CAMPAIGN FOR NAVY RECRUITS STARTS IN MICHIGAN NEXT WEEK

Operating Costs of Villages Is Compiled

Financial statistics of Michigan cities and villages compiled by the Michigan Municipal League presents an interesting comparison of the per capita costs of operating a municipality.

A few figures taken from these statistics are printed herewith to give taxpayers of Chelsea the information of how local costs of operation compare with those of other villages. All figures are for the year 1940:

Average per capita assessed valuation, \$1100.00. Low, \$115.00, Pellston; high, \$14,158.00, Grosse Pointe Shores. Net decrease of 2 1/2 per cent of 1939. Chelsea \$864, Manchester \$735, Saline \$790, Milan \$761, Morenci \$813.

Average per capita tax levy \$14.63. Low, \$8.88, Millersburg; high, \$127.43, Grosse Pointe Shores. Net decrease of 4 1/2 per cent of 1939. Chelsea \$3.98, Manchester \$9.00, Saline \$6.32, Milan \$8.42, Morenci \$8.13.

Average per 1,000 assessed valuation tax rate, \$13.42. Low, \$2.50, Posen; high, \$21.50, L'Anse. Net decrease of 2 1/2 per cent of 1939. Chelsea \$8.00, Manchester \$6.61, Saline \$8.00, Milan \$11.00, Morenci \$10.00.

Village tax receipts were 78.7 per cent of total receipts. Low, Hamletta, Tustin and Union City, 0-; high, 100 per cent, Burlington, Lake Angelus.

Chelsea 53.2 per cent, Manchester 7, Saline 63.8 per cent, Morenci 74.2 per cent, Milan 71 per cent.

Average per capita street lighting costs, \$1.68. Low, \$1.13, Fraser; high, \$9.20, Grosse Pointe Shores. Chelsea \$1.70, Manchester 7, Saline \$2.29, Milan \$1.25, Morenci \$1.83.

Lemke Will Speak At Farm Guild Convention

The state convention of the Michigan Farmers' Guild will be held at St. Mary's hall, Chelsea, on Thursday and Friday, October 16 and 17, beginning at 10:30 a. m. The public is invited to the meeting on Thursday evening at 7:30. The program will be as follows:

Music—Chelsea Corn Huskers.

Addresses by National officers and visiting state president.

Music—Corn Huskers.

Address—Hon. William Lemke, ex-Congressman, of North Dakota.

1200 ATTEND PLAY

About 1200 attended the production of "Everybody's Here" at the public school gym last Thursday and Friday nights. The show was a hilarious comedy from start to finish, with the "feminine" parts portrayed in the all-male cast providing a large portion of the amusement. All parts were very well acted by the cast and the show was a success in every way. The production was sponsored by the Kiwanis club and proceeds will be used to finance the "Kiddies" Halloween party and other children's projects in the community.

ATTEND GRAND CHAPTER

The Mesdames J. J. Munro, Evelyn Smith, M. J. Baxter, Sam Bohnet, Norman Schmidt, Albert Ashfal, Leona Grove, Harold Gracey and O. D. Lulek motored to Grand Rapids on Tuesday to attend the annual Grand Chapter of the O. E. S. They will return home this evening.

PANCAKE SUPPER

Pancake and sausage supper from 6 to 8 o'clock at St. Mary's hall on Thursday evening, Oct. 16 (tonight). Come!

More than three hundred Michigan publishers gathered at East Lansing on Saturday morning to receive instructions relative to a state-wide campaign for enlistments in the United States Navy.

The campaign will open next week, with advertisements and publicity appearing in 400 Michigan newspapers with a total of approximately 1,000,000 circulation.

According to Captain Whiting of the United States Navy Recruiting Service, Washington, D. C., who addressed the gathering of publishers, enlistments are now being received at far above the normal rate, but new ships are being launched at a rate of one every few days—months ahead of schedule, and the two-ocean navy is proceeding rapidly toward completion. Consequently the Navy needs to double its quota of recruits in the shortest possible time. The ships cannot wait months, or even days, for the men who are to man this first line of an impregnable American defense.

The series of advertisements which will start next week stress the advantages of training which may be obtained in the Navy—how recruits may become experts in aviation, radio or engineering, and draw good pay while they learn. The Navy offers many advantages which it is believed will be an inducement to many young men, including free training worth \$1500, good pay with regular increases, good food, free clothing, free medical and dental care, finest sports, travel, adventure and thrills, the opportunity of becoming an officer, future success, liberal retirement pay, etc.

Volunteer service in the Navy is an act of patriotism. Public recognition will be given this fact by the presentation to each applicant, whether finally accepted or not, of a handsome lapel badge as an emblem of honor.

Many young men who face the possibility of induction into the Army may prefer to take advantage of the opportunities offered by the Navy. It is hoped this community will provide its quota of Navy recruits in this national emergency.

Sectional Synod Meet Held Here Wednesday

About 200 members, representing the churches of Lansing, Albion, Jackson, Manchester, Franciscan, Rogers Corners, Freedom, Saline, Ann Arbor and Saline township, were in attendance at the fall sectional synod meeting of the Michigan-Indiana Synod (Ann Arbor section) which was held at St. Paul's Evangelical church on Wednesday.

The theme of the meetings was "Christ or Chaos" and the text "And In None Other Is There Salvation."

Following was the program of the day:

Address—Dr. Carl Kriete, missionary on furlough from Japan.

Closing devotions—Rev. E. F. Mayer, Detroit, president, Michigan-Indiana Synod.

WARNING TO HITLER!

If Adolf Hitler is wise he will think twice before undertaking an invasion of Chelsea, as practically the entire male population (and many of the weaker sex) practiced their marksmanship on Wednesday, the opening of the small game hunting season. In fact, the day was so important locally that the Federal Screw Works ceased all operations during the day so their employees could take to the field and woodlands in quest of game.

POPULAR PARTY

The Savage school will hold a popular party at the home of Mr. and Mrs. Gottlieb Bollinger on Wednesday, Oct. 22, beginning at 8:30 o'clock. 20 games for 25c. Free lunch. Save the date Nov. 15 for the annual popular party.

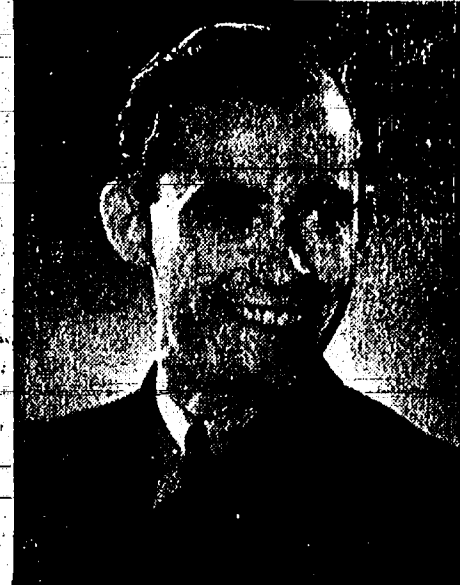

WORKERS' LUNCHEON

The menu for the luncheon at the Methodist church on Wednesday, Oct. 22: Meat pie, boiled potatoes, molded salad, rolls, assorted pies, coffee, milk, chocolate milk, and tea.

Standard Gets South American Columnists

The Chelsea Standard, in conjunction with several other Michigan newspapers, is sending two young people, both graduates of the University of Michigan, to act as roving reporters in the Caribbean Sea, Central and South America.

Mr. and Mrs. Glendon F. Swarthout of Lowell will tour the cities and countryside of our Latin-American neighbors for one year, sending back first-hand information concerning the

GLENDON F. SWARTHOUT

customs, political attitudes, farming conditions, and living habits of the peoples. Their itinerary covers 18,000 miles and will include every country in Central and South America except Venezuela.

On the basis of personal interviews made here recently, these columnists will gather and interpret only such

MRS. SWARTHOUT

information as will be of interest to residents of Chelsea and its vicinity.

Perhaps they will enable us all to obtain a better understanding of those democracies and races to our south—an understanding vital to all Americans today.

If any reader of The Chelsea Standard has a question or questions concerning Central or South America, call or send them in to the editor. Such questions will be personally answered by our columnists at a later date.

O. P. Home Officials Met Here On Tuesday

The regular quarterly meeting of the trustees and board of managers of the Methodist Old Peoples Home was held at the Home on Tuesday, with about 50 present.

Most of the meeting was devoted to talks concerning the progress being made on the new building. Encouraging reports were given by Dr. Harvey G. Pearce and the superintendent, Dr. Leroy I. Lord, on their campaign through the conference to raise money for the new addition. They spent the past five weeks in the upper peninsula and in the Saginaw Bay district and received very enthusiastic response.

Dr. J. E. Jacklin, founder of the Home, who is 94 years of age, was present at the meeting.

REV. SCHOEN HONORED

Rev. Albert A. Schoen, retired pastor of St. Andrews Evangelical church, Dexter, was honored on his 70th birthday anniversary Sunday when relatives and friends gathered for a co-operative dinner and celebration at the church parish hall. Rev. Schoen is a former pastor of St. Paul's Evangelical church. He retired from the active ministry July 1, after 48 years of service.

CANTRELL-HANSELMANN

Miss Ruby Cantrell, formerly of Pikeville, Ky., niece of Mr. and Mrs. John J. Budd of Chelsea, and Roy Hanselmann, son of Mrs. E. M. Elsemann of Chelsea, were united in marriage in Ann Arbor on Monday, Oct. 6.

CORPORAL ROGERS RETURNS

Corporal Claude Rogers, who was inducted into the U. S. Army several months ago and stationed in California, was honorably released at the Persidio last Wednesday and returned home on Sunday.

BAKE SALE

The Ladies Aid Society of St. Paul's church will hold a bake sale at the Schneider & Kusterer store on Saturday, Oct. 25, at 2 o'clock. Adv.

DEDICATION SERVICE

Sunday, October the fifth, will be long remembered by the members of Salem Grove Methodist Church. The morning service was given over to World-Wide Communion, celebrating the Lord's Supper. The Epworth

League devotional meeting at 7:45 conducted by Willys Hoydlauff preceded the Dedication service. The "Doxology," reciting of the "Apostles' Creed" and the singing of the "Gloria Patri," followed by the pastoral prayer put everybody into the proper mood for a service of this kind.

Mrs. Dora Young Miller, of Defiance, Ohio, in a few well-chosen words, expressed her gratification and appreciation for the privilege to present to the Salem Grove Methodist Church an electric cross in memory of her deceased husband who many years since was a member of this church and has found his last resting place in the little cemetery adjacent to the church.

Mrs. Glenn Rentschler, the president of the Woman's Society of Christian Service, in a brief but fine speech of acceptance expressed to Mrs. Miller the gratitude and appreciation of the society in particular, and the members of the church in general, concluding with a reading of several scripture verses in reference to the Cross of Christ.

Mrs. Oscar Kalmbach and Mrs. Glenn Rentschler sang "Near the Cross," and Mr. Adolph Duerr, Jr., rendered two beautiful violin solos, accompanied by Mrs. P. M. Broesamle.

After a very able presentation of the pageant, "The Light of the World," by twelve members of the W. S. C. S., the pastor conducted the service of the Dedication of the Cross in which the entire congregation participated. The service closed with the singing of "In the Cross of Christ I Glory," and the benediction. Mrs. C. Stock, a friend of Mrs. Dora Young Miller, also from Defiance, Ohio, expressed her best wishes and prayers for God's blessing upon us.

Thus closed a "perfect day," a most blessed Sunday.

FREEER SCHOOL NEWS

This school has been closed for a year but opened Sept. 2 of this year with eight pupils enrolled. Our teacher's name is Miss MacGregor.

Clyde Myers, our beginner, is doing very well. He knows six colors and is doing well in reading. He made a book on Home.

Our second grader, Shirley Pierce, is making a scrap book of little poems.

The Fifth Grade is making a book of Animal Stories with pictures and stories. Mary Ann Gage has had perfect Spelling from the first of the term.

The Sixth Grade has finished their study of the British Isles and has made a map of them. The Fifth and Sixth grade are working on Transportation, old and new.

The Seventh Grade is making a chart and picture scrap book in history.

Mary Pashegoba of the Eighth Grade has made a science notebook. The Seventh and Eighth grades are making English notebooks also.

The whole school has taken part in making science notebooks and have made a health code, charts, and a committee board. We have our citizenship club too.

We get our report cards, every six

weeks now. Those who have not been absent during this first term are: Jim Ewald, Mary Ann Gage and Shirley Pierce. We have had the following visitors: Mrs. M. Robinson, Mr. and Mrs. Rank, and Shirley's sister, Lois. Mr. Cameron from the County Health Unit also called at our school one day.

Mary Pashegoba, Reporter.

TECUMSEH—Tecumseh's new pumper-type fire truck, ordered some 60 days ago from a Detroit firm, has been delayed in manufacture, due to the government priority orders, according to information received by village officials.

The company's original contract with the village called for 60-day delivery, but when the truck will arrive, it was said, depends entirely upon when the builders will be able to secure government release.

Goals for 1942 Crops Are Being Sought

Farm to farm the canvas starts as Michigan farmers are asked about their 1942 operations. Each producer will be asked to state what portion he plans to produce towards the goal set for production next year, to better feed the United States and Great Britain.

In a recent conference in Lansing, staff members from Michigan State College contributed their version of the effect that price and patriotic demand will have on Michigan's agriculture in 1942. Here are some of the highlights:

Dairying—an extra quart or roughly two pounds of milk more each day from each cow will add enough volume to make a total of 6,560,000,000 pounds of milk in 1942 from 940,000 cows. Butterfat prices evidently are high enough to pay for extra-feeding.

Poultry—an extra egg each month from each hen. That ought to add 11 million dozen eggs to the year's production, or 6 per cent more than in 1941. Ten per cent more turkeys are suggested.

Crops—Some increase in the acreage of oats is considered economically wise, 26 per cent more soybeans and about 33 per cent more flax, 3,000 more acres of truck crops for fresh use and 1,500 more acres of truck crops for processing are suggested.

The same acreage, 770,000 of white per or navy beans, is thought sufficient if weather brings a normal crop, 29,000 more acres of potatoes and 40,000 more farm gardens. Wheat covered 754,000 acres in 1941; only needed on 661,000 in 1942 and but 601,000 acres in 1943.

Livestock—Ten per cent more hogs are suggested for 1942, with about the same amount of beef and veal, 371,343,000 pounds, and the same volume of lamb and mutton, 64,500,000 pounds, as has been produced in Michigan in 1941 and previous years.

No diversion of land into unwise production or "mining" of the soil is being demanded. Specialists in agriculture at the college point out that goals are consistent with good economics and good land use.

BUICK BUILDS FOR DEFENSE

Oxygenation, Build, Ing Pratt & Whitney valve-in-head, electric engine for defense use.

A word about the calibre of the distinguished new automobiles that Buick now brings to market for 1942

TWO thoughts stood solemn sentinel throughout all the planning of our 1942 cars.

The first was:—in their materials these cars must not trespass on the current needs of national defense.

The second was:—in their quality and performance they must not be an "ersatz" product.

If you think this leaves only a cramped and stifling byway for engineering to advance in, remember that difficulties are sometimes the spur that real ability needs.

Our new cars, it seems to us, superbly prove this. But we neither expect nor ask you to take our word for it.

The real way to know what they are, and how marvelously

they perform, is to breeze them down a country road or tool them through clotted traffic.

The sure way to gauge their mettle and their inmost goodness is to plump them squarely into the stiffest task your imagination can supply.

There are great gifts undefeatedly at work in the industry of this nation and not the least of them is good old-fashioned American ingenuity.

We have of course no corner on that here at Buick. But the first mile you drive one of these magnificent automobiles will make you say that we certainly have our share.

So come try the gorgeous new cars that we not only say pace the pack for 1942 but are bold enough to believe set an all-time high in all-round automotive excellence.

They will make you glad—nay, proud—all over again that you're living in America—and now!

Beating Fudge

By Gene Altman

Lansing—Hold on to your hats, folks—we're going somewhere! Staggering to the imagination of the Michigan man on the street is the latest federal payroll tax proposal, blessed by President Franklin D. Roosevelt and Secretary of the Treasury Henry Morgenthau, to skim more millions of dollars from the national income—all in the name of our economic good health.

It puts the Michigan legislative situation, in which Governor Van Wagoner is to deliver an address today (Thursday), into a modest corner of incidental interest. The governor and the legislature may get the headlines, but they will be only symptoms of a tremendous problem which is sweeping Washington these days and is giving even housewives an occasional jitter.

Let's consider the Michigan scene first, take a look at the symptoms.

\$2,000,000 Pay Boost

Among the many vetoes exercised by Governor Van Wagoner was one chopping more than \$3,000,000 off the regular appropriation bill. Reason: "Balancing the budget."

When the legislature enacted the bill last spring, members anticipated an average of \$10 per month increase in salaries of employees in the lower pay bracket. Then the state civil service commission, a supreme court unto itself under the state amendment creating it, ordered blanket wage increases averaging \$25 a month for hospital and prison employees.

Result: A deficit of around \$2,000,000 is anticipated in the same appropriation bill, and Leo J. Nowicki, state budget director, has drafted a bill for introduction in the legislature, reconvening today, to appropriate this additional sum.

Rising Prices

A worry to state officials, as it is to housewives, is the mounting cost of commodities. Everything costs more than they did six months ago, except your newspaper and a few other items.

Prices at wholesale have climbed 20 per cent over the level existing in pre-war months before September, 1939. The cost of living is up 7 per cent and mounting almost daily. This is particularly true of food.

Under the price control bill endorsed by Leon Henderson, price expert at Washington, agricultural prices could rise to 110 per cent of parity—that is, 10 per cent above the level existing between 1909 and 1914.

At Washington today (Thursday) is Michigan's commissioner of agriculture, dirt farmer Leo V. Card, who is to oppose any attempt to fix a ceiling on agricultural products at less than parity.

As everyone knows, continued increases in farm prices are bound to form a base for additional rise in living costs; these higher costs will form a base for demands by labor for further wages; such higher wages in turn will increase cost of commodities, and so on and on—the old inflationary spiral that pushes itself upward by its own momentum. It is like the old question about which came first—the chicken or the egg. But that isn't all.

Payroll Taxes

Social workers have advocated for years that social security benefits should be extended to millions of Americans, that the benefits themselves should be greater.

The name for it is "social justice" whereby masses are given economic security by government decree, wealth is re-distributed, and poor states are given help by the rich states. Some persons call it the "New Deal."

Now comes news from Washington that the threat of inflation, an economic peril, has prompted the federal administration to seize upon social security taxes as a weapon for warding off disaster through inflation of ever spiraling prices. By their new plan the administration would make some 40,000,000 Americans eligible for social benefits—old age pensions, unemployment compensation, and the like—for the first time. It would constitute an astounding expansion of tax payments on employer and employee, a social revolution of the first magnitude whose consequences would inevitably be far reaching. More persons would be taxed more by a government that is spending more.

Who Pays the Bill

Farm laborers, domestic servants, self-employed persons, farm operators and all employees and all employers would be taxed by the federal government for benefits to which they would be eligible to receive in the future.

Who would pay the bill? Unemployment compensation taxes, for example, are paid only by the employer in all but five states—Alabama, California, Kentucky, New Jersey and Rhode Island. When the social security act was adopted, it was first thought that states might widely adopt contributions by employees to ensure the solvency of their unemployment trust funds and to make possible a more adequate system of benefit payments to the workers.

Michigan's unemployment compensation fund now totals \$108,000,000. That is to say the state has this credit at the United States Treasury. Another \$12,000,000 will be available soon from July-September contributions.

Under the new anti-inflation plan, all employers would pay 3 per cent unemployment tax on their payrolls. At present employers who hire less than eight persons are exempt.

Old age taxes, now 1 per cent by the employer and 1 per cent by the employee, would be boosted immediately to 1 1/2 or 2 per cent on each party. "Laugh that off!"

Pinch of Priorities

Add to this tax-bugger-ride the prospect of a sharp decline in state revenue in 1942, and you have something to think about.

Budget Director Nowicki forecasts a marked drop in sales taxes by January 1.

Governor Van Wagoner told a congressional committee in Detroit that Michigan faces "economic chaos within three months" unless priorities of materials were extended to non-defense industries. Furthermore, he admitted that the outlook of state finances in 1942-1943 was "definitely dangerous."

Well, folks, we're on our way. The grade is steep, so hang on to your hats!

HOWELL—Mrs. Thelma Hoff Angell had the thrilling experience of talking for an hour with her husband, Lieut. Howard Angell, in the far-away Philippines Sunday morning. Two soldiers at Fort Stotsenburg, which is 60 miles from Manila, have been in communication over their amateur short-wave station with an amateur radio operator in Ann Arbor. Lieut. Angell, after participating in one of these conversations, arranged the interesting visit with his wife, who had been prevented from joining him at the army station by the Japanese flare-up. Mrs. Angell reports that the reception was perfect, and that it was just like talking to a person in the same room, except for the invisibility.—County Press.

PLYMOUTH—Traffic was blocked on Main street between Penniman avenue and Ann Arbor Trail Monday morning when the boom on a large steam shovel snapped and fell across the Main street pavement. The steam shovel was being moved by the Wayne County road commission's crew from a trailer to begin work on the widening of Ann Arbor Trail when the cable and pins on the three-ton crane broke. As Wayne County road commission trucks tried to move the broken crane shaft, the remainder of the shovel's underpinnings snapped. The steam shovel was moved from a precarious position on the trailer runways into the street, and the broken crane was hoisted by cables onto the trailer after noon Monday to be taken into the garage for repairs. Police routed all traffic around the block while spectators lined the sidewalks to watch the moving operations.—Mail.

Y. M. CHILD STUDY CLUB

The Young Mothers' Child Study club was entertained by Mrs. Olea Harker on Tuesday evening. The president, Mrs. Mildred Hopper, opened the meeting and a short business session was held. The topic for the evening, "Getting Along With Others," was given by Mrs. Alice Gilson.

The social hour was in charge of Mrs. Marie Riemenschneider and Mrs. Leona Heydlauff. A group of piano duets, "March Militaire," by Schubert, "Country Garden," by Grainger, and "Old Refrain," by Kreisler, were played by Mrs. Harker and Mrs. Riemenschneider. The musical quiz was won by Mrs. Leah Smith. Dainty refreshments were served by the hostess.

MISSION CLUB MEETS

St. Paul's Mission club held their regular meeting on Thursday at the home of Mrs. Hazen Lehman. Mrs. Louis Eppler conducted the devotionals and a reading, "How Do You Say the 23rd Psalm?" was given by Mrs. Lehman. The afternoon was spent in rolling bandages, and refreshments were served by the hostess.

STUDY CLUB MEETS

A meeting of the Child Study club was held on Tuesday evening at the home of Mrs. Ray Barber. After the business session a musical program was given by Miss Marie McNeil, and much enjoyed. The address of the evening, "Less Known Women of the Old Testament," by Rev. Ray W. Barber, was interesting and educational. The hostess served refreshments.

Season Opens For Small Game Hunters

Lansing, Oct. 16—After a midweek opening yesterday that found many hunters busy in shop, factory and office, the pheasant season Saturday will reach its peak when hundreds of thousands wearing the yellow back tags of licensed small game hunters will flush the birds from southern Michigan fields and fencerows.

According to state conservation department reports, the most abundant pheasant crop in years awaits these men and their bird dogs.

Farther north others of the state's half million small game hunters will invade the woods for grouse, with the partridge supply plentiful, the number of sharpshooters increasing, and prairie chicken present in normal numbers. High winds and rain are clearing the leaves fast, though in some regions considerable foliage remains.

The 22 caliber rifle marksmen are finding good sport in squirrel woods, where fox and gray squirrels are reported in fair numbers and good crops this fall. Rabbit distribution is spotty, but there is little interest in either cottontails or snowshoe hares until colder weather, after the close of bird season November 5.

Generally stormy weather has been a boon to duck hunters, providing considerable good shooting, especially in the Saginaw bay area, and rains have made the inland ponds and potholes of southern counties more attractive to fight ducks than they were when the season opened October 1.

The lower Michigan season on woodcock, which began yesterday with the season on other small game, ends sooner, on October 29. Most recent reports on "timber doodle" numbers have been favorable.

In southern Michigan, where good hunting places are at a premium, six state game areas totaling 20,000 acres have been posted with "Hunting Permitted" signs, and farmers controlling 360,000 acres in 117 Williamson plan cooperatives assisted by the conservation department are opening their farms to limited hunting.

SCOUTS WILL GO TO NEWKIRK—Scouts from all over the Washtenaw-Livingston Council will spend the week-end of October 18 at Camp Newkirk. It is expected that several hundred Scouts and Scouters will participate in the program commemorating the birthday of Theodore Roosevelt on Saturday evening, which will climax a day of tree-planting. Troops are urged to attend with Scoutmasters, committeemen, and their parents.

Those who are unable to make an overnight stay are invited to be present on Saturday for the program, which will include the planting of the Theodore Roosevelt Memorial Tree and a Scout service in his honor. The program will start at 3:00 p. m.

Telephone Refunds In Chelsea Total \$1,002

N. J. Prakken, manager for the Michigan Bell Telephone Company, announced today that refunds totaling \$1,002 have been made to long-distance customers in Chelsea in connection with the April rate reduction which brought intrastate toll charges down to interstate levels.

Prakken said the refunds have been made to 385 customers in this exchange. A recent check by the company showed that 45 per cent of its customers are entitled to refunds.

Except for "final accounts" involving discontinuance of service, change of numbers, etc., and possibly further pay-station claims, refunds have been completed in this exchange. Claim slips were provided customers making pay station calls to identify the calling party and many of them have been presented for refunds. On all other calls, the company has complete records.

The job of refunding involves the checking of approximately 85,000,000 records of individual calls. The company estimates that a total of \$1,500,000 will be refunded Michigan users.

The refunds apply to calls during the period, August 1, 1938 to April 25, 1941, inclusive.

Refunds made since last July 1 bear interest at the rate of 1/2 of 1 per cent a month. Besides the refund, the company estimates the April rate reduction is resulting in savings of about \$700,000 a year to Michigan users, based upon current usage of the long distance service. Another intrastate rate reduction which the company put into effect September 18 will result in further savings of about \$230,000 a year.

He retired from practice about a year ago. For 54 consecutive years Dr. Conlan spent Christmas at the McKune House, missing for the first time two years ago.

Surviving are two sisters, Mrs. John Young and Mrs. Eugene H. McKernan of Lyndon township, and a brother, J. A. Conlan of Chelsea.

Funeral services were held Tuesday morning at 10 o'clock at St. Mary church, with Rev. Lawrence Dorr officiating. Burial was in Mt. Olivet cemetery.

EYES RIGHT!

More than ever today, in every land the cry is heard—EYES RIGHT! The safety—the success of millions depends upon it—on the battlefield, in the air in the factory, the office, the home—as well as at play—eyes must be right or you are at the mercy of others—handicapped, waging a losing battle for success, for happiness, for comfort, for life.

Be on your guard—watch for signs of danger—headaches, squinting, nervousness. Keep your eyes always alert for any emergency. Regular examinations are your best defense.

Call 2-2021 for appointment.

Office News

The Regional M. E. A. meeting will be held in Detroit on Thursday and Friday, October 16 and 17. School will be closed on those two days so the faculty members will be able to attend this meeting.

The dance instructors, who are sent out every year by Henry Ford, will visit our school every Wednesday afternoon. Two classes are held each afternoon. The Freshmen and Sophomores are in one class and the Juniors and Seniors are in the other. These classes started Wednesday, October 15. The pupils are instructed in old-time dancing.

Mr. Danforth of the University Elementary School spoke at a faculty meeting on Tuesday, Oct. 14. His topic was entitled "Art in Our Schools and Community." Mr. Danforth is interested in carrying on an art program in this community.

Fire drills were held in both the grade and high school buildings on Friday, Oct. 10. All of the grade students were out of the building in 52 seconds and all of the high school was out in one minute and twenty seconds.

The football game between Chelsea and Romulus will be played at the local athletic field on Friday, Oct. 17. The Sophomores were hosts to the Juniors at a party held in the gymnasium on Tuesday, Oct. 14.

Student Council

The Student Council spent most of its meeting time last week discussing a vital issue to our school. Where is our school spirit? It seems to have "gone with the breeze." Now we are going to try and revive this spirit. First of all we are going to learn words to some songs and sing with the band. Secondly, we think perhaps we have worn out our cheers. Therefore we want to learn new ones and really put some enthusiasm behind them. Last but not least, we are planning some evening pop meetings. These are fun and also we hope will be beneficial.

There was an assembly last Tuesday. Mr. Paine, a dancing instructor, brought out to school some of his dancers.

MEA Meets In Detroit

The teachers of Chelsea public school will attend the Teachers' Convention in Detroit on Oct. 16-17.

The general programs will be held in the auditorium of the Cass Technical High School. The programs for Thursday, October 16:

Invocation—Rev. J. A. Halmhuber, Trinity Methodist church, Highland Park.

"Looking Ahead In Education"—Eugene B. Elliott, State Supt. of Public Instruction.

Music—Ann Arbor High School, a Cappella Choir, Juv. High School, Supt. of Music.

"The New American Arts"—Louis Untermeyer, author, poet, anthologist, Friday, October 17.

Music—Cass Technical High School Band, Francis Hellstein, Director.

Invocation—Rev. Hedley G. Stacey, Christ Church, Dearborn.

"Michigan Education Advances"—Daisy E. Howard, president, Michigan Education Association.

"The Daughter of Lincoln"—Carl Sandburg, poet, author.

During the two days, division and sectional meetings will be held.

F. F. A.

Oct. 23 the boys are planning to have a game supper for their parents. Each boy is to contribute something. Here's hoping their luck is good. The ladies who will cook the supper are Mrs. Elmer Schiller and Mrs. Albert Schiller. The program will include movies shown by Mr. Osler and a musical program.

The boys are now buying animals for their projects. Those who have already purchased animals are Charles Downer, 2 heifer calves; Harold Ballmer, 2 purebred Shropshire ewes; and the boys who will buy animals later in the year are Junior Grossi, Duane Noah, Joseph Ottomian and Jack Niehaus.

Class News

Freshmen

The Freshmen had a meeting Wednesday noon. They decided upon their dues for the year. These will be as follows: 30¢ for the first semester and if needed 25¢ for the second semester. They made a list of plans for the return party to the Sophomores but these are not very definite.

Sophomores

The Sophomores gave the Juniors the return party which was supposed to have been last year on Thursday night. Virginia Spaulding was chairman of the committee. The Sophomores had charge of the pop meeting Friday morning, with Joe Halo, a well known Sophomore, as master of ceremonies.

Senior News

The Seniors have once again launched on a new campaign. Thursday they started selling patriotic pencils. They have also ordered football pins which they are expecting some time this week.

A Senior class meeting was held on Oct. 8, at which time reports were given by various appointed committees. It was decided to appoint two people who are to be in charge of all ordering of Senior supplies.

Hit and Miss by Mac

Hersey has it that our "ex-agriculture" teacher was in attendance at the Community Fair, along with some of his present students. Mr. Wallis was the Agriculture teacher when the fair was started, and has been in attendance at most of them since then.

More times than once we have been "mathematically" embarrassed, but we're going to "make a stab" at it, anyway. If my calculations are correct there must have been about 600 at the Community Fair on Friday night. A rough estimate would be 300 for Saturday night. Saying there were 100 who came in the day-time but not at night, that means about 4,000 people viewed the Sixth Annual Community Fair. Pretty nice!

About two years ago we made mention of the fact that one of the chess clubs in study hall had a black eye. Latest reports are that the "shiner" hasn't been fixed.

In case you're interested, both buildings had a fire drill Friday.

At the pop meeting Friday, Mr. Richards and the Band introduced two new school songs. One is sung to the tune of the Notre Dame Victory March, the other to On Wisconsin. And most people think they're pretty nice.

The past few weeks a new drinking fountain was installed in the west hall upstairs. It was badly needed, and will be appreciated.

All of which goes to remind me the world's greatest story has never been written, and I have a lifetime on my hands.

Shop

What are the students enrolled in Shop learning to do? One of the machines they are learning to use is the 12-inch closed wood lathe. This lathe is used in making lamps, gavel, rolling pins, book ends and all other articles made of wood. The lathe consists of a bed, supported on legs, which serves as a support for the headstock, the tailstock and the rest.

The headstock is fastened securely at one end of the bed and with the tailstock forms the support for the lathe which is being turned. The tailstock is adjustable along the bed to suit the length of the wood. The lathe rest is used to support the tool during the turning operations. The tools used in wood turning are: 1. The gouge, used for the first roughing cuts. 2. The skew, used for facing and turning cylinders. 3. The round-nosed chisel, used in turning grooves and hollows. 4. The diamond-point chisel, used to remove high spots in wood, and 5. The parting tool, used to separate finished work from the rest of the stock.

Home Economics

The Home Ec. Club held their meeting last Friday morning. They decided to have a Halloween party Oct. 28.

On the entertainment committee are Jane Chriswell, Jean Chriswell and Rowena Frymuth. Doris Parsons, chairman, Ruth Slane and Madelyn Rowe are on the refreshment committee.

The Home Ec. classes are making experiments on yeast in the different temperatures of water to see which produces the most carbon dioxide.

After this they are going to start baking bread.

Library Assembly

Thursday, October 9, an assembly under the direction of the Chelsea Public Library was held for the students from the First to the Seventh grades. The school orchestra played two selections and book reports were given by Jane Merrill, Virginia Chriswell, Nancy Elsmann, Helen Vail and Patricia Keeney. The following awards were given by the president of the Library Board, Mrs. A. A. Palmer: To those who read under ten books during the summer went award certificates. The readers who read between ten and twenty books received bookmarks and those who read more than twenty books received book plates.

Girls' Athletics

The girls have been very interested in learning to play a new game—fieldball. It is a combination of football and hockey, and very interesting. If you don't believe it, ask the girls.

The bowling is progressing by leaps and bounds. Teams were organized this week, captained by Jeanne Meserve, Mary Birch, Marilyn Lyons and Angelino Merkel.

Around School

Perhaps some of you wondered how the students at Chelsea High spend their leisure time when they have any.

Well, were any of you awakened up bright and early this morning? Yes, you guessed it. Most of the boys are spending their extra hours—and some that aren't hunting. Right here and now I'd like to warn all brave but foolish little pheasants to keep in their holes, cause some of the guys are pretty lucky!

As for the girls—as long as their money holds out you'll find them down at the bowling alley, drinking cokes, and eating potato chips while waiting for their turn. Some of them aren't so bad either—at bowling I mean. Withness—Pearl Alexander, who got a neat 145 the other night. The rest of the girls just sat and watched her with their mouth wide open. While I'm at it I've just got to mention the score "Red" Light got a few days ago. Can't remember exactly—but it was way over 200. Makes us pretty envious.

Of course while I'm on the subject of sports I can't forget the main one around here—football, of course!

Some of the boys got pretty well banged up last Friday night—maybe they were afraid of the dark—but next Friday afternoon we're all positive our luck will change. Come on out everyone and watch us beat Romulus!

Band News

Four special awards will be presented to band members as follows:

1. Apprentice Musician. These students must pass this test before entering the band.

2. First Class Musician. These students will be presented with a bronze medal with school color ribbons.

3. Master Musicians. These students will be given a silver medal.

4. Artist. These artists will be presented with gold medals.

These medals will be worn on the uniforms and will become the personal property of the players when they graduate from Chelsea high school.

Nothing has been decided as yet pertaining to orchestra.

Thursday there was a Book Awards program in the gymnasium. The awards were for summer-reading. The pupils that got a certificate in the fifth grade were Doris Downer, Ellen Jane Gaddies, Jane Merrill, Marlene Heydlauff and Joyce Peck. All but Marlene got special awards for reading more than twenty books. The orchestra played until we got settled.

Elementary News

Eighth Grade

The eighth grade held their second election of officers Oct. 15 and elected the following: Robert Breitenwischer, president; Robert Faber, vice-president; June Vail, secretary. Committees: Arthur Paul, Shirley Platt, Joan Shutes.

Seventh Grade

Our quotation for the week was "To wish is of little account; to succeed, you must earnestly desire; and this desire must shorten thy sleep." Our tests were given to us last week for the first marking period. Cards were distributed Wednesday.

Jack Wellnitz and George Palmer won prizes in the model department of the Community Fair. Paul Schabig, George Palmer and Bob Daniels entered their summer newspaper, and won first prize on it.

We are proud to say that this last week we had no tardiness.

Fifth Grade

We made some calendars for October. Most of them have pictures of Halloween on them.

The program committee of our club arranged a play for Thursday's program. It was "King Alfred and the Cakes." We had had this story in history class. Characters: King Alfred, Billy Lyons; Good Wife, Joyce Crawford; Minstrel, George Miller; Earl Ethelred, David Kieckhefer.

Friday afternoon we had a spell-down. Jane Merrill and Joyce Peck were the captains. In the last part of the spell-down there were two against five. Dean W. was the last boy standing. Myrna Roberts spelled down Mary Jane and Deloris on the word cousin.

We are glad to have Mabel Hale back. She was out of school to have her tonsils out.

We all want to say thank you to the parents for coming to the Fair and to our room to see what we had in it.

Junior Niehaus has brought us a tobacco plant and a peanut plant.

We gave Jane Merrill and Joyce Peck a farewell party on Friday afternoon. We had ice cream and cookies to eat. We also gave Jane a color

in the gymnasium.

Fourth Grade

News Reporters: Virginia Chriswell and Beverly Ann Weatherwax. Thursday afternoon in the gymnasium there was a library program. Virginia Chriswell gave a report about "Five Little Peppers and How They Grew." Other children gave reports about other books.

The president chose a committee to

make some health badges. On the committee are: Ronnie Eder, Peggy Schaible and Danny Maroney.

Third Grade

Last Monday we elected new officers. Our president is Tommy Holden; the vice-president is John Ruck; and the secretary is Georgia Ann Salzgeber.

Second Grade

Six weeks of school have passed. Some of us have not been absent or tardy: David Bertke, Frank Robards, Donald Schneider, Joyce Scott, Barbara Speer, Freddie Stoll, Stanley Toney, Daniel Yoell.

Nancy Schwiager has been ill and out of school for a week. We miss her.

We very much enjoyed our "open house" last Friday and too, so many of our mothers and fathers came to see what we were doing. Many came in to see our splendid new lights.

First Grade

The following were neither tardy nor absent during the first six weeks: Ladonna Altstaetter, Billy Cutler, Thelma Fersch, Donna Hinderer, Norma Jean Morgan.

Several have been absent because of chicken pox.

The "Red Birds" have finished "We Look and See" and are beginning a new book "We Work and Play."

Kindergarten

We have been taking many long walks during the past few days. We have collected many pretty leaves, stones, etc.

JERUSALEM SCHOOL NEWS

The first period of school for the Jerusalem school ended October 10. The following pupils have been neither absent nor tardy: Donald, Robert,

Norman and Carl Koden, Wilma and Joan Koenergeter, Doris and Loren Trinkle, Robert, Shirley, Raymond and Wilfred Moore.

We have several pictures appropriate for the fall season around our room. In our art work, we have been drawing and enlarging pictures and painting them. We have also done some pencil sketching of trees. The same grades have been constructing animals and other things from sticks. They tried to find the stick nearest the object they wanted to make and then finished it. They made several interesting things.

The 5th, 6th and 7th grades have all made product maps in their Geography. The 7th grade has made some history maps in connection with their study of the exploration and settling

of the U. S. They are also adding pictures to their Colonial scrapbook. The president of our Health Club is Donald Keen and the secretary is Joyce Eismann. The committees are all organized and working. We are all trying to pass inspection every morning so we will not be shut in our shoe on our inspection chart. We have all had our eyes tested in school. Some of us have not had our name

The 7th grade wrote poems for our Columbus book. The 2nd, 3rd, 4th grades wrote stories to put in the book.

The 2nd grade has started our picture study. They have also illustrated some poems. The beginners and 1st grade have illustrated several nursery rhymes.

We have started on our Music Work for the year. We have learned three new songs so far. We listened to two of the music programs broadcast from Lansing for the rural schools on Fridays at 10:30. Some of us enjoyed singing with the children on the radio some of the songs we had learned.

The 5th and 6th grade are enjoying their new reading books and preparatory books. Most of us have a start on reading outside books for a reading certificate.

If we get 100 in Arithmetic we get a gold star and if we get between 97 and 100 we get a blue star for our paper and we can hang them up. The following have the most papers hung up for their grades: 4th grade, Donald

Koch 11, gold and 10 blue; 7 Wilma Koehner, 7 gold and 6 blue; Ruth Risner, 5 gold and 7 blue.

5th grade—Joyce Eismann, 7¹/₂ gold and 7 blue; Bonnie Risner, 2 gold and 11 blue.

4th grade—Raymond Moore, 2 gold and 1 blue.

3rd grade—Arlene Haist, 4 gold and 6 blue; Opal Risner, 3 gold and 2 blue.

Every Friday we bring current events to discuss. Then we paste them in our scrapbook. We are watching for articles to go with our geography we are studying.

The visitors for this period were Mrs. Robinson and Marjorie Heurion.

We have selected November 7 for our annual Fair and Dance at Pleasant Lake.

BRIGHTON—The store and former post office at Rushton was destroyed by fire Tuesday morning. Mrs. Earl Burdick, owner of the place, was re-decorating with the assistance of helpers, when a small kerosene stove was accidentally tipped over, and oil spilled on the floor, which immediately caught fire. A stock of candy, pop, also a quantity of household goods belonging to Mrs. Burdick, were destroyed.—Argus.

State To Build Roads
Near Bomber Plant

Full speed ahead on a series of ac-
cess road facilities to serve the huge
U. S. Army Bomber Plant under con-
struction near Ypsilanti was ordered
this week by State Highway Com-
missioner G. Donald Kennedy.

Kennedy's action in advertising for
bids on the initial series of projects
came close upon the heels of an an-
nouncement that "Defense Public
Works funds would be available on a
matching basis for construction of
the most urgent road connections.

Expected eventually to employ
from 40,000 to 60,000 men, Kennedy
pointed out that plans call for pro-
duction to start in December and that
speed was essential if roadways were
to be completed in time for the heavy
transportation demands that would
soon be created.

"Bids will be opened Oct. 18," Ken-
nedy said, "which is the shortest
space of time that can elapse between
advertising and taking of bids, and
the state administrative board will be
requested to award the contracts as
soon as possible, probably Oct. 20."

Initial projects call for the con-
struction of three miles of concrete
on M-17 from M-58 west to the
Wayne-Washtenaw county line. Con-
struction of 1.9 miles of 22-foot con-
crete pavement on M-17 to divert
through traffic from the immediate
vicinity of the plant and permit use
of the present Ecorse road for plant
purposes, and construction of a series
of projects along the south side of
the bomber plant site.

Kennedy stated that allocations of
Defense Public Works funds have
been made also to Wayne and Washtenaw
County Road Commissions for
construction of projects as part of the
general plan of access roads at the
plant.

KIWANIS NEWS

The Kiwanians enjoyed another fine
meeting at Kolb's hall on Monday
evening. The agricultural committee
had charge of the program, and the
chairman presented Mr. Gray of Sa-
line as the principal speaker of the
evening. Mr. Gray showed pictures
of the various activities carried on at
the Saline Valley Farms and carefully
explained all the details surrounding
the management of this farm. He
stated that the farm was managed by
delegates selected from among the
consumers, the employees, and the in-
vestors. The speaker mentioned that
the plan was to have economic de-
mocracy transplanted to the farm
with the result that all the interested
parties would have a greater incen-
tive to operate the farm successfully.
Mr. Gray illustrated how mass pro-
duction had been brought to the farm
through various technological im-
provements and machinery which
lessened the work to be done by men
on the farm. The speaker concluded
his excellent address by remarking
that the development of this large
farm was only in its experimental
stage, but that he believed that the
future of farming as an occupation
depended upon the organization of
production and distribution of goods
upon a large scale.

President Alfred D. Mayer reported
on the play "Everybody's Here" at
this meeting. He thanked the Ki-
wanians and the townspeople for their
unselfish service in giving of their
time and money to make this produc-
tion a success. Mr. Mayer mentioned
that the large amount of money
which the Kiwanis Club received from
the proceeds of this play would be
solely utilized for the Halloween party
this year and other worthwhile ac-
tivities in this community. The presi-
dent concluded his fine message by
thanking the costume and make-up
committees for the play, which were
under the fine leadership of Mrs.
James Hendley and Mrs. Faye Pal-
mer respectively, for their excellent
work in making this production such
a success.

DEFENSE BOND QUIZ

Q. Has the Government set a
quota to be raised through the sales
of Defense Savings Bonds?

A. No; there is no quota and no
time limit. The Defense Savings
Program is to be a continuing effort,
and both Defense Bonds and Stamps
should be purchased steadily and
regularly.

Q. Why were the Nation's retail
stores asked to sell Defense Savings
Stamps?

A. American retailers were not
asked—they volunteered through
their national organizations to under-
take the sale of Defense Savings
Stamps on a vast scale.

NOTE—To buy Defense Bonds and
Stamps; go to the nearest post office,
bank or savings and loan association;
or write to the Treasurer of the Ufi-
ed States, Washington, D. C. Also
Stamps now are on sale at most re-
tail stores.

Picnic Sandwiches
Chopped raw celery, spinach or
cabbage, seasoned to taste, and
whole wheat bread make wholesome
and delicious picnic sandwiches.
