THE HOME FRONT IN MICHIGAN

In order that we may preserve liberty, all of us are sacrificing a measure of freedom—temporarily.

This is only a surface paradox, of course, because the sacrifice of freedom is free and voluntary. It is as old as the concept of liberty. It emerged when the first group of free men banded together and pledged their all to resist despotism.

Today, we are hedged about increasingly by all manner of restrictions. We can not live as we did in

the days of peace, because the things which went to make that full life of peace are needed now for the work of war—a war we must win to preserve our liberty.

Towns, villages, cities, counties and states also have been called upon to make sacrifices, to give up construction and projects which normally might be carried out in the course of progress.

A Bureau of Governmental Requirements, within the War Production Board, must pass upon the needs of some 130,000 governmental units. These needs vary from a few dollars worth of paper clips to a \$300,000,000 aqueduct for the U. S. A.'s greatest city.

These restrictions mean a saving of thousands of tons of steel, copper, rubber, aluminum, concrete and other materials for the war effort. They mean greater sacrifices for the people whom these improvements would benefit—you and me.

Ships and planes and tanks and guns and shells will win the war. None could be made without steel. Steel, rolled into staunch plates and riveted into hulls of warships and cargo vessels, is the answer to the axis

subs—the key to the battle of the oceans.

America's steel industry is doing a job. Last month, the steel industry shipped 1,050,902 net tons of plate, an all-time record and the second successive month in which plate production topped a million tons.

Behind the rising curve of plate production lies a triumph of American ingenuity. Conversion of the automotive industry to war work left many steel mills without a job. These mills had been in the business of rolling thin steel sheets used in motor car production. They were "strip mills". To change from making steel sheets to 1-25th of an inch thick to turning out sturdy plates a full inch thick meant heavier equipment, more space and other changes. It has been done—and swiftly. In June, "strip mills", which were not producing a single war plate a few months ago, turned out 489,704 tons.

Steel mills require scrap—GET IT IN!

An intensive nationwide salvage program is under way. The war production program faces a crisis unless we immediately salvage at least six million tons of scrap iron and steel. This stockpile must be completed before winter.

All non-ferrous metals, fats and greases, rags, manila rope and burlap bags also are needed.

The salvage campaign is so important that it needs the help of every individual, every business, every village and city.

Donald Nelson, WPA chairman, says "It is a problem that can be solved only by American initiative, American organization ability, American muscle and the American will to win."

That extra two-pound ration of sugar you'll get (or already have bought) with Ration Stamp No. 7 is a bonus won for you by American shipping which braved axis mines and subs to bring it in. Farm wives also have been granted an extra sugar allowance of half-pound a week for each hired hand boarded on a seasonal basis. A total of 181,600 farm jobs were filled during May by the United States Employment Service. An A-2 preference rating has been given to manufacturers for the purchase of cotton and rayon cloth to be used in making American flags—LONG MAY IT WAVE!

EISEMAN REUNION

About 70 members of the Eiseman family from Ann Arbor, Saline, Chelsea and vicinity assembled on Sunday at the home of Mr. and Mrs. Harold Eiseman for their annual reunion.

Dinner was served on the lawn and was followed by a business meeting at which Harold Eiseman was elected president for 1943; Mrs. Ernest Horning, secretary, and Ernest Horning, treasurer.

Mrs. Barbara Haas, 77, was the oldest member, while the youngest was Paul Rothfuss, 4 months-old son of Mr. and Mrs. Walter Rothfuss.

Bingo furnished amusement for the afternoon. The 1943 reunion will be held at the home of Mr. and Mrs. Waldo Eiseman, Ann Arbor.

Our Neighbors

MUNITH—Mrs. W. R. Mayer left Sunday for Evanston, Ill., to attend a two weeks summer school held for vice presidents of Christian Social Relations and Local Church Activities at Garrett Biblical Institute, Northwestern University. — Grass Lake News.

NORTHVILLE—Six of Sam Pickard's pigeons are in the Army. They are stationed on the west coast, where they are undergoing special training for messenger service. Mr. Pickard, born in Yorkshire, England, raised pigeons in the old country, winning many races there with his fine breeds. He continued his hobby of breeding pigeons after coming to the States 28 years ago. It may be that the Army will need more of Mr. Pickard's fine birds for messenger service. He has some 100 of them at his home, 330 Eaton Drive. It was just last week that he shipped six pigeons to California at the request of the Army. They are carrier homing pigeons and can fly some 600 miles a day. Mr. Pickard will soon be sending other pigeons for army service to the east and southwest coasts. — Record.

DEXTER—A new church building which will house the Dexter Full Gospel Pentecostal church, is getting well under way at the corner of E and Second streets. The basement has been dug and the sewer connection made. The building will be forty-five feet in length and twenty-four feet wide. — Leader.

SCHOOL OF SACRED MUSIC

Singers, choir directors, organists, song leaders, and ministers from several states and Canada will attend the 12th annual session of the School of Sacred Music at Waldenwoods, Hartland, Mich., from July 20 to July 30. Each year nationally known faculty members have been brought to Michigan for this unique school, specializing in choral and church music. This school is sponsored by the Michigan Federation of Music Clubs and is approved by the Detroit Council of Churches. Dr. Nellie Beatrice Huger, founder and director of the school, is a voice teacher and head of the Sacred Music Department of the Detroit Institute of Art. She has been state chairman of church music for the past 14 years.

Waldenwoods, on Lake Walden, is one of the beauty spots of Michigan, where inspiration and instruction are blended in one of Nature's most beautiful settings, located on M-23 near Brighton, Milford, Howell and Fenton. Information regarding the school can be secured from the School of Sacred Music, 52 Putnam Avenue, Detroit, Michigan.

License Plates Are Now Available At Half Price

Automobile owners who have not previously placed 1942 license plates on their cars and trucks may do so now at half price and these plates will give them the right of the use of the roads until March 1, 1943.

In making this announcement, Harry F. Kelly, Secretary of State, called attention to the fact that this plan follows the plans of previous years and particularly fits the needs of the motorist at this time due to the fact that many commercial and passenger vehicles are now required because of seasonal demands of farmers and cherry growers, and demands made through war work.

Mr. Kelly also stated that motorists who have half year 1942 plates on their cars may from now on convert them into full year plates by going to the branch offices and purchasing a metal strip 10 inches by 1 1/2 inches that will change the half year

plate into a full year plate without requiring, as in the past, the issuing of new license numbers. The same half year fee will be paid for the strip as in the past. This is the first year that the half year plate will be converted into a full year plate by use of a metal strip.

"This plan for Michigan was determined many months before Pearl Harbor so as to bring about a saving of over \$60,000.00 in the cost of manufacture and to eliminate the necessity of re-registering over 500,000 motorists for the law enforcing officials of Michigan," Kelly said.

After Pearl Harbor when it became apparent that steel would be at a premium, a call was issued to all of the States by the War Production Board to ascertain what plans could be worked out to conserve steel for the year 1943. At this conference, Michigan's 1942 plan of attaching strips was not only discussed and approved, but Michigan was complimented for bringing forth in 1942 a plan of licensing which will be adopted in many

states in 1943. Since that time, Mr. Kelly states that he has received word from the majority of the states that they will adopt a somewhat similar plan for their plates for 1943 as was adopted for Michigan for 1942. Mr. Kelly stated that this strip bears a serial number that will make it possible for his office to determine the actual ownership of each strip in case of loss or theft, and he concluded by thanking the motorists for their cooperation in making it possible to conserve the use of steel and the cost of manufacturing the plates and asks their further cooperation by seeing to it that these strips are firmly attached to their half-year plates.

ENTERTAIN 1939 JURORS

Mr. and Mrs. M. L. Burkhardt entertained 30 guests on Sunday at the 1939 Jurors' picnic, coming from Ann Arbor, Ypsilanti, Milan, Bridgewater, Saline and North Lake. A pot-luck dinner was served. Mrs. Luella Smith of Ann Arbor will be hostess at next year's meeting.

**CONDITIONS UNDER WHICH
GAS RANGES
and
GAS WATER HEATERS
may be purchased**

★

As a necessary war measure, Uncle Sam expects each of us "to make things last." Gas ranges and other gas appliances are durably made and with reasonable care may be expected to give years of satisfactory service.

While American families are expected to make their gas equipment do for the duration, it is evident that the government recognizes certain conditions under which the purchase of new equipment is permissible. These have been set forth in a recent order.

1. Gas Ranges and Gas Water Heaters may be purchased when there is no equipment for cooking or for heating water, and the purchaser "does not have available any other equipment." This is interpreted as applying to newly married couples beginning housekeeping; to families moving from furnished homes and apartments to dwellings which must be equipped; to new residents who move here without equipment.
2. Gas Ranges and Gas Water Heaters may be purchased when the owner's present facilities for cooking or for heating water are worn out or damaged to an extent that repair is impracticable.

The order prescribes certain formal requirements the customer must follow which will be explained on request.

10%
OF WAGES IN
WAR BONDS

Fair Enough!
IT'S LIKE PUTTING MONEY IN THE BANK!

5 REASONS WHY

1. By investing in War Bonds you help provide the planes, the tanks, the guns and the ships we must have to survive and conquer.
2. You prove that you are a patriotic American.
3. You aid the morale of our fighting men, by showing them that the entire Nation is behind them.
4. You prove to our enemies that we are a United People.
5. You protect your own financial future, as every \$18.75 you invest in a War Bond brings you back \$25 in 10 years. You make the world's safest investment, by buying a share in the world's most powerful country.

"Listen, mister... I'm making pretty good wages these days, and so are about fifty million others. And we all think pretty much the same about the way we can help America win the war.

"Save 10% in War Bonds every payday? That's no sacrifice—it's a cinch! Like putting money in the bank.

"Take my wife, for instance. She says it's money we just wouldn't save, otherwise—dough that we just chuck away—with nothing to show for it later.

"But this is the real payoff—

"The money we save in War Bonds is going to produce the planes, the tanks, the ships and the guns to make the Japs wish they'd never even seen Pearl Harbor! It's going to produce the bombs and the bullets to make their honorable 'harakiri' seem like a picnic.

"Do you think we people on the home front want to be left out? Don't you know that the workers, the stenos, the farmers, dentists—every last man and

woman of us wants to come through with his share?

"So when they came around in our plant and actually offered to help us save for the War Bonds, you can bet we all said 'yes!'

"Every week they save 10% out of our pay—a dime in every dollar—and when it adds up to \$18.75, we get a War Bond—worth \$25 in ten years. Yessir! A War Bond in our own name, or the Missus, or both!

"Honest, now, do you think we're patting ourselves on the back? Do you think we're asking for praise just because we do our part to hamstring Hirohito and Hitler—and lay away a pile of dough in the bargain?

"How about you? Are you in on this plan? If not, better get in. Better save your 10% every payday. Better do your share to wallop the tar out of the Japs and Huns.

"Say 'sure!' when they come to you...

"It's like money in the bank!"

FAREWELL PARTY

Donna Hinderer entertained a group of friends on Friday afternoon at a farewell party for Janel Plankell, who is leaving this week with her parents for their new home in Lansing. Games furnished amusement and refreshments were served. Janel received many pretty gifts.

KIWANIS NEWS

The Kiwanians held their regular meeting this week at the Methodist church. The ladies of the church prepared and served a delicious dinner to the members and their guests. The program chairman selected Rev. Bart Ede of Chelsea to deliver the principal address of the evening. Rev. Ede spoke interestingly upon the subject: "My First Impressions of Chelsea."

The speaker commenced his talk by saying that the first thing he noted about the village was its very busy nature. Secondly, he mentioned that upon arriving in Chelsea, he immediately noted the cleanliness of the town and the fine, friendly nature of its residents. Rev. Ede then stated that by inspecting the village he could readily see that the service organizations and the legislative body of the village were actively aiding the progress of the village and its institutions to a considerable degree.

The speaker concluded his excellent talk by urging the Kiwanians to continue these measures which improve the spiritual growth of Chelsea and expressed his desire to cooperate with these units and to thereby promote other worthwhile projects within the community.

President Russell A. McLaughlin announced that the Kiwanians would hold their meeting next week at Cavanaugh Lake and that Lloyd R. Heydlauff would be in charge of that outing. Mr. Heydlauff urged the members to meet at the county park at 6:30 on Monday evening and to bring their own silverware.

LESSER REUNION

The annual Lesser reunion was held on Sunday at Newkirk Beach, Portage Lake, with about 60 members present. After the basket dinner games were played and prizes were awarded.

Officers elected at the business session are:

President—Clarence Koenigster.
Vice Pres.—Herman Scheve.
Sec. Treas.—Max Ziegler.

TWILIGHT LEAGUE

By Rolly Spaulding

Schedule

Thursday, July 16—East Side-West Side donkey game.
Friday, July 17—Central Fibre vs. Kimunity.
Monday, July 20—Cassidy Lake vs. Central Fibre.
Tuesday, July 20—Kimunity vs. Chelsea Spring.
Thursday, July 22—Spaulding Chevrolet vs. Federal Screw.

Standings

Team	W	L	Pct.
Spaulding Chevrolet	7	2	.777
Cassidy Lake	6	3	.666
Kimunity	4	4	.500
Central Fibre	3	4	.428
Chelsea Spring	4	6	.400
Federal Screw	2	7	.222

Last Thursday night Federal Screw came up against Kimunity and took one on the chin—the boys had a little trouble in getting under way and Kimunity with their first new ball that they have bought since the league started three years back, really felt that they were entitled to hit it—they did and the game was theirs.

Monday night Cassidy Lake came to town and took another game from John Ford's boys—Federal Screw is working in a few changes in their lineup that show hopes for the future but at present they just got through playing two very good ball games.

Tuesday night saw a real ball game between Chelsea Spring and Spaulding Chevrolet—with Coke Lansing pitching for Spaulding and Whitey Guest for Chelsea Spring—the game was a tight one. Most of the game was played with a tie score of 3-3 until the sixth inning when Chelsea Spring drove in a man from second to score the leading run and Chelsea Spring then held Spaulding Chevrolet through the 7th to win 4-3.

All players are asked to be out at the donkey game tonight.

CZARNECKI-LIGHT WEDDING

Geraldine K. Czarnecki, daughter of Mr. and Mrs. George Czarnecki of Ida, and Kenneth H. Light, son of Mr. and Mrs. Kelly Light of Chelsea, were married Saturday evening in North Lake Methodist church, with Rev. Carl Strange officiating.

Mrs. Virginia Czarnecki was matron of honor, with Evelyn Czarnecki and Geraldine Light as bridesmaids. Lester Czarnecki served as best man and the ushers were Junie O'Dell, Calvin Light and Paul Bodell.

A reception following the ceremony was attended by 50 guests.

Heroes in Overalls, too, They're working to Win

The millions of workers in Uncle Sam's War Industries... and millions more tilling the soil... all are playing a vital part in our Victory effort. They may not wear a uniform of a soldier, or carry a gun; but they're soldiers just the same... they're making the tools and raising the crops that supply our Boys with the equipment and the energy they must have to crush the enemy...

... and they're backing up our fighting men with fighting dollars... they're buying War Savings Stamps and Bonds... and as Retailers for Victory we suggest "take part of your change in stamps."

You can now buy War Bonds at Goodyear's... we've been authorized by the Treasury Department to sell them direct to you.

Many car owners are driving on tires today that are badly worn. If your tires are in that condition and are still serviceable, then you can do one other thing that will make you a safe driver.

Drive slowly! Speed will be disastrous in the event you have an accident due to speed and bad tires. Some drivers are paying regular attention to all of these comments and to the rules and regulations that have been publicized by many people, but there are still a few who are going to spoil it for those who heed these warnings. Some people insist on driving fast, going around turns at unreasonable speeds, and stopping and starting quickly, all of which add confusion, wear, and tear on your tires and adds materially to the accident toll.

Urge your fellow drivers to pay attention to this so that their tires will last as long as possible and they will get the maximum wear by careful and safe driving.

ANNUAL MEETING

The annual meeting of District No. 3 Fr., Sylvan and Lima Townships, was held in the public school gymnasium on Monday evening, July 13, 1942 at 8:00 p. m.

The meeting was opened by President Henry Schneider and the minutes of the 1941 annual meeting were read and approved.

The financial statement as well as

the proposed budget for 1942-43 were approved and accepted.

Election of trustees followed: Dr. Louis J. Paul being elected for a period of two years to fill vacancy with Edwin Eaton and Winifred Palmer being elected for a period of three years to fill expired terms.

No other business, the meeting was adjourned.

G. W. Walworth, Secretary.

CARD OF THANKS

I wish in this way to express my sincere thanks to all of my friends, and the St. John's Young People's League, who so kindly remembered me during my stay at the hospital.

Margaret Feldkamp.

Mrs. Walter Schrader, Jr. and Mrs. James Rudd spent the week-end visiting friends and relatives in Ohio.

Mrs. Hugh Craig, Mrs. Harry Downing and Hilah Jean Pierce of Britton were Wednesday visitors at the home of Mr. and Mrs. Sam Craig.

LINER COLUMN

DIVORCE your feet from aches, pains, corns, etc., due to stiff, hard work shoes. Wolverine Shell Horse-hides are moccasin soft—dry soft after soaking—give you months and miles of extra wear that cut work shoe costs to the bone. Stop by and try on a pair. Quality Shoe Repair.

Could You Pilot a FIGHTING PLANE?

Here's your chance to find out how good a pilot you might make. Make a free test flight in the Sinclair Flight Trainer, which is similar to the miniature plane used in training pilots for the armed forces. It's coming here to help us "Keep 'em Flying."

The Sinclair Flight Trainer maneuvers just like a plane. In it you can bank, spin, dive, loop the loop. But you're always firmly anchored to the ground. It's absolutely safe.

And it's absolutely free. Just get a free Flight Test Card from any local Sinclair Dealer. Then present your card to the man in charge of the Flight Trainer.

Members of the Navy Aviation Cadet Selective Board and Recruiting Office will be on hand to assist in Flight Tests and answer questions regarding enlistment. Makes—18 to 26 inclusive.

Call at our service station for flight card entitling you to a free ride.

The Sinclair Flight Trainer will be at

Jackson Fair Grounds

Saturday and Sunday

July 25-26
