Commencement Exercises Will Be Held Tonight

Graduation exercises for the Class of 1939, Chelsea high school, will be held in the school auditorium tonight. The commencement address will be given by Judson Hyames, Director of Athletics, Western State Teachers' College, Kalamazoo, who has chosen for his subject, "New Frontiers." Diplomas will be presented the 58 graduates by Superintendent Albert C. Johnson and Principal Vernon Downing. The public is invited to attend the exercises.

A large crowd attended the baccalaureate service at the Methodist church on Sunday evening. The sermon was delivered by Rev. P. H. Grabowski, pastor of St. Paul's church. Class Day exercises were held Wednesday evening at the school auditorium when student orations and other numbers were given and awards were made. The complete program was as follows:

Wreck Averted By Engineer On M. C.

Only the alertness and quick action with the throttle and air by an M. C. R. engineer, averted a serious wreck of a fast-moving freight train late last Wednesday night.

An eastbound train being pulled by one of the large type locomotives, came to a sudden stop just west of the North Main street crossing, as the left cylinder, steam chest and guides broke off. The cylinder was carried nearly ten car lengths by the main side rod and blocked the westbound main track when the train was stopped. It was only a miracle that the engine and several cars were not derailed.

The only personal injury was a slight bruise received by the fireman when a stone was hurled into the cab window. Traffic was diverted over a side track until the wrecking crew from Jackson arrived and cleared the main tracks.

Report Good Fishing Prospects for June 25

Lansing, June 8.—Reports of good prospects for fishing on the opening of the season June 25 are coming in from all parts of the state to the department of conservation.

Factors pointing to good catches for lake fishermen include no unusual amount of fish mortality during the winter and no extraordinary losses following the spring break-up of ice. Concern over the late cool spring causing delay in spawning was dispelled when casual surveys by officials of the fish division of the conservation department led them to conclude that the bass and blue gills will have generally finished spawning in most lakes by opening day.

For the sportsmen who are rigging up their gear to get going at midnight for a fast start at bass casting and trolling or for setting out for bluegills at daybreak June 25, there is a word of caution needed. Standing up in the boat while casting, changing seats in the boat, loading and unloading—all provide hazards that take a number of lives each season.

Fishing is always dangerous—that's the reminder which state officials hope will be kept in sportsmen's heads and not just pasted in their hats. People get careless, and this is not confined only to first-timers. The experienced hands are guilty of rocking the boat because they think they can get by with it while getting that extra bit of "English" on a cast.

A lot of grumbling about poor catches will be avoided if an ordinary measure of fishing experience is practiced. Early morning hours and late afternoon and evening periods will find the people out on the water who do not need to protest—because that is when the fish are there, ready for action. The fellow who sits all day in the sun might better be taking a nap under a shade tree on shore.

Seniors Entertained at Junior Reception

The Juniors of Chelsea high school entertained the Seniors at a reception on Friday night at the school auditorium. Arranged to represent a Persian garden, the walls were hung in rose panels and the ceiling was latticed with roses.

Dinner was served at small tables by the sophomores, who were dressed in white, with colored sashes. Richard Riemenschneider was toastmaster of the evening, and the program was as follows:

Toast to Seniors—Maynard Osterle, Junior class president.
Response—Betty Seitz, Senior class president.

Trios—"In Luxembourg Gardens", and "Will You Remember"—Eunice Hart, Joan Walworth and Janice Dancer.
Toast to the School—Vernon Downing, principal.
"Junior Ambitions"—Mary Sullivan.

After the program the Red Ritz orchestra furnished music for dancing.

Rod and Gun Club Visits Cassidy Lake

More than fifty members of the Chelsea Rod and Gun club visited the NYA camp at Cassidy Lake on Tuesday evening, and spent about two hours on a tour of inspection under the guidance of Donald Miller, manager of the camp.

Preceding the tour Mr. Miller gave a short talk, explaining in detail the objectives of the Federal administration in establishing this and other NYA projects throughout the nation, where boys past high school age may be better fitted for industrial employment.

Twenty cabins have been completed to provide living quarters for the boys, and twelve more will be built this summer. There are now 170 boys in camp, 60 more will arrive this month, and it is expected the limit of 400 will be reached by October 1, according to Mr. Miller.

Included in present construction work is a large recreation building, and a large industrial building. It is planned to complete two more industrial units this year.

The visitors were also taken to the agricultural projects which are being carried on by the boys, who also are raising a large number of chickens, and some hogs.

Following the Cassidy Lake trip the Rod and Gun club members went to the F. W. Merkel cottage at Cavanaugh Lake, where cards were the diversion for the remainder of the evening, and light refreshments were served.

BURNHAM-GROSS WEDDING

Lela Burnham of Ann Arbor and Herman Gross of Chelsea were united in marriage on Saturday, June 3, at 8 o'clock p. m. at the home of the officiating clergyman, Rev. A. A. Schoon of Dexter. Mr. and Mrs. Ralph Wagner of Ypsilanti were the attendants. Mr. and Mrs. Gross will be at home to their friends in two weeks on the Pilemeier farm.

New Company to Make Lighting Fixtures

The Triple-F Lighting Equipment Co., which was organized in Dexter several weeks ago, has leased the room above the Buick garage on North Main street and are installing their equipment in preparation for production of fixtures for specialty lighting.

Fixtures for stores, both interior and exterior, and for home use in bath rooms, kitchens, etc., will be manufactured in this plant, using the G-E Fluorescent Mazda tubular lamps which greatly increase lighting efficiency.

When production is under way, which will be in the near future, several people will be employed, according to the management. The company is owned by C. J. Friday, W. H. Franklin and R. A. Franklin.

NYER-BOLLINGER WEDDING

Miss Loretta B. Nyer, daughter of Mr. and Mrs. Gustave Nyer of Freedom township, and Rudolph F. Bollinger, son of Mr. and Mrs. Fred Bollinger of Lima township, were married at four o'clock Saturday afternoon at the home of the bride's parents.

Before a background of calla lilies and ferns, the double-ring ceremony was performed by Rev. A. Wacker, pastor of the Seo church. "I Love You Truly," and Lohengrin Wedding March were played by Marian Downing, cousin of the groom.

The bride wore a dress of white embroidered marquisette, with a bandeau of white sweet peas, and carried Johanna Hill roses. Her sister, Helen, as maid of honor, was gowned in peach chiffon and her bouquet was Tallman roses. The best man was Erwin Koch of Ann Arbor, cousin of the groom.

A reception followed the ceremony and supper was served to 100 guests from Detroit, Ann Arbor, Pewamo, Dixboro, Bridgewater and Chelsea. A tiered wedding cake, topped with bride and groom, centered the bride's table.

For her daughter's wedding, Mrs. Nyer wore black and white silk crepe, while Mrs. Bollinger, mother of the groom, was attired in navy blue lace. Their corsages were composed of pink roses and sweet peas.

On their return from a wedding trip, where they will visit the groom's cousin, Walter Ehms, at Bristol, Tenn., Mr. and Mrs. Bollinger will make their home on the Thebo farm in Lima township.

OBSERVING MICHIGAN DAYS

Featuring products grown and manufactured in the state, Kroger stores are participating in a special Michigan Days sale from June 1 to June 10, according to Irwin Nothnagel, manager of the local Kroger store.

During this time Kroger has been spotlighting items for which Michigan is famous, many of them purchased by this company for sale in the eighteen other states in which Kroger operates stores.

Since 1917, when Michigan's first

Kroger stores were opened in Detroit, the company's expenditures in the state have steadily increased, last year reaching a total of more than \$28,000,000.

Of this huge amount, more than \$20,000,000 was used for commodities from the Wolverine state's farms and factories.

To mention but a few, the Kroger company last year spent \$4,750,000 for dairy products, \$1,187,000 for canned fruits and vegetables, \$1,000,000 for beet sugar, \$1,835,000 for fresh produce, in addition to \$1,152,000 for potatoes, onions and navy beans.

The grocery firm purchased \$3,706,000 worth of fresh and smoked meats in Michigan during the year, and \$1,653,000 worth of cereals and flour.

State and local taxes paid by Kroger in Michigan last year totaled \$1,570,000, an average of \$2,300 a store; rent paid Michigan landlords amounted to \$752,400.

Michigan Mirror

By Gene Alleman

Lansing—"Michigan seems to have a weakness for state boards. It is true the state has as yet no trustees of washbasins or toothbrushes, but if we keep on as we are going there will be nothing from fish eyes to fox tails that will not be supervised by a board."

With almost prophetic foresight, Chase S. Osborn made this comment in his first message to the state legislature as Governor 28 years ago.

"The Sage of the Soo," who incidentally was the first and only governor to come from the Upper Peninsula, foresaw the growing trend toward centralization of state government—a trend which has been paralleled at Washington, D. C., and which has continued throughout all recent administrations, Republican and Democrat.

A glance at the legislative record at Lansing for 1939 reveals the following examples of what former Governor Osborn had in mind.

Milk Price Board

Signed by Governor Dickinson is a bill which puts the state into the milk price-fixing field.

Clearly an innovation in governmental function and one, which is almost "New Dealish" in its scope, the milk marketing law will be administered by a five-member commission. Milk producers have protested for many months about low milk prices. Forming an aggressive bloc at Lansing, they persuaded legislators (most of whom are from rural areas or small towns) that price-fixing by the state was the possible remedy.

Marketing and advertising of apples are to be the responsibility of a state apple commission.

The legislature abolished the offices of fire marshal and state hospital director and eliminated the state legislative council. Then it created a labor mediation board, court of claims, welfare commission, athletic board of control, probation commission, and commission to pass on need for state-owned automobiles.

Laws were also enacted to tighten state restrictions as administered by state boards, for the licensing and practice of real-estate brokers, funeral directors, chiropractors, dentists, and nurses. Other laws required state licensing and control of soft drink manufacturers and residential building contractors.

Special Session

By leaving the state budget \$6,000,000 to \$15,000,000 out of balance when they adjourned May 14, lawmakers left at Governor Dickinson's door a virtual invitation to call a special session.

As we pointed out in this column May 18, "if the budget is balanced, it will be a miracle of first magnitude," Dickinson insisted on general non-intervention in legislative affairs as did Frank Murphy in 1937, and the financial results were somewhat similar.

While Murphy's legislative deficit was \$18,000,000 by actual appropriations, Dickinson's dilemma consisted chiefly of two parts: (1) \$45,000,000 school aid authorized and only \$38,000,000 appropriated and (2) \$12,000,000 to \$15,000,000 welfare aid authorized and only \$3,750,000 appropriated.

These figures come from Emerson R. Boyles, the governor's legal adviser. Grover C. Dillman, state budget director, puts the pending legislative deficit at \$6,000,000 to \$7,000,000. Both estimates do not include the so-called "Murphy deficit" which may near the \$25,000,000 mark by June 30, end of the state's present fiscal year. The legislature took no step to establish a debt retirement fund as recommended by the late Gov. Fitzgerald.

"Pay-As-You-Go"

Governor Dickinson, thrifty farmer near Charlotte, insists firmly that the legislature must balance the budget.

This "pay-as-you-go" principle, he points out, was an integral part of the Fitzgerald program which also proposed to accomplish it without resorting to new taxes. The legislature has several choices to make when it convenes for the special session scheduled for early in July:

1. Reduce authorized expenditures for schools and welfare to meet Dillman's budget requirements.
2. Maintain present appropriations and impose a new tax or two—raise the sales tax from three to four per cent; a tax on amusements or tobacco; a state income tax. (These have been suggested by state officials or legislators in the past few years.)
3. Grant Governor Dickinson the same appropriation-cutting power that the 1937 legislature handed to Murphy.

The situation is not discouraging, however. The legislature did reduce state expenditures, as of 1937, with the leading exception of schools and welfare. As the Lansing State Journal points out, "other daily papers expected too much. The State Journal has lived close to legislatures for a long time and so has learned not to be disappointed."

This Lansing newspaper, with some sophistication, observes further that: "Newspapers, which deride the legislature, have never done anything, so far as observed, to get better ones. The general public very largely utters its disapproval of the legislature until it reaches Lansing."

This legislative weakness, as such, may be an inherent part of our democratic system. Taking a long-range viewpoint, it may be a source of

strength. The British would say, "We'll muddle through." Governor Dickinson who has been a part of six state administrations expects confidently to balance the budget by doing just that—"muddling through" the present confusion and disorder.

Girls Stick to Jobs

San Francisco girls have a harder time getting jobs than boys, but when they do get them they keep them longer, a survey reveals.

Some Get Away With It

Half of the trouble follows doing something that one knows he shouldn't with the expectation of eluding the consequences. Just enough people do elude them to fool the rest.

Recently, a man wrote in and asked me whether all automobile drivers were bad drivers. We must remember that there are millions of good drivers compared to thousands of reckless ones. Approximately 25 per cent of the driving public is responsible for all of the automobile accidents and the accompanying grief and suffering which is reported annually.

Seventy-five per cent of the driving public does not have accidents.

However, it is necessary for the 75 per cent that does not have accidents to be constantly alert because the constituents of the 25 per cent that does report accidents is not permanent. In other words, the possibility of an accident is passed around frequently; and therefore, good drivers must be constantly alert in order to remain good drivers, and bad drivers ought to change their habits immediately.

They Might Desist

Those who are always exhorting others to "think" might desist if they could see the rapidity of thought of many who try it.

Late Gardeners Can Still Plant

Early gardeners may find more angleworms, but there still is sufficient time for gardening if a wise selection of the proper kinds is made.

Suggestions made by H. L. Seaton, vegetable specialist at Michigan State college, include an assortment that will add considerable to a farm or city larder.

The vine plants such as melons, squash and cucumbers are due to go into the ground. It's also time for lima beans, for second plantings of sweet corn and snap beans although it is too late for the crops that hot weather would nip. These are peas, lettuce, radishes and ordinary spinach.

Carrots for fall storage can be put in the garden now, also late tomatoes and late potatoes.

If the gardener's inactivity to raise spinach, Seaton does have one suggestion for summer greens. That is the New Zealand spinach which thrives in hot weather. Because it is not sensitive to heat, the plants put out and continue to offer long tender tips that please the gardener.

Late cabbage and cauliflower can be seeded right in the garden. Later in

the month of June such plants as late tomatoes or partly grown out cabbages and cauliflower can be set out. So there is the assortment for the man with the hoe, who earlier in the season found other work than gardening to do.

Chairman table committee—Mrs. John Steinbach.

There were 125 in attendance, including four teachers. Josephine Hoppe had the largest number of scholars present.

A bouquet was sent Mrs. Angie Burkhardt, 90, who is the oldest living former teacher.

The next reunion will be held the first Sunday in June, 1940.

Chalk Made to Glow

Turn ultraviolet rays on many minerals and they glow. Chalk is one of these.

Lifelong Grudge

A lifelong grudge does not arise from some act. You had an antipathy toward the man, anyway.

Boy's-eye View of MICHIGAN

If YOUR BOY (with the help of a magic glass) could survey all of Michigan, what would he see? He'd see fine vacations everywhere . . . sights to thrill any normal boy or girl.

It's good for children to know their native State . . . it's fun and it's educational, too. Will your children have that privilege this summer? There's a world of things in Michigan they probably haven't seen—a world that's well worth seeing!

It's a comfort to know that home and family can always be reached quickly by telephone.

MICHIGAN BELL TELEPHONE COMPANY

• There are 725 camps for children distributed throughout Michigan . . . including 42 Scout camps.

• Michigan abounds in scenic beauty that very few States can equal . . . and fewer still surpass!

Mr. and Mrs. Charles Young and daughter Frances of Detroit were Sunday guests of Mr. and Mrs. George C. Raviller.

Mr. and Mrs. William Klammer and sons, Bill and Bob, of Dearborn were Sunday afternoon guests of Mr. and Mrs. J. J. Munro.

Mr. and Mrs. C. E. Clayton, who have been visiting relatives in Philadelphia and Baltimore, returned home on Friday evening.

Carl J. Mayer is spending several days in Grand Rapids, attending the national convention of the American Institute of Banking.

Miss Jessie Everett and her sister, Mrs. E. H. Coe of Seattle, Wash. spent Friday and Saturday with relatives in Kalamazoo and Lansing.

Mr. and Mrs. Irwin Notthage and daughter have moved from the Bagge residence on South Main street to the Tisch residence on North Main street.

Mr. and Mrs. Samuel Mohrlock have sold their farm in Sylvan township to Walter Smith of Detroit, who will take possession of the place on August 1.

Mr. and Mrs. Norman Schmidt motored to Grand Rapids for the week-end. His mother, Mrs. Verne McQueen, accompanied them to Chelsea for an indefinite stay.

Mr. and Mrs. Fred Hieber and family of Seio; Mr. and Mrs. Ernest Lutz and daughter Mary Ann of Ann Arbor were entertained Sunday at the home of Mr. and Mrs. Walter Trinkle.

Mrs. L. J. Paul and daughters will leave Friday evening to make their annual visit with Mrs. Paul's mother, Mrs. F. G. McNutt in Charleston, Ill. Dr. Paul and Vincent Swickerath will accompany them, returning early Monday morning.

COOKING DEMONSTRATION

A cooking demonstration will be held at the Kroger store every day next week. A practical and expert demonstration of how to cook the "waterless" way, saving vitamins, minerals and flavor of foods—also how to save about one-half your cooking fuel with this method of food preparation.

A home economics expert will be in charge of the demonstration. An unusual feature of this demonstration will be the preparing and cooking over an electric light bulb.

If you would like to avoid "pot watching" and stirring—and see how to bake and roast on top of the stove, thereby saving time, money and work—come to your local Kroger store all next week, says Mr. Notthage, store manager, who extends a welcome to all.

Who Wants to be Lazy with THIS one Around?

The model illustrated is the Buick SPECIAL model 41 four-door touring sedan \$899, delivered at Flint, Mich.*

SUMMER'S COMING! Warm sun—deep shade—buzzing bees—long, lazy days inviting you to take it easy!

Gonna fall for that? Well, maybe—if that car in your driveway is just a run-of-mine job. But suppose it's a Buick—then what?

Then, good sir, you're in for an active summer. A summer of going places, seeing sights—and having some honest-to-goodness fun!

You'll boss around a brilliant Dynaflex straight-eight engine as thrilling to handle as a flyrod.

You'll go exploring over the little-traveled back trails—and soft springs of coiled steel will cradle every jolt and jar. You'll look out to the far horizons through windows wider, and bigger—there's as much

ONLY BUICK HAS IT! This sure-fire direction signal that flashes warnings of turns at a flip of a switch! Shows day or night. Standard on all models!

ST. PAUL'S L. A. S. MEETS

The Ladies' Aid Society of St. Paul's church held their monthly meeting on Friday afternoon at the home of Mrs. Philip Seitz, with 14 members and four guests present. The devotionals were in charge of Rev. P. H. Grabowski and the topic for the month was "Youth and Adult Building the Christian Church." Articles on Missions were read by Mrs. Albert Widmayer. Mrs. F. H. Kraft gave an interesting talk on work being done at the Caroline Mission, St. Louis, Mo. Lunch was served by the hostess, assisted by Mrs. Fred Seitz.

WILL HEAR GLENN LARKE

Glenn R. Larke, assistant education secretary of the Farmers and Manufacturers Beet Sugar Association with headquarters in Saginaw, will speak at the Kiwanis club meeting on Monday evening. This association represents practically every sugar beet grower and processor in Michigan, Ohio and Indiana. Mr. Larke is also assistant editor of the "Sugar Beet Journal," trade paper for the eastern section of the United States. The Chelsea Kiwanis club is beginning its annual drive for funds for the Boy Scouts, and will appreciate the cooperation of the general public in their efforts.

Last Monday evening the club ball team played the team from the administration offices of the Waterloo Project at the local athletic field. Final score was 9 to 4 in favor of the Kiwanians.

LEGION AUXILIARY MEETING

The June meeting of the American Legion Auxiliary was held Tuesday evening, June 6 at the Legion Home, Cavanaugh Lake, with 25 members present.

Mrs. C. W. Maroney presented the president, Mrs. Wilbur Hinderer, with a lovely corsage.

Reports were given by the chairman of the following committees: Poppy, sick, radio and Wolverine Boys' State. Mrs. Lyle Christwell reported on the Community Recreation Project.

The Auxiliary members, wishing to cooperate with the summer plans for having a playground supervisor, voted \$10 to help put this program across.

It was voted to send a letter of appreciation to the Chelsea Handicraft club for their part in building two tables for the Legion Home.

The Community Service committee held a miscellaneous shower for the Schultz family, whose home was recently destroyed by fire.

In honor of Flag Day, June 14, two poems were read. "A Toast to the Flag," by Mrs. John O'Hara and "The Birthday of the Flag" by William J. Lampton was given by Mrs. Irwin Klump.

The regular July meeting was advanced one week and will be combined with the Dues Luncheon which will be held at 1 o'clock June 27.

The remainder of the evening was spent in playing games. Mrs. Alvin Umstead won the door prize, a beautiful basket of peonies.

Refreshments were served by the committee, Mrs. Claire Rowe, Mrs. Chester Miller, and Mrs. Wm. Birch.

SEVERE STORM SATURDAY

Chelsea was visited by a severe electrical and rain storm early Saturday afternoon. Lightning did considerable damage. On North Main street two high power wires burned off and dropped over a temporary wire fence that the village had put up along their property. This caused quite a display of fireworks until the current could be shut off. The fire whistle was short circuited, and lightning entered several houses in the village, but damage was slight. The deluge of rain was most welcome as it was extremely dry.

THANK YOU!

The American Legion and the Legion Auxiliary wish to thank all those who helped make the poppy sale a success.

Your sincere appreciation is extended to the Girl Scouts and their leaders for their splendid cooperation.

Your contributions will be an inestimable aid to the war's living victims. We are pleased to help those men for whom there will be no Armistice until God in His wisdom has called it for them. Those men who thought no service too severe, no sacrifice too great to be given for America.

CENTRAL CIRCLE ELECTS

A meeting of the Central Circle of the Methodist church was held on Thursday at the home of Mrs. N. W. Laird. Election of officers resulted as follows:

President—Mrs. Watson Hart.
1st Vice-Pres.—Mrs. A. L. Steger.
2nd Vice-Pres.—Mrs. Fred Broesamle.

Secretary-Treasurer—Mrs. Chester Miller.

Assistant—Mrs. W. C. Smith.

A pot luck supper was served to 35 members and guests.

Mrs. Blake Fisher of Plymouth was an out of town guest.

Jitterbug Bees

If you see a honeybee doing the hula-hula, prick up your ears and maybe you'll hear some gossip hot from the hive, says Country Home Magazine. Scientists have discovered that bees don't talk with the buzz of their wings, but with the movements of their bodies. According to Dr. J. E. Eckert, bee specialist at the University of California, there's a word for every wiggle. Most of the bees' undulations, performed in the air, tell other bees where to locate a new supply of food.

Chemicals in Our Food

The chemicals in food we eat represent a cross-section of the earth's materials.

Announcements

The Storms Group of the Ladies' Guild of the Congregational church will hold a pot-luck supper at the home of Miss Bertha and Warren Spaulding on Thursday evening, June 15, at 6:30 o'clock. Everyone is invited to be present.

Regular meeting Olive Chapter No. 140, R. A. M., Friday evening, June 9.

Question And Answer Dept.

Problem—The man that makes it doesn't want it; the man that buys it gets rid of it, and the man that finally gets it doesn't know he has it. What is it? (Answer elsewhere in this department.)

Ques.—What is the meaning of "dean" when used as follows: "He was the dean of the diplomatic corps?"—C. S.

Ans.—In any capital "dean" means the oldest member in length of service in the diplomatic corps. As a rule, diplomats do not remain very many years at one capital. Five years' service makes an "old timer," and ten years is rarely reached.

Ques.—Who was it that said: "Don't give up the ship?" (Some histories say it was Commodore Perry, commander of the flagship "Lawrence," while others say it was Captain Lawrence, commander of the "Chesapeake." Which is correct?)—V. A.

Ans.—This phrase was used by Captain James Lawrence, in command of the Chesapeake in the War of 1812, in a battle between the Chesapeake and the British ship Shannon on June 1, 1813. His exact words were: "Don't give up the ship—blow her up." They were his dying words after being fatally wounded. His orders were not obeyed, and his men surrendered to the British. The words became the battle cry of the navy. The words were inscribed on the pennant carried at the masthead by Commodore Perry at the Battle of Lake Erie on Sept. 10, 1813, after which he sent this famous message: "We have met the enemy and they are ours."

Answer to problem: A coffin.

Ques.—What is a de facto government?—G. D.

Ans.—A de facto government is one which holds actual power as distinguished from one which holds legal title. After the American colonies threw off the yoke of Great Britain it became known as a de facto government; and when it prosecuted a successful war and gained recognition by Britain the government of the colonies became the "de jure" government.

Ques.—Why was Sarah Bernhardt, the once famous actress, called "Divine Sarah?"—L. G.

Ans.—"Divine Sarah" was first applied to the world-famous actress by Oscar Wilde, a famous English author and theatrical critic. Wilde's comment after seeing her first London appearance was: "Were I a king I would give half of my kingdom, the half of my sceptre and the half of my crown to meet that 'Divine Sarah.'" Thus the famous sobriquet stuck to her the remainder of her life throughout the civilized world.

Ques.—Will you please tell me the correct pronunciation of "Don Quixote?" Thank you.—K. H.

Ans.—The Spanish pronunciation is "don key-ho-ta," and the English pronunciation is "don-kwik-sott," with accent on the syllable "kwik."

Ques.—I would like to ask you what a "delta" is? I believe you answered this once, but I can't recall your answer.—G. W.

Ans.—"Delta" is the name of the fourth letter of the Greek alphabet. It is shaped like a small triangle. The island formed by alluvial deposit in the mouth of a river is called a delta because it usually takes the form of this Greek letter. The Mississippi, the Danube, the Rhine and the Nile are the most famous rivers which have deltas.

Use of the 'Chile Wheel'

The only "Chile Wheel" south of Sonora is on the Nelson mining claim in the Greenhorn mountains, 36 miles east of Bakersfield and two miles east of the Oak Flat ranger station, says the Los Angeles Times. It was used to crush gold-bearing quartz and was introduced into California by Chilean miners, hence the name. An upright was fitted into a square hole and atop this was a beam with a wheel on one end. To the other end was hitched a horse or mule, which moved the wheel around in a rock-lined circular trench with a sort of rocker movement. This "wheel" is of granite and is six feet in diameter, nine inches in thickness at the rim and 14 inches in thickness at the hub. It weighs approximately 3,500 pounds.

Why Keep It Up?

Some poets are always being talked about by the literate and whooped over; and not one verse of theirs is on the lips of the people—or is ever quoted by anyone. Not much use keeping up the ululation.

LIBRARY NEWS

The Library list for June consists of books that will give you a good start on your summer reading.

Adult Group

Grandmother Called It Carnal—Damon.

The Land Is Bright—Binns.
Giants in the Earth—Rolvag.
Guns of Burgoyne—Lancaster.
Etiquette—Emily Post.

Wuthering Heights—Bronte.

Wuthering Heights is the name given to the dwelling of a certain Mr. Heathcliff, "Wuthering" being descriptive of the atmospheric tumult to which its station is exposed in stormy weather. Happily, the architect had foresight to build it strong; the narrow windows are deeply set in the wall, and the corners defended with large jutting stones.

Picture this house in a setting around the moors of northern England working itself into a story that has lived for a century and still reaches into the unknown future. It begins and ends in a playhouse cave under Pennistone Crag where Cathy and Heathcliff pretended that the Crag with its overhanging rocks was a castle where they might reign in peace and contentment unmolested.

Terrible and mild, clashing and agreeing, the characters tramp thru the pages in human relations. "It is the house itself, however, which is the greatest character. Under its brooding shadows it assumes almost a human visage while two lonely people are searching for love and understanding."

It is a story which has lived for a hundred years and few stories have had the inherent quality to stamp themselves so indelibly on memory.

Spot Tom—Rhodes.

Spotted Deer's Party—Rhodes.

On the Banks of Plum Creek—Wilder.

Little House on the Prairie—Wilder.

Do you remember the delightful story of "Little House in the Big Woods?" I know you must have thought a great deal about Laura Ingalls Wilder when she lived in a little log house miles from any neighbors or settlement.

Well, anyway here is another book about the Wilders as they traveled across the country in a big covered wagon, across the prairies to the Indian country and lived in another rough log cabin.

You must read "Little House on the Prairie," by Wilder.

Introducing-- --Special Products from OUR NEW ICE CREAM Equipment...

We are now formally announcing our new modernistic Ice Cream Freezer -- the only one, as far as we know, outside of Detroit.

Our fresh frozen ice cream is made from the highest quality cream. This cream is secured from a Michigan dairy company, is properly pasteurized and thoroughly tested in the company's modern laboratory.

Only pure fresh cream and milk, sugar, eggs, and a small amount of stabilizer are used in making our ice cream. We have in our ice cream a two per cent extra butterfat, so that you may get the truly fine palatable ice cream.

In the dairy's laboratory a phosphatase test is run on the mix to check the efficiency of pasteurization, a bacteria plate count is being made to make certain that a low bacteria count cream mix is being sold, and the cream mix is then observed under a microscope to note if the mix has been properly viscolized, and thereby insuring a good texture and body in the ice cream. Then the homogenized mix is shipped in sterile cans to us and with our addition of other ingredients is put into our modern freezer and the ice cream is ready in 8 minutes.

The public is cordially welcomed to watch the ice cream making and we will gladly answer any questions asked.

Special Announcement Starting This Thursday Night

GRASS LAKE—Announcement is made of the marriage of Miss Nan Gayar, Manistique, to Harold Crafts, son of Mr. and Mrs. George Crafts, Adrian, and grandson of W. K. Crafts and Mr. and Mrs. S. E. Cooper, Aug. 14, 1938. This month he received his B. S. degree in pharmacy at Ferris Institute. He is employed in an Adrian drug store.—News. Mr. and Mrs. George Crafts and family were former Chelsea residents.

BROOKLYN—There has been much speculation around Brooklyn as to how long it would take to fill the Brooklyn pond which has been dry since the Ford Motor Co. started their factory

development here last year. Last Thursday afternoon the round gate at the bottom of the new spillway was closed for the first time and the water has raised steadily. For the first few days the water gained fast but since Sunday the area is so increased that the raise is slower. Tuesday forenoon there was about four inches to go and the water was well up on the round stone lining of the sides of the pond. Wednesday the water was trickling over the new spillway and today it will be taking care of the natural flow of the stream. There is some seepage through the dam at a point west of the spillway, but so far it has not appeared dangerous.—Exponent.

DEXTER—There are, in the vicinity of Dexter approximately sixty veterans. Some are members of the American Legion, some members of Veterans of Foreign Wars. Maybe there are other associations for the ex-soldiers. A few years ago, a few of the veterans with the citizens had a fine Memorial Day observance. Since then there has seemed to be no interest displayed by the veterans. Again have we passed Memorial Day without observance which is due those who gave their lives to the service of their country and out of respect to those who came back. But is it not an observance? Many citizens remark how careless we have become to let these memorial days slip by with no regard, but many remark also that if the veterans don't care, why should we? What do you think of it?—Leader.

Sylvan Township BOARD OF REVIEW

Notice is hereby given to all persons liable to assessment for taxes in the Township of Sylvan, Washtenaw County, State of Michigan, that the assessment roll of said township as prepared by the undersigned, will be subject to inspection at the council room, Sylvan town hall, Village of Chelsea, on

RECREATION NEWS

The Play Day which the Recreation Committee sponsored and carried out proved very successful. The rain, which halted the program on Saturday, May 20, after the completion of only a few events, did not dampen the children's spirits for they turned out full force for the completion of the meet on the following Thursday. It is estimated that around 175 boys and girls took part in the various events. The participants showed great enthusiasm and have asked that this become an annual affair. But while the children turned out in goodly numbers, the parents were entirely too few.

Following are the results of the meet:

Famous Luxor
Luxor is a village in Upper Egypt on part of the site of ancient Thebes, near Karnak. The place is famous for its ruins.
Double Days
Midnight sun months in Norway and Sweden come between May 15 and July 15, when visitors enjoy double days for it is almost daylight at midnight.

Good Advice
Two Philadelphia physicians, warning in a national publication, warn people to keep their mouths shut if they would remain healthy. And, they might have added, if they want to keep out of trouble.
Hibernation for Reducing
During his long winter sleep the groundhog—whistle pig—uses up about a third of its fat. It needs the other two thirds "to go on" when it comes out of hibernation, until nature provides its normal diet of growing things.—Christian Science Monitor.

EACH SCOUT RESPONSIBLE FOR SUMMER PROGRAM

While some Scout troops may be less active during the summer months than during the rest of the year, all Scouts and Patrols are being urged to work out as strong a program of summer activities for themselves as possible. In some cases a Scout will work with his own parents in his advancement work.

In other cases he will spend a period or more at the Scout camp near Dexter or will come to the camp on Friday evenings for the Courts of Honor. Summer time presents a real opportunity for a Scout, often times on his own, to make progress because of the amount of leisure which he had during the summer months.

Children In Court

By Judge Malcolm Hatfield
Parents Know Best

A federal communications commission issued a public blast against radio blood-and-thunder dramas which, he said, were very bad for small children. He immediately received an interesting deluge of mail.

About half the letters were from children who disagreed with him very sharply; the rest were from parents who agreed with him with even more fervor than the children had shown in their disapproval.

This is approximately what the commissioner expected. No one who has observed small boys listening to a radio can question that youngsters devour blood-curdling radio thrillers greedily. In this case, at least, the parents knew best.

Grooming Aid To Business Girl's Career

By PATRICIA LINDSAY

BEAUTY is as beauty does in the office as elsewhere.

Gradually there is being formed unwritten laws for office behavior and the girl who is aware of them, and obeys them, has a better chance of promotion than the girl who ignores them.

Take for instance the small matters of grooming. Small but important. Tidy appearance, personal daintiness, never obvious dress or make-up. Those you are familiar with, or should be if you are in business at all.

But just recently a personnel officer of an important company voiced

Long personal conversations and smoking during office hours are strictly taboo if you want to hold your job.

A few more office rules which she says are as essential as the golden rule.

Rules for Office Behavior

"Remember that good manners and courtesy mark a person's true character in a business office as truly as they do at a dinner party."

"Be sparing in the exercise of your charm. Most bosses prefer to pick their own charmers—after business hours."

"Don't strive for too striking color combinations in your office apparel. Unless you have a very extensive wardrobe your conferees will become all too familiar with the rotation of costumes."

Slats' Diary

Sunday—The preacher of the church has sent no thing to get his self back in good with I and Jake and Blister on acct. of not a preaching no thing about B. B. and etc. and athletes but the S. S. teacher performed fine this a. m. and sed he thot all kids with are males otto be athletes. He are all OK and all right.

Monday—I noticed in the paper where some rich peepul has got scales in there bath rooms. I dont know but I suppose the idea is to get ones wate before and after taking a bath and see how much dirt they washed off.

Tuesday—Mister Hitler & Co. now says the Jews no longer haft to leave the gold out of there teeth as a part o there wath when they get out of Germany. So I respectly guess that the dentle bizzness will show rapid pickoverie from now on. In Germany is where I mean.

Wednesday—I use what are a mirakel and he replide and sed he isent so sure but he guest it are the fellow with came to the noosepaper offis this a. m. and sed the artikel Pa writ up about his dotters marriage to a man were correct and OK in every petickeler. Then Pa chucked and so I guess most of them dosent.

Thursday—The teacher was a telling the class she herd of a man that hasent had his hair cut for a hole yr. Jake speeked up and sed: That isent nothing as he knows I that dont never have no haircuts. The teacher nat why and Jake sed becos he hasent got no hair. Then the class laft as it were I on the teacher.

Friday—Mister and Mistress Gilliam was over to are house after supper and they was some talking. Mistress Gilliam sed to Ma did any body in are family ever make a brillient marriage and Ma replide yes I a did. Then they all laft hartly but why I dont sed.

Saturday—The class went on a picknick today and the sun shined bright and hot and the wind was offe windy. Jane and Ety was a talking all the thoe and blabbing and etc. and both of them got there tungs sunburnt and I am glad of it. Some pepul talk a lot to much and also to offen. Maybe it will be a lessen to them daimes.

The Wife's Hat

A properly constituted husband regards his wife's hat as an indication of his standing in the community, so let it cost \$70 if that's necessary.

Greatest of All Biographies
Boswell's "Life of Johnson" is generally conceded to be the greatest of all biographies.

Delicate Weight Balancing
So delicately poised are the scales used in weighing diamonds that the weight of a single eyelash or a few specks of dust will turn the balance.

First Cutlery Factory
Although some tools were manufactured in Pennsylvania as early as 1810, the first cutlery factory was at Worcester, Mass., and dates from 1829, when a pen and pocketknife factory was established there.
