Michigan Bell Tel. Co. Will Advertise State

For the 13th consecutive year the Michigan Bell Telephone Company will advertise Michigan as the ideal state in which to spend a summer vacation. The first of a series of advertisements on this subject appears this week in The Standard and about 250 other Michigan newspapers.

Being firm believers in the effectiveness of newspaper advertising, this company has determined again to use that media in advertising Michigan to its citizens as a place where they can get splendid value for their vacation dollars.

American Legion Will Present School Award

The American Legion exists primarily for service to the country and not for selfish purposes. Its prime purpose is to make every man and woman a better American and to make every boy and girl grow up to be a good citizen and an upholder of the laws and a defender of the Constitution.

That this work may endure and grow year by year, so that following behind the American Legion will be an ever-growing army of leaders and patriots ready for duty for the country in peace and war, the local American Legion Post for the first time will award to the outstanding boy and girl of the Junior class of Chelsea high school, who best represents those qualities of character and ability which we believe, when properly cultivated and matured, will result in worthy citizenship and well rounded manhood and womanhood, a Bronze medal and certificate of award.

This medal has been designed by the eminent sculptor, R. Tait MacKenzie and is a beautiful and noble conception.

This award will be presented on Class Night, Wednesday, June 5, by a committee of the local American Legion Post appointed by the Commander, who will be the judges as to the recipients.

J. A. Dumouchel, Chairman Award Committee.

Auxiliary Holds Mother and Daughter Banquet

Herbert J. McKune Unit No. 31, the American Legion Auxiliary, held their annual Mother-Daughter banquet on Wednesday evening of last week, the occasion also celebrating the seventh anniversary of the founding of the Auxiliary.

With Mrs. A. L. Brock in charge, a delicious three-course chicken dinner was served at 7 o'clock to about 90 mothers, daughters and guests. Red, white and blue candles formed attractive table decorations. The invocation was given by Rowena Frymuth.

Following the dinner, Mrs. Wilbur Hindere, chairman of the program committee, introduced Mrs. John O'Hara as toastmistress. A recitation, "My Mother", was given by Ruth Fox; a "Toast to Mothers" by Helen Miller, and a "Toast to Daughters" by Mrs. Carrie Maroney. Mrs. Leon Fox gave an address of welcome, after which the guests were introduced by the members.

The company then adjourned to the assembly room, where the program of the evening was presented as follows:

Group songs—"Mother and I," "What a Friend We Have," "Bless Our Mothers," "I Love to Tell the Story"—Led by Mrs. O'Hara.

Group of Tap Dances, in costume—"Hawaiian Dance," "French Dance," "Anchors Aweigh"—Marilyn Schooley, accompanied by her mother, Mrs. Grant Schooley.

Solos—"Into the Night," "The Glad Prayer"—Barbara Schenk, accompanied by Margaret Harper.

Tap Dance—Marie Honeck and Virginia Miller, with Mrs. O'Hara at the piano.

Mrs. Hinderer read a beautiful tribute to Mothers, and with the assistance of Marceline Hinderer and Barbara Eaton, led the group of daughters in an impressive candle-lighting service, with a pledge to "Our Mothers".

U. S. Marine Corps Has Has Limited Vacancies

The United States Marine Corps now has a limited number of vacancies existing in its ranks for young men of sound physique and of good moral character.

Unlike the majority of various military services, in addition to good pay and subsistence, the Marine Corps, through an affiliation with the International Correspondence Schools, offers free to its men all courses of this world-wide institution.

At present, thousands of young men are preparing for a future in aviation through study as given by the Marine Corps Institute. Others are mastering engineering, radio, air conditioning, and a score of other professions. The Corps offers the advantages of education to its men regardless of where they may be stationed, and thousands of men now successful in civil life owe their success to that which they learned while in the ranks of the Corps.

A representative of the Marine Corps will visit Postmaster H. D. Witherell on June 3. Men interested in this branch of the service and the unusual opportunities offered may leave their names with Mr. Witherell and they will be contacted by the recruiting sergeants.

CLOSE YEAR'S ACTIVITIES
The Child Study club closed the year's activities with a dinner on Tuesday night at the Cascades Inn, Jackson. Covers were laid for 18 and an evening of bridge followed the dinner.

Leader.MILAN—Two boys, Marvin Baxter,
18, and William Dewey, 23, stole a car
in Jackson on Tuesday afternoon and
led State Troopers a wild chase
through the main streets of Milan be-
fore they were caught. According to
a statement by Myrlan Goodridge, Mi-
lan police officer, the stolen car driven
by the boys came down US-23 and
swung past the Ideal Furnace Com-
pany when they were unable to make
the turn onto County street. From
the Ideal Company they sped into
Main Street with State Trooper Bab-
cock, from Erie, and Myrlan Good-
ridge in hot pursuit. Roaring down
Main street at a 100 mile an hourclip, they slowed for the tracks of the
Ann Arbor Railroad with the police
car pulling abreast. Three miles west
of Milan on the Saline road the police
car forced its quarry to the side of
the road and put the cuffs on the boys.
—Leader.PINKNEY—When J. R. Griswold
was fixing a well at Schoollot Lake
for Guy Hinchey the other day, he
saw a bluejay flying up to its nest
with a white piece of paper in its
mouth. Curiosity caused Griswold to
climb up to the nest and get the
paper. It was a receipt for a pay-
ment of \$6.19 to William Gawley given
by H. F. Sigler & Brother on June
23, 1877. Below the name of H. F.
Sigler and Brother was written per
Edward Kearney. The late Dr. H. F.
Sigler and his brother Frank were in
business here at that time with a drug
store. They also sold groceries. Wm.
Gawley was a Putnam township farm-
er living near Bentley Lake. All the
parties named are now dead. Just
how the bluejay got this receipt is a
matter of conjecture. The Gawley
farm is over a mile from the nest
where it was found. Detroit parties
now own the farm. It is possible that
the receipt was thrown out with some
rubbish and was found by the bird.
However it is perfectly clean and can
be read as easily as the day it was
written some 63 years ago and shows
no signs of exposure to the weather.
This receipt is now at the Dispatch
office and can be seen by anyone in-
terested.—Dispatch.TECUMSEH—The old Hart and

life," paraphrases R. G. Hill, Michi-
gan State College game management
specialist.He cautions farmers interested in
the welfare of ground nesting birdsto use discretion in annual burning
operations.Pheasants, quail, and Hungarian
partridge are now incubating their
clutches of eggs in grassy fence rows,
meadows, woodlot edges and similar
areas offering protection. Young
rabbits also may be found in similar
places as well as in clover and al-
falfa fields.Even though game birds re-nest if
their first effort is broken up, suc-
ceeding nesting may not be success-
ful, Hill explains. That is especially
true if the re-nesting occurs in hay
or grain fields in which mowing op-
erations are necessary. Late-brooded
pheasants may not have their adult
plumage by fall, making it difficult
for hunters to distinguish sexes dur-
ing the hunting season.Not only may the annual burning
of meadows and other grass areas re-
duce nesting cover for wildlife, but
according to pasture specialists at
Michigan State College, such a prac-
tice has little or no beneficial result
to pasture conditions. Where the fire
is intense, considerable damage to the
grass roots may result. In all cases
the mulch on the surface of the soil
is destroyed.World Auto Supply

Lansing—A smaller crop of fruit is in prospect for Michigan.

That news from Verne H. Church, statistician in charge of the Michigan cooperative crop reporting service, together with a warning that rainfall has been only 60 to 70 per cent of normal over the past 10 months, has created an air of uncertainty about Michigan agricultural income for 1940.

Only 88,000 acres of the 152,000 acres sown to rye last fall are expected to be harvested for grain—the

smallest rye crop for the state in more than 50 years.

"Prospects for hay and pasture were not as good on May 1 as in other recent years," stated Church. "Not only has growth been retarded by cold weather but rains have been insufficient in many sections. Furthermore, there is a considerable deficiency in subsoil moisture in many counties of southern Michigan."

As for the fruit outlook, he says: "Fruit growers are looking for a somewhat smaller crop of fruits this year, a usual sequence in years following a large production such as that of 1939. Cold weather has held back the opening of the fruit buds; and blooming which has just begun, is a week or ten days later than in normal seasons. The recent cold weather was not severe enough to cause any damage apparently to buds."

"Low temperatures in January thinned peach buds in some sections but prospects are favorable for a fairly good crop in all districts except an area in southern Michigan extending from the eastern part of Berrien county eastward and northward to the southern part of Ingham county. In that area temperatures of 15 to 18 degrees below zero occurred, which is a little frigid for peach buds ordinarily to withstand."

Affect of War

Prof. E. L. Anthony, dean of agriculture, Michigan State College, points out that with the exception of bean and pork products, prices of agricultural commodities are about the same as one year ago, before war was declared. So far, the new European conflict has not put millions into the American farmers' pocketbooks, as optimistic forecasters loudly proclaimed last September.

"The prices of beans and pork products have increased in recent months," said Dean Anthony, "and there is some basis for speculation that Canada is buying supplies here for shipment overseas now that England has been shut off from Denmark as a leading source of butter, pork and lard."

"The hog people believe that pork prices will continue strong due to Canadian demands. You will recall that prices jumped after declaration of war last September only to slump again in December, January and February. Pork prices are up again, however. Certainly if the war continues another year the result will be an increased demand for American war munitions which in turn will help to stimulate domestic consumption of food and will tend to raise food prices. "However, it is only wishful thinking to believe that the war is going to benefit the farmer of Michigan in 1940."

Oats, Rye, Beet Sugar
While the deficiency in rainfall re-

mains a threat to 1940 crop yields, it has put the ground in fine condition for early spring plowing.

Oats and rye conditions are miserably poor, but winter wheat looks fairly good and the wheat acreage abandoned due to winter injury is estimated at only 12,000 acres which is the smallest loss in many years. A yield of 20.5 bushels per acre is indicated, which compared with 21.0 bushels per acre obtained last year.

Beet sugar people report that the war is not expected to affect sugar prices in this country. At present a large surplus of sugar stocks remains on hand. Indirectly through improved industrial conditions the sugar industry may benefit through better prices, but this will be a long-range development, certainly not in the present picture for 1940.

Canned fruits rely on domestic consumption largely, while dried fruits have been exported heavily. Consequently, little change is anticipated in Michigan on fruit prices with regard to the war. California, on the other hand, may suffer considerably from loss of export trade.

Capitol Notes

Secretary of State Harry F. Kelly reports that departmental savings will reach \$250,000 for the 1939-40 biennial.

Auditor General Vernon J. Brown favors a separate budget for state aid funds (those which are returned to local governments for local spending) and another budget for state funds.

Robert Riley, state purchasing director, ridicules alleged claims of special favoritism to Frank McKay, declaring that he had only met McKay once. Riley added: "He asked no special favors then nor since of the purchasing department."

Murray D. Van Wagoner, state highway commissioner, says surveys show that automobile traffic in Michigan will double in the next 20 years. "We are faced with this staggering realization of what the future holds, knowing full well that our present highway facilities are inadequate," he told the American Road Builders' as-

sociation upon being honored at the conclusion of a second term as national president.

Luren D. Dickinson forecasts a Republican victory next November.

Headquarters for O. L. Smith as a possible candidate for governor have been opened in Detroit in the Book building. The Lansing headquarters will be opened before June 1 in charge of Leigh H. Thomas, Ann Arbor, sergeant-at-arms of the Senate.

Mel McPherson, state tax commission chairman, is taking advantage of the Dewey boom movement (for which he was named manager) to put out feelers again as a candidate for the governorship.

Passage of the civil service constitutional amendment is being privately conceded by some state politicians, most of whom are scared over its possibilities at the ballot box.

Announces Plans for National Dairy Month

Deserved homage to the foster-mother of the human race—the dairy cow—will be among the highlights of Dairy Month to be observed in Michigan and throughout the nation during June, says A. C. Baltzer, Michigan State College extension dairyman.

During this period numerous national dairy organizations, both commercial and educational, will sponsor efforts to increase public appreciation of the health-giving properties of milk, butter, cheese, and ice cream.

Among the services contributed by the dairy cow, in addition to her obvious function of milk production; is that of helping to maintain soil fertility not only through manure but indirectly through the vast quantities of soil-maintaining crops grown for her consumption, explains Baltzer.

He cites the record of a Berrien county registered Holstein cow, now in her ninth lactation period. This 11-year-old cow, Marie, in the Doan Straub herd at Gallien, Mich., has produced a total of 161,044 pounds or 80½ tons of milk, containing more than 3 tons of butterfat. Soil fertil-

ity has been conserved by the animal in that 27 tons of alfalfa, 19 tons of silage, and 20 tons of grain have been consumed on the farm, plus 2,000 days of pasture in the last 10 years and 20 tons of bedding, leaving a residual manure value on the farm totaling more than 90 tons.

The milk production of Marie, according to Baltzer, would be sufficient to supply all boys and girls in the Detroit public schools with a pint for one day and it would provide for a five-person family a pint each for the two adults and a quart each for the three children for more than 40,000 days or 110 years.

Why not satisfy that itch to be "tops"?

Buick prices begin at
\$895*
for Business Coupe
(Illustrated)

It happens to the best of us. We all like to step out in something a little finer, a little smarter, a bit more able, than the other fellow has.

So when you can do that—and get a better buy in the bargain—why not step right up to the head of the class?

Just look around you. Can you name a sleeker, trimmer, neater, smarter-looking car than this 1940 Buick?

Do you see anything on the road that can keep pace with its husky, valve-in-head straight-eight engine—Dynaflash patterned for thrift, and electrically balanced after assembly to brand-new smoothness?

Ever see anything slicker than the

way its soft, rear coil springs float the body serenely along, even though the wheels be dancing?

You won't find a bigger car anywhere at its price, measured bumper to bumper, nor one with a frame as heavy and stout.

You won't find cooling systems sealed under pressure, Fore-N-Aft Flash-Way Direction Signals with automatic cut-off, nor as many cost-free "extras" included in the price.

In short, here's your one best 1940 yardstick—but that's only half of it.

Here's big value—within your reach! Current prices begin at \$895* for

the business coupe, delivered at Flint, Mich.; transportation based on rail rates, state and local taxes (if any), optional equipment and accessories—extra as usual.

Net of all that is delivered-to-you prices so close to lowest-price-field figures that you'll get most of the difference back in the higher trade-in value your Buick will have later on.

So go ahead—satisfy that itch to be "tops"! First step is to see the nearest Buick dealer.

*Prices subject to change without notice.

It's our biggest year... so you'll find the best deal in town at your Buick dealer's

Hi-Y Defeats F. F. A.

A lively game of ball was played at the athletic field last Monday, May 20 when the Hi-Y defeated the F. F. A. 12 to 10. The game was in favor of Hi-Y until the fourth inning, when the F. F. A. team came across with a

succession of 8 runs which made the score 12-10, where it stayed for the rest of the game. D. Kinsey was the winning pitcher and C. Sanderson the loser. Each team had 10 players and keen competition was visible throughout the game.

This game brought to a close the Hi-Y activities for the year, with the exception of sending three boys to Ha-O-Wenta, the Hi-Y summer camp.

Senior Trip

Under the guidance of the Youth Travel Organization of Ann Arbor, Chelsea, along with eleven other schools from Michigan, took their senior trip to Georgian Bay.

We left Detroit on Friday at 2:00 amid rain and wind. This weather continued all night, causing many students to feel the effects of the sea. The boat docked at Midland, Ontario at 1:00 Saturday afternoon, and everyone was off in a rush to look the town over and see the sights of interest there.

Back on the boat again in the evening, much hilarity resulted from a track meet between the Army and Navy teams, which the Navy won, 60 to 10. Following the track meet, there was dancing in the ship's lobby and ballroom. One of the Chelsea girls, Ruth Walz, had a birthday and was honored by the band's playing "Happy Birthday," with everyone singing.

Sunday morning Catholic Mass was held at 9:15 and Protestant services at 10:00. Many of the students attended.

There were no complaints except that the trip was much too short and that the places to spend money were too scarce.

The boat docked in Detroit at 2:00 Sunday afternoon amid streamers and music by the ship's orchestra.

The Senior Class wishes to thank

our sponsors, Mrs. A. A. Palmer, Carl Chandler and A. C. Johnson for making our trip so enjoyable and for helping us become more at home on the boat.

Hit and Miss

What a headache running a school must be! Today (Friday), Mr. Downing and Mr. Johnson called all the students together to plan a tentative program for next year. It seems as though some people end up with two classes in the same hour. To those who must plan the schedule goes our sympathy.

The Seniors were out of school Friday (they left on their trip at noon). All was quiet in S. H. (something somewhat unusual). Our best wishes for the best time possible go to them.

There was no Senior Skip Day this year, and the Seniors took their exams early to avoid the rush during Commencement Week—and I think everyone was satisfied.

Sometimes I wonder what would happen if one of these sophisticated young high school lads who have perfected that swaggering type of strut were to trip over something. Perhaps it would cure a number of "big heads."

Dancing classes came to an end last Tuesday, something which most people were disappointed about. Perhaps we'll have them again next year, perhaps not, anyway it's been a grand experience, and incidentally revived an interest in old-time dancing among the young people. Congratulations to Mr. Ford, Mr. Lovett, and all our instructors for giving us so fine an opportunity.

Before I go I might mention that this is the last Hi-Light of the year. It's been fun letting you know what's going on in C. H. S. and we hope to be back next year. Best wishes, a bit of a tweet-tweet, and God bless you!

Confucius Say

(Last week's items)
Some out-of-state fellows must have a lot of gas to burn, and upon leaving the Casino, John's, they said to inform Miss Walworth that they had come up. Now who is Miss Walworth?

Russell and Martha enjoyed the cool breezes of Sunday afternoon in their limousine.

Betty F. was rushed Saturday night by an alumnus now attending M. S. G. and Chelsea's full-back in '38, You know, Bud R.

Mr. Cameron had quite a time Friday night or Saturday morning, holding down five girls, especially when they invited a couple of fellows up to Lodi and he was introduced as the proud pappy.

The scavenger hunt was postponed Friday but the Sophs are still looking forward to it at a future date. How about it, Freshies?

It seems as though one of our Soph boys is having a little trouble with a Senior gal. I guess two other Sophs (a poet and an orator to be exact) are now at work.

We also hear that another Soph-Sr. couple have broken up. My, my, what a life.

On Friday when the lads and lassies traveled to Dearborn as Mr. Ford's guests it really was sumpin', especially those buses. We wonder if it was the buses on Friday that created so many couples instead of staglines. If so maybe we ought to have more buses.

Speaking of Friday, we wonder what miracle came over the baseball boys. Could it have been that the

band was there, or because Janis was there early to cheer the pitcher?

These Seniors certainly are looking toward the future from all appearances, or were we mistaken about the intention of several girls—in front.

Sunday was also an exciting day, as far as some Seniors were concerned. But we heard that they had a few mishaps too. How about it, Catherine and Jean?

We have some advice for our Sr. Sophs, foursome, too. After this it would be slightly better if they didn't have the back seats, especially if another bus is behind them.

We haven't heard of many dates for the reception yet. What's the matter boys? It's only a week off. Or is our staff slipping?

Mystery of the week—What brought our Sophs couple together again after such an interlude? It must be that the old saying "Old Flames Never Die" is really true.

HONORED ON BIRTHDAY

Relative to the number of twelve helped Lynn Kern celebrate his birthday on Sunday, May 26. It was a surprise planned by Mrs. Kern and sons, Dale and Dick. A bountiful dinner was served at noon by the hostess. Relatives attending were Mr. and Mrs. Peter Young, Ed Grase, Lake, Mr. and Mrs. Chas. Sidwell of Clarklake, Mrs. Carrie Rank, and Mr. and Mrs. Herbert Rank and son Don.

Several members of the Pythian Sisters were in Jackson last Wednesday to attend the annual convention of District No. 6 of Pythian Sisters, which was held in the ball room of the Otsego hotel. East Side Temple No. 98 was host. Those from the local lodge in attendance were Mesdames Harry Prudden, O. B. Luick, A. E. Johnson, Russell Olson, Stanley Beal, Waldemar Grossman, Evelyn Smith, Fred Klingler, J. D. McManus, J. H. Boyd, Herman Hayes and the delegate, Mrs. Fred Gentner.

HONORED AT BIRTHDAY DINNER

Mrs. Milton Hoffman, who celebrated her birthday anniversary on Sunday, was honor guest at a dinner given Sunday by her brother and wife, Mr. and Mrs. Erwin Haist, at their home in Lima township. The guests, numbering 25, included Mr. and Mrs. Raymond Davis of Lansing and Mr. and Mrs. Edward J. Cheldinger and son of East Lansing. Two birthday cakes, made by Mrs. Oscar Stierle, and a bowl of red tulips presented by Mrs. Floyd Fowler, formed the table decorations. Mrs. Hoffman received many pretty gifts.

CHELSEA LOSES AGAIN

By Wayne Van Orman
Chelsea, suffering from a disease commonly known as a batting slump, dropped Monday's game with Flat Rock, 11 to 1. Flat Rock collected 12 hits off the delivery of "Andy" Policht while his teammates hit only three scattered singles. The outstanding batter of the game was Smalley, of Flat Rock, slugging out two triples and a double in four times at bat. Schneider, A. Policht and Slane collected Chelsea's three singles. Schneider's single in the third inning scored S. Policht from second for Chelsea's only tally.
Chelsea will meet Roosevelt here on Wednesday for Chelsea's last game of the season.
There will be a field day at Milan on Friday of this week.

Public Safety Topic of Lansing Conference

Lansing—The problem of promoting public safety on the highways, in factories, in homes and in schools was the subject of study at the three-day State-Wide Safety Conference held in Lansing, May 22 to 24. More than 6,000 delegates attended the conference from all parts of the state.

"The success of the conference depends on our individual efforts after we return to our own communities," State Highway Commissioner Murray D. Van Wagoner, general chairman of the conference, told the delegates. "It is there that the information we have obtained must be applied."

Speakers of national reputation in the field of safety education and engineering were included on the program. About 30 safety exhibits were displayed. Timely feature of the exhibit was a demonstration of safe methods of fly and bait casting on the capitol lawn. The safe handling of firearms was also demonstrated.

A plaque was presented the Grand Rapids public schools for their outstanding safety record in 1939. Important progress was reported in the field of home safety in Michigan. Last year 32,500 persons died as the result of injuries suffered in the home. The total is more than the total accident fatalities on the high-

way, in industry, or in school, according to Miss Margaret Hartnacke of Grand Rapids, Home Safety Division chairman.

Have you ever noticed how "smart" "dumb" animals are? We speak of our dumb animals in a way that would make us feel they are to be pitied. Have you ever seen horses race each other to the top of a hill? Have you ever seen horses traveling on the wrong side of the road at breakfast speed?

Safety is a funny thing. Dumb animals take to it naturally. It is born and bred right into them. Man, however, supposed to be on top in the intellectual order, does all the dumb things dumb animals do not do.

*Safety is 99 per cent common sense; accidents are 99 per cent thoughtless hurry.

FREER SCHOOL NOTES
Freer school closed Tuesday, May
21, with an enrollment of three chil-
dren. At the end of the year there
had been no gains and eight losses.
So it has been decided by a vote of
the district to close the school for one
year. Many worthwhile improvements
had been made this year, so the
patrons regret the necessity of closing.

The pupils and teacher enjoyed a
picnic dinner at the Island, Ann Ar-
bor, on Field Day, when it was
planned to have Mary and Dorothy
Pashegoba and Mildred Schaible with
us. They later visited the museum.

Mary Ann Gage took part in the
primary dance at the Rural Music
Festival and Mary and Dorothy Pashe-
goba were singers. We were award-
ed a book of the Hansel and Gretel
opera as our prize on our rhythm
band exhibit at the festival.

Edward Pashegoba, our eighth
grade pupil, finished the eighth grade
with a series of very high test marks.
We are glad that Edward is remain-
ing in the neighborhood.

For so small a school we have pre-
pared a fine exhibit for the coming
Washtenaw County Fair.
Mary Ann Gage, Dorothy Pashe-
goba and Richard Schulze received
state reading certificates, and Mary
Ann Gage, Dorothy and Mary Pashe-
goba received county reading certifi-
cates.

Visitors for the last period were
Mrs. Elba Gage, Mrs. Lester Schulze,
Mrs. Walter Monroe, Douglas Ken-
nedy and Mrs. Mildred Robinson.
