the beauty of the street decorations are the display windows of merchants who have spent many hours in arranging their merchandise tastefully to attract Christmas shoppers to their stores. The combination of street and window decorations really presents a pretty picture, especially at night.

Interiors of stores have also been decorated in keeping with the season, and large stocks of merchandise attractively arranged await the Christmas shoppers. Merchants report that business is good, many shoppers taking advantage of the opportunity to make their purchases while stocks are complete.

FLOOD PARK FOR SKATING

Young people of the community who enjoy the sport of ice skating now have the opportunity of participating in this sport at the new municipal parksite north of the factory buildings on North Main St. Village officials have had about an acre of ground flooded there, and many of the young people of the community are already enjoying the healthful sport of skating. Lights have been installed for the convenience of those who wish to skate at night, and the spot will no doubt be a very popular place this winter.

Local Sewage Plant Now In Operation

The Chelsea Sewage Treatment Works is completed and is now in operation with Charles Meserve in charge of the plant, according to R. A. Warner, PWA Inspection Division. The plant has sufficient capacity to completely treat 250,000 gallons of sewage daily and employs the activated sludge process of treatment.

Completion of the treatment plant means that the pollution of Mill Creek will be ended and that the village has complied with the orders of the Michigan Department of Health.

In 1935 the village officials decided to file an application with the Public Works Administration for aid on the construction of the sewage treatment plant and the application was approved by the PWA in August, 1936. Bids for construction were received on December 11, 1936 and actual construction started on December 15, 1936, the contractor being Carl D. Mitchell of Carey, Ohio. Charles Meserve acted as inspector for the village, and constant inspection of the personnel of the PWA inspection division during construction.

The plant is constructed principally of reinforced concrete and consists of the following structures:

1. Control station, approximately 17 feet by 25 feet in plan with a brick superstructure. This station houses the pumps, screens, boilers, laboratory and office and a chlorinator.
2. Primary sedimentation tank, 20 feet by 20 feet by 6 feet deep.
3. Two aeration tanks, each 24 feet by 24 feet by 18 feet deep.
4. Final sedimentation tank, 20 feet by 20 feet by 11 feet deep.
5. Sludge digestion tank, 28 feet in diameter by 20 feet deep.
6. Two sludge drying beds, each 28 feet by 66 feet.
7. Influent and outfall sewers, water mains and piping.

In the operation of the plant the sewage first enters the screen room where it is screened and solid particles shredded into small pieces. It is then lifted approximately 15 feet by automatically operated electric driven pumps into the primary sedimentation tank. Here it is allowed to flow very slowly for a period of at least one hour with the result that a large proportion of the solids settle to the bottom of the tank and are periodically scraped into a central discharge cove in the bottom of the tank and then pumped to the sludge digestion tank.

The liquid sewage flows on from the primary sedimentation tank to the two aeration tanks which are equipped with aerating devices for thoroughly mixing air with the liquid sewage over a period of at least seven hours. Thence the aerated sewage flows to the final sedimentation tank where it is allowed to flow quietly through the tank for at least two hours so that any solids remaining will settle to the bottom of this tank. These solids are

Expect 200 Masons at Meeting Here Saturday

More than 200 Masons from sixteen lodges in Washtenaw and nearby counties are to be guests of Olive Lodge, No. 156, F. & A. M. on Saturday evening, December 11, at the high school auditorium. The meeting will open with a dinner, to be served by ladies of the local O. E. S. at promptly six o'clock.

Following the dinner, a stage show, under the direction of Haze Bennett of Detroit, will be presented. The Ford Rolling Mill Fellowcraft team of Detroit will then exemplify this degree.

This team is known as one of the best degree teams in the state of Michigan, their services being in great demand in this state and elsewhere.

The Masonic hall will be open Saturday afternoon for the accommodation of any guests arriving early.

MOTORISTS IGNORE STOP SIGNS

According to reports coming to village officials, motorists are showing very little regard for stop signs which have been placed at most intersections in the village. As these signs were placed for a purpose, motorists are asked to heed them or it will be necessary to take steps to enforce stopping at streets so designated. Many accidents may be avoided by a little common sense on the part of motorists and it is hoped that it will be unnecessary to take drastic steps to enforce stopping at the stop streets.

Prominent Citizen Is Taken By Death

Conrad (Coozie) Lehman, was born January 27, 1875 in Sylvan township, son of Michael and Eva Marie Lehman, and died at his home Tuesday morning, December 7, after an illness of several months.

Mr. Lehman spent his entire life in Chelsea and vicinity and was married to Tillie E. Girbach on November 24, 1903. He was one of the founders of the Chelsea Screw Co. and in this concern he acted as secretary-treasurer for several years. He was one of the organizers of the Chelsea Steel Ball Co., and was also director of the Farmers and Merchants bank up to

CONRAD LEHMAN

the time of the merger. He had served as president of the village and was a member of the council at the time of his death.

His affiliations included the Knights of Pythias lodge, and he was a member of the board of the Oak Grove Cemetery Association, a member of St. Paul's church and a former member of the board of trustees. He was a veteran of the Spanish-American war.

Surviving are his wife, Tillie E.; one brother, Matthew, of Stockbridge, and a sister, Mrs. Ida Barth of Ann Arbor; also several nieces and nephews.

Funeral services will be held this afternoon at 2 o'clock at the house and 2:30 at St. Paul's church, with Rev. P. H. Grabowski officiating. Burial will be in Oak Grove cemetery.

Legion Kiddies' Party Will Be Held Dec. 22

At a regular meeting of Herbert J. McKune Post No. 31 of The American Legion, which was held at Kolb's hall last Thursday evening, plans were made and committees appointed for the Annual American Legion Kiddies' Christmas Party and the date has been set for Wednesday evening, December 22. The party will be held at the public school auditorium and activities are to start promptly at 7:00 o'clock.

Edwin Eaton was appointed as chairman of the entertainment, while Wilbur Hinderer will oversee the details of providing gifts for each child present. It is estimated from attendance at former parties in previous years that from 400 to 450 children will gather at the school to see Santa Claus.

Following the usual custom all children up to 12 years of age are invited to be guests of the American Legion members, it being their desire to see that no child or children be forgotten during the holiday season. Parents of children are also very cordially invited to accompany their youngsters and view from the sidelines just how the kiddies enjoy themselves. Seats will be provided in the balcony and at the rear of the auditorium for parents and others who may be interested in getting a glimpse of the party.

Chairman Eaton expects to provide an exceptionally fine type of entertainment for the youngsters and it may be assured that Comrade Hinderer will have plenty of gifts for all up to the age limit.

The American Legion wish at this time to express their appreciation to the various church and school organizations for the splendid cooperation in arranging their Christmas programs so as not to conflict with this annual affair.

SAMUEL BOHNET INJURED

Samuel J. Bohnet was seriously injured Saturday forenoon while working on a barn on the Walter Mohrlock farm, west of Chelsea, in Sylvan township. He fell from a scaffold to the floor of the barn and was found by Vincent Hale, who had been painting outside the building. Mr. Bohnet suffered a deep gash in his head, face lacerations, and a neck injury. He was taken to Chelsea Private hospital.

Lansing—Price-fixing trends of state legislation, glorified by sponsors by the banner of "fair trade," are now due for a showdown.

For the protection of independent merchants against price-cutting competition, the legislature enacted a bill this year that permits the fixing of a minimum price for trademarked commodities. The Michigan law is similar to those in a score or more states. The United States Supreme court has upheld the power of a state to establish minimum price of trademarked products.

In Detroit a thriving cut-rate store has been selling a trademarked toothbrush for 33 cents and toothpaste for 9 cents. Manufacturers have filed suit in the Wayne county circuit court for an injunction against sale of the toothbrush below 47 cents and the toothpaste below 10 cents, the minimum price set by the manufacturer for the consumer to pay.

Chain stores, however, can offer their own brands at any price. Trade-marked commodities must still compete in price with chain commodities which are not affected by the new state law.

Sales Tax Trouble

As the business recession threatens to cut \$1,750,000 from anticipated state revenue, throwing the budget more out of balance, Governor Murphy let it be known that the state board of tax administration is lax in enforcing sales tax collections from retailers.

The governor implied he is convinced many merchants are withholding payment of part of the sales tax collected from consumers. In fact, the coming special session of the state legislature will be asked by the executive office to evolve a new system to plug all tax leaks.

The tax ailing came as a result of a disclosure that a motor car sales company had effected a settlement to pay a \$16,000 sales tax debt for \$4000 under the plea that payment of the total amount would mean bankruptcy.

In its efforts to balance the budget while trade is declining, the state administration will continue to be tax conscious for many months to come. You are going to hear more about taxes when the legislature meets in January or February.

Strikes are Costly

When Governor Murphy issued his Thanksgiving Week statement, cautioning labor not to strike at a time when "business and employment are not in good condition," he also had in mind the fact that last spring's sit-down warfare was costly to the state treasury in payment of more welfare funds while sales tax revenue sagged.

Another epidemic of labor strikes in Michigan this winter would ruin any hopes to balance the state budget. "Each side must make its contribution," Murphy said in an appeal for orderly settlement of disputes. The alternative, he warned, is fascism, which would outlaw unions by substituting state regimentation of both labor and capital.

The administration, it appears, has made a "turn to the right," following the trend of public opinion which emerges once again as the ultimate supreme authority.

No Mansion for Murphy
The bachelor governor has put an

end to the controversy, freshly renewed by a republican legislator, about whether he is to have a mansion provided by state funds.

Last spring the state legislature considered authorizing an appropriation to purchase or construct a mansion for the governor. The idea was sponsored by certain leaders in the House, but when the governor failed to consult with them in handing out choice plums, the sponsors' ardor cooled considerably. Instead, the House passed a resolution that the board of auditors might "negotiate

for and rent" a home for the governor.

A few weeks ago the board of auditors considered the purchase of a large residence in Lansing for \$85,000.

From the Detroit suburb, Plymouth, came a sizzling publicity blast from the peppery Elton Eaton, state representative who is prominent in republican circles.

The final result was the disowning by Murphy of the entire notion. "The state should—when the time is proper—build a modest home for its governor," said the Governor whose Lansing residence is a hotel room.

This company features a blanket policy on personal property which in case of loss often pays double the amount which a classified policy will pay. Other broad and liberal provisions. Credits for lightning rods, fire extinguishers and fire resisting roofs. Careful underwriting and systematic inspection, eliminating hazardous and undesirable risks. Prof. Maurer made some interesting comparisons between the government in Communist, Fascist and Nazi countries and the democracy existing in our country. "The Creation" Will Be Presented at Hill Aud.

Haydn's splendid work, "The Creation" will be presented as a Christmas offering by the University Musical Society on Wednesday evening, December 16, at Hill Auditorium, Ann Arbor, at 8:30 o'clock, complimentary to the general public. This work is being given this year instead of the traditional "Messiah", which for many years has been heard at Christmas-time. It has been deemed wise to provide the general public with an opportunity of hearing this fine work at this time.

The University Choral Union of three hundred voices; the University Symphony Orchestra of seventy-five players; with soloists from the faculty of the School; all under the musical directorship of Earl V. Moore, will participate. The soloists will include Thelma Lewis, soprano, who has been heard at May Festivals and in many other important musical capacities both in Ann Arbor and elsewhere; Arthur Hackett, distinguished tenor, whose face is international; and Hardin A. Van Deusen, baritone, who has joined the faculty of the School of Music this year, after having served as a member of the faculty of Albion College with distinction. Palmer Christian, University organist, will preside at the organ.

SCOUT COUNCIL SETS 1500 GOAL

With only the balance of the month of December to achieve its goal of 1500 boys enrolled, the Washtenaw-Livingston Council is asking each

Troop and Cub Pack to help in attaining the goal of 1500 boys registered as Cubs and Scouts on New Years day 1938.

Membership throughout the year has ranged from 1300 to 1470, but due to the re-registration of many groups during October, the present membership consists of about 1400 boys. "Better buy Buick!"

LOOK the whole length of Motor Car Row, and you won't find a car anywhere that offers you what this stunning new Buick does.

No other car, for instance, has its DYNAFLEX engine, squeezing more useful power out of every drop of gasoline you burn.

No other car has TORQUE-FREE SPRINGING—or can match the smoothness-with safety this new coil-spring rear suspension provides.

No other car combines such features as Silent Zone Body Mounting, Valve-in-Head efficiency, Torque-Tube Drive, Tiptoe Hydraulic Brakes, Knee-Action comfort and safety—in a package so big and handsome.

All that plainly says "Better buy Buick!" But just by way of completing the story, we'd like to point out this:

The Buick SPECIAL is the lowest-priced straight-eight of its size on the market. At least two sixes carry higher list prices, and others are priced so close that a dollar or two a week covers the difference.

Take the stunning four-door sedan shown here. It's sixteen and a half feet long, has 107 horsepower under its hood, and it's yours complete with standard equipment for only \$1022, delivered at Flint, Michigan.

We don't think you'll find its match anywhere on Motor Car Row. We're sure you won't for the money!

This BUICK SPECIAL 5-passenger, 4-door streamline sport sedan, complete with standard equipment,

delivered at Flint, Mich.
Other models: Buick SPECIAL business coupe, \$945; CENTURY 4-door touring sedan, \$1297. Special equipment, transportation and local taxes, if any, extra on all models.

BUY CHRISTMAS SEALS!

Success of the 1937 tuberculosis Christmas seal sale depends now largely upon the sale of unpurchased seals being held by thousands of residents throughout Michigan.

J. Werle, executive secretary of the Michigan Tuberculosis Association, announced this week. All who were sent Christmas seals on Thanksgiving Day and who have overlooked making a return as yet were urged to do so as soon as possible, to eliminate follow-up expenses. All-important are the next few weeks in determining the extent of the Association's 1938 campaign against the White Plague, Mr. Werle declared.

The Christmas seal sale locally is in charge of the Kiwanis club, and Paul F. Niehaus, secretary, reports that there are many returns yet to be made from residents of this community who have neglected to mail funds for the seals. Anyone who did not receive seals may purchase them at the Chelsea State Bank.

Moss on Trees as Guide

Nature has a number of interesting guide posts which may be read by the outdoorsman who knows where and how to look for them. For example, when the woodsman is in heavy timber he can check the moss on the trees to secure a pretty accurate idea of directions, because the moss grows heaviest on the north side of a tree.

News of the Week

Are the girls getting so bad here that John Fletcher has to go to Ann Arbor for his women? What's wrong with old Chelsea anyhow?

Pap doesn't seem to be the only one with charms in the Palmer family. Lois Palmer seems to have quite captivated young Kelly Schneider. Better be careful, Sopha, or you'll lose your head man.

What is the big attraction at Jackson, that our fair Celia keeps wanting to go up there? It could hardly be the broadcasting station.

Pap has a new game, sort of for-

tune telling thing I guess, and Charlie Bahnmiller seems to be the object of all the girls' affections. It is a very deep game, so I guess Chas. had better watch out, or all the women will be having fights over him.

What's George Winans got that Joanne Alber hasn't got? Eunice can't seem to make up her mind which one is going to be her one and only.

We wish Betty F. would make up her mind whether she likes Stuart or not. First she does and then she doesn't. But then, it's a woman's privilege to change her mind.

What's happened between "Crusty" Luick and Willie Lane? Or maybe

Editorial

What You Know

If someone should step up to you and ask if you knew what the C. I. O. meant, what is Roosevelt's New Deal, or one of numerous questions on subjects relating to your country and indirectly to yourself, would you be able to give a sound and sensible answer? This is one of the major problems of our country today. Do the people of this country know our economic, political, and commercial difficulties of today?

The school teaches the pupils what happened back in the time of Caesar, Napoleon, and other historical figures. It usually takes a whole year in which to grasp the meaning of all of this history. By the time you get up to the World War, the school year is over. The next year you go back and start all over again. This goes on for years and years. When you get out of school you know all about what happened hundreds of years ago, and of what is happening now you know nothing—except what is in the papers. Therefore, you go into the world knowing very little about worldly affairs, unless you have made an extensive study by yourself, which is highly improbable in this day and age.

The moral of this crackpot editorial is to try and bring before you the usefulness in keeping up with the Jones' in world affairs, and to try and reason out what would happen if certain things were done in a country.

BIBLE STORIES

"Bethany"

A quiet, happy, cozy home nestled beside Judean hills. Two sisters with their brother lived. Each sharing each, with good or ill; Their hearts with Jesus centered here; A magnet to each loving breast; How oft His coming brought them cheer.

A holy quietness and rest. Here Mary chose the better part, And found the pearl of greatest price. The brother passed from life to death, Was raised again from death to life; At Simon's house the leper felt The Saviour's touch, the healing power.

His body, spirit, mind and soul; Was healed that very day and hour. Anointing fragrance filled the house With fragrance rich and rare, While Mary's consecrated hands Napkins his body with her hair.

'Twas here the ass and colt were tied, That Jesus rode that festive day; The lord hath need of Him they said, And straightway He was led away. He shared their sorrow with his tears; The little town of Bethany Has been in history through the years.

'Twas here beside Mount Olivet Their eyes were opened to the light; His farewell blessing they received, As He ascended from their sight. O Saviour make these hearts of ours Thy Bethany, our Bethany; And send to us the balmy hours Of Bethany, Thy Bethany.

—Arthur Carlton.

METHODIST HOME

On Tuesday of last week Mr. and Mrs. Wm. Heasley and Miss Beth Satterthwaite of Tecumseh called on Miss McCowen; her Sunday callers were Mr. and Mrs. J. F. Elliott and their son George, also from Tecumseh.

On Wednesday morning, just as we finished our breakfast, we were startled by the arrival of Rev. Fred Andrews and Mr. Fox, who had come from Mariette with a van load of all kinds of supplies, just half of which were left with us and the other half was soon on its way to the Bronson hospital in Kalamazoo. They had left Mariette at four in the morning but were so happy over their mission that they never grumbled about the bitterly cold weather. Mr. Fox managed to work in a brief call on Mrs. Sanson while here.

On Thursday Mrs. Jas. Struthers from Sharon called on her sister, Miss Leeman.

On Wednesday, Rev. and Mrs. F. R. Walker brought three friends from Lake Orion to make their first inspection of our Home. They seemed greatly pleased with all they saw. Mr. Walker also brought supplies.

Mrs. I. V. Thornberg from Rapid City visited her aunt, Mrs. Baldwin, on Thursday. On Sunday evening Mrs. Baldwin was greatly surprised by a call from old friends, Mr. and Mrs. Barton, who came with Judge Reed, from Detroit.

Mrs. Gilbert enjoyed a visit on Wednesday from her son, A. R. Gilbert of Holly.

On Sunday, Henry Musbach of Chelsea called on Mr. Heining.

Sunday afternoon, Mr. and Mrs. Brown were privileged to receive a call from Mrs. Lloyd Thayer of Ann Arbor and her mother, Mrs. Stonehouse from Mancelona. Mrs. Stonehouse has been totally blind for 33 years, yet is a marvel of joyous peace, anxious only to be able still to do something for the Lord.

Monday evening we gathered in the assembly room and sang Christmas songs and Dr. Leason entertained the family with some fine stereoscopic views showing conditions in the Belgian Congo, where Bishop and Mrs. Springer are doing good work in the mission field. We feel properly elated because Bishop Springer brought his specially fitted Plymouth car in Chelsea just before going to his field.

Arbor, who came bringing fruit and other good things.

Mr. and Mrs. John Ferrin of Ann Arbor called on Mrs. Robtoy on Saturday.

On Saturday a group of young people from the First M. E. church in Dearborn paid us a short visit, and Dr. Leason proudly displayed the entire premises, including barn and pigery. Our good superintendent was surprised and delighted to find that the youngsters failed to properly appreciate the fine pigment aroma from his eight happy faced, well rounded, young porkies. It was a great disappointment.

Mrs. George Lockwood of Ypsilanti, who has been a devoted member of the Home Board for many years, shared our Thanksgiving dinner with us, and was responsible for the generous supply of beautiful California grapes.

The Thanksgiving dinner was one royal success and the family, say it was the best ever. The only drawback is the effort Mrs. Bennett will have to make next year to live up to it.

In some of the rural school districts the rate will be as low as six and a quarter mills, and others higher according to the demand of the local schools. In the village of Milan, that part which is in Washtenaw county, the tax rate will be 12.88 mills. This amount includes the school debt service. This is the lowest that the rate has been in many years.—Leader.

Local Sewage Plant Now In Operation

(Continued from First Page)

scrapped to the center and removed by hydraulic pressure, part returning to the aerators to "seed" these units and part returning to the suction wall of the raw sewage pumps so that these solids may be further purified.

The solids that are removed from the primary sedimentation tank and pumped to the digestion tank are here allowed to decompose under a gas tight floating cover. As these solids decompose they generate gas which is collected and returned to the control station to be burned under a boiler. This boiler supplies hot water for heating the station and the digestion tank. At more or less regular intervals the digested sludge is flushed out of the digestion tank by hydraulic pressure onto the sludge drying beds. It is now harmless and odorless and after drying it can be broken up and removed for use as a fertilizer if desired.

The liquid sewage after it leaves the final sedimentation tank will be given a small dose of chlorine (in the summer) to absolutely sterilize it and after passing through a device to measure its quantity will flow into the outfall sewer and to the creek.

The consulting engineers, Champe, Finkbeiner & Associates, who designed the treatment works and supervised its construction, so laid out the plant that the operation is flexible and can be adjusted to meet changing conditions. The design capacity of the plant is ample to meet the needs of Chelsea for many years and the plant itself will efficiently and economically treat and render harmless the sewage without causing objectionable nuisances in the neighborhood. Pollution of Mill Creek will be ended and the village will not be liable to damage suits from downstream property owners.

Total cost of the project is \$58,400.00 of which \$31,800.00 has been furnished by the village, and \$27,000.00 in the way of direct grant by the government through the PWA. As part of the Administration's emergency program designed to provide

employment, and accelerate recovery, the project has been subject to certain requirements as to minimum wage rates and maximum hours. The extent to which the Administration's objectives have been realized locally, is indicated in figures revealed by PWA Inspector, Warner. To date 77 men have been employed on the project, of which half have been taken from the relief rolls. \$15,110 has been spent for labor, most of which has gone to local workers. 20,800 man-hours of direct labor have been provided, and on the basis of 2 1/4 hours in private industry in the fabrication of materials for each hour of direct labor as computed by the Bureau of Labor Statistics, it is evident that a total of 72,000 man-hours of labor have resulted from the Chelsea project.
