Following are the candidates who were elected:

## Tax Sale Is Explained By County Treasurer

Charles E. Crittenden, Washtenaw County Treasurer, has prepared several items of explanation concerning the delinquent tax sale which is to be held on May 3. Mr. Crittenden believes that tax payers should understand all phases of this sale, and explains the situation as follows:

Of the 29,000 descriptions in Washtenaw County advertised by the Auditor General for sale in May, approximately 15,000 have been eliminated by the County Treasurer because sufficient payments have been made to prevent their sale.

It has been six years since a tax sale has been held. Some errors may have crept into your tax record.

Sometimes property located in the cities or villages have the summer tax paid and the winter tax returned unpaid to the County Treasurer. In some cases this unpaid tax has been overlooked and forgotten. In other cases several items of a tax may have been paid to the local treasurer and the rest of the items forgotten and returned to the County Treasurer. Such items if unpaid on May 3rd will be subject to sale.

The tax sale includes taxes for the year 1935 and prior years. The 1935 tax, although unpaid, will not be subject to sale before next year.

The Auditor General's list as advertised was made up several months ago and you may have since paid your tax. If your tax is advertised and if you have receipts for its payment, don't worry. The tax will not be sold and the County Treasurer has already taken it off the sale list.

If you are uncertain about your tax the treasurer urges you to bring your description to his office and have it checked.

Whenever the name and address of the owner of a delinquent tax is known, the treasurer's office has mailed a statement or notice of the tax subject to sale. This is done to aid the tax payer to prevent sale by either paying the tax or showing why it should not be sold.

If the tax is being paid on the installment plan it is important that there be no past due installments. The first three installments of a 1932 or prior tax should be paid. A few dollars paid now may prevent sale. Mr. Crittenden is anxious to help you prevent the sale of every possible tax. If in doubt bring your description to the treasurer's office. Every courtesy will be shown you.

Charles E. Crittenden.

Music will be led by the Junior choir. Dr. H. A. Leeson will preach the sermon. No offerings are taken. All the churches invite every one to join the pilgrimage to Calvary.

Lansing—More taxes, not less, are in prospect for Michigan as the result of new developments.

All employers will be asked in 1939 to pay unemployment compensation taxes. The state law at present exempts employers who have less than eight workers on their payrolls from the state levy. Extension of social security benefits to cover 300,000 workers in small business has been advocated consistently by Frank Picard, chairman of the state unemployment compensation commission. In an address before the AFL annual banquet in Detroit last week, Governor Murphy voiced his approval to Picard's request as a legislative plank for 1939.

Personal property, including household furniture, would be placed on the tax rolls in Michigan if valued more than \$1,000 under plans of John N. Fegan, chairman, state tax commission. Fegan's declaration that he intends to enforce the personal property law, enacted in 1898, stirred a rebellion at the state capital city where the board of assessors served notice that the Fegan order would go unheeded. The city council had been asked formally to employ 75 persons to check furniture and household belongings in 24,000 homes.

Fegan's tax plan, however, received an energetic veto from Governor Murphy. The threatened reform died aborning.

## \$11,500,000 Deficit

Declining revenues of the state sales tax have added more than \$4,000,000 to the state deficit at Lansing, according to figures compiled here by Harold D. Smith, state budget director.

On Nov. 14 the deficit was computed at \$5,000,000 by Smith.

By the end of the present fiscal year, next June 30, the red ink entry will be \$11,500,000, and that amount is subject to revision again if times (Continued on next page)

## CHELSEA MAN JOINS WITH STATE'S DRY FORCES

Added to the present militant forces who are driving home the real facts about Alcohol, comes C. F. Hewlett of Chelsea, who for many years was a leading Prohibitionist in this State.

Mr. Hewlett is equipped not only with facts and personal experience on this much-discussed problem, but also has the very latest movie equipment and with a 2-reel Accident film, and shows the 4-reel film "The Beneficent Reprobate" which is Ethyl Alcohol personified and produced for the W. C. T. U. at a great expense.

Under the auspices of The National Voice, which is America's oldest weekly prohibition paper, to which Mr. Hewlett has just been appointed their Michigan speaker, he made his initial appearance in Coldwater last Wednesday, speaking at the evening meeting of Branch County Temperance League's Prohibition rally. This meeting, held in the Methodist Episcopal church, in which nearly every church in the county was represented, was sponsored by the Women's Christian Temperance Union. Unions from many nearby counties were represented. Branch county expects to vote on local option at the April 5th election. Dr. D. L. McBride, State Supt. and Mr. Gilbert represented the Michigan Anti-Saloon League at the meeting.

On Thursday Mr. Hewlett spoke to two locals of the Jackson W. C. T. U. and is billed as guest speaker at Ann Arbor Local on March 17. Any pastors or organizations wishing his services are urged to communicate with him for arrangements.

"The liquor crowd is beginning to show their teeth, but who wouldn't if they were going to lose a profitable business," says Mr. Hewlett, "but the average thinking person is getting sick of the present conditions going unregulated in most places and the fight has just begun."

Mrs. Matilda Easton, an old resident of Lima, died on Tuesday, March 15, 1904.

Many boys on the farms are getting \$25 a month, and some better than that, besides horse keep and board, as well as many half days off. Yet it is said that the changes for the young man to get a start in life are all past. In the vicinity of North Lake we know of three young men at least, not grey haired yet, that have from \$1,000 to \$2,500 laid up ready to start in on a wider scale.

Herbert Harvey and Miss Martha Musbach were married in Lansing on March 9. They are living on their newly purchased farm, three miles north of Franciscus.

**CHILDREN IN COURT**

Judge Malcolm Hatfield

Reputable lawyers are today frowning upon members of their profession who specialize in divorce cases. The American Bar Association has finally become aware of the alarming fact that for every six marriages there is one divorce, and that children are involved in at least one-third of all divorce cases. The public should welcome any action taken by jurists themselves to eliminate the evils of the divorce mill which is directly responsible for hundreds of thousands of children being denied the rights to a normal home life.

Hardly a day passes in our larger courts that does not see one or more delinquent children tried, who are products of homes broken up by divorce. The states of Illinois and Michigan are to be complimented on the strict marriage laws which they recently enacted to put an end to divorce which is the result of a hasty marriage. If children are to receive proper protection in the future, society must not only make and enforce stricter marriage and divorce laws, but must also endeavor to promote stability and happiness in homes where death has entered. It has been estimated that approximately forty per cent of all delinquent children are rooted up from broken homes.

**CARD OF THANKS**

I wish to extend my sincere thanks and appreciation to the neighbors, friends, members of the Red School District, and all who extended their sympathy in so many understanding ways during my recent bereavement.

do not improve immediately. The legislature generously dipped into the state treasury to the extent of around \$125,000,000. Executive vetoes reduced this to \$110,000,000 with anticipated revenues for the year totaling \$102,839,000. When industrial plants were forced to lay off thousands of workers, welfare needs jumped skyward and \$2,000,000 was advanced for relief. Close to \$3,000,000 more will be needed before the year ends.

**Special Session?**

Allocation to Michigan of approximately 30 per cent of the new \$250,000,000 WPA appropriation by Congress is believed to have removed the possibility that the state legislature would be summoned this spring for a special session.

Cautioned by Senator Prentiss Brown that a legislative session might prove disastrous during a political campaign, the governor announced that the sole need for a session was to provide funds for unemployed and that he hoped the federal government would bridge the gap. A decision this week is likely.

Washington's action in allocating a major share of the fund to Michigan is recognition of the belief that the automobile industry led the nation out of the last depression and that, being the first to enjoy good times, it was likewise the first to feel ill-effects. Michigan now has 118,000 persons working on WPA projects.

**91 Per Cent Read Newspapers**

Success of the "over the top" offensive to break the used car jam is being hailed jubilantly by motor manufacturers in Michigan.

It means renewed hope that thousands of workers can be called back to their jobs at automobile factories.

The manufacturers put up \$1,250,000 to advertise the National Used Car Exchange Week, and two-thirds of all this went into newspaper advertising space. Until after the World War, the automobile leaders were wary about using newspaper space to tell the story of their new models. The fact that the newspaper played a major part in the national drive to sell used cars is another evidence that the Carnegie Foundation,

in a recent survey made by a University of Chicago expert, was right when it found that:

91 per cent of all adults read newspapers regularly.

41 per cent of all adults read magazines regularly.

Whether the home town paper serves 500 people or 5,000,000 people, it can't be beat as the most economical, effective medium to tell a sales story.

**New Farm Benefits**

Because Michigan in 1937 rated ninth in winter wheat yield and tenth in corn production, the new federal farm act is not expected to benefit this state as much as it will others in the Middle West.

These facts were the basis of a protest by John Strange, state commissioner of agriculture, against the ever-normal granary plan when it was considered in Congress several months ago.

And yet, the new benefits will bring approximately \$4,000,000 more to Michigan farmers than under the 1937 act. Special bonuses to small producers, who earn payments under \$200 a year, have been authorized, averaging \$13 per farm.

Growers will receive 10 cents a bushel on corn, 12 cents a bushel on wheat, and 8 cents a bushel on potatoes.

**ATTENDS FLORAL SCHOOL**

Inspired by the giant flowers Parisian designers are splashing all over chiffons, silks and satins, flower stylings in fashioning corsages for Midway to wear with her Spring costumes, combine flowers of various types and colors into compact clusters to resemble one huge bloom, according to Elvira Clark Visel, local florist, who has just returned from Detroit, where she attended a School of Floral Design, sponsored by the Florists' Telegraph Delivery Association.

"These giant flowers will bloom on every type of costume—they are a striking addition to a sports ensemble, are decidedly chic on the tailored suit, and doubly charming on the romantic type formal gowns," said Mrs. Visel. Here are a few pointers on what is "tops" in flower styling as shown at a preview of flowers and gowns, staged at the Detroit School on March 9 and 10 at Hotel Statler, and described by Mrs. Visel:

Tulips, all shades, will be featured in corsages both for street and for

## OUR NEIGHBORS

GRASS LAKE—Following a nine weeks trip of about 8000 miles, Mr. and Mrs. J. M. Fuller returned home Thursday. The journey included a visit to Los Indos and vicinity, San Benito, Tex., Old Mexico, where they spent 10 days, going as far as Mexico City, 700 miles in the interior. Returning they continued to Gulfport, Miss., where they remained one week. Here is the longest sea wall in the world, 20 miles. They stayed three weeks in Florida where they saw many Grass Lake friends. At a trailer camp at Bradenton, 400 cars were parked of which 312 bore Michigan licenses. The Fullers have many interesting stories to relate of their unusual vacation.—News.

JACKSON—A slick case of theft was displayed recently at the Singer Sewing Machine Co. store, 112 E. Michigan Ave. Salesgirls were confronted by two men and a woman, who immediately engaged them in conversation. During the conversation, one of the men of the trio quietly carried off one of the sewing machines standing in a show-window display. Police believed they had trace of the thieves when a man appeared at a store in Ann Arbor and attempted to purchase a foot control for a sewing machine. The machine stolen did not have a foot control.—Evening Star.

HOWELL—Walter Hastings, of Howell, who for the last ten years has been the official photographer of the Michigan State Conservation Department is completing plans for a five months expedition to Wolf's Bay, the Straits of Belle Isle, Newfoundland, and the Labrador country. Mr. Hastings has secured five months leave of absence from the State Department, and may, as conditions permit, join the McMillan Arctic expedition in midsummer as it moves north to its Greenland base at the "farthest north" inhabited village on the island.—County Press.

DUNDRE—George W. Francisco,

one of the oldest residents of the village and the last surviving member of the pace large William Bell Post of the G. A. R., died at his home on Monroe street Saturday afternoon. He succumbed to the infirmities of age after an illness of one month. He was 98 years of age.—Reporter.

**BURN MARSH NOW!**

If you must burn your marsh or pasture do it now! This will give the vegetation (that is not killed) a chance to come back in time to furnish food and cover for wildlife. If put off for only a few weeks many nests and young of both birds and animals will be destroyed.

Numerous authorities doubt the beneficial effect of this burning, but if you decide it should be done, by all means watch your fire! Be sure it is black out before you leave it unguarded.

**"My Skin Was Full of Pimples and Blemishes from Constipation"**

says Verna Schleppe: "Since using Adierika the pimples are gone. My skin is smooth and glows with health." Adierika washes BOTH bowels, and relieves constipation that so often aggravates a bad complexion. Henry H. Fenn, Druggist.

Not long ago I saw an editorial in the Baltimore Sun on drunken driving, from which I want to quote a paragraph:

"Nobody has ever been hanged for one of these affairs, although some of them were just as much murder as if the victim had been shot from ambush. When a fool gets blind drunk and sends a 5000 pound motor car hurtling through the streets at fifty miles an hour, any killing he does is not an accident—it is cold blooded first degree murder. If justice prevailed, the driver's neck would be broken by the common hangman."

That's pretty tough, but stop and think a moment what chance anybody has on the road, in an automobile or on foot, against a terrific speed of fifty or sixty miles an hour governed by a man whose judgment is blurred and practically obliterated by liquor. I will leave the answer with you.

## Mr. "Watts-His-Name" says

## There's a Waste Basket in every Man's Mind

And into it goes everything he doesn't believe—for example: He knows you can't reduce an electric bill by turning on all the lights in the house—but what most people don't realize is that their electric dollar does the best job when it gets warmed up.

If you have been skimping—running from room to room to switch off a light; if your home looks as tho' you were half dark and alive and if you'll admit that more light in your living room would put more room for living in your life—do this—come in and let us show you how, for a tiny bit more money, you can preserve the very thing that people sit in doctors' waiting rooms to get back—THE JOY OF LIVING.

## Chelsea Electric & Water Dept.

"Suppose I get sick? After all, I'm only human. And if I do get a touch of cold... or have a nervous break-down... do you know what'll bring it on? Worry! Yes sir, worrying about how long it would take us to get the doctor. Or suppose the house catches on fire? When you need the Fire Department nowadays you don't write a letter, or go after them on a mule. No sir. You hop to a telephone!

"And what about my mother? She's got marketing to do. She has to take advantage of the bargain sales. Sometimes she needs to get in touch with Dad during the day.

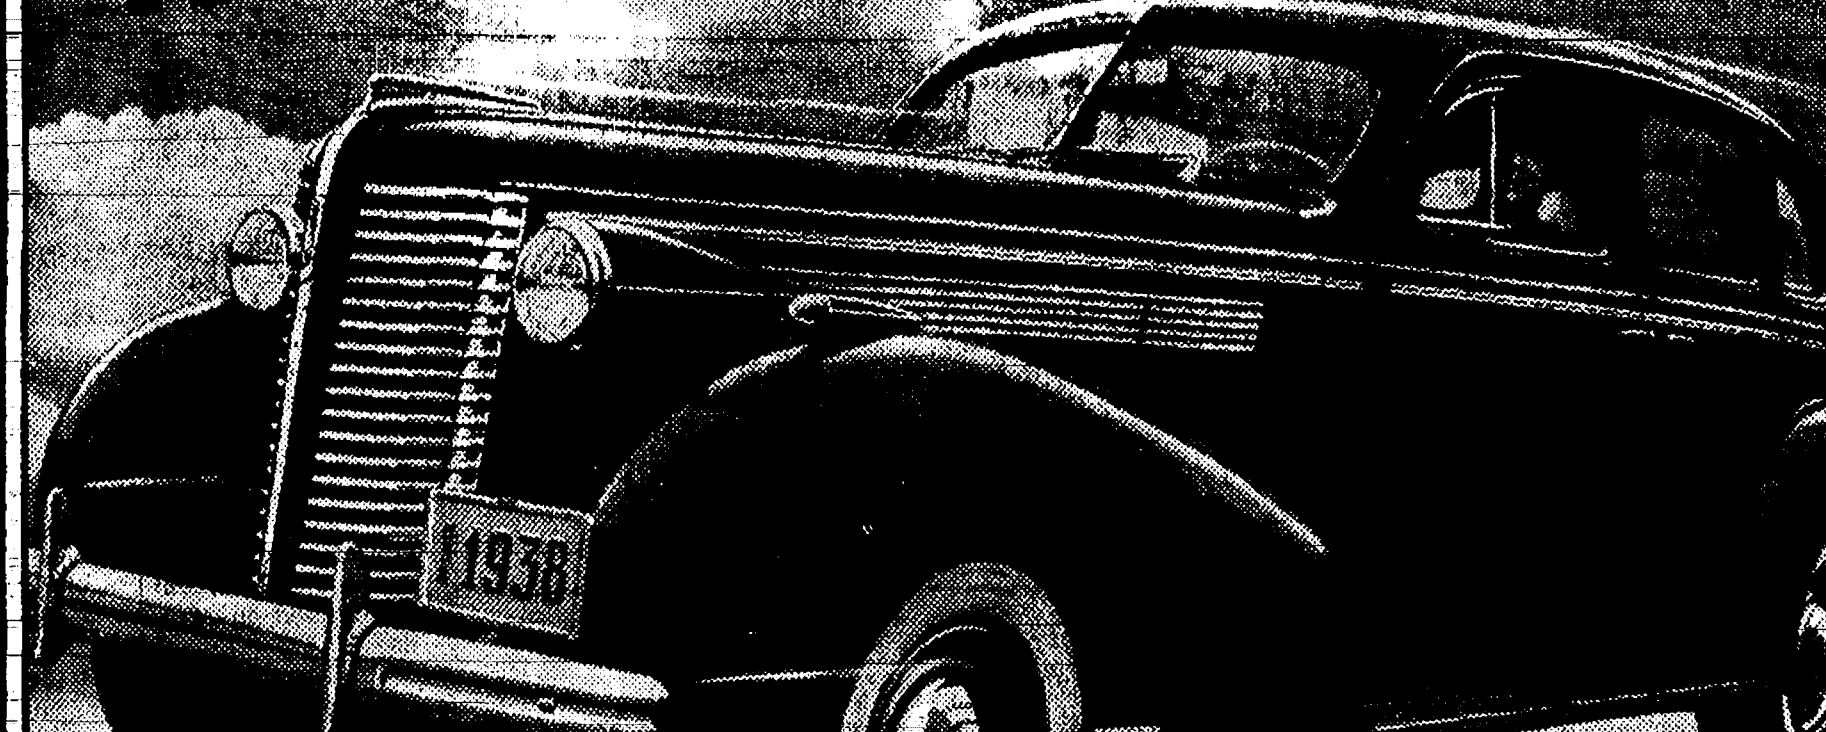

And there are errands to be run. Well, she can't do all those things without a telephone... and at the same time give me the attention I expect.

"All Dad would have to do is call the Telephone Business Office. I'd do it myself if I could just get out to a pay station. But I can't. So is it any wonder that worry is keeping me awake half the day?"

# IT'S A BIG HONEY FOR MIGHTY LITTLE MONEY!

ASK YOUR FRIENDS, ask your neighbors, what they think of this '38 Buick; and they'll give it to you quick in six little words:

"It's a honey for the money!"

That's praise all right—but praise that still doesn't do this great car full justice!

For here's a traveler that would be a buy even if you had to pay a premium to get it!

It's a car with power like no other. Power literally born of the hurricane—power that makes gasoline deliver more—

power that's smooth, willing, brilliant.

Here's a car, too, with an utterly different kind of ride. A ride that gentles every jar and jolt. A ride that's safer in nasty going, that gives sureness to control, that cuts down upkeep and makes rear tires last longer.

And here's a car that in addition sparkles with features as a Christmas tree sparkles with ornaments.

New quiet, from "silent zone" body mounting. New comfort, from deep, broad comfort-angled seats. New pride of possession, from style hailed as the smartest of the year.

Yet big and satisfying as this beautiful Buick is, a little money buys it! No more than you'll pay for some sixes. Less than for any other eight of its size.

So there's no longer any reason for not stepping up to the kind of car you've always wanted.

Go now and get the details from the nearest Buick dealer—see the car that folks just won't do without.

NEW DYNAFLASH ENGINE... puts cyclones at your service... nearly 10% more power from the same kind of fuel.

NEW TORQUE-FREE SPRINGING... gentles every jar and jolt... reduces skid-risks... makes rear tires last longer.

### ABOU BEN ADHEM

Abou Ben Adhem (may his tribe in-  
crease!)  
Awoke one night from a deep dream  
of peace,  
And saw, within the moonlight in his  
room,  
Making it rich and like a lily in  
bloom,  
An angel writing in a book of gold:  
Exceeding peace had made Ben Ad-  
hem bold,  
And to the presence in the room he  
said,  
"What writest thou?"—The vision  
raised its head,  
And with a look made of all sweet  
accord,  
Answered, "The names of those who  
love the Lord."  
"And is mine one?" said Abou. "Nay,  
not so,"  
Replied the angel. Abou spoke more  
low,  
But cheerily still; and said, "I pray  
thee, then,  
Write me as one that loves his fel-  
low-men."

The angel wrote, and vanished. The  
next night  
It came again with a great wakening  
light,  
And showed the names whom love of  
God had blessed,  
And lo! Ben Adhem's name led all  
the rest.

The Standard Tudor Sedan

The Ford effort to make your dollars  
buy a constantly better car is well illus-  
trated in the Standard Ford V-8.  
It has all the basic Ford advantages.  
It is built on the same chassis as the De  
Luxe Ford V-8. It gives you a choice  
of smooth 85-horsepower or 60-horse-  
power V-8 engines. But it sells at low  
prices, and includes bumpers, spare tire,  
cigar lighter, twin horns and other equip-  
ment that make it a still bigger bargain.  
With the thrifty 60-horsepower engine,  
the Standard Ford V-8 is priced espe-  
cially low and gives the greatest gas  
mileage in Ford history. Hundreds of  
owners report averages of 22 to 27 miles  
a gallon—or even more.  
Your pocketbook will approve of the  
Standard Ford in every way. And so  
will you when you drive it!

## Chelsea Loses In Regional Tournament

Chelsea journeyed to Albion last Thursday night as the result of their crushing victory in the district tournament, only to be beaten in the first round of the Regional by a powerful Lansing St. Mary's team. As soon as the game got under way St. Mary's began displaying their power by running up a 12 to 8 score at the end of the first quarter. Due to the failure of the Chelsea Varsity to score the Chelsea varsity were pushed into the game at the start of the second quarter and the score climbed to 17-8.

At the beginning of the third quarter the score took the four with renewed vigor and immediately proceeded to even up the score. The result at the end of the third quarter being 14-17. While doing this the Chelsea St. Mary's scoreless throughout the entire third period.

St. Mary's, determined not to be beaten out by Chelsea's second team, settled down and again displayed their amazing offensive attack, the game ending with the score 22-14.

Throughout the entire game Lansing had complete control of the situation with Chelsea attempting their best only once, which was in the third quarter when they got within three points of St. Mary's lead.

St. Mary's, one of the strongest working organizations in Chelsea, has faced this year, were not only powerful on the offensive but also put up a strong defense which was almost impossible to penetrate.
