Sugar Rationing Cards Will Be Issued Soon

Although complete details concerning registration for sugar rationing stamps have not been received, tentative plans call for commercial registrations to take place at all the public schools on Monday and Tuesday, March 9 and 10. The Chelsea public schools are planning to conduct this registration from 3:30 to 6:00 p. m. This registration will be entirely for those who use sugar as a commercial product, such as restaurant owners, bakeries, etc.

Home registrations will take place at the public schools from March 17 through March 20. This will be the large registration and complete details will be given in the next issue of The Chelsea Standard.

All persons registering for sugar stamps must do so at the school in the district where they reside. Residents of one school district are not permitted to register in another district. School teachers will have charge of the registrations and they will do all they can to carry through their part of the program. However, with the anticipated large registration in Chelsea, it may be necessary to call on additional help to carry the registration through.

Anyone wishing to volunteer their services for assisting in the registration on an afternoon or evening during the home registrations are asked to call Mr. Johnson at the public schools.

Village Election To Be Held Next Monday

Chelsea's annual village election, to be held on Monday, March 9, promises to be an extremely quiet affair. With only one ticket in the field, and with no proposals to be submitted, there is little incentive for the electorate to go to the polls. The candidates are as follows:

President—A. D. Mayer.
Clerk—Olen Hart.
Treasurer—Gurney Hopper.
Trustees—Danue Riker, Claude Spiegelberg, George L. Staffan.
Assessor—S. W. Schenk.
Library Board—Mrs. A. A. Palmer, Mrs. P. G. Schaeble.
All taxpayers should be interested in the audit reports of the Village of Chelsea and the Chelsea Electric and Water Department which are published in this issue. These reports are said to be the most complete and comprehensive ever issued in Chelsea, and they should be studied carefully by everyone interested in the finances of the village. The annual report of the Chelsea Public Library is also published in this issue, and contains information which should also be of interest to everyone.

Short Course Offered In Canteen Work

There has been a steady call from interested persons for a short course in canteen work under the training classes provided by the Red Cross.

Mrs. G. D. McGeoch of Ann Arbor, who is county chairman of the canteen group, wishes to meet with this group on Thursday evening, March 5, at 7:30 in the Home Economics room at the high school. This date was set because of the fact that Mrs. McGeoch wishes also to include the nutrition class in her discussion and this is the regular time scheduled for that group.

Mrs. A. L. Brook is chairman of nutrition and Mrs. P. C. Maroney will be the chairman of the canteen work. Will you give them your support by coming out to talk over this new work with the county chairman?

SYLVAN TOWNSHIP CAUCUS
Notice is hereby given that a Republican Township Caucus for the purpose of placing in nomination candidates for Township Offices of the Township of Sylvan, County of Washtenaw, State of Michigan, and for the purpose of transacting such other business as may properly come before it, will be held at Sylvan Town Hall, on Saturday, the 14th day of March, 1942, at 2:30 o'clock p. m.

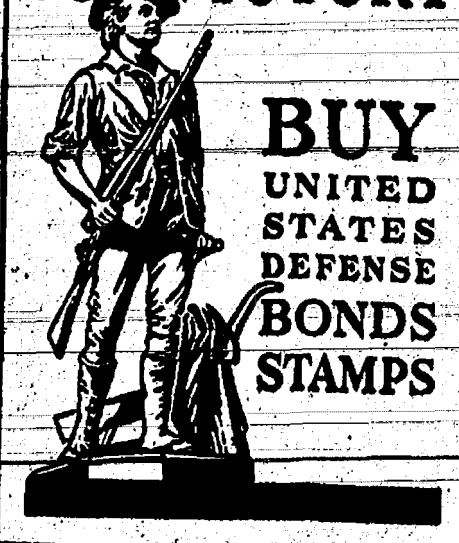

By Order of
Walter F. Kantlemer, Clerk.
Mar-5-12

SYLVAN TOWNSHIP CAUCUS
Notice is hereby given that a Democrat Township Caucus for the purpose of placing in nomination candidates for Township Offices of the Township of Sylvan, County of Washtenaw, State of Michigan, and for the purpose of transacting such other business as may properly come before it, will be held at Sylvan Town Hall, on Saturday, the 14th day of March, 1942, at 3:00 o'clock p. m.

Bonds cost \$18.75 and up. Stamps are 10¢, 25¢ and up.
The help of every individual is needed.
Do your part by buying your share every pay day.

Girl Scout Drive

Mr. and Mrs. Chelsea, are you aware of the fact that you have a very active group of Girl Scouts in your midst? Fifty girls are enrolled, divided into two troops. The first troop is guided by Mrs. Jean Johnson as captain, and Miss Sally Conaul is captain of troop two. Miss Jeanne Martin is a very capable full time assistant, with Miss Marie McNeil and Miss Helen Miller giving part of their time. The destiny of the group as a whole is aided and helped by a Girl Scout committee, with Mrs. Wilbur Hinderer as chairman.

The Chelsea Child Study club proudly sponsors this group of Girl Scouts and are about to launch a drive for sustaining members. They need men and women who believe that youth organizations are important, now especially, and are willing to support them. It is impossible for the Girl Scouts to be self-supporting although they do a lot toward helping themselves, selling Girl Scout cookies and candies, etc., but the amount derived from the sale of the things they are allowed to sell is not sufficient to meet their needs. They must send a membership fee of five dollars a troop to headquarters, they badly need reference books, a flag, Girl Scout equipment and a cupboard with a lock for their things.

Their principles are the very best and the ideal of their leaders is that they may grow up to be fine women. Their pledge is service to God and their Country. A well organized working Girl Scout group is a credit and asset to any community. Let's get back of ours and help by becoming a sustaining member. Any Child Study club member will be glad to explain to you how you can do this.

Please watch for more Girl Scout news.

Junior Baseball Teams Discontinued By NYA

Washtenaw county will not have any junior baseball teams this summer sponsored by the National Youth Administration for Michigan. The junior baseball program will be discontinued for the duration of the war, according to word received from NYA headquarters in Lansing.

Last year eight teams in the county participated in this organized league play, and national recognition was given the movement. It is with sincere regret on the part of the NYA officials that conditions make it impossible to continue.

The NYA expressed the hope that many of the communities that took part in the program last summer would find it possible to continue on a local basis and afford an opportunity to the young boys of these communities to participate in this wholesome activity.

The communities in the county which had teams in the field last year are: Ann Arbor, Chelsea, Platte, Dexter, Harriet, Stoney Creek, Willis and Whitaker.

FRED BELL INJURED

Fred Bell, Jr., 15-year old son of Mr. and Mrs. Fred W. Bell of Garfield St. was injured about 3:30 Friday afternoon while returning from Port and with his cousin, Claire Bell of Dexter, in an automobile driven by Duane Newhall, also of Dexter. About five miles east of Lansing, Newhall lost control of his car, which collided with a fruit truck and was demolished. Fred suffered leg injuries and his cousin suffered head and possible internal injuries. They were taken to Sparrow hospital, Lansing, returning to their homes on Saturday. Newhall, who also was taken to the hospital, is reported in a serious condition.

Dates Announced for Basketball Tournament

Announcement is made by the Chelsea Community Association that its first annual Chelsea Invitational Basketball Tournament will be held in the Chelsea high school gym from March 11 to 21. All the leading teams in this district have been invited to enter this tournament and twelve of the top-notch teams have accepted the invitation and are entering this district meet. The first round games will be played on Wednesday evening, March 11, with the other games to be played on March 14 and 21. The teams will continue to play in the tourney until eliminated and the finalists will receive Defense Stamps as prizes instead of the usual trophies and medals.

There are 12 fine basketball teams entered, including the Midwest Foundry of Coldwater, Stockbridge, Dexter, Manchester, King Seely of Ann Arbor, Grass Lake, Mason, Pinckney, Cassidy Lake, Central Fibre, Spring All-Stars, and Kimunity. Any one of these groups is capable of winning the tournament and all of the contests promise to be close and very interesting. It is hoped that a large group of the basketball fans in this district will attend these games to witness some of the best basketball played in this section for many years.

At the present time the Central Fibre team of Chelsea seems to be very strong with such players as Andy Policht, C. Panarites, Reyn Houle, and Rockwell in the lineup, but the other aggregations promise to afford plenty of competition to these basketeers before the winner of the tournament is announced.

The schedule of games for Wednesday evening, March 11, is as follows:
7:00—Dexter vs. Pinckney.
8:00—Midwest Foundry vs. Manchester.
9:00—Mason vs. Cassidy Lake.
10:00—Spring All-Stars vs. King Seely.

Red Cross Plans To Buy Station Wagon

Because of the wear and tear on cars and tires belonging to individuals who are active in defense work connected with Red Cross, and who are using cars for this purpose, the Washtenaw Chapter of the American Red Cross is working on the possibility of purchasing a station wagon. This vehicle will be used for transporting materials throughout the county and will be constructed in such a manner as to make it possible for transformation into an ambulance. Inasmuch as the station wagon will be used for such a purpose, it will be possible to obtain new tires from the rationing board when the necessity arises.

With this idea as a goal, the Red Cross has made arrangements with the Ann Arbor Play Production group to give a complimentary performance of the Cavalleria Rusticana Opera on Monday evening, March 9 in the Lydia Mendelssohn Theatre in Ann Arbor—all proceeds to go for this fund.

The tickets are \$1.10 and may be obtained by calling Mrs. W. R. Daniels. It is hoped that the house will be sold out to its capacity. Mrs. Daniels will be glad to take any contribution other than the purchase of a ticket in case that it is not possible for an individual to attend the performance. Remember the cause.

Fire Destroys Clothing In Basement of School

A fire which was discovered about 5 o'clock Monday morning in the basement of St. Mary's parochial school destroyed a quantity of clothing which had been collected by the St. Vincent de Paul Society to be delivered to needy families. The blaze, of undetermined origin, was brought under control by the local fire department, who answered the alarm, but considerable damage resulted from smoke and water, and it was necessary to close the school for the day.

REPORT FOR ARMY SERVICE

Wilfred Lane was ordered to report for duty and left for Fort Custer on Monday to be inducted into army service. The son of Dr. and Mrs. C. C. Lane, he is 21 years old, and graduated from Chelsea high school in 1938. He has been employed as clerk at the A. and P. store.

Orville Haney, who for the past three years had resided in this vicinity, left Friday for the home of his mother, Mrs. George Bennett, in Ada, Ohio. From there he will report for war duty. He is 28 years old.

SCHNEIDER-REYNOLDS

Miss Doris Schneider, daughter of Mrs. Albert Schneider of Rogers Corners, and Willis Reynolds of Detroit, were married in Crown Point, Ind. on February 21.

The bride graduated from the Chelsea high school in June 1941. The groom is an apprentice seaman in the U. S. Navy and is now attending Service School in Dearborn.

Mrs. Haskell Worden is a patient at Chelsea Private hospital.

Mr. and Mrs. William Luick moved the past week from the Schumacher farm on the Dancer Rd. to their farm on US-12, Lima township. Mr. and Mrs. Carl Gross, who rented the Schumacher farm, also moved to their new home.

ANNUAL REPORT
OF
Chelsea Public Library
March 3, 1941 to March 1, 1942

Ten years the Chelsea Public Library has served this community on an ever increasing scale of usefulness. Every year has had its highlights as any growing organization should have and this year was no exception. In March at the spring election the public voted the full allotment for Library appropriation, which has permitted the library to give its fullest service to the community.

The summer reading project was extremely gratifying in that a larger group of children took part and the age limit was extended to include the high school group. It culminated in a very worthwhile program in the fall at the school.

Oria B. Taylor, a friend of the community and a "world traveler," has loaned the library his desk of curios which are very interesting and exceptionally educational.

Appreciating the financial support that the outlying townships give the library, the extension committee of the Board has endeavored to promote our service in the rural communities and particularly in the schools. The teachers of these districts may get book collections for their pupils.

Book Week is increasing in popularity as the years go on and tends to give a new impetus to reading throughout the community. It is gratifying to note that the use of the library as a reading room, as a study room and for reference purposes has been steadily increasing. To help this service a new Lincoln library book and the latest edition of the Encyclopedia Britannica have been purchased. Because of the increasing demand for the latest-fiction a seven-day shelf has been added.

To keep in step with wartime, Defense Stamps are on sale at the Librarian's desk. Realizing the library is a community institution the Board has felt justified in opening the rooms for the necessary defense purposes.

The Library has been headquarters for the Victory Book campaign. 675 books have been collected and sent out to the soldiers, sailors and marines. More will be sent later as they accumulate.

As a library we are growing up invested with more and more responsibility and ever eager to prove worthy of the added trust.

Following is a summarized financial, registration and circulation report for the year ending March 1, 1942:

KEEP YOUR CAR ROLLING

You May Have To Drive It 5 More Years!

YES SIR! Your old bus will have to keep on rolling or you'll be walking or riding with the neighbors.

WILL YOUR CAR LAST 3-5-10 YEARS? Your car is in for the duration, maybe 3, 5 or even 10 years. Factories won't be changed back until the war is over. Then it will take months—maybe years—to fill demands.

GET YOUR CAR SET FOR THE DURATION—NOW! The sooner you get your car tuned up for the duration, the less it will cost and the longer your car will last. It is vital that you keep your car in good condition, for yourself and for defense.

A STITCH IN TIME SAVES NINE—MAYBE TEN. Even a new car should be tightened up and gone over. Minor adjustments prevent wear, and if parts are needed, get them now when you know they are available.

SAVE YOUR TIRES—YOU'LL BE NEEDING THEM! Wheels frequently get out of balance, even on new cars. This means dangerous tire wear. Bad breaks cost much vital rubber. And tires should be switched from wheel to wheel for maximum wear.

Let Us Check Your Car Over Now!

THERE'S A K IN VICTORY!

This war is being fought with resources as well as with men. Every pound of vital materials that can be conserved for weapons and munitions is another step on the road to Victory.

About the time the war began in Europe, Bell System engineers were starting to use the "K" carrier system—a new telephone development which now is saving large quantities of copper for use in implements of war.

In operation, the "K" carrier system enables two pairs of wires in parallel cables to carry as many as twelve separate conversations at the same time!

"K" carrier is helping Michigan Bell handle more Long Distance calls with fewer wires—making an important saving in copper.

Even with the help of research and invention, increasing shortages of materials make it difficult to satisfy service demands as promptly as in the past. But we are confidently determined that every war need will be met.

Village of Chelsea Electric and Water Department Audit Report December 31, 1941

February 18, 1942. To the Honorable, The Village Council, Village of Chelsea, Michigan. We have examined the balance sheet of the Electric and Water Department of the Village of Chelsea as of December 31, 1941, and the statements of income and surplus for the year then ended, and have reviewed the accounting procedures of the Department and, without making a detailed audit of the transactions, have examined or tested accounting records of the Department and other supporting evidence, by methods and to the extent we considered appropriate. In our opinion, the accompanying balance sheet and related statements of income and surplus present fairly the position of the Electric and Water Department of the Village of Chelsea at December 31, 1941, and the results of operations for the fiscal year, in conformity with generally accepted accounting principles.

COMMENTS: The Water Filtration Plant Bonds were issued in accordance with the provisions of Act 94, Public Acts of Michigan, 1933 as amended. These bonds are not a general obligation of the Village but payable solely from the revenue derived from the operation of the Water Filtration Plant and water system. Section 14 of Ordinance 285 of the Village of Chelsea provides that the gross revenues are to be set aside monthly or oftener in "funds": (a) Operation and Maintenance. (b) Bond and Interest Redemption. (c) Depreciation. (d) Contingent. (e) Surplus.

The term "funds" as used in Ordinance 285 may be interpreted to mean bank accounts. Under the present system, all revenues of the Electric and Water Department (including the Water Filtration Plant) are deposited in the General Fund of the Village of Chelsea. From the General Fund, transfers are made to the bank account of the Electric and Water Department only upon authorization of the Village Council. In order to conform with the provisions of Act 94, Public Acts of Michigan, 1933, as amended, and with Ordinance 285 of the Village of Chelsea, the following recommendations should be adopted:

1. Each month a transfer should be made from the general bank account of the Department to a "Bond and Interest Account." Such transfers should be sufficient to provide for interest requirements and principal retirements as listed in Schedule A-1 plus a 10 per cent reserve for deficiencies. The requirements for 1942, including provision for one-half of the 1943 bond retirements of \$4,000.00, are as follows: Principal \$2,000.00 Interest 480.00 Reserve 248.00 Total \$2,728.00

2. The "Depreciation Account" may be interpreted as meaning a "Repairs Account" to which bank transfers should be made as needed. The net income realized during the year amounted to \$18,839.96 (Exhibit B). This increased the operating surplus accumulated since August 1, 1933 to \$174,210.48. During this period, the sum of \$174,825.36 has been contributed to the Village of Chelsea. The net contributions during 1941 to the Village General Fund amounted to \$20,181.80 (Schedule A-1).

Exhibit A Village of Chelsea—Electric and Water Department Balance Sheet—December 31, 1941. Federal Income Tax Facts. Have you filed your Federal income tax return? If you come within the group from whom returns are required, you have only until midnight, March 16, in which to file a return. Single persons who earned as much as \$14.43 a week for the 52 weeks of 1941; or married persons living together who had aggregate earnings of as much as \$28.85 a week for the year, are required to file returns. The instructions attached to the forms describe the method of preparing returns, but if further information is necessary it may be obtained at the offices of the collector of internal revenue, deputy collector, or an internal revenue agent in charge. They make no charge for their services. If income tax returns are placed in the mail, they should be posted in accordance with the instructions on the envelope.

KARL J. BARTH. Karl J. Barth, 29 years old, died Wednesday afternoon, February 25 at Receiving hospital, Detroit. He was born Dec. 30, 1912 in Lima township, the son of Fred and Anna Mullen Barth. He was employed at the Hudson Motor Company. Survivors include his parents; two brothers, Harold, stationed at Fort Crook, Neb. and Robert, at home; and three sisters, Mrs. Hugh Luenser of Ann Arbor, Virginia and Dorothy Barth, at home. Funeral services were held at 10 o'clock Monday morning at St. Mary church. Rev. L. L. Dorr officiated and burial was in Mt. Olivet cemetery. Standard Liners Bring Quick Result.

VOGEL & WURSTER

Mr. and Mrs. Howard Hill of Detroit were week-end guests at the home of Mr. and Mrs. Ernest Hill.

Mr. and Mrs. J. A. Dumouchel and Margaret Mary returned from Muskogee on Sunday, where they were called on Wednesday by the death of Mr. Dumouchel's father.

Mr. and Mrs. Herman Bertke and family have moved from the Hoppe residence on Madison street to the Wood residence on East street.

HENRY MOHRLOCK Henry Mohrlock, lifelong resident of this vicinity, died Saturday afternoon, February 28 at his home on South Main St. He had been ill for several months.

The son of Michael and Phillippa (Alber) Mohrlock, he was born October 28, 1868 in Sylvan township. On March 16, 1897 he was married to Allie Alexander and for 10 years they made their home in Sylvan.

Mr. Mohrlock is survived by the widow; a daughter, Mrs. Lawrence Hovey of Detroit; two granddaughters; five brothers, Michael, Samuel, and David, of Chelsea, Jacob and Adam of Sylvan township; and two sisters, Mrs. Philip Cerwinka of Chelsea and Mrs. Mary Gauder of McComb, Ohio.

Funeral services were held at 2:00 o'clock Tuesday afternoon at the Staffan funeral home, with Rev. Fred Dr. Mumby officiating. Interment was in Oak Grove cemetery.

Mrs. Charles Lockwood was in Parma Wednesday, on business. Mr. and Mrs. Stanley Binkowski and daughter spent Friday in Ann Arbor.

Mrs. Florence Spooner, who has been in Foote hospital, Jackson, the past five weeks, is expected home this week. Her daughter and granddaughter will care for her.

Mrs. Lewis Lambert entertained her daughter last week. Mrs. Anthony Topolka of Flint came Friday to spend the week-end with her mother, Mrs. George Scherer.

ROY GARDNER accompanied his grandfather, Roy Uhl, to LaCross, Ind. over the week-end. The Sheldon H. Fry family of Detroit spent Saturday afternoon at the Cadwell home.

CARD OF THANKS We wish to extend our sincere thanks and appreciation to our neighbors and friends in this vicinity for their many acts of kindness and sympathy and for the mass cards and flowers.

Mr. and Mrs. Fred Barth and family.

(Written aboard a blacked-out ship enroute from Barbados to Trinidad) We're Panama-bound!

We're at last on our way—somewhere, somehow—and at least our immediate objective will not be without interest. Panama—bulwark of Western Hemisphere freedom, the most vital link between two halves of a world at war.

Our investigation finally brought us up against a stone wall, there is absolutely no way for North Americans to go to South America now except by plane, and that, for us, was absolutely impossible.

So it is to be Cristobal, Canal Zone, for a time. There we shall see what the possibilities of ships down the west coast of the continent may be. If ships are still running we can do Peru and Chile, cross the continent to Brazil and Argentina, and then trust to luck to get us home. Only time will tell. In the meantime we shall give you all the information on Panama obtainable.

At any rate, this expedition, which threatened to bog down in Barbados, is going on. But we went through some awful moments on that island. Let me give you some idea of our situation by way of explanation.

The first boat line, out of New York direct to Rio, on which we naturally depended, discontinued its services the moment war broke out. Then we planned to take another boat to British Guiana. That boat never came. You read about her in the newspapers. She was the Canadian Mail liner "Lady Hawkins," torpedoed.

It appeared that we were doomed to spend the remainder of our lives on Barbados. Only the chance to go to Panama remained—and we have taken it out of sheer desperation. Our next article will come from Panama.

Everything But The Kitchen Sink: We have noticed with increasing interest one phenomenon of life in the tropics—extremely unimportant but extremely interesting. Hair—and fingernails grow remarkably fast. One spends a good deal of his waking hours going to the barber's or manicuring his nails.

The dearth of news down here—printed news—is appalling. Without the radio I doubt if we would yet know of the war. In yesterday's newspaper I devoured a long article dealing solely with the improbability of Japan's ever acquiring the audacity to attack the United States—and written by an American army major!

The beggars of Barbados are really becoming quite sharp, changing their approach now that there are fewer tourists. While strolling along Broad Street yesterday Kate was accosted by a black ragamuffin who pleaded, reasonably enough: "Gimme some silver, Lady, I wanna go shoppin'!"

This ship, on which we shall eventually wallow into Panama, is jammed to the gunwales. Everything is topsy-turvy; we purchased second-class tickets and wound up with first class accommodations. A movie here is an experience, especially if one attends the Aquatic Club Theater. It is built on a pier out

over the ocean; and the roar of waves dashing underneath completely eliminates the necessity of having to listen to what transpires behind the silver screen. We still wouldn't know what the last three pictures were about if we had not seen them a year or so ago in the States.

During the last four weeks of our stay on Barbados we took an apartment, Kate learned to knit, and we beachcombed. We had four rooms furnished, telephone, refrigerator, and all the trimmings. In case you're interested in the cost of living down here, we lived those four weeks on sixty American dollars. We lacked nothing—movies, swimming daily at the Aquatic Club.

Boats stopping at Barbados became so few and far between that when we left the island was suffering from an acute butter shortage.

In general, our stay there was pleasant. Under other circumstances, it would have been wonderful. We made fast friends, and our friendships were cosmopolitan: a Canadian from Halifax, an Englishwoman from near Coventry, a Japanese woman from the Dutch East Indies, etc. But we were too restless. We have so far to go, so much to do—and now we are going to do it.

I should not be doing my duty either to Barbados or to those of you in and around Chelsea interested in agriculture if I failed to make some mention of the island's chief crop—sugar cane.

It is the island's bread and butter. Practically every square inch of land in the interior is devoted to it. The plantations range in acreage from one acre to six hundred. During November and December of each year, one-half of each plantation is planted with young canes. It is a process comparable to the setting out of young tobacco plants. The planting, weeding, and care are all done by hand.

The black field hands and their families usually live in small houses on their plantations, called "plantation tenancies."

Fifteen months later the cane is fully mature, about six feet high, golden green in color. The cuttings, done by hand with sickle-like instruments called "cane hills," usually requires three months. Carts and trucks and donkeys draw the canes to the nearest sugar mill, where it is purchased and processed.

When there has been plenty of rain, the actual sugar averages three tons per acre of cane. Since the price of sugar paid to the planter averages \$4.25 per ton, one hundred fifty acres of ripe cane each year will bring a planter almost \$2,000.

But a sugar planter has a multitude of problems. The slightest tremor in international conditions or prices sends the price of sugar sky-rocketing or plummeting. It is a fact; he never knows where he stands!

At which statement, doubtless every farmer in the vicinity of Chelsea will arise in righteous wrath and shout: "Well, do we?" Incidentally—before I close—let me remind you—we're Panama bound! —G. S. & R.

WILL BUY SURPLUS SUGAR
In an effort to help relieve the sugar situation, the Kroger Grocery and Baking Company has offered to repurchase from customers any surplus sugar they may have on hand.
Notices have been posted in all Kroger stores urging customers to return their extra sugar so it may be redistributed. The food firm will buy the sugar from customers at the current retail price, executives of the food firm announced.
They pointed out that the offer was made because it was felt that consumers with excess quantities of sugar would welcome an opportunity to dispose of it before the federal rationing plan goes into effect.
When sugar rationing cards are issued it will be necessary for consumers to declare the quantity of sugar they have on hand, according to information from Washington.

Find Substitutes For Sweet Tooth, Is Advice

No use for the cook to shed tears over curtailment of the sugar supply for there are means of using sugar more efficiently and of finding substitutes for soothing the "sweet tooth" that many favor.
Members of the home economics extension staff at Michigan State College endorse the recent suggestions summarized by Dr. Louise Stanley, chief of the bureau of home economics of the United States Department of Agriculture.
Keep a weather eye out for sugar wastes, is one piece of advice. One of the most obvious wastes is the undissolved sugar in the bottom of a cup of coffee or tea. Others are over-sweetened foods, cake failures, or failures of any product containing sugar.
Next, cut down on sugar in least noticeable ways first. Experiment to see if the amount you've been putting on your breakfast cereal or in coffee and tea is a matter of habit—whether you'd be just as happy with half a teaspoonful or so less. Naturally you'll need less sugar on a cereal that is topped with dried fruit.
Try eating fewer rich desserts—fewer pastries and very sweet cakes. Fresh fruits are among the most nutritious and desirable of desserts—and they carry their own sugar. Canned fruits come in the class of not-too-rich desserts. Dried fruits are one of the best sources of natural sugar. Custards and simple puddings are other desserts that use smaller amounts of sugar.
When you sweeten sauces, such as applesauce, put the sugar in at the end of the cooking time. It will take less sugar to get the same sweetness if you don't cook the sugar so long.
Most persons eat get along on less sugar and still have nutritious meals that taste good. Sugar supplies food energy in an exceedingly palatable form. Any reduction in sugar can easily be taken care of by increasing quantities of other energy-giving foods in the diet. Other inexpensive energy-giving foods also supply valuable vitamins and minerals. Whole-grain cereals are one such food group. Starchy vegetables and dried fruits are others.

OLESEN-BRUECKNER WEDDING

The marriage of Geraldine Olesen, daughter of Mr. and Mrs. Neils Olesen of Gothenburg, Neb., and Moritz Brueckner, Jr., son of Rev. and Mrs. M. W. Brueckner of Freedom township, was solemnized at 8:30 Tuesday evening, February 24, in Rolla, Mo., the groom's father officiating at the ceremony.
The bride wore a tailored dress of dark brown wool, with green accessories and a shoulder cascade of white roses, carnations and sweet peas.
Irina Brueckner, sister of the groom, was the bride's only attendant. She was attired in gold crepe with brown accessories and her corsage was tulle and roses.
Sergeant Daniel Muntean assisted the groom as best man, and both wore their service uniforms.
Immediately following the ceremony, a wedding supper was served in the private dining room of the Pennat hotel in Rolla.
The bride, who graduated in 1939 from Gothenburg high school, is employed in Los Angeles, Calif. The groom is a graduate of Chelsea high school, class of 1936, and is serving as a corporal at Fort Leonard Wood, Missouri.
Attending the wedding were Rev. and Mrs. M. W. Brueckner and daughter Irma, Rev. Bruno Brueckner of Capac, and the bride's mother, Mrs. Neils Olesen of Gothenburg.

24 Years Ago

Thursday, March 7, 1918
Mr. and Mrs. Albert Remnant of this place have moved to the farm of Mrs. Frank Burkhardt at North Lake.
F. C. Mapes has traded his laundry to Herman Breitenwischer for a farm in Lyndon township.
John G. Prinzing of Sylvan was one of 15 men sent by the selective draft board to Vancouver Barracks, Vancouver, Wash., on Monday. The men will work in the woods getting out spruce for use in airplanes.
John George Schmidt was instantly killed this afternoon by a west bound passenger train in the west yards of the Michigan Central. Mr. Schmidt was picking up coal along the tracks.
Harry H. Lyons of Jackson is making arrangements to open a shoe repairing shop in a portion of his brother John's barber shop in this place.
Sharon township is making arrangements to build a new hall to replace the one destroyed by the cyclone last summer. The new structure, 26x40 feet, will be built across the road from the site of the old hall.
Peter Liebeck has purchased the Jacob A. Dancer farm in Sylvan.

34 Years Ago

Thursday, March 5, 1908
O. T. Hoover has purchased The Chelsea Standard-Herald. The name of the paper has been changed back to The Chelsea Standard.
The new cheese factory at Sharon Hollow will begin operations this week.
G. J. Heller of Selo, is moving to the Kempf farm on the Manchester road.
William W. Corwin died on Thursday, March 5, 1908.
Fred Artz, Sr., of Waterloo, died suddenly on Wednesday, March 4, 1908.
Mrs. Christena Barth died at the home of her son, Charles Barth of Lima, on Friday, February 28, 1908.

Notten Road

Mr. and Mrs. T. G. Riemenschneider were in South Bend, Ind. on Saturday and Sunday, with Mr. and Mrs. Arthur Roland.
The Washtenaw County Jersey Cattle club held their business meeting and banquet at the Michigan Union at Ann Arbor on Saturday. Melvin Hartman was elected president; Cliff Frayer, secretary; Albert Stein, treasurer. Mr. and Mrs. Fred Notten and Henry Notten were present from here.
Mrs. T. G. Riemenschneider was in Ann Arbor on Friday.
Anton Feldkamp bought 28 tons of alfalfa hay from Fred Notten last week.
Mr. and Mrs. Fred Notten called on Mrs. Emma Kalmbach at Francisco on Sunday.
Mrs. P. H. Riemenschneider was entertained by Mr. and Mrs. Oscar Kalmbach on Sunday.
Mrs. Carrie Fahrner and Mr. and Mrs. Robert Fahrner of Grand Rapids visited at the Albert Schweinfurth home on Saturday and Sunday.
The Grange met with Mr. and Mrs. T. G. Riemenschneider on Tuesday.
The Pomona Grange will meet here at the church on Tuesday. A day meeting and dinner at noon.
Mrs. Herbert Rank is still at the Ann Arbor hospital. She is reported to be slowly recovering.
Mr. and Mrs. Dow Whitaker were in Henrietta on Sunday, where they visited Mrs. Alice Wooster.
Ray Gain and Mrs. Lina Whitaker visited Mr. and Mrs. Frank Blanker of Horton on Sunday.

Michigan State Will Award Scholarships

East Lansing.—Sixty-four Michigan State college alumni scholarships—equivalent to \$120 in term fees and available to high school seniors throughout the state—were announced here by Glen O. Stewart, director of alumni relations and secretary of the Scholarship committee.
At least one scholarship will be awarded in each of the state's 21 senatorial districts, Mr. Stewart said, and the additional 32 scholarships will be awarded in areas of greatest population density and which have a large number of high school seniors who desire college admission.
A maximum of three students from any one high school will be considered as applicants, and applications may be made directly with the district chairmen in each of the state's 32 districts.
The chairman in the 12th district, comprising Oakland and Washtenaw counties, is Howard Estes, of 116 South Woodward, Birmingham.
Application blanks, Mr. Stewart said, must be filed with district chairmen not later than April 15. Awards are made on the basis of scholarship, leadership, and need, and the scholarships may be continued throughout the student's four years at Michigan State college if recipient maintains high scholastic standing.
The announcement of scholarship awards will be made throughout the state at the time of high school commencements in May or June.

Chelsea B. B. League

Kimunity club again gave warning that they'll be very tough in the coming tournament as they trounced a team of selected players from the Federal Screw and Cassidy Tech clubs 33-20. George Sperling, Bob Foster and Marshall with 10, 9, and 8 points respectively paced Kimunity, while Marsh tallied 8 points to lead Whitey's All-Stars.
For the third straight time this season Central Fibre licked the champion All-Stars, 32-24. The All-Stars held a 17-16 edge but could not keep up the pace as the Fibre boys out-scored them 16-7 in the last half. Don Houle paced the victors with 11 points while Andy Policht rolled in 8 points for the All-Stars.
Cassidy Tech kept up their torrid pace with a 20-27 victory over Federal Screw. Hemmingway paced Cassidy with 11 points while Beeman scored 10 for Federal. On the crest of their fine performances in the last few games, the boys from Cassidy might have plenty to say about what team will win the coming tournament.
During the intermission "Lennie" Novess accepted the gold basketballs in reward for their winning the regular league championship.

SCOUTERS AND CUBS URGED TO RAISE VEGETABLE GARDENS

In the first world war 12,000 war gardens were raised by Scouts, living up to the slogan "Every Scout Feed a Soldier". It is expected that the number of Scout gardens will be greatly increased during 1942, probably reaching a total of 100,000 or more gardens.
The government has asked Scouts to grow these gardens and the objective included the savings of transportation facilities required to carry commercial fruits and vegetables some distance.
There are four types of garden projects proposed for Scouts as individuals or troops to develop. In addition to raising the gardens themselves more than a million Scouts are being enlisted to persuade additional families to raise gardens.
Pamphlets are available at the council office which help to guide Scouts with the development of their gardens.
The Victory Garden Program is a part of the larger Food for Freedom Program, goals of which have been set up by the Secretary of Agriculture.

Care of Lambs Will Pay Big Dividends

Lambs frisking in the April sunshine may be a beautiful and romantic sight, but they are a source of worry, headaches, and loss of sleep during the Michigan lambing season. That is the warning of A. C. Cole, of the Animal Husbandry department of Michigan State College.
Practices during the lambing season usually determine the sheepman's profit or loss for the season, Cole advises. To turn a risk into a dividend, certain things should be done.
Three or four weeks before the lambs are due the ewes should receive from a half to a pound of cereal a day and, unless they are receiving legume hay, they should get an additional third pound daily of high protein concentrate. This will insure a supply of milk when the lambs arrive. After the lambs have arrived, however, the grain should be reduced for several days, and then gradually increased. When the lambs are two weeks old they will be able to eat grain and fine leafy hay. They should be given all they will eat.
Avalanching this, Cole suggests, the ewe should be separated from the main flock, where she may remain quiet and undisturbed. Two four foot gates hinged together and set up in one corner of the barn work well. Quarters where the lamb is borne should be dry and free from drafts, as otherwise colic and pneumonia may develop. As soon as it is able to stand the lamb should get its stomach well filled, and then it is fairly safe. A dry, well-fed newborn lamb can stand a good deal of cold.
As soon as possible the navel of the newborn lamb should be disinfected with iodine, and if the eyelids are turned under, they should be rolled out and treated with a five percent solution of argyrol.
The ewe herself may require some attention and assistance, and although this may entail some loss of sleep, it may also result in a large crop of lambs to supply meat and wool during the crisis.

KIWANIS NEWS

The Kiwanians enjoyed another interesting meeting on Monday evening of this week. The program chairman secured Prof. Arthur W. Bromage of the Political Science Department at the University of Michigan to discuss the topic: "The Issues Surrounding the Revision of the Michigan State Constitution." Mr. Bromage commenced his discussion by stating that revision of the State Constitution will be one of the main issues presented in the coming fall election which the people of Michigan must decide at the polls. He mentioned that the present method of apportioning the representatives in the bicameral legislature has caused the urban centers to clamor for a more equitable system of representation based on population. He also stated the many other issues which the voters must consider, of which the matter of a state progressive income tax levy looms very great. The speaker aptly pointed out that such a tax could not be levied under the present constitution and urged that a revision would be necessary before the state could levy an equitable tax based upon the ability of the taxpayers to pay from their earnings and profits. Mr. Bromage concluded his very interesting address by urging the Kiwanians to ponder these issues intelligently before casting their votes for or against such constitutional revision in the coming November election.

JOHN MESTER

John Mester, 76 years old, died early Monday morning at his home near North Lake, in Lyndon township. He was born July 31, 1865 in Germany, the son of John and Joanna (Hammond) Mester, coming to America with his parents when six months old. They made their home in Detroit and for 32 years Mr. Mester was an engineer on the Michigan Central Railroad. He married Augusta Blum, and following his retirement in 1920, they moved to North Lake.
Surviving are the widow; two daughters, Mrs. Herbert Hudson of Chelsea and Mrs. Edward Rhinehardt of Detroit; two sisters, Mrs. William Fox of Lyndon township and Mrs. Clarence Bouvier of Detroit; two brothers, Edward Mester of Hollywood, Fla. and Otto Mester of Long Beach, Calif.; six grandchildren and three great-grandchildren.
Funeral services, held at one o'clock Wednesday afternoon at the residence, were conducted by Rev. P. H. Grabowski. Burial was in Woodmere cemetery, Detroit.

NORTH SYLVAN GRANGE

North Sylvan Grange met at the home of Mr. and Mrs. Melvin Lesser on Tuesday evening. After the business meeting the following program was given:
Song—Long Long Ago—Assembly.
Reading—The Man Worth While— Vera Heim.
Roll call—Definitions in the Modern Dictionary.
Excerpts from the Grange Digest—Roy Ives.
The ABC of Can Labels—Alma Kalmbach.
Talk on his western trip by P. M. Broesamer.
Closing song.
ENTERTAINS TACHEZ CLUB
The Tachez club was entertained at the home of Mrs. Herbert Roy on Thursday evening. Two tables of 500 were in play. Prizes were awarded to Mrs. August Dorer and Mrs. Joseph Hafner. Refreshments were served.

Dr. and Mrs. A. A. Palmer and Mrs. G. W. Palmer spent Sunday with the former's daughter, Miss Lois Palmer, who is a student at Michigan State College. Announcement is made of the birth of a son, Laverne Maynard, on February 23 to Mr. and Mrs. Maynard of Manchester. Mr. Leach is a former resident of Chelsea.

NO BLACKOUT OF ECONOMY

These timely values pierce the gloom of the rising cost of living and light the way to SAFE SAVINGS. You're paying more for food—for clothing—for practically everything else—but here, you still get the lowest prices on your favorite nationally advertised home drugs, toiletries and accessories. Make ECONOMY your watchword—shop and save at BURG'S!

VICTORY IN THE MAKING
Through the combined efforts of the research scientist, the physician and the pharmacist, man is winning victory over his most feared enemy—disease. In the pharmacist's hands rests the final step for it is his duty to translate the skill of his two allies into scientific medicine, made-to-measure for the particular requirements of the individual.

Village of Chelsea Audit Report

December 31, 1941

February 17, 1942

To the Honorable, the Village Council, Village of Chelsea, Michigan.

Gentlemen:

We have examined the balance sheet of the Village of Chelsea as of December 31, 1941, and the statement of receipts and disbursements for the year then ended, have reviewed the year then ended, have reviewed the accounting procedures of the Village and, without making a detailed audit of the transactions, have examined or tested and accounted records of the Village and other supporting evidence, by methods and to the extent we deemed appropriate. In our opinion, our examination was made in accordance with generally accepted auditing standards and it included all circumstances which we considered necessary. In our opinion, the accompanying balance sheet and related statement of receipts and disbursements present fairly the position of the Village of Chelsea at December 31, 1941, and the results of operations for the fiscal year, in conformity with generally accepted accounting principles.

Very truly yours,
Briggs & Iceman

COMMENTS

Delinquent Taxes Receivable
The control accounts for delinquent taxes, receivable did not agree with the detailed records as maintained in the County Treasurer's office. Adjustments have been made to reflect these detail figures.

Taxes, Special Assessments, Interest, and Services
\$ 9,517.26
State-Shared Licenses and Fees 6,962.96

Total—Except for Electric and Water Department \$16,480.22

Electric and Water Department:
Regular Deposits \$68,565.43
Water Filtration Bonds 12,622.60

Total \$81,188.03

Less: Drawings by Electric and Water Dept. \$60,000.00
Property Purchased 1,055.38 61,055.38

Net Receipts - Electric and Water Department 20,132.65

NET RECEIPTS \$96,612.87

The Electric and Water Department now has a Water Filtration Plant bond issue outstanding. Under the terms of the ordinance providing for this bond issue, the Department is required to use its gross receipts for the operation and maintenance of the plant, for repairs, for interest and debt retirement and for improvements and additions. In view of these requirements and in conformity with good accounting procedures, the Utility should deposit its receipts directly in its own bank account. Transfers from General Fund of the Village can then be made if the money is available.

There is no evidence of a budget having been adopted by the Council for 1941. In order to provide a plan of financial operations, the Council should adopt an annual budget in which estimated receipts and disbursements are presented and spread the summary on the minutes.

We were unable to find any record of the receipt of \$9.59 in payments reported by the State Highway Department to the Village of Chelsea during 1941. Payments of \$501.90 were received during the year from the State Highway Department according to the records of the Village.

Our Neighbors

STOCKBRIDGE—Last Friday forenoon Mrs. Thelma Powers, 22, was instantly killed and her brother fatally burned when a can of kerosene, which she was pouring on a wood fire, exploded. Mrs. Powers, who lives on the Pickett tenant farm southeast of Munith, was preparing dinner, and as the fire was low, poured some kerosene out of a can onto a wood fire, causing the can to explode, killing Mrs. Powers instantly, and her brother, Chester Little, who was lying on a couch nearby was so badly burned that he died Monday morning at the Stockbridge hospital.—Brief-Sun.

Safetygrams

FRED W. BRAUN
The Safety Man

Our government has put into effect severe restrictions on the sale of automobile tires for civilian use. If your car is not engaged in work that is vital to national defense, it is impossible for you to secure new tires. Therefore, it is necessary that you get as much as possible from your present tires.

You must know several important facts in order that you might use old and well worn tires safely. First, as tires get more worn, speed must be reduced. Second, tires that have become worn must be inspected oftener.

You are also anxious to know how you can make tires last longer. Here are a few tips:

1. Save tire wear with slower speeds.
2. Inspect tires frequently.
3. Inflate tires properly.
4. Check often to see that wheels are in line.
5. Don't strike the curb.
6. Avoid skidding or spinning your tires and take curves at a much slower speed.

"It's Smart and IT PAYS to Drive Carefully."
