### New Theatre Will Be Constructed Here

Dillon-Wolverton of Middleville has purchased of A. W. Wilkinson the residence property on South Main street adjacent to the post office property and will erect a modern theatre building on the site. The deal, which has been pending for several weeks, was consummated Tuesday morning and wrecking of the house on the property was started immediately.

According to Mr. Wolverton it is planned to complete the work of razing the building this week, and construction of the new building will be started at once. Weather conditions permitting, the theatre will be ready for occupancy by March 1.

The structure, which will be 40x110 feet, will be fireproof, of cinder block construction, with cement floor in the auditorium. Heating will be either steam or hot water, with air conditioning. Seating capacity will be 400, and the theatre will be called the "Sylvan". The front of the building will be two stories in height, with an attractive entrance and lighting effects. A balcony will be constructed for use as a "cry-room", where parents may take children who become too restless during a show. This room will have a partition of glass so the show may be witnessed by the parents who find it necessary to take children there.

The foyer, 15x40 feet, will be luxuriously carpeted and furnished. There will be a popcorn and candy booth in the office for the convenience of patrons. The building will also be equipped with toilets.

According to Karl Gustafson of Wayland, contractor in charge of the construction work, about 15 men will be employed when the building is under way.

Mr. Wolverton expects to make his home here and will manage the theatre upon its completion.

Another Landmark Gone  
With the wrecking of the Wilkinson house another Chelsea landmark becomes only a memory. The house was built in 1873 by Mr. and Mrs. Thomas Wilkinson, parents of A. W. Wilkinson, on property deeded to Miss Wilkinson by her father, John C. Winans.

### WATERLOO COUPLE WILL CELEBRATE GOLDEN WEDDING

Mr. and Mrs. Frank Moore will celebrate their golden wedding on Sunday, December 4 at their home in Waterloo township where they have resided the past 50 years. For 10 years they lived in a log house, and in 1898 they built a house just across the driveway, which is their present home.

A family dinner is planned at noon. They will hold open house for their relatives and friends from 2:00 o'clock until 5:00 o'clock in the afternoon.

Mr. Moore was born 75 years ago at Defiance, Ohio, coming to Michigan when an infant. His parents purchased a home about two miles from his present home, where he lived until his marriage, December 4, 1888, to Miss Paulina Stadel, also of Waterloo township.

Mrs. Moore was born 77 years ago in Waterloo township, where she has always resided, with the exception of a few years when she lived in Tonia county with her father, before her marriage.

They have three children: Archie, who resides at home; Verne, of Allegan; Florence Fauser, of near Chelsea; two granddaughters, and one great-granddaughter.

### Republican Victory Worries Employees

By Gene Allen

Lansing—With the inauguration of Republicans into state offices just one month away, two questions are uppermost in the minds of Capitol observers here.

What is Frank Fitzgerald, governor-elect, going to do?

Thousands of state employees, despite their newly acquired civil service ratings, are wondering if the threatened "purge" of payrolls will hit them. Fitzgerald made a sweeping promise during the primary and election campaigns that he would drastically slash the state payroll "within 60 days". While it is not likely that the new administration will scuttle civil service, which was sponsored during Fitzgerald's first term, yet the firing of many employees is considered inevitable.

Question No. 2—What is Frank Murphy, governor-elect, going to do after December 31?

Speculation is rife. Rumors have already heralded his appointment to the United States Supreme Court, return to the governor generalship of the Philippines, selection to fill a forthcoming vacancy in President Roosevelt's cabinet, and even a judgeship in the United States District court at Detroit.

To all rumors Governor Murphy has reiterated his intention of becoming a private citizen again. That's that.

### Fitzgerald in Florida

Resting from arduous campaigning, Fitzgerald has been basking in the Florida sunshine at Fort Lauderdale where he and his family spent part of the past two winters.

Two secretaries are with him, for business is being mixed judiciously. (Continued on next page)

### Plans Are Completed for Football Banquet

By Vic Hindelang

Complete arrangements were made during the past week for the annual football banquet, to be held in the public school gymnasium on Monday evening, December 5. The event is sponsored by the Kiwanis club.

Jerry Niehaus will be on hand to lead the group singing. Mr. Dunstan will play a clarinet solo; the Trio of Chelsea High will also sing a few numbers.

Letters will be presented to the players by Coach Charles Cameron, and the Huron League Trophy will be presented to the team. Short talks will be given by Dave Strieter, captain of the 1938 squad, and by the captain-elect of the 1939 squad.

The principal speaker of the evening will be Clarence Munn, line coach of the University of Michigan. He will also show moving pictures of Michigan's 1938 team.

Tickets for the banquet will be on sale by the Seniors this week-end. Get yours early and avoid the last minute rush.

### RECREATION NEWS

All set to go! The gymnasium floor is finished. The Thursday evening athletic classes will be resumed on Thursday, December 1.

The scheduler:  
7:00 to 8:00—Junior boys.  
8:00 to 9:00—Young women.  
9:00 to 10:00—Young men.

The Dress Design class directed by Miss Janette Cook will meet Thursday, December 1, from 7 to 8 o'clock.

Mrs. Ray W. Barber, Mrs. Gerald Fairbanks and Mrs. Jas. Almond have offered to help with girls' sewing classes. As soon as plans are completed more classes will be organized.

The committee again wishes to thank all the clubs for the two dollars contributed for committee expenses.

### Cassidy Lake Camp Will Be Enlarged

Additional construction work which will expand the National Youth Administration work-training center at Chelsea into one of 14 major regional camps in the nation was launched this week. The center is located at Cassidy Lake in the Jackson-Washtenaw county area.

The Chelsea work center will eventually accommodate 500 young men engaged in receiving practical experience, particularly in aviation and automotive mechanics and in other metal trades, according to Orin W. Kays, State Director of the NYA. Already one of the finest projects of its kind in the country, the Chelsea camp has been operating steadily for over two years and now includes dormitories, a mess hall, a recreational center, an infirmary and workshops. At present 125 youths are enrolled and hundreds more will join as soon as the projected housing and shop facilities are added to the present group of buildings.

This means, according to Kays, that hundreds of young men, 18 to 24 years of age, drawn from Michigan and surrounding states, who have special aptitude for trade training, will have a splendid chance for self-preparation. "They will have," he continued, "an exploratory opportunity to discover individual abilities and to fit themselves under expert tutelage, for a permanent occupation."

While they are, in Kays's phrase, "increasing their employability," the camp members do much practical and worthwhile work, benefiting such organizations as the schools in Jackson and Washtenaw counties, the State parks and the State Highway Commission. They remain at the Chelsea camp as long as their NYA supervisors, headed by Donald Miller, feel that they are making any progress, earning about \$10 a month over their expenses.

### RECEIVE 30 CARS OF OIL DAILY

Chelsea's newest industry is a most thriving one. The Tri-Lakes Corporation receives 200 cars of oil a week, which is shipped to them on the Michigan Central railroad. The daily average for the oil received is about 30 cars.

The company has a pumping station which is located just west of the Hayes street crossing. They have facilities for unloading 23 cars at one time. The oil is shipped from the Hillside and Bloomington oil fields in the western part of the state. It is pumped directly to the booster station which is located seven miles south of Chelsea. In case the shipment of oil is more than the booster station can handle it is dumped into the storage tanks which are located south of the railroad right-of-way about a mile and a half west of the village.

The local freight house and yards are extremely busy places with the arrival and departure of the tank cars.

### K. OF P. TOURNAMENT

The first game of the annual euchre tournament, played between the Manchester and Chelsea K. of P. Lodges, will be played on Thursday evening, December 8, at the local K. of P. hall. This will be the sixth year this tournament has been conducted, and the local Lodge has always won the "Little Brown Jug."

### FIRE DAMAGES HOUSE

Fire was discovered about 9 o'clock Monday night at the home of Mrs. Mary Eder, corner East and Jackson Sts. The blaze, of undetermined origin, started in a store-shed adjoining the house, burning the shed and a portion of the siding. The local fire department responded to the call and saved the main structure. The rooms were badly damaged by smoke.

## MEN WANTED

Local manager large farm supply company wants to personally interview several men for good paying, permanent, local jobs. Special service farm among farmers. Must have car. Farm experience desirable but not necessary. Men living in small towns should apply. Address Box 275, care of this paper.

Slippery roads, icy windshields, more hours of darkness—these are the hazards motorists must contend with for the next several months.

What have you done to prepare for driving under such adverse weather conditions? Is your windshield in good condition? Are your brakes good?

Regardless of how mechanically perfect your car is, if you do not change your driving habits, the possibility of your having an accident is great. Good brakes won't be of much help on a stretch of icy pavement if you are traveling fast and are required to make a sudden stop. You apply the brakes, but the car merely

slides along. Control your speed; approach intersections, stop signs, and traffic signals with caution.

Winter driving requires much more alertness, less speed, and good common sense.

## RED SCHOOL P. T. A. MEETS

The Red School P. T. A. held their November meeting on Friday evening at the home of Mr. and Mrs. George Steele, with about 50 members present. The evening was spent playing euchre, high honors going to Mrs. George Chapman and A. Shutes, and low to S. J. Weber and George Chapman.

Mrs. Leon Shutes, Joseph Merkel and Armilla Reule were appointed as a committee to arrange for the Christmas program.

The meeting closed with a cooperative supper.

with vacation. Much of the correspondence concerns appointments to key positions in state government.

It is understood that Gilbert Shilson, his campaign manager who formerly headed the Associated Press bureau at Lansing and now owns a weekly newspaper at Berlin, Maryland, will not be the governor's secretary. Shilson will have a well-paying berth on a leading state commission.

Melville B. McPherson of Lowell is scheduled to return to the chairmanship of the state tax commission. Orville Atwood, former secretary of state, is also due to return to the Lansing scene.

## No Income Tax

Outcome of the November election has spelled defeat of the income tax hopes held by Charles D. Rosa, LaFollette tax consultant who was engaged early this year by John Fegan, tax commission chairman.

It was Rosa who advocated an income tax as a substitute for the sales tax and who encouraged Fegan to launch his ill-fated campaign to tax personal property.

Rosa, a former chairman of the Wisconsin tax commission, favored the theory of taxing ability to earn rather than ability to consume. It fit very nicely with the LaFollette creed of distributing wealth to the masses by leveling off the peaks. One fly in the ointment is that Wisconsin workers as well as the manufacturers concluded on Nov. 9 that they preferred "a change" and defeated Governor Phil LaFollette for re-election to a fourth term.

All in all, Rosa decided last week to call it a day. He tendered his resignation, effective Dec. 7.

"Not a Republican Victory"

From the typewriter of Vernon J. Brown, country editor at Mason, ten-year veteran of the legislature, and newly elected state auditor, comes a tolerant morning-after "victory" editorial. Here are interesting excerpts from the piece which appeared in the Ingham County News.

"Republicans appear to have won a surprising victory. Yet the election was not a republican victory. It was a Murphy defeat. The record of year vote was made by people voting against Frank Murphy. The republicans were naturally the beneficiaries of the vote. People turned out to vote against Murphy and by so doing voted a lot of good men out of office. No man who has ever held public office in Michigan is held in higher respect than State Treasurer Fry."

"So the republicans should not take too much credit for the victory. They should be humble. They have a difficult task before them. They must balance a budget, prepare themselves to cope with industrial unrest."

The republicans have no time or energy to waste preening their feathers. They must get down to work to shape a program that will convince voters that the choice made Tuesday was wise."

Million to Fight Snow

December usually brings the first heavy snowfall in Michigan.

The state highway department, charged with responsibility of keeping the highways open, expects to spend a million dollars or more in the winter battle against snow and ice.

Forty-one northern counties were recently granted \$200,000 for highway snow removal. Along 780 miles of northern highways the department has added 180,000 linear feet of snow fence. Among the new equipment ordered are 63 snow plows. It will take 178,000 tons of sand, 6,000 tons of calcium chloride.

Lake Fish "Doomed"?

From 1926 to 1936 the annual catch of whitefish in the Great Lakes declined 88 per cent.

The rapidly depleted supply of fish prompted P. J. Hoffmaster, Michigan director of conservation, to declare recently that whitefish, trout and other food fish "will be doomed to the same fate as the passenger pigeon" unless something is done.

Unregulated netting is blamed by Dr. John Van Oosten, head of the United States Bureau of Fisheries Research, who estimates the total of gill nets at 180,000 miles. If commercial fishing is to be saved from itself, action must be taken by the states bordering the Great Lakes—Michigan, Illinois, Wisconsin and Indiana.

First Recorded Yacht Club

The first recorded yacht club was the Cork Harbor Water club, established some time prior to 1720, and boasting in that year a considerable fleet of sloop-rigged yachts.

PREPARED...  
for any emergency

**RAGING FIRES...** swirling floods... blinding blizzards... icy sleet storms... many are the means at Nature's command for destroying telephone lines.

This company and its 9000 skilled employees stand ever ready to cope with emergencies, armed with the best equipment and material reserves.

Backed, too, by other Bell System companies which, because Bell equipment and methods are standardized, can lend immediate aid.

When the recent blizzard swept northern Michigan, telephone circuits were demolished... towns cut off. Yet this company's repair crews quickly restored service.

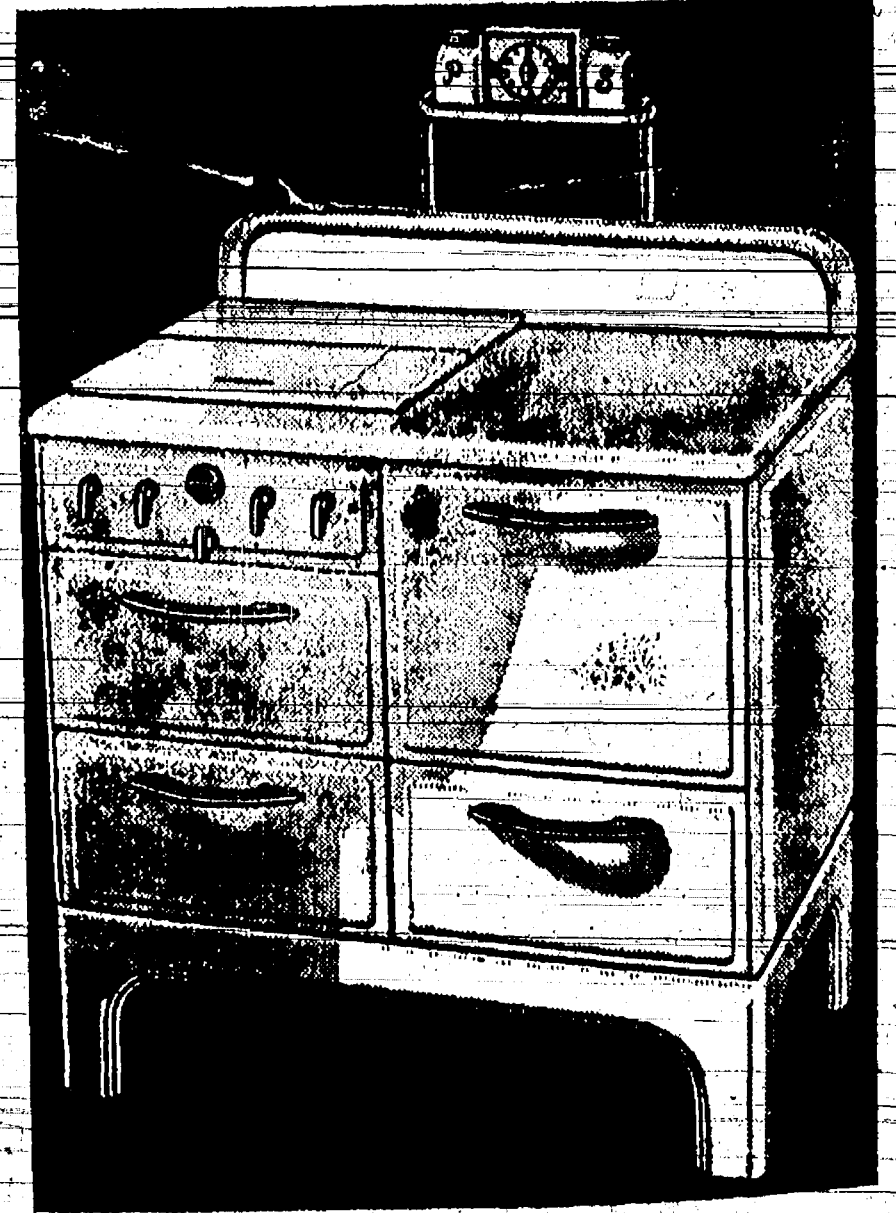

When the terrific September hurricane tore through New England at a cost of 500 lives, millions of dollars worth of telephone apparatus was destroyed. This and other Bell companies rushed men, operators, material and equipment into the stricken area. The tremendous task of restoring a half million telephones to service was accomplished in record time.

It is comforting to know that, however great the emergency, this company, with each Bell System backing, is prepared to keep Michigan's vital telephone service alive.

## Editorial

We wondered what caused all the excitement at the bulletin board on Monday. On investigation we found it to be graphs depicting the grades of the individual classes as compared with the school average. The Juniors seem to be "out in front" but are leading by only a narrow margin. Come on, classes, let's see who can lead at the end of this six weeks' period!

## Music

Ah, listen to the German band, the music's grand. Brings back fond memories, doesn't it. The band's got something there. At least it keeps us amused with its clever arrangements. I always feel sorry for the little man who gets pushed around even if it is all in fun. Of course when Harvey gets going on his horn there's nobody stopping him, not even the band. The boys will play again sometime for us and we are all anxiously awaiting the moment.

## Girls' Gym Class

I have been informed by higher-ups that I am to write a bit for the paper on the girls' gym class. I will try to do so. If I don't succeed you won't see this in the paper, so here goes!

The girls have been having lots of fun in this after-school activity. They have learned games, folk dances, and plan to start basketball this week. Now here is my point. We need more girls in the class if we are to continue. Some girls have expressed their ideas of joining the class, yet did not show up at the appointed time. Of course this can be excused. What we need is more girls who wish to get some exercise and knowledge. Please attend the classes. Stay in them all the year and see if you don't learn something from them. You will find out you will learn something. Our instructress is very capable of teaching the different games and giving

knowledge on other subjects, such as exorcising. We do want your presence, girls, at our next meeting. Our class meets on Tuesday and Thursday of every week. Bring suitable gym clothes and be prompt. We would like to start as soon as possible. Thank you. I hope I have accomplished my task to the highest possible point.

G. G. C.

"By the bend of the river, where rushes are growing". Oh excuse me. Have I interrupted anything? I eventually found out that the G. G. C. are busily practicing up their numbers for an assembly program. The songs are pretty little things and the girls sing them very nicely. I'm certain you will enjoy the program so don't plan to skip assembly when they sing. Understand!

### Eighth Grade

We all had a nice Thanksgiving and some are glad to be back to school. There were a few absent and they might have eaten too much turkey.

We had a science quiz Wednesday. We haven't our papers back yet. When we came back Monday morning there were a few changes in the room. Some of the seats were changed. Now every seat has been filled.

### Clove Tree an Evergreen

The clove tree is an evergreen, 20 to 40 feet high, belonging to the myrtle family. It bears large oval leaves and clusters of crimson flowers. The unexpanded flower buds, when dried, form the cloves of commerce.

### John Bunyan Saying

Wherefore take heed of being painted fire, wherein is no warmth, and painted flowers, which retain no smell; and of being painted trees, wherein is no fruit: "Whoso boasts himself of a false gift, is like clouds and wind without rain."

John Bunyan.

## OUR NEIGHBORS

**NORTHVILLE**—Twelve deer, all confiscated from hunters by the Conservation Department, were checked in by A. V. Barber Friday and Saturday of last week. They have been sent to the Wayne County Training school.—Record.

**PLYMOUTH**—A total of \$25,000 is being released in Plymouth by the city's two banks this week as returns on Christmas Savings Club accounts.—Record.

**BROOKLYN**—More than a million pounds of this year's crop of popcorn has already been taken into storage by the Hart & Howell Co. which started receiving corn ten days ago. Most of the corn in all varieties is of high grade, and the season for finishing has been so dry that some of the corn is said to pop without further curing.—Exponent.

**SOUTH LYON**—Announcement of a fifth liquidating dividend to be paid by the trustees of the segregated assets of the State Savings Bank of South Lyon, on Monday, December 12 will be welcome news to holders of participation certificates. This payment will be 10 per cent, or a total sum of \$12,327, which brings the total releases on deposits to this time to 90 per cent.—Herald.

## CHILDREN IN COURT

Judge Malcolm Hatfield Inadequate Homes

The problem of children moving from one community to another in a house trailer is adding to the complications which now beset those who are interested in delinquency prevention. Such children usually do not remain long enough in any one spot to benefit by the public opinions existing in any specific locality. Only the undesirable characteristics of a given neighborhood are absorbed as a result of continual moving.

On the other hand, it cannot be assumed that all youthful delinquency will cease as soon as children are removed from house trailers, and the slum areas. Living conditions and delinquency are not so closely affiliated that it can be presumed that delinquency will cease once the house trailer and slum area are eradicated. Such reasoning is not based on facts; for approximately half as many youngsters from rural areas become delinquent as do children from the city.

Delinquent children are usually not only underprivileged, but they are often supervised by ignorant parents, who are unable to develop sufficient ingenuity to correct, guide and counsel them properly. Such children come not only from large families and broken homes, but they are often found in the better neighborhoods where every opportunity for advancement is afforded.

This leads to the conclusion that where the family is functioning successfully it is possible to rear law abiding children even though outside influences tend to disrupt the teachings of the parents. However, it would be much simpler for parents in all sorts of environments to counteract unwholesome outside influences if adequate recreational activities were provided.

## HOLD JOINT MEETING

The regular meeting of the Chelsea Child Study club was held jointly with the Young Mothers' club and the Kiwanis club on Tuesday, November 22 at a dinner held in Kolb's hall. Following the dinner Supt. Johnson called the meeting to order and turned it over to Mrs. A. A. Palmer, who introduced the speaker of the evening, C. S. Deere of Motion Picture Producers and Distributors of America.

He gave a highly interesting and instructive talk on production of moving pictures. He spoke of the different types of pictures and possible educational value of certain pictures in the public schools, and told of experiments along these lines. He spoke of research carried on to make the background of the pictures strictly authentic, and illustrated this point with pictures. He stressed the fact that while pictures were made primarily for entertainment the producers were striving to include education and cultural features. He also strongly stressed the fact that the types of pictures most produced were governed by the box office receipts, as it takes 15 million paid admissions for a picture to pay for itself.

The next meeting of the Child Study club will be held December 13 with Mrs. Warren Daniels, at which time each member is urged to turn in her article for the Christmas project, as this will be the last meeting until after Christmas.

## LABOR

Throughout the U. S. are about 2,500 manufacturing firms who share profits or managerial responsibility with employees. Proctor & Gamble workers contribute 3 percent of their wages against a 5 to 15 percent contribution by the management (based on seniority) and from this fund employees buy stock. McCormick & Co., Baltimore importers, not only share profits but organize workers to help run the business under a "multiple management" plan.

Such firms, whose number is increasing yearly, generally have little labor trouble. Example: the American Rolling Mill company of Middletown, Ohio, has never experienced a labor disagreement in its 38 years of operation. Even C. I. O., which organized the bulk of steel plants, was defeated 1,200 to 400 in one American Rolling Mill labor election.

If profit-sharing could be extended, most U. S. industrialists believe employees would be better satisfied, employment would become less fluctuant, and our national financial picture would be improved. In Washington, a senate finance subcommittee investigating the plan was recently told it would be "an unbeatable defense of the capitalist system."

Members of this committee are Michigan's Sen. Arthur Vandenberg and Iowa's Sen. Clyde Herring. Their purpose is to unearth facts about profit-sharing merits and find methods of expanding it. The long range ambition is to make the working man more prosperous and more able to bear a share of the U. S. tax load. Thus, by splitting its profits, industry would help itself by winning a more equitable division of tax burden.

But an expansion of profit-sharing must come either voluntarily or through government insistence, and voluntary adoption of the plan by industry would be a long, discouraging battle of coaxing and education. Though neither committee member yet advocates it, both Senators Vandenberg and Herring have been feeling out sentiment on an "incentive taxation" plan. Under it the government would give tax credits to profit-sharing concerns, meanwhile penalizing non-conforming firms. Tax credits might be given on employers' social security payments, though the mere mention of such tampering with social security has already aroused protest.

Most of the committee's witnesses have gone on record opposing the "incentive tax" because it would impose either reward or penalty for an employer's decision on a matter which should be entirely voluntary. Loudest supporter has been Walter D. Fuller, president of the Curtis Publishing company, who wants a more liberal tax treatment to stimulate re-employment. He also thinks industrial plant expansion will follow if employers are allowed to charge off more on depreciation than at present.

Labor's opinion has been expressed by William Green, president of the American Federation of Labor, who naturally favors profit-sharing provided it does not tend to replace collective bargaining. This issue may be the battleground on which profit-sharing plans rise or fall, since collective bargaining is based on compulsion rather than co-operation. Before adopting the profit-sharing principle, many industrialists would demand that the threatening club of organized labor be removed.

## KING-BEISSEL WEDDING

St. Dominic's church at Clinton was the setting for the wedding of Miss Margaret Florence King, daughter of Mr. and Mrs. Edgar King of Clinton, and Gerald Foster Beissel of Ypsilanti, son of Mrs. Cora Beissel and the late Edward Beissel of Chelsea, which was solemnized at 9 o'clock on Thursday morning, November 24.

Yellow and white chrysanthemums banked the altar, where the service was read by Rev. Lambert La Voy.

Miss King, who was given in marriage by her father, chose for her wedding a gown of white slipper satin falling into a long train, with a jacket of lace. Her finger tip veil was held by a coronet of orange blossoms and she carried a white satin prayerbook. Little Anastasia McCarthy of Pontiac was train-bearer.

The bride was attended by Miss Elinor Beissel of Detroit, sister of the groom, who wore an Empire model of wine velvet with matching cap, and a necklace of gold beads and gold sandals. She carried a bouquet of orange mums.

Richard Beissel, brother of the groom, performed the duties of best man, and the ushers were John King, brother of the bride, and J. J. Wheatley of Wayne, a fraternity brother of the groom.

Loren Green sang "Ave Maria" at the offertory and the wedding music was played by Mrs. Fred R. Stevens of Grand Forks, N. D.

For her daughter's wedding Mrs. King wore a teal blue crepe, while Mrs. Beissel, mother of the groom, wore maroon velvet. Their corsages were tulle and roses.

A wedding breakfast was served at the Clintonian hotel to 35 guests, followed by an afternoon reception at the home of the bride's parents.

Mrs. Beissel, a graduate of Clinton high school and Jackson Business University, was employed by Swift and Company, Chicago, the past two years. Mr. Beissel is a graduate of Chelsea high school and Cleary Business College, and is an accountant with Hartwick-Westcott Lumber Co., Ypsilanti. Following a short wedding trip the couple will reside in Ypsilanti.

Attending the wedding were guests from Detroit, Wayne, Pontiac, Lansing, Ann Arbor, Jackson, Clinton, Chelsea, Ypsilanti, Chicago and Grand Forks, N. D.

## KEUSCH-WEBER WEDDING

The ceremony uniting in marriage Miss Mary Beatrice Keusch, daughter of Mr. and Mrs. John Edwin Keusch of Chelsea, and Floyd C. Weber of Battle Creek, son of Mrs. Mary L. Weber of Chicago, was performed at 8 o'clock Wednesday evening, November 23, at St. Mary's rectory, by the pastor, Rev. Lawrence Dorr.

The attendants were Miss Madeleine Bollere of Chelsea and L. William Kwant of Battle Creek.

The bride wore a dress of aqua crepe, with lace trimmings, a bonnet hat and accessories, and a corsage of gardenias. Miss Bollere's dress was brown crepe and her bouquet was of Tulle and roses and bebe mums.

A two-course wedding supper, with covers for 14, was served at the home of the bride's parents, with pink roses and sweet peas and white candles forming the table decorations.

Mrs. Weber, who has taught in Eaton Rapids and Battle Creek schools, is a graduate of St. Mary's Parochial school and Michigan State Normal. Mr. Weber, a high school graduate of St. Charles, Ill., completed a course at Northwestern University, Evanston. He has a position with the Western Adjustment and Inspection Co., Battle Creek.

They will reside in Battle Creek.

## MRS. SUSAN HEIM

Susan (O'Hagan) Heim, widow of the late Damian Heim, passed away November 22 at the home of her son, Henry Heim of Sylvan, at the age of 80.

She was born in Sylvan township, the daughter of Henry and Alice (Savage) O'Hagan. The greater part of her life was spent in this vicinity.

Surviving are two other sons, James of Jackson and Albert of Rochester, N. Y.; one daughter, Mrs. Cleon Wolf of Jackson; nine grandchildren and one great-grandchild.

Funeral services were held Friday morning at 10 o'clock from St. Mary's church—Rev. Lawrence Dorr officiating, with interment in Mt. Olivet cemetery.

## HOLD CHRISTMAS PARTY

The Past Chiefs club held their annual Christmas party on Monday evening at the home of Mrs. Fred Gentner. A delicious chicken dinner was served at seven o'clock. The identity of the mystery sisters was revealed at this meeting. Gifts were exchanged.

## Politics

Since last summer the public has cringed under a barrage of insults and name-calling hurled back and forth between Rep. Martin Dies of the house un-Americanism committee and members of the Roosevelt administration. Mr. Dies' favorite enemy in the cabinet has always been Madame Secretary of Labor Frances Perkins, but lately his appetite has been whetted by conflict with Secretary of the Interior Harold I. Ickes.

Alice Lee Jamison, a Yosemite Indian, told Mr. Dies' committee that Mr. Ickes was a member of the Civil Liberties Union. She said that Roger Baldwin, head of the group, once told another congressional committee that the organization upheld the rights of aliens to advocate murder, assassination and the overthrow of the government by force and violence.

This charge started the ball rolling. Admitting membership in the union, Mr. Ickes called Mr. Dies "the outstanding zany in our political history." Answered Mr. Dies: "The secretary's most recent fit of uncontrollable rage only emphasizes his unfitness for the high position he holds. The secretary literally reeks with the venom of hatred. It flows from him as naturally and freely as water from a spring."

As Mr. Dies prepared to release his selection for the "1938 all-American team," the average U. S. citizen was beginning to wonder if the committee's real purpose, to uncover evidence of subversive activities, was not being overlooked.

● Potential 1940 presidential nominees will be well mulled over before the nominating conventions roll around, but a few straws are already in the wind. First: Missouri's new Sen. Bennett Champ Clark, a "middle-of-the-road" Democrat whom many of his partisans would like to see nominated for 1940, has inferred that his ambitions reach no higher than the senate, and that he will not run for the presidency. Second: Republican Alf M. Landon, defeated in 1936, made the following comment at a New York luncheon: "The woods are full of Republicans, but I think there is one outstanding Democrat—and that is the man just selected for the fourth time as governor of New York." But few politicians consider Gov. Herbert H. Lehman a serious possibility.

## Aviation

Because a major U. S. airline has allegedly refused to accept delivery on a new type 33-seat plane, aviation experts believe the advent of subsonic commercial aircraft will be delayed several years. This happens despite the demonstrated practicability of larger ships. It results almost entirely from the public's slowness to accept air travel. Whereas subsonic ships have four motors and carry 42,000 pounds at a cruising speed of 250 miles an hour, the present 21-passenger ships have but two motors and accommodate a considerably smaller tonnage. Yet airlines estimate only 55 per cent of all available space is being occupied on the smaller ships this year. Therefore they are not inclined to operate larger, more expensive aircraft on which the operating loss would be even greater.

## Foreign

The resignation of Premier Bela Imredy's Hungarian cabinet is a direct result of his failure to obtain the entire eastern half of Czechoslovakia, an aim which was opposed first by Germany, and now by Italy as well. Since Adolf Hitler has delivered flat representations opposing any Hungarian ambitions in the Slovakian or Carpatho-Ukraine (Ruthenia) districts, the new cabinet is expected to be more closely allied to the German viewpoint. Hitler naturally does not want Hungary to annex Czech territory which would give her a common border with Poland, since that might block Germany's long-planned "drive to the southeast" through Czechoslovakia.

## Miscellany

Since last congress' \$1,500,000,000 WPA appropriation was specified to last until March 1, 1939, Administrator Harry Hopkins plans to drop thousands of "borderline" relief clients in the hope that revived private industry will find jobs for them.

● Bombing Barcelona eight times in 22 hours, rebel planes killed 81 civilians and wounded an additional 153.

## Trend

How the Wind Is Blowing

MERRY CHRISTMAS—The U. S. will spend at least \$1,200,000,000 on this season's Yule gifts, giving Santa Claus his biggest bag since 1929.

BOUNDARY BUSINESS—Adolf Hitler's rise to power this year, plus the new imperialism of Japan and Italy, has forced map makers to work overtime preparing new releases. Almost every geography text now in use has been outmoded in the last six months.

VICTORY'S PRICE—Aggression breeds hardship. Poverty-stricken German housewives are not allowed to buy apples or oranges until Christmas. Japan is enforcing new economies, like decreasing the content of tobacco packages, as part of her "spiritual mobilization" program.

## LIEBECK-ALLSHOUSE WEDDING

The marriage of Miss Helen Rita Liebeck, daughter of Peter Liebeck of Sylvan township, and Leo R. Allshouse, son of Mr. and Mrs. Floyd Allshouse of Chelsea, took place Wednesday evening, November 23, at St. Mary's rectory. The ceremony was performed at 7:30 by Rev. Lawrence Dorr.

The couple was attended by the bride's sister, Miss Margaret Liebeck, and Robert Allshouse, brother of the groom. Theodore Smith of Jackson, brother-in-law of the bride, also attended the wedding.

The bride's wedding gown was of wine transparent velvet with matching accessories and she carried red roses and white mums. Her sister wore a dress of royal blue transparent velvet with black accessories, and a gold necklace, a gift of the bride. Her bouquet was of yellow roses and yellow mums.

Both Mr. and Mrs. Allshouse are graduates of Chelsea high school, class of 1935. On their return from a motor trip in northern Michigan they will reside in Detroit, where the groom has a position with the Packard Motor Co.

For traveling, Mrs. Allshouse wore a teal blue dress with black accessories and a black seal coat.

## Pins in Wishing Well

Wishing wells are common in many parts of Britain, the usual custom being to drop a pin into the water while you make your wish. The most famous one is at Upwey, in Dorset, though there is no legend regarding its origin. Here you must walk three times round the well before dropping your pin.

## Mississippi Bubble: Great Scheme

The "Mississippi bubble" was a vast speculative scheme, projected by John Law, a Scottish financier, who fled London after conviction of murder following the death of an opponent in a duel. Under the patronage of the duke of Orleans, regent of France, he put into operation a plan whereby he promised to liquidate the national debt and increase the importance of France in colonial America. The project was launched with the establishment of a bank in 1716. The success of this encouraged him to found the Louisiana company, or Mississippi company, as it is commonly called. He became controller of French colonial trade. Given the right of farming the revenues, the company took over the state debt and public confidence became so great that wild speculation followed. Shares rose to 20 times their value. Inevitably the enterprise was overvalued. Law fled from France in 1720 and finally died in poverty in Venice.

## Care of Acts of Congress

All acts of congress are given into the custody of the secretary of state, who keeps them and causes them to be published.

## Nature's Yuletide Gift

From verdant forests throughout northern America, trees to grace the nation's Christmas morning are shipped each year. This picture was taken in Maine, where 1,500,000 trees are being felled for the holidays, to be loaded for shipment to all parts of the United States.

## Minstrel's Shrine

This monument at Oberdorf, Austria, honors Joseph Mohr, who wrote the words to "Holy Night," and Franz Gruber, who wrote the music for one of the world's most beloved Christmas hymns.

## Christmas Wreath 'King'

## Started as Shoemaker

WINSLOW MILLS, MAINE.—Thrown out of work when a shoe factory closed last year, Mervin Flanders came back to his home town and set himself up as the leader of Maine's Christmas decoration business. Flanders' success story started with a ball of string, some barrel hoops, some spruce boughs and a little ambition. Now he's perfected a gadget that speeds up the wreath-making process by ten times. Shoemaking, he says, can't compare to the wreath business.

## CHRISTMAS FIRE HAZARDS

Lit Christmas candles in the window look nice but they may ignite the curtains. Fire experts warn that extreme care must be observed in using candles and other Yuletide illumination.

## Early Mailing Helps Postman

## Avoid Problem of Yule Rush

Public Always Waits Until Last Minute Despite Tearful Pleas

If Christmas mailers didn't wait until the last minute with their cards and packages, post office officials predict the annual Yule rush would be minimized immensely. But despite tearful pleas each December, the bulk of holiday mail falls into post offices, less than seven days before Christmas. What the public really fears, say officials, is that their gifts will be delivered too soon before Christmas. As a result all too many gifts don't arrive until after Christmas. "Mail today," is the plea of the heavily burdened postmen below.

Wednesday—I and Jake set together in church and listened to the preacher recite Thanks giving. It was so realistic and good that Jake punched me and said he smells Turkey and has burnt his lung with hot mince pie. Ide of left out loud if Pa and Ma hadn't of been so close.

Monday—The class was studying about fruits and etc. and the teacher ask who noes what is a tangeren. Blisters up and repide and sed it are a banjo without no handle and strings to it and has got washers around same that go like his baby Bros. rattel. Blisteres Ignorents woodden be so bad if hede keep it to hisself.

Tuesday—Are famly got to talking about why did California defect 30 \$\$\$ every Thursday and none of us could figger it out but Ant Emmy. She sed Why it were becoss they wanted it on Saturday night so they could perches groceries and go to the pitcher show. I suppose Ant were right. Becos I cant think of no other reason.

Wednesday—I and Jake and Blister got into a argymint this p. m. after school about what are a cow-ketcher. They both showed how much they dont no by argying it are something on the litten end of a ralerode engen. But I won the argymint when I sed a ralerode engen cant run offen the track and ketch no cows so it are a cow boy. The dumherts haddent thot of that.

Thursday—Unkel Hen got sick and diddent know nothing witht isent no sign that he isent fizzeckly well tho. The rest of the famly went to the hospitall to see him and the Dr. sed he are getting recovery as he just tride to blow the foam offen his medisin. Pa left and sed I woodent understand when I ast why.

Friday—Ma got enstulted agen at breakfast this a. m. or akcted like she were. Her and Pa went to a naberhood dance last night and at breakfast Pa sed Ma got so tired that she cuddent hardly hold her mouth open. Then Ma give him a look I thot were every thing else but plesent but I diddent see nothing to get sore about.

Saturday—Well no school today and I am thankfe ahead of skeddule. And I will be thankfer when it are all over for the thanks giving holidays witht are noon now. My hart are go glad and beeting so fast that my Sumner-onsety makes me congrattulate the other kids all over the U. S. A. and etc. I hope all you kids have a good time and turkey and kramberrys and dressing and etc. So long.

## Question And Answer Dept.

Problem—What odd number can be made even without subtracting or adding another numeral? (Answer elsewhere in this department).

Ques.—I see in history that Henry Birdsall of Salem, Mass., was "admitted as a freeman." What is meant by that term?

Ans.—The Henry Birdsall incident occurred in 1638, and at that time in New-England "freeman" was conferred on a citizen of a borough, town or county having certain privileges, such as holding office and voting. In those days universal suffrage was unknown.

Ques.—Who was the first woman elected to the Hall of Fame?

Ans.—Eligibles to the Hall of Fame are elected every five years. At the first election in 1900 women were not eligible, but at the election in 1905 three women were elected—Mary Lyon, Emma Willard and Maria Mitchell.

Ques.—During the Civil War when eleven States declared themselves out of the Union was the number of stars in the United States flag decreased?

Ans.—No. Lincoln refused to have any stars removed because he maintained that a State could not secede. When the war broke out there were 31 stars, and before it closed two more were added—West Virginia and Nevada.

Answer to problem—"Seven." Cancel the "S" and you have "even."

Ques.—Can you answer what percentage of the people of the United States are farmers?

Ans.—Not definitely, because it varies. Based on the 1930 census reports the number of all persons 10 years of age and over in the United States that are engaged in farming is 7 per cent.

Ques.—How did the name "Jack Frost" originate?

Ans.—It is not known positively. Jack Frost, as the personification of frost or wintry weather, is found in some of the old English nursery rhymes, but its origin is lost in antiquity.

Ques.—I would like to know what is the difference between a fort and a fortress?

Ans.—These two words are similar in meaning and origin. Strictly speaking, a fort is more or less of a temporary barricade, while a fortress is a strong and permanent fort. We think of Gibraltar as a fortress, but a fort as a lesser defense.

Ques.—Who was Horace Fletcher?

And what was he noted for?

Ans.—Horace Fletcher was an author, lecturer, traveler, dietician and founder of "Fletcherism", a system of masticating food. He died in 1919 at the age of 70 years.

Spies During World War  
During the World war, the British

ple trick, finished the career of a  
clever Turkish spy. Securing his  
secret address in Constantinople,  
says Collier's Weekly, the service in  
London sent him \$150 in cash in a  
plain envelope that, when inter-  
cepted by the Turkish censor, was  
considered to be "sufficient evi-  
dence" of his dealing with the  
enemy. Consequently he was ex-

## FARM UNION NEWS

The directors' meeting of Local 264  
Sylvan and Lima, held at Joseph Mer-  
kel's on Monday evening, Nov. 28  
proved a very enjoyable affair. A  
good crowd was in attendance and be-  
fore and after the business meeting  
cards and visiting was the diversion.

A membership drive was inaugu-  
rated and the following committees  
were appointed: Will Horning, Henry  
Helm, Oscar Widmayer, Will Lutz,  
Alfred Lindauer, Adolph Steinway,  
Fred Seitz, Carol Ordway, John Kie-  
ler, Nelson Peterson, Russell Stoker,  
Patrick Lingane and Homer Stoker.  
There will be election of officers at  
the Thursday, Dec. 1 meeting if that  
is time.

The hostess served refreshments.  
The next directors' meeting will be  
held at the home of Geo. Zeib Monday  
evening, December 12.

Don't forget your all-day session on  
Thursday, Dec. 1 at Lima Center  
Grange hall. The program in full was  
in last week's issue. Pot luck dinner  
at noon. Please bring your dishes.  
The committee has spared themselves  
no trouble to make this a worthwhile  
meeting so please cooperate by bring-  
ing the family and your friends. Mor-  
ning pictures will be one of the inter-  
esting features besides the lectures by  
a number of well known speakers. Re-  
freshment committee for noon lunch.  
—Mrs. Nelson Peterson, Mrs.  
Chris. Schneider, Mrs. Joseph Merkel  
and Mrs. Will Horning.

## THANK YOU!

We wish to thank the members and  
friends of the Congregational church  
for the beautiful recognition service  
also for the beautiful basket of golden  
chrysanthemums, in memory of our  
56th wedding anniversary; also the  
Grange members and other friends  
who so completely surprised us at  
the social held on Tuesday evening,  
Nov. 22 at the Grange hall.

Mr. and Mrs. Geo. T. English.

Early White Settlement  
Residents claim a white settle-  
ment was made at New Smyrna  
Beach, Fla., in 1585, nine months  
before St. Augustine, which is gen-
