Village Registration Starts Next Tuesday

According to information contained in the village registration notice published in this issue of The Standard, the first day for registration will be on Tuesday, February 20, when the village clerk will be at Sylvan town hall. Other dates for registration prior to the annual village election on Monday, March 11 are also listed in the notice.

Jas. Munro, village clerk, states that in the past many people have been confused about the elections for which they register. The present registration with the village clerk is for the village election only. Registration for township, county, state and national elections must be made with Robert Foster, Sylvan township clerk. The dates for such registration will be announced prior to the annual spring election.

Those who are not already registered, with both clerks should make sure that they are registered with both clerks in order to avoid embarrassment at the various elections during the year.

Large Crowd Attends Lecture By Ben East

Chelsea high school auditorium was filled almost to capacity on Tuesday night when Ben East, lecturer and writer on conservation and outdoor sports, showed two reels of all-color motion pictures entitled "Waters That Run to the Sea."

Beginning at the Indiana state line on western Michigan's southern border, Mr. East's picture story moves up the shore of Lake Michigan, with short trips inland to pick up points of interest, crosses the straits and then follows the Upper Peninsula shoreline west, cuts up to Lake Superior, along the Pictured Rocks area to the Soo, down the St. Mary's river and along the Detroit waterfront. The waters are then followed through Lake Erie, over Niagara Falls and into the St. Lawrence river on their way to the sea.

Inland lakes and rivers were shown, and many of the best spots in the film are of fishing experiences, activities in the lives of many birds and water life of the state.

The event was sponsored by the Chelsea Rod and Gun club and the Ann Arbor News.

HOFFER-BRISTLE WEDDING

The marriage of Miss Inez Hoffer, daughter of Mr. and Mrs. Albert Hoffer of Dexter, and Clarence Bristle, son of Mrs. Emanuel Bristle of Lima township, took place on Thursday, Feb. 1 at Zion Lutheran parsonage, Rogers Corners, with Rev. M. W. Brueckner officiating. The attendants were Miss Lois Hoffer, sister of the bride, and Paul Bristle, brother of the groom. A wedding supper was served after the ceremony at the home of the bride's parents, with covers for 28.

Mr. and Mrs. Bristle are residing on the farm of Mrs. Herman Pierce on Freer Road, Lima township.

Last Thursday evening, the Luther League of Zion church entertained at a miscellaneous supper for Mr. and Mrs. Bristle at the home of Mrs. Emanuel Bristle, with 55 attending. Pedro furnished entertainment, Hilda Eisenman and Frank Hoffer holding high score, Edna Horning and Carl Heller, low. Refreshments were served.

CHELSEA DEFEATS ROOSEVELT

By Wayne Van Orman

The Chelsea quintet scored a smashing victory over Roosevelt, 30 to 19, on Friday evening. The first half ended with a score of 15 to 10 in Chelsea's favor; however, Chelsea went out in the second half to gain an overwhelming lead and clinch the game. The superb passing and fine team-work of Chelsea made her the favorite from the very outset of the game. The finest play of the evening was the pass from Policht to Miller, who returned the pass to Policht for a well-earned basket. The leading scorer for Chelsea was Riemenschneider with 9 points.

Chelsea's second team was defeated 25 to 31. The team was led by Birch, who scored 8 points.

On Friday, Chelsea plays Belleville here. Don't miss this game—it promises to be a thriller. The first game begins at 7:30.

INJURED IN AUTO COLLISION

Mrs. Chester Miller and daughter Helen suffered slight cuts and bruises Sunday noon when the car in which they were riding with the former's brother-in-law, Joseph Miller of Petersburg, was in a collision with another car. Jimmie Miller was not injured. Joseph Miller received a cut on the back of his head and suffered bruises on his side. The party were enroute to Battle Creek to visit Chester Miller, and the accident occurred just west of the viaduct on US-12.

BAKE SALE

The Ladies' Aid Society of St. Paul's church will hold a bake sale at Schneider & Kusterer store on Saturday afternoon, Feb. 17, beginning at 2:30 o'clock.

LENTEN MESSAGE

By Rev. P. H. Grabowski,
Pastor St. Paul's Evangelical Church

"And truly the Son of man goeth, as it was determined."—Luke 22:32.

"Tis a word from the life of Jesus; 'The Son of Man goeth as it was determined.' If you were to gather notable sayings of great heroic characters in history, this saying of Jesus would deserve to be placed at the head of the list. Jesus was thoroughly aware of the cost that was involved in His determination to go as God had planned; The arrest in Gethsemane, the trial in Jerusalem, the final struggle on Calvary—all of these stood very vividly before Him, and yet despite them all He did not shrink from the task but said heroically and unwaveringly: 'The Son of Man goeth as it was determined.'"

Quite naturally you ask: Why did Jesus go that way? He went that way that He might pay for your sins. He went that way that He might wrest you from spiritual slavery and death. He went that way that you might be His own and live under Him in His Kingdom and serve Him in everlasting righteousness, innocence and blessedness. And please do not fail to note that He went all of the way. He went and went until He came to Calvary. He went that you need not go. He died that you need not die.

And having gone as it was determined, what is He doing now? He is begging and pleading with you. He is begging and pleading that you accept Him as your Saviour and that you commit your body and your soul into His care. "Ye believe in the Father," He says, "believe also in Me." Do it now and the Son of Man will not have gone in vain—for you. Just as I am, without one plea, But that Thy blood was shed for me, And that Thou bid'st me come to Thee; O Lamb of God, I come, I come.

HESELSCHWERT-ENHIS

The home of Mr. and Mrs. John M. Heselshwert on Scio Church Road, in Sylvan township, was the scene of a pretty wedding on Wednesday afternoon, when their daughter, Lelia Grace, became the bride of Waldo Herman Enhis, of Bristol, Tenn., son of Mr. and Mrs. Herman G. Enhis of Ann Arbor.

In the presence of the immediate families, the ceremony was performed at 3 o'clock by Rev. Fred D. Munby.

The bride was gown in white lace over white satin, with short puffed sleeves and a jacket trimmed with bands of satin ribbon. Her finger tip veil was caught in a wreath of orange blossoms and she carried a shower bouquet of pink roses. Her sister, Doris, as maid of honor, was attired in aquamarine taffeta, with a matching bow in her hair, and she wore a shoulder bouquet of yellow rosebuds. Leroy Enhis, brother of the groom, assisted as best man. The wedding march from Lohengrin was played by Doris Enhis, sister of the groom.

Both Mrs. Heselshwert and Mrs. Enhis wore dresses of blue crepe, with rose corsages.

A wedding supper was served after the ceremony, a bridal cake centering the table, which was lighted with white tapers.

The bride is a graduate of Chelsea high school. The groom, a graduate of Ann Arbor high school, received his B. S. degree from the U. of M. in 1938, and has since been employed as chemist at the S. E. Massengill Laboratories, Bristol, Tenn. They will make their home at 1117 Broad St., Bristol.

Among the entertainments for the bride-elect was a miscellaneous show-up on Monday evening at the home of Mrs. W. C. Pritchard, which was attended by about 60 guests. Games were played and lunch was served.

LOCAL SCOUT TROOP GROWS

In an honor roll of troops which made growth during the month of January the Kiwanis (25) troop of Chelsea was listed as one of the 18 troops of the council which added new members during January.

The Copeland District is attempting to enlist a number of new Scouts in the troops of this district during the next month.

Erection of Signs On US-12 To Be Discussed

All local business and professional men, manufacturers and others interested in the matter of having proper signs placed on US-12 to designate the approach to Chelsea, are requested to meet at Kolb's hall next Monday night at 8 o'clock.

The temporary signs which have been placed at the intersection of the new and old US-12 and at the Manchester intersection are of very little value so far as directing motorists who wish to come to Chelsea, as there are daily stories by motorists who report that they have driven far past the town before realizing their mistake.

Drawings have been made by Carl Swickerath of billboards as a suggestion for the type of sign to be erected in order to let the US-12 traffic know that Chelsea is on the map and where to find it. It is planned by those who have taken an interest in the proposition to have a large sign erected at each intersection of old and new US-12, and two smaller ones at the Manchester Road intersection.

It is hoped that there will be a large representation of Chelsea business interests at the Monday evening meeting so that a campaign for the new signs may be launched in order to have the work done before the summer tourist season starts.

Kelly Urges Purchase Of License Plates Now

Preparations for the greatest sale of automobile license plates in the history of Michigan are complete, Harry F. Kelly, Secretary of State, said this week. "Few motorists realize the extent of preparation necessary to handle a business approaching \$20,000,000 in license plates alone. The bulk of this business will be done between now and March first," Kelly added.

"Since the 1940 license plates were placed on sale last October, fewer than 200,000 sets of license plates have been issued. This brings us to the tremendous task of issuing more than 1,440,000 sets of license plates between now and the first of March. I want to urge every motorist to purchase their plates as early as possible. By so doing, they will not only benefit themselves by not having to stand in line, but will enable the department to operate without increasing the payroll," Kelly continued.

"Delay on the part of the motorist in purchasing license plates in the past has resulted in a last-minute rush, which made it necessary for the secretary of state to hire outside help. This additional payroll can be eliminated if the motorist will buy his license plates early," Kelly concluded.

Application blanks are available at all branches of the secretary of state and at all automobile sales rooms. No license plates will be issued without title of ownership. If a title cannot be found, the owner must make application for a duplicate title. Care should be taken that the motor and serial numbers of the application correspond with those on the car, and the signature on the former application as these items are particularly checked. Duplicate titles cost \$1.00, the same as original titles. Every duplicate title application must be accompanied by a statement as to what happened to the original.

Your Certificate of Title is a valuable document. Have it with you when you apply for your 1940 license plates. Buy your plates early and avoid the last minute rush with its accompanying discomforts.

DISCUSS BUILDING PLANS

Over 200 were in attendance at the "Get-Together" and special congregational meeting of St. Paul's church, which was held on Thursday night at the high school auditorium. A co-operative supper was served, after which the matter of building a new hall on the church property was discussed. This will come up for final consideration on Sunday, February 18. The 75th anniversary of the founding of the church will be celebrated some time this year.

JANET DANCER INJURED

Miss Janet Dancer, daughter of Mr. and Mrs. Herman Dancer, is in Ford hospital, Detroit, suffering from injuries received Friday afternoon when she, in company with three other teachers, were en route to their rooming house from the school in Dearborn. Another car skidded, crashing into their automobile. Miss Dancer, who was the only one injured, received a broken left shoulder, a cracked pelvis bone and cuts about the face.

HI-Y ENTERTAINS KIWANIANS

Cassidy Lake Events

Hambing Wrecks from Cassidy Tech
(Richard Wickens)

Cassidy Tech won another ball game Saturday, Feb. 3. They played a group of boys from Cassidy who thought they were better ball players than were on the team. They were mistaken however, because Tech won by the score of 30-15. The Cassidy Tech team would have rolled up a much larger score but Coach Glas juggled his line-up considerably during the game and this helped keep the score lower.

The team is developing rapidly and it will soon be hitting its full stride. When the team reaches its peak it is going to be a consistent winner.

Robert Dibble, a forward, and Joseph Takus, our center, were the high scorers in the game, scoring 8-7 points respectively. In the third quarter

Takus and Gappell were taken out of the game on personal fouls.

The outstanding player on the other team was Windy Davis, a tall clever center who tallied 7 out of his team's 15 points.

Wimpy Gizzlesmith Jones the galloping Jeep, led our team to victory with his constant cackling. Come on Jones, give!

Once again, last, and I do mean the least, L. McMillen, our very incapable waterboy, forgot to bring his water bucket to the game. We shall hereafter expect better cooperation on your part or you shall be demoted.

The Cassidy Lake male quartette, composed of John Bozeman, Ralph Haurula, Corporal Sylvester and John Oline motored to Dexter on Thursday to sing for the Father and Son banquet. Robert Reed and John Bozeman played two trumpet duets. During the last part of February the boys

will sing in Detroit and surrounding areas.

Aviation
(Himnan Bodnarz)

Of all the talk about our aviation club and its various branches, we have forgotten, it seems, our class in gliding; and are they going to town under the supervision of the widely traveled, world-renowned, Ted Bellak, who is supplying the spark, which keeps the class keyed at the pitch, of which they boast.

At the present time, the class is completing a Bowloc's Baby Albatross Glider, or sail plane, with the instructions and assistance of Mr. Bellak. Later, this plane will be used in further study of flight. Undoubtedly, some of the students intend to continue following the advancement of gliding and soaring in the later life. Who knows, they may even aid in the advancement of gliding. It is with this thought in mind that Mr. Bellak labors so earnestly day by day to the fullest extent of his ability and knowledge.

Wood Shop
(Frank Heatly)

Aside from practical experience in wood-working, the students of the wood shop are studying the use of woodworking tools, along with applied mathematics, which requires much more text work than a person would think.

Last week eighteen study tables were completed, as well as a desk for Mr. Rice, our Vocational and Educational supervisor.

Cassidy Tech Fights
(Joseph Takus)

"Let's All Sing Like the Birdies Sing" (Tweet, tweet tweet, tweet tweet)

The second round of fighting in the Golden Gloves amateur boxing tournament was once again staged in the County Building at Jackson, resulting in three wins out of nine bouts for Cassidy Tech.

Lightweight (135 lbs. and under) Bill Beldon of Portland easily pounded his way to victory by knocking out Charles (take a dive) Smith of Cassidy Tech early in the second round. Smith, throughout the fight, was chased about the ring and whenever caught up with or cornered, took a severe beating. Smith, you are as fleet as a rabbit, sly as a fox, brave as a lion, and able as a butterfly.

Jack Doyle of Jackson scored a knockout over Everett George of Cassidy Tech in the first round. At the sound of the gong there was a whirlwind of flying fists; after the smoke had lifted, and our vision cleared, we saw George flat on his back (colder than a cucumber) and his opponent, "Doyle", in his own corner beating his chest. Some fight, eh what?

Welterweight (147 lbs. and under) Carl Luckerman of Cassidy Tech had a tough customer on his hands when he fought Lee James of Jackson. Both fighters were in very good shape. James had a slight edge on our promising young fighter and the decision went to him.

Jess Embury of Cassidy Tech outpointed Sanny Holbrook of Chelsea. Both boys were in the best of condition and gave a fine performance in the ring. This bout proved to be one of the most outstanding of the evening.

Middleweight (160 lbs. and under) Elmer Deske of Waterloo knocked out William (Gabby) Cottick of Cassidy Tech early in the second round. A word to the wise, Cottick, never lead with your chin. Too bad Deske didn't give you time enough to apply some of your high pressure salestalk and thereby turn the tide of the battle. Why didn't you try selling him something?

Frenchy Potter of Jackson won a close decision over Dale Elliott of Cassidy Lake. Both boys smiled at each other throughout the fight, they just couldn't get serious enough to battle. Maybe it was a case of love at first sight. Just two friendly boys.

The Gods of Fisticuffs were apparently against our boy Jim Mistick for he drew two bouts for this evening. However our Jim managed to square up things fairly well by cleverly outpointing his first opponent, Albert Chaffin of Munnich and losing by a close margin to Elmer Baska of the GCC camp at Waterloo only after a hard, well fought battle.

Gilbert Baker of Cassidy Tech won the fight over Wayne Robinson of Jackson by a technical knockout in the second round. Baker, who fights with the old bar-room style, the stern set expression of one intent on doing a serious and thorough job on his opponents. This boy does not enter into the ring for a waltz; he seeks the landable occasion to shout with Caesar, "I came, I saw, I conquered." Excelsior, Baker!

What ho! Coach Van Houten, what say you? To our inexperienced and timid gaze, that we focus upon all battles with a great deal of inner qualm, it would seem that the boys are proving their mettle and fine training now that they are getting over their initial experience in the ring. They are showing more poise and seasoning. What more can be expected? Or can we? Your reporter solicits your well known, careful, well balanced and impartial judgment regarding our modest effort to report on these John L. Sullivan pastimes.

Onward, Cassidy! Let this spirit permeate all true sons of these hills we have come to love so fondly.

Your reporter shall bring you more fire-side chats on the Golden Glove bouts as they develop. Be with us again next time.

GENERAL JOHNSON
Says:
Congress Alone Can Declare Military War but President Wages a More Deadly Economic War Against Japan.

By HUGH S. JOHNSON

CHICAGO.—Anglo-French strategy in the European war is to starve Germany, just as it was German strategy in both the World war and this one to starve England. This is economic war which can be more deadly than military war, especially to women, children, the sick and the aged.

"Measures less than war but more than words" is a misleading phrase if it means that we will engage in economic war. Military war requires a declaration of war by congress. But this administration has wangled many powers that permit it to engage in economic war without any reference whatever to congress.

In Chicago, the President, speaking of Japan, threatened to "quarantine the aggressor nations." That raised such a storm of protest that it was soft-pedaled. Nevertheless, we seem now to be about to wage economic war on Japan. By letting the Japanese trade treaty lapse, the administration has created a condition in which, by use of other executive powers, it can wage economic war to a remarkable extent.

Hacking at Lifelines.
No nation can go very far down the road of economic war without reaching a place where military war can't be avoided. In this very situation we are creating a condition which has already involved a serious military problem. Japan does

JAPANESE SANDWICH MEN
But sandwiches are scarce; the signs are all to be thrifty during the present difficulties.

It does not threaten us to any such extent as demands a vast addition to our navy. But we can't thus hack at her lifelines without creating a resentment that already has required very extensive naval preparations to back it up.

Why are we doing it? We are told that it is not for the trade of China but for our love of China. China is a big country. Part of it is Communist and all of it may be. Shifts in the Far Eastern line-up are unpredictable. Just when we must closely watch a dangerous conflagration in our front yard, we seem to be building a bonfire on our own back doorstep.

In Reverse English.
Some authorities say we are doing it to protect the British economic position in eastern Asia—a thing she refused to do with us in Manchukuo. If that is so, we are reaping a rich reward in the British interference with our exports, imports and mails and their disregard of what remains of our neutral rights on the high seas.

CHICAGO.—John Lewis would never contend that this administration has done little or nothing for organized labor. He feels that the continued stagnation of economic activity and the great pool of unemployment, which has been very little lessened, are evils which the administration started out to improve. He says it has not succeeded in doing this or fundamentally helping the situation in taxation, debt, federal finance, agriculture and export trade to betterment of all which the unemployed in the ranks of labor must look for jobs.

If that is a correct interpretation of John's mighty blast, it's hard to see any error in it. As the President is fond of saying: "Res ipsa loquitur"—the facts speak for themselves.

But this administration cannot fairly be charged with not having done its utmost for labor. It is true that many of these fledglings of the Blue Eagle have turned out to be sick chickens. The Labor Relations board needs a good going over. The bituminous coal commission has not yet laid a substantial egg. The wages and hours act is still to weather its first real test. Handling of the labor problem by the department of labor has been bungling and inept.

Nevertheless, the purpose and the effort of the administration on behalf of labor have been sincere and ceaseless. These faults and shortcomings can all be cured.

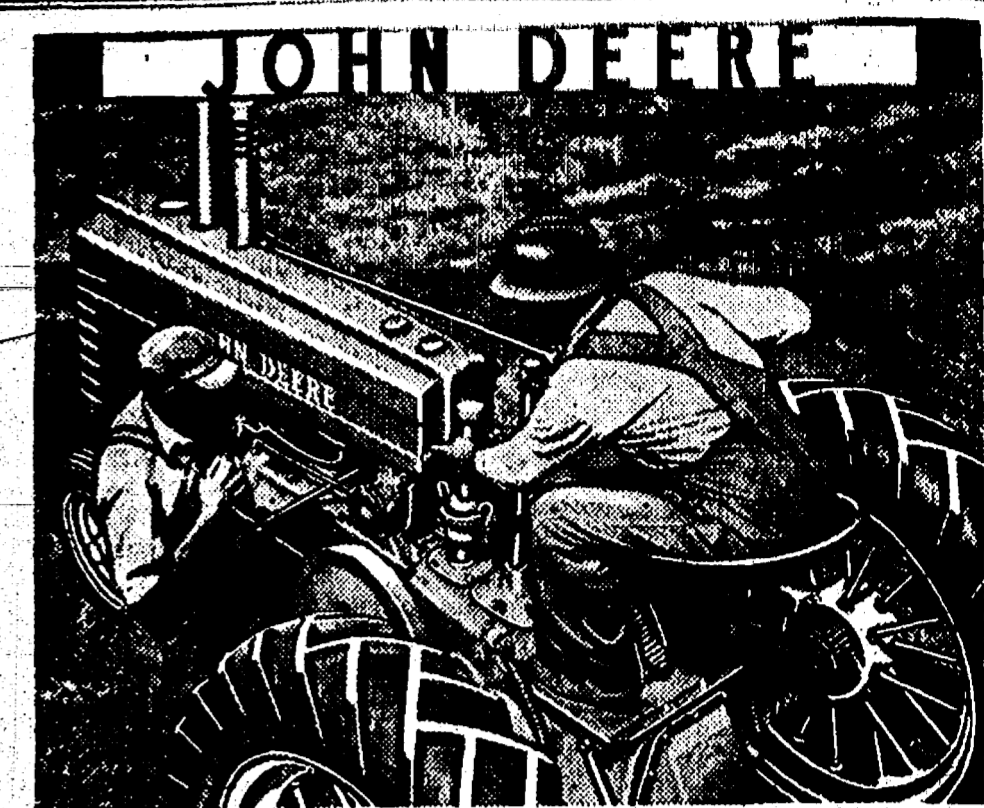

Most important of all, from the labor point of view, these new truly liberal principles are so firmly established and so widely accepted in this country that never again can they be made a political issue. Any party that attempts to turn back the hands of the clock will fail.

Finland acted in exact accord with Winston Churchill's plea to trust the allies—to join them or die. But we have yet to hear of England or France declaring war on Russia or sending Finland a couple of hundred planes and army corps.

MRS. CARRIE EVERETT COE
Word has been received here of the death of Mrs. Carrie Everett Coe, after a short illness, on Friday, February 9, 1940 in Seattle, Washington, where she had resided for more than 50 years. Mrs. Coe spent two months of the past summer in Chelsea with her sister, Miss Jessie Everett. Funeral services were held on Monday.

HOLD FAMILY NIGHT

The Philathea Circle of the Methodist church held a Family Night at the church on Friday evening and a pot-luck supper was served to 38 members and friends. A reading, "When Hannah Was Eight Years Old," by Henrietta Beach, was a feature of the program.

"My John Deere is so simple that I do all my own servicing."

No other tractor is so simple and so easy to service as the John Deere Two-Cylinder General Purpose Tractor. From a standing position, you can inspect and adjust all working parts.

Brakes and clutch can be adjusted in less than five minutes. Valves and valve seats are located in the cylinder head, where they are easy to get at. Everything is simpler—easier to understand in the John Deere. That's why the average owner of a John Deere Tractor does 75 per cent of his service work without any outside help.

- Thermo-siphon temperature control
- Belt pulley on crankshaft—full engine power to belt
- Positive gear-driven fan—no belt

WAR CONVERSATION

Stalin (quite confused) — Where am I?
Hitler — You mean, "Where are we?"

Chamberlain — You boys shouldn't have any trouble getting your bearings; you planned it this way.

Mussolini (sarcastically) — That's what THEY thought!

Hitler (to Stalin) — I thought you had an army.

Stalin — So did I!

Hitler — The secret of victory is a swift powerful attack, a terrific body blow. Why didn't you do just as I did in Poland?

Stalin — There were no Finns in Poland.

Chamberlain (wearily) — I wish you would stop arguing; I want a little peace.

Both — A little is all you'll get.

Chamberlain — Oh, I dunno; I'm not doing so badly.

Hitler — And you're not doing so good, either.

Mussolini — You're all terrible. Do you know what I'd do if I was in this war?

All — No, and we probably never will!

Mussolini — Look at me. I don't pay any attention to war.

Hitler — I don't know whether to trust you or not.

Mussolini — The feeling is mutual.

Adolf.

Chamberlain — As I recall things, Adolf, you were going to have this

war over in no time. It was to be done in one mighty blow.

Hitler — Can't you wait?

Chamberlain — I can, but can YOU?

Stalin — What's worrying me is what those Finns have that I haven't got.

Hitler — They haven't a thing, and it's time you found it out.

Mussolini — Will you all keep quiet, please.

All — What for?

Mussolini — I'm trying to map out a policy.

Hitler — You and I mapped out a policy last summer.

Mussolini — Things are a lot different now.

Hitler — You're telling me!

Daladier — Do I hear people talking?

Hitler — Have you been asleep all through this?

Daladier — Why not; you've done nothing to keep me awake.

Stalin (to Hitler) — Are you going to stand for a crack like that, comrade?

Hitler (wincing) — Don't call me comrade.

Stalin — Listen, you called me comrade first. Have you forgotten?

Hitler — I wish I could!

AUTOMOBILE engineers talk a lot about car weight — and with good reason.

They know that riding qualities begin with enough road weight to hold you steady on your course — they know that weight is often another measure of size — above all, they know that weight means substance, strength, durability.

So it's interesting to note that this trim Buick SPECIAL gives you more weight per dollar than almost any other car you can buy.

With all its husky straight-eight power — power that's like velvet because engines are balanced after assembly — with all its room, and style, and comfort — this Buick still has

one of the lowest costs-per-pound of any car on the market.

And nowhere else will you find valve-in-head power, all-coil springing, torque-tube steadiness and Buick's plussage in accessories at the figures that apply to the SPECIAL.

So if a little extra money is keeping you out of a Buick, take another look at those dollars.

They buy more car to begin with. More size and more substance.

They buy some six dozen new 1940 features, including many an "extra."

And you'll get most of them back in longer life and higher trade-in value — not to mention your fun and solid satisfaction!

*Transportation based on rail rates, state and local taxes (if any), optional equipment and accessories—extra. Prices subject to change without notice.

SENIOR PLAY

The senior play will be a "Pip" this year. It is "Going On Seventeen", by Hilda Manning. They haven't as yet picked the characters as they are reading it over and "getting the idea". But, I am sure you will like it.

SENIOR ANNUAL

Well our seniors are quite busy these days. Now it's arranging the Senior Annual. They haven't picked their staff but when they do we will tell you about it.

"A BIT OF EVERYTHING"

Last Friday evening "we", the student body of Chelsea Hi gathered in and around the whereabouts of the high school building.

At 5:45 a pot-luck dinner was served, followed by the Roosevelt-Chelsea basketball game.

Later in the evening there was an All-Hi dance, which lasted until 12 o'clock. Music was furnished by our Swing Band.

I'm sure an enjoyable evening was spent by all, and we are in hopes of having another "3 in 1" some time!

HI-Y NEWS

The Hi-Y club and the Kiwanis club had a banquet in the high school gymnasium on Monday, Feb. 12. Three members of the Hi-Y, John Hale, Dick Kinsey, and Roderick McDonald, presented a one-act radio skit called "Box and Cox". Mr. Downing directed it. The dinner was served by members of the Home Ec. Club.

STUDENT COUNCIL

The Student Council has elected several new members for the remainder of the year. At the beginning of the year there were two representatives

from each class, one for the full year and the others for the first semester. At the beginning of the second semester one new representative was elected for the remainder of the year. Since the Seniors are very busy they decided not to elect new ones but to keep the old ones and the Freshmen, Sophomores and Juniors did elect new ones who were Charles Lane, Soph., Donald West, Freshman, Eunice Schweinfurth, Junior. We will still have the same president, Doris Ashfal, vice-president, Paul Schneider, secretary, Arlene Martin, sponsor, Mr. Downing.

BAND AND ORCHESTRA

Last Saturday the Chelsea band, along with six other high school bands met at University high school to rehearse for the Spring Festival.

The rehearsal began shortly after 9:30 in the morning and sectional rehearsals were held until 12:00 noon. Then all the groups broke up for luncheon. Mass band began at 1:30 and lasted until shortly after 4:00. Mr. Qvengard directed this, as he will on March 5 (three weeks from last Tuesday).

The band will play at the basketball game on February 16, when the local team plays Belleville. This is the last home game of the season, and with the band as an extra attraction let's see if we can't fill the gym!

On February 20 the orchestra will hold an assembly. This will be their first appearance this year and they have been working very hard to make it a success. A few of the selections will be ones such as "I Love You Truly", "Tales of the Vienna Woods", "Festival March in C", and others.

There is need for several violin and clarinet players, and anyone who is interested and would like to play, and join the band or orchestra should see Mr. Dunstan and make arrangements about it.

There is also need for three or four drum-majors (or majorettes). The school is planning to get one or two batons, or the pupils may buy one for themselves. They will be taught to twirl by our drum-major Merle Barr, who will be lost to the C. H. S. band this year by graduation. Gertrude Honeck, our majorette, will be with us this next year, but don't forget, we still need YOU!

Elementary News

Sixth Grade Editors: Laverne Holbrook and Robert Breitenwieser. Esther and Grace Riemenschneider have received letters from a relative in Australia. We are studying about this continent. The teacher read one to the class. The relatives sent a booklet too.

The Boy Scouts are having a pro-

gram and one of the sixth grade boys is in it. His name is Marion Dietle.

The sixth grade boys and some of the girls had a snowball fight with the fifth and fourth grades. The fight was a fair fight. We didn't want to make the snowballs very hard or icy.

We drew names for Valentines on Feb. 7. Edwin Lantis brought material to make a Valentine box. The people who helped were Barbara Eaton, June Vail, Bobby Robbins, Anne Lamberton and Charlie Slane. We have a big mirror in our room. We all brought some money so we could get it. We had some money left so we bought Myra Townsend a farewell present. We all put our signatures with it, too.

Joanne Shutes and Anne Lamberton printed Washington, February 23, on this board so we would know when his birthday comes.

On Feb. 8 we had reports given for reading. Myra Townsend, June Vail and Joanne Shutes gave the reports. They were stories from our extension readers.

The motto for this week is: Be a man! Bear thine own burden. Never think to thrust thy fate upon another.

There was an old man who lived all alone. All he had was a calendar and a spring. What did he live on? Answer: Dates of the calendar and water from the spring!

Seventh Grade

We are glad to have Sam Baxter back after his long absence. Phyllis Hopper is also with us again.

Norman Krontz and James Gaken made us a beautiful Valentine box. Thanks again, boys. We'll open it sometime Wednesday.

We are trying to make our seventh grade desks the cleanest in the building, but we find it is a difficult job.

LIBRARY NEWS

Heading the book list for February is "The American Canon" by Daniel Marsh. It is based on material drawn from outstanding discourses given by famous patriots of this country. Mr. Marsh says of his book: "I hope my fellow Americans will read the American Canon not because I have written it, but because I believe it so vastly important that Americans old and young, should honestly know what Americanism is—we should have fellowship one with another as we walk the high road away from confusion and hysteria, and America will realize the dream of social progress which she cherishes in her heart."

Along with the new group comes "The Fine Art of Propaganda". If American citizens are to have a clear understanding of conditions and what to do about them, they must be able to recognize propaganda, to analyze it and appraise it. Here is an invaluable guide to all Americans who are concerned about the babel of voices continually besetting their ears. Learn the difference between Propaganda and Public Opinion.

"Sister of the Angels" by Goodge portrays the Spirit with which we are imbued at Christmas time but which carries on and is felt the whole year round.

"Verdun" by Jules Romains sounds like ancient history. But no one understands clearly, not for twenty years afterward, what men feel, what experience means to them, why they risk death, of what they were most afraid. All this which is timely now, Romains uncovers in his story of the defense of Verdun.

"High Road to Adventure" by Howard Pease is a Literary Guild selection and is for older boys.

"Thimble Summer" by Enright was awarded the John Newbery Medal for 1939, as the most distinguished contri-

bution to American literature for children.

"Holy Old Mackinaw" by Holbrook is another fascinating tale of Michigan and is brand new. Along with these suggestions are more interesting titles:

Some people have the mistaken idea that most of our automobile accidents occur on bad roads under bad conditions and on curves and hills. It is true that some of our most serious accidents occur at these spots and under such conditions, but here are some facts that have been developed by the National Safety Council on a nationwide basis:

Four out of five accidents occur on a straight stretch of road.
Four out of five accidents occur on dry roads in clear weather.

Some of the causes for these accidents are:

1. Exceeding the speed limit or driving too fast for existing conditions.
2. Driving on wrong side of the road.
3. Disregarding stop sign or signal.
4. Cutting in.
5. Passing on curves or hills.

Check these five causes. How often have you been guilty of these violations?

BRIGHTON—J. E. Bennett, who is spending the winter in Florida, writes the Argus as follows: Florida sunshine takes a slide. This winter Florida is undergoing one of the worst setbacks in years. The famous Sun Ray water heater hasn't heated. The water luke warm in sixty days. The people of Florida are not to blame for the weather but they are going to have this thrown up to them for years to come. They are very unfortunate to have 1,500,000 outside people here shivering and cringing about the cold. The big trouble is they are not equipped for these disasters. There is no place for one to go and get warm. Not one house out of fifty has any kind of a heating system. People don't know what it is to be comfortable in cold weather. The last few days the weather has been so cold that fish are chilled to such an extent that you can go out and get all you want by picking them up in your hands. In the last day or two I have seen 10,000 pounds of Amber Jacks brought in that way.—Argus.

PINCKNEY—We understand that a party of Ford surveyors are now engaged in working on the Ford Co. water rights at and near Dexter. The people at Hudson Mills where they bought a considerable amount of land have received their money, we are told.—Dispatch.

PLYMOUTH—How much did the Lincoln day banquets eat Monday night down at the Hotel Mayflower? It takes Manager Ralph Lorenz to look after the details. Let him tell it! Here's what went into the buffalo stew: 460 pounds of buffalo meat; 180 pounds of carrots; 100 pounds of turnips; 10 dozen bunches of celery; 6 bushels of potatoes; 10 bunches of parsley; 5 pounds of garlic; 12 pounds dried mushrooms; 2 gallons of Weston oil were used to grease the kettles. What else did the banquets eat? 10 pounds of butter was used for cooking; 40 pounds of butter was used on the tables; 40 pounds of coffee was used; 9 gallons of milk for cooking; 75 pounds of flour for cooking; 75 pounds of sugar for cookies; 80 pounds of sugar for the tables; 60 dozen eggs for cookies and cooking; 10 pounds of raisins; 150 pounds of corn meal; 50 pounds of shortening. All of this went to make 200 gallons of buffalo stew, 900 sugar cookies and 800 big pieces of corn bread. It required but nine minutes for Manager Lorenz and his assistants to serve the 762 banquet guests. The hotel used 5,700 dishes for the banquet. That's some record!—Mail.

Lansing—The extent to which the present state administration is behind the Vandenberg-for-President campaign is shown by the recent activity of Governor Dickinson's private secretary, Leslie Butler.

Butler, like Miller Dunkel, the state treasurer, was active in the Michigan Young Republicans' club. Now at the bidding of Howard Lawrence of Grand Rapids, who is Vandenberg's Michigan chairman, he is dividing his time between the governor's offices and Vandenberg promotion, the latter taking him away frequently on out-of-state trips.

Should the Republican presidential nomination go to Vandenberg, then Secretary of State Harry F. Kelly of Detroit may get the senator's blessing as a candidate for the United States senate. Kelly, a Roman Catholic and World War veteran, has been building up a state-wide following that would be an asset, so the story goes, to the Vandenberg nomination.

Whether Dickinson will be a candidate for re-election no one definitely knows. The impression has been growing at the state capitol, however, that the 81-year-old executive is already unofficially campaigning for the office. The number of speeches which he has made during the past 12 months would do justice to a man half his age.

Third Term Settlement
On the Democratic side the elevation of Attorney General Frank Murphy to the United States Supreme Court has clarified the party atmosphere considerably.

Murray D. Van Wagoner, commissioner of highways, has found himself in the position of being pushed by party demand into the nomination for the governorship. As the only Democratic elected official at Lansing, he is recognized as the party's top boss. Charles Porritt, chairman of the state central committee, is known to be a "Van Wagoner man."

Since Murphy and Van Wagoner were frequently at odds during Murphy's administration as governor, the former's appointment to the supreme court bench nicely eliminated the possibility of future conflict.

A Dickinson vs. Van Wagoner campaign would evoke interesting fireworks.

Edmund C. Shields, national committeeman from Michigan, recently confided that a fairly systematic survey has shown more than 90 per cent of Democratic leaders throughout the state favor a third term for President Franklin D. Roosevelt. Counter to the insistency of state committeemen

such as Mr. Shields was a recent declaration by Raymond Clapper, Washington correspondent, and the America Speaks polls to the effect that elements of a third term sentiment are not now in evidence throughout the nation.

Vote on Amendment?

Indicative of the metropolitan vs. rural division in Michigan is a new movement to circulate petitions to place a constitutional amendment on the ballot next November 5.

This amendment would reduce the membership of the House at Lansing from 100 to 64, automatically requiring a reapportionment of House seats. It just happens that there has been no reapportionment of legislative seats since 1900, although the constitution itself says that such shall be done every ten years. In apparent fear of metropolitan domination of upstate affairs, the legislature has consistently declined to do anything about it, and that goes for the Democrats as well as the Republicans.

Wary of vote complications either in the cities or rural areas, most state officials have merely parried attempts to elicit their views. Attorney General Thomas Head said the present 400-member house was good enough; the legislature should merely abide by the reapportionment mandate. Governor Dickinson, Treasurer Miller Dunkel, Secretary of State Harry F. Kelly and Dr. Eugene B. Elliott, state superintendent of public instruction, all discreetly withheld their judgment. Only Vernon J. Brown, auditor general, conceded that there was merit to the reapportionment demand and that some adjustments should be made.

Pressure for Revenue
When governments spend more than they collect in revenue and when pressure for more revenue continues, then watch out for new taxes.

The recent publicity about deficiency of hospital beds, lack of old age pension funds, need for better crippled children care and so on is an illustration how popular pressure can be created to grant state aid for deserving causes.

And so it goes. In any event it is the consumer who ultimately foots the bill. No one can reasonably dispute that.
