A. B. CLARK

Cong'l Church Scene Of Pretty Wedding

Miss Catherine Naomi Barber, daughter of Rev. and Mrs. Ray W. Barber of Chelsea, became the bride of Wilbur Richard Bollinger of Detroit, son of Mr. and Mrs. Gottlieb Bollinger of Chelsea, at a candlelight ceremony which took place at 7:00 o'clock Saturday night at First Congregational church, with Dr. Thos. A. Anderson of Brewster Pilgrim church, Detroit, officiating.

Baskets of white gladioli and chrysanthemums decorated the altar, which was centered with a cross of arborvitae, studded with white gladioli and mums, and was lighted with white tapers in silver candelabra.

Preceding the ceremony Mrs. Lawrence Wacker rendered several organ selections, including "Tales of Hoffman" by Jacques Offenbach, and "O Thou Sublime, Sweet Evening Star," by Wagner, also playing Lohengrin's bridal chorus.

The bride, who was given in marriage by her father, was gownned in white chiffon with trimmings of old fashioned lace. The dress had a full lace bodice and a full skirt extending into a long train. Her three-tiered finger-tip veil was caught in a tiara of seed pearls and she carried a shower bouquet of bridal roses and white bebe mums, centered with her going-away corsage.

The matron of honor, Mrs. Lawrence Riemenschneider, wore a combination of black lace and white tulle and a coronet of white rosebuds. She carried an arm bouquet of American Beauty roses and white bebe mums.

The bridesmaids were Martha Barber, sister of the bride; her cousins, Betty Prochazka and Doris Brewer, of Detroit, and Lois Yek of Ann Arbor. Their dresses of satin were fashioned alike, with full skirts and fitted waists with sweetheart neck lines, and they wore coronets of flowers matching their costumes.

Miss Barber, gownned in light pink, carried pink roses with white pompons. Miss Prochazka wore aquamarine with a bouquet of Tailsman roses and bronze mums. Miss Brewer, in deep rose, carried Johanna Hill roses and yellow mums, and Miss Yek wore delft blue and her flowers were pink roses and white bebe mums. Each of the attendants wore a white beaded necklace, gifts of the bride.

Lloyd R. Heydlauff was best man, and the ushers were Rudolph and Lee Arthur Bollinger, cousins of the groom, Alvin Reinhardt and Stephen Stane. Active ushers were Ray Barber, Jr. and Franklin Bon.

Accompanying the bridal party as flower girls were Jean McClure and Marlene Heydlauff, carrying baskets of summer flowers. The former wore a pink tulle dress, and the latter, blue net. Oscar Bollinger, brother of the groom, carried the ring on a white satin pillow.

For her daughter's wedding, Mrs. Barber was attired in black velvet, with white accessories, while Mrs. Bollinger, mother of the groom, wore royal blue velvet, and her accessories were black. Their corsages were gardenias.

A reception for 100 guests was held after the ceremony at the home of the bride's parents. A three-tiered wedding cake, surmounted by an arch and wedding bells, centered the dining table.

The bride is a graduate of Chelsea high school and the Alexandra School of Cosmetology. The groom is employed with the Horst-Mfg. Co., Detroit. After October 5, Mr. and Mrs. Bollinger will be at home at 17431 Dasher Ave., Detroit.

Guests at the wedding came from Detroit, Jackson, Ann Arbor, Royal Oak and Gregory.

Hobby Show

Last call for the Hobby Show! Exhibits should be brought to the agriculture room of the high school, not later than 10 o'clock Friday, October 3. The committee will be at the room at 8:15 to register entries.

An increase in the total amount of prize money will be given this year. Adult and children's prizes will be distributed according to the classifications entered. First prize \$1.00, second prize 50c, third prize, honorable mention.

The committee will exercise the best of care in handling the exhibits, but no responsibility can be assumed for damage or loss of any article.

HOLD JAMBOREE

About 175 were in attendance at the annual jamboree of the Chelsea Rod & Gun club, held last Thursday evening at the Red Hen Tavern, Portage lake. A trap shoot was held during the afternoon, with George W. Hart being awarded first prize for a perfect score. Following the chicken dinner, moving pictures of air travel in Michigan, a feature released by the State Conservation Department, were shown by Walter Harper.

TRAP SHOOT

At Hart's Garage, US-12, every Sunday, 9 to 12 a.m. Sponsored by Chelsea Rod & Gun Club. Public Invited.

CHelsea COMMUNITY FAIR OPENS FRIDAY AT PUBLIC SCHOOL GYM

MAIL SERVICE DELAYED
Because of delay in the arrival of sorting racks and other equipment necessary for starting mail delivery in Chelsea, this service was not started on Wednesday as scheduled. According to Postmaster H. D. Withers, the equipment is expected very soon and the service will be started as quickly as possible. In the meantime patrons will continue to get their mail at the post office.

Chelsea Huskies Will Stage 'Beauty Contest'

Some of Chelsea's huskiest men will don feminine garb and present a musical comedy and "beauty contest" all their own next Thursday and Friday nights, October 9 and 10 in the Chelsea high school auditorium.

Approximately 70 men will have roles in the show and five of them will portray "beauty contestants." They will parade across the stage before judges who will choose the "beauty queen."

The show, entitled "Everybody's Here," is a follow-up of the "Womanless Wedding," presented here last year by a similar all-male cast. The setting will be the town hall during Old Home Week. "Loyell Thomas" appears as master of ceremonies, accompanied by celebrities of radio and screen, among whom will be Lawrence Tibbett, Dottie Lamour, Donald Dickson, Alice Faye and others.

Among the honored guests attending the performance will be Governor Van Wagener and Mrs. Van Wagener, Senator and Mrs. Nebb, Judge and Mrs. Whipple, and other notables. Solos, choruses and dance routines will be introduced during the performance, the evening culminating in the spectacular beauty contest. Keep the dates in mind and plan to attend as it promises an evening of fun for everyone who enjoys a good laugh.

The Kiwanis club is sponsoring the production, under the direction of Miss Iva C. Keefe of Pittsburg, Pa. Proceeds from the affair will be used for the Children's Halloween Party and other children's projects in the community. Tickets may be secured from members of the Kiwanis club and cast.

LIBRARY NEWS

Children's Summer Reading
This past summer the library has again conducted a summer reading program for school children. All children wishing to participate were given record books upon request at the library. A record of all books read during the summer was to be kept in these record books. Public, parochial and rural school children from the first to the twelfth grades were invited to follow this reading program.

A special library assembly has been scheduled to be held at the auditorium at 1 p.m. Thursday, October 9. Awards will be given to all children who have participated in the reading program. High school pupils will receive special credit for reading accomplished. A special invitation is extended to parochial and rural school children to attend this assembly. Children who have not turned in their record books to the library are asked to do so not later than Monday, Oct. 6.

Flower Show

Due to an error the Flower Arrangements Committee, with Mrs. Wilbur Riemenschneider as chairman, was left out of the classifications published in last week's Standard, in connection with the Community Fair. This is an important display at the Flower Show and we are urging everyone interested in flower arrangements to enter their displays. All exhibitors are responsible for their own arrangements and the flowers used need not be grown by them.

The Specimen Room committee suggests that all flowers be cut either Thursday night or early Friday morning.

The following notes concern all entries: All exhibits must be entered Friday between 8 a.m. and 1 p.m. Judging will begin at 1:30 p.m. and the prizes will be the same as last year.

Please do not remove your entries until 10 p.m. Saturday, but after that time the committee will not be responsible for them. The committee wishes every entry might win a prize but as that is impossible, may the best one win and for the rest of us, new floral ideas for our homes this winter and notes about new plants for our gardens in the spring and thus another Flower Show for 1942.

BAKE SALE

Pythian Sisters will hold a bake sale on Saturday, October 4, starting at 2 o'clock, at Chelsea Hardware Co.

The annual Chelsea Community Fair will open at the public schools on Friday noon and continue through Saturday night. School will be closed Friday afternoon so that all exhibits can be placed in the rooms. A large number of entries in the various departments of the fair are anticipated and the superintendents of the departments have asked that all entries be brought in Friday morning so they may be judged in the afternoon.

On Friday evening the entire school will be open to the public from 7:00 to 8:00 o'clock. Parents are cordially invited to visit their school to see the type of work the children are doing and to become better acquainted with the teachers. All are particularly invited to visit the new science laboratory on the second floor of the new building and the wood and metal shop located in the basement of the high school building. There will be a demonstration of the administering of iodine vermicide for worms in poultry at 7:00 in the science laboratory. At 8:15 there will be a program in the auditorium to be given by school organizations.

The fair will be open again on Saturday afternoon and a program consisting of moving pictures is to be presented in the evening starting at 8:00.

The amount of money to be given for prizes has been increased this year and the directors expect a larger and better fair than any in previous years.

The various exhibits will be on display in the following places:

Flower show—Kindergarten room.
Hobby show—Rooms 14 and 15 in high school building.

Livestock, fowl, etc. Tent at east.

Conservation Week Will Be Observed

Reports of enthusiastic preparations for observance of Michigan's first conservation week are rolling in from clubs in all parts of the state. Theodore Bowler, president of Michigan United Conservation Clubs which initiated the project, said this week.

"This is something bigger than a sportsman's event," Bowler said. "The activities planned by schools, service organizations and garden clubs since the Governor's proclamation fixed the date at October 5 to 11 is the best evidence this is really an all-state affair. Every Michigan community of any size is going to have some special conservation event or program that week."

Practically the entire field personnel of the conservation department has been drafted for speaking engagements during the week.

Sale of natural color stamps of Michigan fish, game, wild flowers and scenery during the special week will finance local conservation projects. Some persons and firms wishing to advertise the state are planning to use the stamps extensively in outstate correspondence.

TWO KILLED SUNDAY

Lois Madery and his wife, Mary, of Jackson were killed at 10:05 Sunday morning in a head-on automobile collision on US-12, half a mile east of the Chelsea-Manchester Rd. The driver of the other car was Lowell Bush of Detroit, a soldier stationed in Louisiana, who suffered chest injuries and facial cuts. Riding with him was George Valentine, a student at Albion college, who was hitchhiking and had been picked up by Bush. He suffered a severe cut on the forehead. Both were taken to St. Joseph's hospital, Ann Arbor.

LUICK-PETERSON WEDDING

The wedding of Ruth V. Luick, daughter of Mr. and Mrs. William Luick of Lima township, and Carl L. Peterson, Jr., son of Mr. and Mrs. Carl Peterson of Manistee, took place Monday, September 22. Mrs. Peterson graduated from Chelsea high school in 1939 and from the Bertha Mae Academy of Beauty Culture, Battle Creek. Mr. Peterson attended the University of Michigan and is a member of Kappa Sigma fraternity. They will reside in Chelsea.

SHAW-McCLURE WEDDING

The marriage of Miss Margaret Shaw of Jackson and George McClure, Jr., son of Mr. and Mrs. George A. McClure of Chelsea took place on Friday at the North Street Bible church parsonage, Jackson, with Rev. Roy Ramseyer performing the ceremony. The attendants were Mr. and Mrs. John Prentice of Waterloo. Mr. and Mrs. McClure will make their home on the McClure farm in Sylvan township.

EXIT COAL SCUTTLE

Gone forever from thousands of homes, stores and offices this winter will be the unsightly, dirty, pot-bellied stove of former years. In its place will come the modern, cleanly, automatic oil-burning home heater. Installations like the one shown utilize fireplaces to give a pleasing background for the artistically designed units. The chimney serves to vent the heater and an automatic draft regulator, a feature of the Norge unit illustrated, assures efficient combustion under all conditions of wind and weather. Low-cost Nos. 1 or 2 fuel oil are standard for the heaters. Operation of the units has been made completely automatic and foolproof by provision of a single-dial heat selector which automatically regulates fuel and air feeds to the combustion chamber and assures proper proportions for maximum efficiency regardless of the temperature setting selected. High efficiency of the flame is secured by the exclusive Dorn-Draft Ventilator which supplies air and oxygen through a patented radial orifice to impart a whirling, spreading motion to the flame itself. A wide range of models, both in respect to price and heating capacity, provide the perfect solution to the heating problem of small homes, offices, stores, gas stations, private and public garages, cottages and hunting lodges. Outputs of the heaters range from 37,500 B.T.U. through graduated stages to 70,000 B.T.U. Power blowers may be obtained for the larger models to insure real comfort even in relatively large buildings which, formerly, were thought to require expensive central heating systems.

What Is a National Hero?

By Ruth Taylor.

Our national heroes have been many and of all nationalities. We have sung their praises for years, recited poems about them in our school days, and celebrated in more stirring ways the occasions of their births ever since.

But who were our national heroes? What did they represent? The early ones, in fact, most of our great, were not American by birth. They came from over seas—and were of all peo-

ples and all nationalities. Early in our patriotic fervor the heroes were allocated to various groups of new Americans—Lafayette to the French, Von Steuben to the Germans, and of course Columbus to the Italians.

The average American thinks of Italy as an old country, forgetting that the Kingdom of Italy dates only from just before our Civil War, and that for centuries before that it was a motley of more or less independent states, usually at each other's throats, with the result that they fell victim to the land grabbing tactics of the former Austrian Empire, to be united, as men too often are, by a common hatred of their Germanic overlords.

Columbus was a Genoese by birth—in the days when Genoa and Venice between them ruled the seas, fighting each other for supremacy and making and unmaking the Emperors at Constantinople according to which was on top. But he came to this country as a Spaniard and he died a Spaniard.

There has been too much stress laid

on nationality of birth and not enough laid on a common ground of ideals. Columbus is important to us not as a Genoese, or an Italian or a Spaniard, but as a man who was able to seize an idea—the belief that the earth was round, the talk of old sailors on the wharfs at Genoa who told of seeing land where no land was; who was able to put to and two together and evolve a theory; who was willing to work to prove that theory; who kept everlastingly at it until he could test it; who faced unknown dangers, mutiny, death itself. It doesn't matter that the world he found was not the world he expected to find. He proved his point—the world was round. Importance lies not in the success or failure of a plan. It is in being open minded, having a plan which if it comes to fruition will help many people without hurting any, and in putting through that plan.

We have drawn from everywhere for our heroes, from men of all races, all creeds, all conditions of life. That is the strength of America. And our national heroes, varied as they may be by birth, still retain the one essential characteristic which we set up as an American ideal and revere in each of them—courage to face the unknown and to carry through!

The most spectacular fire ever witnessed in Chelsea occurred at 6:30 Saturday night and before it was over with most of the inhabitants had been pressed into the ranks of firemen. The caparator buildings owned by H. S. Holmes were totally destroyed. A high northwest wind carried blazing shingles through the central residence district. Several fires were started but were extinguished by watchers.

APPRECIATE AMERICA

By Gene Allenman

Lansing—October 2—Another "blast" for Michigan.

Michigan newspapers, 345 of them strong, published daily and weekly, have sponsored the first all-media state committee for effective dissemination of national defense information. The Office of Civilian Defense at Washington has declared that the Michigan press program to be a model for general adoption by state councils of defense.

This announcement came today from the Michigan Press Association, newspaper trade organization since 1875, which made public statements of congratulation received from the White House, Secretary of Navy Frank Knox, Secretary of War Henry Stimson, William S. Knudsen, Senator Arthur H. Vandenberg and many others, including Michigan congressmen.

In July the newspapers took the initiative in sponsoring a non-partisan advisory group for the newly formed Michigan Council of Defense. All media are represented on an equal basis—motion picture theatres, radio, outdoor advertising, graphic arts, and periodicals. In addition are several advisory agencies representing industry and labor, governmental public relations and advertising.

President's Secretary

Stephen Early, secretary to President Franklin D. Roosevelt, wrote:

"I congratulate the Michigan Press Association on its patriotic determination to put the whole weight of its influence behind the campaign for national defense. Foremost among our cherished freedoms is freedom of the press. Without that guarantee our other freedoms would languish and disappear.

The example of the Michigan Press Association is one which I hope will be widely emulated."

Secretary of War Henry L. Stimson, in commending Michigan newspapers, said:

"The coordinated efforts of your member publications will do much to assure a full public understanding of the defense program. The importance of Michigan as an industrial center makes your project of special interest at the present time."

"Patriotic Public Service"

Lieut. Colonel E. Ernest Dupuy, chief of the planning of liaison branch of the war department, declared that the Michigan newspaper move was "a patriotic public service of high order."

"You may be interested to know that while there have been no other similar groups which have perfected the formal organization of your association, quite a number of state press associations have been directing combined efforts towards the same end. All this is in the finest tradition of the American press, and is of particular value in this emergency."

Likewise, Senator Arthur R. Vandenberg sent commendations for the "splendid arrangements" that have been made by Michigan journalism to coordinate its labor in behalf of effective national defense. This is a real public service, and I congratulate all of you upon this fine enterprise."

Secretary Knox Lauds

Secretary of Navy Frank Knox, who served as president of the state newspaper association in 1904 while publisher of the Sault Ste. Marie Evening News, wrote:

"I get the same satisfaction out of hearing about the fine cooperation of

congratulating Michigan newspapers for their non-partisan stand. He wrote:

"The public depends in large measure upon the press for its understanding of the defense effort. Sound, thorough and objective reporting is of increasing importance in these days of national and international emergency. If the people know the facts, they will, as always in a democratic country, arise promptly to the defense of their liberties."

"I hope that the (newspapers) concerted non-partisan effort to perform a vital public service of keeping American citizens ever better informed of defense activities will serve as an example to its colleague elsewhere."

Michigan Congressmen

Typical of statements received from Michigan representatives to Congress is this comment by Albert J. Engel, Muskegon, congressman from the Michigan ninth district: "The press is on firm ground when it offers to cooperate in the defense program but reserves its constitutional right to print the news compatible with military necessities and to offer constructive criticism of the government's foreign policy and program."

Jesse P. Wolcott, Port Huron congressman, urged Michigan editors to "separate fact from the pure propaganda," while Clare E. Hoffman, Allegan congressman, admonished the press to "go all-out" for national defense and not for intervention."

The newspaper division of the state defense committee, headed by W. S. Gilmore of the Detroit News and Schuyler Marshall of the Clinton County Republican-News at St. Johns, will meet in Lansing Friday night (Oct. 3) to confer with Governor Van Wagener and officials of the state defense council.

CIVIL SERVICE EXAMS

The Civil Service Commission announced today that applications are being accepted for operators of various types of road building equipment for duty in the Republic of Panama. Various types of operators needed include Tractor-scraper, Bulldozer, Caterpillar Tractor and Power Shovel operators. Salaries range from \$200 to \$300 per month. Transportation will be furnished from the home of the applicant to Panama with return transportation guaranteed in the event that the employee remains for the duration of the job, which is estimated to be one year. Food and lodging will

be furnished in Government camps for a charge of \$1.00 per day. Further information and applications may be obtained from the Local Secretary, U. S. Civil Service Commission, at the local post office.

PROCLAMATION

State of Michigan, Executive Office, Lansing, Michigan.

Among the freedoms which we cherish in the United States for preservation of our liberties is freedom of the press.

Without a free press, disseminating the truth as editors and reporters see it and providing a forum for public discussion, our democracy could not survive.

Along with freedom of religion and freedom of speech, it is a basic guarantee of individual liberty, given to us in the first amendment to the Constitution of the United States, better known as the "bill of rights."

In special tribute to Michigan newspapers which have declared anew their patriotic determination to serve the people with information of national freedom, I hereby proclaim Oct. 1 to

1941 to be National Newspaper Week in Michigan. Let it be a special commemoration of the constitutional right, enjoyed by every citizen and safeguarded by our newspapers, of freedom of the press.

Murray D. Van Wagoner,

Governor.

KIWANIS NEWS

The Kiwanians held one of their finest meetings of the year Monday evening at St. Paul's Hall. The members entertained the Chelsea School Board, the teachers of the Chelsea Public Schools, and the wives of the Kiwanians at this affair.

The ladies of the Church prepared and served a delicious supper for the Kiwanians and their guests, and the program chairman arranged an interesting program for their entertainment.

Charles Cameron ably performed the duty as toastmaster and supervised an excellent quiz for the group. Edwin W. Eaton had the highest score in the contest and won the first prize for his efforts.

Albert C. Johnson introduced the teachers to the group. James C. Hendley, prominent attorney of Chelsea, delivered an excellent address on the public duties of teachers and Kiwanians to build and improve the character and institutions of this country.

Miss Marie McNeil delighted the gathering by playing several classical orchestrations upon the victrola.

President Alfred D. Mayer introduced Miss Keefer, director of the new play "Everybody's Here," to the assembly. Miss Keefer stated that the play this year is different in nature from the "Womanless Wedding" which was produced in Chelsea last year, but that it would involve an all-male cast and would be funnier than the former play. She mentioned that she was selecting the persons at present to play the roles in "Everybody's Here" and that the production would be held at the Chelsea High School on October 9th and 10th. This play will include about 80 characters and will be portrayed by the leading business and professional men in this area.

The director concluded this very fine meeting by urging the Kiwanians, their guests, and the townspeople to cooperate in producing and selling this play since a large percentage of the cash proceeds will be used to entertain the children of this vicinity in a large Halloween party this year.

ENTERTAINS CHAPTER

The Martha Mary chapter was entertained at the home of Mrs. George Satterthwaite on Thursday afternoon, September 25. Thirty members and guests were present. The meeting opened with the singing of "America". The devotional service was given by Miss Florence Ward. An interesting book report on "Dangerous Opportunity" was given by Mrs. Raymond Gadd. Delicious refreshments were served. Other members of the committee were Mrs. George Chapman, Mrs. Leon Chapman and Mrs. Vernon Satterthwaite.

Ford Bomber Plant To Get Telephone Service

The Michigan Bell Telephone Company announced today the start of a \$380,000 plant and service expansion program designed particularly to connect the 370-acre Ford Bomber Plant near Ypsilanti with the outside world by telephone.

George M. Welch, president of the company, declaring that "it takes a lot of telephone calls to make a bomber," said three contractors are at work on the first step of a \$250,000 conduit and cable project to link the gigantic plant with Michigan's long distance cable network. That project is the first of three, which also will include a \$10,000-addition to the telephone building at Ypsilanti to house an additional \$100,000 worth of central office equipment.

"These projects indicate to some extent, what the Bomber Plant will mean in the way of additional telephone facilities," Welch said. "Besides the telephone equipment required to connect the plant with the outside world, however, it will be necessary to install a telephone system within the plant itself, including a private branch exchange, wires, cable, telephones, and tele-typewriters. In fact, that phase of the telephone job will be comparable with that of creating a telephone system for a moderate-sized community."

There will be eight miles of underground conduit and cable between Dearborn and Wayne. That will connect with cable to be placed between Wayne and Ypsilanti. A branch cable will be constructed to the Bomber Plant. The entire project calls for twenty-miles of cable.

The Ford Bomber Plant is one of 14 important defense plants located in a 50-square-mile area in and near Dearborn, within which 62 miles of cable already has been laid to supply increasing telephone demand.

Honored On Anniversary

Mr. and Mrs. Clarence Lehmann were pleasantly surprised on Sunday, Sept. 28 when about 52 relatives gathered at the church basement of Salem Grove church to help them celebrate their 25th wedding anniversary.

A bountiful dinner was served at one o'clock. The tables were decorated with silver and white and centered with a beautiful three-tiered wedding cake, decorated with silver candies. The favors consisted of flower baskets made with gum drops and tied with silver ribbon. The basement was decorated with autumn flowers.

Among the honor guests besides Mr. and Mrs. C. Lehmann were Rev. and Mrs. Henry Lenz, whose wedding anniversary is Sept. 29, and Mr. and Mrs. Victor Moeckel, whose anniversary was on Sunday.

A short program followed the dinner: Reading—Love and Labor—Mrs. Nelson Peterson.

Frio—I Love You Truly—Mrs. Walter Bohne, Miss Leona Moeckel, and Miss Virginia Lehmann.

Reading—When a Couple Gets to Thinking—Mrs. Truman Lehmann. Remarks—Rev. H. Lenz.

Reading—A Tribute—Miss Leona Moeckel.

The program closed with the group singing "Blest Be the Tie That Binds" and the Lord's Prayer was repeated in unison.

Tokens of remembrance were presented to the honor guests.

Guests were present from Woodland, Detroit, Jackson, and Chelsea. All departed wishing them many more happily wedded years.

HOSTESS TO S. A. CLUB

Mrs. J. J. Munro was hostess to the S. A. club on Friday evening.

Miss Lucille Haselwood held high score in bridge and Mrs. Paul Kite second. Lunch was served after the game.

State Releases Funds To Road Commissions

Lansing—The State Highway Department submitted vouchers to the Auditor General this week for payment of \$2,200,000 to county road commissions throughout Michigan.

Of the total, \$2,000,000 represents the second half of funds appropriated to the counties under the McNitt township road law. State Highway Commissioner G. Donald Kennedy explained amounts vouchered counties this year varied from previous allotments because of new determination of official mileages recently completed in accordance with the law.

Funds totaling \$200,000 were also vouchered 49 counties to assist them in paying for snow removal costs on county roads. These vouchers were turned over to the Auditor General under terms of a 1937 statute appropriating \$200,000 annually to counties in northern Michigan having more than 60 inches total snowfall during the preceding winter. The money is allocated among the counties on the basis of county road mileage and amount of snowfall as recorded by the U. S. Weather Bureau.

Washtenaw county received a total of \$33,317.31.

County Health Dept.

Editor's Note: This is the first of a series of articles which will explain the activities of the Washtenaw County Health Department. This article describes the duties of the Director of the Health Department.

The director of the Washtenaw County Health Department is Dr. Otto K. Engelke.

The director of a health department, in addition to being a physician, has special training in the field of public health. He is responsible for the leadership and management of the health department. He is concerned with community health services, with the education of the public in ways of healthful living, and with the social and economic aspects of the community insofar as they affect the public health. He surveys the health needs of the community and the facilities for meeting these needs. The director is the individual in any community who is primarily responsible for a broad program for protecting the health of all the people in that community.

The director collects and analyzes the vital facts pertaining to the community and molds the health department program to meet the community's particular needs. These vital facts are: The number of births and deaths, the amount of illness from communicable diseases, and reports on specimens submitted to state laboratory for examination. He also directs activities of health department personnel. The director organizes community resources, facilities and personnel and directs them toward the solution of community health problems.

He acts as health officer of the county or district, with full responsibility for the administration of the health laws and regulations for the control of communicable diseases under the advice and direction of the State Department of Health. These duties include: Diagnostic services to physicians, isolation and quarantine of reported cases of communicable diseases, epidemiological investigation of outbreaks of communicable diseases, and check-up on suspected cases and contacts; provision of a tuberculosis program; provision of a venereal disease program including: investigation of sources of infection and contacts; return to physician of cases neglecting treatment, arranging for immunization of individuals against smallpox and diphtheria (typhoid, whooping cough, etc., where necessary), and the distribution of biologic products for use in immunization, diagnosis, and treatment of communicable diseases.

The director reports regularly to the health committee of the board of supervisors the activities of the health department and discusses with them programs for future work.

He also promotes an adequate maternal health program. Provision for an infant, pre-school and school health service including immunization of children against diphtheria and smallpox, physical examination of children, and dental care are among his duties.

In addition, he maintains contact through the newspapers with the general public regarding communicable disease prevalence, special projects, etc., addresses meetings of lay and professional groups on public health topics, plans demonstrations and exhibits materials, and prepares health department publications.

The Hi-Light

Editorial

By Mr. Richards

What were your first impressions of Chelsea high school? How does your school compare with other Michigan schools? What improvements are needed most?

The "Inquiring Reporter" from the Hi-Light staff fired these questions at me and asked for answers as soon as possible.

The visitor to Chelsea high school cannot help but be impressed by the cheerful, friendly atmosphere. Students have plenty of work to do and enjoy doing it. It is apparent that these boys and girls come from homes where high standards of conduct are demanded. Many of them will be leaders in the business, industrial and professional worlds of tomorrow, and they are even now anticipating those responsibilities. Most of the homes in the community are neat and orderly, and the lawns and shrubs are well cared for. Students seem to want their school maintained according to the same high standards.

Scholastic standards are above the average found in Michigan schools, as shown by the excellent records which our graduates are making in colleges and universities. Perhaps our nearness to one of the greatest Universities in the world is partly responsible for this condition.

Probably the greatest need at the present time is an increased emphasis on vocational education. A well-developed guidance program, with more "learning by doing" is needed. Boys and girls of high school age should be spending more time trying to discover what they can do best and what kinds of work interest them most.

Office News

The football team will play Dundee at the local athletic field on Friday, October 3, at 3:00 p. m.

The Community Fair will be held at the school on Friday and Saturday, October 3 and 4.

Senior News

The magazine sales have finally drawn to a very successful close. The seniors would like to thank each and every person who by purchasing a magazine helped to put this campaign over. To those who are interested, the Blue team, whose captain was Chrisoula Samelis, won the drive and will receive a five-pound box of candy. The Red team was very close to the winners, with Pearl Alexander, their star salesman, who sold sixty dollars worth of subscriptions.

Hit and Miss by Mac

Again, for the third successive year, your writer is bringing you some of the things which go on about school, but would never ordinarily reach you in print. The funny things, the serious things, the interesting things, the educational things, all of which go to make up the "busy-ness" of high school life.

Last Friday was a red-letter day in the lives of most of those who are coming to our school for the first time this year. The reason for this was the age-old tradition of initiating the Freshmen. This year the Sophomores had the Freshmen, and some of the initiations which came out of it would make even the most sedate individual at least grin. The No. 1 Freshman, who was judged to be the funniest, was Tom McGee. This charming little fellow's act consisted of a dainty blue dress (which we suspect came from his sister, it evidently not having been made to fit him), a porky little hair ribbon on top of his curly locks, rubber boots adorning his too, too dainty feet, and last but not least, the lipstick so deftly applied to every portion of his face. A pleasing picture, indeed!

The boys who are taking shop this year (most of them for the first time) of this thing. It has long been known by school authorities that if some of these boys, who could not excel in academic courses, could be given the opportunity to use their hands in worthwhile vocational training, they could show that they really possessed talent. That's enough of that, however.

Incidentally, this so-called defense shortage is even affecting people in high school. With the advent of the new building, a new locker room was devised. The locker room is there, all right, but because of difficulties in transportation and getting the materials used in these lockers, they have not been received yet. Some of the students who rented lockers for these lockers at the beginning of the year still have no place to put their books.

Mr. Cameron told a story in pep meeting the other day which I believe bears repeating. "It seems as though Dwight Gadd's grandmother was having a discussion with another elderly lady in regard to Dwight's football ability. 'Just what position does your

grandson play?" she was asked. "I'm not quite sure," was the answer, "but I think he plays drawback!"

Class News

Juniors—The Juniors have elected their home room officers: Chairman, Margaret Knapp; vice-chairman, Jack Weir; secretary, Virginia Bell. The purpose for home room groups is to discuss points of interest about the school and ways of correcting them.

Sophomores—The Sophomore class now has 75 members, which is probably the largest Sophomore class in the history of Chelsea High. The Sophomores are quite proud of their class.

Freshmen—Helen Loeffler has been appointed treasurer of the Freshman class. The Freshmen have already started to think about their return party to the Sophomores.

Dexter Is Victor After Twenty-Year Absence

The Chelsea team went on the field Friday, September 19, too cock-sure of itself and so suffered an inglorious defeat. The whole first half was scoreless with Chelsea looking like a bunch of Saturday sandlotters instead of a team with three weeks practice behind them.

Chelsea began to click on defense in the third quarter and after blocking two attempted punts in a row stopped Dexter behind her own goal for a safety and two points. Dexter then kicked off to Chelsea, but Chelsea again made a mistake and lost the ball to Dexter because of the fumble during the kick-off. Dexter could get nowhere, so she punted and Chelsea started a march. Chelsea seemed to find themselves and began to march goalward but a fumble occurred and it seemed to take the little hip Chelsea had found away from them.

Dexter then marched 40 yards on successive line plays and went over midway of the fourth period. They also added the extra point, and that's the way the game ended, 7 to 0.

The team was as surprised as any of the crowd because they all took the field too cock-sure of victory and we sincerely hope they've learned their lesson.

Chelsea Suffers Second Defeat

The team was the visitor at Saline this week but weren't treated as such at all. Saline handed our boys their second defeat, 19 to 7, in a very interesting game, nevertheless. Saline made their first touchdown on a long pass on the first play from scrimmage after receiving the kickoff. They also added the extra point. Chelsea also went the length of the field on their third play from scrimmage after they received but the play was called back to the 50-yard line on a clipping penalty. Chelsea went over from there on a long pass, fullback to Captain Dietle, with Edgar toting the extra point to tie the score. Saline came back in the second quarter on passes to score again but missed the conversion. The score stood 13 to 7 at the half.

Chelsea came back and threatened a little in the third quarter but fumbled or got a penalty just as they seemed to be clicking. Saline again scored on a pass early in the fourth quarter but again failed on the extra point, and so the score stood as the game went off, 19 to 7.

The team looked a great deal better than they did they played Dexter, but there are still signs that there is much room for improvement.

Chelsea meets Dundee tomorrow afternoon at the athletic field, which promises to be an interesting game. Even though the team hasn't been winning, let's get a good crowd out to back them. See you at game time!

F. F. A.

This week ten green hands have been taken on. They are: Harold Palmer, Junior Gross, Paul Guenther, Duane Haffey, Duane Noah, Henry Orthberg, Joe Ottomano, Marvin Schiller, Jack Niehaus, Andrew Modack.

This week the club is putting up a 30x60 tent for the Community Fair and will also arrange an exhibit in the gym.

They have just harvested 9 varieties of hybrid corn which will run as an experiment in co-operation with the county agricultural corps. These varieties of corn are: Pioneer 922, Kingcrest KR 2, Pioneer 353, Kingcrest 541, Ohio K 23, Ohio M 15, Kingcrest L 5, Duncan, DeKalb 40 4 A. This has been grown in small plots of which ten rods of each variety of corn was harvested. This will be multiplied by 75.4, which will give the yields per acre. This corn must be dried for one month to get it on a common moisture basis. The results will be published later.

Girls' Athletics

The girls had planned to take a hike to Cavanaugh lake last Thursday after school, but it rained and spoiled their plans, so they decided to take their hike the following Tuesday. They bowled for the first time Monday night after school.

Chorus

The chorus is getting new books and are going to start work on the new music after the Community Fair program Friday night.

De Willo Concert

The De Willo concert was held on Tuesday, September 23 in the Chelsea high school gym.

Mr. De Willo played his own invention, the Concertina Grand. Miss Gloria Linari, the seventeen year-old soprano, has had an offer from Hollywood to act in the same picture as Tom Harmon. Miss Naomi Coffin played the violin. One of the melodies was the "Italian Street Dance" which made a big hit when sung by Miss Linari.

Band News

Tomorrow (Oct. 3) the band will be on hand at the Dundee-Chelsea game to add support to their team.

In the evening they will play three numbers on the program at the Community Fair. They will be: The Victory March of Notre Dame, On Wistconsin, the official school song of the University of Wisconsin, and Wave the Flag, from Ohio State University. Vocal arrangements to fit our own school have been arranged by Dwight Gadd, for the first two and will be used Friday night.

A German band has been started and will play on the same program. This German band is under the direction of Ross Ludenslager and is progressing splendidly.

The Swing Band has received quite a number of new pieces and is practicing them for their next public appearance. At the AH-Hi party several weeks ago they had had only three rehearsals and did remarkably well.

Hi-Y Club

The Chelsea Hi-Y sent four boys to the District meeting in Howell last Thursday, Sept. 25. The meeting was presided over by Vernon Downing of Manchester Hi-Y, and the speakers of the meeting were Bruce Tallman, of the State M. C. A. office, and Cliff Drury of East Lansing. The student chairman was Jim Hallie of Dundee Hi-Y, who is the councilman for this district.

At the council meeting in the afternoon, plans for inter-club meetings were discussed, and this district, formerly known only as District No. 3, was formally named the U. of M. District. In the evening Mr. Tallman gave a short presentation on Hi-Y in the light of present world events. The meeting was closed with a short devotional service.

Boys attending included John Stamm, Edward Beissel, Richard Bahnmiller, Frederick McDonald, and their leader, Mr. Ludenslager.

Around School

School has been going for about five weeks. We have mentioned most of our social activities and so now we are taking time out to tell you what goes on inside of this "place".

First of all, we look around school and see much color due largely to the bright attire of the girls. However, the boys are still holding their own with their bright gold football sweaters. The fashion trend seems to be primarily gray skirts and sweaters. You see girls with sweaters pulled down almost to their knees. Of course, ankle socks and saddle shoes are still very popular.

Also outside of a certain room at school we believe to have found a "fare" dish. It seems to be producing or maybe harboring gum.

Right above this room, fourth hour Geometry is taught. This teacher has an assistant who was very much embarrassed last week. He was "trying" to start the class promptly and efficiently. Thus I quote, "Hey, you guys, hurry up and get in here. The last person shut the door." So, Mr. Johnson closed the door.

Before closing I might add that we had a good turnout at the game Friday. Here we witnessed a startling phenomena. As the cheerleaders were leading a cheer, they turned cartwheels and one "gal" lost her shoe! Anyway, that made us beam again.

Now, I don't want to scare anyone away from Chelsea high school. Really—it's a swell institution!

Off to the Games

Last Friday a large number of laughing and chattering students piled out of school and into cars to go to the football game at Saline. They didn't return so happy however. For the second time this year Chelsea has been defeated. It seems like every time we make a touchdown, the players and referee go into a huddle to see whether it counts or not. Is it these new rules or what? It's rather discouraging after someone runs half-way down the field to find out that it doesn't count. The final score stood 19 to 7 in favor of Saline, but they sure had to work hard to get it. The boys had plenty of support from the student body who yelled their loudest. One of the cheerleaders even lost her shoe in the excitement.

Saline had a good cheering section too—with four or five (I forgot which) cute little cheerleaders. Their band, which was at its best, played during the game and marched on the field at the half. Hope our band looks as well at the Chelsea-Dundee game to be held here Friday. Let's all be out there and give the boys lots of support. Maybe we can help to change our luck and win the game!

Home Economics

The Home Economics girls are all busy making posters for the Community Fair.

The girls in the Home Economics club are having Silent Sisters. The girls all wrote their names on paper, then everyone drew. No one knows who her Silent Sister is. On their birthdays and such the Silent Sister sends a card at some little remembrance. Then at the end of the year they have a party and they find out who their Silent Sisters have been.

Elementary News

Seventh Grade

Clara Miller and Emil Grafson Dale Collins is still out of school with the measles. Murray Merrill is back after a week's absence with measles.

In Science we have performed three experiments. We used a microscope in one of them.

We had a Geography test Friday. We all did fairly well.

Fifth Grade

Most of our class attended the De Willo concert in the gym Tuesday afternoon.

We have ten new History maps. In Art class we have been making folders to keep our papers in. We have also made a folder for our weekly readers. Now we are starting some calendars for September.

We are making poem books and our first poem is "September", by Helen Hunt Jackson. We have illustrated the poem.

Fourth Grade

Reporters: Roslyn Reule and Phyllis Munro

Last Friday we had a birthday party for Richard Seeley. His mother sent a birthday cake and two kinds of candy. We had a lot of fun. Victor Dupart's brother has been sick so Victor had to stay home for two weeks. He is going to move to Detroit on Wednesday.

We are making a scene of Belgian Congo for the fair. Some are making things out of clay and others are carving things out of soap.

Third Grade

We elected new officers this week. The president is Gerald Lehman, the vice-president is Raymond Steinbach, and the secretary is George Heydlauff.

Our new health officers are Barbara Weir and Donald O'Dell. The health officers look at our hands, face, finger nails, teeth and shoe laces. If we are not clean they check the chart.

Second Grade

Second Grade is very pleased with their new lights. There are no shadows now and every corner is sunshiny.

Our new work books have come and we are busy learning how to enjoy them.

We do not have to be in school Friday afternoon, but we are hoping that every father and mother will come

and visit us that evening from seven until eight o'clock.

PLYMOUTH—Machine Gun Tests Keep Plymouth Folks Awake in Dead Hours of Night—Burr-r-r-r-r! No, it is not a long string of box-cars that are being jammed together when the big locomotive stopped more suddenly than it should—that rapid-rapping you hear at all hours of the night results from the testing of new machine guns being produced at the Kelsey-Hayes Wheel plant a mile east of Plymouth. The sound is very much like that produced by clanging box-cars, only it is more constant, and more frightening.—Mail.

DEXTER—As a member of the State Historical Society of Michigan, Mrs. Flora E. Smith was a guest at the Governor's luncheon at Lansing, Saturday, and attended the exercises returning to the Southern States their flags, swords and other trophies taken by the Unionists from them during the Civil War. Southern celebrities were there to accept the relics. It was a very impressive and colorful affair.—Leader.

HOWELL—The first night football game ever to be played in Livingston county was called at 7:30 last Friday, September 26, when Williamston high school furnished the opposition to the Howell Highlanders on the local field. The field was lighted with 90,000 watts of electricity, with lights so arranged that there were no shadows on the playing field. A short ceremony of dedication was held.—County Press.

Drinking Coffee Forbidden

Drinking coffee was forbidden in Sixteenth-century Constantinople. The ruling dictator believed that coffee stimulated thinking among the common people. The first offense was punished by a beating; the second by death.

WEEKLY NEWS ANALYSIS By Edward C. Wayne

Enactment of Price Fixing Measure And Repeal of U. S. Neutrality Act Are Chief Congressional Problems; Soviet Situation Grave, Say British

EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper. (Released by Western Newspaper Union.)

Bernard M. Baruch, who headed the War Industries Board during World War I, is pictured as he urged congress "to put a ceiling over the whole price structure including wages, rents, and farm prices." Baruch who appeared before the House Banking and Currency committee, advocated a much more drastic price control bill than that planned by the administration. Photo shows, left to right: Representative Gore of Tennessee; Rep. Paul Brown of Georgia; Rep. Brent Spence of Kentucky; Rep. Clyde Williams of Missouri; Chairman of the Committee Rep. Henry B. Steagall of Alabama, and Bernard Baruch.

KIEV—Two Versions

The Germans had claimed the complete capture of Kiev, the entering of the whole city, the "mopping up" of small bodies of "die-hard" troops, and the fleeing of Russian commanders. On the same day the Russians, admitting the German entry into the Kiev suburbs, had pictured a "battle to the death," and a defense of the city which was costing the Nazis 150,000 men and vast quantities of material. Odessa, in the south, was finding the "pressure relieved," the Reds had reported. In these diametrically opposing statements, perhaps the only light was coming from British sources, presumably getting information from mission observers on the scene, but the British reports had been entirely gloomy. The British had reported that an "apparent" cutoff of the Crimean peninsula had occurred, and though they scouted the German report of having trapped 400,000 to 500,000 Russian troops in an encirclement near Kiev, they saw the Russian situation as grave indeed. From out of all this it was evident that the fall of Kiev seemed inevitable and finally even the Russians admitted its fall, after what was termed "fierce fighting."

BULGARIA: On-Nazi Side

Britain had admitted the decision of King Boris of Bulgaria to throw his nation, final Balkan question mark, in on the side of Hitler. In this was seen a more general picture of the German effort, which undoubtedly was to be a threat to the establishment of sea-borne invasion points to go after Rostov and the oil fields. All this was tied up indissolubly with the Russian crisis, as it was plain Turkey would view with alarm the Russian weakness and her own resistance to Nazi advances would be tempered by the strength or weak character of Soviet military power. Also the effort of the British to bring her own and United States material to the Russian fields through the Persian gulf was largely to stand or fall as a result of the success or failure of this southern German drive. Hence it was that W. Averell Harriman, head of the American mission to the Soviet, had stressed the immediate and vital necessity of rushing all possible material to Russia.

JAPAN: Gets Tougher

Nippon, in the meantime, had been taking a stiffer attitude toward the United States, and in particular had turned her ire upon Russia, sensing that in the wound "bear's" distress lay her opportunity of hitting out at her old rival. Charging that the Russians had cut loose floating mines in the Japanese sea, in violation of international law and friendly behavior between nations, Japan made the strongest representations. At the same time she was rebuffing efforts of the United States toward a peaceful settlement in the Pacific, and was issuing propaganda charging that the Chinese would demand equality with the white races, and a right to enter the U. S. The government of Thailand, faced further with the request from Vichy that America, in settling peace in the Pacific, see that the Japanese were expelled from Indo-China, and realizing the critical times in the Orient, informed its people that war for Thailand was near at hand.

HOSTAGES

The Germans in Paris, under General Stuepnel, executed 12 French hostages to pay for the death of one German non-commissioned officer, shot in the back on a Paris street as he walked to his home. The shots came from a passing auto. The assassins were not arrested. Summarily taken out and shot had been seven Communists, one Jew and two persons accused of having been in the possession of weapons, and three who had been charged, with attacking soldiers.

DUTCH: In Rebellion

Sabotage, theft and anti-Nazi rebellions were occurring on an increasing tempo in Holland, it had been reported in London through a Dutch news agency. The Rotterdam public prosecutor stated that the city was unsafe, and that the forces of law and order were unable to cope with the wave of crime. While not giving actual instances of anti-Nazi demonstrations, the censored dispatches had spoken of "rowdism, burglary, petty thefts and other outrages." In Utrecht special guards were appointed to aid the police.

IT TAKES FEED TO PRODUCE MILK

How Michigan's 143,000 dairy farmers feed 924,000 cows to produce 4,740,000,000 pounds of milk annually is a story that starts in the soil in the production of crops. Who uses of typical Michigan feeds are essential, declares A. C. Baltzer, extension dairyman at Michigan State College. He estimates much of the state's 1,200,000 acres of alfalfa and 1,240,000 acres of corn annually go into milk production.

Physics Demonstration
There will be an interesting program provided for all who attend the Chelsea Community Fair, Friday evening, Oct. 3, with one of the most educational features being the demonstration of fluorescent lighting by the Physics Class. The general chairman is John Hale, who will also give a report on the advantages and disadvantages of this new phase of lighting. Luther Kusterer will give the historical development and then Robert Strieter will demonstrate and explain amount of light, cost, some of the technical sides, etc. Other members of the class who will help Strieter in the demonstration and research work are: Roderick McDonald, Carl Hasel, Donald Heurion, Charles Lane and Lawrence Dietle. Dwight Gadd is in charge of publicity and advertising.

This demonstration will take place at 7:30, immediately after the chemistry exhibition in the new chemistry and physics laboratory.
Chemistry Demonstration
The Chemistry class of Chelsea high school is busily engaged in making plans for its part of the Community Fair program.
The Chemistry class will present their share of the program at 7:00 o'clock Friday, October 3 in the new physics and chemistry laboratory, which is on the second floor of the high school building. They plan to demonstrate the method which is used when chickens are treated with iodine vermicide. Patricia Richards will give a short talk concerning the use of iodine from the academic point of view. Helen Grabowski will then give a talk telling about the many uses for iodine in agriculture. Mr. Richards, the science teacher in the school, will then demonstrate, with the help of Jack Wier and Robert Edgar, the correct method to use when treating a chicken with iodine vermicide. The public is invited to attend this demonstration.

Safetygrams
By Fred W. Braun
The Safety Man

During the past two weeks thousands and thousands of children have returned to school.

School authorities have been very co-operative in developing and assisting in safety programs. They have been very successful in the prevention of accidents to school children. Accidents that have happened to school children have therefore not been the fault of school authorities because of their lack of interest, but rather due to the indifference of the motorist in providing his share of co-operation to make the school area safe.

Let's be especially careful around schools—slow up—protect those children.

Twelve Syllable Words
The language of the American Indians abounds in 10 and 12-syllable words. For instance, the Aztecs say "amatlaollihtlitzcatlaztahuilli" for postage stamp. Literally, this incredible word means "payment received for carrying a paper on which something is written."

Mile-Long Yarn
Some cotton yarn is so fine that 50 miles of it are needed to make one pound, according to a department of agriculture processing expert. This fine yarn is spun on ordinary machinery and is used in making typewriter ribbons, airplane fabric, and even fine dress goods.

Demand in Egypt
American bathroom fixtures are now in demand in Egypt.

DEFENSE BOND QUIZ

Q. How do I get the highest return on my investment in Defense Savings Bonds?

A. By holding each Bond for its full term of years you will secure the full maturity value. A Defense Savings Bond of Series E increases in value 83 1-3 per cent if held for 10 years.

Q. Is the Government concerned over whether I buy my Defense Savings Stamps at post offices, banks, savings and loan institutions, retail stores, or elsewhere?

A. No. The Government is interested in having as many persons as possible take a hand in the National Defense Program. Toward that end the Treasury is making Bonds and Stamps available for purchase in the largest number of places possible.

NOTE.—To buy Defense Bonds and Stamps, go to the nearest post office, bank, or savings and loan association; or write to the Treasurer of the United States, Washington, D. C. Also Stamps now are on sale at retail stores.

More Than Doubled Population
The United States more than doubled its population during the presidency of Thomas Jefferson.
