Salvage Drive Starts Here This Week

Committee Named To Push Collection Of Scrap Metal

Chelsea's part in the National Salvage Program takes the form of a local drive starting this week, when every possible effort will be made to collect this community's quota of iron and steel scrap, brass, copper, zinc, lead and tin.

Village President Alfred D. Mayer has appointed a committee consisting of M. W. McClure, chairman, Wilbur Hinderer, Paul C. Maroney, J. T. Moore, Russell Alkstaetter, R. A. McLaughlin and L. R. Heydlauff, to take charge of the local campaign.

Co-operating with the committee is Conrad Schanz, who will receive the metal at his yard on West Middle street.

According to plans formulated by the salvage committee, Mr. Schanz will be at his home each Friday during the month of August to receive the scrap which is brought in for sale or as a contribution to the war effort.

Those who wish to sell scrap metal must have their load weighed and take their weight slips to Mr. Schanz in order to receive payment. There will also be a pile of donated metal in his yard, with proceeds received from the sale of the latter going to the salvage committee to aid in paying expenses of the campaign.

If any funds are left over the money will be contributed to one of the local war charitable agencies.

Anyone who has scrap metal to contribute may telephone 7011 or 3581 and arrangements will be made by the committee to have the metal picked up, whether it be in town or country if the amount is sufficient to warrant the trip.

Householders, farmers, storekeepers, etc., are urged to collect their scrap metal together at once and either take it to the Schanz yard on Friday or telephone either of the above numbers on any day and it will be called for. Don't delay—do it this week or get it ready for next week.

Industry needs scrap metal for use in the manufacture of more guns, planes and tanks and this business cannot wait! The materials are needed at once, so don't say you haven't time to do your part—just think of the boys who are and will be at the front! They will be safer if they have the weapons with which to fight.

This drive for scrap metal will be a success in Chelsea, if everyone co-operates 100 per cent—let's strike Adolf, Hirohito and Benito with junk!

Band Concert Tonight At School Grounds

The program to be presented by the Chelsea Summer Concert Band this Thursday night will be the sixth in a series of seven to be given this summer.

This concert will be presented on the public school grounds at 8 o'clock and the program will be as follows:

True Blue March—King.
Aurora Overture—Yoder.
Independence March—Hall.
Ironclad March—Hayes.
Black Rose Overture—Brookton.
Washington Post March—Souza.
Trees—Baritone Solo—Rasbach.
Men of Valor March—Klohr.
Star Spangled Banner.

Many favorable comments concerning the high musical standards of the band have been received. Perhaps this summer's program is the beginning of something far more significant than anyone realizes at the present time. Chelsea needs a beautiful park. Our Conservation clubs and school groups might be able to develop a community forest and park with a large natural bowl or amphitheatre.

Summer theatre groups and musical organizations from Ann Arbor and from our own community could then be encouraged to present programs on week-day evenings and on Sunday afternoons. Such events would appeal to thousands of people in southern Michigan who appreciate the finer kinds of musical and dramatic entertainment.

Suggestions along this line will be welcomed by the Band Parents' Association or the musical directors at Chelsea high school.

LOCAL BOND SALE TOTALS
\$31,339.50 FOR LAST MONTH

Total sales of War Bonds and Stamps in Chelsea for the month of July amounted to \$31,339.50, according to H. C. Schneider, chairman of the local bond and stamp committee.

Blackout Test Will Be Held Here Tonight

41 Counties To Blackout Wednesday

This District Included In Largest Test Since Outbreak Of War

Months of preparation and training in civilian defense will be translated into action at 11 p. m. on Wednesday, August 12 when 41 counties in southern Michigan—dense lights simultaneously in the biggest blackout test since the war began.

Participating in the test with Michigan will be portions of Illinois and Wisconsin which, with Michigan, make up the Sixth Civilian Defense Region.

"This is a big assignment, but I have no doubt that we can handle it without difficulty," commented Lt. Col. Harold M. Furlong, administrator of the Michigan Council of Defense. Expressing the same confidence was Capt. Donald S. Leonard, State Commander of the Citizens Defense Corps, who pointed out that to date, Michigan has staged 186 blackouts successfully, some covering large areas.

Most of the counties in the eastern portion of the area to be blacked out Aug. 12 have had one or more blackouts, and most of those in the western portion had planned such tests for nights later in the month.

Lights in all counties south of the northern boundaries of Oceana, Newaygo, Mecosta, Isabella, Midland, Bay and Huron counties are to be observed at 11 p. m., Eastern War Time, for 30 minutes. These counties make up the first five districts of the Michigan Citizens Defense Corps.

Regulations for the blackout are being distributed to county, municipal and civilian defense officials throughout the area. These regulations will list the exceptions to the blackout, including airway beacon and obstruction lights, railroad signals, barricade flares and the like.

Symphony Orchestra To Play At Victory Party

Henry C. Schneider, chairman of the local War Bond and Stamp Committee, announces that his committee has completed plans for the Victory Party which will be held at the Chelsea high school athletic field this Friday evening, August 7, from 7:30 to 10:30. He stated that the Red Cross, American Legion and the Kiwanis club had cooperated to arrange for patriotic decorations and the Michigan Symphony Orchestra of Detroit has been requested to feature a repertoire of popular, light opera, and military numbers for the pleasure of the attendants.

Walter Poole, the conductor of this band, has promised to provide excellent music for this affair which should be one of the highlights of the current summer season.

This party is staged to promote the sale of War Savings Bonds and Stamps and all persons may secure admission to this band concert by purchasing a bond or stamp of any denomination. Wilbur Hinderer has charge of the sale of stamps and bonds and he has stated that he will have ample bonds and stamps for sale at the athletic field. He also stated that residents of this vicinity may purchase bonds at either the post office or at the Chelsea State Bank on Friday and give Chelsea the credit for the sale at the party. The purchaser should request a receipt at the time and this receipt will entitle the person to be admitted to the concert.

It is hoped that all who intend to purchase a bond within the next few weeks will purchase it on Friday in order to give the committee the best possible record for sales at this party.

The Michigan Symphony Orchestra is one of the finest concert bands in this country and it is hoped the residents of this vicinity will take advantage of the opportunity to hear this fine music as well as to give Chelsea an excellent record for the sale of these vital stamps and bonds at this crucial period in our history.

CANNING SUGAR REGISTRATION

The second canning sugar registration will be held August 6 and 7 from 1 to 5 p. m., and Aug. 8 from 1 to 5 and 7 to 9 p. m., at the Chelsea public school gymnasium. Bring War Ration Book No. 1.

STREET IMPROVEMENTS START

The T. P. Flynn Co. of Detroit has a force of men at work here and will make improvements to several streets in the village. Work was started on Railroad street on Wednesday. The extent of improvements to be made has not been determined definitely by the council.

LEAVES FOR ARMY SERVICE

Charles G. Hulce left Wednesday morning for Fort Custer for induction into army service. The son of Mrs. Susie Hulce and the late Guy O. Hulce, he was born May 8, 1918 in Lima township, graduating from Chelsea high school in 1936.

THE HOME FRONT IN MICHIGAN

In June, almost a million Americans joined the already huge army of production in factories, shipyards, offices and on farms.

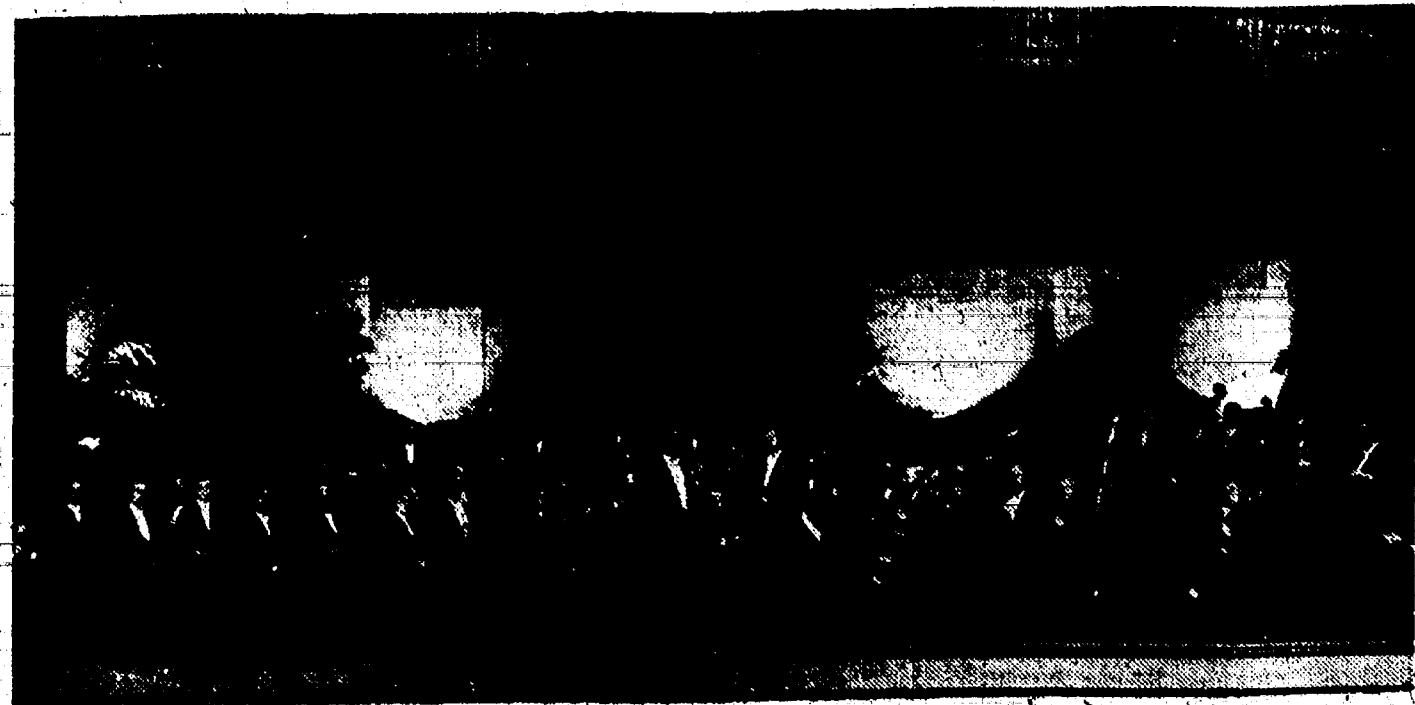

In June, our output of ships and tanks and planes and guns, of ammunition and war equipment was nearly three times that of last November.

We have need for such good news—particularly at this time when Nazi tanks lumber through the ripe wheat fields of the Ukraine, in a drive which threatens the great city of Stalingrad. In Egypt, the Nazis and their Italian accomplices are only 60 miles from the British naval base at Alexandria. In the Far East, Japanese patrols near the United Nations air base on New Guinea, an outpost in the defense of Australia. In the Atlantic, Axis submarines continue to sink our merchant ships at an alarming rate. None of us would be foolish enough at such a time to underestimate the strength of our enemies. Yet, though our foes may gain victory after victory, we are building the instruments of their destruction. In the end, we shall overwhelm them by sheer weight of weapons and of manpower.

In announcing June production achievements, Donald Nelson, WPB chairman, warned that "boasting" about our progress would be "premature" and that there are no excuses for "undue optimism".

It is true that the biggest part of

Michigan Symphony Orchestra To Present Concert Here On Friday

Above is a picture of the Michigan Symphony Orchestra which will present a concert at the Chelsea athletic field on Friday night, August 7, from 7:30 to 10:30. The purchase of a War Stamp or Bond, to be retained by the purchaser, is the only admission requirement.

the job still lies ahead of us but it is heartening to know that we made more war planes in the first six months of 1942 than were made in all of 1941 and 3 1/2 times as many anti-aircraft guns. We built more tanks in six months than in the whole previous year; 98 per cent more machine tools; and 135 per cent more ships.

The flow of scrap metals back to the steel furnaces has not increased as it should, despite the intensive nationwide salvage drive which still is going on.

Rumors that there would be a hike in the maximum price for iron and steel scrap—which caused dealers to wait for the rumored increase—were emphatically denied both by the WPB and OPA.

None of the United Nations which have been overrun by the Axis hordes really has been conquered. New testimony of the unconquerable spirit of our allies came last week in the form of a communique from the Yugoslav Army, under the command of Gen.

Draja Mihailovich. Confirmed by Axis admissions, the Yugoslavs said they had retaken considerable territory in "occupied" Yugoslavia and had captured 1,200 prisoners.

Bedegged and harassed by the continued resistance of the people of occupied Europe, the Nazis now are afraid of a food shortage and Heinrich Himmler, chief of the Gestapo, has been instructed to silence the complaints of the hungry—in the usual Gestapo manner.

On our own food front, those foods not under OPA control have risen sharply in price during the last few months. Lamb, for instance, the price of which is not controlled, went up more than 10 per cent between mid-May and mid-June. Roasting chickens went up nearly 9 per cent in the same period. Apples, which also are not controlled, went up 25 per cent in the one-month period and now are selling at prices 50 per cent higher than March.

On the other hand, prices of controlled beef, veal and pork fell off and prices of other foods which are under price ceilings either remained steady or declined.

Price Administrator Leon Henderson said last week that government control of prices and rents, where they are in effect, are doing a good job of holding down the cost of living but that uncontrolled prices show a definite tendency toward dangerously high levels.

Nevertheless, Henderson stated, "The President's program will prevail and the battle against inflation will be won."

NO DODGING IN PLATFORM OF SENATE CANDIDATE EATON

Action in Washington, quick action, is the demand of Elton R. Eaton, Plymouth newspaper publisher, who is a candidate for the Republican nomination for the United States senate.

Eaton's platform, just given to the public, is a challenge to the administration in Washington to get busy, and win the war as quickly as possible and stop squandering tax dollars. When the war has been won, Eaton demands that America write a treaty that will make it impossible for Japan and Germany to ever again throw the world into another war.

His platform, filled with good Americanism and action, follows:

Immediate action on the "Washington front" is the nation's greatest need. I am for quick action, constant action, until America has won a TOTAL victory over the brutal, stealing, killing pagan war makers of Japan and Germany.

The proposed asinine squandering of millions of dollars and the wasting of millions of pounds of iron pipe to build a so-called "model city" somewhere near the new Ford bomber plant is a war-time folly that should be killed before another session of congress.

Equal sacrifice and equal responsibility should be shared by every citizen in our war effort.

The recent senate confirmation of two political machine puppets was an affront to patriotic America. If nominated and elected, I will be present at every session of the senate to oppose such politically dictated appointments.

Every "war broker" in Washington or anywhere else in America should be eliminated.

Free enterprise has made this the most civilized nation in the world. I am for free enterprise and the free American way of doing things.

I will favor the enactment of a law which will prevent any labor or other organization interested in legislation from giving money to political candidates, parties or committees without the written consent of every member of that organization.

Open doors and open records are a sure cure for public wrongs. I advocate the elimination of secrecy from all public business not directly associated with military and naval operations.

Every citizen of the United States should have a right to vote without being forced to pay a state poll tax in order to do so.

I am opposed to all national socialistic reforms and schemes.

Peace terms to be written following our victory in the war, will be an American dictated peace treaty, if my will and way prevails. An American peace treaty, representing too, the viewpoints of our womanhood, will mean a peace that will truly be everlasting. American justice will be supreme in the world.

Because of priorities, transportation facilities are overloaded—cars, tires, and in some places gasoline are curtailed.

It means that a great many of us will spend our vacations in the back yard. This, however, makes very little difference to the old accident-maker, who is always looking for an opportunity to see that people are injured. The home is still a very dangerous place to be according to all statistics, and if more people in America are going to stay home this vacation, the accident record on homes will go up.

Be careful and play safe. Why not make an inspection of your home right now to check lights, stairs, handrails, slippery floors, and other items that cause bad accidents in homes.

Scrap Harvest To Comb Farms For Materials

Lansing—The Michigan Scrap Harvest, an intensified program designed to salvage badly needed scrap material from farms and rural communities, was launched at a meeting in the Senate Chamber at Lansing on Aug. 3. Principal speakers opening the statewide campaign were Gov. Murray D. Van Wagoner, chairman of the Michigan Council of Defense, and Herbert L. Gutterson, chief of the general salvage section, Industrial Conserva-

tion Bureau of the War Production Board. The Salvage Committee of the Michigan Council of Defense, headed by Kenneth M. Burns, is cooperating with local salvage committees in the effort to salvage every pound of scrap metal and other essential war material from the rural districts of the state.

Salvage collection depots have been established and local committees are arranging for transportation of the salvage to designated receiving stations. The Farm Equipment Institute and the National Farm Equipment Association are extending assistance. In

most rural sections farm implement dealers will cooperate in handling the scrap.

Mr. Gutterson is a veteran administrator with experience in two wars. In World War I he was in charge of purchases of food and materials for the Allies under Herbert Hoover, and after the Armistice he was a member of Hoover's relief administration staff in Paris. In the present war he is heading the program for salvage of materials for conversion into weapons and war materials.

Revise Volunteer Lists
The Agriculture Committee of the

Michigan Council of Defense has asked for a recheck of the lists of Civilian Volunteers who have offered their services for war work. The purpose of the recheck, according to C. V. Ballard, chairman of the committee, is to establish a workable roster of volunteers, who will be available to meet the serious farm labor shortage in 1943. While some serious shortage of labor existed on the farms in certain sections of the state this year, Mr. Ballard believes that the immediate emergency is being fairly well met. With the call for more men in the military services, and the increasing demand in industrial labor, however, Michigan farmers fear a serious situation on the farms in 1943.

Distribute Creeds
The Michigan Council of Defense has prepared for distribution 100,000 copies of the Civilian Defense creed, "An Air Raid Warden." The creed was written by Frank W. Atherton, Chief Air Raid Warden of the District No. 1 of the Citizens Defense Corps, composed of Wayne, Oakland and Macomb counties.

Joins Defense Staff
Dr. Clarence W. Muehlberger, well known toxicologist, director of the crime laboratory of the Michigan Department of Health and the State Police, has joined the staff of Capt. Donald S. Leonard, Commander of the Civilian Defense Corps as gas consultant. Dr. Muehlberger will work with local protection units towards education of the public in meeting emergencies of a gas attack, including decontamination of food, clothing and water and care of gas casualties.

JUNK needed for War

In the barnyards and gullies of farms and in the basements and attics of homes is a lot of Junk which is doing no good where it is, but which is needed at once to help smash the Japs and Nazis.

Scrap iron and steel, for example. Even in peacetime, scrap provided about 50% of the raw material for steel. It may be rusty, old "scrap" to you, but it is actually refined steel—with most impurities removed, and can be quickly melted with new metal in the form of pig iron to produce highest quality steel for our war machines. The production of steel has gone up, up, UP, until today America is turning out as much steel as all the rest of the world combined. But unless at least 6,000,000 additional tons of scrap steel is uncovered promptly, the full

rate of production cannot be attained or increased; the necessary tanks, guns and ships cannot be produced. The rubber situation is also critical. In spite of the recent rubber drive, there is a continuing need for large quantities of scrap rubber. Also for other waste materials and metals like brass, copper, zinc, lead and tin. The Junk which you collect is bought by industry from scrap dealers at established, government-controlled prices. Will you help? First—collect all of your waste material and pile it up. Then—sell it to a Junk dealer, give it to a charity, take it yourself to the nearest collection point, or get in touch with your Local Salvage Committee. If you live on a farm, consult your County War Board or your farm implement dealer. Throw YOUR scrap into the fight!

JUNK MAKES FIGHTING WEAPONS

One old disc will provide scrap steel needed for 210 semi-automatic High Caliber.

One old plow will help make one hundred 75-mm. armor-piercing projectiles.

One useless old tire provides as much rubber as is used in 12 gas masks.

One old shovel will help make 4 hand grenades.

MATERIALS NEEDED

Scrap iron and steel.
Other metals of all kinds.
Old rubber.
Rags, Manila rope, burlap bags.
Waste Cooking Fats—When you get a pound or more, strain into a large tin can and sell to your meat dealer.
NEEDED ONLY IN CERTAIN LOCALITIES: Waste paper and tin cans—wanted only in certain areas, as announced locally. NOT NEEDED (at this time): Razor blades—glass.

HERBERT SNYDER INJURED
While working at Hart's Garage on Tuesday, Herbert E. Snyder was severely burned when a gasoline fire-pot with which he was melting lead backfired. The left side of his face, his left arm and right hand were burned. The fire did not injure his eyes although his eyebrows and eyelashes were burned off. Fortunately, Mr. Snyder had his shirt sleeves rolled up so his clothing did not catch fire.

Noahs Celebrate 50th Wedding Anniversary

Mr. and Mrs. Perry E. Noah celebrated their golden wedding anniversary on Tuesday, August 4 at their farm home, North Lake. A three-course dinner was served to 21 guests, 16 of whom were present at their marriage in 1892.

A centerpiece of yellow candles, yellow gladioli and roses decorated the table and a three-tiered wedding cake in yellow and white was cut by Mrs. Noah. A vase of 50 yellow roses was sent by the North Lake Methodist church and many other baskets of flowers were gifts of relatives and friends.

Miss Bertha Wood and Perry Noah were married Aug. 4, 1892 at Mrs. Noah's birthplace, where the anniversary was held and where the couple have spent 36 years of their married life.

Attendants at the original wedding who were present at the anniversary were: Mr. and Mrs. W. H. Wood, Mr. and Mrs. B. H. Isham, Mrs. Mattie Schultz, Mr. and Mrs. George Goodwin, Mrs. Emory Glenn, Mrs. Clifford Lantis, Warren R. Daniels, Mrs. William Mayer, Mrs. Earl Lee, Mrs. Bert House and Mrs. Daniel Porter.

Refreshments were served during the afternoon and evening to 96 guests from San Bernardino, Calif., Detroit, Wayne, Ann Arbor, Sydney, Sheridan, Mt. Pleasant, Lansing, Prudenville, Stanton, Webberville, Munith, Lyndon and Chelsea, who called to extend congratulations.

Entertaining for Mr. and Mrs. Noah were their children and families: Mr. and Mrs. Floyd Boyce, Mr. and Mrs. Lawrence Noah, Mr. and Mrs. Holton Kniesley.

Gifts from the original wedding were on display and many anniversary remembrances and cards were received by the honored couple.

WIDMAYER-NICKELS WEDDING

The marriage of Leola I. Widmayer, daughter of Mrs. Minnie Widmayer of Detroit, and Sgt. Keller B. Nickels of Fort Brady, son of Mr. and Mrs. N. M. Nickels of Elburn, Ill. was solemnized at 4:30 Tuesday afternoon in the lovely garden at Salem Grove parsonage, with Rev. Henry W. Lenz officiating.

The bride, who was given in marriage by her uncle, E. Ross Munro, wore a street length dress of natural linen with a brown jacket and brown and natural accessories. Her corsage was of orchid tiger lilies.

Mrs. Margaret Clark, who was her only attendant, wore a green and white crepe suit with brown accessories and her corsage consisted of talliesman roses and delphiniums. The bride's mother wore maroon lace and her corsage was of rose asters and delphiniums. Sgt. John Kallan of Fort Brady, whose home is in Chicago, served as best man.

Following the ceremony a reception was held at the home of Mr. and Mrs. E. Ross Munro and a wedding supper was served at Weber's Inn, with covers for 18 guests. Mr. and Mrs. Nickels motored to Chicago and Elburn, Ill.

Attending the wedding was the bridegroom's sister, Miss Jean Nickels of Aurora, Ill., also guests from Detroit, Ann Arbor and Chelsea.

MRS. MARY SOUBRIETTE

Mrs. Mary Soubrette, 94 years old, died Tuesday afternoon, August 4 at the home of her daughter, Mrs. J. S. Tuttle, on McKinley St.

She was born Feb. 24, 1848 in Canada, the daughter of Theodore and Sarah (Valley) Moreau, and was married Feb. 4, 1869 to Alfred Soubrette, who died Dec. 4, 1941. For the past 30 years Mrs. Soubrette had spent part of her time in Chelsea. She had been ill 11 weeks.

Surviving are three sons, David Soubrette of Chelsea, Edward of Wyandotte, and Robert, in Florida; three daughters, Mrs. Tuttle and Mrs. Ann Nichols of Chelsea and Mrs. Louise McCullin of Detroit; three brothers, Nelson Moreau of Scranton, Pa., Harry of Bay City and William of Detroit; a sister, Mrs. Louise Smith in California; 12 grandchildren and seven great-grandchildren.

Friends may call at the home of her daughter, Mrs. Tuttle, and funeral services will be held at 9 o'clock Friday morning at St. Mary church, with Father Lee officiating. Burial will be in Mt. Olivet cemetery.

BURGESS REUNION

The 23rd annual Burgess reunion was held Sunday at the home of Mr. and Mrs. George Haffey in Sylvan township. A chicken dinner was served at 1:30 to 3:30, followed by friends.

At the business meeting following, Lynn Burgess of Potomac was elected president, Lawrence Burgess of Belding, vice-president, and Mrs. Lynn Burgess, secretary-treasurer.

The program of the afternoon opened with prayer, and special features were the reunion song, dedicated to Mrs. Sarah Howell, 88, of Detroit, and several accordion solos by Edith Marie Morford of Grand Rapids. After the program, games were played.

Relatives were present from Potomac, Grand Rapids, Parma, Belding and Bellevue. Mr. and Mrs. Lynn Malt and Willis Heydlauff of Chelsea were guests.

The 1943 reunion will be held the first Sunday in August at the home of Mr. and Mrs. Merl Hubbard, Bellevue.

FORMER MINISTER DIES

Rev. Harry Felton, a retired Methodist minister, died at his home in Algona on Monday. Funeral services were held on Wednesday. Among his pastors was that of the local Methodist church, several years ago.

MSC Accepts Gift Of Forest In Cass County

Gift of the famed Newton woods in Cass county in southwestern Michigan by Fred Russ of Cassopolis has been accepted by the State Board of Agriculture of Michigan State College as a step in assuring perpetuation of the woods and of the work of Mr. Russ in planting valuable trees suitable to southern Michigan.

The 580-acre tract lies roughly nine miles from Cassopolis, Dowagiac and Marcellus and includes the acreage being farmed by Mr. Russ and his tenant, Floyd Robinson. The college forestry department will be given the management of the tract for study and demonstration.

The donor has been asked by the college to plan any additional plantings of native trees to add to those plantings he already has made. His pioneering in putting valuable native trees back into production has stressed the tulip tree, almost extinct elsewhere because it has been cut usually before it produced seed. Ninety-three acres have been replanted, mostly in tulip trees, but interspersed with some conifers and catalpas.

Original settlement of the land was by Col. James Newton who came to Volinia township in 1830 from England. The government grant and additional purchases remained in the Newton family until 1935 when the land was purchased by Mr. Russ, a retired attorney and manufacturer.

Deed to the property was presented recently to W. H. Berkey, Cassopolis publisher and chairman of the college State Board of Agriculture. This followed a visit to the farm by John A. Hannah, president of the college, E. L. Anthony, dean of agriculture and P. A. Herbert, head of the college forestry department.

They complimented Mr. Russ for his work in reviving interest in the native tulip trees. From bushels of seeds, he started seedlings on his home property in Cassopolis, replanting the seedlings on the Newton farm. The 93 acres replanted now bears many trees 25 to 30 feet high. On other parts of the Newton woods are specimens of other native trees such as maple, beech, birch, oaks, basswood, whiteoak or tulip, elm, cherry, ash, tamarack, walnut, butternut, hickory, hackberry, ironwood, dogwood, and sassafras.

CELEBRATE 25TH ANNIVERSARY

Mr. and Mrs. George Krumm celebrated their 25th wedding anniversary on Sunday, entertaining at a dinner at their home on S. Main St. Yellow roses formed the table centerpiece and the wedding cake was in yellow and white. Covers were laid for Mr. and Mrs. Perry Krumm and family and Mrs. Charles Wagenschultz of Plymouth, Mr. and Mrs. Oliver Rogers of Detroit, Mrs. William McLellan and family of Farmington, Mr. and Mrs. Lester Schulze and family, Mr. and Mrs. John Lindow and Mr. and Mrs. Elmer Lindow of Lima township, Mrs. Irwin Klump of Chelsea and Mr. and Mrs. Krumm. Many anniversary gifts were presented.

HOFFMAN REUNION

A Hoffman family reunion was held Sunday at Dexter-Huron park, honoring Mrs. C. P. McDonald (formerly Imelda Hoffman) and son Joseph of Cathlamet, Wash., who are spending several weeks with relatives in Michigan. Dinner was served, with places for Mr. and Mrs. Philip Hoffman and daughter and Mr. and Mrs. Lawrence Hoffman and son of Detroit, Miss Anne Eisele of Cleveland, Mr. and Mrs. Walter Stiller and children and Mr. and Mrs. Henry Stiller of Ann Arbor, Mr. and Mrs. L. E. Riemen-schneider and son and Mr. and Mrs. Maurice Hoffman and family of Chelsea and Mrs. McDonald and son.

RUNS EDUCATIONAL AD SERIES

A. D. Mayer, well known to local buyers of automobile and casualty insurance, is sponsoring a series of ads on Civilian Defense agencies. Included are the insignia of the agencies along with a description of their particular functions in the local defense organization.

Citizens are urged to save these ads until a complete set of 16 has been obtained in order to familiarize themselves with the armband insignia of each group. "Ability to recognize each particular insignia will prove an invaluable aid in time of air-raid confusion, if such should be put to rest," says Mr. Mayer.

KOCH REUNION

Descendants of Mr. and Mrs. Matt Koch assembled on Sunday at the home of Mr. and Mrs. Albert Eisele, Lakewood Subdivision, Ann Arbor, for their ninth annual reunion. A pot-luck dinner was served to 68 members and guests, music and games furnishing entertainment for the afternoon.

The 1943 reunion will be held at the home of Mr. and Mrs. William Fry, Base Lake, with the following officers in charge:

President—Carl Stierle, Ann Arbor; Vice Pres.—Ambrose Eisele, Detroit; Sec. Treas.—Mrs. Paul Eisele, Chelsea.

RIEMENSCHNEIDER REUNION

The annual Riemen-schneider reunion was held on Sunday at the home of Mr. and Mrs. J. M. Brosamle and dinner was served, with covers for 26, followed by a social afternoon.

The 1943 reunion will be held at the home of Mr. and Mrs. Edward Brosamle, near Munith, with Mr. Brosamle serving as president and Mrs. Brosamle as secretary-treasurer.

Feeding Wheat Is A War Cost Shortcut

Michigan's use of some of the stored wheat made available by the federal government to farmers for livestock feed can be termed a short-cut in cost and feed supplies, claim members of the animal husbandry department at Michigan State College.

On the basis of current Lansing feed prices, there is an advantage to the government wheat of more than \$3 per ton when compared with other grains, reports G. A. Brannaman of the college staff.

Steers fed ground wheat as the only grain have gained almost as rapidly as cornfed steers. Animals fed part ground wheat with corn, barley or oats have gained as well as those without the wheat.

"Urgent demands for beef warrant efforts to help supply food for soldiers, war industry workers and civilians," says Professor Brannaman. "Wheat from storage has been made available by the government at an attractive price. Quantities of roughage or pasture eaten by livestock insure against possible deficiencies in loss of vitamins during storage."

Less feed is required with wheat for a pound of gain on an animal than with any other grain. The wheat is higher in total digestible nutrients than oats and consequently is rated more fattening. Wheat has more protein than corn and requires less protein supplement.

Coarse grinding or cracking is rated better than fine grinding, but livestock feeders are warned that feeding whole will lead to waste.

Markets score cornfed cattle as better finished than wheatfed steers. Brannaman suggests the wheat is probably more efficient as a feed in early feeding than toward the finishing feed period for choice cattle. He suggests:

farmers should consult county agricultural agents, local elevator and AAA officials about wheat prices and sources of supply.

Many thanks for all their help and kindness go to the merchants of the village, the Michigan Consolidated Gas Co., the Chelsea Electric & Water Dept., to Mr. Staffan for the use of his tent, and to the women of the fifteen units who helped in preparing and serving the food. In spite of some bad weather the stand was as successful as it has been in the past.

Golf Tournament Starts At Inverness This Week

Robert G. Foster and Claire Rowe, co-chairmen of the Chelsea Amateur Golf Tournament, announce that this event will commence at the Inverness Country Club this week. They have requested all players who are interested in qualifying for this tourney to qualify by playing 18 holes and posting their scores before Saturday evening, August 15. Each player should pay his one dollar entrance fee to the co-chairmen or else at the caddy house, before qualifying for the tournament. Each qualifier should attempt to play with one or more persons in the tournament and he must be accompanied in this round by one other person who can attest to his score. The first round pairings will be announced for the first and second divisions as soon as all the players have qualified for the tourney and all first round match-ups must be completed by Sunday evening, August 23. Each qualifier should inform the caddy master that he intends to qualify for the tourney before commencing his qualifying round.

There will be prizes for the medalist as well as for the winners and runner-ups in both divisions. The chairmen have announced that they will award War Savings Stamps as prizes in order to promote the war effort at the present time. It is hoped that all of the golfers in this district will qualify for this annual affair which is promoted to stimulate interest in golfing here as well as to provide a test of competitive golf for the residents of this vicinity. All rounds must be played at the Inverness Country Club, but the qualifiers may play nine-hole rounds at two different periods of time to complete their qualifying scores.

TWILIGHT LEAGUE

By Rolly Spaulding

Schedule

Thursday, Aug. 6—Cassidy Lake vs. Kimunity.

Monday, Aug. 10—Chelsea Spring vs. Central Fibre.

Tuesday, Aug. 11—Kimunity vs. Federal Screw.

Thursday, Aug. 13—Spaulding Chevrolet vs. Cassidy Lake.

Standings

Spaulding Chevrolet, 10 2 838

Cassidy Lake 7 3 700

Central Fibre 6 8 500

Kimunity 5 6 545

Chelsea Spring 5 7 415

Federal Screw 2 11 164

With the season rapidly coming to a close and the playoff looming up in the near future the scramble for playoff positions is on in earnest. For a team to make the playoff series they must have an average of games won at .500 or better. Spaulding Chevrolet and Cassidy Lake are definitely in there but there is quite a toss-up between the next three teams.

With about four games left to play for each Central Fibre, Kimunity and Chelsea Spring, there will be a real battle on—any of these teams must win 2 or 3 of the remaining games to qualify—they all intend to but ties don't count and there is a loser in every game. It's developing into quite a race.

Last Thursday night's game between Cassidy Lake and Chelsea Spring was rained out. Monday night Federal Screw gave the Spring boys a run for their money but lost by 3 runs, while on Tuesday Spaulding Chevrolet proceeded to explain things to Central Fibre, 9 to 2.

Don't miss tonight's game between Cassidy Lake and Kimunity or Monday's game between Chelsea Spring and Central Fibre—both of these games will be for blood.

IMPORTANT ANNOUNCEMENT: Managers or representatives of all teams will meet for 5 minutes on the field right after the game tonight—those absent to abide by decision of those present.

KIWANIS NEWS

The Kiwanians held their regular meeting this week on Tuesday evening at the home of Herbert Cassell on Spring Lake. The host served the Chelsea and Dexter Kiwanis clubs with an excellent picnic supper and they had a short business meeting after the lunch. The Kiwanians of both clubs then played their annual softball game which was won by the Chelsea club by a close score!

George Doe announced that the Kiwanians had purchased the sum of \$98.00, worth of War Savings Stamps at their regular meetings during the month of July. President R. A. McLaughlin urged the Kiwanians to attend the War-Savings Party at the high school athletic field on Friday evening.

GUARDS UNDER ARMY RULE

Twenty-six guards at the local Federal Screw Works plants were inducted into army service last Friday, as members of the Civilian Auxiliary to the Military Police. The guards were sworn in by Lieut. Freese, of the Detroit Ordnance Dept. These guards are now under army rule and must abide by laws applicable to regular army units. It is impossible for them to resign from their present employment without first obtaining a discharge from the army.

ST. MARY BELL TAKES A REST

Chelsea residents miss the familiar sound of the St. Mary church bell this week as the ringing of the bell is discontinued while the janitor enjoys a week's vacation. However, the janitor will be back on the job Sunday, when the bell will again ring three times daily, at 7 instead of 6 o'clock in the morning during the summer months, at 12 noon and 6 in the evening.

HOPPE FUNERAL SERVICES

Private funeral services for Miss Josephine Hoppe were held at one o'clock Friday afternoon at the Plankell funeral home, with Rev. Henry W. Lenz officiating. Cremation was at Woodmere cemetery, Detroit.

Use Care In Writing Men Of Armed Forces

Be careful what you write to the fighting men of Uncle Sam's armed forces!

This is the advice of hundreds of American Red Cross workers who come into contact daily with the troubles and personal problems of American service men both at home and abroad.

Too many times they warn, the folks at home pour forth petty family problems in letters to their boys who are away in camp or fighting at the front. The result in many cases is the demoralization of a brave soldier. The loving mother, sweetheart, uncle or aunt unwittingly may be aiding the enemy.

There are too many cases, Red Cross workers declare, of a soldier, sailor or marine receiving a wire, "Come home, mother seriously ill." Verification of the facts by the Red Cross often reveals that there was no real reason for alarm. Mother, it appears, had been suffering from an illness for many years. It was no worse at the time the wire was sent, but she sent it because she had a motherly desire to see her son.

During the waiting period, while Red Cross workers check the facts in the soldier's home town, the anxiety is compounded with a bewildered, worried boy who but a moment before was a determined soldier.

Red Cross workers have encountered numerous cases where a soldier's sweetheart wishing to have a visit with her soldier boy friend has forged a wire stating that "Aunt Mary" is ill and not expected to live through the night. The Red Cross workers are unable to wire back the comforting news that no illness exists, but meanwhile, another soldier has spent agonizing

hours trying to visualize the actual conditions at home.

Cases of suicide of service men have been reported to the Red Cross which were directly traceable to the thoughtless letter of the "girl friend" at home in which she wrote the service man that she no longer cared for him.

By far the majority of the cases investigated by the Red Cross Home Service workers are legitimate. In these instances, the Red Cross mobilizes its forces both in the soldier's camp and in his home town to provide financial assistance, arrange for transportation and aid to his family during an emergency.

It is the minority of letter writers who bring about demoralization among the troops. Many of these writers are unintentionally worrying the service men a few deliberately. Most of them are merely too prone to seek comfort on small personal problems from a soldier who himself needs the united support of his family at home.

So the next time you write Johnny Doughboy be cheerful, and if you cannot be cheerful, be factual, the Red Cross warns. A demoralizing letter, whether intentional or not, can be as damaging to Uncle Sam's armed forces as an enemy bullet.

Wood is challenging the metals for a place in the war picture. Wood has been substituted for aluminum and other materials in making pontoon boats, and bodies of army cargo trucks, formerly made of iron and steel, now are made of hardwood.

The war materials saved by halting manufacture of almost all musical instruments could be used in making 11,500 station army trucks, 62 medium tanks, 49,000,000 rounds of .30 caliber cartridges and 40,000 aircraft flares.

KEEP ENTERING—WITH JUNK!

By Gene Alleman

How much do you know about Michigan history?

As a mid-summer diversion from the war, we suggest that you deduct five points for each question you miss out of the twenty questions listed below. To get a grade of 70, don't miss more than six of them.

DID YOU KNOW—

1. That Marquette started the first permanent settlement in Michigan at Sault Ste. Marie. This was in 1668 under the French flag.

2. That the first voyage ever made by a sailing vessel upon Lake Erie or

the upper lakes was made by LaSalle, the great French explorer, in the "Griffin"? This was in the year 1679.

3. That John Jacob Astor founded the American Fur Company with headquarters on Mackinac Island? Profits from beaver skins were invested in New York real estate.

4. That the Indian massacre of Fort Michilimackinac occurred during the famous Pontiac conspiracy to drive the British from the Great Lakes?

5. That Detroit (French for "place of the strait") was held by the British twenty years after the Declaration of Independence was signed?

6. That Michigan obtained the Upper Peninsula in exchange for Toledo and other land in Ohio as a result of the so-called Michigan-Ohio war of 1835?

7. That Michigan was admitted to the Union in 1837? Steven T. Mason of Virginia had been elected governor of Michigan in 1835.

8. That "Port Sheldon" near Grand Haven, "Brest" near Monroe, and "Singapore" in Allegan county were "paper towns" where wild-cat banks issued their own bank notes and swindled thousands of persons in the East?

9. That the State of Michigan

started to build three railroads, the Michigan Southern, the Michigan Central, and the Michigan Northern about 100 years ago? Reason: Cheap transportation for pioneer settlers.

10. That Route 112, Detroit to Chicago, was once a favorite Indian trail? Bicycle clubs were clamoring for better roads as early as 1875. The state highway department was created in 1905; Horatio S. Earle, an ardent bicyclist, was named the first commissioner.

11. That Henry Clay opposed the building of the "Soo" canal and locks on the grounds that the "Soo" was beyond the remotest settlement of the nation? The improvement was completed in 1855, and it caused a big boom in Upper Peninsula mining.

12. That the "Soo" canal carries more water traffic each year than the Panama and Suez canals combined? Because of its military importance, American troops guard the canal and locks on both sides of the American-Canadian border. This special zone is the only one of its kind in the United States.

13. That more than 90,000 men from Michigan served in the Civil War? Austin Blair was the war governor;

Zach Chandler, Michigan's "fighting" senator.

14. That iron was first discovered in Michigan near Ishpeming and Negaunee? The ore was hauled in wagons to a place on Lake Superior where Marquette now stands.

15. That on the same night of the great Chicago Fire—Oct. 8, 1871—a conflagration destroyed the town of Holland, nearly wiped out Manistee, and raced eastward through the counties of Lake, Osceola, Isabella, Midland, Saginaw, Tuscola, Sanilac and Huron to the shores of Lake Huron?

16. That a Presbyterian clergyman, a Catholic priest, a judge and a governor (Lewis Cass) founded the University of Michigan in 1817 at Detroit? The institution was moved to Ann Arbor in 1839.

17. That the Republican party was founded at Jackson in 1854 by radical whigs and democrats to oppose the "schemes of aristocracy"? Incidentally, newspaper editors were leaders in the movement.

18. That Douglass Houghton was the first state geologist? A county, a city, and a lake were named after him.

19. That Michigan furnished nearly 100,000 men in the first World War?

20. That Fort Custer, near Battle Creek, was named for a Monroe boy, George A. Custer of the famous Fourth Michigan Cavalry in the Civil War? This regiment split a \$100,000 reward with the First Wisconsin Cavalry for capture of Jefferson Davis.

Sure, it makes you mad!

DO YOU REALIZE that thousands of our good American soldiers are behind barbed wire—with Jap sentries marching up and down outside?

Do you know that American women and children, too, are in Jap concentration camps?

How long do you want them there—and what are you willing to do to get them out?

You can't do it by flag-waving, by slogans, and by cheers.

It takes planes—tanks—guns—bombs—shells—ships. And these don't grow on trees.

You—and you—and you—must buy these things. Not the Jap way, nor the Nazi way, nor the Fascist way. The American way—gladly. In War Bonds.

The easy way—just by saving a dime from every dollar every payday. TEN PERCENT of your pay. The management of your company will save it for you, and every time it adds up to \$18.75, they'll buy a WAR BOND for you.

You'll get *interest* on that money. It will increase every year, until for every \$18.75 you invest, you'll get \$25 in ten years.

And *your money* will buy the stuff to beat the Japs—to attack them—to bomb them, to make them wish to their heathen idols they'd never picked a scrap with Uncle Sam!

And the sooner you do your part, by backing up our boys, the sooner they will blast the Japs right out of their sandals.

Down will come that barbed wire, and out will come your fellow Americans. Home again—to a free, decent, clean country—the country we all love.

And you'll be sitting pretty, too. You'll have the clear conscience of having done *your* part, and you'll have built up financial protection for you and your family.

So let's get going. Do your part. Ten percent—a dime from every dollar every payday. Invest your share in VICTORY!

5 Reasons Why

1. By investing in War Bonds you help provide the planes, the tanks, the guns and the ships we must have to survive and conquer.
2. You prove that you are a patriotic American.
3. You aid the morale of our fighting men, by showing them that the entire Nation is behind them.
4. You prove to our enemies that we are a United People.
5. You protect your own financial future, as every \$18.75 you invest in a War Bond brings you back \$25 in 10 years. You make the world's safest investment, by buying a share in the world's most powerful country.

Glut In Hog Market Can Be Helped By Farmers

One of the most upsetting factors in the hog market has been the great variation in seasonal supply on the market. Nearly three times as many hogs were marketed last year in Chicago during the second week of January or the third week of December as were offered there during the first week in September. The average for all weeks during November, December, January and February was almost twice as many as the average number marketed there per week from the middle of August through September.

This year with a price ceiling on pork and its products, the price of hogs cannot go up much during the period of short supply, yet prices can go down when the enormously increased 1942 spring pig crop comes to market.

In fact, says V. A. Freeman of the Michigan State College animal husbandry department, there is danger that a large peak in numbers might exceed yard and packing plant facilities in December or January. Large numbers of hogs on the market usually result in a break in prices that in turn reduces the number shipped.

Now is the time to prepare everything for market that can be made ready before November, Freeman advises. He suggests Michigan hog producers should feed the pigs so as to have them ready and sell if possible before there is any drop in the market. Late May and June pigs may profitably be fed limited grain on pasture for the next three months and then fed to heavyweights and market after the rush season.

Now is the best time in 20 years to sell sows and heavy hogs. Rather than carry over any sows that farrowed too late for re-breeding for fall pigs, the sows should be sent to market and replaced with early spring gilts that will raise almost as many pigs next spring and now represent a much smaller investment.

War Effort Requires Telephone Facilities

Salesmanship in the reverse, in an endeavor to save telephone facilities to help the war effort, is being practiced by the Michigan Bell Telephone Company today, according to N. J. Pratkan, manager for the company.

That is particularly true with respect to the use of long distance lines, he stated, inasmuch as those circuits are congested with military and war production calls. On all calls, both local and long distance, telephone users also are asked to be brief.

Inability of the company to expand its system sufficiently to care for the increasing business because of the scarcity of materials more urgently needed for war is given as the reason.

The lines to Washington are more congested with calls than any others in the country, the telephone manager said, and customers of the company are being requested in newspaper advertising and over the radio not to call the Nation's capital at all unless the particular call directly concerns the war effort.

Service users also are requested in the company's advertising to restrict their long distance calls to various other war production localities into which the lines are abnormally busy. Those areas include all Pacific coast points, Albany, N. Y.; Atlanta, Baltimore, Boston, Buffalo, Columbus, O.; Dayton, Indianapolis, Louisville, Minneapolis, St. Paul, Muncie, Ind.; Philadelphia, Pittsburgh, St. Louis, Syracuse, and Warren, O., in addition to Washington.

Sault Ste. Marie and Mt. Clemens telephone users also are requested not to make any but important local calls because of congestion of the switchboards.

MURDER
Let's reopen the Briggs murder and the Wurster suicide at the polls. Supposing that a member of your family died under mysterious circumstances, would you be satisfied to have the case solved as these Manchester cases were solved? If not, vote for A. C. Gaston for Sheriff on Sept. 15.—Republican.
