People's Party Wins; Library Gets Increase

A total of 736 votes were cast at the election on Monday, when the entire people's party ticket was swept into office by a majority ranging from 44 to more than 300. There were 255 straight balls for the People's party, with only 98 for the Independent party.

TEACHERS AGAIN AVAILABLE

Recent action of the State Board of Education has again made available scholarships for prospective rural teachers. These scholarships will provide for the payment of tuition at any of the four teacher training colleges in Michigan for four semesters. They specify that the student must take the prescribed course of study leading to the State Limited Certificate. Application blanks may be obtained at the office of the Commissioner of Schools of the county in which the applicant resides.

MICHIGAN LEADS IN LICENSES

Once again Michigan leads the nation in sale of hunting and trapping licenses, in the latest year's compilation of the federal Fish and Wildlife Service.

Michigan issued 711,733 licenses to lead the "big five" which includes Pennsylvania, New York, Ohio and Indiana. Throughout the nation 7,600,000 sportsmen paid more than \$14,000,000 in state and federal license fees.

In the sale of federal duck stamps, Michigan, with \$6,064 sold, ranked second only to Minnesota.

ENTERTAIN P. T. A.

Mr. and Mrs. George Erke entertained the Stone school P. T. A. at their monthly meeting on Friday evening. Progressive euchre furnished entertainment. Mrs. George Steele and Fred Gentner holding high score. Mrs. Alvin Hatt and Leroy Bristle, low. The children played bingo and prizes were awarded. A pot-luck supper was served, with covers for 40.

Register For Defense

(Continued from page one)

be known as Emergency Voluntary Service, for the organization of civilian services for any emergency that may arise.

The functions of this committee will be working out the solutions of defense problems involving the American Legion Auxiliary as expeditiously as possible and as closely coordinated with those of the American Legion as can be carried out. It will be within the scope of this committee to organize for air-raid precautionary services, for emergency disaster relief, and for health and recreational activities of our youth. One of the important tasks of the year will be a complete registration by Departments, Districts and Units of our members who are willing to give voluntary service in time of emergency. It will be the duty of this committee to classify and index the capabilities and potentialities of our membership—an exceedingly valuable reservoir for our country's defense personnel.

To execute this registration, a form has been prepared in duplicate, to be filled in by each member of our organization who wishes to volunteer her service.

The American Red Cross is recognized as the agency chartered by Congress to represent the American people in carrying on disaster relief, and therefore the primary agency. The American Red Cross recognizes that in time of danger and emergency the American Legion occupies an important and essential place. The American Legion and the American Legion Auxiliary stand ready to use their man and woman power and their facilities to strengthen and make more effective the Red Cross program for disaster relief.

Our work on this committee will be pioneering. We have not a great deal to guide us other than the fact that we will work closely with the American Legion's committee and endeavor to be guided by their experience and that of other countries, who in time of emergency were glad that they had made some advance preparations.

In camps throughout our country young Americans are now being gathered for military training under the Selective Service Act. What can our members do to add to the content-

ment, health and comfort of these men?

Surely we can lend a helping hand to make their stay more pleasant and happy. Each locality will present a different phase of service that may be rendered. Already many communities have provided recreation centers with comfortable facilities for games, music, dancing, writing, etc. Our cooperation in these projects is earnestly recommended.

Registration will begin March 15 at the Chelsea Bakery, and those wishing to register will kindly do so as soon as possible.

Mrs. John Bird, President,
Mrs. Leon Fox, Secretary,Recruits Reach Custer
At Rate of 200 a Day

Fort Custer—Transforming civilians into neophyte soldiers at the rate of 210 a day, Fort Custer's Recruit Reception Center has moved into its third busy month with a prospect of even busier times to follow.

Officers of the Reception Center estimated that 6,300 selectees have been processed there since the first groups began arriving January 3. The installation is geared to a point where it is able to handle approximately 4,500 selectees a month.

To maintain this tempo keeps 42 officers and 298 enlisted men busy, under the command of Lt. Col. Hammond D. Birks. Even though there are no inductions on Saturdays or Sundays, the commissioned and enlisted personnel on the Reception Center staff find plenty to occupy them on these "off days." The volume of paper work which is involved in the processing of each selectee is something which would give many a mere company commander a headache.

It takes the Reception Center approximately three days to process a selectee, find out what he is best fitted for, determine where he will function to the best advantage and then speed him on his way to the unit where he will undergo his year of army training. The highly specialized aspects of this work have called for skilled personnel.

The selectees who pass through Fort Custer's Reception Center come from Michigan and the Chicago area.

The Reception Center has sometimes been referred to as "a human assembly line," actually there is nothing quite so impersonal about its operation. Nowhere else in the army do the individual aptitudes of the selectees receive more thoughtful consideration.

Fishing Most Popular

Fishing, according to the National Wildlife Federation, is the most popular of all sports in the United States, having a larger active following than any other form of recreation. A number of states are catering to feminine anglers by establishing lower license fees for them. The grand dower of the whole angling clan in the United States is believed to be Mrs. Sarah Ross, of Welston, Ohio, who at the age of 96 cherishes a cane pole outfit next to a well-seasoned corn-cob pipe.

By Gene Altman

Lansing—Something has happened to Michigan in the winter-time.

It is this colorful thing called "winter sports." As a tonic for war jitters, view for a moment the following picture of Michigan's 1941 winter sport season and then judge for yourself whether it merits the verdict of a "truly remarkable development."

When grandma and grandpa were young, they were apt to hug the base-burners on snappy, wintry days. Now, Michigan's post-war depression-sired generation of lads and lassies don bright rainbow-hued duds, climb into a train or bus or automobile, and within a few hours they are reveling in the great outdoors.

To lean on a very tight saying—yes, times have changed!

Modern Magic

Until a decade or two ago the northern summer playground of Michigan was practically isolated from easy public access during a seemingly long winter.

Today the highways of concrete are kept clear of snow, day and night, by huge motorized plows, "Big Berthas" of the road.

Railroad excursions transport thousands of city dwellers to northern sport centers for an inexpensive week-end or Sunday holiday. Comfortable buses maintain schedules with regularity. Modern automobiles, warmed by heaters, are veritable Pullmans on rubber.

Add to this the short work-week, often ending on Friday afternoon, and the resultant expanse of leisure play time, and it all amounts to this: Winter sports constitute the fastest growing recreational field in Michigan today!

Uncle Sam

In every northern community you can find certain outdoor enthusiasts who for years have foreseen a bright future in our northern climate and our rugged hills and steep valleys.

At Grayling, for example, business men led by Clarence Johnson raised private funds to establish a public park for winter sports.

Say what you care about federal spending, the fact remains that tens of thousands of dollars have been literally poured into Michigan winter recreational facilities, money which otherwise would not have been available.

Due to generous support of the federal park service, state conservation department, and Civilian Conservation Corps, Grayling offers today the finest public toboggan set-up in the entire United States, and this isn't paid hallelujah. Six steel slides are the only ones of their kind anywhere—not excluding Lake Placid or Sun Valley. Two ski tows have been in operation; next season there will be three.

Nineteen snow trains journeyed during the 1940-41 season to Grayling, a gain of nearly one-third over the previous high. The weekly payroll at the park is between \$500 and \$700. Soon Grayling will offer a semi-professional bobsled run with sleds guided by expert drivers. A 95-foot professional ski jump is to be ready for 1942.

Cadillac's Caberfae

On the west side of the state, lower peninsula, is another federal-sponsored project, the Caberfae winter sport area 15 miles from Cadillac, right in the heart of the Manistee National Forest.

Here is another mass recreation program. U. S. cost to date has been \$65,000.

Ski addicts enthuse of its 1200-foot ski tow that serves 16 downhill runs. A toboggan slide, a half-mile long, has a wide sweeping curve at the finish, requiring installation of a field telephone between starter and finish crew to assure public safety.

Unknown almost a year ago, the Caberfae area has soared quickly into high popularity. It serves populous area from Grand Rapids to Chicago.

Silver Valley

Over on the east side of the state is Silver Valley, a few miles west of East Tawas and situated in the Huron National Forest.

For a picturesque name, Silver Valley has all the word magic of Union Pacific's high-powered Sun Valley.

It is a lovely valley winding through a forest of pine and spruce. When wrapped with a white blanket of snow, it possesses startling grandeur.

Facilities: Skiing, tobogganing, ice skating. Attendance was double that of the previous season. Visitors widely proclaim Silver Valley to be an ideal winter playground.

Other Centers

At Gaylord, highest point of the lower peninsula, are two private ski clubs—the Otsego Ski club, with a log clubhouse overlooking the majestic Valley of White Sands through which the Sturgeon river twirls and also the Vanderbilt Ski club, with its superb, breath-taking thrill of a 1400-foot run in a sheer 18 seconds time.

Snow trains convey Detroit and Toledo sport lovers for a Friday-to-Monday holiday. The Gaylord Cham-

ber of Commerce has been cooperating enthusiastically.

Harrison has two skating rinks, a new mile-long ski run, and a daredevil toboggan slide.

Lewiston's toboggan slide, the "baby" of 1941, is growing up fast. The Newaygo winter sport park on M-37 has a toboggan slide, skating rinks and natural ski runs. A second toboggan slide is planned for 1942.

Ice Skating

Petoskey and Alpena have been publicized for their ice skating. Petoskey has a public ski tow. Alpena claims its rink to be the finest in the north.

Ionia's Bertha M. Brock park on M-21 has skating, skiing and tobogganing. Handicap: Unpredictable chaws.

Other communities by the dozen hold winter carnivals with skating events, presided over by an inevitable winter queen.

And then, don't forget the famous smelt-fishing villages on ice at Ben-lah's Crystal Lake and Boyne City's Lake Charlevoix. (Boyne City's tomato pudding is an oddity worth mentioning.)

Upper Peninsula

A 1941 survey of Michigan's honest-to-goodness snowbelt, the Upper Peninsula, reveals these significant news items:

Mount Zion at Ironwood was the destination of a snow train from Chicago—the first to run that far north from the Lake Michigan metropolis.

Weather Horn, second highest peak on the east end of the Porcupine Mountain Range at Ontonagon (Home of the Lake of the Clouds), now offers the skiing master thrill of a 1000 foot drop in one mile! The Porcupine Mountain Ski club, assisted by the federal forest service, has just cleared a run down the mountainside. A comfortable shelter house has been built.

(As Ontonagon is served by fast railway express from Chicago, the Porcupine project may become widely publicized.) The Gladstone Ski club ran its first snowtrain last Sunday (March 9) over 20 miles of lumber railroad line to Nahma camp 27. Paul Bunyon up-to-date! Food! Lumberjack dinner.

Skiing, Hockey

"Suicide Hill" at Ishpeming, where an international ski tournament is conducted annually, is nationally famous.

Iron Mountain's 1941 ski meet attracted 22,000 persons. The U. S. record was broken.

The Stephenson ski slide was the scene Sunday, March 2, of its first tournament under official Central U. S. Ski Association rules.

Sault Ste. Marie recently staged a

30-mile "airsled" derby on the Soo river. (What is an "airsled"? Answer: A snowmobile powered by an airplane motor and propeller.) The Soo city's artificial ice rink, housed in its new community center, is open year around.

From Ironwood and Houghton east to Sault Ste. Marie the favorite night sport is ice hockey—the fastest, roughest, maddest sport of them all.

Tonic for Nerves

This growth of winter sports has been rapid and unexpected.

Curiously enough, it has been some what in proportion to an increase of public nervous tension over the current European nightmare. Winter sports offer relaxation, an escape from unpleasant realities, and a wholesome diversion that is beneficial to health.

This thing called winter sports is bringing thousands of dollars into Michigan resort areas at a time of the

year that otherwise has been dull and listless.

Because Michigan is geographically at the door of millions of Americans, it can truthfully be said that a bright future lies ahead for the snow centers which cater to what the public wants.

Miracle

Miracles still occur. A three-year-old girl, in Newark, N. J., toppled off a chair from a third floor porch, plunged over the railing and was caught in a towel hanging on a clothesline, which gently lowered her to the ground without a scratch.

Even After Death

Even from the grave, Hitler expects to rule Germany. An article in the Morning News of Dallas, Texas, says that Hitler has made recordings of orders he expects to be carried out through broadcast, after his death.

NOTICE!
To ELECTRIC and
WATER USERS

Your electric and water bill for the month of February is due and payable on or before the 20th of this month.

Pay your electric bill early (do not let it run by the above date) and get the 15 per cent discount which amounts to considerable in a year's time.

If you owe a back bill, at least 10 per cent of the amount must be paid to get your discount on the present bill.

This Ruling Will Be
Enforced!

Bread for the workers of Michigan

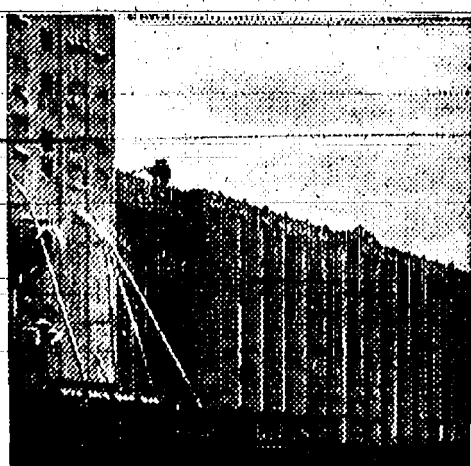

Modern methods and constant improvements of seed result in the high yield of wheat on Michigan farms. Among the new varieties introduced by Michigan State College is Bald Rock, a hardy, red, beardless wheat, well adapted to the climate.

YEAR after year some 900,000 of Michigan's fertile acres are sown to the great staple food crop—wheat. And most of it is winter wheat. Good farming methods, an intelligent State Government and an alert Michigan State College, have steadily increased the yield per acre. In 1940 it was 45% above the national average.

Swift, low-cost communication helps the Michigan farmer make a profit on his wheat. By telephone he can get advice from his County Agent, order seed and fertilizer, arrange for harvesting and threshing crews, and sell his grain and straw to advantage.

Bread is the food of industry—a vital factor in national emergencies. Your Bell Telephone Company serves the nation's defense by bringing increased efficiency to the growing, storing, milling and marketing of wheat.

Wheat by the railroads for Michigan made bread and breakfast cereals. Agriculture and industry are closely linked in this state, and the telephone serves them both.

CHANGE TO SILENCE...
CHANGE TO SERVEL!

SAY PEOPLE

WHO'VE OWNED OTHERS

The Gas Refrigerator has
NO MOVING PARTS
in its freezing system

More and more people every year are changing from other makes of automatic refrigerators to Servel Electrolux. They know the Gas Refrigerator, with no moving parts in its freezing system, offers exclusive operating advantages.

Whether you're replacing your present refrigerator or buying your first—find out about Servel's permanent silence, continued low operating cost, freedom from wear. You'll see why experienced users agree it "stays silent... lasts longer."

SEE SERVEL
AND SEE
THE DIFFERENCE

Stays silent...lasts longer
SERVEL

Mr. and Mrs. John Bird spent Sunday in Ypsilanti at the home of Mr. and Mrs. Scott O'Neil.

Mr. and Mrs. H. H. Fenn and Mr. and Mrs. J. E. McKune motored to Fort Custer on Sunday.

Mr. and Mrs. Harold Chalmers of Ann Arbor spent Sunday as guests of Mr. and Mrs. Leroy Mayer.

Mr. and Mrs. Charles Martin of Ann Arbor spent Sunday at the home of Mr. and Mrs. D. H. Wursper.

Mr. and Mrs. Howard Brooks spent Sunday with their son, Dr. Glenn Brooks and family, of Rochester.

Moritz Brueckner, Jr. and Alfred Elsemann left Sunday morning on a two weeks motor trip to California.

Mrs. Ralph Kliner and children of Rosedale Gardens visited her parents, Mr. and Mrs. H. F. Brooks, on Friday.

Mr. and Mrs. Gottlieb Horning of Freedom township were Sunday evening guests of Mr. and Mrs. Arthur Graub.

Mr. and Mrs. Russell McLaughlin and son returned home on Thursday afternoon from a vacation spent in Florida.

Mr. and Mrs. Jay Weinberg and daughters spent the week-end in Detroit at the home of Mr. and Mrs. C. J. Thorne.

Mr. and Mrs. Lee Johnston and daughter of Battle Creek were week-end guests at the home of her father, D. L. Rogers.

Mrs. Leora Grove, in company with Mr. and Mrs. James Grove of Durand, left Sunday on a two weeks motor trip to Florida.

Mr. and Mrs. Marcus Yager of West Unity, Ohio spent Sunday with their son-in-law and daughter, Mr. and Mrs. Lawton Steger.

Mr. and Mrs. W. A. Harper and daughter spent Sunday afternoon in Weberville at the home of Rev. and Mrs. C. S. Risley.

Mr. and Mrs. Merle Barr, son Junior and daughter Diana, spent Sunday in Saline at the home of his parents, Mr. and Mrs. William Barr.

Mr. and Mrs. George Bacon of Ft. Wayne, Ind. were guests of her parents, Mr. and Mrs. O. J. Walworth, from Thursday to Sunday.

Mr. and Mrs. D. J. Claire were guests of her parents, Mr. and Mrs. E. W. Dehnhostel of Ridgeville Corners, Ohio on Sunday.

Mrs. Lewis Bernath, daughter Janet Ann, and Miss Wilma Bernath spent Sunday at the home of Mr. and Mrs. Henry Bernath in Archbold, Ohio.

Mr. and Mrs. Donald Osterle are the parents of a daughter, Donna Jean, born on Wednesday, March 5 at the U. of M. hospital in Ann Arbor.

Mr. and Mrs. Alton Gleske, Mrs. Charles Hulce, and daughter, Mary Kay, were Sunday guests of their parents, Mr. and Mrs. Bert Gleske, of Manchester.

Mr. and Mrs. Walter Gage, Miss Virginia Lehman and William H. Seitz spent Sunday afternoon in Detroit at the home of Mr. and Mrs. Robert Eisen.

Adolph Duerr and son, Adolph, Jr., Gerald Metzger and Alvin Vail were in Ypsilanti on Sunday afternoon to attend an Eastern Area meeting of the Knights of Pythias.

Mr. and Mrs. John Hinchey of North Lake, Mr. and Mrs. Carl Gross and Mrs. Martha Weinmann were entertained at the home of Mr. and Mrs. Alfred Weinmann on Sunday.

Announcements have been received of the birth of a son, Stephen Henry, on March 4, to Mr. and Mrs. Henry Vander Voort of Detroit. Mrs. Vander Voort formerly was Miss Edna Parker of Lima township.

W. I. Wood, who was a patient in St. Joseph's Mercy hospital in Ann Arbor recovering from a fractured hip, was brought home on Wednesday of last week. His niece, Mrs. Fred Rice, of Moscow, is caring for him.

ST. PAUL'S LADIES' AID MEETS
The Ladies' Aid Society of St. Paul's church held their monthly meeting on Friday at the church hall. Twenty-two members responded to roll call and two guests were present.

A German hymn was sung to open the meeting, followed by Scripture reading and prayer by Rev. P. H. Grabowski. He also gave a talk on the topic, "Closer Family Relations." Readings on the topic were given by Mrs. John Osterle and Mrs. Philip Seitz. Other readings were as follows:

Our Doll House—Mrs. Alvin Vail.
Summer Vacation—Mrs. Fred Seitz.
Shopping for Movies—Mrs. A. Widmayer.

Poem—"Home"—Mrs. A. Hilsinger.

At the close of the meeting, lunch was served by Mrs. A. Nicolai, Mrs. Osterle and Mrs. Vail.

WINNING ESSAY
The Kiwanis club recently sponsored an essay contest in the public school on the subject "What Community Project Would Be the Most Beneficial to Chelsea." The Kiwanians appreciate the efforts of all students who entered the contest. However, only four prizes were provided, and the four essays which were judged as the winners will be published in The Standard. First prize was won by Richard Bahnmiller, ninth grade, and his essay follows:

What Improvements Would Help Chelsea Most?
(By Richard Bahnmiller)

My theme begins back in December 1940, when the cold weather was coming. We will use Ann Arbor as our model town.

In Ann Arbor as soon as the ice freezes they have several places all over the city that they flood and have "darn" good ice-skating rinks. This is one of the instances in which Chelsea is lacking. In my opinion, I feel that our town should have two ice skating rinks, and should build a club-house on each one, which should also include some benches around the rinks.

Another improvement needed in Chelsea is the cleaning and painting of the stores on Main street. This would help to make our community more attractive, and it would be very inexpensive.

Chelsea, because it has become a thriving industrial town in the past year, should have a better housing plan. The village should hire a contractor to build fifty new six to eight room houses, and they should be rented to people with the President's and the Council's approval. After the renters have paid rent for a stated amount of time and if they want to, they should be able to buy the house with the approval of the village's government.

Next in line is a much-needed new town hall. The present one is very old and is in need of much repair. Our town hall is used for meetings, village council, and elections. It could be built a lot smaller, and have modern conveniences, including a good heating system.

Another present need is a good recreational center. First, the town should buy a large building, and remodel it. In the building there could be a ping-pong room; a Boy Scout room and a Girl Scout room; a swimming pool; a basketball court; a large room for lectures; and a library for sport fans. For expense money, they could issue membership dues, payable monthly for everyone who belonged, who would in return have the privilege of using the different rooms.

Last, but not least, a beautiful park located near the edge of town would add the finishing touches to our community. Tourists would come here and trade in our stores, and also new families would live in our new residential district.

If all of these things were accomplished, I think that Chelsea would be a much better place in which to live.

Standard Liners Bring Quick Results!

Our Neighbors

PINCKNEY—Mr. and Mrs. R. K. Elliott are moving into their home on Putnam St. recently occupied by E. L. Hulce. The Hulces will store their goods for a time and Mr. Hulce will room at the M. J. Reagon home. Mrs. Hulce and Larry will stay with relatives in Chelsea until sometime in April when the F. H. Swarthout house they have rented will be ready for them. Earl Berquist, who has been staying with them, will stay with the Herman Widmayer family.—Dispatch.

HOWELL—Richard Brogan, seven year old lad, was playing with John McCoy, 5, last Thursday afternoon when the latter fell in a drain catch basin on the athletic field near the McCoy home in Hartland. While John kept his head above the water for some little time by hanging on the edge of the tile, Richard summoned Mrs. McCoy from her home to remove his playmate from danger. The water was about five feet deep in the tile and would easily have come over his head had he failed to hang on the tile's edge or aid not been summoned before he had to let go.—County Press.

PLYMOUTH—Plymouth's request for a federal school aid grant of \$199,000 is the second claim on file from the state of Michigan for increased facilities made necessary by national defense activities. It was learned by George A. Smith, superintendent of Plymouth schools, last Thursday when he was in Washington, D. C. to check on the status of the request filed by the Plymouth board of education in January. Superintendent Smith stopped in Washington last week after attending the National Education association's convention in Atlantic City.—Mail.

MILAN—Dragging of the River Raisin at Petersburg, halted early this week by the rain and high water, was resumed later in an effort to locate Blair Elder and Charles Heiden. Petersburg boys who have been missing from their homes since a week ago Monday. Men, working from boats, succeeded in clearing the river of honeycombed ice as far up the river as the cove but found nothing. The disappearance of the boys from their home, some time between the time that school was dismissed until supper time, has aroused the entire community. Crowds have gathered along the banks of the river and many willing workers have been feverishly busy trying to find traces of the boys.—Leader.

DEXTER—Frame work is being put up on the new home of Rev. and Mrs. A. A. Schoen at Baker and F streets.—Leader.

Thursday, March 20—7:00 p. m., Spring Co. No. 1 vs. American Legion; 9:00 p. m., Eder Produce vs. Seitz-Burg.

Safetygrams
BY
FRED W. BRAUN
The Safety Man

Frequently in this column I have given credit to the splendid publicity given the subject of "Safety" by the American press.

I have just finished reading an article by Cy Douglas, bureau chief of The Associated Press, in which he states that safety is big news.

Mr. Douglas goes on to say that safety is big because it is a vital factor in the daily lives of all citizens, motorists, and pedestrians alike. Safety, therefore, has become a personal matter with us.

The American editors have seen fit to give safety equal consideration with the tremendous world news that finds its way to the front pages of our newspapers.

Safety is your problem and my problem. It belongs to us. It is a part of us; therefore, we should pay attention to safety requirements in our daily lives.

Pythians to See Fishing Film

The Knights of Pythias Lodge in Ann Arbor is holding a stag night at their Castle hall on Tuesday evening, March 13 and are to hear an illustrated lecture by Dr. Ralph Hile of the U. S. Fish and Wildlife Service. Dr. Hile has just completed a three year survey of the fish in the Great Lakes. Most all of this work was accomplished aboard the federal research fishing steamer during which time a movie record of operations was made. The film deals largely with the commercial aspects of fishing but occasionally touches upon the sportsman's problems.

The Ann Arbor Lodge is serving a sauerkraut supper at the lodge hall at 7:00 p. m. and following this, Dr. Hile will deliver his lecture and show the films. Each Knight is requested to bring one or more friends with him. The party is strictly stag and all interested men are invited to attend. For further particulars, consult with the local Pythian Lodge so that reservations can be made.

Eight Balls of Fire

and how they can travel!

If you like fireworks, and who doesn't, it's really too bad you can't see what goes on inside that sparkling big Buick FIREBALL eight that romps you so easily down the broad highway.

There you'd see eight busy cylinders, with pistons flashing up and down . . .

You'd see each fuel charge packed tight into a tiny bundle shaped like a flattened ball . . .

You'd see the spark leap, the flame spread, the piston thrust down with extra force as each furious fireball lets go its pent-up wallop.

You'd see all this happening as fast as thirty times a second in each of those eight cylinders—and we think you'd understand then just why there's such a special and exciting satisfaction in the way a Buick travels.

Gasoline gives up more of its power when it's packed as tightly as it is here.

So when you've got these eight balls of fire working busily under the bonnet, you really travel!

You travel farther on every gallon and you travel more pleasurably.

You travel—but, shucks! Why listen to talk when there's a Buick dealer nearby waiting to show you how you travel behind a FIREBALL?

That special, flattened-ball shape of the compressed fuel charge means smoother, better burning, full focus of the power on the piston head, where it counts.

BUICK PRICES BEGIN AT \$915 for the Business Coupe delivered at Flint, Mich. State tax, optional equipment and accessories—extra! Price subject to change without notice.

FOR MORE LOADS—EXTRA YEARS
THE SPREADER WITH BEATER ON THE AXLE

THE additional years of service you get from a John Deere Spreader are due, largely, to mounting the beater on the axle—the famous patented feature of construction which has kept John Deere Spreaders out in the lead for more than 25 years.

Mounting the main beater on the axle permits building a simpler, stronger, longer-lived spreader with fewer moving parts—a spreader that's easier to load... easier to pull... that does better work... a spreader that gives you more dollar-for-dollar value.

FEATURES

- "Knee-action" front wheels
- Hardened steel roller drive chain
- Roller bearings on all three beaters
- New-type, non-wrapping spiral beater
- Renewable axle bearings and axle sleeves
- Steel pole and eveners

HAS GOOD RECORD

George Hamp, a former resident of Chelsea, who now patrols the heat-treat room and blacksmith shop of the Grand Rapids Stamping Division of the General Motors Corporation, has established a remarkable record which places him high in outstanding performances throughout the entire corporation.

From June, 1936, when he first started with the corporation, to Jan. 1, 1941, his department handled 112,339 pieces of steel, which carried an estimated value of \$3,507,035. While the normal amount of loss expected for the above amount of dollars would be about \$17,000, the records show that the actual loss charged to this department over four years is \$312.50.

The heat-treat department has undergone several changes since its installation. The gas-fired ovens and control board have been made over under the direction of Mr. Hamp and today the Grand Rapids Stamping Division boasts one of the finest heat-treat and blacksmith shops in the entire corporation.

KIWANIS NEWS

On Monday evening John M. Trytten of Ann Arbor addressed the Kiwanis club upon the interesting subject: "Vocational Guidance for Youth."

The speaker for many years has assisted students to select the life work for which they are best adapted and has had vast experience in this field. He maintained that young people should not select their future occupations solely upon the basis of personal likes or dislikes, but rather each individual should consider whether he has the proper qualifications and training to fulfill the particular position. He stated that young people generally should seek skilled, mechanical, and industrial positions rather than clerical jobs, for the former fields are as yet uncrowded. Mr. Trytten mentioned that each person should carefully evaluate his training, financial resources, general ability, and the relative advantages and disadvantages of the various trades and professions before he embarks upon his future program. The speaker concluded his discussion by urging each individual to learn various types of work in order to prepare himself adequately for the many new positions which are constantly arising in business and industry.

The Hi-Light

Edited By The PUPILS OF THE CHELSEA PUBLIC SCHOOL

Courtesy In Hall

It has often been said that having courtesy and good manners is a prerequisite to success. This is something that the students in Chelsea high school should harken to and try to profit by.

The situation in the school, particularly between classes, clearly shows a need for improvement. As conditions are now, one almost has to don shin guards to get from one room to another during these three-minute intervals.

Most of the people give an excuse for their rough, boorish actions the fact that they have only three minutes to get to their next class. Of course this short period is not meant to be one for sociability and gaiety. The time is allowed merely for getting to one's next class; therefore three minutes is ample time for anyone.

If all the students would cooperate in this matter of keeping the halls orderly and reasonably quiet during the passing of classes, the situation would soon be remedied and a person would not feel as if he were taking his life in his hands each time he steps into the hall between classes!

Senior Statistics

Name, Joe Tarnacki; date and place of birth, Nov. 10, Detroit; age, 19 years; weight, 133 lbs.; height, 5 ft. 8 in.; favorite color, blue; color of eyes, blue; color of hair, brown (curly); favorite dish, chicken ala king; favorite animal, horse—2nd, muskrat; favorite movie, No. Annette; favorite subject, Farm Management; favorite song, Only You; favorite sport, baseball; favorite radio program, Major Bowes; pastime, sleeping; ambition, to be a success; schools attended, Chelsea high school.

Name, Jeanne Margaret Roy; date and place of birth, Nov. 16, Chelsea; age, 17; weight, 135 lbs.; height, 5 ft. 2 in.; favorite color, red; favorite dish, baked ham; color of hair, brown; color of eyes, brown; favorite animal, kitten; favorite movie, Northwest Passage; favorite subject, Typing; favorite song, I Hear a Rhapsody; favorite sport, football in Ann Arbor; favorite radio program, Wayne King; pastime, dancing; ambition, professional dancer; schools attended, St. Mary's, Chelsea, Chelsea public school.

Office News

A new fluorescent light, the product of a local factory, has been placed above the bulletin board of the Hi-Y.

club and adds greatly to the appearance of the bulletin board.

The 80-piece band of Napoleon high school will present an assembly program on Thursday, March 13 (today) at our school. On the following Thursday, March 20, the Swing Band will play and the Sophomore class of our school will present a one-act play at Napoleon high school.

Mr. Johnson will attend the State Conference on Curriculum and Guidance at Lansing on Saturday, Mar. 16. The first six weeks of the second semester will end Friday, March 14 and report cards will be issued on Wednesday, March 19, 1941.

Spring vacation will be the week of April 7 and school will start again on April 14.

The new baseball picture was shown to the students on Monday, March 10.

Class News

Sophomore Class

This week the Sophomore class officers, the two Student Council representatives and two other members from the class met with representatives from several ring companies to select five or six rings from which the entire class will make their choice.

The one-act play entitled "Buddy Answers An Ad", which the Sophomores gave before study hall will also be given at Napoleon at a later date.

Junior News

The Junior class has sent for two new plays, "Pickles Becomes a Lady" and "Romance Comes to Willie Parker". One of these will be selected for their forthcoming play on May 16. These play books will be kept in Miss Leffler's room and the Juniors may read or look at them during activity period or other spare time.

Incidentally

The Senior play will be presented March 28.

Mary May, who has a part in the play, has scarlet fever.

The Class of '41 is selling chocolate milk every noon for 4c a bottle.

The announcement cards are being chosen.

Chorus News

The High School Chorus has been working very hard preparing for the several programs that they have planned for.

This Friday afternoon they will present a program at the Methodist church, for the women of that church.

The program is made up of numbers from both the Girls' and Mixed Chorus.

The Spring Concert is April 8 and an assembly program will be given soon also.

The Chorus plans to attend the Chorus Festival this spring and will begin work on this music in the near future.

F. F. A. News

On Tuesday, March 4 the F. F. A. and Hi-Y clubs held a joint meeting. Part of the evening was spent in playing basketball. The F. F. A. boys emerged victors with a score of 25-24. The boys are planning on purchasing a purebred gilt to put out on a project.

Two candidates have been chosen for a State Future Farmers' degree in F. F. A. work. The candidates are N. H. Miles, a Senior, and Donald Cook, of the class of '40.

The boys are now hard at work planning an assembly for the student body.

Band

On Tuesday, March 4 the Chelsea High School Band participated in the Sixth Annual Huron League Band Festival which was held in Clinton. Graham Overgard was again the guest conductor of the Select Band which played the evening program. In the afternoon each band played two numbers of their own selection, and Mr. Overgard, who is the director of the Wayne University Band, gave frank criticism of their playing. Since the numbers which the bands played were vastly different, the "best band" could not easily be determined, but it may be said that the Chelsea band equalled any of the other bands.

Class Tournaments

Last Wednesday afternoon the Senior girls battled their way to fame by defeating their Sophomore opponents, 7-4. Both teams put up a great battle, but in the fourth quarter baskets by Palmer and Schweinfurth clinched the game for the Seniors.

The Junior girls, on Monday noon, won a decisive victory over the green and spirited Freshmen six. Meservy, Almond and Schlosser starred for the victors, while Lucht and Bruckner were the "high scorers" for the Freshmen. It was a "knock down and drag out" fight but in the end the Juniors won with the score reading 8-4.

Student Council

The All-Hi party March 28 has been postponed until April 24. The party will be delayed because of the Senior play on March 28.

Try Standard Liners—Only 25c

Elementary News

Fourth Grade

Our class numbers 38 now. Myrna Robards was transferred from the Francisco school and Patty Smith came from the Narwell Plains school. We are glad Helen Jarvis is back with us again. She has been ill with scarlet fever.

At our club meeting last Thursday we elected new officers for the next six weeks. Gerald F. was elected president; Joyce P., vice-president; Marlene H., secretary; and Joyce H., treasurer.

The people who have not missed a day since school started are: Doris Downer, David Knickerbocker, George Miller, and Priscilla Popp.

For our morning inspection we are now checking our Hands and Fingers Chart. Priscilla P. and Phyllis S. made the chart.

The following people have made over fifteen book reports so far this year: Helen Jarvis, Doris Gilson, Jane Merrill, Priscilla Popp, Doris Downer, Mary Ann Gage, and Joyce Hughes.

Fifth Grade

Vernon Cook, Reporter

In Science we are studying about useful insects such as the silkworm, lac insects, honey bee, dragon flies, ladybugs, and praying mantis.

In Geography we are learning about the Rocky Mountain region—copper, gold, silver, lead and zinc mines. National forests and parks, such as Yellowstone; and where sheep and cattle graze.

We had a play Thursday afternoon in club meeting. It was written by Mary Margaret Paul and called "An Evening at Home". The characters were Helen H., Mary P., Minnie P., Patty H., Marybell L., and Richard C.

Miss Brown is reading "Toby Tyler or Ten Weeks With a Circus" to us. In Art we are drawing pictures of the circus.

History stories have been about John Smith and the settlement of Jamestown, and Miles Standish and the Plymouth Colony. John Smith had many exciting adventures when he was a young man.

We had a spell-down Friday afternoon—the girls against the boys. Since several were spelling yet at 3:30, we will have to finish it next week.

Seventh Grade

Editors: John Wellnitz and Edwin Lantis

New officers of the seventh grade are: Leroy May, president; Arthur Paul, vice-president; Joan Shutes, secretary; Edwin Lantis, treasurer; Charles Slane, Barbara Eaton, Donna Perkins, Judy, and senators are Jane Downer, Anne Lamberton, John Wellnitz, Alfreda Marshall, Jean Eisenbeiser and Robert Breitenwischer.

In history we have been doing some individual work, such as special reports. Eldon Carlson is busy writing a play, and the girls are trying to

dramatize a professionally written play.

In the ping-pong tournament, our Barbara Eaton defeated the sixth grade champion, but Bob Daniels defeated our boys' champion, Charles Slane.

Audrey White has written most of the news lately.

Our quotation for the week was from Disraeli: "The secret of success is constancy of purpose."

Eighth Grade

Reporter: Catherine Fauser

The seventh and eighth grade Home Ec. girls have completed their notebooks on Good Grooming and are now studying about breakfast foods. They are going to start cooking and preparing meals some day this week.

Report cards come out next week and everyone appears to be somewhat worried.

The boys science class has been conducting various experiments with water. They find them to be very interesting and educational.

In English we are studying about diagramming sentences, and in history we are learning about the rise of big business.

COUNCIL PROCEEDINGS

Council Rooms, Mar. 8, 1941.

Regular Session.

The meeting was called to order by President Mayer at 8:00 p. m. Roll call. Trustees Adam, Ahnemann, Beach, Riker, Schenk, and Spaulding were present.

The minutes of the regular session held Feb. 17, 1941 were read and approved.

The following accounts were submitted to the council:

General Fund

Harold Craven, salary and car expense to 2-28-41 \$ 62.50

Charles Meservy, salary and car expense to 2-28-41 67.50

Otto Schanz, salary to 2-28-41 10.25

Fred Hoffman, labor to 2-28-41 14.25

Lawrence McKune, labor to 2-28-41 10.25

Chris Reimold, labor to 2-28-41 4.50

Basil M. Stanfield, labor to survey Hamilton property 8.00

Robert Teachworth, labor to survey Hamilton property 4.00

Oswald Welko, transportation for surveyors 4.00

The Abbot Gasoline Co., tires for fire truck 125.77

Benz Insurance Agency, Sewage Treatment Works Ins. 190.15

Cigar Lumber, G. & C. Co., supplies for Feb. 14.00

Eberbach & Son Co., Inc., supplies 4.07

Robert Lantis, gravel 20.25

Merkel Bros., supplies for Feb. 3.44

Palmer Motor Sales, rent and phone for Feb. 26.86

Richmond & Backus Co., registration supplies 50.39

Carl H. Swickard, signs 15.76

Herbert E. Snyder, soil pipe 5.90

Winterhalter & Glaser, annual audit 185.00

J. F. Alber, services for Jan. 15.35

Washtenaw Abstract Co., abstract for Hamilton property 49.88

Sidney Schenk, 6 council meetings 12.00

Harold Spaulding, 6 council meetings, \$12.00; salary, Street Committee, \$75.00 87.00

W. Arnold Steger, balance of salary, Clerk 100.00

Moved by Beach, supported by Adam that the accounts be allowed and that checks on the General Fund to cover the amounts indicated be hereby authorized.

Roll call: Yeas: Adam, Beach, Riker, Schenk, and Spaulding. Silent: Ahnemann. Motion carried.

Moved by Schenk, supported by Adam, that \$1,000.00 be transferred from the General Fund to the Electric and Water Dept. operating account and that a check to effect such transfer be hereby authorized.

Roll call: Yeas: Adam, Ahnemann, Riker, Schenk, and Spaulding. Silent: Beach. Motion carried.

Moved by Riker, supported by Beach that the Clerk appoint two gatekeepers for the ensuing election to be held March 10, 1941.

Roll call: Yeas nil. Motion carried.

Moved by Schenk, supported by Riker that Howard Brooks, Ruth Schenk, and Edward McKune be and are hereby appointed to the election board for the ensuing election to be held March 10, 1941.

Roll call: Yeas all. Motion carried.

Moved by Riker, supported by Beach, that the annual Village audit report by Winterhalter and Glaser be approved and that the same be published in the Chelsea Standard.

Roll call: Yeas all. Motion carried.

Adjourned at 10:16 p. m.

ALFRED D. MAYER, Village President.

W. ARNOLD STEGER, Clerk.

Southernmost City

Magallanes, Chile, is the southernmost city in the world. It was formerly Punta Arenas.

Shades of St. Patrick! Shamrock Has Rival In 'Green' Carnation

On March 17 all good sons and daughters of Erin pause to exchange the pleasant and good wishes of St. Patrick's day. But believe it or not—today the shamrock is giving place to the green carnation, principally because the shamrock is so scarce in America. Florists solve the problem by dipping the stem of a white carnation in green coloring and this flows upward to the petals, giving the bloom the hue of the Emerald Isle.

If one need proof of the trend here it is. This bright-eyed old Irish lady muses over her green carnation and, perhaps longs for a glimpse of the old sod and the sight of a "real" shamrock of "real" green.

And St. Patrick probably wouldn't like the idea of the carnation taking the place of his shamrock for he used the latter to explain the doctrine of the Holy Trinity—Father, Son and Holy Spirit—to the Irish people when he brought them religious teachings back in the fifth century. A. D.

REGISTRATION NOTICE

For Biennial Spring Election

MONDAY, APRIL 7, 1941

To the Qualified Electors of the Township of Lima, State of Michigan.

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned, Township Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township not already registered who may apply to me personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Second Saturday before any regular, special or official primary election and the day of such election.

The last day for General Registration does not apply to persons who vote under the Absent Voters' Law.

Notice is hereby given that I will be at Sylvan Town Hall on

Tuesday, March 18, 1941

the twentieth day preceding said election (as provided by Sec. 3, Chapter 3, Part II, P. A. 306, 1929 and Sec. 1, Chapter 3, Part II, P. A. 1939).

I will also be at Vogel & Wurster store, from March 18 to 20, and on

Saturday, Mar. 29, 1941—Last Day

At Sylvan Town Hall

from 8 o'clock a. m. until 8 o'clock p. m. on each said day for the purpose of reviewing the registration and registering such of the qualified electors in said Township as shall properly apply therefor.

The name of no person but an actual resident of the precinct at the time of registration, and entitled under the constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

Registration of Absentee by Oath

If any person whose name is not registered shall offer and claim the right to vote at any election or primary election, and shall, under oath, state that he is a resident of such precinct and has resided in the Township Twenty Days next preceding such election, designating particularly the place of his residence, and that he possesses the other qualifications of an elector under the constitution, and that, owing to the sickness or bodily infirmity of himself or of some member of his family, or owing to his absence from the Township on public business or his own business, and without intent to avoid or delay his registration, he was unable to make application for registration on the last two days provided by law for the registering of electors preceding such election or primary election, then the name of such person shall be registered, and he shall then be permitted to vote at such election or primary election. If such applicant shall, in said matter, willfully make any false statement, he shall be deemed guilty of perjury.

RALPH STOFFER, Lima Township Clerk

Mar 13-27

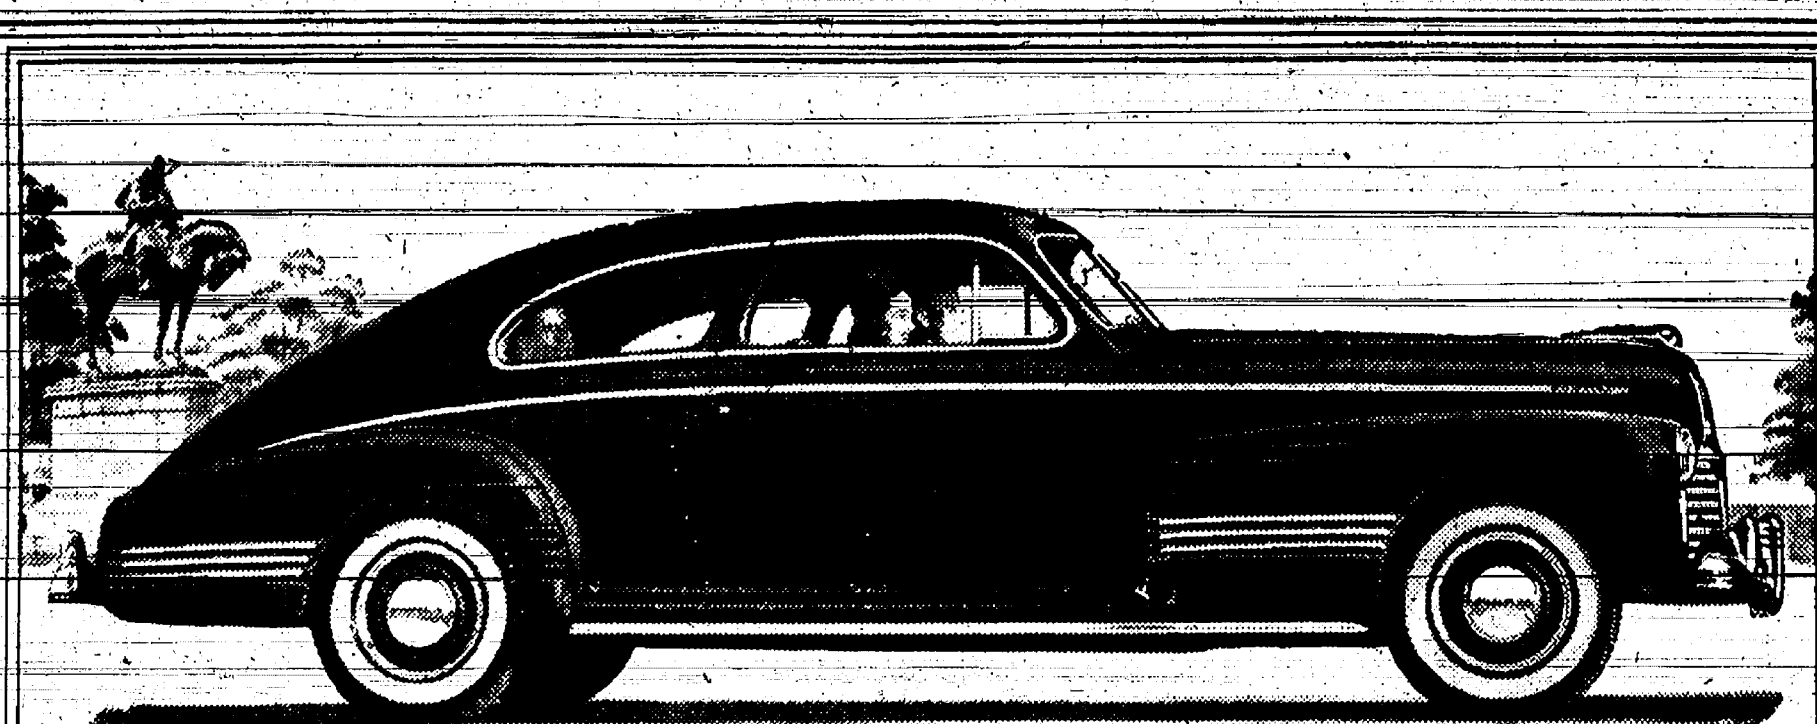

Cleaning Waxed Floors

Hardwood floors which are waxed should be cleaned with a mop or soft brush which is free from oil, as oil has a tendency to soften wax. A cloth wrung from warm, soapy water should suffice to remove the surface dirt. There are certain cleaners which are recommended for removing spots or discolorations from floors before refinishing. Consult your paint dealer. A rag moistened with turpentine or mineral spirits will also remove wax.

Chemical Industry Accident

Japan's chemical industry had one of the worst accident years in its history in 1939, according to "Industrial and Engineering Chemistry."

The handling of explosives by inexperienced manufacturers, establishment of new plants in crowded industrial districts and excessive strain on workers from overtime operations were contributory causes.

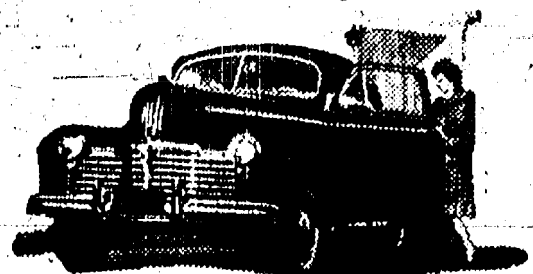

Streamliner "Torpedo" Six Sedan Coupe \$923* (white sidewall tires extra).

A Pontiac tells you all about itself except **how little it costs!**

YOU DON'T NEED us to tell you what a whale of a car the Pontiac "Torpedo" is. The new Pontiac speaks for itself—and it tells you clearly that a smarter, swifter, sweeter-acting car will be hard to find. The only time this Pontiac needs our help is when somebody says, "It's too high-priced for me." That's when we go to work—and here's what we tell them: With all of its size, its beauty, its "expensive" look, Pontiac's prices are so close to the "lowest-priced three" that the difference is only a few dollars per month.

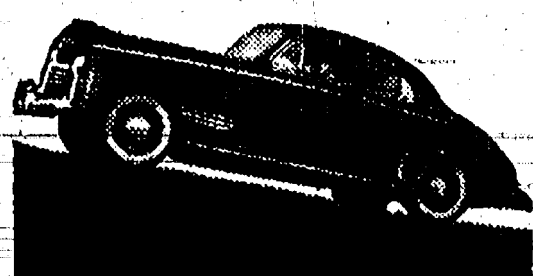

COMFORT. You will never guess from a ride in a Pontiac that it's a low-priced car. Pontiac's perfected "Triple-Cushioned Ride" is conceded to be without equal in any car at any price. You can go on and on in a Pontiac... and step out relaxed and rested at the end of the trip.

SIZE AND LUXURY. Nor will you get any impression of low cost from the roominess and luxury you find inside its handsome body by Fisher. Pontiac is tailored and fitted to compare favorably with the finest cars on the road.

ECONOMY. When you own a Pontiac, however, you realize that it's a tight-fisted miser with gas and oil and remarkably trouble-free in the bargain.

PERFORMANCE. If you plan to buy a new car soon, try this new Pontiac now. You'll learn that way why Pontiac owners are our most enthusiastic cheer leaders. And remember, if you can afford any new car you can afford a new Pontiac!

Delivered at Pontiac, Michigan. State tax, optional equipment and accessories extra. Prices subject to change without notice. ONLY \$22 MORE FOR AN HUNT IN ANY MODEL!

120 W. Middle St.
